County of Monterey shall indemnify, defend, and hold harmless University, its officers, agents, and employees, from and against any and all claims by a third party and any and all liabilities and losses incurred by University on account of such claims (including damages to property and injuries to or death of persons, court costs, and reasonable attorneys' fees) caused by County's negligence or willful misconduct in connection with the performance of this Agreement, unless such claims, liabilities, or losses arise out of the sole negligence or willful misconduct of University. "County's performance" includes County's acts or omissions and the acts or omissions of County's officers, employees, agents and subcontractors.

b. INSURANCE

The University and Agency mutually agree that each shall provide and maintain commercial general liability insurance acceptable to both parties in the minimum amounts of \$1,000,000 per occurrence and \$3,000,000 general aggregate. Each shall be responsible for providing the other with a Certificate of Insurance evidencing the required coverage prior to the beginning of the student's participation in the supervised fieldwork experience.

The parties shall each further secure and maintain at all times during the term of this Agreement, at their respective sole expense, professional liability insurance covering themselves and their respective employees. Such coverage provided by the University and Agency may be afforded via commercial insurance, self-insurance, a captive, or some combination thereof at limits of at least \$1,000,000 per claim or occurrence and \$2,000,000 in the aggregate.

The University shall require each trainee to maintain professional liability, public liability and property damage insurance in the amount of \$1 Million for any single occurrence and a minimum of \$3 Million in the aggregate during the trainee's supervised field experience. Termination of this agreement on the part of the trainee or supervisor is separate from termination of trainee's supervised fieldwork experience or supervisor's employment at the Agency. Termination of the trainee's supervised fieldwork experience or supervisor's employment of this agreement must take into account the clinical necessity of an appropriate

termination or transfer of psychotherapeutic clients. In any case, it is assumed that if there is an early termination of this agreement on the part of the trainee, the Agency or the supervisor, such a decision must include consultation with the University.
