

SOFTWARE LICENSE AGREEMENT

This **Software License Agreement** (this "Agreement") is made by and between **ARxIUM, Inc.** ("Licensor") and Natividad Medical Center ("Licensee") as of August 1, 2016 (the "Effective Date"). In consideration of the mutual covenants contained herein, the parties hereby agree as follows:

1. System.

- 1.1 Licensor maintains Purchasing and Inventory Management software with various modules, including those specifically set forth on Schedule A to this Agreement (the "System").
- 1.2 Licensor maintains a centralized EDI/Data Management Repository ("CDR") that facilitates electronic communications transactions ("Transactions") between Licensee and Licensee's suppliers or the suppliers of its affiliates ("Trading Partners").
- 1.3 Licensee wishes to utilize the modules of the System set forth on Schedule A. Licensor hereby grants Licensee a non-exclusive, nontransferable, revocable, personal, limited and non-sublicensable license to use the System and related documentation (the "Documentation") solely in connection with the internal conduct of Licensee's business ("Licensee Facility").

2. Term and Termination.

- 2.1 Term. This Agreement shall commence on the Effective Date and shall continue, for each Licensee Facility, for a term **ending January 31, 2018** (the "Term"), unless terminated earlier in accordance with this Paragraph 2.
- 2.2 Voluntary Termination. After the Term, either party may terminate this Agreement without penalty upon delivery of a written notice of termination to the other party at least thirty (30) days prior to the date of termination set forth in the notice. ~~No termination of this Agreement shall release Licensee from any obligation to pay Licensor any amount that has accrued or is payable prior to the effective date of termination.~~
- 2.3 Termination for Loss of 340b Eligibility, Legislative Changes, Etc. Anything in this Agreement to the contrary notwithstanding, Licensee may, at its option and upon at least sixty (60) days prior written notice, terminate this Agreement with respect to a specific Licensee Facility if such Licensee Facility becomes ineligible for 340b pricing, based on documentation from HRSA. In addition, in the event legislation, rules, regulation or other government laws are enacted which extend 340b pricing to inpatient services, Licensee may cancel this Agreement upon at least ninety (90) days prior written notice to Licensor, but in no event earlier than the first anniversary date of this Agreement.
- 2.4 Termination for Cause. In addition to any other rights that it might have hereunder, either party may terminate this Agreement, in whole or in part, upon breach by the other party of any material provision of this Agreement, by giving written notice thereof to the party in breach, provided that such default, breach or failure to perform is not cured within thirty (30) days following notice thereof (and provided further, that neither party shall be permitted repeatedly to cure multiple breaches of the same obligation or term hereof).
- 2.5 Effect of Termination. Upon termination of this Agreement and the System license, Licensor shall immediately discontinue Licensee's access to the System and Licensee, its receivers, trustees, assigns, or other representatives shall immediately return all copies of the Documentation to Licensor without delay. No termination of this Agreement shall release Licensee from any obligation to pay Licensor any amount that has accrued or is payable prior to the effective date of termination, including any amounts due on the remaining term of a license for a Licensee Facility. The foregoing provisions of this Paragraph shall in no way limit or restrict the right of Licensor to seek immediate equitable relief against Licensee to the extent Licensor deems appropriate to enforce this Agreement and protect its rights hereunder.

3. Licensor's Duties.

Every effort will be made to resolve the condition within the Target Resolution Timeframe as defined below. Licensor shall demonstrate to Licensee its good faith and diligent initiation and prosecution of corrective measures. Licensor shall report to Licensee concerning the cause of the problem, the resources required to resolve the problem, the approximate time the problem will be resolved, and a description of the actions necessary to resolve the problem. Every effort will be made to resolve the condition within Target Resolution Timeframe for Severity Level 2 - High Impact Problems as defined below, and Licensor will demonstrate to Licensee its good faith and diligent initiation and prosecution of corrective measures within said period. Resolution may include a temporary fix or workaround. The problem is severe enough to limit the usefulness of the affected part of the System, but does not hamper the rest of the System's usefulness. Licensor shall provide telephone response by a qualified technician within the Initial Response Time for Severity Level 3 - Medium Impact Problems as defined below. The problem will be escalated and resolved within the Target Resolution Timeframe as defined below. Mutually agreed upon temporary fixes or workarounds will be implemented until a permanent resolution is provided. The response times applicable to Severity Level 3 - Medium Impact Problems, measured from Licensee's delivery of the System Problem Report to Licensor in accordance with Licensor's Support Policies, are as follows:

5.2 Conditions. All response and resolution times will be achieved at a rate of no less than 95% of the time, measured monthly. If Licensor fails to meet the response and resolution time goals set forth in Paragraph 5.1 for three (3) consecutive months, Licensee may elect to receive a credit in an amount equal to fifty percent (50%) of the monthly system usage fee for said three (3) month period in accordance with the fees set forth in Schedule A.

Further, Licensor shall not be responsible for Licensee's failure to provide accurate data to Licensor, any damages arising from Licensee's or any third party's (including, without limitation, Trading Partners') equipment or software errors or failures, the failure of Licensee or any third party to act on any communication transmitted to or by Licensee in accordance with this Agreement, or any errors or omissions in Transactions or Data transmitted by Licensee or its Trading Partners and the results of such errors or omissions. Licensee acknowledges that Licensor is in no respect responsible for the creditworthiness or performance of any Trading Partner of Licensee.

6.2 Indemnification By Licensor. Licensor agrees to defend, indemnify and hold harmless (including reasonable attorney's fees) Licensee, its corporate affiliates, and any employee or agent thereof (each of the foregoing being hereinafter referred to individually as the "Indemnified Party") against all liability (other than liability caused by the Indemnified Party) to the extent caused by the acts, omissions or negligence of Licensor or its agents, including, but not limited to, those relating to personal injuries suffered by Licensee's patients, employees or invitees, those relating to property damage, and/or the violation of any third party's trade secrets, proprietary information, trademark, copyright, or patent rights in connection with the licensing of the System. Licensor may, at its option, conduct the defense in any such action arising as described herein and Licensee promises fully to cooperate with such defense. This indemnification is limited to the System delivered to Licensee or as modified in accordance with this Agreement, and does not cover third party claims arising from modifications not authorized by Licensor. If an infringement claim causes Licensee's quiet enjoyment and use of the System to be seriously endangered or disrupted, Licensor shall, at its option (a) replace the System, without charge, with a compatible, functionally equivalent and non infringing product; (b) modify the System to avoid the infringement; or (c) obtain a license for Licensee to continue use of the System for the term of this Agreement and pay for any additional fee required for such license.

6.3 Indemnification By Licensee. Licensee agrees to defend, indemnify and hold harmless (including reasonable attorney's fees) Licensor, its corporate affiliates, and any employee or agent thereof (each of the foregoing being hereinafter referred to individually as the "Indemnified Party") against all liability (other than liability caused by the Indemnified Party) to the extent caused by the acts, omissions or negligence of Licensee or its agents. Licensee may, at its option, conduct the defense in any such action arising as described herein and Licensor promises fully to cooperate with such defense.

6.4 Indemnification Claim – Notice and Defense. The foregoing indemnification obligations are conditioned upon the party seeking indemnification providing the indemnifying party prompt written notice of any claim by a third party to which this indemnity may relate within a reasonable time after receipt of notice of such third party claim, and the right to control and direct the investigation, preparation, defense and settlement of the claim, and further provided, that the party seeking indemnification cooperates with the indemnifying party in connection with the foregoing. No settlement intended to bind either party shall be made without such party's prior written authorization.

6.5 Warranty. Licensor warrants as follows:

(a) System Performance. Licensor warrants that the System will perform in accordance with the Documentation if operated as directed.

(b) Right to Contract and License. Licensor represents and warrants that it either owns or has the right to license all property included in the System and that all such property is free of liens and claims. Further, Licensor warrants that it has the right to license any third-party software included in this Agreement.

(c) Virus Warranty. Licensor warrants that the System (to include all subsequent corrections, releases, and enhancements made available to Licensee) will not contain any software routine, code or instruction, or combination of the above (collectively referred to and defined for the purposes of this Paragraph as a "Virus" or "Disabling Code"), that is designed to: (i) permit unauthorized access to the System; (ii) permit unauthorized access to Licensee's data network; or (iii) disable, delete, modify, damage or erase software, hardware or data maintained at Licensee's premises. This includes, but is not limited to, components that are commonly referred to as "back doors", "time bombs", "Trojan horses," "worms," "drop dead devices," or "viruses." For the purpose of this warranty, counters or limiters that function solely to enforce a license limitation, such as the number of concurrent users, are not considered to be Viruses or Disabling Codes.

NOTWITHSTANDING THE FOREGOING, LICENSOR SPECIFICALLY DISCLAIMS ANY WARRANTIES OR REPRESENTATIONS RELATED TO THE INTERNET. SECURITY-RELATED FEATURES AND/OR SERVICES CANNOT GUARANTEE COMPLETE SECURITY VIA THE INTERNET AND LICENSOR SHALL NOT BE LIABLE FOR BREACHES OF SUCH SECURITY OR ANY OTHER RELATED WARRANTIES, EITHER EXPRESSED OR IMPLIED, INCLUDING WITHOUT LIMITATION, INTERNET FUNCTION AND/OR PERFORMANCE WARRANTIES. LICENSOR SHALL HAVE NO LIABILITY FOR THE CONDUCT OF LICENSEE'S USERS ON THE INTERNET.

The above System warranties shall include all interfaces provided for in the Documentation or otherwise supplied by Licensor.

6.6 Remedy. Licensee's remedy for the breach of the Warranties set forth in Paragraph 6.5 above shall be (a) the prompt and efficient repair or replacement of the defective System so that it performs in accordance with its Documentation or (b) a Licensor-supplied "workaround" which achieves the same functionality using different procedures but which does not negatively impact or degrade Licensee's operations with respect to Licensee's use of the System.

6.7 Intellectual Property Ownership. (a) Licensee acknowledges and agrees that it acquires no ownership rights in the System or the Documentation. All such ownership rights including, without limitation copyrights, patent rights, trade secrets, trademarks and any other intellectual property rights shall remain vested in the Licensor. All rights not expressly granted herein are expressly reserved.

(b) All data provided by Licensee belongs to Licensee. Use or distribution of Licensee's data by Licensor is prohibited unless Licensor obtains prior written consent from Licensee.

(c) Following termination or expiration of this Agreement, Licensee data will be available in an archived state for 5 years.

Based on your request for access to your data following termination or expiration of this Agreement, Licensor will provide Licensee with an *Accumulator Summary Report* that will provide a snapshot of accumulation for 340B and/or GPO. This report is recommended to be run at either the switchover to a new product or at the end of life of the current 340B product. There is no charge for this data.

Licensor can also provide access to the 340B software to obtain Licensee data through the software application following termination or expiration of this Agreement however, since Licensee will no longer be under contract, Licensor will charge \$250 per user. This will provide a single user with access for a period of 5 days. After 5 days, access would be denied. If Licensee needs additional time, the regular rate applies. This is intended to be used to capture historical data in the event of a HRSA audit.

If Licensee needs assistance in pulling data, Licensor can offer support. Licensor charges an hourly rate of \$250 for this support. This rate also would include any customized reports needed to fulfill an audit requirement.

7. Miscellaneous Provisions.

- 7.1 Notices. All notices, requests, demands and other communications (other than electronically transmitted Transactions) required or permitted to be given or made hereunder shall be in writing and shall be deemed to have been given on, (a) the third business day following the date of deposit in the United States mail, postage prepaid, by registered or certified mail, return receipt requested, or (b) the first business day following the date of delivery to a nationally-recognized overnight courier service, in each case addressed as set forth below or to such other person or entity as either party shall designate by notice to the other in accordance herewith.
- 7.2 Governing Law, Forum Selection and Jurisdiction. This Agreement shall be construed and interpreted according to the internal laws of the State of California. Notwithstanding the foregoing, Licensee agrees that Licensor may seek injunctive relief in any court of competent jurisdiction.
- 7.3 No Waiver. Any waiver or delay by any party in enforcing this Agreement will not deprive that party of the right to take appropriate action at a later time or due to another breach.
- 7.4 Severability. All provisions of this Agreement will be deemed to be severable and any unenforceable or invalid provision will be replaced with a valid and enforceable provision that comes closest to expressing the intent of such provision.

- 7.7 Independent Contractor. The relationship between the parties is that of independent contractors and not partners, joint venturers, principal and agent or employer and employee. Neither party shall have the authority to and shall not incur obligations of any kind in the name of or for the account of the other party hereto.
- 7.8 No Third Party Reliance. No third party is entitled to rely on any provision of this Agreement and the parties assume no liability to any third party because of any reliance on the agreements of the parties contained in this Agreement.
- 7.9 Reasonable Control. Licensor will not be liable for its failure to perform an obligation under this Agreement if that failure results from any cause beyond Licensor's reasonable control.
- 7.10 Survival. Paragraphs 3.5, 4.2, 4.3, 6 and any others whose context shows that it is intended to survive shall survive this Agreement's termination.

This verification of coverage shall be sent to Licensee's Contracts/Purchasing Department, unless otherwise directed. The Licensor shall not receive a "Notice to Proceed" with the work under this Agreement until it has obtained all insurance required and Licensee has approved such insurance. This approval of insurance shall neither relieve nor decrease the liability of the Licensor.

Qualifying Insurers: All coverage's except surety, shall be issued by companies which hold a current policy holder's alphabetic and financial size category rating of not less than A-VII, according to the current Best's Key Rating Guide or a company of equal financial stability that is approved by Licensee's Contracts/Purchasing Director.

The LICENSOR shall file a new or amended certificate of insurance within five calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. LICENSOR shall at all times during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by LICENSEE, annual certificates to LICENSEE's Contracts/Purchasing Department. If the certificate is not received by the expiration date, LICENSEE shall notify LICENSOR and LICENSOR shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by LICENSOR to maintain such insurance is a default of this Agreement, which entitles LICENSEE, at its sole discretion, to terminate the Agreement immediately.
