

Jon Anthony

In November of 1995 I joined the South Monterey County Fire Protection District as a Volunteer Firefighter, at that time I also got my First Responder Medical Certificate. I am still a volunteer with the district and serve as a station captain. In 2006 I was hired and a county park ranger and have promoted to County Park Ranger Supervisor. In 2019 I put myself through the EMT program at Cuesta College in San Luis Obispo County and received my state EMT Certificate. In all I have been involved in prehospital emergency care for over 25 years.
