5. PERFORMANCE STANDARDS.

- 5.01. CONTRACTOR warrants that CONTRACTOR and CONTRACTOR's agents, employees, and subcontractors performing services under this Agreement are specially trained, experienced, competent, and appropriately licensed to perform the work and deliver the services required under this Agreement and are not employees of the County, or immediate family of an employee of the County.
- 5.02. CONTRACTOR, its agents, employees, and subcontractors shall perform all work in a safe and skillful manner and in compliance with all applicable laws and regulations. All work performed

under this Agreement that is required by law to be performed or supervised by licensed personnel shall be performed in accordance with such licensing requirements.

- 5.03. CONTRACTOR shall furnish, at its own expense, all materials, equipment, and personnel necessary to carry out the terms of this Agreement, except as otherwise specified in this Agreement. CONTRACTOR shall not use County premises, property (including equipment, instruments, or supplies) or personnel for any purpose other than in the performance of its obligations under this Agreement.

6. PAYMENT CONDITIONS.

- 6.01. CONTRACTOR shall submit to the Contract Administrator an invoice on a form acceptable to County. If not otherwise specified, the CONTRACTOR may submit such invoice periodically or at the completion of services, but in any event, not later than 30 days after completion of services. The invoice shall set forth the amounts claimed by CONTRACTOR for the previous period, together with an itemized basis for the amounts claimed, and such other information pertinent to the invoice as the County may require. The Contract Administrator or his or her designee shall certify the invoice; either in the requested amount or in such other amount as the County approves in conformity with this Agreement, and shall promptly submit such invoice to the County Auditor-Controller for payment. The County Auditor-Controller shall pay the amount certified within 30 days of receiving the certified invoice.

- 6.02. CONTRACTOR shall not receive reimbursement for travel expenses unless set forth in this Agreement.

7. TERMINATION.

- 7.01. During the term of this Agreement, the County may terminate the Agreement for any reason by giving written notice of termination to the CONTRACTOR at least thirty (30) days prior to the effective date of termination. Such notice shall set forth the effective date of termination. In the event of such termination, the amount payable under this Agreement shall be reduced in proportion to the services provided prior to the date of termination.
- 7.02. The County may cancel and terminate this Agreement for good cause effective immediately upon written notice to CONTRACTOR. "Good cause" includes the failure of CONTRACTOR to perform the required services at the time and in the manner provided under this Agreement. If County terminates this Agreement for good cause, the County may be relieved of the payment of any consideration to CONTRACTOR, and the County may proceed with the work in any manner, which County deems proper. The cost to the County shall be deducted from any sum due the CONTRACTOR under this Agreement.

8. INDEMNIFICATION.

- 8.01 For purposes of the following indemnification provisions ("Indemnification Agreement"), "design professional" has the same meaning as set forth in California Civil Code section 2782.8. If any term, provision or application of this Indemnification Agreement is found to be invalid, in violation of public policy or unenforceable to any extent, such finding shall not invalidate any other term or provision of this Indemnification Agreement and such other terms and provisions

shall continue in full force and effect. If there is any conflict between the terms, provisions or application of this Indemnification Agreement and the provisions of California Civil Code Sections 2782 or 2782.8, the broadest indemnity protection for County under this Indemnity Agreement that is permitted by law shall be provided by CONTRACTOR.

8.02 Indemnification for Design Professional Services Claims:

CONTRACTOR shall indemnify, defend and hold harmless County, its governing board, directors, officers, employees, and agents against any claims that arise out of, or pertain to, or relate to the negligence, recklessness, or willful misconduct of CONTRACTOR, its employees, subcontractors, and agents in the performance of design professional services under this Agreement, excepting only liability arising from the sole negligence, active negligence or willful misconduct of County, or defect in a design furnished by County, but in no event shall the amount of such CONTRACTOR's liability exceed such CONTRACTOR's proportionate percentage of fault as determined by a court, arbitrator or mediator, or as set out in a settlement agreement. In the event one (1) or more defendants to any action involving such claim or claims against County is unable to pay its share of defense costs due to bankruptcy or dissolution of the business, such CONTRACTOR shall meet and confer with the other parties to such action regarding unpaid defense costs.

8.03 Indemnification for All Other Claims or Loss:

For any claim, loss, injury, damage, expense or liability other than claims arising out of CONTRACTOR's performance of design professional services under this Agreement, CONTRACTOR shall indemnify, defend and hold harmless County, its governing board, directors, officers, employees, and agents against any claim for loss, injury, damage, expense or liability resulting from or alleging injury to or death of any person or loss of use of or damage to property, arising from or related to the performance of services under this Agreement by CONTRACTOR, its employees, subcontractors or agents, excepting only liability arising from the sole negligence, active negligence or willful misconduct of County, or defect in a design furnished by County.

9. INSURANCE.

9.01 Evidence of Coverage:

Prior to commencement of this Agreement, the Contractor shall provide a "Certificate of Insurance" certifying that coverage as required herein has been obtained. Individual endorsements executed by the insurance carrier shall accompany the certificate. In addition, the Contractor upon request shall provide a certified copy of the policy or policies.

This verification of coverage shall be sent to the County's Contracts/Purchasing Division, unless otherwise directed. The CONTRACTOR shall not receive a "Notice to Proceed" with the work under this Agreement until it has obtained all insurance required and such, insurance has been approved by the County. This approval of insurance shall neither relieve nor decrease the liability of the CONTRACTOR.

9.02 Qualifying Insurers:

All coverages, except surety, shall be issued by companies which hold a current policy holder's alphabetic and financial size category rating of not less than A VII, according to the current A.M.

Best's Rating Guide or a company of equal financial stability that is approved by the County's Purchasing Agent.

- 9.03 Insurance Coverage Requirements: Without limiting CONTRACTOR's duty to indemnify, CONTRACTOR shall maintain in effect throughout the term of this Agreement a policy or policies of insurance with the following minimum limits of liability:

Commercial General Liability Insurance: including but not limited to premises and operations, including coverage for Bodily Injury and Property Damage, Personal Injury, Contractual Liability, Broad form Property Damage, Independent Contractors, Products and Completed Operations, with a combined single limit for Bodily Injury and Property Damage of not less than \$1,000,000 per occurrence, and \$2,000,000 in the aggregate.

(Note: any proposed modifications to these general liability insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

Auto Liability Coverage: must include motor vehicles, including scheduled, non-owned, and hired vehicles, used in providing services under this Agreement, with a combined single limit or Bodily Injury and Property Damage of not less than \$1,000,000 per occurrence.

(Note: any proposed modifications to these auto insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

Workers' Compensation Insurance, if CONTRACTOR employs others in the performance of this Agreement, in accordance with California Labor Code section 3700 and with Employer's Liability limits not less than \$1,000,000 each person, \$1,000,000 each accident and \$1,000,000 each disease.

(Note: any proposed modifications to these workers' compensation insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

Professional Liability Insurance: if required for the professional services being provided, (e.g., those persons authorized by a license to engage in a business or profession regulated by the California Business and Professions Code), in the amount of not less than \$1,000,000 per claim and \$2,000,000 in the aggregate, to cover liability for malpractice or errors or omissions made in the course of rendering professional services. If professional liability insurance is written on a "claims-made" basis rather than an occurrence basis, the CONTRACTOR shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage ("tail coverage") with the same liability limits. Any such tail coverage shall continue for at least three years following the expiration or earlier termination of this Agreement.

(Note: Professional liability insurance coverage is required if the contractor is providing a professional service regulated by the state. Examples of service providers regulated by the state are insurance agents, professional architects and engineers, doctors, certified public accountants, lawyers, etc. However, other professional Contractors, such as computer or software designers, technology services, and services providers such as claims administrators, should also have professional liability. If in doubt, consult with your risk or contract manager.)

If the contractor maintains broader coverage and/or higher limits than the minimums shown above, the County requires and shall be entitled to the broader coverage and/or higher limits maintained by the contractor.

9.04 Other Requirements:

All insurance required by this Agreement shall be with a company acceptable to the County and issued and executed by an admitted insurer authorized to transact Insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three years following the date CONTRACTOR completes its performance of services under this Agreement.

Each liability policy shall provide that the County shall be given notice in writing at least thirty days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for Contractor and additional insureds with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

Additional Insured Status:

The County of Monterey, its officers, officials, employees, agents, and volunteers are to be covered as additional insureds on the auto liability policy for liability arising out of automobiles owned, leased, hired or borrowed by or on behalf of the Contractor. Auto liability coverage shall be provided in the form of an endorsement to the CONTRACTOR'S insurance.

The County of Monterey, its officers, officials, employees, agents, and volunteers are to be covered as additional insureds on the commercial general liability policy with respect to liability arising out of work or operations performed by or on behalf of the CONTRACTOR including materials, parts, or equipment furnished in connection with such work or operations. General liability coverage shall be provided in the form of an endorsement to the CONTRACTOR'S insurance (at least as broad as ISO Form CG 20 10 11 85 or if not available, through the addition of both CG 20 10, CG 20 26, CG 20 33, or CG 20 38; and CG 20 37 if a later edition is used).

Primary Coverage:

except for Professional Liability and Workers Compensation

For any claims related to this contract, the CONTRACTOR'S insurance coverage shall be primary and non-contributory and at least as broad as ISO CG 20 01 04 13 as respects the County, its officers, officials, employees, agents, and volunteers. Any insurance or self-insurance maintained by the County, its officers, officials, employees, agents, or volunteers shall be excess of the CONTRACTOR'S insurance and shall not contribute with it. This requirement shall also apply to any Excess or Umbrella liability policies.

Workers' Compensation Waiver of Subrogation:

The workers' compensation policy required hereunder shall be endorsed to state that the workers' compensation carrier waives its right of subrogation against COUNTY, its officers, officials, employees, agents, or volunteers, which might arise by reason of payment under such policy in connection with performance under this Agreement by CONTRACTOR. Should CONTRACTOR be self-insured for workers' compensation, CONTRACTOR hereby agrees to waive its right of subrogation against COUNTY, its officers, officials, employees, agents, or volunteers.

Prior to the execution of this Agreement by the County, CONTRACTOR shall file certificates of insurance and endorsements with the County's contract administrator and County's Contracts/Purchasing Division, showing that the CONTRACTOR has in effect the insurance required by this Agreement. The CONTRACTOR shall file a new or amended certificate of insurance within five calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect. CONTRACTOR shall always during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County, annual certificates to County's Contract Administrator and County's Contracts/Purchasing Division. If the certificate is not received by the expiration date, County shall notify CONTRACTOR and CONTRACTOR shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance is a default of this Agreement, which entitles County, at its sole discretion, to terminate this Agreement immediately.

10. RECORDS AND CONFIDENTIALITY.

- 10.01 Confidentiality. CONTRACTOR and its officers, employees, agents, and subcontractors shall comply with any and all federal, state, and local laws, which provide for the confidentiality of records and other information. CONTRACTOR shall not disclose any confidential records or other confidential information received from the County or prepared in connection with the performance of this Agreement, unless County specifically permits CONTRACTOR to disclose such records or information. CONTRACTOR shall promptly transmit to County any and all requests for disclosure of any such confidential records or information. CONTRACTOR shall not use any confidential information gained by CONTRACTOR in the performance of this Agreement except for the sole purpose of carrying out CONTRACTOR's obligations under this Agreement.

- 10.03 Maintenance of Records. CONTRACTOR shall prepare, maintain, and preserve all reports and records that may be required by federal, state, and County rules and regulations related to services performed under this Agreement. CONTRACTOR shall maintain such records for a period of at least three years after receipt of final payment under this Agreement. If any litigation, claim, negotiation, audit exception, or other action relating to this Agreement is pending at the end of the three-year period, then CONTRACTOR shall retain said records until such action is resolved.
- 10.04 Access to and Audit of Records. The County shall have the right to examine, monitor and audit all records, documents, conditions, and activities of the CONTRACTOR and its subcontractors related to services provided under this Agreement. Task 1: Project Report and Preliminary Design

Task 1.1 Project Report

CONTRACTOR shall provide a Project Report as required by the Clean Water Planning Loan Agreement between the County and SWRCB (Exhibit C). The Project Report shall define and evaluate the following Project Options to improve the Chualar Wastewater Treatment Plant (WWTP):

Project Option 1: Repair/upgrade the Chualar WWTP or construct a new WWTP.

Project Option 2: Connect the Chualar wastewater collection system with the City of Salinas wastewater collection system for treatment at the Monterey One Water Regional Treatment Plant and Recycling Facility. This option shall also evaluate options for connecting additional parcels outside the existing Chualar wastewater collection system.

EXHIBIT A - SCOPE OF SERVICES/PAYMENT PROVISIONS

The Project Report shall include evaluation of existing system conditions, identify required permits, environmental and design work, financial analysis, project schedule, and budget (construction budget and 20-year life cycle costs) for Project Options 1 and 2.

CONTRACTOR shall include the following in the Project Report to evaluate the proposed facilities: lift station and pipeline design elements (pumps, pipeline alignment, diameter and material), electrical supply and capacity, and other key design elements, routing/alignment evaluation, review and identify easement and right of way requirements for temporary construction access and permanent/long-term access rights, review hydraulic conditions, recommendations for valving and other appurtenances, pipeline material selection, and Engineer's Opinion of Probable Construction Cost estimate. The evaluation and analysis shall include the following for Project Options 1 and 2:

- Project Costs
 - ◊ Design
 - ◊ Permitting and environmental
 - ◊ Easements/acquisitions (temporary and permanent)
 - ◊ Administrative
 - ◊ LAFCO and Proposition 218
 - ◊ Alternative option construction
 - ◊ WWTP decommissioning
 - ◊ Cost share for upgrades to City of Salinas sewer collection system
- Life Cycle and Proposed Rate Structure
 - ◊ Existing operations and maintenance for collection system
 - ◊ Projected operations and maintenance for entire system
 - ◊ Electrical costs
 - ◊ Staffing needs (identify licensure requirements)
 - ◊ Debt service
 - ◊ Capital Improvement program
 - ◊ Reserve account
 - ◊ Regulatory permitting

CONTRACTOR shall coordinate with County, City of Salinas, and Monterey One Water staff throughout the development of the Project Report to establish design criteria, standards, permit requirements, existing operating conditions, existing capacity, and other aspects of the Project in addition to review of as-built documentation and utility atlas maps to understand existing conditions.

CONTRACTOR shall review County design standards related to water mains and sanitary sewerage facilities, and develop preliminary criteria to develop the utility design, including:

- Force main average and maximum velocities
- Force main service pressure ranges, recommended pipe material and pressure class
- Appurtenances including air relief valves (ARVs), blowoffs, and isolation valves
- Hydraulic grade line
- Proposed pipeline alignments

EXHIBIT A - SCOPE OF SERVICES/PAYMENT PROVISIONS

The Project Report will identify potential funding sources and include preliminary rate estimates under each Project Option. A 20-year life cycle cost will be included as part of the financial analysis.

CONTRACTOR's evaluation shall include the following investigations: paper survey, geotechnical, and environmental. CONTRACTOR shall identify the primary constraints regarding access and easement issues, geotechnical considerations, permitting, and biological and/or cultural resources for Project Options 1 and 2 to inform the ten percent (10%) preliminary design.

CONTRACTOR shall prepare a Draft Project Report for County and SWRCB review and comment prior to completion of the Final Project Report. CONTRACTOR shall review and respond to the comments received and prepare responses to comments in tabular format for County and SWRCB review. CONTRACTOR shall coordinate and attend two (2) meetings to review and discuss the comments and responses to the Draft Project Report and perform necessary text revisions to incorporate into the Final Project Report. CONTRACTOR shall coordinate and attend a third and final meeting with CONTRACTOR's team, County, and SWRCB prior to issuing the Final Project Report to review the report and findings. The Final Project Report shall include and comply with all requirements for a Clean Water State Revolving Fund (CWSRF) Financial Assistance Application for Construction and Clean Water Planning Loan Agreement between the County and SWRCB (See Exhibit C of this AGREEMENT).

Task 1.2 Preliminary Design

CONTRACTOR shall include Preliminary Design Plans ten percent (10%) for Project Options 1 and 2 in the Project Report developed under Task 1.1. The preliminary design shall include facility and equipment sizing, siting, and alignments of proposed force mains to determine requirements for easements and environmental review in subsequent planning stages. Preliminary Design Plans (10%) shall include horizontal plan view layouts only and will not include grading/drainage design, detail sheets, traffic control, and erosion and sediment control. CONTRACTOR shall develop Preliminary Design Plans (10%) at a scale sufficient to define design intent and provide sufficient information for desktop survey and environmental review. CONTRACTOR shall utilize publicly available topographic data for the Preliminary Design Plans (Topographic survey is not included under this task.)

CONTRACTOR's Final Project Report shall include sufficient detail to identify a selected Project Option and based on the results of the analysis performed as part of the Project Report and Preliminary Design (10%). CONTRACTOR shall provide a comparative analysis between Project Options 1 and 2 based on life cycle costs, survey/access, geotechnical, environmental, and other pertinent constraints and in accordance with Project Report requirements for a CWSRF Financial Assistance Application for Construction. CONTRACTOR shall submit the Final Project Report to the County and SWRCB for review. The selected Project Option (Project) will advance to Task 2 only after the following conditions are met: Selected Project Option is approved by County and SWRCB in writing, and CONTRACTOR obtains all necessary written approvals for the Project required for a CWSRF Financial Assistance Application for Construction.

B.5 LINE ITEM ADJUSTMENTS.

Subject to the prior review and approval of the Division, adjustments between existing budget line items may be used to defray allowable direct costs. Budget adjustments deleting a budget line item or adding a new budget line item shall require a formal amendment. The sum of adjusted line items in the budget must not exceed the total budget amount. The Division may propose budget adjustments.

B.6 REIMBURSEMENT PROCEDURE.

Except as may be otherwise provided in this Agreement, reimbursements will be made as follows:

1. Upon execution and delivery of this Agreement by both parties, the Recipient may request immediate reimbursement of any eligible incurred costs through submission to the State Water Board of the Reimbursement Request Form 260 and Form 261, or any amendment thereto, duly completed and executed. To be eligible for reimbursement, Project Costs, including planning and design allowance costs, must have been incurred in compliance with all applicable requirements, including the cross-cutting requirements listed in Exhibits C and D.
2. The Recipient must submit a Reimbursement Request for costs incurred prior to the date this Agreement is executed by the State Water Board no later than ninety (90) days after this Agreement is executed by the State Water Board. Late Reimbursement Requests may not be honored.
3. Additional Project Funds will be promptly disbursed to the Recipient upon receipt of Reimbursement Request Form 260 and Form 261, or any amendment thereto, duly completed and executed by the Recipient for incurred costs consistent with this Agreement, along with receipt of progress reports due under this Agreement.
4. The Recipient must not request reimbursement for any Project Cost until such cost has been incurred and is currently due and payable by the Recipient, although the actual payment of such cost by the Recipient is not required as a condition of Reimbursement Request. Supporting documentation (e.g., receipts) must be submitted with each Reimbursement Request. The amount requested for Recipient's administration costs must include a calculation formula (i.e., hours or days worked times the hourly or daily rate = total amount claimed). Reimbursement of Project Funds will be made only after receipt of a complete, adequately supported, properly documented, and accurately addressed Reimbursement Request. Upon request by the Division, supporting documents for professional and administrative services must include the employees' names, classifications, labor rates, hours worked, and descriptions of the tasks performed. Reimbursement Requests submitted without supporting documents may be wholly or partially withheld at the discretion of the Division.
5. The Division may withhold disbursements where costs incurred do not reflect actual time spent.
6. The Recipient must spend Project Funds within 30 days of receipt. If the Recipient earns interest earned on Project Funds, it must report that interest immediately to the State Water Board. The State Water Board may deduct earned interest from future reimbursements.
7. The Recipient must not request a reimbursement unless that Project Cost is allowable, reasonable, and allocable.
8. The Recipient must submit all draft deliverables prior to reimbursement beyond 70 percent of the Project Funding Amount, and it must submit all final deliverables to the Division prior to reimbursement beyond 90 percent of the Project Funding Amount.
9. Notwithstanding any other provision of this Agreement, no reimbursement shall be required at any time or in any manner which is in violation of or in conflict with federal or state laws, policies, or regulations.

B.7 REVERTING FUNDS AND DISENCUMBRANCE.

2. **ACCESS, INSPECTION, AND PUBLIC RECORDS.** The Recipient must ensure that the State Water Board, the State Auditor, or any authorized representative of the foregoing, will have safe and suitable access to the Project site at all reasonable times through the Records Retention End Date or useful life of the Project, whichever is longer. The Recipient acknowledges that, except for a subset of information regarding archaeological records and personally identifiable information, the Project records and locations may be public records, including but not limited to all of the submissions accompanying the application, all of the documents incorporated into this Agreement by reference, and all reports, Reimbursement Requests, and supporting documentation submitted hereunder.
3. **ACCOUNTING AND AUDITING STANDARDS; FINANCIAL MANAGEMENT SYSTEMS.** The Recipient must maintain GAAP-compliant project accounts, including GAAP requirements relating to the reporting of infrastructure assets. Without limitation of the requirement to maintain Project accounts in accordance with GAAP, the Recipient must:
 - (a) Establish an official file for the Project which adequately documents all significant actions relative to the Project;
 - (b) Establish separate accounts which will adequately and accurately depict all amounts received and expended on the Project, including all Project Funds received under this Agreement;
 - (c) Establish separate accounts which will adequately depict all income received which is attributable to the Project, specifically including any income attributable to Project Funds disbursed under this Agreement;

4. **AMENDMENT.** No amendment or variation of the terms of this Agreement shall be valid unless made in writing and signed by both the Recipient and the Deputy Director or designee and approved as required.
5. **ASSIGNABILITY.** This Agreement is not assignable by the Recipient, either in whole or in part, without the consent of the State Water Board. Amendment of the Agreement may be required.
6. **AUDIT.** The Division may call for an audit of financial information relative to the Project if the Division determines that an audit is desirable to assure program integrity or if an audit becomes necessary because of State or federal requirements. If an audit is called for, the audit must be performed by a certified public accountant independent of the Recipient and at the cost of the Recipient. The audit must be in the form required by the Division. The Recipient must return, or ensure the return of, any audit disallowances within 30 days.
7. **BONDING.** Where construction contractors are used, the Recipient must not authorize construction to begin until each contractor has furnished a performance bond in favor of the Recipient in the following amounts: faithful performance (100%) of contract value; labor and

materials (100%) of contract value. This requirement shall not apply to any contract for less than \$25,000.00.

8. **COMPETITIVE BIDDING.** Recipient must adhere to any applicable State law or local ordinance for competitive bidding and applicable labor laws. If Recipient is a private entity, any construction contracts related in any way to the Project must be let by competitive bid procedures which assure award of such contracts to the lowest responsive and responsible bidders. Recipient must not award a construction contract until a summary of bids and identification of the selected lowest responsible bidder is submitted to and approved in writing by the Division. Recipient must provide a full explanation if Recipient is proposing to award a construction contract to anyone other than the lowest responsible bidder.
9. **COMPLIANCE WITH APPLICABLE LAWS, RULES, AND REQUIREMENTS.** The Recipient must, at all times, comply with and require its contractors and subcontractors to comply with all applicable federal and State laws, rules, guidelines, regulations, and requirements and with provisions of the adopted environmental mitigation plan, if any, for the useful life of the Project.
10. **COMPUTER SOFTWARE.** The Recipient certifies that it has appropriate systems and controls in place to ensure that State funds will not be used in the performance of this Agreement for the acquisition, operation or maintenance of computer software in violation of copyright laws.
11. **CONFLICT OF INTEREST.** The Recipient certifies that it, its owners, officers, directors, agents, representatives, and employees are in compliance with applicable State and federal conflict of interest laws and will remain in compliance for the useful life of the Project. Any service provider or contractor with which the Recipient contracts must not have any role or relationship with the Recipient, that, in effect, substantially limits the Recipient's ability to exercise its rights, including cancellation rights, under the contract, based on all the facts and circumstances. Public entities are required to have adopted conflict of interest codes and may be required to provide documentation of those codes to the Division.
12. **DATA MANAGEMENT.** The Recipient will undertake appropriate data management activities so that Project data can be incorporated into statewide data systems.
13. **DEBARRED, DISQUALIFIED, OR EXCLUDED CONTRACTORS.** The Recipient must not contract or allow subcontracting with excluded parties. The Recipient must not contract with any party who is debarred or suspended or otherwise excluded from or ineligible for participation in any work overseen, directed, funded, or administered by the State Water Board program for which this funding is authorized. For any work related to this Agreement, the Recipient must not contract with any individual or organization on the State Water Board's List of Disqualified Businesses and Persons that is identified as debarred or suspended or otherwise excluded from or ineligible for participation in any work overseen, directed, funded, or administered by the State Water Board program for which funding under this Agreement is authorized. The State Water Board's List of Disqualified Businesses and Persons is located at http://www.waterboards.ca.gov/water_issues/programs/enforcement/fwa/dbp.shtml
14. **DRUG-FREE WORKPLACE.** The Recipient certifies that it will provide a drug-free workplace in compliance with the Drug-Free Workplace Act (Gov. Code. §§ 8350-8357). The Recipient shall publish a statement notifying employees that the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited in the Recipient's workplace and specifying the actions to be taken against employees for violations of the prohibition. The Recipient shall establish a drug-free awareness program to inform employees about the dangers of drug abuse in the workplace, the Recipient's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation and employee assistance programs, and penalties that may be imposed upon employees for drug abuse violations. The Recipient shall provide that

every employee who works on the Project receives a copy of the Recipient's drug-free workplace policy statement and agrees to abide by the terms of the statement as a condition of employment on the Project.

15. **ENVIRONMENTAL CLEARANCE.** No work that is subject to California Environmental Quality Act (CEQA) or the National Environmental Policy Act (NEPA) may proceed under this Agreement until the State Water Board has provided approval to proceed. Upon receipt and review of the Recipient's environmental documents, the State Water Board shall make the appropriate environmental findings before determining whether to approve construction or implementation funding for the Project under this Agreement. Providing approval for such construction or implementation funding is fully discretionary. The State Water Board may require changes in the scope of work or additional mitigation as a condition to providing construction or implementation funding under this Agreement. Recipient shall not perform any work subject to CEQA and/or NEPA before the State Water Board completes its environmental review and specifies any changes in scope or additional mitigation that may be required. Proceeding with work subject to CEQA and/or NEPA without approval by the State Water Board shall constitute a breach of a material provision of this Agreement. If this Project includes modification of a river or stream channel, the Recipient must fully mitigate environmental impacts resulting from the modification. The Recipient must provide documentation that the environmental impacts resulting from such modification will be fully mitigated considering all of the impacts of the modification and any mitigation, environmental enhancement, and environmental benefit resulting from the Project, and whether, on balance, any environmental enhancement or benefit equals or exceeds any negative environmental impacts of the Project.
16. **FINAL REIMBURSEMENT REQUEST.** The Recipient agrees to ensure that its final Reimbursement Request is received by the Division no later than the Final Reimbursement Request Date, unless prior approval has been granted by the Division. If the final Reimbursement Request is not received timely, the undisbursed balance of this Agreement may be deobligated.
17. **FRAUD AND MISUSE OF PUBLIC FUNDS.** All requests for disbursement must be accurate and signed by the Recipient or its Authorized Representative under penalty of perjury. All costs submitted pursuant to this Agreement must only be for the work or tasks set forth in this Agreement. The Recipient must not submit any invoice containing costs that are ineligible or have been reimbursed from other funding sources unless required and specifically noted as such (i.e., match costs). Any costs for which the Recipient is seeking reimbursement shall not be reimbursed from any other source. Double or multiple billing for time, services, or any other cost is improper and will not be compensated. Any suspected occurrences of fraud, forgery, embezzlement, theft, or any other misuse of public funds may result in suspension of disbursements and, notwithstanding any other section in this Agreement, the termination of this Agreement requiring the immediate repayment of all funds disbursed hereunder. Additionally, the Deputy Director of the Division may request an audit and refer the matter to the Attorney General's Office or the appropriate district attorney's office for criminal prosecution or the imposition of civil liability.
18. **FUNDING CONTINGENCY.** The State Water Board's disbursement of funds hereunder is contingent on the Recipient's compliance with the terms and conditions of this Agreement. The State Water Board's obligation to disburse funds is contingent upon the availability of sufficient funds to permit the disbursements provided for herein. If sufficient funds are not available for any reason, including but not limited to failure of the federal or State government to appropriate funds necessary for disbursement of funds, the State Water Board shall not be obligated to make any disbursements to the Recipient under this Agreement. If this Agreement's funding for any fiscal year expires due to reversion or is reduced, substantially delayed, or deleted by the Budget Act, by Executive Order, or by order or action of the Department of Finance, the State Water Board

has the option to either cancel this Agreement with no liability accruing to the State Water Board, or offer an amendment to the Recipient to reflect the reduced amount. This provision shall be construed as a condition precedent to the obligation of the State Water Board to make any disbursements under this Agreement. Nothing in this Agreement shall be construed to provide the Recipient with a right of priority for disbursement over any other entity. If any disbursements due the Recipient under this Agreement are deferred because sufficient funds are unavailable, it is the intention of the State Water Board that such disbursement will be made to the Recipient when sufficient funds do become available, but this intention is not binding.

19. **GOVERNING LAW.** This Agreement is governed by and shall be interpreted in accordance with the laws of the State of California.
20. **RECIPIENT'S SHARE.** The Recipient agrees that it will provide for the payment of its full share, if any share is required, of Project Costs and that all costs connected with the Project will be timely paid by the Recipient.
21. **INDEMNIFICATION AND STATE REVIEWS.** The parties agree that review or approval of Project plans and specifications by the State Water Board is for administrative purposes only, including conformity with application and eligibility criteria, and expressly not for the purposes of design defect review or construction feasibility, and does not relieve the Recipient of its responsibility to properly plan, design, construct, operate, and maintain the Project. To the extent permitted by law, the Recipient agrees to indemnify, defend, and hold harmless the State Water Board and any trustee, and their officers, employees, and agents for the Bonds, if any (collectively, "Indemnified Persons"), against any loss or liability arising out of any claim or action brought against any Indemnified Persons from and against any and all losses, claims, damages, liabilities, or expenses, of every conceivable kind, character, and nature whatsoever arising out of, resulting from, or in any way connected with (1) the Project or the conditions, occupancy, use, possession, conduct, or management of, work done in or about, or the planning, design, acquisition, installation, or construction, of the Project or any part thereof; (2) the carrying out of any of the transactions contemplated by this Agreement or any related document; (3) any violation of any applicable law, rule or regulation, any environmental law (including, without limitation, the Federal Comprehensive Environmental Response, Compensation and Liability Act, the Resource Conservation and Recovery Act, the California Hazardous Substance Account Act, the Federal Water Pollution Control Act, the Clean Air Act, the Toxic Substances Control Act, the Occupational Safety and Health Act, the Safe Drinking Water Act, the California Hazardous Waste Control Law, and California Water Code Section 13304, and any successors to said laws), rule or regulation or the release of any toxic substance on or near the Project; or (4) any untrue statement or alleged untrue statement of any material fact or omission or alleged omission to state a material fact necessary to make the statements required to be stated therein, in light of the circumstances under which they were made, not misleading with respect to any information provided by the Recipient for use in any disclosure document utilized in connection with any of the transactions contemplated by this Agreement, except those arising from the gross negligence or willful misconduct of the Indemnified Persons. The Recipient must also provide for the defense and indemnification of the Indemnified Persons in any contractual provision extending indemnity to the Recipient in any contract let for the performance of any work under this Agreement, and must cause the Indemnified Persons to be included within the scope of any provision for the indemnification and defense of the Recipient in any contract or subcontract. To the fullest extent permitted by law, the Recipient agrees to pay and discharge any judgment or award entered or made against Indemnified Persons with respect to any such claim or action, and any settlement, compromise or other voluntary resolution. The provisions of this section survive the term of this Agreement.

22. **INDEPENDENT ACTOR.** The Recipient, and its agents and employees, if any, in the performance of this Agreement, shall act in an independent capacity and not as officers, employees, or agents of the State Water Board.
23. **INSPECTION.** Throughout the useful life of the Project, the State Water Board shall have the right to inspect the Project area to ascertain compliance with this Agreement.
24. **INTEGRATION.** This Agreement constitutes the complete and final agreement between the parties. No oral or written understanding or agreement not incorporated in this Agreement shall be binding on either party.
25. **LIENS.** The Recipient must not make any pledge of or place any lien on the Project or Project assets except upon consent of the Division.
26. **NO DISCRIMINATION.** The Recipient must comply with Government Code section 11135 and the implementing regulations (Cal. Code Regs., tit. 2, § 11140 et seq.), including, but not limited to, ensuring that no person is unlawfully denied full and equal access to the benefits of, or unlawfully subjected to discrimination in the operation of, the Project on the basis of sex, race, color, religion, ancestry, national origin, ethnic group identification, age, mental disability, physical disability, medical condition, genetic information, marital status, or sexual orientation as such terms are defined under California law, for as long as the Recipient retains ownership or possession of the Project. If Project Funds are used to acquire or improve real property, the Recipient must include a covenant of nondiscrimination running with the land in the instrument effecting or recording the transfer of such real property. The Recipient must comply with the federal American with Disabilities Act of 1990 and implementing regulations as required by Government Code section 11135(b). The Recipient's obligations under this section shall survive the term of this Agreement. During the performance of this Agreement, Recipient and its contractors and subcontractors must not unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment because of sex, race, color, ancestry, religious creed, national origin, sexual orientation, physical disability (including HIV and AIDS), mental disability, medical condition (cancer), age (over 40), marital status, denial of family care leave, or genetic information, gender, gender identity, gender expression, or military and veteran status. The Recipient, its contractors, and subcontractors must ensure that the evaluation and treatment of their employees and applicants for employment are free from such discrimination and harassment. The Recipient, its contractors, and subcontractors must comply with the provisions of the Fair Employment and Housing Act and the applicable regulations promulgated thereunder. (Gov. Code, §12990, subds. (a)-(f) et seq.; Cal. Code Regs., tit. 2, § 7285 et seq.) Such regulations are incorporated into this Agreement by reference and made a part hereof as if set forth in full. The Recipient, its contractors, and subcontractors must give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other agreement. The Recipient must include the nondiscrimination and compliance provisions of this clause in all subcontracts to perform work under this Agreement.
27. **NO THIRD-PARTY RIGHTS.** This Agreement creates no rights in and grants no remedies to any third party as a beneficiary of this Agreement.
28. **NO OBLIGATION OF THE STATE.** Any obligation of the State Water Board herein contained shall not be an obligation, debt, or liability of the State and any such obligation shall be payable solely out of the moneys encumbered pursuant to this Agreement.
29. **NON-WAIVER.** Nothing in this Agreement shall affect or impair the Recipient's obligation to undertake work under this Agreement or shall affect or impair the right of the State Water Board to bring suit to enforce such work. No delay or omission of the State Water Board in the exercise of any right arising upon an Event of Default shall impair any such right or be construed to be a

The State Water Board may exercise from time to time and as often as shall be deemed expedient by the State Water Board, any remedy or right provided by law or pursuant to this Agreement. Any waiver of rights by the State Water Board with respect to a default or other matter arising under this Agreement at any time shall not be considered a waiver of rights with respect to any other default or matter.

30. **OTHER FUNDING SOURCES; INCOME RESTRICTIONS.** If funding for Project Costs is made available to the Recipient from sources other than this Agreement, the Recipient must notify the Division. The Recipient may retain such funding up to an amount which equals the Recipient's contribution to Project costs. To the extent allowed by requirements of other funding sources, excess funding must be remitted to the State Water Board. The Recipient agrees that any refunds, rebates, credits, or other amounts (including any interest thereon) accruing to or received by the Recipient as related to this Agreement must be paid by the Recipient to the State Water Board, to the extent that they are properly allocable to costs for which the Recipient has been reimbursed by the State Water Board under this Agreement.

31. **PERMITS AND AUTHORIZATIONS.** Recipient must procure all permits, licenses and other authorizations necessary to accomplish the work contemplated in this Agreement, pay all charges and fees, and give all notices necessary and incidental to the due and lawful prosecution of the work. Signed copies of any such permits or licenses must be submitted to the Division before any construction or implementation begins.

Any contractors, outside associates, or consultants required by the Recipient in connection with the services covered by this Agreement shall be limited to such individuals or firms as were specifically identified and agreed to during negotiations for this Agreement, or as are specifically authorized by the State Water Board's Project Manager during the performance of this Agreement. Any substitutions in, or additions to, such contractors, associates, or consultants, shall be subject to the prior written approval of the State Water Board's Project Manager.

32. **PREVAILING WAGES.** If applicable, the Recipient agrees to be bound by all applicable provisions of State Labor Code regarding prevailing wages. All technical reports required pursuant to this Agreement that involve planning, investigation, evaluation, design, or other work requiring interpretation and proper application of engineering, architectural, or geologic sciences, shall be prepared by or under the direction of persons registered to practice in California pursuant to Business and Professions Code, sections 5536.1, 6735, 7835, and 7835.1. As required by these laws, completed technical reports must bear the signature(s) and seal(s) of the registered professional(s) in a manner such that all work can be clearly attributed to the professional responsible for the work.

books, records, and other material are subject at all reasonable times (at a minimum during normal business hours) to inspection, copying, and audit by the State Water Board, the Department of Finance, the California State Auditor, the Bureau of State Audits, or any authorized representatives of the aforementioned, including federal funding agencies and their auditors, if any. The Recipient must allow and must require its contractors to allow interviews during normal business hours of any employees who might reasonably have information related to such records. The Recipient agrees to include a similar duty regarding audit, interviews, and records retention in any contract or subcontract related to the performance of this Agreement. The provisions of this section survive the term of this Agreement.

36. **RELATED LITIGATION.** Under no circumstances may the Recipient use funds from any reimbursement under this Agreement to pay costs associated with any litigation the Recipient pursues against the State Water Board or any Regional Water Board. Regardless of the outcome of any such litigation, and notwithstanding any conflicting language in this Agreement, the Recipient agrees to complete the Project funded by this Agreement or to repay all of the disbursed funds plus interest.
37. **REMEDIES.** The State Water Board may enforce its rights under this Agreement by any judicial proceeding, whether at law or in equity. None of the remedies available to the State Water Board shall be exclusive of any other remedy, and each such remedy shall be cumulative and in addition to every other remedy given hereunder or now or hereafter existing at law or in equity. The State Water Board may exercise any remedy, now or hereafter existing, without exhausting and without regard to any other remedy. Any dispute of the Recipient is limited to the rights and remedies provided to the Recipient under this Agreement and is subject to the procedures provided to the Recipient under this Agreement.
38. **REPORTS - AS NEEDED.** The Recipient must provide expeditiously any reports, data, and information reasonably required by the Division, including but not limited to material necessary or appropriate for evaluation of the funding program or to fulfill any reporting requirements of the State or federal government.
39. **RESPONSIBILITY FOR WORK.** The Recipient shall be responsible for all work and for persons or entities engaged in work performed pursuant to this Agreement, including, but not limited to, contractors, subcontractors, suppliers, and providers of services. The Recipient shall be responsible for responding to any and all disputes arising out of its contracts for work on the Project, including, but not limited to, payment disputes with contractors and subcontractors. The State Water Board will not mediate disputes between the Recipient and any other entity concerning responsibility for performance of work.
