INTRODUCTION

The guidelines set forth in this Policies and Procedures Manual specify some of the most significant rules and regulations to be followed by agencies receiving public services/facilities funding through the Monterey County Housing and Community Development funded by Community Development Block Grant (CDBG) Program. They are intended to facilitate uniform administration and accounting of funds and services.

CDBG is administered by the U.S. Department of Housing and Urban Development (HUD) and is authorized under Title 1 of the Housing and Community Development Act of 1974 (HCDA), as amended. HUD is responsible for monitoring participating jurisdictions to ensure compliance with CDBG program requirements. The regulations implementing the CDBG Program are found in the Code of Federal Regulation: 24 CFR Part 570. The purpose of the CDBG program is to enhance and maintain viable urban communities through the provision of decent affordable housing, a suitable living environment, and the expansion of economic opportunities for low – moderate income persons and households.

The County of Monterey receives an annual CDBG allocation directly from HUD and an Urban County. The County does not meet the population or percentage of low-moderate income persons in the unincorporated areas to qualify for designation as an Urban County. To reach the required thresholds the County must partner with cities. During the current three-year Urban County qualification period, the Urban County includes the unincorporated areas of the County and the cities of Del Rey Oaks, Gonzales, Greenfield, and Sand City.

COUNTY STAFF AND URBAN COUNTY COMMITTEE RESPONSIBILITIES

Housing and Community Development Department Staff:

It is the responsibility of the Department staff to monitor the programs' activities and report on contract compliance to the Urban County Standing Committee and to County Council. It is also the responsibility of Department staff to review and process reimbursement requests and to communicate applicable policies and regulations to programs.

A Department staff liaison will be assigned to each program. The staff liaison will handle all contract related matters for the funded program, including contract execution, performance reporting, monitoring, reimbursement of eligible expenses, and technical assistance. All contract-related matters will be channeled through the staff liaison. Technical assistance is available to programs upon request. The response to a request for technical assistance will consider the availability of Department staff and staff members' expertise in the area of concern.

Urban County Standing Committee

The Urban County Standing Committee (UCSC) is an advisory body to the County of Monterey Board of Supervisors which encourages a planned and orderly approach to the development of community services in the County. It is the primary way that community input and comments are collected for Council's review prior to allocating funds. The Urban County Standing Committee reviews, evaluates, and makes recommendations to the County on proposals submitted by agencies seeking funding for County sponsored affordable housing, infrastructure, public projects, and endorse city projects. Public meetings

of the UCSC are held as needed and is composed of two members of the Board of Supervisors on a rotating basis. The Department provides staff support to the Urban County Standing Committee. All agencies on the Urban County NOFA distribution list receive an electronic copy of each meeting agenda prior to each meeting.

CDBG PROGRAM MANAGEMENT

The County of Monterey Housing and Community Development Department is the lead agency for administration of the CDBG program. Program management includes development of the Consolidated Plan, preparation of the Action Plan, CAPER, and other required reporting as summarized below. The County will at times, utilize the services of a specialized consultant to assist the County in carrying out the activities during each program year.

The County is required to complete an array of plans and reports for the use of CDBG funds. The following summarizes the mandatory plans.

CONSOLIDATED PLAN

A Consolidated Plan is a five-year plan required to receive federal CDBG funding and serves as an agency's application for funds. CDBG Program funding is provided to local jurisdictions for various affordable housing and community development needs. These needs are identified during the Consolidated Plan process. The Consolidated Plan identifies the community development and housing needs of the County, especially for its low-moderate income residents, and the strategies and resources to meet the identified needs. Several stakeholder and public meetings are held during 9th Consolidated Planning process to garner public participation regarding the needs of the community and prioritization of funds. The Consolidated Plan is published for a 30-day public review and comment period. Following the public review period, the Consolidated is presented to the County Council for consideration and approval. The approved Consolidated Plan must be submitted to HUD at least 45 days before the start of the fiscal year.

For example: The Urban County 2020-2024 Consolidated Plan identified the following priority needs that CDBG funds would be used to address.

- Affordable housing - including housing for a variety of special needs populations and retention of affordable units.
- Homeless Services and Homeless Prevention
- Infrastructure improvements, especially projects that address compliance with the Americans with Disabilities Act (ADA), public safety, and infrastructure that supports affordable housing.
- Public Facilities - including projects to make public facilities ADA compliant.
- Public Services – especially those focused on youth, health, and seniors, and fair housing.
- Planning and Administration

ANNUAL ACTION PLAN

Following approval of the annual CDBG budget and funding allocations by the County Council, Housing and Community Development staff prepares the Annual Action Plan. The Action Plan includes goals, objectives and performance measures for all CDBG-funded projects and activities. The Action Plan is published for a 30-day public review and comment period. Following the public review period, the Action Plan is presented to the County Council for consideration and approval. Following County Council approval, the Action Plan is submitted to HUD at least 45 days prior to the beginning of the program year.

CONSOLIDATED ANNUAL PERFORMANCE REPORT (CAPER)

Community Development staff prepare a CAPER using the provide HUD template annually. The CAPER provides clear and correct financial and beneficiary information showing how the County is carrying out its housing and community development strategies, activities, and projects. The draft CAPER is made available for a 30-day public review and comment period at the end of each program year, followed by a County Council Public Meeting. The County submits the final CAPER to HUD, no later than ninety days following the close of the program year.

CITIZEN PARTICIPATION PLAN

As an entitlement community, the County of Monterey must comply with 24 CFR Part 91.105 regarding public participation. The County Council approved an updated Citizen Participation Plan for the CDBG program on May 19, 2020. The purpose of the Plan is to describe how the County engages the public to become involved in the Consolidated Planning process and use of federal funds. The Citizen Participation Plan for the CDBG program is available for review at the County’s Housing and Community Development Department located at 1441 Schilling Place, South, 2nd Floor, Salinas, CA 93901 during normal business hours, Monday – Friday 8:00am – 4:00pm.

FAIR HOUSING (ANALYSIS OF IMPEDIMENTS TO FAIR HOUSING CHOICE)

HUD requires that cities and states receiving block grant funding take actions to affirmatively further fair housing choice. Cities report on such activities by completing an Analysis of Impediments to Fair Housing Choice (AI) every three to five years. In general, the AI is a review of impediments to fair housing choice in the public and private sector. The County of Monterey updated its AI with the 2020-2024 Consolidated Plan process.

CDBG FUNDING LIMITATIONS

HUD allows a maximum of 20% of the CDBG award to be used towards general program administration and planning. A maximum of 15% of the County’s total allocation may be used for Public Services activities. The remaining 65% is used for other improvements vital to a community development such as economic development, housing, code enforcement, ADA concrete improvements, recreational facilities, street improvements, water main improvements, sewer line improvements, parks, and playgrounds. For example: As part of the 2020-2024 Consolidated Plan, the Urban County anticipated allocating available CDBG funds to activities proposed by partner cities, public services & general administration shown in Table 1.

	FY20-21	FY21-22	FY22-23	FY23-24	FY24-25	Total Available Funding	Share of Funding
Del Rey Oaks					\$50,000	\$50,000	1%
Gonzales			\$405,000	\$405,000		\$810,000	12%
Greenfield			\$497,229	\$477,229	\$425,542	\$1,400,000	20%
Sand City						\$0	0%

County Projects	\$902,229	\$902,229		\$20,000	\$426,687	\$2,251,145	32%
Public Services	\$208,207	\$208,207	\$208,207	\$208,207	\$208,207	\$1,041,035	15%
Administration	\$277,608	\$277,608	\$277,608	\$277,608	\$277,608	\$1,388,040	20%
Total Annual Funding	\$1,388,044	\$1,388,044	\$1,388,044	\$1,388,044	\$1,388,044	\$6,940,220	

The amounts in Table 1 were based on the Urban County’s 2019 CDBG award and funding will be adjusted based on the actual CDBG awards. Sand City was awarded funding from the 2020-24 period during the 2013-19 Consolidated Plan period.

CDBG PRIMARY OBJECTIVES

The primary objective of the CDBG program is the development of viable urban communities through the provision of decent housing, a suitable living environment and expanded economic opportunities principally for persons of low-moderate income, defined as a person residing in a household with income at or below 80% of area median income. This is achieved by providing the following, principally for persons of low and moderate income.

1. Decent housing
2. A suitable living environment
3. Expanded economic opportunities

NATIONAL OBJECTIVES

To be eligible for CDBG funding each activity must meet one of HUD’s three National Objectives. The National objectives are:

1. **National Objective #1** - Benefit low- and moderate-income individuals.
2. **National Objective #2** - Aid in the prevention or elimination of slum and blight.
3. **National Objective #3** - Meeting other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community and other financial resources are not available.

NATIONAL OBJECTIVE #1 – BENEFIT TO LOW AND MOD INCOME INDIVIDUALS

The Benefit to Low- and Moderate-Income Individual (also known as Low/Mod or LMI) is referred to as the “primary” National Objective because Federal regulations require that 70% of CDBG funds meet this National Objective. The definition of a low- or moderate-income person or household is having an income equal to or less than the Section 8 lower income limits established by HUD. The Urban County uses the current income limits published by HUD at

https://www.huduser.gov/portal/datasets/il.html#2022_query. The 2022 HUD income limits for County of Monterey are listed in Table 2:

Table 2
2022 CDBG Income Limits

Household Number	1	2	3	4	5	6	7	8
Extremely Low Income 30%	23,900	27,300	30,700	34,100	36,850	39,600	42,300	45,050
Very Low Income 50%	39,800	45,500	51,200	56,850	61,400	65,950	70,500	75,050
Low Income 60%	47,760	54,600	61,440	68,220	73,680	79,140	84,600	90,060
Moderate Income 80%	63,700	72,800	81,900	91,000	98,300	105,600	112,850	120,150

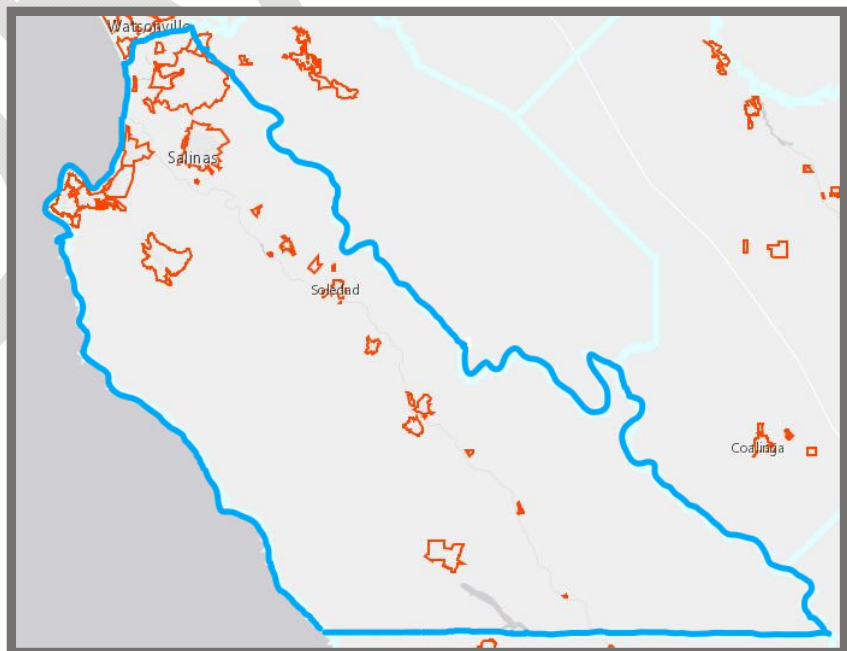

The Low-Moderate National Objective contains four subcategories:

1. *Low-Mod Area (LMA)*
2. *Limited Clientele (LMC)*
3. *Low-Mod Housing (LMH)*
4. *Low-Mod Job Creation and Retention (LMJ)*

1. Low-Mod Area (LMA)

HUD is currently using the 2011-2015 American Community Service data to define low-moderate income areas. Information on the HUD Low- and Moderate-Income Summary Data can be found at <https://www.hudexchange.info/programs/acs-low-mod-summary-data/>. The Urban County County’s CDBG eligible low-mod boundaries are shown in the map on the following page. The Urban County will use the most current data available through the HUD website.

An area benefit activity serves geographic areas where at least 51% of the households are low and moderate income and primarily residential. To meet this criterion, 51% of household incomes must be equal to or less than 80% of the County median income. Typical activities of LMA are construction, graffiti abatement, community facilities, construction of a health clinic, development of a community center, and street, water, and sewer line improvements.

2. Limited Clientele (LMC)

Low-Mod Income Limited Clientele (LMC) is an activity which provides benefits to a specific group of persons. At least 51% of the beneficiaries of the activity must be Low-Mod income persons. To qualify under LMC, a client must meet one of the following tests:

- **Test 1 – Limited Clientele Based on Presumed Benefit**

Clients who are generally *presumed* by HUD to be principally LMI persons.

Examples: Senior Meals on Wheels Program or Adult Literacy Program.

Clients *presumed* by HUD to be LMI include:

- Abused children
- Elderly persons
- Battered spouses
- Homeless persons
- Illiterate adults
- Persons living with AIDS
- Migrant farm workers
- Severely disabled persons *defined below*:
 - Use of a wheelchair or another special aid for 6 months or longer
 - Unable to perform one or more functional activities: Seeing, hearing, having one's speech understood, lifting, and carrying, walking up a flight of stairs and walking.
- Prevented from working at a job or doing housework
- Autism, cerebral palsy, Alzheimer's disease, senility, dementia, or mental retardation
- Under 65 years of age and covered by Medicare or receive SSI

Records to be maintained for *presumed* benefit:

Subrecipients must collect and retain documentation showing that the activity is designed to be used exclusively by one of these presumed low-income groups. Example: senior service program should retain a copy of a photo I.D. or birth certificate showing each beneficiary is at least 62 years of age.

- **Test 2 – Limited Clientele Based on Family Size and Income**

Requires family size information and income from every client 18 and over in a household to prove that clients are persons whose family income does not exceed the low – moderate income limit.

Records to be maintained for *Family Size and Income*:

Subrecipients must collect and retain documentation showing the household size and household annual income of each person receiving the benefit. Examples of income documentation include paystubs, tax returns, social security, unemployment, etc. Additional detailed information on Limited Clientele eligibility can be found under Determining Eligibility on page 14.

3. Low-Mod Housing Activities (LMH)

The housing category of LMI benefit National Objective qualifies activities that are undertaken for the purpose of providing or improving permanent residential structures which, upon completion will be occupied by LMI households. To meet the housing LMI National Objective LMH, structures with one

unit must be occupied by a LMI household. If the structure has two units, half the households must be LMI. Structure with three or more units must have at least 51% occupied by LMI households and documentation must be maintained to meet the definition of LMI.

4. Low-Mod Job Creation and Retention (LMJ)

Low-Moderate Job Creation and Retention activities must create or retain jobs that will principally be available to LMI persons. Documentation must be maintained that demonstrates the minimum number of jobs were created or maintained based on the size of CDBG investment and that 51% of those jobs are available to low- and moderate-income persons. Examples include loans or grants to businesses providing job training opportunities for low- and moderate-income persons. Advertising and recruiting efforts directed to areas where substantial number of low and moderate-income persons reside.

NATIONAL OBJECTIVE #2 – PREVENTION OR ELIMINATION OF SLUM/BLIGHT

This category covers activities that aid in the prevention or elimination of slums or blight in a designated area. Examples include:

- Rehabilitation of substandard housing located in a designated blight area when the housing is brought to standard condition; and
- Infrastructure improvements in a deteriorated area; and
- Economic development assistance in the form of a low-interest loan to a business as an inducement to locate a branch store in a redeveloping blighted area.

Projects may qualify if benefiting an area defined under state or local law as a slum or blighted area, and which contains a substantial number of deteriorating or dilapidated building or infrastructure. To meet eligibility requirements, the activity must be designed to address one or more of the conditions which qualified the area as slum and blighted. Residential rehabilitation qualifies if the property is considered substandard per local definition.

NATIONAL OBJECTIVE #3 – URGENT NEED

Activities must be designed to alleviate existing conditions that pose a serious and immediate threat to the health or welfare of the community, which became urgent within the past 18 months, grantee is unable to finance the activity on its own, and other sources of funding are not available. Examples include:

- Acquisition of property located in a flood plain that was severely damaged by a recent flood;
- Public facility improvements like the reconstruction of a publicly owned hospital that was severely damaged by a tornado;
- Public services like additional police protection to prevent looting in an area damaged by a recent hurricane;
- Interim assistance such as emergency treatment of health problems caused by a recent flood;
- Special economic development assistance to a grocery store that was damaged by a recent earthquake.

ELIGIBLE CDBG ACTIVITIES

Every project that receives CDBG funds must meet two criteria's: the project must meet a National Object and it must also be an Eligible Activity as defined in 24 CFR 570.201. A list of typical eligible activities includes, but is not limited to:

- Public facilities improvements
- Economic development projects
- Infrastructure improvements
- Acquisition
- Relocation

Items which cost less than \$500 and which have a useful life of less than one year is eligible. All purchases of equipment require County pre-approval. Request to purchase equipment are to be sent to the County 45 days prior to the purchase order date. The request should include the cost of the item, where it will be purchased, a detailed explanation of why it should be bought rather than leased or rented, and where the funds for the purchases will come from. If County CDBG funds will be paying only a portion, list all other funding sources and the respective amounts. The County will review the request and issue a decision within 10 business days.

URBAN COUNTY USE OF CDBG FUNDS

AFFORDABLE HOUSING

CDBG funding may be used to support the rehabilitation and repair of affordable housing; acquisition for rehabilitation of multi-family residential buildings; energy efficiency improvements for homes owned by low-moderate households; and financial assistance to low-moderate income homeowners purchasing a home. Beneficiaries of CDBG supported affordable housing are generally reported using the Low-Mod Household (LMH) National Objective.

CDBG funds may NOT be used to fund construction of new affordable multi-family housing.

INFRASTRUCTURE AND PUBLIC FACILITIES

CDBG funding may be used to support a wide range of infrastructure and public facility projects, including the construction of new neighborhood and public facilities. The Urban County will target the use of CDBG funds towards construction/renovation of public facilities for the homeless or where services for the homeless are provided, addressing architectural barriers for the disabled in public facilities (especially parks), and providing infrastructure in low-moderate communities. Beneficiaries of these improvements will generally satisfy either the Low-Mod Area (LMA) or, in limited cases, the Low-Mod Household when CDBG funds are used to connect qualified homeowners to public utilities.

CDBG funds may not be used to construct or maintain buildings used to provide general governmental services.

PUBLIC SERVICES

The maximum amount of amount of funds obligated for public services cannot exceed 15% of the annual grant. The Urban County will not exercise the option of capturing 15% of program income received during the prior year to augment the Public Service allocation. Majority of the subrecipients apply for public service funding, due to the 15% cap it can be a very competitive process.

At least 51% of a public service activity clientele must be documented as low and moderate-income persons either through Low-Mod Area (LMA) or Low-Mod Limited Clientele (LMC).

Public services must be a new service or an increase in the level of an existing level of services. CDBG funds may be used to pay for labor, supplies, and material as well as to operate and/or maintain the portion of a facility in which the public service is located. This includes the lease of a facility, equipment,

and other property needed for the public service. Public services **eligible** activities include, but not limited to:

- Employment and job development services (e.g. job training)
- Crime prevention and public safety
- Childcare
- Health services
- Substance abuse services (e.g. counseling and treatment)
- Fair housing counseling
- Education programs
- Energy conservation
- Senior citizen services
- Homeless services
- Down payment assistance
- Recreational services
- Youth enrichment services
- Juvenile delinquency prevention

Fair housing is the only CDBG mandated activity. The Urban County may fund fair housing services under either the Public Service cap or the Planning and Administration cap. If fair housing services are funded under the Planning and Administration cap, the requirement that 51% of beneficiaries are low-mod individuals or households.

Public services **ineligible** activities include:

- Income payments paid directly to clients, which are used to provide basic services such as food, shelter (including payment for rent, mortgage, and/or utilities) or clothing.

However, such expenditures are **eligible only if determined as Emergency Situations** under the following conditions:

- The income payments do not exceed 3 consecutive months; and
- The payments are made directly to the provider of the service on behalf of the client.

PLANNING AND ADMINISTRATION

The maximum amount of amount of funds obligated for planning and administration cannot exceed 20% of the annual grant. The Urban County will not exercise the option of capturing 20% of program income received during the current year to augment the Public Service allocation. Planning and administration activities are generally related to what the County is required to do to implement the Urban County program. This includes public noticing, required reporting, preparation of subrecipient agreements, and environmental reviews that are Exempt, Categorical Excluded, or requiring a “simple” Environmental Assessment. Projects that require “complex” EAs or preparation of an Environmental Impact Statement will generally not be funded by the Urban County. Planning and administrative activities are not required to meet a National Objective.

APPLICATION AND SUBRECIPIENT MANAGEMENT

APPLICATION PROCESS

The County contracts with City Data Services (<https://citydataservices.net/> [CDS]) to provide an online application and reporting application. Annually, the Urban County issues a Notice of Funding Availability (NOFA) to interested parties. The purpose of the NOFA is to identify activities and projects that may qualify for Urban County funding, provide technical assistance to organizations that are interested in applying for Urban County funding, collecting updated information on community needs,

and explaining the online application process. The typical life cycle for an Urban County subrecipient award follows this schedule.

December – NOFA Issued & Workshop

January – Applications Due

February – Public Service applications rated and ranked by Urban County participating jurisdiction staff.

March – Urban County Committee meets to recommend projects and funding levels for inclusion in Annual Plan.

May – Annual Plan considered by Board of Supervisors

June – Environmental reviews and Subrecipient Agreements completed

July – Subrecipient Agreement term begins

June of following year – Subrecipient Agreement term ends

August of following year – Final draw requests and activity reports due

The online application collects information on the applicant organization, the proposed project, the proposed scope of work, and the proposed beneficiaries. Applicants are allowed to self-identify the IDIS Matrix Code their proposed activity is covered by and the National Objective the activity will meet. Urban County staff will review the proposed activity, Matrix Code, and National Objective, and, if necessary, work with the applicant to revise these data points.

ELIGIBILITY DETERMINATION

Applications that proposed to meet the Low-Mod Area Benefit National Objective must be available to **all** residents of an area where at least 51% of residents are LMI. The applicant must clearly define the area of benefit. Required documentation of this objective consist of:

MANAGEMENT OF SUBRECIPIENTS

POLICY

Prior to contract execution, all subrecipients must have the needed support, confirmed matching resources, sufficiently developed plans, a program site, and budget to start the proposed program after the funding approval and complete the program within one year after start-up. Programs should be able to begin on July 1st, the beginning of the County's Fiscal Year. Funds must be spent in a timely manner.

Subrecipients are expected to spend at least 50% of the allocated funds prior to December 31st and 75% by March 31st. Unspent funds cannot be carried forwarded; therefore, are subject to potential reprogramming to other eligible programs.
