The Howerton application (PLN140143) came on for public hearing before the Monterey County Zoning Administrator on January 8, 2015. Having considered all the written and documentary evidence, the administrative record, the staff report, oral testimony, and other evidence presented, the Zoning Administrator finds and decides as follows:

FINDINGS

1. **FINDING:** **PROJECT DESCRIPTION** - The proposed project is a Coastal Administrative Permit to allow the demolition of an existing 1,016 square foot single family dwelling and the construction of a 2,230 square foot two-story single family dwelling with an attached 986 square foot garage.

EVIDENCE: The application, project plans, and related support materials submitted by the project applicant to Monterey County RMA-Planning for the proposed development found in Project File PLN140143.

2. **FINDING:** **CONSISTENCY** -The proposed project and/or use, as conditioned, is consistent with the policies of the Local Coastal Program (LCP) and other County health, safety, and welfare ordinances related to land use development. The project is in conformance with the public access and public recreation policies of the Coastal Act and Local Coastal Program, and does not interfere with any form of historic public use or trust rights (see 20.70.050.B.4). No access is required as part of the project as no substantial adverse impact on access, either individually or cumulatively, as described in Section 20.70.050.B.4.c of the Monterey County Coastal Implementation Plan, can be demonstrated.

EVIDENCE: a) During the course of review of this application, the project has been reviewed for consistency with the text, policies, and regulations in:

- the 1982 Monterey County General Plan;
- North County Land Use Plan;
- Monterey County Coastal Implementation Plan, and
- Monterey County Zoning Ordinance (Title 20)

No conflicts were found to exist. No communications were received

during the course of review of the project indicating any inconsistencies with the text, policies, and regulations in these documents.

- b) The property is located at 5 Bayview Road, Castroville, (Assessor's Parcel Number 131-101-055-000), North County Land Use Plan. The parcel is zoned "LDRJ2.5 (CZ) [Low Density Residential, 2.5 acres per unit (Coastal Zone)]", which allows the construction of a residence and accessory structure on the property subject to a Coastal Administrative Permit. Therefore, the project is an allowed land use for this site.
- c) The project planner conducted a site inspection on June 11, 2014 to verify that the project on the subject parcel conforms to the plans listed above.
- d) On November 24, 2014, a letter dated November 20, 2014 was received from concerned neighbors requesting a public hearing regarding the existing water system. The request for a public hearing was during the course of review of the project. A copy of the letter is attached as Exhibit E.
- e) The project was referred to the North County-Coastal Land Use Advisory Committee (LUAC) for review. Based on the LUAC Procedure guidelines adopted by the Monterey County Board of Supervisors per Resolution No. 08-338, this application did warrant referral to the LUAC because in the opinion of the RMA – Director of Planning neighbors concerns raised issues that necessitate review prior to a public hearing.
- f) The application, project plans, and related support materials submitted by the project applicant to Monterey County RMA-Planning for the proposed development found in Project File PLN140143.

3. **FINDING:** **SITE SUITABILITY** - The site is physically suitable for the use proposed.

- EVIDENCE:**
- a) The project has been reviewed for site suitability by the following departments and agencies: RMA- Planning, North County Fire Protection District, Parks, RMA-Public Works, RMA-Environmental Services, Environmental Health Bureau, and Water Resources Agency. There has been no indication from these departments/agencies that the site is not suitable for the proposed development. Conditions recommended have been incorporated.
 - b) A Phase One Historical Assessment prepared by Meg Clovis, Cultural Affairs Manager (Monterey County Parks Department), Salinas, CA October 20, 2014 (LIB140386), concludes that the existing residence and foundations of two buildings are not considered of historical significance. (See Exhibit F).
 - c) Staff conducted a site inspection on June 11, 2014 to verify that the site is suitable for this use.
 - d) The application, project plans, and related support materials submitted by the project applicant to the Monterey County RMA - Planning for the proposed development found in Project File PLN140143.

4. **FINDING:** **HEALTH AND SAFETY** - The establishment, maintenance, or operation of the project applied for will not under the circumstances of this particular case be detrimental to the health, safety, peace, morals, comfort, and general welfare of persons residing or working in the neighborhood of such proposed use, or be detrimental or injurious to property and improvements in the neighborhood or to the general welfare

- of the County.
- EVIDENCE:**
- a) The project was reviewed by the RMA - Planning, North County Fire Protection District, Parks, RMA - Public Works, Environmental Health Bureau, RMA –Environmental Services, and Water Resources Agency. The respective agencies have recommended conditions, where appropriate, to ensure that the project will not have an adverse effect on the health, safety, and welfare of persons either residing or working in the neighborhood.
 - b) Necessary public facilities will be provided. The Environmental Health Bureau determined that the parcel will be served by Bayview Road Water System, an existing water system. An existing septic system will be demolished, and the parcel will be served by the construction of a new septic system with location, design, layout, and size specifications approved by Environmental Health Bureau (Condition Nos. 15 & 16).
 - c) The application, project plans, and related support materials submitted by the project applicant to the Monterey County RMA - Planning for the proposed development found in Project File PLN140143.
5. **FINDING:** **NO VIOLATIONS** - The subject property is in compliance with all rules and regulations pertaining to zoning uses, subdivision, and any other applicable provisions of the County's zoning ordinance. No violations exist on the property.

6. **FINDING:** **CEQA (Exempt):** - The project is categorically exempt from environmental review and no unusual circumstances were identified to exist for the proposed project.
- EVIDENCE:**
- a) California Environmental Quality Act (CEQA) Guidelines Section 15303(a) categorically exempts the construction of one single-family residence in a residential zone.
 - b) The subject parcel is zoned LDR or Low Density Residential of which the construction of a residence and accessory structure is an allowed use for the property subject to a Coastal Administrative Permit.
 - c) No adverse environmental effects were identified during staff review of the development application during a site visit on June 11, 2014.
 - d) None of the exceptions under CEQA Guidelines Section 15300.2 apply to this project. The project does not involve a designated historical resource, a hazardous waste site, development located near or within view of a scenic highway, unusual circumstances that would result in a significant effect or development that would result in a cumulative significant impact.
 - e) The application, project plans, and related support materials submitted by the project applicant to Monterey County RMA-Planning for the proposed development found in Project File PLN140143.

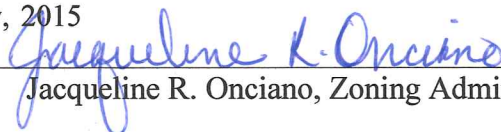

7. **FINDING:** **PUBLIC ACCESS** -The project is in conformance with the public access and recreation policies of the Coastal Act (specifically Chapter 3 of the Coastal Act of 1976, commencing with Section 30200 of the Public Resource Code) and Local Coastal Program, and does not interfere with any form of historic public use or trust rights.
- EVIDENCE:**
- a) No access is required as part of the project as no substantial adverse impact on access, either individually or cumulatively, as described in Section 20.144.150 of the Monterey County Coastal Implementation Plan can be demonstrated.
 - b) The subject property is not described as an area where the Local Coastal Program required public access (Figure 6 in the North County Land Use Plan).

- EVIDENCE:**
- a) Section 20.86.030.A of the Monterey County Zoning Ordinance (Title 20).
 - b) Section 20.86.080.A.3 of the Monterey County Zoning Ordinance (Title 20), the construction of a residence is considered a principal use allowed.
