5.0 PERFORMANCE STANDARDS:

5.01 CONTRACTOR warrants that CONTRACTOR and CONTRACTOR's agents, employees, and subcontractors performing services under this Agreement are specially trained, experienced, competent, and appropriately licensed to perform the work and deliver the services required under this Agreement and are not employees of the County, or immediate family of an employee of the County.

5.02 CONTRACTOR, its agents, employees, and subcontractors shall perform all work in a safe and skillful manner and in compliance with all applicable laws and regulations. All work performed under this Agreement that is required by law to be performed or supervised by licensed personnel shall be performed in accordance with such licensing requirements.

5.03 CONTRACTOR shall furnish, at its own expense, all materials, equipment, and personnel necessary to carry out the terms of this Agreement, except as otherwise specified in this Agreement. CONTRACTOR shall not use County premises, property (including equipment, instruments, or supplies) or personnel for any purpose other than in the performance of its obligations under this Agreement.

6.0 PAYMENT CONDITIONS:

6.01 Prices shall remain firm for the initial term of the Agreement and, thereafter, may be adjusted annually as provided in this paragraph. The County does not guarantee any minimum or maximum amount of dollars to be spent under this Agreement.

6.02 Negotiations for rate changes shall be commenced, by CONTRACTOR, a minimum of ninety days (90) prior to the expiration of the Agreement. Rate changes are not binding unless mutually agreed upon in writing by the County and the CONTRACTOR.

6.03 Invoice amounts shall be billed directly to the ordering department.

6.04 CONTRACTOR shall submit such invoice periodically or at the completion of services, but in any event, not later than 30 days after completion of services. The invoice shall set forth the amounts claimed by CONTRACTOR for the previous period, together with an itemized basis for the amounts claimed, and such other information pertinent to the invoice. The County shall certify the invoice, either in the requested amount or in such other amount as the County approves in conformity with this Agreement and shall promptly submit such invoice to the County Auditor-Controller for payment. The County Auditor-Controller shall pay the amount certified within 30 days of receiving the certified invoice.

6.05 CONTRACTOR shall not receive reimbursement for mileage or travel expenses unless set forth in this Agreement.

7.0 TERMINATION:

7.01 During the term of this Agreement, the County may terminate the Agreement for any reason by giving written notice of termination to the CONTRACTOR at least thirty (30) days prior to the effective date of termination. Such notice shall set forth the effective date of termination. In the event of such termination, the amount payable under this Agreement shall be reduced in proportion to the services provided prior to the date of termination.

Docusign Envelope ID: D4C7881F-E877-4584-8085-98A38DD07BF0

7.02 The County may cancel and terminate this Agreement for good cause effective immediately upon written notice to CONTRACTOR. "Good cause" includes the failure of CONTRACTOR to perform the required services at the time and in the manner provided under this Agreement. If County terminates this Agreement for good cause, the County may be relieved of the payment of any consideration to CONTRACTOR, and the County may proceed with the work in any manner, which County deems proper. The cost to the County shall be deducted from any sum due the CONTRACTOR under this Agreement.

7.03 The County's payments to CONTRACTOR under this Agreement are funded by local, state and federal governments. If funds from local, state and federal sources are not obtained and continued at a level sufficient to allow for the County's purchase of the indicated quantity of services, then the County may give written notice of this fact to CONTRACTOR, and the obligations of the parties under this Agreement shall terminate immediately, or on such date thereafter, as the County may specify in its notice, unless in the meanwhile the parties enter into a written amendment modifying this Agreement.

8.0 INDEMNIFICATION:

CONTRACTOR shall indemnify, defend, and hold harmless the County, its officers, agents, and employees, from and against any and all claims, liabilities, and losses whatsoever (including damages to property and injuries to or death of persons, court costs, and reasonable attorneys' fees) occurring or resulting to any and all persons, firms or corporations furnishing or supplying work, services, materials, or supplies in connection with the performance of this Agreement, and from any and all claims, liabilities, and losses occurring or resulting to any person, firm, or corporation for damage, injury, or death arising out of or connected with the CONTRACTOR's performance of this Agreement, unless such claims, liabilities, or losses arise out of the sole negligence or willful misconduct of the County. "CONTRACTOR's performance" includes CONTRACTOR's action or inaction and the action or inaction of CONTRACTOR's officers, employees, agents and subcontractors.

9.0 INSURANCE REQUIREMENTS:

9.01 **Evidence of Coverage:** Prior to commencement of this Agreement, the Contractor shall provide a "Certificate of Insurance" certifying that coverage as required herein has been obtained. Individual endorsements executed by the insurance carrier shall accompany the certificate. In addition, the Contractor upon request shall provide a certified copy of the policy or policies.

This verification of coverage shall be sent to the County's Contracts/Purchasing Department, unless otherwise directed. The Contractor shall not receive a "Notice to Proceed" with the work under this Agreement until it has obtained all insurance required and the County has approved such insurance. This approval of insurance shall neither relieve nor decrease the liability of the Contractor.

9.02 **Qualifying Insurers:** All coverages, except surety, shall be issued by companies which hold a current policy holder's alphabetic and financial size category rating of not less than A- VII, according to the current A.M. Best's Rating Guide or a company of equal financial stability that is approved by the County's Purchasing Agent.

9.03 **Insurance Coverage Requirements:** Without limiting CONTRACTOR's duty to

Docusign Envelope ID: D4C7881F-E877-4584-8085-98A38DD07BF0

indemnify, CONTRACTOR shall maintain in effect throughout the term of this Agreement a policy or policies of insurance with the following minimum limits of liability:

Commercial General Liability Insurance: including but not limited to premises and operations, including coverage for Bodily Injury and Property Damage, Personal Injury, Contractual Liability, Broad form Property Damage, Independent Contractors, Products and Completed Operations, with a combined single limit for Bodily Injury and Property Damage of not less than $1,000,000 per occurrence, and $2,000,000 in the aggregate.
(Note: any proposed modifications to these general liability insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

Auto Liability Coverage: must include motor vehicles, including scheduled, non-owned, and hired vehicles, used in providing services under this Agreement, with a combined single limit or Bodily Injury and Property Damage of not less than $1,000,000 per occurrence.
(Note: any proposed modifications to these auto insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

Workers' Compensation Insurance: if CONTRACTOR employs others in the performance of this Agreement, in accordance with California Labor Code section 3700 and with Employer's Liability limits not less than $1,000,000 each person, $1,000,000 each accident and $1,000,000 each disease.
(Note: any proposed modifications to these workers' compensation insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

Professional Liability Insurance: if required for the professional services being provided, (e.g., those persons authorized by a license to engage in a business or profession regulated by the California Business and Professions Code), in the amount of not less than $1,000,000 per claim and $2,000,000 in the aggregate, to cover liability for malpractice or errors or omissions made in the course of rendering professional services. If professional liability insurance is written on a "claims-made" basis rather than an occurrence basis, the CONTRACTOR shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage ("tail coverage") with the same liability limits. Any such tail coverage shall continue for at least three years following the expiration or earlier termination of this Agreement.
(Note: Professional liability insurance coverage is required if the contractor is providing a professional service regulated by the state. Examples of service providers regulated by the state are insurance agents, professional architects and engineers, doctors, certified public accountants, lawyers, etc. However, other professional Contractors, such as computer or software designers, technology services, and services providers such as claims administrators, should also have professional liability. If in doubt, consult with your risk or contract manager.)

If the contractor maintains broader coverage and/or higher limits than the minimums shown above, the County requires and shall be entitled to the broader coverage and/or higher limits maintained by the contractor.

9.04 **Other Requirements:**

All insurance required by this Agreement shall be with a company acceptable to the County and issued and executed by an admitted insurer authorized to transact Insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three years following the date CONTRACTOR completes its performance of services under this Agreement.

Each liability policy shall provide that the County shall be given notice in writing at least thirty days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for Contractor and additional insureds with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

Additional Insured Status:

The County of Monterey, its officers, officials, employees, agents, and volunteers are to be covered as additional insureds on the auto liability policy for liability arising out of automobiles owned, leased, hired or borrowed by or on behalf of the Contractor. Auto liability coverage shall be provided in the form of an endorsement to the CONTRACTOR'S insurance.

The County of Monterey, its officers, officials, employees, agents, and volunteers are to be covered as additional insureds on the commercial general liability policy with respect to liability arising out of work or operations performed by or on behalf of the CONTRACTOR including materials, parts, or equipment furnished in connection with such work or operations. General liability coverage shall be provided in the form of an endorsement to the CONTRACTOR'S insurance (at least as broad as ISO Form CG 20 10 11 85 or if not available, through the addition of both CG 20 10, CG 20 26, CG 20 33, or CG 20 38; and CG 20 37 if a later edition is used).

Primary Coverage:

For any claims related to this contract, the CONTRACTOR'S insurance coverage shall be primary and non-contributory and at least as broad as ISO CG 20 01 04 13 as respects the County, its officers, officials, employees, agents, and volunteers. Any insurance or self-insurance maintained by the County, its officers, officials, employees, agents, or volunteers shall be excess of the CONTRACTOR'S insurance and shall not contribute with it. This requirement shall also apply to any Excess or Umbrella liability policies.

Workers' Compensation Waiver of Subrogation:

The workers' compensation policy required hereunder shall be endorsed to state that the workers' compensation carrier waives its right of subrogation against COUNTY, its officers, officials, employees, agents, or volunteers, which might arise by reason of payment under such policy in connection with performance under this Agreement by CONTRACTOR. Should CONTRACTOR be self-insured for workers' compensation, CONTRACTOR hereby agrees to waive its right of subrogation against COUNTY, its officers, officials,

Docusign Envelope ID: D4C7881F-E877-4584-8085-98A38DD07BF0

employees, agents, or volunteers.

Prior to the execution of this Agreement by the County, CONTRACTOR shall file certificates of insurance and endorsements with the County's contract administrator and County's Contracts/Purchasing Division, showing that the CONTRACTOR has in effect the insurance required by this Agreement. The CONTRACTOR shall file a new or amended certificate of insurance within five calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect. CONTRACTOR shall always during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County, annual certificates to County's Contract Administrator and County's Contracts/Purchasing Division. If the certificate is not received by the expiration date, County shall notify CONTRACTOR and CONTRACTOR shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance is a default of this Agreement, which entitles County, at its sole discretion, to terminate this Agreement immediately.

10.0 RECORDS AND CONFIDENTIALITY:

10.01 **Confidentiality:** CONTRACTOR and its officers, employees, agents, and subcontractors shall comply with any and all federal, state, and local laws, which provide for the confidentiality of records and other information. CONTRACTOR shall not disclose any confidential records or other confidential information received from the County or prepared in connection with the performance of this Agreement, unless County specifically permits CONTRACTOR to disclose such records or information. CONTRACTOR shall promptly transmit to County any and all requests for disclosure of any such confidential records or information. CONTRACTOR shall not use any confidential information gained by CONTRACTOR in the performance of this Agreement except for the sole purpose of carrying out CONTRACTOR's obligations under this Agreement.

10.02 **County Records:** When this Agreement expires or terminates, CONTRACTOR shall return to County any County records which CONTRACTOR used or received from County to perform services under this Agreement.

CONTRACTOR shall maintain such records for a period of at least three years after reciept of final payment under this Agreement. If any litigation, claim, negotiation, audit exception, or other action relating to this Agreement is pending at the end of the three-year period, then CONTRACTOR shall retain said records until such action is resolved.

10.04 **Access to and Audit of Records:** The County shall have the right to examine, monitor and audit all records, documents, conditions, and activities of the CONTRACTOR and its subcontractors related to services provided under this Agreement. 10.05 **Royalties and Inventions:** County shall have a royalty-free, exclusive and irrevocable license to reproduce, publish, and use, and authorize others to do so, all original computer programs, writings, sound recordings, pictorial reproductions, drawings, and other works of similar nature produced in the course of or under this Agreement. CONTRACTOR shall not publish any such material without the prior written approval of County.

10.06 **Format of Deliverables:** For this section, "Deliverables" shall mean all electronic documents CONTRACTOR provides to the County under this Agreement. CONTRACTOR shall ensure all Deliverables comply with the requirements of the Web Content Accessibility Guidelines ("WCAG") 2.1, pursuant to the Americans with Disabilities Act ("ADA"). CONTRACTOR shall ensure that the evaluation and treatment of its employees and applicants for employment and all persons receiving and requesting services are free of such discrimination. CONTRACTOR and any subcontractor shall, in the performance of this Agreement, fully comply with all federal, state, and local laws and regulations which prohibit discrimination. The provision of services primarily or exclusively to such target population as may be designated in this Agreement shall not be deemed to be prohibited discrimination.

12.0 COMPLIANCE WITH TERMS OF STATE OR FEDERAL GRANTS:

B. PERFORMANCE REPORTING

CONTRACTOR shall enter data monthly into the AAA GetCare System by the 10th day of the month following the month of service. Health Promotion is not a registered service but does require client estimate information.

CONTRACTOR shall provide a quarterly narrative report to County describing the progress of services by October 10, 2025, January 10, 2026, April 10, 2026 and July 10, 2026. The Narrative Report shall be in the form set forth in **Exhibit D-4**.

County has an expectation that a certain number of services are delivered within each reporting period. The benchmark is determined by dividing the service units into the number of months within the contract term. The County has expectations that CONTRACTOR will deliver the contracted service units within 20% of the benchmark.

If CONTRACTOR falls below the required benchmark percentage for two (2) consecutive quarters, and if requested by the County, CONTRACTOR will provide a corrective action plan to the AAA describing the reason for the occurrence and a plan to meet the benchmark.

C. MATCH REQUIREMENTS

Title III-D requires a local cash/in-kind match of 10.53%. The required match is calculated by taking the total program costs less program income, and non-matching contributions, multiplied by the matching requirement percentage. If in-kind match is applied, sub-contractor must provide written documentation explaining how the in-kind was determined and valued. Sub-contractor is required to maintain proper documentation supporting cash/ in-kind claimed and must be available upon request.

Health Insurance Portability & Accountability Act (HIPAA) Certification

WHEREAS, Sections 261 through 264 of the federal Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, known as "the Administrative Simplification provisions," direct the Department of Health and Human Services to develop standards to protect the security, confidentiality and integrity of health information; and

WHEREAS, pursuant to the Administrative Simplification provisions, the Secretary of Health and Human Services has issued regulations modifying 45 CFR Parts 160 and 164 (the "HIPAA Privacy Rule"); and

WHEREAS, CONTRACTOR and COUNTY have entered into an Agreement ("the Agreement") to which this Certification is an attachment whereby CONTRACTOR will provide certain services to COUNTY; and

WHEREAS, CONTRACTOR may have access to Protected Health Information (as defined below) in fulfilling its responsibilities under the underlying Agreement.

THEREFORE, in consideration of the Parties' continuing obligations under the Agreement, compliance with the HIPAA Privacy Rule, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, CONTRACTOR agrees to the provisions of this Certification and of the HIPAA Privacy Rule and to protect the interests of COUNTY.

I. DEFINITIONS

Except as otherwise defined herein, any and all capitalized terms in this Section shall have the definitions set forth in the HIPAA Privacy Rule. In the event of an inconsistency between the provisions of this Certification and mandatory provisions of the HIPAA Privacy Rule, as amended, the HIPAA Privacy Rule shall control. Where provisions of this Certification are different than those mandated in the HIPAA Privacy Rule, but are nonetheless permitted by the HIPAA Privacy Rule, the provisions of this Certification shall control.

The term "Protected Health Information" means individually identifiable health information including, without limitation, all information, data, documentation, and materials, including without limitation, demographic, medical and financial information, that relates to the past, present, or future physical or mental health or condition of an individual; the provision of health care to an individual; or the past, present, or future payment for the provision of health care to an individual; and that identifies the individual or with respect to which there is a reasonable basis to believe the information can be used to identify the individual.

CONTRACTOR acknowledges and agrees that all Protected Health Information that is created or received by COUNTY and disclosed or made available in any form, including paper record, oral communication, audio recording, and electronic display by COUNTY, or its operating units, to CONTRACTOR or is created or received by CONTRACTOR on COUNTY's behalf shall be subject to this Certification.

II. CONFIDENTIALITY REQUIREMENTS

Docusign Envelope ID: D4C7881F-E877-4584-8085-98A38DD07BF0

(a) CONTRACTOR agrees:
(i) to use or disclose any Protected Health Information solely: (1) for meeting its obligations as set forth in any agreements between the Parties evidencing their business relationship or (2) as required by applicable law, rule or regulation, or by accrediting or credentialing organization to whom COUNTY is required to disclose such information, or as otherwise permitted under this Certification, or the underlying Agreement ,(if consistent with this Certification and the HIPAA Privacy Rule), or the HIPAA Privacy Rule, and (3) as would be permitted by the HIPAA Privacy Rule if such use or disclosure were made by COUNTY; and
(ii) at termination of the Agreement, (or any similar documentation of the business relationship of the Parties), or upon request of COUNTY, whichever occurs first, if feasible CONTRACTOR will return or destroy all Protected Health Information received from or created or received by CONTRACTOR on behalf of COUNTY that CONTRACTOR still maintains in any form, and retain no copies of such information, or if such return or destruction is not feasible, CONTRACTOR will extend the protections of this Agreement to the information and limit further uses and disclosures to those purposes that make the return or destruction of the information not feasible; and
(iii) to ensure that its agents, including a subcontractor(s), to whom it provides Protected Health Information received from or created by CONTRACTOR on behalf of COUNTY, agrees to the same restrictions and conditions that apply to CONTRACTOR with respect to such information. In addition, CONTRACTOR agrees to take reasonable steps to ensure that its employees' actions or omissions do not cause CONTRACTOR to breach the terms of the Agreement.

(b) Notwithstanding the prohibitions set forth in this Certification or the Agreement, CONTRACTOR may use and disclose Protected Health Information as follows:
(i) if necessary, for the proper management and administration of CONTRACTOR or to carry out the legal responsibilities of CONTRACTOR, provided that as to any such disclosure, the following requirements are met:
(A) the disclosure is required by law; or
(B) CONTRACTOR obtains reasonable assurances from the person to whom the information is disclosed that it will be held confidentially and used or further disclosed only as required by law, or for the purpose for which it was disclosed to the person, and the person notifies CONTRACTOR of any instances of which it is aware in which the confidentiality of the information has been breached;
(ii) for data aggregation services, if to be provided by CONTRACTOR for the health care operations of COUNTY pursuant to any agreements between the Parties evidencing their business relationship. For purposes of this Certification and the Agreement, data aggregation services means the combining of Protected Health Information by CONTRACTOR with the protected health information received by CONTRACTOR in its capacity as CONTRACTOR of another COUNTY, to permit data analyses that relate to the health care operations of the respective covered entities.

(c) CONTRACTOR will implement appropriate safeguards to prevent use or disclosure of Protected Health Information other than as permitted in this Certification. The Secretary of Health and Human Services shall have the right to audit CONTRACTOR's records and practices related to use and disclosure of Protected Health Information to ensure

Docusign Envelope ID: D4C7881F-E877-4584-8085-98A38DD07BF0

COUNTY's compliance with the terms of the HIPAA Privacy Rule. CONTRACTOR shall report to COUNTY any use or disclosure of Protected Health Information which is not in compliance with the terms of this Certification of which it becomes aware. In addition, CONTRACTOR agrees to mitigate, to the extent practicable, any harmful effect that is known to CONTRACTOR of a use or disclosure of Protected Health Information by CONTRACTOR in violation of the requirements of this Certification or the Agreement.

III. AVAILABILITY OF PHI

CONTRACTOR agrees to make available Protected Health Information to the extent and in the manner required by Section 164.524 of the HIPAA Privacy Rule. CONTRACTOR agrees to make Protected Health Information available for amendment and incorporate any amendments to Protected Health Information in accordance with the requirements of Section 164.526 of the HIPAA Privacy Rule. In addition, CONTRACTOR agrees to make Protected Health Information available for purposes of accounting of disclosures, as required by Section 164.528 of the HIPAA Privacy Rule.

IV. TERMINATION

Notwithstanding anything in this Certification or the Agreement to the contrary, COUNTY shall have the right to terminate the Agreement immediately if COUNTY determines that CONTRACTOR has violated any material term of this Certification and/or the Agreement. If COUNTY reasonably believes that CONTRACTOR will violate a material term of this Certification and/or the Agreement and, where practicable, COUNTY gives written notice to CONTRACTOR of such belief within a reasonable time after forming such belief, and CONTRACTOR fails to provide adequate written assurances to COUNTY that it will not breach the cited term of this Certification and/or the Agreement within a reasonable period of time given the specific circumstances, but in any event, before the threatened breach is to occur, then COUNTY shall have the right to terminate the Agreement immediately.

V. MISCELLANEOUS

Except as expressly stated herein or the HIPAA Privacy Rule, the parties to the Agreement do not intend to create any rights in any third parties. The obligations of CONTRACTOR under this Section shall survive the expiration, termination, or cancellation of this Certification and/or the Agreement, and/or the business relationship of the parties, and shall continue to bind CONTRACTOR, its agents, employees, contractors, successors, and assigns as set forth herein.

The parties agree that, in the event that any documentation of the arrangement pursuant to which CONTRACTOR provides services to COUNTY contains provisions relating to the use or disclosure of Protected Health Information which are more restrictive than the provisions of this Certification or the Agreement, the provisions of the more restrictive documentation will control. The provisions of this Certification and the Agreement are intended to establish the minimum requirements regarding CONTRACTOR's use and disclosure of Protected Health Information.

In the event that either party believes in good faith that any provision of this Certification and/or the Agreement fails to comply with the then current requirements of the HIPAA Privacy Rule, such party shall notify the other party in writing. For a period of up to thirty (30) days, the parties shall address in good faith such concern and amend the terms of this Certification and/or the Agreement, if necessary to bring it into compliance. If, after such thirty-day period, the Certification and/or the Agreement fails to

Docusign Envelope ID: D4C7881F-E877-4584-8085-98A38DD07BF0

comply with the HIPAA Privacy Rule, then either party has the right to terminate upon written notice to the other party.

1.01 Audit Requirement

At the request of COUNTY, CONTRACTOR shall give to COUNTY an audit report(s) covering the contract period, prepared by an independent Certified Public Accountant. The purpose of the audit requirement is determining whether the reported costs are fair and reasonable and have been computed in accordance with generally accepted accounting principles, with the provisions of this Agreement, and with all applicable COUNTY requirements. The audit must identify all federal, state, and matching funds issued under this Agreement as a note, or as a supplemental schedule of expenses within Contractor's audits.

If CONTRACTOR expends a total of $750,000 or more of federal funding per fiscal year, CONTRACTOR is required to submit an annual audit report(s) that was performed in compliance with the Uniform Guidance.

Additional documentation may be requested by COUNTY to grant the extension.

1.03 Audit Format

CONTRACTOR may submit to COUNTY one of the following in satisfaction of this Audit requirement:

CONTRACTOR shall bear all costs in connection with, or resulting from, any audit and/or inspections including, but not limited to, actual cost incurred and the payment/repayment of any expenditures disallowed by COUNTY, State or Federal government entities, including any assessed interest and penalties.

If CONTRACTOR is exempt from federal audit procedures under UNIFORM ADMINISTRATIVE REQUIREMENTS, COST PRINCIPLES, AND AUDIT REQUIREMENTS FOR FEDERAL AWARDS (Uniform Guidance), then payment for this audit shall be made by CONTRACTOR with resources other than grant funds, or those used for matching purposes. If CONTRACTOR is not exempt from federal audit procedures under the UNIFORM ADMINISTRATIVE REQUIREMENTS, COST PRINCIPLES, AND AUDIT REQUIREMENTS FOR FEDERAL AWARDS (Uniform Guidance), the cost of audits made in accordance with the provisions of this part are allowable charges to Federal awards. The charges may be considered a direct cost or an allocated indirect cost, as determined in accordance with the provisions of applicable Uniform Guidance cost principles, other applicable cost principles or regulations.

II. Contractor Records
Funds provided by COUNTY shall be accounted for separately in CONTRACTOR's books and records. CONTRACTOR shall keep a systematic accounting record of the receipt and disbursement of COUNTY funds. Approve and authorize the Chief Probation Officer to execute a Memorandum of Understanding (MOU) with Central Coast Overdose Prevention (CCODP) to provide professional services including outreach, harm reduction and referrals for substance use treatment within County Probation operated facilities at no cost, effective April 1, 2026 through March 31, 2031; and
b. Authorize the Chief Probation Officer to sign future extensions or amendments to the MOU where the amendments do not significantly alter the scope of services or add cost for services.

SUMMARY/DISCUSSION:

On January 1, 2022, California Department of Healthcare Services (DHCS) launched a multi-year DHCS initiative, California Advancing and Innovating Medi-Cal (CalAIM), to improve the quality of life and health outcomes of the Medi-Cal managed care population through the implementation of broad delivery system, program and payment reform across the Medi-Cal program. The Providing Access and Transforming Health (PATH) Justice Involved Reentry Initiative Capacity Building Program provides funding to support the planning and implementation of the provision of targeted pre-release Medi-Cal services to individuals in state prisons, county jails and youth correctional facilities. All correctional facilities are mandated to implement Medi-Cal reentry services by October1, 2026.

The Probation Department was awarded funding under PATH and has been implementing the mandated justice-involved processes for youth in the delivery of Medi-Cal reentry services and coordination of care. This includes collaborative planning and programming with Behavioral Health, Department of Social Services, County stakeholders and other agencies such as Central Coast Overdose Prevention to effectuate successful pre-release processes and support as required by the State. Specifically, as listed in the Policy and Operational Guide for Planning and Implementing the CalAIM Justice-Involved Initiative dated 10/23/2023, these pre-release and care management services include the following: medication for Substance Use Disorder(SUD) for all Food and Drug Administration (FDA)-approved medications and biological products, including coverage for

counseling or behavioral therapies to provide a "whole-patient" approach to the treatment of SUD.

CCODP is a California non-profit corporation that focuses on addressing substance use realities through harm reduction strategies, treatment options, and community support services in the Tri-County area (Monterey, San Benito, and Santa Cruz counties). CCODPs core business is to connect people with substance use information and treatment resources to combat the opioid epidemic and promote a safer, healthier California.

OTHER AGENCY INVOLVEMENT/COMMITTEE ACTIONS:

The Offices of County Counsel and Risk Management have reviewed the MOU as to legal form, and indemnification and insurance provisions, respectively.

FINANCING:

CCODP will provide these services at no cost to the County. There is no impact to the County General Fund with the recommended action.

a. Approve and authorize the Chief Contracts and Procurement Officer or designee to execute a Non-Standard Agreement with University of Cincinnati Research Institute to provide training on Effective Practices in Community Supervision (EPICS), effective April 1, 2026 through June 30, 2027, not to exceed $176,750; and
b. Authorize the Chief Contracts and Procurement Officer or designee to execute future amendments to the Agreement provided they do not exceed an aggregate amount of $200,000 and fall within the signing authority of the Chief Contracts and Procurement Officer.

RECOMMENDATION:
It is recommended that the Board of Supervisors:
a. Approve and authorize the Chief Contracts and Procurement Officer or designee to execute a Non-Standard Agreement with University of Cincinnati Research Institute to provide training on Effective Practices in Community Supervision (EPICS), effective April 1, 2026 through June 30, 2027, not to exceed $176,750; and
b. Authorize the Chief Contracts and Procurement Officer or designee to execute future amendments to the Agreement provided they do not exceed an aggregate amount of $200,000 and fall within the signing authority of the Chief Contracts and Procurement Officer,

SUMMARY/DISCUSSION:
The Effective Practices in Community Supervision (EPICS) program at the University of Cincinnati Research Institute focuses on improving the effectiveness of community supervision through structured interventions. The program combines foundational correctional intervention research with community supervision principles to create a comprehensive approach to intervention. The Probation Department last contracted UCRI for training in 2017-2018 and due to the progression of time and onboarding new officers, need to provide this training to new incoming staff, as well as refresher training for existing officers.

The goal of this structured approach to client supervision training is to teach probation officers how to apply the principles of effective intervention to community supervision practices. The training teaches officers how to use the EPICS model to target higher risk offenders and their criminogenic needs using cognitive-behavioral interventions and core correctional practices. Probation officers are taught to increase dosage to higher risk offenders, stay focused on criminogenic needs, especially the thought-behavior link, and use a social learning, cognitive-behavioral approach to their interactions. RECOMMENDATION:
It is recommended that the Board of Supervisors:
a. Approve and authorize the Chief Contracts and Procurement Officer or designee to execute a Non-Standard Agreement with University of Cincinnati Research Institute to provide training on Effective Practices in Community Supervision (EPICS), effective April 1, 2026 through June 30, 2027, not to exceed $176,750; and
b. Authorize the Chief Contracts and Procurement Officer or designee to execute future amendments to the Agreement provided they do not exceed an aggregate amount of $200,000 and fall within the signing authority of the Chief Contracts and Procurement Officer,

SUMMARY/DISCUSSION:
The Effective Practices in Community Supervision (EPICS) program at the University of Cincinnati Research Institute focuses on improving the effectiveness of community supervision through structured interventions. The program combines foundational correctional intervention research with community supervision principles to create a comprehensive approach to intervention. The Probation Department last contracted UCRI for training in 2017-2018 and due to the progression of time and onboarding new officers, need to provide this training to new incoming staff, as well as refresher training for existing officers.

The goal of this structured approach to client supervision training is to teach probation officers how to apply the principles of effective intervention to community supervision practices. The training teaches officers how to use the EPICS model to target higher risk offenders and their criminogenic needs using cognitive-behavioral interventions and core correctional practices. Probation officers are taught to increase dosage to higher risk offenders, stay focused on criminogenic needs, especially the thought-behavior link, and use a social learning, cognitive-behavioral approach to their interactions. The EPICS program aims to reduce recidivism by ensuring that probation officers are well-trained and equipped to provide effective interventions.

The University of Cincinnati (UC) serves as the sole owner and proprietor of the copyright in the EPICS model, and UC's corresponding manual and training program.

The non-standard agreement terms are under Section 10.0, Records and Confidentiality, Paragraph 10.05, Royalties and Inventions and Section 16.0, Miscellaneous Provisions, Paragraph 16.06, Assignments and Subcontracting. The Chief Probation Officer recommends approval of this proposed Non-Standard Agreement.

CONTRACTOR shall indemnify, defend, and hold harmless the County, its officers, agents, and employees, from and against any and all claims, liabilities, and losses whatsoever (including damages to property and injuries to or death of persons, court costs, and reasonable attorneys' fees) occurring or resulting to any and all persons, firms or corporations furnishing or supplying work, services, materials, or supplies in connection with the performance of this Agreement, and from any and all claims, liabilities, and losses occurring or resulting to any person, firm, or corporation for damage, injury, or death arising out of or connected with the CONTRACTOR's performance of this Agreement, unless such claims, liabilities, or losses arise out of the sole negligence or willful misconduct of the County. "CONTRACTOR's performance" includes CONTRACTOR's action or inaction and the action or inaction of CONTRACTOR's officers, employees, agents and subcontractors.

9.0 INSURANCE REQUIREMENTS:

9.01 **Evidence of Coverage:** Prior to commencement of this Agreement, the Contractor shall provide a "Certificate of Insurance" certifying that coverage as required herein has been obtained. If professional liability insurance is written on a "claims-made" basis rather than an occurrence basis, the CONTRACTOR shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage ("tail coverage") with the same liability limits. Any such tail coverage shall continue for at least three years following the expiration or earlier termination of this Agreement.
(Note: Professional liability insurance coverage is required if the contractor is providing a professional service regulated by the state. Examples of service providers regulated by the state are insurance agents, professional architects and engineers, doctors, certified public accountants, lawyers, etc. However, other professional Contractors, such as computer or software designers, technology services, and services providers such as claims administrators, should also have professional liability. 9.04 **Other Requirements:**

All insurance required by this Agreement shall be with a company acceptable to the County and issued and executed by an admitted insurer authorized to transact Insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three years following the date CONTRACTOR completes its performance of services under this Agreement.

Each liability policy shall provide that the County shall be given notice in writing at least thirty days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for Contractor and additional insureds with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

Additional Insured Status:

Auto liability coverage shall be provided in the form of an endorsement to the CONTRACTOR'S insurance.

The County of Monterey, its officers, officials, employees, agents, and volunteers are to be covered as additional insureds on the commercial general liability policy with respect to liability arising out of work or operations performed by or on behalf of the CONTRACTOR including materials, parts, or equipment furnished in connection with such work or operations. Any insurance or self-insurance maintained by the County, its officers, officials, employees, agents, or volunteers shall be excess of the CONTRACTOR'S insurance and shall not contribute with it. This requirement shall also apply to any Excess or Umbrella liability policies.

Workers' Compensation Waiver of Subrogation:

The workers' compensation policy required hereunder shall be endorsed to state that the workers' compensation carrier waives its right of subrogation against COUNTY, its officers, officials, employees, agents, or volunteers, which might arise by reason of payment under such policy in connection with performance under this Agreement by CONTRACTOR. Should CONTRACTOR be self-insured for workers' compensation, CONTRACTOR hereby agrees to waive its right of subrogation against COUNTY, its officers, officials,

The CONTRACTOR shall file a new or amended certificate of insurance within five calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. CONTRACTOR shall always during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County, annual certificates to County's Contract Administrator and County's Contracts/Purchasing Division. If the certificate is not received by the expiration date, County shall notify CONTRACTOR and CONTRACTOR shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance is a default of this Agreement, which entitles County, at its sole discretion, to terminate this Agreement immediately.

10.01 **Confidentiality:** CONTRACTOR and its officers, employees, agents, and subcontractors shall comply with any and all federal, state, and local laws, which provide for the confidentiality of records and other information. A.2 The CONTRACTOR will provide services and staff, and otherwise do all things necessary for or incidental to the performance of work, as set forth below:
Trainers will provide **Training of Trainers (TOT)** to up to ten (10) students with two (2) UCCI trainers in the five-day session as outlined below:

TRAINING OF TRAINERS (TOT)
One (1) EPICS Training of Trainer (TOT) In Person Session for up to ten (10) staff for one eight(8) day training that includes five (5) days classroom and three (3) days of observation. Included is also support during the newly trained trainers 5-months of follow up coaching for newly trained end users.

Dates and locations for TOT Sessions are to be determined based on availability of CONTRACTOR staff and County staff.

The EPICS TOT is a 5-day in person training followed by a 3-day in person observation of the training and random observation of the coaching process that prepares previously trained staff in EPICS to train other end users in the model. Alternatively, the **TOT** can be delivered across 10 half-day synchronous virtual sessions with trainers and 5 half-days of virtual observation as the new trainers train new end users. UCCI-approved Master Trainers provide the TOT training. The maximum number of TOT training participants is 10 individuals.
The training covers EPICS training and coaching logistics, content, and strategies. It also provides the opportunity for each participant to practice delivering training via teach backs and a live end-user session. Each participant is also responsible for coding audios and serving as an EPICS coach for a complete coaching sequence. The full training is designed to allow the participants to demonstrate the essential EPICS trainer lessons, during which Master Trainers measure participant ability to deliver the training. At the end of the TOT classroom training, participants will be administered a written examination. The exam tests on specific training content learned throughout the training, as well as the trainer's knowledge of EPICS, its application and follow-up coaching.
ToT Selection Criteria
To be eligible for this training, staff must have:
1) Trained in the model (attended the initial end user training delivered by UCCI-approved trainers)
2) Consistent use the model (submitted 5 audio sessions as part of the end user follow up coaching process)
3) Active participation in coaching sessions (attended and participated in coaching sessions as part of the end user follow up coaching process)
4) Final tape must be graded as "satisfactory" or higher in 85% of items
5) Interest in being a trainer

ToT Participant Selection Guidelines
In addition to attending the facilitator training and receiving EPICS certification from UCCI, individuals selected to attend TOT training should:

Docusign Envelope ID: 4D002E07-E8CD-409C-96FB-9DF931F9F4B8

1) Possess skill and comfort with public speaking, preferably with experience conducting training; Demonstrate a thorough understanding of the agency selected risk assessment;1
2) Value the use of the assessment;
3) Have a flexible schedule that allows for training time, supported by your organization;
4) Be a reliable and long-term employee within your agency; and
5) Express interest and enthusiasm in becoming a trainer.

ToT Participant Certification

Based upon training participation, training ratings and written examination scores, ToT participants will be classified into one of three categories: 1) Certified Lead Trainer; 2) Co-Trainer; or 3) Uncertified.

After completing the training and receiving acceptable scores on teach-backs, trainer delivery of the end user session, and the exam, as well as the coding of audios and coaching process, Certified Trainers may begin training EPICS. If a participant does not meet the expectations needed to be certified, the individual may be classified as a Co-Trainer. These individuals require additional practice delivering the material or learning the key concepts and must co-train with a Certified Trainer until deemed appropriate for certification by the Master Trainer and approved by UCCI (process and pricing to be determined on an individual basis).

Uncertified participants are individuals who are unable to successfully complete the training requirements. Cases are rare when an individual is appropriately selected for the training and then does not demonstrate the necessary skills for certification. However, if the Master Trainer, via objective evidence, determines a participant is unable to demonstrate the necessary trainer skills needed, the person will not be certified.

To be certified as either a Certified Lead Trainer or a Co-Trainer, ToT participants must:
1) Attend and fully participate in the entire in person or virtual ToT Training process;
2) Receive an acceptable rating score from the UCCI Master Trainer on their ability to effectively deliver the training material during the mock training;
3) Pass the written ToT examination
4) Fully participate in conducting an in person or virtual live end user EPICS training as observer by a UCCI Master Trainer;
5) Receive an acceptable rating score from the UCCI Master Trainer on their ability to effectively deliver the training material during the end user training;
6) Act as the lead coach on at least one coaching session; and
7) Code two audios with strong inter-rater agreement with UCCI.

Individuals certified as Trainers on this program are only permitted to train within the scope of their employment with the contracting agency. Individuals are not permitted to train outside of their employment or current relationship with the contracting agency, as an independent contractor or consultant, either for profit, or in any way that competes with the training offered by UCCI. All trainers are required to sign **Attachment A - MOU (**at the time of the training which outlines these restrictions. If participants do not sign the agreement, they will not be certified**.**

c. "Bodily injury" or "property damage" occurring after:

These limits are inclusive of and not in addition to the Limits of Insurance available under this Policy.

Under **SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS**, the following is added to Condition **8. Transfer of Rights of Recovery Against Others to Us**:

If required by a written contract or written agreement, we waive any right of recovery we may have against a person or organization because of payment we make for injury or damage arising out of your ongoing operations or "your work" done under a contract for that person or organization and included in the "products-completed operations hazard" provided that the injury or damage occurs subsequent to the execution of the written contract or written agreement.

Approve and authorize the Library Director or their designee to execute an agreement with Branch's Janitorial Service, Inc. with a term of July 1, 2026, to June 30, 2027, to provide Janitorial Services for the Carmel Valley Library in a not-to-exceed amount of $12,900

RECOMMENDATION:
Approve and authorize the Library Director or their designee to execute an agreement with Branch's Janitorial Service, Inc. with a term of July 1, 2026, to June 30, 2027, to provide Janitorial Services for the Carmel Valley Library in a not-to-exceed amount of $12,900

SUMMARY:
This item is to approve a contract for janitorial services for the Carmel Valley Library (65 W. Carmel Valley Rd.).

DISCUSSION:
Library facilities all have routine janitorial services to keep public and staff areas clean. This includes public and staff restrooms, emptying trash, cleaning floors, stocking paper supplies, and other services.

Due to the location of some branch libraries, the County's master agreements are not always the most cost effective or efficient option for securing these services. Branch's Janitorial Service has provided janitorial services for the Carmel Valley Library for many years, and their pricing is below that of other companies on current County master agreements. Both the branch library and administrative staff are satisfied with the service.

OTHER AGENCY INVOLVEMENT:
County Counsel has reviewed and approved the Agreement as to form. The Office of the Auditor-Controller has reviewed and approved as to fiscal provisions.

FINANCING:
The cost for this contract is anticipated and paid from the Monterey County Free Libraries operational budget, and will not impact the General Fund.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:
Library facilities are heavily used by the public, including use of public restrooms. Clean, safe, and serviced public facilities are crucial to effective public access to library services.

7.02 The County may cancel and terminate this Agreement for good cause effective immediately upon written notice to CONTRACTOR. If funds from local, state and federal sources are not obtained and continued at a level sufficient to allow for the County's purchase of the indicated quantity of services, then the County may give written notice of this fact to CONTRACTOR, and the obligations of the parties under this Agreement shall terminate immediately, or on such date thereafter, as the County may specify in its notice, unless in the meanwhile the parties enter into a written amendment modifying this Agreement.

8.0 INDEMNIFICATION:

CONTRACTOR shall indemnify, defend, and hold harmless the County, its officers, agents, and employees, from and against any and all claims, liabilities, and losses whatsoever (including damages to property and injuries to or death of persons, court costs, and reasonable attorneys' fees) occurring or resulting to any and all persons, firms or corporations furnishing or supplying work, services, materials, or supplies in connection with the performance of this Agreement, and from any and all claims, liabilities, and losses occurring or resulting to any person, firm, or corporation for damage, injury, or death arising out of or connected with the CONTRACTOR's performance of this Agreement, unless such claims, liabilities, or losses arise out of the sole negligence or willful misconduct of the County. "CONTRACTOR's performance" includes CONTRACTOR's action or inaction and the action or inaction of CONTRACTOR's officers, employees, agents and subcontractors.

9.0 INSURANCE REQUIREMENTS:

9.01 **Evidence of Coverage:** Prior to commencement of this Agreement, the Contractor shall provide a "Certificate of Insurance" certifying that coverage as required herein has been obtained. Individual endorsements executed by the insurance carrier shall accompany the certificate. In addition, the Contractor upon request shall provide a certified copy of the policy or policies.

This verification of coverage shall be sent to the County's Contracts/Purchasing Department, unless otherwise directed. This approval of insurance shall neither relieve nor decrease the liability of the Contractor.

9.02 **Qualifying Insurers:** All coverages, except surety, shall be issued by companies which hold a current policy holder's alphabetic and financial size category rating of not less than A- VII, according to the current A.M. Best's Rating Guide or a company of equal financial stability that is approved by the County's Purchasing Agent.

9.03 **Insurance Coverage Requirements:** Without limiting CONTRACTOR's duty to

indemnify, CONTRACTOR shall maintain in effect throughout the term of this Agreement a policy or policies of insurance with the following minimum limits of liability:

Commercial General Liability Insurance: including but not limited to premises and operations, including coverage for Bodily Injury and Property Damage, Personal Injury, Contractual Liability, Broad form Property Damage, Independent Contractors, Products and Completed Operations, with a combined single limit for Bodily Injury and Property Damage of not less than $1,000,000 per occurrence, and $2,000,000 in the aggregate.
(Note: any proposed modifications to these general liability insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

Auto Liability Coverage: must include motor vehicles, including scheduled, non-owned, and hired vehicles, used in providing services under this Agreement, with a combined single limit or Bodily Injury and Property Damage of not less than $1,000,000 per occurrence.

Workers' Compensation Insurance: if CONTRACTOR employs others in the performance of this Agreement, in accordance with California Labor Code section 3700 and with Employer's Liability limits not less than $1,000,000 each person, $1,000,000 each accident and $1,000,000 each disease.
(Note: any proposed modifications to these workers' compensation insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

Professional Liability Insurance: if required for the professional services being provided, (e.g., those persons authorized by a license to engage in a business or profession regulated by the California Business and Professions Code), in the amount of not less than $1,000,000 per claim and $2,000,000 in the aggregate, to cover liability for malpractice or errors or omissions made in the course of rendering professional services. If professional liability insurance is written on a "claims-made" basis rather than an occurrence basis, the CONTRACTOR shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage ("tail coverage") with the same liability limits. Any such tail coverage shall continue for at least three years following the expiration or earlier termination of this Agreement.
(Note: Professional liability insurance coverage is required if the contractor is providing a professional service regulated by the state. Examples of service providers regulated by the state are insurance agents, professional architects and engineers, doctors, certified public accountants, lawyers, etc. However, other professional Contractors, such as computer or software designers, technology services, and services providers such as claims administrators, should also have professional liability. If in doubt, consult with your risk or contract manager.)

If the contractor maintains broader coverage and/or higher limits than the minimums shown above, the County requires and shall be entitled to the broader coverage and/or higher limits maintained by the contractor.

9.04 **Other Requirements:**

All insurance required by this Agreement shall be with a company acceptable to the County and issued and executed by an admitted insurer authorized to transact Insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three years following the date CONTRACTOR completes its performance of services under this Agreement.

Each liability policy shall provide that the County shall be given notice in writing at least thirty days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for Contractor and additional insureds with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

Additional Insured Status:

The County of Monterey, its officers, officials, employees, agents, and volunteers are to be covered as additional insureds on the auto liability policy for liability arising out of automobiles owned, leased, hired or borrowed by or on behalf of the Contractor. Auto liability coverage shall be provided in the form of an endorsement to the CONTRACTOR'S insurance.

The County of Monterey, its officers, officials, employees, agents, and volunteers are to be covered as additional insureds on the commercial general liability policy with respect to liability arising out of work or operations performed by or on behalf of the CONTRACTOR including materials, parts, or equipment furnished in connection with such work or operations. General liability coverage shall be provided in the form of an endorsement to the CONTRACTOR'S insurance (at least as broad as ISO Form CG 20 10 11 85 or if not available, through the addition of both CG 20 10, CG 20 26, CG 20 33, or CG 20 38; and CG 20 37 if a later edition is used).

Primary Coverage:

For any claims related to this contract, the CONTRACTOR'S insurance coverage shall be primary and non-contributory and at least as broad as ISO CG 20 01 04 13 as respects the County, its officers, officials, employees, agents, and volunteers. Any insurance or self-insurance maintained by the County, its officers, officials, employees, agents, or volunteers shall be excess of the CONTRACTOR'S insurance and shall not contribute with it. This requirement shall also apply to any Excess or Umbrella liability policies.

Workers' Compensation Waiver of Subrogation:

The workers' compensation policy required hereunder shall be endorsed to state that the workers' compensation carrier waives its right of subrogation against COUNTY, its officers, officials, employees, agents, or volunteers, which might arise by reason of payment under such policy in connection with performance under this Agreement by CONTRACTOR. Should CONTRACTOR be self-insured for workers' compensation, CONTRACTOR hereby agrees to waive its right of subrogation against COUNTY, its officers, officials,

Docusign Envelope ID: 8C510A0D-9C0F-4102-BE9F-A60A19FD1568

employees, agents, or volunteers.

Prior to the execution of this Agreement by the County, CONTRACTOR shall file certificates of insurance and endorsements with the County's contract administrator and County's Contracts/Purchasing Division, showing that the CONTRACTOR has in effect the insurance required by this Agreement. The CONTRACTOR shall file a new or amended certificate of insurance within five calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect. CONTRACTOR shall always during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County, annual certificates to County's Contract Administrator and County's Contracts/Purchasing Division. If the certificate is not received by the expiration date, County shall notify CONTRACTOR and CONTRACTOR shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance is a default of this Agreement, which entitles County, at its sole discretion, to terminate this Agreement immediately.

10.0 RECORDS AND CONFIDENTIALITY:

10.01 **Confidentiality:** CONTRACTOR and its officers, employees, agents, and subcontractors shall comply with any and all federal, state, and local laws, which provide for the confidentiality of records and other information. CONTRACTOR shall not disclose any confidential records or other confidential information received from the County or prepared in connection with the performance of this Agreement, unless County specifically permits CONTRACTOR to disclose such records or information. CONTRACTOR shall promptly transmit to County any and all requests for disclosure of any such confidential records or information. CONTRACTOR shall not use any confidential information gained by CONTRACTOR in the performance of this Agreement except for the sole purpose of carrying out CONTRACTOR's obligations under this Agreement.

10.02 **County Records:** When this Agreement expires or terminates, CONTRACTOR shall return to County any County records which CONTRACTOR used or received from County to perform services under this Agreement.

10.03 **Maintenance of Records:** CONTRACTOR shall prepare, maintain, and preserve all reports and records that may be required by federal, state, and County rules and regulations related to services performed under this Agreement. CONTRACTOR shall maintain such records for a period of at least three years after reciept of final payment under this Agreement. If any litigation, claim, negotiation, audit exception, or other action relating to this Agreement is pending at the end of the three-year period, then CONTRACTOR shall retain said records until such action is resolved.

10.04 **Access to and Audit of Records:** The County shall have the right to examine, monitor and audit all records, documents, conditions, and activities of the CONTRACTOR and its subcontractors related to services provided under this Agreement. Pursuant to Government Code section 8546.7, if this Agreement involves the expenditure of public funds in excess of $10,000, the parties to this Agreement may be subject, at the request of the County or as part of any audit of the County, to the examination and audit of the State Auditor pertaining

CONTRACTOR shall not publish any such material without the prior written approval of County.

CONTRACTOR shall ensure that the evaluation and treatment of its employees and applicants for employment and all persons receiving and requesting services are free of such discrimination. CONTRACTOR and any subcontractor shall, in the performance of this Agreement, fully comply with all federal, state, and local laws and regulations which prohibit discrimination. The provision of services primarily or exclusively to such target population as may be designated in this Agreement shall not be deemed to be prohibited discrimination.

SOLE SOURCE/SOLE BRAND JUSTIFICATION

OVERVIEW:

On rare occasions there may be a need to purchase goods or services from one vendor/contractor without going to formal bid or requesting competitive quotations. This is known as "Sole Source" purchasing. This document does not replace an Agreement.

"Sole Source" purchasing is authorized by Monterey County Code 2.32.040, Emergency Purchases, and by Monterey County Code 2.32.070, Competitive Bidding Not Required.

"Sole Source" purchasing may be necessary under certain circumstances such as an emergency wherein the department head or other County Official who is authorized to sign requisitions may purchase items for the continuance of the department function, or that items purchased are necessary for the preservation of life or property, and that no authorized purchasing department personnel are immediately available to make the purchase.

A sole source may be designated when it is apparent that a needed product or service is uniquely available from the source, or for all practical purposes, it is justifiably in the best interest of the County. The designation of a "Sole Source" supplier must be authorized by the County Purchasing Agent or Deputy-Purchasing Agent before the requirement for competitive quotations is waived.

In an effort to expedite sole source/brand requisition requests through Contracts/Purchasing, we would encourage you to review the criteria for Sole Source/Brand form herein. If you feel your request meets such criteria, follow the instructions in filling out the form, along with a Department Head signature approving the request on behalf of their department. If sole source/brand justification is warranted and accepted by Purchasing, the request shall be signed by the Contracts/Purchasing Officer (CPO).

This is an internal review process. Departments are requested to use discretion in their discussion with vendors so as not to compromise any competitive advantage the Buyer may utilize, regardless of the acceptance or rejection of the sole source/brand justification.

Contracts/Purchasing will advise you when a particular competitive review process may both serve the County better and/or be required by governing law.

The **JUSTIFICATION OF SOLE SOURCE/SOLE BRAND REQUEST** is **NOT** an agreement.

Docusign Envelope ID: 6790DF19-7EDE-409D-A308-2CF51C89BA74

PROCEDURE:

Sole source/brand purchasing is an exception to the normal procurement function and requires a detailed justification. In processing sole source/brand requests for supplies, services and/or equipment, Contracts/Purchasing adheres to and is governed by the principles set forth in both the Federal and State Laws governing public purchasing and the Public Contract Code, and by the adopted and approved County of Monterey Policies and Procedures.

If you are requesting a particular vendor, brand, or product, you must make this fact clear on your request. Such a request should not be made unless the request is reasonable and appropriately justified to meet legal requirements and can withstand a possible audit. The County requirements and the format for submitting such requests are contained herein.

The **JUSTIFICATION OF SOLE SOURCE/SOLE BRAND REQUEST** is **NOT** an agreement.

The following factors **DO NOT** apply to sole source/brand requests and should not be included in your sole source/brand justification. They will not be considered and only tend to confuse the evaluation process.

1. Personal preference for product or vendor
2. Cost, vendor performance, and local service (this may be considered an award factor in competitive bidding)
3. Features which exceed the minimum department requirements
4. Explanation for the actual need and basic use for the equipment, unless the information relates to a request for unique factors
5. A request for no substitution submitted without justification. This is a sole source/brand request requiring detailed justification including established sole source/brand criteria

Please make copies of the Criteria for Sole Source/Brand form for your future use.

JUSTIFICATION OF SOLE SOURCE/SOLE BRAND REQUEST

Date 7/1/26

1. Please indicate the following:

Procurement: ☐ Goods ☑ Services

Description of Item: Janitorial Services at the Carmel Valley Library

(Check One)

☐ Sole Source: Item is available from one source only. Item is a one-of-a kind and is not sold through distributors. Manufacturer is the exclusive distributor.

☐ Sole Brand: Various sources can supply the specified model and brand and competitive bids will be solicited for the requested brand only. Meets form, fit and function- nothing else will do.

Note: Sole Source/Sole Brand Requests are not maintained as a standing request. Each request is for a single one-time purchase only.

Sole Source/Sole Brand Request is not an Agreement.

2. Vendor Selection:

☐ Preferred Vendor ☑ Sole Source

Vendor Name: Branches Janitorial

Address: 218 Reindollar Ave Ste 5B City: Marina State: CA

Phone Number: (831) 384-2579 Fax: ( )

Contact Person: Samuel Branch Title: Owner

Federal Employer #:

Docusign Envelope ID: 6790DF19-7EDE-409D-A308-2CF51C89BA74

3. Provide a brief description of the goods/services to be purchased and why this purchase is being proposed under a sole source acquisition.

   a) Why were product and/or vendor chosen?

Taking a look at the new County CSA for janitorial services for the Carmel Valley Library, Branches came in at $400.00s per month then the lowest bid for that location. Branches has been cleaning the Carmel Valley Library for a few years and the staff are very happy with his work and how easy it is to work with them.

   b) What are the unique performance features of the product/brand requested that are not available in any other product/brand? For Services: what unique qualifications, rights, and licenses does the vendor possess to qualify as a sole source/brand request?

Branches Janitorial has come in at least $400.00 cheaper per month than all of the new County CSA's for janitorial services. Branches is the current janitor and the Carmel Valley staff are happy with the cleaning

   c) Why are these specific features/qualifications required?

Although I have had to find all new janitors for all library locations, Branches janitorial has maintained a great relationship with the Carmel Valley Library and his prices are far less per month.

   d) What other products/services have been examined and/or rejected?

When looking at the other 6 quotes for the current janitorial CSA branches continues to come in at hundreds of dollars cheaper then the other bids. He is also a local vendor and has done an amazing job keeping the branch clean.

   e) Why are other sources providing like goods or services unacceptable (please give a full meaningful explanation)?

Other vendors have come in way over price what Branches is currently asking per month. Anywhere from $400.00 to $1,735.00 over what Branches is currently asking.

Docusign Envelope ID: 6790DF19-7EDE-409D-A308-2CF51C89BA74

f) What are the unique performance features REQUIRED (not merely preferred), and how would your requirement be inhibited without this particular item or service?

Branches has been cleaning this library for a few years now and has a relationship with the library staff, and in turn is a County small business. Cost per month was a huge factor in asking for a sole source justification. Due to the budget contratints it would be good to be able to keep costs down with a local vendor who has already shown himself to be a value to the library.

g) Estimated Costs:

The quote is $1,075 / month which will come out to $12,900 per year

4. Is there an unusual or compelling urgency associated with this project?

☑ No

☐ Yes (Please describe)

Docusign Envelope ID: 6790DF19-7EDE-409D-A308-2CF51C89BA74

THE FOLLOWING TO BE COMPLETED BY THE REQUESTOR

I hereby certify that:

1. I am an approved department representative and am aware of the County's requirements for competitive bidding, as well as the criteria for justification for sole source/brand purchasing.
2. I have gathered the required technical information and have made a concentrated effort to review comparable and/or equal equipment.
3. The information contained herein is complete and accurate.
4. There is justification for sole source/brand purchasing noted above as it meets the County's criteria.
5. A sole source/brand purchase in this case would withstand a possible audit or a vendor's protest.

Approve and authorize the Contracts/Purchasing Officer or designee to execute a Renewal and Amendment 1 to the Agreement with Community Initiatives, a finance partner for the Transformative Climate Communities Grant, extending the agreement term by 18-months for a revised term of July 1, 2023 through December 31, 2026, with no increase to the contract maximum of $291,064.

RECOMMENDATION:
It is recommended that the Board of Supervisors:
Approve and authorize the Contracts/Purchasing Officer or designee to execute a Renewal and Amendment 1 to the Agreement with Community Initiatives, a finance partner for the Transformative Climate Communities Grant, extending the agreement term by 18-months for a revised term of July 1, 2023 through December 31, 2026, with no increase to the contract maximum of $291,064.

SUMMARY:
Staff recommends approval of a renewal and amendment to continue the County's agreement with Community Initiatives, the fiscal and financing partner for the Transformative Climate Communities Grant Program. Community Initiatives supports Regeneración, the County's primary community partner in Pajaro, in implementing grant-related activities.

The proposed Renewal and Amendment 1 extends the agreement term through December 31, 2026, with no change to the total contract amount of $291,063.97. This extension aligns the agreement term with the revised project timeline and ensures continuity of grant administration and community engagement efforts.

DISCUSSION:
On April 28, 2022, the State of California Strategic Growth Council released a Grant Application Guide under the Transformative Climate Communities (TCC) Program. The TCC Program provides funding to local jurisdictions to support ambitious climate adaptation and resilience efforts through planning, research, capacity building, restoration, and sustainable infrastructure.
On June 21, 2022, the Board of Supervisors authorized staff to apply for the grant. The Board subsequently approved the Transformative Climate Communities Grant award on February 28, 2023, and the grant agreement was fully executed on July 10, 2023, with an original grant term of July 1, 2023 through June 30, 2025.
Community Initiatives serves as the fiscal partner supporting Regeneración, which is responsible for identifying stakeholders, conducting community outreach, and facilitating the formation of a Community Climate Coalition. This coalition consists of compensated community leaders who collaborate with residents to co-design three to five climate action and adaptation projects for submission under a

future Transformative Climate Communities Implementation Grant. Anticipated project focus areas include:

- Electrification
- Transportation
- Affordable housing
- Food security
- Green spaces
- Environmental health

The proposed Renewal and Amendment 1 extends the agreement by 18 months to support continued community engagement and project development activities without increasing the total contract amount.

OTHER AGENCY INVOLVEMENT/COMMITTEE ACTIONS:
Sustainability Program staff are coordinating with the Long-Term Recovery Plan, Housing Community Development, Office of Emergency Services, and the Health Department to align and leverage efforts supported by this grant.

FINANCING:
Approval of the recommended action will have no budgetary impact on the FY 2025-26 Adopted Budget.

BOARD OF SUPERVISORS STRATEGIC PLAN GOALS:
Climate action planning is essential to the health, safety, and long-term resilience of the County.

The CONTRACTOR shall file a new or amended certificate of insurance within five calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect. CONTRACTOR shall always during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County, annual certificates to County's Contract Administrator and County's Contracts/Purchasing Division. If the certificate is not received by the expiration date, County shall notify CONTRACTOR and CONTRACTOR shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance is a default of

Version: 1 **Matter Type:** General Agenda Item

a. Approve and authorize the Contracts/Purchasing Officer or her designee to execute all documents necessary for the implementation of the Transformative Climate Communities Grant Program award, retroactive to July 1, 2023, for a total term of July 1, 2023 to June 30, 2025.

RECOMMENDATION:

a. Approve and authorize the Contracts/Purchasing Officer or her designee to execute all documents necessary for the implementation of the Transformative Climate Communities Grant Program award retroactive to July 1, 2023, for a total term of July 1, 2023 to June 30, 2025.

SUMMARY:

Staff recommends that the Board of Supervisors authorize the execution of all documents needed to implement the Transformative Climate Communities Grant Program Award that was authorized by this Board on February 28, 2023. The grant agreement was executed by all parties on July 10, 2023, and the grant term is July 1, 2023 to June 30, 2025 as set by the grantor, the Strategic Growth Council of California.

DISCUSSION:

The State of California, Strategic Growth Council issued a Grant Application Guide on April 28, 2022, under the Transformative Climate Communities program. These funds are intended for local jurisdictions to fund ambitious measures to build climate adaptation and resilience through planning, research, capacity building, restoration, and sustainable infrastructure.

Staff recommends that the Board of Supervisors authorize the execution of all documents needed to implement the Transformative Climate Communities Grant Program Award that was authorized by this Board on February 28, 2023. The grant agreement was executed by all parties on July 10, 2023, and the grant term is July 1, 2023 to June 30, 2025 as set by the grantor, the Strategic Growth Council of California. To be consistent with the grant award agreement, staff will execute a retroactive agreement with the financing partner for this grant, Community Initiatives. This agreement, “Draft Standard Agreement Community Initiatives”, is attached to this Board report for illustration only, and is subject to review by County Counsel, Risk Management, and the Auditor’s Controllers Office. Community Initiatives is the financial partner who supports Regeneración, the County’s primary community partner in Pajaro working to implement this grant. Regeneración will identify stakeholders, conduct community outreach, and facilitate the formation of a Community Climate Coalition, which will be a compensated group of community leaders who will work with residents to co-design 3-5 climate action and adaptation projects to submit for a future Transformative Climate Communities Implementation grant.

DocuSign Envelope ID: 843E0347-4A17-4A54-906B-B14041B51B78

These projects will likely include electrification, transportation, affordable housing, food security, green spaces, and environmental health.

The Board of Supervisors authorized Staff to apply to this grant on June 21, 2022 and to accept the grant award on February 28, 2023; the Legistar file IDs for these actions are 22-621 and 23-166, respectively.

OTHER AGENCY INVOLVEMENT:
Sustainability Program staff are coordinating with the Long-Term Recovery Plan, Housing Community Development, Office of Emergency Services, and the Health Department to synergize the efforts of this grant.

FINANCING:
The total grant award is $299,113.97 to be disbursed during FY23/24 and FY24/25. There are no budgetary considerations for this report because they were addressed in Board Order A-16178 attached to this report.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:
Climate action planning is essential to the health and safety of the County's future.

ADDITIONAL INSURED PRIMARY AND NON-CONTRIBUTORY ENDORSEMENT FOR PUBLIC ENTITIES

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Name of Person or Organization:

A. Section II – WHO IS AN INSURED is amended to include:

4. Any public entity as an additional insured, and the officers, officials, employees, agents and/or volunteers of that public entity, as applicable, who may be named in the Schedule above, when you have agreed in a written contract or written agreement presently in effect or becoming effective during the term of this policy, that such public entity and/or its officers, officials, employees, agents and/or volunteers be added as an additional insured(s) on your policy, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

a. Your negligent acts or omissions; or
b. The negligent acts or omissions of those acting on your behalf;

in the performance of your ongoing operations.

No such public entity or individual is an additional insured for liability arising out of the sole negligence by that public entity or its designated individuals. The additional insured status will not be afforded with respect to liability arising out of or related to your activities as a real estate manager for that person or organization.

B. Section III – LIMITS OF INSURANCE is amended to include:

8. The limits of insurance applicable to the public entity and applicable individuals identified as an additional insured(s) pursuant to Provision A.4. above, are those specified in the written contract between you and that public entity, or the limits available under this policy, whichever are less. These limits are part of and not in addition to the limits of insurance under this policy.

C. With respect to the insurance provided to the additional insured(s), **Condition 4. Other Insurance of SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS** is replaced by the following:

4. Other Insurance

a. Primary Insurance

This insurance is primary if you have agreed in a written contract or written agreement:

(1) That this insurance be primary. If other insurance is also primary, we will share with all that other insurance as described in **c.** below; or

DocuSign Envelope ID: 843E0347-4A17-4A54-906B-B14041B51B78

(2) The coverage afforded by this insurance is primary and non-contributory with the additional insured(s)' own insurance.

Paragraphs (1) and (2) do not apply to other insurance to which the additional insured(s) has been added as an additional insured or to other insurance described in paragraph **b.** below.

b. Excess Insurance

This insurance is excess over:

1. Any of the other insurance, whether primary, excess, contingent or on any other basis:
   (a) That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";
   (b) That is fire, lightning, or explosion insurance for premises rented to you or temporarily occupied by you with permission of the owner;
   (c) That is insurance purchased by you to cover your liability as a tenant for "property damage" to premises temporarily occupied by you with permission of the owner; or
   (d) If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to Exclusion **g.** of **SECTION I – COVERAGE A – BODILY INJURY AND PROPERTY DAMAGE**.
   (e) Any other insurance available to an additional insured(s) under this Endorsement covering liability for damages which are subject to this endorsement and for which the additional insured(s) has been added as an additional insured by that other insurance.

(1) When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend the additional insured(s) against any "suit" if any other insurer has a duty to defend the additional insured(s) against that "suit". If no other insurer defends, we will undertake to do so, but we will be entitled to the additional insured(s)' rights against all those other insurers.

(2) When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:
   (a) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
   (b) The total of all deductible and self-insured amounts under all that other insurance.

(3) We will share the remaining loss, if any, with any other insurance that is not described in this **Excess Insurance** provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Methods of Sharing

If all of the other insurance available to the additional insured(s) permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any other the other insurance available to the additional insured(s) does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's share is based on the ratio of its applicable limit of insurance to the total applicable limits of insurance of all insurers.

Before the Board of Supervisors in and for the County of Monterey, State of California

Resolution No.: 22-233

A RESOLUTION OF THE COUNTY BOARD OF SUPERVISORS OF MONTEREY COUNTY AUTHORIZING APPLICATION FOR, AND RECEIPT OF, THE STRATEGIC GROWTH COUNCIL PLANNING GRANT FOR TRANSFORMATIVE CLIMATE COMMUNITIES.

WHEREAS, on April 28, 2022, Strategic Growth Council issued a Grant Application Guide, under the Transformative Climate Communities program with funding of up to $300,000 per applicant; and

WHEREAS, the Transformative Climate Communities grant would provide funding for local jurisdictions to fund ambitious measures to build climate adaptation and resilience through planning, research, capacity building, restoration, and sustainable infrastructure; and

WHEREAS, the purposes of the Transformative Climate Communities grant is to ensure that climate action investments provide direct benefits to neighborhood residents through robust community engagement and workforce development; and

WHEREAS, the Strategic Growth Council requires that the Board of Supervisors adopt specific language to be considered for the grant funding; including certifying that the County understands the assurances and certifications within the application; certifying that the County's work is in line with, and works towards, State of California Planning Priorities; and

Sections

1. Transformative Climate Communities Planning Grant Program Background

   The Transformative Climate Communities Program ("TCC Program") is part of the state's Climate Budget (Senate Bill 170), which funds ambitious measures to build climate adaptation and resilience through planning, research, capacity building, restoration, and sustainable infrastructure. The purpose of the Planning Grant is to help local jurisdictions develop strategies to reduce carbon emissions, improve air quality, and build resiliency in the face of a changing climate, with a focus on low-income and disadvantaged communities. Planning Grants are intended to prepare communities for future funding opportunities in programs that align with the TCC Program's objectives. A FY 2021-22 budget appropriation from the General Fund supports Round 4 of TCC.

   The authorization for this Grant Agreement is the Transformative Climate Communities Program statute (Public Resources Code, Sections 75240 – 75245). The TCC Program is administered by the California Strategic Growth Council (SGC) in partnership with the California Department of Conservation (Department). The Grant Agreement will be executed between the Monterey County, a political subdivision of the State of California (hereinafter Grantee) and the Strategic Growth Council (SGC), but the Grantee will work with the Department during grant implementation.

   The SGC and Grantee are collectively referred to as "Parties." "Co-applicants" identified in the TCC application are referred to as "Partners," but are not parties to this Grant Agreement.

2. Incorporation
   The performance of this grant must be conducted in accordance with this Grant Agreement, and the TCC Guidelines.

3. Grant Term

   The SGC released the final TCC Program Guidelines for this Grant Agreement on February 24, 2022. In accordance with the Guidelines, Grantee applied and on October 27, 2022, the SGC awarded a grant to fund the project described in the application, subject to any conditions contained within the Award Letter (Exhibit D). This will be referred to as the "Project" throughout this Grant Agreement.

   All work must be completed within two (2) years of executing the Grant Agreement.

4. Authorized Signatories

   The SGC Executive Director or designee is authorized to sign this Grant Agreement and related documents on behalf of the SGC.

   Grantee's Authorized Signatory or designee is authorized to sign this Grant Agreement and grant-related documents as shown in the Authorized Signatory Form (Attachment 1).

   Grantee must keep Authorized Signatory Form up to date. Within seven (7) working days of any change to the authorized signatory or to the delegated authorized

DocuSign Envelope ID: 843E0347-4A17-4A54-906B-B14041B51B78

signatory, Grantee shall notify the TCC Grant Manager in writing of the change. The written notice shall be sent as an electronic mail (email) attachment to be filed with the Grant Agreement.

5. Project Representatives

   The project representatives are the primary contacts for the Department, the SGC, and Grantee. The Department, the SGC, and Grantee must keep the Project Representatives Form (Attachment 2) up to date. Any changes to the Project Representatives by either Grantee, the SGC, or the Department shall be made by providing seven (7) working days advance written notice to the other party. The written notice shall be sent as an electronic mail (email) attachment to be filed with the Grant Agreement. Unless otherwise stated within this Grant Agreement, all correspondence and documents will be sent to the TCC Grant Manager as described in the Document Submission section.

6. Approval

   This Grant Agreement is of no force or effect until signed by both Parties. Grantee may not commence performance until such approval has been obtained.

7. Assignment

   This Grant Agreement is not assignable by Grantee, either in whole or in part, without the consent of the SGC in the form of an amendment.

8. Records Retention

   A. Grantee shall establish an official file containing adequate documentation of all actions taken with respect to the Project, including copies of the Grant Agreement, changes, amendments, letters, key email correspondence, financial records, and required reports for a minimum of four (4) years following the final payment of funds or until completion of any action and resolution of all issues which may arise as a result of an audit, whichever is later.

   B. Grantee shall adequately protect all records, physical and electronic, from loss, damage, or destruction during the four (4) year retention period.

9. Audit

   A. Grant funded projects are subject to audit by the State of California during the grant term and for up to four (4) years following the termination of the Grant Agreement. Grantee agrees that the SGC, Department of Finance, Bureau of State Audits, or their designated representative shall have the right to review and to copy any records and supporting documentation pertaining to the performance of this Grant Agreement. The audit may consist of examining and auditing pertinent books, documents, papers, and records including financial transactions and supporting documents, general accounting systems, internal controls, management practices, policies, and procedures pertaining to the performance of this Grant Agreement.

   B. At any time, the SGC, Department of Finance, Bureau of State Audits, or their designated representative may request to review Grantee's records to ensure proper grant management. Grantee shall be given advance notice when the grant-funded Project is selected for an audit or review by the SGC, Department

DocuSign Envelope ID: 843E0347-4A17-4A54-906B-B14041B51B78

of Finance, Bureau of State Audits, or their designated representative. Grantee agrees to allow the auditor(s) access to such records during normal Grantee business hours, and to allow interviews of any employees who have information related to such records. Further, Grantee agrees to include a similar right of the SGC to audit records and interview staff in any partnership agreement and subcontract related to performance of this Grant Agreement in accordance with Government Code section 8546.7. Grantee shall comply with the above and be aware of the penalties for violations of fraud and for obstruction of investigation as set forth in Public Contract Code section 10115.10.

C. Partners and subcontractors employed by the Grantee and paid with moneys under the terms of this Grant Agreement shall be responsible for maintaining accounting records as specified above.

10. Indemnification

Grantee agrees to indemnify, defend, and hold harmless the State of California, its officers, agents, and employees from any and all claims and losses accruing or resulting to any and all Grantees, partners, subcontractors, suppliers, laborers, and any other person, firm, or corporation furnishing or supplying work services, materials, or supplies in connection with the performance of this Grant Agreement, and from any and all claims and losses accruing or resulting to any person, firm, or corporation who may be injured or damaged by Grantee in the performance of this Grant Agreement.

11. Independent Grantee

Grantee, and the agents and employees of Grantee, in the performance of this Grant Agreement, shall act in an independent capacity and not as officers, employees, or agents of the SGC.

12. Non-Discrimination Clause

During the performance of this Grant Agreement, Grantee and its subcontractors shall not unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment because of race, color, ancestry, national origin, religion, creed, age (over 40), mental disability, physical disability, sex, gender (including pregnancy, childbirth, breastfeeding, or related medical conditions), sexual orientation, gender identity, gender expression, medical condition, genetic information, marital status, and military and veteran status. Grantee and subcontractors shall ensure that the evaluation and treatment of their employees and applicants for employment are free from such discrimination and harassment. Grantee and subcontractors shall comply with the provisions of the Fair Employment and Housing Act (Gov. Code §12990 (a-f)) and the applicable regulations promulgated thereunder (California Code of Regulations, Title 2, Div. 4.1, Ch. 5,). Those regulations are incorporated into this Grant Agreement by reference and made a part hereof as if set forth in full. Grantee and its subcontractors shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other Grant Agreement.

Grantee shall include the nondiscrimination and compliance provisions of this clause in all subcontracts to perform work under this Grant Agreement.

DocuSign Envelope ID: 843E0347-4A17-4A54-906B-B14041B51B78

13. Timeliness

    Time is of the essence in this Grant Agreement. The SGC and Grantee will work collaboratively to ensure this Grant Agreement is administered in a timely fashion.

14. Governing Law

    This Grant Agreement is governed by and shall be interpreted in accordance with the laws of the State of California.

15. Unenforceable Provision

    If any provision of this Grant Agreement is unenforceable or held to be unenforceable, then the Parties agree that all other provisions of this Grant Agreement have force and effect and shall not be affected thereby.

16. Compliance with Laws and Regulations

    By signing this Grant Agreement, Grantee certifies that it shall comply fully with all applicable federal, state, and local laws, ordinances, regulations, and permits and shall secure any new permits required by authorities having jurisdiction over the Project(s) and maintain all presently required permits. Grantee shall ensure that any applicable requirements of the California Environmental Quality Act are met in order to carry out the terms of this Grant Agreement.

17. Subcontractors

    The SGC's contractual relationship is with Grantee, and not any of its Partners or subcontractors. Grantee is entitled to make use of its own staff, Partners, and subcontractors, as identified in the Budget Detail Worksheet (Exhibit B) and will comply with all applicable laws and requirements for subcontracts that arise out of or in connection with this Grant Agreement. Grantee shall manage, monitor, and accept responsibility for the performance of its own staff, Partners, and subcontractors, and will conduct Project activities and services consistent with professional standards for the industry and type of work being performed under this Grant Agreement.

    Nothing contained in this Grant Agreement or otherwise, shall create any contractual relation between the SGC and any Partners or subcontractors, and no subcontract shall relieve Grantee of its responsibilities and obligations hereunder. Grantee agrees to be as fully responsible to the SGC for the acts and omissions of Partners and subcontractors and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by Grantee. Grantee's obligation to pay Partners and subcontractors is an independent obligation from the SGC's obligation to make payments to Grantee. As a result, the SGC shall have no obligation to pay or to enforce the payment of any moneys to any Partner or subcontractor.

18. No Third-Party Beneficiaries

    This Grant Agreement is not intended for the benefit of any person or entity other than the Parties, and no one other than the Parties themselves may enforce any of the rights or obligations created by this Grant Agreement.

RE: Award Notification – Transformative Climate Communities (TCC) Program, Round 4, Planning Grant Award, County of Monterey, "*Climate Prosperity for Pajaro Valley*"

Dear Ashley Paulsworth and partners,

The California Strategic Growth Council (SGC) is pleased to inform you that the Council approved a Transformative Climate Communities planning award of $299,113.97 to the County of Monterey for "*Climate Prosperity for Pajaro Valley*" at its October 27, 2022, meeting. Previously funded by California's Cap-and-Trade Program, Round 4 of TCC is funded by a FY 2021-2022 budget appropriation from the General Fund. This program funding empowers the communities most impacted by pollution to choose their own goals, strategies, and projects to reduce greenhouse gas emissions and local air pollution. SGC is committed to support community-led transformation and achieve equitable, resilient communities and landscapes for all Californians. Congratulations on your successful application.

This letter provides a conditional commitment of grant funds. TCC staff will initiate the Post-Award Consultation (PAC) process soon by scheduling a meeting with the Awardee and sending a review package including review checklists for planning activities. This process will involve addressing any outstanding issues identified by TCC staff, reviewers, and the interagency review panel, as well as finalizing the grant agreement. Grantees and Partners will need to work closely and collaboratively with TCC Staff to address all issues prior to grant execution. All requested documentation and changes should be finalized within three (3) months after the Council makes awards. Our partnering agency, the Department of Conservation (DOC), will lead the PAC process.

Following execution of the grant agreement, grant funds will be disbursed on a quarterly basis for eligible direct and indirect costs. All reimbursed costs must meet the requirements for reimbursable tasks outlined in the grant agreement. TCC has also been authorized for an Advance Pay Pilot program (AB 156) and will follow up on the terms for accessing advance pay once approved by Council. Please note that no funds will be reimbursed for costs and expenses incurred prior to grant agreement execution, with the exception of limited PAC costs for staff and materials in accordance with forthcoming guidance.

We look forward to our partnership in the coming years. If you have any questions, please contact Sophie Young, TCC Program Manager, at sophie.young@sgc.ca.gov.

Sincerely,

Lynn M. von Koch-Liebert

Publicity Requirements & Guidelines for TCC Grantees

SGC requires TCC grantees to acknowledge the California Strategic Growth Council and the California Department of Conservation (DOC) in all publications, websites, signage, invitations, and other media-related and public-out-reach products related to the TCC grant.

When using SGC's logo, use the color version only when the logo appears on a white background; on backgrounds of any other color, please use the white version of the logo.

LONG-FORM MATERIALS

Long-form written materials, such as reports, must include the following standard language about SGC, TCC, and DOC::

> *TThe California Strategic Growth Council's (SGC) Transformative Climate Communities Program (TCC) empowers the communities most impacted by pollution to choose their own goals, strategies, and projects to reduce greenhouse gas emissions and local air pollution. Administered in partnership with the California Department of Conservation, TCC funds community-led development and infrastructure projects that achieve major environmental, health, and economic benefits in California's most disadvantaged communities. For more information, visit sgc.ca.gov/programs/tcc/*

PRESS RELEASES, FLYERS, AND VISUAL MATERIALS

Any informational materials that do not qualify as long-form, but that include at least a paragraph of text, such as press releases, media advisories, short case studies, some flyers, etc., should include the following language:

LONG VERSION:

> *"[Project Name] is supported by California Strategic Growth Council's Transformative Climate Communities Program strengthening the economy, and improving public health and the environment – particularly in disadvantaged communities."*

SHORT VERSION:

> *"[Project Name] is supported by California Strategic Growth Council's Transformative Climate Communities Program."*

MOSTLY VISUAL:

Grantees may at times produce promotional materials that are primarily visual in nature, such as banners, signage, certain flyers, and sharable images for social media. In such cases, when including the boilerplate language acknowledging SGC support is not practical, grantees should instead include the official logos of SGC and DOC preceded by the words "Supported by."

DocuSign Envelope ID: 843E0347-4A17-4A54-906B-B14041B51B78

SIGNAGE

Grantees must post signs on project construction sites stating that SGC is providing financing through the TCC Program in an appropriate location(s), typeface and size conveying the following message:

> *[PROJECT NAME]*
>
> *THIS PROJECT HAS BEEN MADE POSSIBLE BY FINANCING FROM*
>
> *TRANSFORMATIVE CLIMATE COMMUNITIES PROGRAM*
>
> *THROUGH THE CALIFORNIA STRATEGIC GROWTH COUNCIL*

The sign should also include the SGC and DOC logos. Please refer to the "Publicity" section of the TCC Grant Agreement for specific, additional guidelines about signage.

MEDIA INQUIRIES

TCC Grantees must identify a point of contact for all press inquiries and communications needs related to the project and provide the name, phone number and email address of this individual to SGC. Grantees must also distribute a press release after grant decisions are made at SGC's Public Council Meeting and are encouraged to do so for other major milestones throughout the lifecycle of the grant. All press releases must be approved by SGC's Chief External Affairs Officer prior to distribution and SGC must be alerted and invited to participate in any and all press conferences related to the grant.

COMMUNICATIONS MATERIALS & PHOTOS

TCC grant recipients must prepare one or more two-to-four-page documents that provide a summary of the grant components and tell the story of the project development process and/or implementation. All such materials must be approved by SGC's Chief Communications Officer prior to distribution. SGC may display such materials on its website.

In addition, SGC requires TCC grantees to share between 8–24 high-resolution, color photos with SGC during the project period. These photos should include pictures of both people and the project. SGC reserves the right to use these photos across any and all of its communications platforms.

SOCIAL MEDIA

SGC encourages TCC grantees to use social media to share the process of creating and developing a TCC pro-posal as well as stages of the project's implementation. Grantees must tag @CalSGCand @CalConservation in all Tweets related to the TCC grant; tag California Strategic Growth Council and California Department of Conservation on LinkedIn; on Facebook and other platforms, please mention California Strategic Growth Council and California Department of Conservation.

Spread the Word

Here are a few effective ways to raise awareness around your important work. In every case, we recommend a clear, concise writing style that avoids technical terms and is easy for most readers to access. Be sure all of your communications comply with the Publicity Requirements and Guidelines on pages ____-____ of this kit.

CREATE A WEBSITE

One of the best ways to share the latest information about the progress of your TCC project is to compile everything the public needs to know into well-organized website. Your website should be simple and inviting, with sections explaining who you are, what the TCC program is, and why the project is important. Keeping the website updated with your latest accomplishments and steps taken to achieve your goals will keep members of your community enthusiastic and engaged. You can choose from dozens of inexpensive website templates, such as Wix, Square Space, and WordPress.

PRESS RELEASES & MEDIA ADVISORIES

If you're interested in getting mentioned by your local news outlets (newspapers, web-based news, radio, television), you've got to alert reporters, editors, hosts, news desks, and producers in your local media market. Here are a couple ways to get their attention (in both cases, include a contact name, title, phone number, and email at the top):

PRESS RELEASE

This is a narrative piece that tells the reader a story. Your best bet is to write it in the style of a story you'd read in the newspaper. Start with the most important part so that the reader knows immediately what you want to tell them about. From there, add details to flesh out the story (the amount of the grant, the number of affordable units, total emissions reductions), along with quotes from people who are engaged with your project – for example, representatives from partner organizations, residents who engaged in project design, and SGC's Executive Director. Some media outlets might publish your press release as is! Others will follow up with questions or to interview someone.

MEDIA ADVISORY

This is a short piece you send to reporters, editors, hosts, news desks, and producers when you want to invite them to attend and cover an event, such as a groundbreaking, ribbon-cutting, dedication, etc. Make sure you answer the most important questions (who/what/when/where/why/how) and emphasize what makes your story worthy of media attention – as well as what photo opportunities will be available at the event.

SOCIAL MEDIA

Numerous social media platforms support digital story-telling and promotion. Use your existing platforms to talk about your TCC project. We also encourage you to follow SGC on Twitter and LinkedIn so we can watch for and share your updates about your TCC project. Please see our social media section of this kit for more details.

BLOG POST

If you or any of your partners currently has an active blog, we encourage you to write a post highlighting the progress or impact of your TCC project. For example, ask a project partner to write a guest blog or sit with you for a Q&A to highlight some of the specific benefits of their programs, who is receiving those benefits, and how the community has been involved. After you've posted your blog, you can share it on your social media platforms!

DocuSign Envelope ID: 843E0347-4A17-4A54-906B-B14041B51B78

NEWSLETTER

If you or any of your TCC partners have a newsletter or listserv, please share your award announcement and other important milestones through that platform. Encourage community leaders and/or elected officials who work with you frequently to announce TCC milestones through their newsletters or listservs as well. Please contact us at SGC so we can share your important TCC milestones through our newsletter as well!

OP-ED OR LETTER TO THE EDITOR

Consider writing an op-ed or letter to the editor of your local newspaper to raise awareness of your new TCC award and the benefits it will bring to your community. A good approach is to acknowledge the various stakeholders involved in the planning process, name the specific benefits this project will bring to members of your community, and emphasize the place-based, community-driven approach to this project using TCC's model. An op-ed is typically around 600 words (it depends on the outlet) and you submit it to the Op-Ed Editor; it is best to reach out to this editor with an outline for your piece and ask if they're interested in running a developed piece from you. A letter-to-the-editor is short – usually under 200 words – and you just submit it directly to the letters section of the outlet.

DocuSign Envelope ID: 843E0347-4A17-4A54-906B-B14041B51B78

Events and Engagement

Events with community members, leaders, and elected officials can be a draw for the press, as well as for local residents, and are a great way to build excitement about your TCC project.

HOLD A PROJECT AREA TOUR AND RIBBON CUTTING CEREMONY

Invite project partners, elected officials, funders, and other stakeholders to speak at the event. SGC staff members and Council members try to be available to participate in these events. Invite local media to attend the event (see "Media Advisory" on page ____) and provide enough information that they'll be excited to cover it.

Do a press conference right before the ribbon cutting. Plan the message you want attendees to take away from the event, so you can craft speakers' dialogue around it. Generally, you want to agree in advance with your speakers about what angles they'll cover – that way, you can be sure all the important points get attention without too much repetition. Let speakers know how much time they have for their comments – typically 4-5 speakers giving comments for about 2 minutes each is plenty for a press conference. Leave time for questions at the end. You'll need a master of ceremonies who introduces each speaker, facilitates the Q&A, and keeps the program on-track. And an audio amplification system – a microphone and a speaker – is usually important, unless you are in a very quiet space.

Give yourself plenty of time to secure the location, publicize the event, invite press, gather equipment and any visual materials, and ensure spokespeople are fully prepared.

HOST COMMUNITY EVENTS

Organizing a fun kick-off meeting and other community events for stakeholders and the general public is a great way to raise awareness about your TCC award and get more people involved in the planning and implementation process. These kinds of events can help make sure everyone is on the same page and united in your mission, as well as enthusiastic about the tangible benefits your project will create.

REMEMBER

The SGC team is here to help! We love to work with grantees to brainstorm communication strategies. We can provide quotes from SGC leadership for your press releases and make leadership available for media interviews. We can coach you on how to pitch media, help you identify reporters, and help secure participation by State officials in your event. Contact SGC's Deputy Director of Communications and External Affairs, Emily Breslin, for support: emily.breslin@opr.ca.gov.

DocuSign Envelope ID: 843E0347-4A17-4A54-906B-B14041B51B78

Social Media

Social media offers an array of powerful, free platforms that enable you to communicate about your TCC project to potentially large audiences.

FOLLOW US

The California Strategic Growth Council (@CalSGC) and the Department of Conservation (@CalConservation) post frequently on Twitter about the State's efforts to improve our environment and communities. SGC and DOC are also active on LinkedIn. We encourage you and your TCC partners to follow our accounts to stay up to date on the latest news on our policies and programs. If we tweet about TCC, or about anything else relevant or interesting to you, please 'like' and retweet us – sometimes it can even save you the trouble of crafting your own tweet.

TAG US

We love seeing grantees' progress from vision to reality. Please post updates and photos of project events or outcomes on social media, and make sure to tag us so that we can like, comment, and retweet to share your hard work with all of California.

TAG YOUR PARTNERS

Remember to include co-applicants and other key stakeholders and champions in social media posts about your TCC award. Tagging partners gives them the recognition they deserve while increasing the audience for your post.

USE HASHTAGS

Hashtags can be a very effective way to increase a post's visibility and response rate. It is best to use a few relevant hashtags, like #TransformativeClimateCommunities, #transit, #equity and #climatechange.

TAKE PICTURES

A social post with a great image attached is bound to get more traction than one without an image. Throughout every stage of the TCC process, be sure to encourage your team to bring their phones or even a nice camera and take a picture of their colleagues or work environment. Having a photobank of pictures can work wonders on your social media accounts, especially because you'll have the freedom to choose the highest quality or most interesting photos. Please see the Photo Tips section of this kit for more information.

SHORTEN THE MESSAGE

Given the character limit for tweets, you will need to pick and choose what information to include. Incorporate hashtags and tagging partners into your sentences, (see the sample posts below). Use commonly known abbreviations and conjunctions.

AMPLIFY THE VOICES OF COMMUNITY MEMBERS

Reach out to partners and community members for their videos, quotes, and pictures that share how your TCC project will affect their lives. These stories can increase your social media audience's enthusiasm for your project. Retweeting posts that residents and stakeholders create is another way to demonstrate TCC's impact.

DocuSign Envelope ID: 843E0347-4A17-4A54-906B-B14041B51B78

POST OFTEN

Interact with your audience as much as possible on all platforms. It is ideal to post between a few times a week and once or twice a day on social media. Brainstorm with your staff to come up with creative ways to keep the public informed and interested in your work. Then create a schedule and remain consistent.

MORE SOCIAL MEDIA TIPS

- Encourage audience engagement by posting questions.
- Use URL shortening tools from sites like bitly.com and tinyurl.com.
- Don't be afraid to use emojis.
- Encourage your colleagues and TCC partners to participate in social media conversations.
- Be visual! Use infographics instead of text when possible.
- Observe copyright laws.

Photo Tips

Consider pointers in this section when using photography to tell your project's story.

QUALITY

Use the highest quality camera you can access. Good news: many modern smartphones are usually sufficient, as long as your subject is in focus, well-lit, and the phone is turned sideways (landscape orientation – use this orientation for videos, too!). Photos on social media don't have to be as high quality as photos on your website or newsletter.

EVERYONE'S A PHOTOGRAPHER

Encourage your staff and partners to take photos whenever they have the chance, and to send them all to your organization's communications team. Designating someone who owns a nice camera to take photographs during events is always a good practice.

DON'T HAVE A GREAT PHOTO?

Services like Flickr, Pixabay, and Upsplash offer countless high-quality photos that you can download and use for free.

CONTENT

When possible, photos should be bright and colorful, without being too 'noisy,' blurry, or filtered. Candid photos of people working or interacting tend to be more unique and eye-catching than people smiling at the camera. Highlight interesting aspects of your project so your photo stands out.

REMEMBER

The picture is what draws people in to read the caption and learn about your work. Don't underestimate its importance!

STAY IN TOUCH!

Feel free to contact SGC's Deputy Director of Communications and External Affairs, Emily Breslin, if you have questions or need support on any of your communications efforts at emily.breslin@opr.ca.gov .

a Approve and Authorize the Chief Information Officer (CIO) to submit a State and Local Cybersecurity Grant application to California Office of Emergency Services for the provision of funding to offset the costs associated with improving cybersecurity posture; and
b. Authorize the CIO to sign the necessary documents to accept the funding if awarded.

RECOMMENDATION:
It is recommended that the Board of Supervisors:
a Approve and Authorize the Chief Information Officer (CIO) to submit a State and Local Cybersecurity Grant application to California Office of Emergency Services for the provision of funding to offset the costs associated with improving cybersecurity posture; and
b. Authorize the CIO to sign the necessary documents to accept the funding if awarded.

SUMMARY/DISCUSSION:
The Cal Office of Emergency Services State and Local Cybersecurity Grant Program is a federally funded program administered by California Office of Emergency Services that supports eligible local governments in strengthening cybersecurity resilience through planning, assessment, mitigation, and workforce development. Cyber threats targeting local governments continue to increase in frequency and sophistication, posing significant risks to County operations, sensitive data, and the continuity of critical public services. Cybersecurity planning, assessment, implementation, and incident response capabilities are essential for the county as stewards of confidential data supporting the programs across the county. The proposed grant, if awarded, will offset the costs associated with the implementation of a data classification and data loss prevention solution that will further tighten the county's cybersecurity posture and reduce cyber risk. If the County is selected for funding, any required agreements, matching commitments or procurement actions requiring Board approval will be brought forward for consideration and approval.

OTHER AGENCY INVOLVEMENT/COMMITTEE ACTIONS:
County Counsel and the budget office have reviewed and approved this recommended action

FINANCING:
Grant funds would be expended in accordance with program requirements and subject to reimbursement based on allowable costs that include at 30% match requirement by the county. Any ongoing operational or maintenance costs associated with implemented solutions would be evaluated and addressed through future budget processes to ensure long-term fiscal sustainability.

a. Amend the Office of the County Counsel's Fiscal Year (FY) 2025-26 Adopted Budget at Civil Grand Jury Unit (001-1210-8405-COU005) to increase appropriation by $15,000 financed by decreasing appropriation from the Enterprise Risk Unit (001-1210-8429-COU006) (4/5ths vote required); and

SUMMARY/DISCUSSION:
This item originally was approved by the Board on January 27, 2026, but did not contain the specific language required by the Auditor Controller's office. Therefore, County Counsel has brought back the matter for approval with the language specifically requested by the Auditor's office.

The County Counsel Office requests approval by the Board of Supervisors to transfer $15,000 from the Enterprise Risk Unit 8429 to Civil Grand Jury Unit 8405. California is unique among most other states in that we have an independent body called a Civil Grand Jury. Every year, in each of California's 58 counties, a group of qualified ordinary citizens volunteer and take an oath to serve as grand jurors. The Civil Grand Jury investigates and provides reports on local government in Monterey County. The panel consists of 19 citizens of diverse age groups, ethnic and educational backgrounds that reside in Monterey County. The Civil Grand Jury is reimbursed for their per diem and mileage by

submitting monthly reimbursement forms approved by the Judge of the Superior Court. The monthly reimbursements vary from $3,000 to $5,000, not including operational costs. An augmentation request was denied thus the Civil Grand Jury unit needs the $15,000 fund transfer to cover the budget for FY2025-26.

The County Counsel Office also requests approval by the Board of Supervisors to transfer $10,000 from the Enterprise Risk Unit 8429 to the Legal Division Unit 8057. The County Counsel's Legal Division serves all departments within the County on a broad variety of legal issues, including but not limited to general advice, ordinances, contracts, legal opinions, employee discipline/termination matters along with litigation. A $10,000 fund transfer will help cover the budget for FY2025-26.

SUMMARY/DISCUSSION:
Kirby Park is a publicly accessible park owned and operated by the Moss Landing Harbor District that provides community access to the Elkhorn Slough, a nationally and internationally recognized estuarine ecosystem. Kirby Park is used by residents and visitors for kayaking, wildlife viewing, educational activities, and passive recreation.

Due to Kirby Park's popularity and its role as a gateway to a sensitive natural resource, security and safety services are necessary to help ensure safe public access, protect visitors, and support appropriate use of the site. The Moss Landing Harbor District, with approval by the Harbor District Board of Commissioners at its regular meeting on February 25, 2026, has agreed to engage private security and safety services to periodically patrol Kirby Park and manage the Kirby Road Gate as set forth in the proposed Agreement. Costs for a one-year pilot program have been estimated to be $27,276. The Harbor District will contribute $13,000. The County will contribute $14,276 through District 2 discretionary funds. Continuation of the proposed Agreement, beyond the one-year pilot program, will be revisited toward the conclusion of the one-year term.

If approved, this action will; 1) approve the proposed Right of Entry, Mutual Indemnification and

Reimbursement Agreement (Agreement) between the County of Monterey and the Moss Landing Harbor District; 2) approve the expenditure of $14,276 from the Supervisorial District 2 discretionary fund to reimburse the Moss Landing Harbor District for costs incurred for security and safety services provided by Allied Universal Security Services at Kirby Park during the one year pilot program, and 3) authorize the Director of Public Works, Facilities and Parks (PWFP) or designee to execute the Agreement.

PUBLIC PURPOSE FINDINGS:
Supervisorial District 2 discretionary funds will be used to reimburse the Moss Landing Harbor District for costs incurred during the one-year pilot program to support significant public purposes; including the following, continued public safety, stewardship, and community access to this important public space.

In approving this expenditure, the Board of Supervisors finds that the expenditure is to support significant public purposes; and, the transaction is not prohibited by Article XVI, Section 6 of the California Constitution. Any benefit to any individual is incidental to the significant public purposes identified above.

Matter Type: General Agenda Item

a. Approve and authorize the Contracts and Purchasing Officer or designee to execute a non-standard agreement with Regional Government Services Authority (RGS) for the provision of human resources consulting services, in the amount of $13,900 for a term from the date it is fully executed through December 31, 2026; and
b. Accept the non-standard terms and conditions as recommended by the Human Resources Department and County Counsel Office; and
c. Approve and authorize the Contracts and Purchasing Officer or designee to execute future amendments, provided they do not exceed an aggregate amount of $20,000.

RECOMMENDATION:
It is recommended that the Board of Supervisors:
a. Approve and authorize the Contracts and Purchasing Officer or designee to execute a non-standard agreement with Regional Government Services Authority (RGS) for the provision of human resources consulting services, in the amount of $13,900 for a term from the date it is fully executed through December 31, 2026; and
b. Accept the non-standard terms and conditions as recommended by the Human Resources Department and County Counsel Office; and
c. Approve and authorize the Contracts and Purchasing Officer or designee to execute future amendments, provided they do not exceed an aggregate amount of $20,000.

SUMMARY:

The Human Resources Department periodically requires specialized technical expertise to support base wage compensation analysis, salary benchmarking, and related classification and compensation initiatives. Due to current workload demands and the need for subject matter expertise in base wage compensation analysis, the Human Resources Department proposes entering into an agreement with Regional Government Services Authority, a public agency Joint Powers Authority that provides professional human resources consulting services to public sector entities. The agreement will allow the County to access experienced compensation professionals to support time-sensitive and specialized projects.

During the contract negotiation process, modifications to the County's standard agreement template were recommended by Regional Government Services Authority. As a result, Board approval is required to authorize execution of the non-standard agreement and acceptance of the modified terms and conditions.

DISCUSSION:
The Human Resources Department identified a need for professional consulting services to assist with base wage compensation projects. These services support the County's responsibility to maintain a competitive, equitable, and policy-compliant compensation structure.

Regional Government Services Authority was selected due to its demonstrated experience providing public-sector human resources consulting services, including classification and compensation analysis for California public agencies. Engaging Regional Government Services Authority will help supplement internal staffing resources and ensure continuity of time-sensitive compensation initiatives.
During the contract review process, non-standard terms were identified, including provisions related to indemnification, insurance, and dispute resolution (listed in Exhibit C to the agreement). The proposed modifications to the Standard Agreement were reviewed by County Counsel and are not expected to significantly increase the County's risk.

Approval of this non-standard agreement and allow the Human Resources Department to obtain specialized compensation consulting services in support of the County's compensation program.

OTHER AGENCY INVOLVEMENT/COMMITTEE ACTIONS:
The offices of the County Counsel and Auditor-Controller have reviewed the Agreement as to form and fiscal provisions, respectively.

FINANCING:
The cost associated with this Agreement is $13,900; approximately $8,700 will be covered by the Assessor, Treasurer-Tax Collector, and Auditor-Controller, and $5,200 will be covered by the Human Resources Department with appropriations in the FY 2026 budget.

BOARD OF SUPERVISORS STRATEGIC PLAN GOALS:
The proposed recommended actions support the Board of Supervisors' Dynamic Organization and Employer of Choice Strategic Plan Goal. These actions demonstrate the County's commitment to attracting, hiring, and retaining a diverse and talented workforce by establishing fair compensation across all employee levels.

3.01 The term of this Agreement is from **the date it is fully executed** to **December 31, 2026,** unless sooner terminated pursuant to the terms of this Agreement. This Agreement is of no force or effect until signed by both CONTRACTOR and County and with County signing last, and **CONTRACTOR may not commence work before County signs this Agreement**.

3.02 The County reserves the right to cancel this Agreement, or any extension of this Agreement, without cause, with a thirty day (30) written notice, or with cause immediately.

4.0 SCOPE OF SERVICES AND ADDITIONAL PROVISIONS:

The following attached exhibits are incorporated herein by reference and constitute a part of this Agreement:

Exhibit A: Scope of Services/Payment Provisions

Exhibit B: Proposal for Base Wage Salary Surveys

Exhibit C: Addendum No. 1

5.0 PERFORMANCE STANDARDS:

5.01 CONTRACTOR warrants that CONTRACTOR and CONTRACTOR's agents, employees, and subcontractors performing services under this Agreement are specially trained, experienced, competent, and appropriately licensed to perform the work and deliver the services required under this Agreement and are not employees of the County, or immediate family of an employee of the County.

5.02 CONTRACTOR, its agents, employees, and subcontractors shall perform all work in a safe and skillful manner and in compliance with all applicable laws and regulations. All work performed under this Agreement that is required by law to be performed or supervised by licensed personnel shall be performed in accordance with such licensing requirements.

5.03 CONTRACTOR shall furnish, at its own expense, all materials, equipment, and personnel necessary to carry out the terms of this Agreement, except as otherwise specified in this Agreement. CONTRACTOR shall not use County premises, property (including equipment, instruments, or supplies) or personnel for any purpose other than in the performance of its obligations under this Agreement.

6.0 PAYMENT CONDITIONS:

6.01 Prices shall remain firm for the initial term of the Agreement and, thereafter, may be adjusted annually as provided in this paragraph. The County does not guarantee any minimum or maximum amount of dollars to be spent under this Agreement.

6.02 Negotiations for rate changes shall be commenced, by CONTRACTOR, a minimum of ninety days (90) prior to the expiration of the Agreement. Rate changes are not binding unless mutually agreed upon in writing by the County and the CONTRACTOR.

6.03 Invoice amounts shall be billed directly to the ordering department.

6.04 CONTRACTOR shall submit such invoice periodically or at the completion of services, but in any event, not later than 30 days after completion of services. The invoice shall set forth the amounts claimed by CONTRACTOR for the previous period, together with an itemized basis for the amounts claimed, and such other information pertinent to the invoice. The County shall certify the invoice, either in the requested amount or in such other amount as the County approves in conformity with this Agreement and shall promptly submit such invoice to the County Auditor-Controller for payment. The County Auditor-Controller shall pay the amount certified within 30 days of receiving the certified invoice.

6.05 CONTRACTOR shall not receive reimbursement for mileage or travel expenses unless set forth in this Agreement.

7.0 TERMINATION:

7.01 During the term of this Agreement, the County may terminate the Agreement for any reason by giving written notice of termination to the CONTRACTOR at least thirty (30) days prior to the effective date of termination. Such notice shall set forth the effective date of termination. In the event of such termination, the amount payable under this Agreement shall be reduced in proportion to the services provided prior to the date of termination.

7.02 The County may cancel and terminate this Agreement for good cause effective immediately upon written notice to CONTRACTOR. "Good cause" includes the failure of CONTRACTOR to perform the required services at the time and in the manner provided under this Agreement. If County terminates this Agreement for good cause, the County may be relieved of the payment of any consideration to CONTRACTOR, and the County may proceed with the work in any manner, which County deems proper. The cost to the County shall be deducted from any sum due the CONTRACTOR under this Agreement.

7.03 The County's payments to CONTRACTOR under this Agreement are funded by local, state and federal governments. If funds from local, state and federal sources are not obtained and continued at a level sufficient to allow for the County's purchase of the indicated quantity of services, then the County may give written notice of this fact to CONTRACTOR, and the obligations of the parties under this Agreement shall terminate immediately, or on such date thereafter, as the County may specify in its notice, unless in the meanwhile the parties enter into a written amendment modifying this Agreement.

8.0 INDEMNIFICATION:

CONTRACTOR shall indemnify, defend, and hold harmless the County, its officers, agents, and employees, from and against any and all claims, liabilities, and losses whatsoever (including damages to property and injuries to or death of persons, court costs, and reasonable attorneys' fees) occurring or resulting to any and all persons, firms or corporations furnishing or supplying work, services, materials, or supplies in connection with the performance of this Agreement, and from any and all claims, liabilities, and losses occurring or resulting to any person, firm, or corporation for damage, injury, or death arising out of or connected with the CONTRACTOR's performance of this Agreement, unless such claims, liabilities, or losses arise out of the sole negligence or willful misconduct of the County. "CONTRACTOR's performance" includes CONTRACTOR's action or inaction and the action or inaction of CONTRACTOR's officers, employees, agents and subcontractors.

9.0 INSURANCE REQUIREMENTS:

9.01 **Evidence of Coverage:** Prior to commencement of this Agreement, the Contractor shall provide a "Certificate of Insurance" certifying that coverage as required herein has been obtained. Individual endorsements executed by the insurance carrier shall accompany the certificate. In addition, the Contractor upon request shall provide a certified copy of the policy or policies.

This verification of coverage shall be sent to the County's Contracts/Purchasing Department, unless otherwise directed. The Contractor shall not receive a "Notice to Proceed" with the work under this Agreement until it has obtained all insurance required and the County has approved such insurance. This approval of insurance shall neither relieve nor decrease the liability of the Contractor.

9.02 **Qualifying Insurers:** All coverages, except surety, shall be issued by companies which hold a current policy holder's alphabetic and financial size category rating of not less than A- VII, according to the current A.M. Best's Rating Guide or a company of equal financial stability that is approved by the County's Purchasing Agent.

9.03 **Insurance Coverage Requirements:** Without limiting CONTRACTOR's duty to

indemnify, CONTRACTOR shall maintain in effect throughout the term of this Agreement a policy or policies of insurance with the following minimum limits of liability:

Commercial General Liability Insurance: including but not limited to premises and operations, including coverage for Bodily Injury and Property Damage, Personal Injury, Contractual Liability, Broad form Property Damage, Independent Contractors, Products and Completed Operations, with a combined single limit for Bodily Injury and Property Damage of not less than $1,000,000 per occurrence, and $2,000,000 in the aggregate.
(Note: any proposed modifications to these general liability insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

Auto Liability Coverage: must include motor vehicles, including scheduled, non-owned, and hired vehicles, used in providing services under this Agreement, with a combined single limit or Bodily Injury and Property Damage of not less than $1,000,000 per occurrence.
(Note: any proposed modifications to these auto insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

Workers' Compensation Insurance: if CONTRACTOR employs others in the performance of this Agreement, in accordance with California Labor Code section 3700 and with Employer's Liability limits not less than $1,000,000 each person, $1,000,000 each accident and $1,000,000 each disease.
(Note: any proposed modifications to these workers' compensation insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

Professional Liability Insurance: if required for the professional services being provided, (e.g., those persons authorized by a license to engage in a business or profession regulated by the California Business and Professions Code), in the amount of not less than $1,000,000 per claim and $2,000,000 in the aggregate, to cover liability for malpractice or errors or omissions made in the course of rendering professional services. If professional liability insurance is written on a "claims-made" basis rather than an occurrence basis, the CONTRACTOR shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage ("tail coverage") with the same liability limits. Any such tail coverage shall continue for at least three years following the expiration or earlier termination of this Agreement.
(Note: Professional liability insurance coverage is required if the contractor is providing a professional service regulated by the state. Examples of service providers regulated by the state are insurance agents, professional architects and engineers, doctors, certified public accountants, lawyers, etc. However, other professional Contractors, such as computer or software designers, technology services, and services providers such as claims administrators, should also have professional liability. If in doubt, consult with your risk or contract manager.)

If the contractor maintains broader coverage and/or higher limits than the minimums shown above, the County requires and shall be entitled to the broader coverage and/or higher limits maintained by the contractor.

9.04 **Other Requirements:**

All insurance required by this Agreement shall be with a company acceptable to the County and issued and executed by an admitted insurer authorized to transact Insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three years following the date CONTRACTOR completes its performance of services under this Agreement.

Each liability policy shall provide that the County shall be given notice in writing at least thirty days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for Contractor and additional insureds with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

Additional Insured Status:

The County of Monterey, its officers, officials, employees, agents, and volunteers are to be covered as additional insureds on the auto liability policy for liability arising out of automobiles owned, leased, hired or borrowed by or on behalf of the Contractor. Auto liability coverage shall be provided in the form of an endorsement to the CONTRACTOR'S insurance.

The County of Monterey, its officers, officials, employees, agents, and volunteers are to be covered as additional insureds on the commercial general liability policy with respect to liability arising out of work or operations performed by or on behalf of the CONTRACTOR including materials, parts, or equipment furnished in connection with such work or operations. General liability coverage shall be provided in the form of an endorsement to the CONTRACTOR'S insurance (at least as broad as ISO Form CG 20 10 11 85 or if not available, through the addition of both CG 20 10, CG 20 26, CG 20 33, or CG 20 38; and CG 20 37 if a later edition is used).

Primary Coverage:

For any claims related to this contract, the CONTRACTOR'S insurance coverage shall be primary and non-contributory and at least as broad as ISO CG 20 01 04 13 as respects the County, its officers, officials, employees, agents, and volunteers. Any insurance or self-insurance maintained by the County, its officers, officials, employees, agents, or volunteers shall be excess of the CONTRACTOR'S insurance and shall not contribute with it. This requirement shall also apply to any Excess or Umbrella liability policies.

Workers' Compensation Waiver of Subrogation:

The workers' compensation policy required hereunder shall be endorsed to state that the workers' compensation carrier waives its right of subrogation against COUNTY, its officers, officials, employees, agents, or volunteers, which might arise by reason of payment under such policy in connection with performance under this Agreement by CONTRACTOR. Should CONTRACTOR be self-insured for workers' compensation, CONTRACTOR hereby agrees to waive its right of subrogation against COUNTY, its officers, officials,

employees, agents, or volunteers.

Prior to the execution of this Agreement by the County, CONTRACTOR shall file certificates of insurance and endorsements with the County's contract administrator and County's Contracts/Purchasing Division, showing that the CONTRACTOR has in effect the insurance required by this Agreement. The CONTRACTOR shall file a new or amended certificate of insurance within five calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect. CONTRACTOR shall always during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County, annual certificates to County's Contract Administrator and County's Contracts/Purchasing Division. If the certificate is not received by the expiration date, County shall notify CONTRACTOR and CONTRACTOR shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance is a default of this Agreement, which entitles County, at its sole discretion, to terminate this Agreement immediately.

10.0 RECORDS AND CONFIDENTIALITY:

10.01 **Confidentiality:** CONTRACTOR and its officers, employees, agents, and subcontractors shall comply with any and all federal, state, and local laws, which provide for the confidentiality of records and other information. CONTRACTOR shall not disclose any confidential records or other confidential information received from the County or prepared in connection with the performance of this Agreement, unless County specifically permits CONTRACTOR to disclose such records or information. CONTRACTOR shall not publish any such material without the prior written approval of County.

PROPOSAL for

Base Wage Salary Surveys

to

County of Monterey
Kimberly Moore
Assistant Human Resources Director
168 West Alisal St., 3rd Floor
Salinas, CA, 93901

November 21, 2025

Dear Ms. Moore,

Regional Government Services (RGS) is pleased to submit this proposal to support the County of Monterey in achieving its human resources objectives. We propose conducting a base wage/salary survey and an internal salary alignment study for the County's Engineer and Program Manager classification series, as well as the following assistant department head classifications:

- Assistant Treasurer-Tax Collector
- Assistant Auditor-Controller
- Assistant County Clerk-Recorder
- Assistant Assessor-Valuation

This proposal outlines our approach, a tentative project timeline, and an estimated cost for completing the work.

RGS brings deep expertise in public sector classification and compensation studies. Our inclusive and responsive methodology, combined with our proven track record of timely and cost-effective service, has earned us the trust of numerous public agencies.

As a public agency ourselves, we fully understand the unique needs and expectations of our government partners.

This proposal is valid for 120 days from the date of submission. I will serve as the primary point of contact for this project and can be reached at (650) 587-7300 ext. 94 or via email at phoward@rgs.ca.gov.

We appreciate the opportunity to partner with the County of Monterey and look forward to the possibility of working together.

Sincerely,

Patty Howard

Patty Howard, Senior Advisor
Classification and Compensation Service Line Lead
Regional Government Services

Our Organization

We are public, we serve public

RGS is a California Joint Powers Authority (JPA) that was created to serve public agencies. The cities that formed RGS recognized that collaboration would enable them to serve their communities more effectively. RGS currently serves more than 130 agencies. We understand the public sector because we are public. RGS contracts with many partners, including:

- Cities
- Joint Powers Authorities (JPAs)
- Special Districts
- Counties

A public agency does not need to join our JPA to benefit from our services. We often work with public agencies like a typical consultant. What's different? We do not profit, plus we have a public Board of Directors. The public sector executive staff that makes up our Board helps RGS identify trends and meet the emerging needs of local government.

Prioritizing your success

The County of Monterey is committed to attracting and retaining a highly skilled workforce through a fair, competitive, and comprehensive compensation structure. To support this objective, the County is seeking a qualified consultant to perform a detailed analysis of salaries and benefits.

This study will benchmark the County's compensation practices against comparable public agencies to assess both market competitiveness and internal equity. The scope of work includes extensive data collection and analysis, focusing on key compensation elements across selected benchmark classifications and peer organizations.

RGS is ready to begin work immediately, providing a dedicated team that will deliver high-quality results on time and in alignment with contract expectations. Services will primarily be conducted remotely to ensure cost-efficiency, with on-site support available as needed.

RGS will deliver:

- Comprehensive compensation and benefits analyses benchmarked against comparable public sector agencies, providing clear, actionable insights and recommendations.

- Customized, transparent, and collaborative communication with County stakeholders, including Human Resources Department staff, department leadership, labor representatives, and the Board of Supervisors.

Study Process Overview

RGS will take the following steps to complete the County's classification study. Throughout the project, the RGS Advisors will be available for phone and e-mail consultation and video conference/phone meetings.

Virtual Kick-off Meeting with the Project Team

RGS will schedule a virtual kick-off meeting with the County's point(s) of contact to explain the study's methodology, objectives, deliverables, and data collection methods. In addition, RGS requests that the County share any classification and compensation issues, concerns, or challenges to ensure the project team has a complete understanding of the project's scope.

Request for Documents

Once the contract is executed, RGS will request and review key background material and documents from the County to understand its current classification, compensation, organizational structure, policies, and procedures.

Typical materials requested include:

- Organizational charts
- Existing classification specifications
- Current salary schedules
- Applicable policies and procedures.
- List of comparator agencies the County has established for similar studies

Study Process

COLLECT DATA FROM COMPARATOR AGENCIES

Using the comparator agencies, RGS will identify comparable classifications within each comparator agency and collect top-step salary data. Comparable classifications will be identified on a "whole job" basis, taking duties, reporting structure, and requirements into consideration, and not by title alone. Furthermore, RGS will collect salary alignment data for the County's comparator agencies to identify any patterns that may exist or practices used when setting salaries for like positions. RGS will conduct a comparative analysis to determine how and/or if the County can implement these practices in determining the internal salary alignment of its positions.

ANALYZE CLASS SPECIFICATIONS

Determining the relationships between positions within each series will assist in building the internal salary alignment structure. To this end, RGS will analyze the class specifications based on the following classification factors:

- Authority and autonomy in decision-making
- Scope and complexity of the work
- Types and frequency of contracts
- Supervision exercised and received
- Knowledge, skills, and abilities required
- Minimum education and experience required

Study Process Overview

DEVELOPMENT INTERNAL SALARY ALIGNMENT RECOMMENDATION

RGS will review, compile, and analyze all information collected through the class specification analysis and review of compensation documents from the County and the comparable agencies. Using this information, RGS will develop a salary recommendation for each class within their respective class series for the County's consideration.

BASE WAGE SALARY STUDY REPORT

RGS will compile and incorporate information gathered in the collaborative review process and finalize the report. The final report will include, at a minimum, the following:

- Executive Summary–including process followed and methodology used
- Salary Study:
    - A list of comparator agencies surveyed as part of the base wage salary survey
    - A list of classifications surveyed
    - Statistics for the base rate of pay (top step) for the benchmark classes, with the percentage above or below the average of market comparators identified
    - Study findings, salary recommendations, and internal alignment recommendations for the non-benchmark classes and those with insufficient market data were found

Assumptions

RGS cost estimates, rates, and scope assume:

- RGS advisors will be available to perform the services during the typical work week.
- RGS team members will maintain communication with each other and County staff.
- Projects and activities may be modified at the County's request (which may affect the timeline, accuracy of the cost estimate, and not-to-exceed amount).
- RGS advisors are employees of RGS and report to RGS administration
- County employees do not report to any RGS employees.
- RGS employees shall have no authority to execute any document on behalf of the County.
- Services will be performed remotely. If any in-person services are requested, the County will be responsible for the expenses and personnel time associated with travel.

RGS is available and willing to perform additional on-call work at hourly rates on an as-needed basis upon request. RGS also provides a variety of services for HR, training, economic development, clerking, communications, and more.

Project Schedule

The following is a tentative project timeline that may be modified with mutual agreement between the County and RGS. Any recognized holidays during the project may affect the timeline.

In addition, staff availability, responsibility, and responsiveness will be critical in completing the project as described in the timeline. Meetings between RGS and the County's points of contact can be scheduled as required. Progress reports can be provided throughout the project as requested. RGS strives to manage the timeline to ensure deadlines are met.

Cost Proposal

At RGS, we bill only actual hours attributed to the project at the specific Advisor or Technician's rate. Work will commence upon the County's notification of the project award. Work is performed as agreed and subsequently billed each month based on hours actually worked.

RGS Advisors are skilled at prioritizing projects and working within partner agencies' budgets. Mileage, if applicable, will be calculated and invoiced using the current IRS rate. In calculating the project costs, RGS has considered the most efficient and cost-effective methods while continuously maintaining Human Resources' best practices.

The total project cost for the classification and compensation studies would **not exceed $13,900**. Estimated project costs include:

In the event of such termination, the amount payable under this Agreement shall be reduced in proportion to the services provided prior to the date of termination.

2. **Section 8.0 INDEMNIFICATION**. Section 8.0 of the Agreement is hereby amended, retitled, and restated to read in its entirety as follows:

   CONTRACTOR shall indemnify, defend, and hold harmless the County, its officers, agents, and employees, from and against any and all claims, liabilities, and losses whatsoever (including damages to property and injuries to or death of persons, court costs, and reasonable attorneys' fees) to the extent occurring or resulting to any and all persons, firms or corporations furnishing or supplying work, services, materials, or supplies in connection with the CONTRACTOR'S performance of the services under this Agreement, and from any and all claims, liabilities, and losses occurring or resulting to any person, firm, or corporation for damage, injury, or death to the extent arising out of or connected with the CONTRACTOR's performance of this Agreement, unless such claims, liabilities, or losses arise out of the negligence or willful misconduct of the County. "CONTRACTOR's performance" includes

CONTRACTOR's action or inaction and the action or inaction of CONTRACTOR's officers, employees, agents and subcontractors. Notwithstanding the foregoing and for the avoidance of doubt, nothing herein shall be interpreted as obligating RGS to indemnify the County against its own negligence or willful misconduct.

3. **Section 9.0 INSURANCE REQUIREMENTS**. Paragraphs 9.01, 9.02, and 9.03 of the Agreement are hereby amended, retitled, and restated to read in its entirety as follows:

9.01 **Evidence of Coverage:** Prior to commencement of services under this Agreement, the Contractor shall provide a "Certificate of Insurance" certifying that coverage as required herein has been obtained. Individual endorsements executed by the insurance carrier shall accompany the certificate. In addition, the Contractor upon request shall provide a certified copy of the policy or policies.

This verification of coverage shall be sent to the County's Contracts/Purchasing Department, unless otherwise directed. The Contractor shall not receive a "Notice to Proceed" with the work under this Agreement until it has obtained all insurance required and the County has approved such insurance. This approval of insurance shall neither relieve nor decrease the liability of the Contractor.

9.02 **Qualifying Insurers:** All coverages, except surety, shall be issued by companies which hold a current policy holder's alphabetic and financial size category rating of not less than A- VII, according to the current A.M. Best's Rating Guide or a company of equal financial stability that is approved by the County's Purchasing Agent. Notwithstanding the foregoing, County acknowledges that CONTRACTOR, as a public agency, can, pursuant to California Government Code Section 990, satisfy the insurance requirements set forth herein with a combination of self-insurance and self-insured pool insurance.

9.03 **Insurance Coverage Requirements:** Without limiting CONTRACTOR's duty to indemnify, CONTRACTOR shall maintain in effect throughout the term of this Agreement a policy or policies of insurance with the following minimum limits of liability:

Commercial General Liability Insurance: including but not limited to premises and operations, including coverage for Bodily Injury and Property Damage, Personal Injury, Contractual Liability, Broad form Property Damage, Independent Contractors, with a combined single limit for Bodily Injury and Property Damage of not less than $1,000,000 per occurrence, and $2,000,000 in the aggregate.
(Note: any proposed modifications to these general liability insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

4. **SECTION 10.0 RECORDS AND CONFIDENTIALITY:** Paragraph 10.01 of the Agreement is hereby amended, retitled, and restated to read in its entirety as follows:

10.01 **Confidentiality:** CONTRACTOR and its officers, employees, agents, and subcontractors shall comply with any and all federal, state, and local laws, which provide for the confidentiality of records and other information. CONTRACTOR shall not disclose any confidential records or other confidential information received from the County or prepared in connection with the performance of this Agreement, unless County specifically permits CONTRACTOR to disclose such records or information. CONTRACTOR shall promptly transmit to County any and all requests for disclosure of any such confidential records or information. CONTRACTOR shall not use any confidential information gained by CONTRACTOR in the performance of this Agreement except for the sole purpose of carrying out CONTRACTOR's obligations under this Agreement. Notwithstanding the foregoing, County acknowledges that CONTRACTOR is a public agency subject to the California Public Records Act (the "CPRA") and will comply with this Agreement to the extent that it does not conflict with CPRA.

PROJECT INFORMATION:

Property Owner: Signal Hill, LLC (Massy Mehdipour)
Agent: None
APN: 008-261-007-000
Zoning: Low Density Residential, 1.5 acres per unit with Design Control Overlay (Coastal Zone)

Flagged and Staked: Yes
Project Planner: Mary Israel, israelm@countyofmonterey.gov, (831) 755-5183

SUMMARY:
On August 26, 2025, the Board of Supervisors approved a Coastal Development Permit for the Signal Hill LLC project. Conditions applied to the approval include a requirement for a biological monitor to oversee the restoration of the 1.67 acres on the property. The monitor is required to be provided under contract with the County.

This action proposes a Funding Agreement ("FA") between the applicant (Signal Hill LLC) and the County of Monterey ("County") wherein, the applicant agrees to pay the County for the costs of providing the monitoring services. This action also includes a Professional Services Agreement ("PSA") between the County and EMC Planning Group to provide the monitor required by the permit conditions. All funding for the services will be paid by the applicant through the FA.

DISCUSSION:
The Signal Hill, LLC project was approved by the Board of Supervisors in 2023. That approval included the "Reduced Project" alternative, described in the Project Environmental Impact Report (SCH No. 2015021054) which was certified with Board Resolution 23-236. The Board decision required subsequent review of a final design for a new home on the property. The new home was required to remain in the footprint of the demolished structure. Along with this approval, the Board adopted a Mitigation Monitoring and Reporting Plan (MMRP) (Board Resolution 23-237).

Subsequent review of the new home design was approved by the Board of Supervisors on August 26, 2025 (Resolution No. 25-334) (**Attachment 2**). That approval included a condition, carried forward from the 2023 approval, requiring a dune habitat restoration and a conservation scenic easement on 1.67 acres of the property. The condition requires that the dune habitat restoration be monitored by a biologist who is under contract with the County.

The proposed PSA with EMC Planning is a contract to provide the required biological monitoring services. The PSA is accompanied by a FA with the project applicant so that the applicant is providing funding to the County to pay for the services provided.

OTHER AGENCY INVOLVEMENT:
The Offices of the County Counsel and Auditor-Controller have reviewed the Funding Agreement and the Professional Services Agreement ("PSA") as to form and legality, and fiscal provisions, respectively.

FINANCING:
Pursuant to the terms of the FA between the Project Applicant, and the County, the biological monitoring services to be performed by the Contractor under the PSA, as well as the Project Contingency Fee and County Contract Administration Fee, will be paid by the Project Applicant upon approval of the FA. Separate fees for County staff costs associated with the Project will be paid by the Project Applicant in accordance with the County of Monterey Land Use Fee Schedule. The FA and the PSA are structured so that there is no cost to the County and no impact to the General Fund.

BOARD OF SUPERVISORS STRATEGIC PLAN GOALS:
The proposed agreements support the County's strategic goal of efficient and effective resource management and promote responsiveness, accountability, transparency, and strong customer service.

5.03 CONTRACTOR shall furnish, at its own expense, all materials, equipment, and personnel necessary to carry out the terms of this Agreement, except as otherwise specified in this Agreement. CONTRACTOR shall not use County premises, property (including equipment, instruments, or supplies) or personnel for any purpose other than in the performance of its obligations under this Agreement.

6. PAYMENT CONDITIONS.

6.01 CONTRACTOR shall submit to the Contract Administrator an invoice on a form acceptable to the County. If not otherwise specified, the CONTRACTOR may submit such invoice periodically or at the completion of services, but in any event, not later than thirty (30) days after completion of services. The invoice shall set forth the amounts claimed by CONTRACTOR for the previous period, together with an itemized basis for the amounts claimed, and such other information pertinent to the invoice as the County may require. The Contract Administrator or his or her designee shall certify the invoice, either in the requested amount or in such other amount as the County approves in conformity with this Agreement, and shall promptly submit such invoice to the County Auditor-Controller for payment. The County Auditor-Controller shall pay the amount certified within thirty (30) days of receiving the certified invoice.

6.02 CONTRACTOR shall not receive reimbursement for travel expenses unless set forth in this Agreement.

7. TERMINATION.

7.01 During the term of this Agreement, the County may terminate the Agreement for any reason by giving written notice of termination to the CONTRACTOR at least thirty (30) days prior to the effective date of termination. Such notice shall set forth the effective date of termination. In the event of such termination, the amount payable under this Agreement shall be reduced in proportion to the services provided prior to the date of termination.

7.02 The County may cancel and terminate this Agreement for good cause effective immediately upon written notice to CONTRACTOR. "Good cause" includes the failure of CONTRACTOR to perform the required services at the time and in the manner provided under this Agreement. If County terminates this Agreement for good cause, the County may be relieved of the payment of any consideration to CONTRACTOR, and the County may proceed with the work in any manner, which the County deems proper. The cost to the County shall be deducted from any sum due the CONTRACTOR under this Agreement.

8. INDEMNIFICATION.

8.01 For purposes of the following indemnification provisions ("Indemnification Agreement"), "design professional" has the same meaning as set forth in California Civil Code section 2782.8. If any term, provision, or application of this Indemnification Agreement is found to be invalid, in violation of public policy or unenforceable to any extent, such finding shall not invalidate any other term or provision of this Indemnification Agreement and such other terms and provisions shall continue in full force and effect. If there is any conflict between the terms, provisions or application of this Indemnification Agreement and the provisions of California Civil Code sections 2782 or 2782.8, the broadest indemnity protection for County under this Indemnity Agreement that is permitted by law shall be provided by CONTRACTOR.

8.02 Indemnification for Design Professional Services Claims: CONTRACTOR shall indemnify, defend and hold harmless the County, its governing board, directors, officers, employees, and agents against any claims that arise out of, or pertain to, or relate to the negligence, recklessness, or willful misconduct of the CONTRACTOR, its employees, subcontractors, and agents in the performance of design professional services under this Agreement, excepting only liability arising from the sole negligence, active negligence or willful misconduct of the County, or defect in a design furnished by the County, but in no event shall the amount of such CONTRACTOR's liability exceed such CONTRACTOR's proportionate percentage of fault as determined by a court, arbitrator or mediator, or as set out in a settlement agreement. In the event one (1) or more defendants to any action involving such claim or claims against the County is unable to pay its share of defense costs due to bankruptcy or dissolution of the business, such CONTRACTOR shall meet and confer with the other parties to such action regarding unpaid defense costs.

8.03 Indemnification for All Other Claims or Loss: For any claim, loss, injury, damage, expense or liability other than claims arising out of CONTRACTOR's performance of design professional services under this Agreement, CONTRACTOR shall indemnify, defend and hold harmless the County, its governing board, directors, officers, employees, and agents against any claim for loss, injury, damage, expense or liability resulting from or alleging injury to or death of any person or loss of use of or damage to property, arising from or related to the performance of services under this Agreement by CONTRACTOR, its employees, subcontractors or agents, excepting only liability arising from the sole negligence, active negligence or willful misconduct of the County, or defect in a design furnished by the County.

9. INSURANCE.

9.01 Evidence of Coverage: Prior to commencement of this Agreement, the Contractor shall provide a "Certificate of Insurance" certifying that coverage as required herein has been obtained. Individual endorsements executed by the insurance carrier shall accompany the certificate. In addition, the CONTRACTOR, upon request, shall provide a certified copy of the policy or policies.

This verification of coverage shall be sent to the County's Contracts/Purchasing Division, unless otherwise directed. The CONTRACTOR shall not receive a "Notice to Proceed" with the work under this Agreement until it has obtained all insurance required and such insurance has been approved by the County. This approval of insurance shall neither relieve nor decrease the liability of the CONTRACTOR.

9.02 Qualifying Insurers: All coverages, except surety, shall be issued by companies which hold a current policy holder's alphabetic and financial size category rating of not less than A VII, according to the current A.M. Best's Key Rating Guide or a company of equal financial stability that is approved by the County's Purchasing Agent.

Commercial General Liability Insurance: Including but not limited to premises and operations, including coverage for Bodily Injury and Property Damage, Personal Injury, Contractual Liability, Broad form Property Damage, Independent Contractors, Products and Completed Operations, with a combined single limit for Bodily Injury and Property Damage of not less than $1,000,000 per occurrence, and $2,000,000 in the aggregate.

Workers' Compensation Insurance: If CONTRACTOR employs others in the performance of this Agreement, in accordance with California Labor Code section 3700 and with Employer's Liability limits not less than $1,000,000 each person, $1,000,000 each accident and $1,000,000 each disease.

(Note: Any proposed modifications to these workers' compensation insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

Professional Liability Insurance: If required for the professional services being provided (e.g., those persons authorized by a license to engage in a business or profession regulated by the California Business and Professions Code), in the amount of not less than $1,000,000 per claim and $2,000,000 in the aggregate, to cover liability for malpractice or errors or omissions made in the course of rendering professional services. If professional liability insurance is written on a "claims-made" basis rather than an occurrence basis, the CONTRACTOR shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage ("tail coverage") with the same liability limits. Any such tail coverage shall continue for at least three (3) years following the expiration or earlier termination of this Agreement.

(Note: Professional liability insurance coverage is required if the contractor is providing a professional service regulated by the state. Examples of service providers regulated by the state are insurance agents, professional architects and engineers, doctors, certified public accountants, lawyers, etc. However, other professional contractors, such as computer or software designers, technology services, and service providers such as claims administrators, should also have professional liability. If in doubt, consult with your risk or contract manager.)

If the contractor maintains broader coverage and/or higher limits than the minimums shown above, the County requires and shall be entitled to the broader coverage and/or higher limits maintained by the contractor.

9.04 Other Requirements: All insurance required by this Agreement shall be with a company acceptable to the County and issued and executed by an admitted insurer authorized to transact insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three (3) years following the date CONTRACTOR completes its performance of services under this Agreement.

Each liability policy shall provide that the County shall be given notice in writing at least thirty (30) days in advance of any endorsed reduction in coverage or limit, cancelation, or intended non-renewal thereof. Each policy shall provide coverage for CONTRACTOR and additional insureds with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

Additional Insured Status: The County of Monterey, its officers, officials, employees, agents, and volunteers are to be covered as additional insureds on the auto liability policy for liability arising out of automobiles owned, leased, hired or borrowed by or on behalf of the CONTRACTOR. Auto liability coverage shall be provided in the form of an endorsement to the CONTRACTOR's insurance.

The County of Monterey, its officers, officials, employees, agents, and volunteers are to be covered as additional insureds on the commercial general liability policy with respect to liability arising out of work or operations performed by or on behalf of the CONTRACTOR including materials, parts, or equipment furnished in connection with such work or operations. General liability coverage shall be provided in the form of an endorsement to the CONTRACTOR's insurance (at least as broad as ISO Form CG 20 10 11 85 or if not available, through the addition of both CG 20 10, CG 20 26, CG 20 33, or CG 20 38, and CG 20 37 if a later edition is used).

Primary Coverage: For any claims related to this contract, the CONTRACTOR's insurance coverage shall be primary and non-contributory and at least as broad as ISO CG 20 01 04 13 as respects the County, its officers, officials, employees, agents, and volunteers. Any insurance or self-insurance maintained by the County, its officers, officials, employees, agents, or volunteers shall be excess of the CONTRACTOR's insurance and shall not contribute with it. This requirement shall also apply to any Excess or Umbrella liability policies.

Workers' Compensation Waiver of Subrogation: The workers' compensation policy required hereunder shall be endorsed to state that the workers' compensation carrier waives its right of subrogation against County, its officers, officials, employees, agents, or volunteers, which might arise by reason of payment under such policy in connection with performance under this Agreement by CONTRACTOR. Should CONTRACTOR be self-insured for workers' compensation, CONTRACTOR hereby agrees to waive its right of subrogation against County, its officers, officials, employees, agents, or volunteers.

Prior to the execution of this Agreement by the County, CONTRACTOR shall file certificates of insurance and endorsements with the County's Contract Administrator and County's Contracts/Purchasing Division, showing that the CONTRACTOR has in effect the insurance required by this Agreement. The CONTRACTOR shall file a new or amended certificate of insurance within five (5) calendar days after any change is made in any insurance policy, which

Docusign Envelope ID: 4CB50373-4BF4-4F9F-9869-93EC8971B09E

would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect. CONTRACTOR shall always during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County annual certificates to the County's Contract Administrator and the County's Contracts/Purchasing Division. If the certificate is not received by the expiration date, the County shall notify the CONTRACTOR and CONTRACTOR shall have five (5) calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance is a default of this Agreement, which entitles the County, at its sole discretion, to terminate this Agreement immediately.

10. RECORDS AND CONFIDENTIALITY.

10.01 Confidentiality. CONTRACTOR and its officers, employees, agents, and subcontractors shall comply with any and all federal, state, and local laws which provide for the confidentiality of records and other information. CONTRACTOR shall not disclose any confidential records or other confidential information received from the County or prepared in connection with the performance of this Agreement, unless the County specifically permits CONTRACTOR to disclose such records or information. CONTRACTOR shall promptly transmit to the County any and all requests for disclosure of any such confidential records or information. 10.04 Access to and Audit of Records. The County shall have the right to examine, monitor, and audit all records, documents, conditions, and activities of the CONTRACTOR and its subcontractors related to services provided under this Agreement. CONTRACTOR shall ensure that the evaluation and treatment of its employees and applicants for employment and all persons receiving and requesting services are free of such discrimination. CONTRACTOR and any subcontractor shall, in the performance of this Agreement, fully comply with all federal, state, and local laws and regulations which prohibit discrimination. The provision of services primarily or exclusively to such target population as may be designated in this Agreement shall not be deemed to be prohibited discrimination.

****THIS PAGE INTENTIONALLY LEFT BLANK****

Before the Board of Supervisors
County of Monterey, State of California

In the matter of the application of:
SIGNAL HILL LLC (PLN240077)
RESOLUTION NO. 25-334

Resolution by the County of Monterey Board of Supervisors to:

1) Partially uphold the appeals by Samuel Reeves and the Alliance of Monterey Area Preservations, from the April 30, 2025 Planning Commission decision approving the Design Approval;
2) Uphold the appeal by Massy Mehdipour, Applicant, from the April 30, 2025 Planning Commission decision approving the Design Approval with Condition No. 10;
3) Consider the previously certified Final Environmental Impact Report (FEIR) (SCH#2015021054) for the Signal Hill LLC project, and find that the Proposed Project is consistent with Alternative 6 of the FEIR and does not warrant an addendum pursuant to CEQA Guidelines section 15162;
4) Approve a Design Approval for construction of an approximately 7,690 square foot two-story single-family dwelling inclusive of a two-car garage with colors and materials of light brown stucco body and black metal clad wood accents and a gravel roof that fulfills the requirements of the "Reduced Project," Alternative 6 of the Final EIR;
5) Approve a Coastal Development Permit to allow the relocation of two Cypress trees;
6) Approve a Variance for structural development in front setback; and
7) Amend Condition No. 23 of Resolution No. 23-237 to increase the conservation scenic easement for the project to 1.67-acre area.

[1170 Signal Hill Road, Pebble Beach, Del Monte Forest Area Land Use Plan (APN: 008-261-007-000)]

The Signal Hill LLC application for a Design Approval, Coastal Development Permit for tree relocation, and Variance to front setback (PLN240077) (the Proposed Project) came on for public hearing before the County of Monterey Board of Supervisors on July 8, 2025 and August 26, 2025. Having considered all the written and documentary evidence, the administrative record, the staff report, oral testimony, and other evidence presented, the Board of Supervisors finds and decides as follows:

FINDINGS

1. FINDING: **PROCESS, PROJECT DESCRIPTION AND CONSISTENCY** – The County has processed the subject application for construction of a single-family dwelling (Planning File No. PLN240077/Signal Hill LLC) in compliance with all applicable procedural requirements. The project, as conditioned, is consistent with the applicable plans and policies which designate this area as appropriate for development.

EVIDENCE:

a) Conformance with Plans. Staff reviewed the updated Project for consistency with the text, policies, and regulations in:
- the 1982 Monterey County General Plan;
- Del Monte Forest Area Land Use Plan (LUP);
- Monterey County Coastal Implementation Plan Part 5 (CIP, Coastal Zoning Ordinance);
- Monterey County Zoning Ordinance (Title 20);
- The adopted Final EIR for the Signal Hill project; and
- Board Resolutions related to the development of the site.

Public comment submitted during project review alleged that the project was inconsistent with the text, policies, and regulations in these documents on various grounds. These comments have been considered and appropriate revisions to the project and conditions of approval have been made. Contentions of the appeal are discussed in Finding No. 10.

b) Project Description. The Proposed Project is for construction of an approximately 7,690 square foot two-story single-family dwelling inclusive of a two-car garage with colors and materials of light brown stucco body and black metal clad wood accents and a gravel roof. The project includes tree relocation (limited to 2 Cypress trees) to accommodate new construction.

c) Allowed Use. The property is located at 1170 Signal Hill Road, Pebble Beach (Assessor's Parcel Number 008-261-007-000), Del Monte Forest Area Land Use Plan (LUP). The parcel is zoned "LDR/1.5-D (CZ)" (Low Density Residential, 1.5 acres per unit with Design Control Overlay [Coastal Zone]), which allows residential uses. This Proposed Project consists of construction of a new single-family dwelling with

associated site improvements for residential use. Tree removal proposed as part of the project is analyzed for consistency with the LUP, CIP, and Title 20 Zoning Ordinance and a Coastal Development Permit with supporting finding is part of this entitlement. Therefore, the Proposed Project is an allowed land use for this site.

d) Project Background. On May 9, 2023 and June 27, 2023, the Board of Supervisors heard appeals from Raymond Neutra, Samuel Reeves, and the Alliance of Monterey Area Preservationists (AMAP) of the Planning Commission's January 25, 2023 grant of a Combined Development Permit for this property based on the EIR's "Reduced Height Project" Alternative (Alternative 9 of the EIR). On June 27, 2023, the Board approved a Combined Development Permit for the "Reduced Project" (Alternative 6 of the Final EIR), in concept, as there were no plans prepared for it to be reviewed at the hearing (Resolution No. 23-237). Resolution No. 23-237 included approval of a Coastal Administrative Permit to construct a new single-family residence of similar size as the existing residence. The Board also approved a Coastal Administrative Permit to demolish the Connell House. The Board's motion adopting its decision included the "stipulation that the construction is in the footprint of the Connell House as it was" (motion statement by Chair Church at minute 3:41 of June 27, 2023 Board hearing zoom recording). The building footprint of the Connell House did not conform to the 30-foot front setback of the LDR zoning district. The Board did not specify that the development footprint should be shifted out of the setbacks. On June 27, 2023, the Board of Supervisors also adopted Resolution No. 23-236, which adopted the Final EIR prepared for the Signal Hill LLC project together with a Statement of Overriding Considerations. The Board approved Condition No. 23 specifying that the project's CSE would be at least 2:1 in size for the area disturbed by the construction of the reduced project.

e) The Final EIR describes its Reduced Project Alternative 6 as subject to these constraints: reduce the size of the proposed single-family residence to stay within the existing developed footprint and to avoid building heights that extend above the ridgeline (EIR Chapter 5, page 5-9). In approving the Coastal Administrative Permit to construct a residence, the Board directed "that the construction is in the footprint of the Connell House as it was" (motion statement by Chair Church at minute 3:41 of June 27, 2023 Board hearing, zoom recording).

f) In approving the Reduced Project concept (Resolution No. 23-237), the Board of Supervisors prohibited the replacement single-family dwelling from expanding beyond the building

footprint of the previous dwelling. The plans attached to this Resolution, inclusive of roofs, decks, and hardscapes, do not expand beyond the Connell House's historic footprint and it is designed at a height that does not constitute ridgeline development.

g) Design Review. The site is in a Design Control (D) Zoning District. The purpose of the Design Control Zoning District is to provide a district for the regulation of the location, size, configuration, materials, and colors of structures and fences in those areas of the County where the design review of structures is appropriate to assure protection of the public viewshed, neighborhood character, and to assure the visual integrity of certain developments without imposing undue restrictions on private property. The Signal Hill LLC project has been reviewed for siting, design, colors, materials, height, character, and viewshed impacts. Project siting is generally in the same location as the previous house, close to Signal Hill Road, with Cypress trees on either side of it. The Proposed Project includes exterior colors and materials of light brown stucco body and black metal clad wood accents and a gravel roof (see attached plans). The homes in this area have a variety of architectural styles. As proposed, the design and architectural elements are consistent with the mixed neighborhood character. The proposed colors, materials, bulk, and mass will not detract from the surrounding environment and are consistent with the surrounding residential neighborhood character.

h) Development Standards. As detailed in the attached plans, the Proposed Project meets all required development standards established in Title 20, except the front setback, which conforms with the Board of Supervisors' direction. Title 20, Chapter 20.14 establishes the development standards for the subject parcel, zoned Low Density Residential with a maximum gross density of 1.5 acres/unit and a Design Control Overlay or "LDR/1.5-D(CZ)." Required setbacks for main structures are 30 feet (front) and 20 feet (rear and side). The original Connell House was in the front setback. The direction of the Board of Supervisors on the Proposed Project, when it gave its conceptual approval, was to site the new structure in the same building footprint as the previous single-family dwelling. To comply with this direction, the Proposed Project will continue to be within the front setback. A Variance to setback regulations was requested and is part of this decision (Finding No. 9).

The maximum height of the main dwelling is 25.5 feet above average natural grade (ANG), meeting the 30-foot height maximum for this zoning district. The maximum allowable

building site coverage is 15 percent (14,146 square feet/94,307 square feet), and the project will result in building site coverage of less than 4.4 percent (4,122 square feet/94,307 square feet). The maximum allowable floor area ratio is 17.5 percent (16,504 square feet), and the project will have a floor area ratio of approximately 8.15 percent (7,689.9 square feet). The Proposed Project meets the required height, building site coverage, and floor area ratio regulations.

i) Tree Removal. Two Monterey Cypress trees will be transplanted for the development. An Arborist Report prepared for the PLN100338 project concluded that the trees are not within the native habitat identified as a type of ESHA in Figure 2a of the Del Monte Forest Land Use Plan. The existing trees are in the front setback of the previous development and the proposed replanting locations are also near the proposed structure on the same side. The proposed project that was appealed to the Board of Supervisors requested removal of a third Monterey Cypress tree, but it was identified as part of a previous Coastal Development Permit and Restoration Plan (Resolution No. 13-021 for PLN100418). The Board does not find evidence to require that the Cypress tree near the existing driveway that was required to be replanted under prior permits must now be relocated. Therefore, the Applicant has agreed that this tree shall be protected in place during construction. The replanting of the two permitted trees shall be overseen by a qualified arborist and a 5-year monitoring program shall be followed as was required for all replanted trees on the property. This requirement ensures the health and survival of the Cypress trees and long-term screening of the development. Tree removal is addressed in Finding 4 of this Resolution.

j) Development on Slopes. Pursuant to section 20.64.320 of the Monterey County Coastal Implementation Plan Part 1 (Coastal Zoning Ordinance), a Coastal Development Permit is required for development on slopes of 30% or greater. The Proposed Project involves development on approximately 800 square feet of area containing slopes greater than 30%. The Proposed Project minimizes development on slopes and a geotechnical report recommends that the development on slopes is feasible. A Coastal Development Permit for development on slopes was included in the Board of Supervisors' Resolution No. 23-237. Conditions applied to the previous permit (PLN100338) for potential impacts due to development on slopes required actions that have begun and will continue to be implemented; no further mitigation is required.

k) Development within 100 feet of Environmentally Sensitive Habitat. Pursuant to section 20.14.030.E, of the Coastal Zoning Ordinance, a Coastal Development Permit is required for

development within 100 feet of Environmentally Sensitive Habitat Areas (ESHA). The site is in coastal sand dune habitat, which the LUP and CIP deem protected. With grading and construction, staging areas, up to 0.39 acres will be impacted from construction of the Proposed Project. Restoration of native dune habitat is proposed. A Coastal Development Permit for development within 100 feet of ESHA was included in Board of Supervisors' Resolution No. 23-237. Conditions applied to the previous permit (PLN100338) for potential impacts to ESHA required actions that have begun and will continue to be implemented and no further mitigation is required. See Finding 6 for discussion of biological resource mitigations.

When development is allowed within 100 feet of ESHA, LUP ESHA Policy 13 requires some portion of the property to be conserved in a Conservation and Scenic Easement Deed (CSED). The Planning Commission found the CSED requirement of Board Resolution No. 23-237, which was for a 2:1 ratio of construction impacted area, to be insufficient to protect the sand dune ESHA outside of the structures allowed for development by this permit. The applicant has offered to extend the Conservation and Scenic Easement (CSE) to cover all areas of the property that are planned for restoration, 1.67 acres. This is in keeping with the Final EIR's recommendation for a CSE based on the originally proposed, much larger project.

LUP Policy 17 recommends that the remnant native sand dune habitat along the shore in the Spanish Bay planning area, on Signal Hill near the former Spyglass Quarry, and adjacent to 17-Mile Drive in the Spyglass Cypress planning area to be preserved through open space CSE conveyed to the Del Monte Forest Foundation. By increasing the size of the CSE, the Project will be more consistent with the LUP. As part of this approval, the Board amends Board Resolution no. 23-237 Condition No. 23 (BIO/MM-3.1), adjust the CSE size to 1.67 acres and provide that the CSE shall cover all restored areas.

Prior to issuance of construction permits, Applicant shall submit to the County of Monterey HCD – Planning, for its review and approval, a CSE exhibit (plat and legal description) that illustrates complete sand dune preservation where it is expected to be restored. The Deed shall allow habitat restoration; other resource dependent uses are permitted. The only deviations from such restrictions may be to repair existing sewer cleanouts and associated sewer pipes that are located in

the area. The deed restrictions shall require any future work on the sewer cleanouts and associated piping to be monitored by a qualified biologist and all disturbance areas to be restored to central dune scrub habitat per the specifications put forth in Applicant's Dune Restoration Plan. Applicant/Owner shall record the approved easement reflecting compliance with the measure prior to issuance of the construction permit. (Condition No. 9).

l) Development within 750 feet of known archaeological resources. Pursuant to LUP Policy 58 and CIP section 20.147.080.B, an archaeological survey was prepared for PLN100338. The general surface reconnaissance on the subject parcel had results that were negative for resources, but the report's research found a known prehistoric site within 750 feet of the project site. A Coastal Development Permit is required for development within 750 feet of a known archaeological site was included in the Board of Supervisors' Resolution No. 23-237. Conditions applied to the previous permit (PLN100338) for potential impacts to archaeological resources required actions that have begun and will continue to be implemented, and no further mitigation is required. See Finding 6 for discussion of (AR/MM-1.1), (AR/MM-1.2), (AR/MM-1.3) and (AR/MM-2.1).

m) Visual Resources. The property is in the viewshed area of 17 Mile Drive, as mapped in Figure 3 of the Del Monte Forest Land Use Plan. The property is visible from the public viewing area of Fanshell Beach. The proposed single-family dwelling is just below the crest of a hill. As discussed in Evidence "e," the height, flat roof, and use of natural colors and materials help blend the development into the surrounding environment (existing sand dune and trees around the site). LUP Policy 51 requires buildings developed on residential lots in the Visual Resources area to be "situated to allow the highest potential for screening from view." LUP Policy 56 urges design and siting of structures in scenic areas should not detract from scenic values and should be subordinate to, and blended into, the environment. Proposed colors and materials consist of light brown stucco, light brown stone cladding, gray gravel roofing, and black metal door and window frames.

The proposed design is consistent with these viewshed policies because of its natural colors and materials and flat roof, all of which reduce its prominence in the public viewshed and complement the natural scenic assets. Applicant has reduced the size of the residence from approximately the 8,290 to 7,690 square feet to better comply with the direction of the Board, and in doing so better comply with applicable LUP policies

requiring new structures to be subordinate to the environment. The proposed size does not conflict with LUP Policy 51 because existing trees near the project site offer screening, and the trees proposed to be relocated will be sited near the structure. To further address viewshed policies, a Tree Planting and Protection Condition was applied to PLN100338 (Condition No.16). A 48-inch Cypress tree shall be planted near the house to increase the quality of screening of existing trees onsite. Condition No. 8 of this Resolution brings this forward.

As designed, the Proposed Project roofline will remain below the tree line behind and around it from all public vista points. Section 20.66.010 of the Coastal Zoning Ordinance requires a Coastal Development Permit for Ridgeline Development. Del Monte Forest Area CIP section 20.147.070(6) outlines the criteria for granting permits for new development that is silhouetted against the sky, or ridgeline development. No permit is required for ridgeline development in this case, based on staff review of the staking and flagging, Del Monte Forest Land Use Advisory Committee review of the project, and the attached updated Plans.

Although the Proposed Project is in a high visual sensitivity area, as sited, designed, and conditioned, it will not cause adverse visual impacts. DMF LUP Policy 48 states that development in visually prominent settings shall be sited and designed to avoid blocking or having a significant adverse impact on significant public views. Title 20, section 20.06.1275, defines “substantial adverse visual impact” as “a visual impact which, considering the condition of the existing viewshed, the proximity and duration of view when observed with normal unaided vision, causes an existing visual experience to be materially degraded.” The proposed roofline will be 22 feet above Average Natural Grade (ANG) for approximately half of the elevation visible from 17 Mile Drive and Signal Hill Road. The other portion of the roofline will be 25.5 feet above ANG. Staff assessed the visual impacts of the Proposed Project on August 5, 2024. From 17-Mile Drive, the staking and flagging presented a new (replacement) structure that would be on the larger end of the array of structural massing of single-family dwellings currently permitted in the surrounding residential area. Staff found that the lowered height, flat roof, and use of natural colors and materials help blend the development into the surrounding environment (existing sand dune and trees around the site). Once constructed, and with adherence to mitigation measures for

restoration of 1.67 acres of the site to natural sand dune vegetative community, the bulk and massing of the dwelling will not significantly alter the viewshed of the Pebble Beach neighborhood. The roofline will remain below the tree line behind and around it from all public vista points.

As redesigned in response to the July 8, 2025 public hearing, the Proposed Project does not present exceptional bulk or height beyond the existing and permitted dwellings within the public viewshed (Fanshell Beach and 17 Mile Drive locations). Staking and flagging was not visible from any other public viewing area due to trees in line of sight and distance. Therefore, the Proposed Project will not create a substantial adverse visual impact. All new exterior lighting shall follow the dark sky regulations required by Mitigation Measure Conditions applied to the previous permit (PLN100338) for potential impacts to aesthetics required actions that will be implemented and no further mitigation is required. See Finding 6 for discussion of AES/MM-3.1..

n) Site Visit. The project planner conducted a site inspection on August 5, 2024, to assess visual impacts and confirm site conditions for the project on the subject parcel.

o) Land Use Advisory Committee. Based on the Land Use Advisory Committee guidelines adopted by the Monterey County Board of Supervisors (Resolution No. 14-373), this application warranted referral to the LUAC because the Proposed Project includes a Design Approval that requires a public hearing. The project was referred to the Del Monte Forest Land Use Advisory Committee (LUAC) for review on August 1, 2024, The LUAC voted 8 yeas, 0 noes to support the project as proposed prior to the redesign which reduced the size of the proposed project.

p) On April 30, 2025, the County of Monterey Planning Commission held a duly noticed public hearing and unanimously approved the Design Approval, Coastal Development Permit for three Cypress tree relocations, and Variance to front setback by a vote of 10 yeas - 0 noes (Planning Commission Resolution No. 25-012).

q) Pursuant to Title 20 sections 20.86.040 and 050, on May 23, 2025, Sam Reeves (“Appellant” and/or “Reeves”), represented by Lombardo and Associates, timely appealed the April 30, 2025, decision of the Planning Commission. The appeal challenges the Planning Commission’s approval, contending that the hearing was not fair and impartial, the findings are not supported by the evidence and the decision was contrary to law. See Finding No. 10 (Appeal) for a summary of this appeal’s specific contentions and the County’s responses.

r) Pursuant to Title 20 sections 20.86.040 and 050, on May 27, 2025, Mimi Sheridan, representing the Alliance of Monterey Area Preservationists (AMAP), timely appealed the April 30, 2025, decision of the Planning Commission. The appeal challenges the Planning Commission's approval, contending that the findings are not supported by the evidence and the decision was contrary to law. See Finding No. 10 (Appeal) for a summary of this appeal's specific contentions and the County's responses.

s) Pursuant to Title 20 section 20.86.040 and 050, on May 23, 2025, Applicant, Massy Mehdipour ("Appealing Applicant" and/or "Mehdipour"), timely appealed the April 30, 2025 decision of the Planning Commission. The appeal challenges the Planning Commission's approval, contending that the hearing was not fair and impartial, the findings are not supported by the evidence and the decision was contrary to law. See Finding No. 10 (Appeal), Evidence "k" for a summary of this appellant's specific contentions and the County's responses.

t) The appeals were timely brought to hearing. Title 20 section 20.86.070 requires that the appeal authority hold a public hearing on an appeal within 60 days of receipt of the appeal, and the 60-day period can be extended if both appellant and Applicant agree to a later hearing date. The appellant and applicant/appellant agreed to a public hearing date of July 8, 2025, which was within the 60-day period.

u) A complete copy of the appeals is on file with the Clerk of the Board of Supervisors. The appeals are also attached with itemized contention responses as Attachment C to the staff report for the July 8, 2025 Board of Supervisors hearing.

v) The Board of Supervisors heard testimony from the appellants, the Applicant, and the public on July 8, 2025. The Board also deliberated on the Proposed Project and decided to continue the hearing to date certain of August 26, 2025. The intention was for staff to return with a resolution that upheld appeals and directed the Applicant to return with a design that complied with their direction to stay within the footprint of the Connell House "as it was" and reduce the overall size of the proposed house. The Applicant caused a modified design to be prepared for consideration by the Board which removed "swapped" areas for development. By removing an exterior stairway (180 square feet) and eliminating the development within the previous patio (approximately 600 square feet), the square footage of the proposed new development is reduced by approximately 780 square feet. The revised design is within the footprint of the former Connell House. The height of the proposed residence was not changed, and it remains at a height

that avoids ridgeline development. The revised design fully conforms to the description of Alternative 6 of the EIR. The modified Plans are attached to this resolution.

w) The Board of Supervisors conducted a duly noticed public hearing on the appeal and the project on July 8, 2025 and August 26, 2025. The hearing is *de novo*. Notice of the hearing was published in the Monterey County Weekly, notices were mailed and emailed to all property owners and occupants within 300 feet of the project site, and to all persons who requested notice; and three notices were posted at and near the project site.

x) The application, project plans, and related support materials submitted by the project applicant to County of Monterey HCD-Planning for the proposed development are found in Project File No. PLN240077.

2. FINDING: **SITE SUITABILITY –** The site is physically suitable for the use proposed.

EVIDENCE: a) As part of project review under PLN100338, the project was reviewed for site suitability by: HCD-Planning; Cypress Fire Protection Districts; HCD-Engineering Services; HCD-Environmental Services; and the Environmental Health Bureau. None of these departments/agencies has opined that the site is unsuitable for the proposed development. Conditions recommended by these departments and agencies were incorporated in the project Coastal Development Permit resolution (Board Resolution No. 23-237).

b) The EIR identified potential impacts to Aesthetics, Archaeological Resources, Air Quality and Greenhouse Gases, Biological Resources, Geology, Seismicity, and Soils, Hazards and Hazardous Materials, Historical Resources, Hydrology and Water Quality, and Noise, which could result from all components of the Project. All impacts other than those associated with the demolition of the Historical Resource are mitigated to a less-than-significant level. Historical Resource impacts have been mitigated, but not to a less than significant level.

c) The technical reports by outside consultants listed in the References of the Final EIR indicated that there are no physical or environmental constraints that would indicate that the site is not suitable for the use proposed. County staff has independently reviewed these reports and concurs with their conclusions.

d) The site designated for residential use. A residential structure has existed on the site since the 1950's. As proposed, residential use of the property would continue.

e) The project planner conducted a site inspection on August 5, 2024, to verify that the site is suitable for the proposed use.

f) The application, project plans, and related support materials submitted by the project applicant to the County of Monterey HCD-Planning for the proposed development are found in Project File Nos. PLN240077 and PLN100338.

3. FINDING: **HEALTH AND SAFETY -** The establishment, maintenance, or operation of the project will not under the circumstances of this particular case be detrimental to the health, safety, peace, morals, comfort, and general welfare of persons residing or working in the neighborhood of such proposed use nor will it be detrimental or injurious to property and improvements in the neighborhood or to the general welfare of the County.

EVIDENCE:

a) All necessary public facilities are available to the Proposed Project. Water and sewer service will be provided by California American Water and the Carmel Area Wastewater District through the Pebble Beach Community Services District. The Environmental Health Bureau reviewed the project application and did not impose conditions pertaining to water, sewer, or solid waste. A water permit from the Monterey Peninsula Water Management District is required prior to the issuance of a building permit.

b) The Proposed Project includes construction of one structure designed for residential use. Emergency services are available. Building permits will be required to ensure the building is designed and built in accordance with California Building Standards. Geotechnical engineers have provided recommendations for the development that will be incorporated. Finally, there are no known hazards that may impact the health and safety of area residents.

c) The application, project plans, and related support materials submitted by the project applicant to the County of Monterey HCD - Planning for the proposed development are found in Project File PLN240077.

4. FINDING: **TREE REMOVAL** – The siting, location, size, and design has been established to minimize tree removal and has been limited to that required for the overall health and long-term maintenance of the property.

EVIDENCE:

a) Two Monterey Cypress trees will be relocated as part of this project. In accordance with the applicable policies of the Del Monte Forest Coastal Implementation Plan, (DMF CIP), a Coastal Development Permit is required; the criteria to grant said permit have been met.

b) Pursuant to section 20.147.050.B.1 of the DMF CIP, an Arborist Report and Forest Management Plan was prepared for

the project (PLN100338; Planning Library Doc. No. LIB100394). The arborist report evaluated the health, structure, and preservation suitability for each tree within or adjacent to the proposed development. The report noted that two trees would be moved from the proposed building footprint to another location near the house. A qualified Arborist reviewed the original report and the currently proposed design and found it would require relocation of three Cypress trees and proposed to move these trees to a nearby location on the subject parcel. The trees are estimated to be 22, 16, and 4 inches in diameter.

One of the larger Cypress trees is in an area adjacent to the proposed foundation. The second is currently where a walkway is proposed. In the application, the Applicant had requested the relocation of the 4-inch diameter Cypress tree outside of the developed area as an accommodation to the construction work area. However, this Board concurs with the expert opinion of County HCD staff that the 4-inch diameter tree is isolated from the construction impact area. With protective fencing, it can be retained in the same location without interrupting construction. In accordance with the applicable policies of DMF CIP, a Coastal Development Permit is required for the two living trees which are within the construction footprint of the Proposed residence.

c) Cypress trees on the subject property were involved in Coastal Development Permit and Restoration Plan (Board Resolution No. 13-021 for PLN100418), approved for the subject parcel. This includes the 4-inch Cypress tree, which was the surviving tree that was replanted to comply with Board Resolution No. 13-021. Tree replanting and monitoring that was required by the 2013 resolution was partly incomplete, the bond was not completely returned to the permit holder, and replanting of a tree intended to replace the large tree removed from the west side of the house was subsequently incorporated into PLN100338. For these reasons, Condition No. 7 requires the relocation of trees allowed under this permit to be regulated per the conditions of Resolution No. 13-021, namely quarterly monitoring of the replacement trees by a qualified arborist for 3 years and annual monitoring for an additional 2 years, replanting as needed. Arborist shall attend a preconstruction meeting and be present for relocations and any replacement tree planting. Failure to comply with replanting locations will result in a new code enforcement case pursuant to the Mitigation Monitoring and Reporting Program (Board Resolution No. 22-311).

d) The Proposed Project has been designed and sited to minimize the removal of protected trees to the greatest extent possible under the circumstances. Several native Monterey Cypress trees are to the north of the proposed construction site. Relocating the proposed dwelling and courtyard to the south or west would result in a more substantial amount of development on slopes exceeding 30 percent or on areas of sand dune habitat (ESHA). Relocating the dwelling to any location other than the previous dwelling footprint was not allowed in the entitlement for the Coastal Administrative Permit for the project pursuant to Board of Supervisors Resolution No. 23-237.

   As the Proposed Project is now within the previous foundation footprint, new construction would necessitate moving one Cypress tree from the courtyard area where a new foundation will be laid within a short distance from the trees' main roots. A walkway is proposed that would also impact the second Cypress immediately next to it. If the trees were to be retained rather than moved, they would likely suffer direct damage during construction and need to be replaced. Instead, survival is better ensured by requiring a certified Arborist to transplant the whole and undamaged trees prior to construction. Therefore, the criterion for a Coastal Development Permit that the minimum amount necessary to allow for the development is met. This conclusion is further supported by the retention of the 4-inch Cypress in the existing driveway area.

e) Measures for protection of trees during construction are incorporated as Condition No. 5. If transplanting or trimming of the existing trees for construction activities results in a declining or dead condition, Condition No. 7 requires a minimum of one-to-one onsite tree replacement with approval of a Coastal Development Permit.

f) The Cypress trees will be replanted near the proposed dwelling and/or other existing Cypress trees and not in the sand dune area required to be restored as sand dune habitat pursuant to Mitigation Measures required for the related development entitlements in PLN100338. (See Condition No. 8.)

g) Scenic visual resources will not be negatively impacted because the two trees proposed for replanting are behind the Connell House footprint and their new locations would be behind the proposed house, thereby only slightly altering the viewshed. Condition No. 7 requires a qualified arborist to monitor the canopy to ensure the quality of screening is not reduced by more than 50 percent because of tree decline/trimming. Furthermore, the smallest of the trees

proposed for replanting is retained; the relocation of two trees only slightly alters the viewshed.

h) One of the trees that was replanted in front of the Connell House pursuant to Planning Commission Resolution No. 13-021 failed after several replanting efforts and monitoring. Therefore, the related project PLN100338 brought forward the requirement of replanting of the tree in a similar location. Board Resolution No. 23-237, Condition No. 16 requires the owner/applicant to cause a 48-inch box Cypress tree to be planted in a location that will screen the new development when viewed from Fanshell Beach and 17-Mile Drive. The tree shall replace the large Monterey Cypress tree that was previously removed from the property and was not successfully replanted per the after-the-fact Planning Permit (PLN100418, Reso. No. 13-021) to clear a code violation for tree removal (CE090788). (This tree planting was not illustrated in the attached Tree Relocation and Protection Plan. When a landscaping plan is provided for condition compliance on the PLN100338, the location of all trees proposed for planting and replanting will be shown.)

i) The previous arborist report for PLN100338 found the Cypress trees proposed for relocation were previously planted and were not considered part of the "Cypress Forest" designated as an Environmentally Sensitive Habitat in the Del Monte Forest area. No significant long-term effects on the forest ecosystem are anticipated. The Proposed Project will not significantly reduce the availability of wildlife habitat over the long term as the site has surrounding forested areas that are to remain untouched.

j) Staff conducted a site inspection on August 5, 2024 to verify that the tree removal is the minimum necessary for the Proposed Project.

k) The application, plans, and supporting materials submitted by the project applicant to County of Monterey HCD-Planning for the proposed development are found in Project File No. PLN240077. Reference also Project File Nos. PLN100338 and PLN100418.

5. FINDING: **VIOLATIONS –** The subject property complies with all rules and regulations pertaining to zoning uses, subdivision, and any other applicable provisions of the County's zoning ordinance. No violations exist on the property.

a) Staff reviewed County of Monterey HCD records and is not aware of any violations existing on the subject property. The site is currently clear of debris from the previously removed structure and has erosion controls in place where the residence

had been. Natural and disturbed vegetation is also present on the parcel.

b) The project planner a conducted a site inspection on August 5, 2024, to verify that no violations exist on the property.

c) The application, plans, and supporting materials submitted by the project applicant to the County of Monterey HCD-Planning for the proposed development are found in Project File No. PLN240077.

6. FINDING: CEQA (CONSIDER PREVIOUSLY CERTIFIED FINAL EIR, RECIRCULATION NOT WARRANTED) – Public Resources Code section 21080(d) and California Environmental Quality Act (CEQA) Guidelines section 15064(a)(1) require a project to undergo environmental review if the lead agency finds that, in light of the whole record before it, there is substantial evidence that the project may have a significant effect on the environment. The County prepared a Final EIR dated October 2022 for PLN100338. The Final EIR responded to comments received during the Draft EIR circulation period of August 22, 2018 to October 12, 2018. Through adoption of Resolution No. 23-236, the Board of Supervisors certified the Final EIR. Pursuant to CEQA Guidelines section 15162, when an EIR has been certified, no subsequent EIR shall be prepared for the project unless the agency determines that substantial changes are proposed, or substantial changes occur with respect to the circumstances under which the project is undertaken.

EVIDENCE: a) Permit PLN100338 was granted subject to 42 conditions of approval that run with the land (condition number 31 was removed by the Board action and is still enumerated without condition requirements, as "reserved"). The applicant has complied with all the measures and conditions of PLN100338 in timely fashion pursuant to the recorded Mitigation Monitoring and Reporting Plan Agreement (Document No. 2023029686).

b) The previous single-family dwelling was recognized as an Historic Resource at the State and Federal level, but not the local level (Monterey County Code Chapter 18.85 requires owner agreement to local listing). Although the EIR found impacts to Historic Resources to be significant with mitigation measures applied, the Board supported demolition in this case and found that there was sufficient evidence to support a Statement of Overriding Consideration (Resolution No. 23-237). Mitigation Measures for Historic Resources were applied to PLN100338, including HR/MM-1.1 (Historic American Buildings Survey) and HR/MM-1.2 (Connell House Web

Page), both of which have been complied with prior to the hearing for PLN240077.

c) Issues that were analyzed in the EIR include Aesthetics, Agricultural Resources, Archaeological Resources, Air Quality and Greenhouse Gases, Biological Resources, Geology, Seismicity, and Soils, Hazards and Hazardous Materials, Historical Resources, Hydrology and Water Quality, Land Use and Planning, Mineral Resources, Noise, Paleontological Resources, Population and Housing, Public Services, Utilities, Recreation, and Transportation and Traffic. The EIR identified potential impacts that would be less than significant or could be mitigated to a less than significant level associated with all topics, except impacts to Historical Resources, which cannot be mitigated to less than significant levels if a project that involved demolition is chosen. As described in these findings and in the EIR, mitigation measures that avoid or substantially lessen the impacts to Aesthetics, Archaeological Resources, Air Quality and Greenhouse Gases, Biological Resources, Geology and Soils, Hazards and Hazardous Materials, Hydrology and Water Quality, and Noise have been incorporated. For the impact identified as significant and unavoidable, all feasible mitigation measures have been incorporated, but even with such mitigation, the impacts remain significant.

d) The subject property contains coastal dune habitat and wetland habitat. In accordance with CIP section 20.147.040.B, a Biological Resource Assessment and Supplemental Biological Resources Assessment was prepared (Michael Zander, June 8, 2010 and June 23, 2011, HCD Library File No. LIB100396). Based on those reports, potential impacts were evaluated in the project EIR. The EIR recommended restoration actions for the original project scope, which was a much larger house that was found to have direct and indirect impacts on biological resources. The EIR found that the Reduced Project Alternative would not impact a significant amount of ESHA. Thus, Board Resolution Nos. 23-236 (EIR) and 23-237 (Approval of a conceptual Reduced Project Alternative) found BIO/MM-3.9 (Offsite restoration of sand dune habitat) extraneous, and both it and its monitoring action BIO/MMA-3.9.1 were removed.

   A Coastal Administrative Permit was approved with voluntary restoration of approximately 1.67 acres of sand dune habitat on the project site and monitoring the restoration success for five years. Mitigation measures applied to the Combined Development Permit (PLN100338) accomplish the restoration and avoidance of impacts to biological resources through BIO/MM-2.1 (Restoration Monitor Funding Agreement),

BIO/MM-2.2 (Environmental Awareness Training), BIO/MM-2.3 (Surveys for California Legless Lizard and Other Reptiles), BIO/MM-2.4 (California Legless Lizard Best Management Practices, "BMPs"), BIO/MM-2.5 (Nesting Bird Survey and Buffer Zone), BIO/MM-2.6 (Active Bird Nest Buffer), BIO/MM-3.1 (Conservation and Scenic Easement), BIO/MM-3.2 (Dune Restoration Plan Bond), BIO/MM-3.3 (Monitoring Contract), BIO/MM-3.4 (Fencing that Excludes Adjacent ESHA), BIO/MM-3.5 (Stockpiles and Staging Areas BMPs), BIO/MM-3.6 (Control Stormwater or Wastewater Outfall), BIO/MM-3.7 (Plant Species Landscape Plan), BIO/MM-3.8 (Landscape Plan Substrates), BIO/MM-4.1 (100-FT Buffer Zone from Juncus Articus Herbaceous Alliance Vegetation), and BIO/MM-4.2 (Coastal Wetland Perimeter Flagging). Conditions applied to the previous permit (PLN100338) for potential impacts to biological resources required actions that have begun and will continue to be implemented. See also Finding 6, Evidence "f."

e) The subject property is in a high archaeological resource sensitivity area. In accordance with CIP section 20.147.080.B, a Phase 1 Archaeological Report was prepared (Doane and Breschini, February 2, 2012, HCD Library File No. LIB100397). Due to the project's proximity to known archaeological and tribal cultural resources, the EIR prepared for PLN100338 recommended measures for avoidance of impacts on cultural and tribal cultural resources. The development entitled under PLN100338 included Mitigation Measures that required archaeological resource/artifact training for construction personnel (AR/MM-1.1), an onsite archaeological monitoring plan to be developed (AR/MM-1.2) with active monitoring (AR/MM-1.3) and directed action if human remains are exposed during construction (AR/MM-2.1). Conditions applied to the previous permit (PLN100338) for potential impacts to cultural and tribal cultural resources required actions that will be implemented; no further mitigation is required.

f) As described in Finding 10, Evidence "k," the Applicant appealed the decision by the Planning Commission to augment the Conservation and Scenic Easement (CSE) from Board of Supervisors Reso. No. 23-237 Condition No. 23 to an easement on every square foot of sand dune and landscaping on the parcel (up to the building/driveway). Condition No. 23 was for a CSE to be required on the restored area of the parcel in 2:1 ratio to the area impacted by development (including construction impacts). As described in Finding 1, Evidence "k," the Applicant offered to update Condition No. 23 to a CSE that would cover all the areas proposed for dune scrub

restoration as shown in Figures 2-3 and 4.2-2 of the EIR, 1.67 acres of the subject parcel. The enlargement of the CSE Deed (CSED) to the whole restoration area would ensure long term protection of sand dune ESHA.
By updating the size of the CSED to 1.67 acres, Mitigation Measure BIO/MM-3.1 identified by the EIR for Full-sized Project is utilized by this permit decision and therefore recirculation is not required.

g) Mitigation Measures applied to PLN100338 include those mentioned above for Biological Resources, Aesthetics, Archaeological and Tribal Cultural Resources, as well as for Air Quality (AQ/GHG/MM-1.1 and AQ/GHG/MM-1.2), Geology and Soils (GEO/MM-1.1), Hazards and Hazardous Materials (HAZ/MM-1.1, HAZ/MM-1.2 and HAZ/MM-1.3) Hydrology and Water Quality (HYD/MM-1.1 and HYD/MM-2.1) and Noise (NOI/MM-1.1).

h) The Proposed Project is consistent with the FEIR. No new review is needed. None of the conditions described in section 15162 that would trigger preparation of a subsequent EIR have occurred. No new information of significant impacts or exacerbated existing impacts has been presented. Moreover, the EIR analyzed the potential impacts of residential development of the lot including removal of several trees and up to 10,008 square feet of structural and hardscape improvements. The Proposed Project includes approximately 6,340 square feet of structural and hardscape improvements and relocation of two trees.

i) The EIR examined eight alternatives and one "no project" alternative to the original project and evaluated them separately, comparing their potential impacts to those of the originally proposed project. This Design Approval is the Reduced Project alternative, Alternative 6. The Proposed Project design is smaller than the project considered in the EIR prepared for PLN100338 in all ways. The original project was 11,933 square feet and two stories with 1,950 square feet of paved areas for a total impervious lot coverage of 10.6 percent. The proposed design lessens building site coverage from 8,058 square feet (8.5 percent) to 4,122 square feet (4.4 percent), lessens Floor Area Ratio from 11,933 square feet (12.6 percent) to approximately 7,690 square feet (8.15 percent), and decreases the combined pervious and impervious coverage by 36 percent (from 10,008 square feet to approximately 6,340 square feet).

   The original project's maximum height was 30 feet from Average Natural Grade (ANG), while the PLN240077 proposed height is a flat roof that reaches 22 and 25.5 feet

from ANG. This Project's proposed maximum height is 4.5 feet less than the original project considered in the EIR. Ridgeline Development was discussed in the EIR in relation to the original project and the alternatives. As discussed in the EIR, the ridgeline effect that would potentially occur under the reduced alternative project is minimized by a reduced roofline. The EIR did not specify by how much the roofline would be reduced for Alternative 6 but stated that the height would need to avoid ridgeline effects. The proposed height will avoid "ridgeline development" as verified by staff at a site inspection on August 5, 2024. Therefore, the Proposed Project meets the EIR's description of a Reduced Project Alternative to the original project.

8. FINDING: **PUBLIC ACCESS** – The Proposed Project conforms with the public access and recreation policies of the Coastal Act (specifically Chapter 3 of the Coastal Act of 1976, commencing with Section 30200 of the Public Resources Code) and applicable Local Coastal Program, and will not interfere with any form of historic public use or trust rights.

EVIDENCE:

a) No public access is required as part of the Proposed Project, as no substantial adverse impact on access, either individually or cumulatively, as described in Del Monte Forest Area CIP section 20.147.130, can be demonstrated.

b) No evidence or documentation has been submitted or found showing historic public use or trust rights over this property.

c) The subject property is not in an area in which the Local Coastal Program requires physical public access (Figure 8, Major Public Access and Recreational Facilities, in the Del Monte Forest Area LUP).

d) The subject project parcel is in an area where the Local Coastal Program requires visual public access (Figure 3, Visual Resources, in the Del Monte Forest Area LUP) and CIP 20.147.070.

e) Based on the project location among large trees, more planned vegetative screening, planned restoration of sand dune habitat, and its topographical relationship to most visual public access points in the area, the development proposal will not interfere with visual access along 17-Mile Drive or from Point Lobos. The proposed design is consistent with CIP section 20.147.070.B.5, in that the placement is on the least visible portion of the property (from 17 Mile Drive) and that it utilizes non-invasive native vegetation to help provide visual compatibility with the area. Consistent with Del Monte Forest Area LUP Policies 123 and 137, the proposed development, as mitigated and conditioned, will neither block significant public

views toward the ocean nor adversely impact the public viewshed or scenic character in the project vicinity.

f) In certifying the Final EIR, the Board of Supervisors concluded, in concept, that Alternative 6 (Reduced Project) avoids significant adverse impacts on public views and the scenic character (Board Resolution No. 23-236).

g) The application, plans, and supporting materials submitted by the project applicant to County of Monterey HCD-Planning for the proposed development are found in Project File No. PLN240077.

9. FINDING: **VARIANCE –** The Board of Supervisors finds that this project is a Design Approval in conformance with the Alternative 6 Reduced Project concept approved with a Combined Development Permit by the Board of Supervisors with Resolution No. 23-237. By adhering to the direction of the Board to remain within the building footprint of the Connell House, the project is constructed within the 30-foot front setback. Therefore, a variance to Coastal Zone Low Density Residential (LDR) setback regulations (Title 20 section 20.14.060) is necessary and was requested. Title 20 section 20.78.040 sets forth three criteria to grant a variance: 1) that, because of special circumstances strict application of zoning rules would "deprive" the property "of privileges enjoyed by other properties in the vicinity and under identical zoning classifications"; 2) granting the variance would not "constitute a grant of special privileges inconsistent with the limitations upon other properties in the vicinity" and zoning district; and 3) granting the variance would not authorize a use or activity "not otherwise expressly authorized by" applicable zoning. Here, as set forth below, these criteria are met.

EVIDENCE: a) Special circumstances apply to the subject parcel, as the parcel is entirely within sand dune in the Signal Hill enclave of the Del Monte Forest planning area. If the project were to be sited entirely out of the front setback, it would convert additional sand dune to development. Sand dune is environmentally sensitive habitat area (ESHA), as discussed in the project EIR and related project Board of Supervisors Resolution Nos. 23-236 and 23-237. Requiring the project to adhere to a 30-foot front setback would conflict with this, a special project circumstance satisfies Title 20 section 20.78.040's first criterion required to obtain a variance.

b) The granting of this Variance does not constitute a special privilege for the property owner inconsistent with the limitations upon other properties in the vicinity and zoning district because the requirement to build within the building footprint of the Connell House was Board of Supervisors direction to the

property owner/developer. The property owner was prepared to reconstruct within the required yard regulations. The Board's direction could have been a limitation on any property in the Signal Hill enclave of Del Monte Forest planning area.

c) The proposed single family dwelling is a use allowed in the LDR Zoning District. This Variance applies to the front setback for an allowed use and does not authorize a use that is inconsistent with the LDR zoning district. This satisfies Title 20 section 20.78.040's third criterion required to obtain a variance.

10. FINDING: **APPEAL –** Pursuant to County of Monterey Code section 20.86.030, Sam Reeves, AMAP, and Massy Mehdipour separately and timely appealed the Planning Commission's April 30, 2025 decision approving the Design Approval, Coastal Development Permit, and Variance. Upon consideration of the written and documentary evidence, the staff report, oral testimony, other evidence presented, and the administrative record as a whole, the Board finds some merit to the Reeves and AMAP contentions. The Board also finds the Mehdipour appeal to have merit. The Board's reasoning and response to the summarized contentions follows. Copies of the appeals and itemized responses prepared by staff, but which the Board hereby adopts and incorporates into this Resolution, are Attachment C to the staff report for the July 8, 2025, and August 26, 2025 Board of Supervisors hearings.

EVIDENCE: a) Appellant Reeves contends that Applicant and staff made numerous misstatements of the fact in the application, concerning past actions, and as to the Board's decision; these Appellants remarked on the perceived misstatements and contend that they were not corrected as part of the Planning Commission hearing.

County's response: Staff has corrected an error in calculations of the square footage of neighborhood homes in the staff report and presentation for the July 8, 2025 hearing. The history of tree removal and the proposed tree relocation were also clarified and addressed (See Finding 4).

b) Appellants Reeves contends that public comment during the hearing was not memorialized in Finding 1.

County's response: The appellant is correct. Post-hearing edits should have been made. This hearing is *de novo* and testimony received in the hearing will be noted in the final resolution.

c) Appellants Reeves and AMAP contend that there are numerous factual errors in the Resolution, including the following bulleted items:

- Finding 1, b equated the proposed project with Alternative 6, and the appellant found that not to be correct, based on a line taken from the Combined Development Permit Board Resolution No. 23-037 [*sic*] Finding 1.

County's response: This contention has some merit. The Board decision in June of 2023 (Resolution No. 23-237 stated, in relevant part:

"4) *Approve a Coastal Development Permit for the "Reduced Project" (Alternative 6 of the Final EIR) consisting of:*
a) Coastal Administrative Permit to allow the demolition of an existing 4,124 square foot single family residence;
b) Coastal Administrative Permit for the construction of a new single-family residence of similar size, in concept, as the existing residence;
c) Coastal Development Permit to allow development within 100 feet of environmentally sensitive habitat;
d) Coastal Development Permit for development on slopes exceeding 30 percent;
e) Coastal Development Permit for development within 750 feet of a known archeological resources;"

The description of Alternative 6 of the EIR describes a new residence that is in the "footprint" of the former Connell House and that is at a height that does not result in "ridgeline development." Subjection b of the action describes "construction of a new single-family residence of a similar size as the existing residence."

The decision in the 2023 Board Resolution references the Reduced Project Alternative from the EIR. This Alternative was chosen to reduce impacts on Environmentally Sensitive Habitat (native sand dune) by keeping the new house footprint in the footprint of the Connell House and it reduces Visual Impacts by limiting the height of the new house so that the new house would not be considered "ridgeline" development. The description of the Coastal Administrative Permit for the new house being of a similar size to the existing house was "in concept" and the driving factors were avoidance and minimization of impacts on the resources as described in the Reduced Project alternative.

The house design reviewed by the Planning Commission was not in the exact footprint of the Connell House. Instead, the Applicant proposed to develop the front courtyard area in exchange for leaving an area that will be left undeveloped in the rear yard. The front courtyard of the Connell House had a paved patio and landscaping flanked on three sides by the U-shaped house (the front courtyard). The Applicant proposed to fill in the front courtyard which included an area that was covered by

a concrete patio (hardscape) and an additional area beyond the patio. In exchange for adding to the footprint in the courtyard area, the Applicant proposed to leave a smaller area of the northwest corner and area adjacent to the former courtyard of the Connell House footprint undeveloped.

On July 8, 2025, the Board of Supervisors considered the proposed project and the appeals of the Planning Commission's approval. At the conclusion of the hearing on July 8, 2025, the Board continued the hearing to August 26, 2025 with direction to staff to prepare a resolution reiterating the June 27, 2023 decision.

After the July 8, 2025 Board hearing, the applicant submitted a revised design with a request that this revised design be considered by the Board as an alternative to the motion of intent approved on July 8. The revised design eliminates portions of the prior proposal that were not within the footprint of the Connell House and slightly reduces the size of the new home. The new design is within the footprint of the former Connell House and is consistent with the description of Alternative 6 of the EIR.

Past references to the size of the Connell house in the EIR and the Board Resolution 23-237 indicated that the house was 4,124 square feet in size. It is acknowledged that the size quoted in those documents were estimates based on information available at the time. No survey of the existing house was available as the basis for these estimates. Submitted with the application for the new house was a plan prepared by Whiston Engineers showing the footprint of the Connell House to be 4,630 square feet. Staff reviewed the plans and determined that this calculation appears to include the footprint of the house from a bird's eye view which includes roof overhangs and decks. The prior estimate of square footage was based on the size of the Connell House, not including roof overhangs and decks, so two different things were being measured. However, the Board finds this contention has merit and, therefore, requires the proposed design be modified to further reduce development.

Submitted with the recent resubmittal for the new house Design Approval is a plan prepared by Whiston Engineers showing the footprint of the Connell House to be 4,910 square feet. Staff has reviewed the supporting evaluation by Whitson with the proposed plans and determined that this calculation appears to include the structural footprint of the house, including the lower level of the Connell House.

- Staff presented a new structural footprint, not the same structural footprint of the Connell House.

County's response: The previously proposed structure included a footprint that extended beyond the footprint of the Connell House in the front courtyard area. The proposal involved occupying the area within the front courtyard in exchange for leaving sections of the former house footprint undeveloped, primarily in the rear (northwest) corner. The applicant requested the ability to exchange the area of development to accommodate a new house design that is not exactly the same as the former U-shaped house design. The Board gave the Applicant stronger direction to stay within the structural footprint in the July 8, 2025 hearing. Therefore, this appeal contention has some merit.

- Finding 1, Evidence l: "the height, flat roof, and use of natural colors and materials help blend the development into the surrounding environment (existing sand dune and trees around the site)." LUP Policy 51 is described, and the Proposed Project is discussed as if it is consistent with the policy. Appellant argues the evidence is to the contrary because the Proposed Project is larger than existing dwellings in the Signal Hill enclave.

County's response: Finding 1, Evidence "m" includes straightforward clear statements, no changes are required. The siting and use of colors, materials, and landscaping will meet LUP Policy 51. LUP Policy 51 does not require new construction to match other construction in the area. The project is situated where the Board required it to be sited.

Additionally, the County certified an EIR for the project, discussed the potential impacts to Aesthetic Resources, and concluded that the project, as mitigated by habitat restoration and permanent maintenance and tree replacements, would result in a less-than-significant impacts.

- County mistakenly identified two trees in front of the house as significantly pruned trees, which were part of the violations which PLN100418 addressed. The relocation of T4, TS, and T12 will not screen the view of this project from the common public viewing areas of Seventeen Mile Drive and Fanshell Beach.

County response: There are two different tree removal/relocation permits at issue.

First, in 2009, a code enforcement case (CE090288) was initiated as a result of applicant's unpermitted tree removal of 2 large Cypress trees. To address that code enforcement case, a Tree Resource Evaluation/Construction/Impact Analysis was prepared by a certified arborist in October 2010 (LIB100394). The report evaluated the eight trees on the site (7 Cypress and 1 Eucalyptus) and documented that two Cypress trees were removed without a permit. Additionally, in December 2011, the arborist documented a cluster of three Cypress trees that had been "excessively pruned" and recommended a 5-year monitoring period for survivability of those trees. On February 5, 2013, the Board of Supervisors approved an after-the-fact permit for the tree removal and required restoration of the site, replanting 2 large Cypress trees to screen the house from views, and monitoring of the trimmed trees, as a condition of approval of that permit (Resolution No 13-021).

The applicant replanted the trees as required by the condition. One of the replacement trees, located west of the house, did not survive. That tree is required to be replanted again and monitored in accordance with the approved conditions. A second tree was replanted is south of the proposed house near the existing driveway. That tree survived and is alive today, however, that tree was also proposed to be relocated approximately 20 feet south with the application. Staff with expertise in the field found that the previously replanted tree did not need to be relocated, and the Applicant agreed to protect it in place. The trees that were trimmed have been monitored and have survived. The trimmed trees are subject to the conditions imposed as part of Resolution No 13-021 and are not the subject of the proposed new house design.

Included in the permit now before the Board (PLN240077), Applicant proposes to relocate two trees as part of the new construction. The two trees proposed for relocation would be moved a few feet from their current location (in the front yard) so that they would continue to provide screening when viewed from Signal Hill Road and they will still provide a tree-lined backdrop to the house when viewed from 17 Mile Drive.

d) Appellant Reeves contends that was a factual error in the Resolution in Finding 6. Evidence b, which discussed the historic status of the Connell House. The appellant would prefer the evidence to clarify the reason that the house was not listed locally.
County response: The County Code does not allow the Historic Resources Review Board to list an historic resource on the

County's local register without property owner permission. The evidence does not misconstrue the establishment of the Connell House as an historic resource at the levels that it was listed. This point is irrelevant to the decision at hand. Demolition of the Connell House was evaluated in the EIR, approved by the Board of Supervisors, and the house has been demolished.

e) Appellant Reeves contends that County should not have decided on a variance without noticing a variance as requested as part of the entitlements sought by the project and reviewed at the hearing.
County's response: Staff acknowledges that no notice was given for consideration of a variance by the Planning Commission. The request for a variance has been included as part of the notice for the Board hearings on these appeals. The variance is justified in this case because the Board of Supervisors, in adopting a resolution to conceptually approve a new house that reflects Alternative 6 of the EIR, limited the new development to occur within the footprint of the former residence. The footprint of the former residence was non-conforming to front setback requirements and rebuilding a home in the footprint would include new construction within the required front setback.

Additionally, new development within the footprint of the previous development limits impacts on sensitive habitat that would occur if the house was required to comply with the front setback requirements.

f) Appellants Reeves and AMAP contend that the project is inconsistent with the policies of the DMF LCP, particularly relating to visual resources.
County's response: The project has been reviewed and found to be consistent with the policies of the Del Monte Forest Land Use Plan.

g) Appellants Reeves and AMAP contend that the action of the Planning Commission fails to recognize that the Applicant failed to comply with the prior action by the Board of Supervisors for PLN100418 to plant and maintain Monterey Cypress trees to screen the property from Seventeen Mile Drive and Fanshell Beach.
County's response: The contention raises an issue with tree removal that has been resolved through subsequent permitting and has ongoing condition compliance and monitoring requirements. The evidence in the condition compliance record for PLN100418 in the form of tree status reports prepared by a qualified arborist indicate that replacement trees failed due to fungus infections, not due to deliberate removal of healthy trees. The conditions of approval on that restoration permit included replanting in the case of tree failure. The Board applied

Condition No. 16, Tree Replanting and Protection, which requires the owner to

". . . cause a 48-inch box Cypress tree to be planted in a location that will provide screening of the new development when viewed from Fanshell Beach and 17-Mile Drive. The tree shall replace the large Monterey Cypress tree which was previously removed from the property and was not successfully replanted per the after-the-fact Planning Permit (PLN100418, Reso. No. 13-021) to clear a code violation for tree removal (CE090788)."

This condition was discussed in the Planning Commission hearing on PLN240077, during Commission deliberations. The tree was not drawn into the arborist's tree replacement. The tree relocation and protection plan submitted with the PLN240077 application is different, as this arborist (James Allen) was contracted to assess tree relocations related to this permit. However, when the final landscaping plan is received pursuant to conditions of approval of PLN100338, all relocation and replanting shall be included in the plan for review and approval.

h) Appellant Reeves contends that the decision of the Planning Commission as described in Resolution 25-012 is contrary to the 2023 findings and decision of the Board of Supervisors: "Finding 1, evidence i: The Reduced Project is anticipated to be no taller or larger than the existing dwelling. A Design Approval shall ensure that colors and materials will blend with the natural surroundings."
County response: This comment is essentially the same as appellant's contention listed as the second bullet in Finding 10, evidence "c." The consistency findings of the draft Board Resolution for PLN240077 are supported by substantial evidence.

i) Appellants Reeves and AMAP contend that the Proposed Project is too tall. Specifically, Reeves contends that the Proposed Project is not the height that was mentioned in the 2023 findings and decision of the Board of Supervisors in Finding 1, evidence m: "Maximum allowable height is 30 feet, and the Reduced Project maximum height is anticipated to be approximately 22 feet from average." At 25.5' above natural grade it is higher than the 22' above natural grade described in the FEIR, staff reports and Board resolution. With a 30' high frontal view from Seventeen Mile Drive, it is 8 feet higher than the approximate 22' high frontal view of the Connell House.

County Response: This finding "anticipated" a height because no plans then existed. That language was not a constraint on Applicant. Rather, the new design has been reviewed for

consistency with the adopted Local Coastal Plan regulations, the description of the reduced project alternative (Alternative 6) in the EIR, and the Board's direction to stay within the footprint of the Connell House. Alternative 6 was compared to the original house design which included a 11,993 square foot single-family dwelling. As a 7,690 square foot two-story single-family dwelling inclusive of a two-car garage, the new design is reduced in size from the original project. The proposed design is also approximately 4.5 feet shorter (25.5 feet tall) than the original design (30 feet tall). The proposed height will avoid "ridgeline development" which is the standard for measuring height in the "reduced project" Alternative, not a comparison with the height of the now demolished Connell House.

Ridgeline Development was discussed in the EIR in relation to the full height project and the alternatives. As discussed in the EIR, the ridgeline effect that would potentially occur under the reduced alternative project is minimized by a reduced roofline. The EIR did not specify by how much the roofline would be reduced for Alternative 6 but stated that the height would need to avoid ridgeline effects. The Reduced Height Alternative (9) entailed a maximum height of 25 feet from ANG to avoid ridgeline effects. The PLN240077 project design is approximately the same height as the Reduced Height Alternative. At 4.5 feet less than the original project's maximum height from ANG, any aesthetic impacts due to project height are mitigated by design, consistent with the EIR.

PLN240077 draft plans demonstrate most roof heights in the new design at approximately 22 feet ANG, with a great room reaching approximately 25.5 ANG. The view from Signal Hill Road is shown in the east elevation of the plans attached to the Board Resolution. From Signal Hill Road, the structure will appear to be 17.5 feet in height (a single-story development). The view from 17 Mile Drive is shown in the west elevation; the appellant is correct that the façade at its highest point would appear to be 30 feet high. However, County zoning codes measure from ANG and, in this case, the project design is approximately 4.5 feet less than the maximum allowable height from ANG.

j) Appellants Reeves and AMAP contend that the plans do not incorporate the replacement of trees required by the Board of Supervisors in their decision January 2013 decision on PLN100418.
County response: The contention is acknowledged. The Board finds that the replanted tree, which was required to be planted near the existing driveway by PLN100418, does not require

relocation. The tree shall be retained. This is the tree that was required to be planted in accordance with the Board's prior decisions. The other tree that was required to be replanted was replanted, but did not survive. As required by the conditions of the prior approval, that tree must be replaced and monitored for survivability pursuant to the prior approvals. Neither that prior approval nor the second tree is proposed to be modified as part of this permit. Therefore, there was no need for the plans or conditions for the current proposal to incorporate prior tree planting that will be done on the property in relation to previously approved Board Resolution No. 23-237 and its conditions.

k) Appellant Mehdipour contends that Condition 10 of the Planning Commission resolution on PLN240077 was improperly modified without public noticing of the action. Appellant claims that it was not fair or impartial for Commissioners to suggest revising the Board's Resolution after public and applicant comment periods were closed, and that the Planning Commission lacked authority to contradict the Board's decision. Finally, Applicant maintains that the Planning Commission infringed on her rights by not returning to ask if they accepted the new easement.
County response: By attempting to enforce what the Commissioners saw as a closer consistency with the LUP, the Planning Commission purported to override an existing condition of approval that was approved by the Board. The Planning Commission has no authority to take that action. The purview of the Planning Commission was limited to reviewing the Project to satisfy Board direction and Design District/LUP criteria. Furthermore, it came up after the public hearing was closed and Applicant should have been allowed to respond to the addition. Finally, amendment to conditions of approval of PLN100338 was not agendized. For these reasons, the appeal by Applicant is upheld.

l) Coastal Commission. Pursuant to Title 20, section 20.86.080.A, the project is subject to appeal by/to the California Coastal Commission because it involves development between the sea and the first through public road paralleling the sea (i.e., State Route/Highway 1).

DECISION

NOW, THEREFORE, based on the above findings and evidence and the administrative record as a whole, the Board of Supervisors does hereby take the following actions:

1) Partially uphold the appeals by Samuel Reeves and the Alliance of Monterey Area Preservations from the April 30, 2025 Planning Commission decision approving the Design Approval;
2) Uphold the appeal by Massy Mehdipour, Applicant, from the April 30, 2025 Planning Commission decision approving the Design Approval with Condition No. 10;
3) Consider the previously certified Final Environmental Impact Report (FEIR) (SCH#2015021054) for the Signal Hill LLC project, and find that the Proposed Project is consistent with Alternative 6 of the FEIR and does not warrant an addendum pursuant to CEQA Guidelines section 15162;
4) Approve a Design Approval for construction of an approximately 7,690 square foot two-story single-family dwelling inclusive of a two-car garage with colors and materials of light brown stucco body and black metal clad wood accents and a gravel roof that fulfills the requirements of the "Reduced Project," Alternative 6 of the Final EIR;
5) Approve a Coastal Development Permit to allow the relocation of two Cypress trees;
6) Approve a Variance for structural development in front setback; and
7) Amend Condition No. 23 of Resolution No. 23-237 to increase the conservation scenic easement for the project to 1.67-acre area.

All work must be in general conformance with the attached plans, and this approval is subject to 11 conditions of approval, all being attached hereto and incorporated herein by reference.

PASSED AND ADOPTED this 26th day of August 2025, upon motion of Supervisor Glenn Church seconded by Wendy Root Askew, by the following vote:

5. PD011 - TREE AND ROOT PROTECTION

Responsible Department: Planning

Condition/Mitigation Monitoring Measure: Trees which are located close to construction site(s) shall be protected from inadvertent damage from construction equipment by fencing off the canopy driplines and/or critical root zones (whichever is greater) with protective materials, wrapping trunks with protective materials, avoiding fill of any type against the base of the trunks and avoiding an increase in soil depth at the feeding zone or drip-line of the retained trees. Said protection, approved by certified arborist, shall be demonstrated prior to issuance of building permits subject to the approval of HCD - Director of Planning. If there is any potential for damage, all work must stop in the area and a report, with mitigation measures, shall be submitted by certified arborist. Responsible Department: Public Works

Condition/Mitigation Monitoring Measure: The applicant shall submit a Construction Management Plan (CMP) to HCD-Planning and HCD-Engineering Services for review and approval. The CMP shall include measures to minimize traffic impacts during the construction/grading phase of the project.

CMP shall include, at a minimum, duration of the construction, hours of operation, truck routes, estimated number of truck trips that will be generated, number of construction workers, and on-site/off-site parking areas for equipment and workers and locations of truck staging areas. Approved measures included in the CMP shall be implemented by the applicant during the construction/grading phase of the project. (Public Works)

Compliance or Monitoring Action to be Performed: 1. Prior to issuance of the Grading Permit or Building Permit, Owner/Applicant/Contractor shall prepare a CMP and shall submit the CMP to the HCD-Planning and HCD- Engineering Services for review and approval.

2. On-going through construction phases Owner/Applicant/Contractor shall implement the approved measures during the construction/grading phase of the project.

7. PD048 - TREE REPLACEMENT/RELOCATION

Responsible Department: Planning

Condition/Mitigation Monitoring Measure: The applicant shall relocate two trees approved for relocation as shown in the front of the proposed structure in the approved plans for the project. (The applicant shall also plant a 48-inch box Cypress tree of native stock as required by PLN100338/Board Resolution no. 23-237, which is not shown in these approved plans but is still required.)
A qualified Arborist shall be included in a preconstruction meeting and oversee the relocation of the two trees as shown in the approved plans and the replanting of the replacement tree pursuant to Condition No. 16 of Board Reso. no. 23-237. The arborist may require additional tree planting due to tree failure or to make up for lost canopy to screen the development. The replacement trees shall be Monterey cypress, 36-inch box size or larger. The trees may only be removed with the approval of a Coastal Development Permit. Monitoring for survival and vigor shall be implemented for a total of 5 years. This includes quarterly monitoring of the replacement trees by a Certified Arborist for 3 years and annual monitoring for minimum of 5 years, with replanting from Pebble Beach area Cypress stock, as needed. The applicant or applicant's representative shall implement the arborist recommendation(s) within one month of receiving the recommendation. If any relocated trees die, the applicant shall replace the tree(s) at standard County tree replacement ratios. Replacement tree(s) shall be located within the same general location as the tree being removed. (HCD - Planning)

Compliance or Monitoring Action to be Performed: A qualified Arborist shall be included in a preconstruction meeting. Applicant/Owner shall submit to HCD-Planning for review and approval a sign-in sheet from the preconstruction meeting that includes names and company information.

A.00.03 RENDERS

Introduced: 2/11/2026

Current Status: Housing & Community Development - Consent

Version: 1

Matter Type: BoS Agreement

a. Approve a non-standard Professional Services Agreement in the amount of $15,000 with Workbench, Inc., to provide updates to the existing Accessory Dwelling Unit plans to incorporate and update the California Building Code for a term beginning from execution to June 30, 2029 in an amount not to exceed $15,000; and
b. Authorize the Chief Contracts and Procurement Officer or designee to sign the non-standard Professional Services Agreement and future amendments to the Agreement where the amendments do not significantly alter the scope of work or change the approved Agreement amount by more than 10% ($1,500);

RECOMMENDATION:

It is recommended that the Board of Supervisors:
a. Approve a non-standard Professional Services Agreement in the amount of $15,000 with Workbench, Inc., to provide updates to the existing Accessory Dwelling Unit plans to incorporate and update the California Building Code for a term beginning from execution to June 30, 2029 in an amount not to exceed $15,000; and
b. Authorize the Chief Contracts and Procurement Officer or designee to sign the non-standard Professional Services Agreement and future amendments to the Agreement where the amendments do not significantly alter the scope of work or change the approved Agreement amount by more than 10% ($1,500);

SUMMARY:

In June 2022, the County entered into an Agreement with Workbench to provide the design and development of detached Accessory Dwelling Unit (ADU) building plans for studio, one-bedroom, and two-bedroom unit types that allow for a one-room addition. These plans are available on the County's Housing and Community Development (HCD) website and are being utilized by the public. That Agreement expired December 31, 2023.

DISCUSSION:

There has been an update to the building codes that in turn requires an update to the ADU plans. Workbench shall bring the plans up to date to meet the California Building Code 2025 Year Code for the design, structural, electrical, plumbing, and mechanical disciplines. Additionally, they will coordinate the current year code-required updates with all subconsultants as necessary.

With Addendum No. 1, two subparagraphs are added to this Professional Services Agreement

making the Agreement non-standard. They are summarized below:

16.17, Ownership of Work: All work products, upon creation, under this Agreement are jointly owned by the County, Workbench, and Workbench's subconsultants. It provides a permanent right to reuse the plans in their future business for any purpose if all references to the County are removed.

The County agrees that the Contractor is not responsible for how the materials are reused or modified in the future, including reuse by residents (such as under a pre-approved ADU program). Aside from reusing the plans themselves, Workbench may not share reports or information created under the agreement without obtaining the County's prior written approval, unless disclosure is required by law, and Workbench is permitted to keep copies of all deliverables.

16.18, Restrictions on use by the County and their Residents: The County must notify Workbench whenever construction is approved using their plans by providing a copy of the executed liability waiver. Any plans the County makes available to the public must include prominent disclaimer language on every sheet that limits the liability of both Workbench and the County, places all risk on the user, disclaims warranties, requires indemnification, and confirms the plans are copyrighted and restricted to the approved ADU project.

In addition, anyone who uses the County's pre-approved ADU plans must sign a liability waiver identifying the user and the specific plan set, and agreeing to release, indemnify, and hold harmless the Contractor and the County from all claims or losses arising from use, reuse, or modification of the plans. All property owners and beneficial owners must sign the waiver before the plans may be used.

OTHER AGENCY INVOLVEMENT:
The Offices of the County Counsel and Auditor-Controller have reviewed the non-standard Professional Services Agreement as to form and legality, and fiscal provisions, respectively.

FINANCING:
The cost for the services and staff time to prepare this report is included in the FY2025-26 Adopted Budget for Appropriation Unit HCD002, Unit 8543 and Appropriation Unit HCD001, Unit 8542 respectively. Future years' costs will be included annually in the requested budget.

BOARD OF SUPERVISORS STRATEGIC PLAN GOALS:
The work provided through this agreement will ensure that the County maintains compliance with California Codes and provides the public with streamlined and efficient information.

5.01 CONTRACTOR warrants that CONTRACTOR and CONTRACTOR's agents, employees, and subcontractors performing services under this Agreement are specially trained, experienced, competent, and appropriately licensed to perform the work and deliver the services required under this Agreement and are not employees of the County, or immediate family of an employee of the County.

5.02 CONTRACTOR, its agents, employees, and subcontractors shall perform all work in a safe and skillful manner and in compliance with all applicable laws and regulations. All work performed under this Agreement that is required by law to be performed or supervised by licensed personnel shall be performed in accordance with such licensing requirements.

5.03 CONTRACTOR shall furnish, at its own expense, all materials, equipment, and personnel necessary to carry out the terms of this Agreement, except as otherwise specified in this Agreement. CONTRACTOR shall not use County premises, property (including equipment, instruments, or supplies) or personnel for any purpose other than in the performance of its obligations under this Agreement.

6. PAYMENT CONDITIONS.

6.01 CONTRACTOR shall submit to the Contract Administrator an invoice on a form acceptable to the County. If not otherwise specified, the CONTRACTOR may submit such invoice periodically or at the completion of services, but in any event, not later than thirty (30) days after completion of services. The invoice shall set forth the amounts claimed by CONTRACTOR for the previous period, together with an itemized basis for the amounts claimed, and such other information pertinent to the invoice as the County may require. The Contract Administrator or his or her designee shall certify the invoice, either in the requested amount or in such other amount as the County approves in conformity with this Agreement, and shall promptly submit such invoice to the County Auditor-Controller for payment. The County Auditor-Controller shall pay the amount certified within thirty (30) days of receiving the certified invoice.

6.02 CONTRACTOR shall not receive reimbursement for travel expenses unless set forth in this Agreement.

7. TERMINATION.

7.01 During the term of this Agreement, the County may terminate the Agreement for any reason by giving written notice of termination to the CONTRACTOR at least thirty (30) days prior to the effective date of termination. Such notice shall set forth the effective date of termination. In the event of such termination, the amount payable under this Agreement shall be reduced in proportion to the services provided prior to the date of termination.

7.02 The County may cancel and terminate this Agreement for good cause effective immediately upon written notice to CONTRACTOR. "Good cause" includes the failure of CONTRACTOR to perform the required services at the time and in the manner provided under this Agreement. If County terminates this Agreement for good cause, the County may be relieved of the payment of any consideration to CONTRACTOR, and the County may proceed with the work in any manner, which the County deems proper. The cost to the County shall be deducted from any sum due the CONTRACTOR under this Agreement.

8. INDEMNIFICATION.

8.01 For purposes of the following indemnification provisions ("Indemnification Agreement"), "design professional" has the same meaning as set forth in California Civil Code section 2782.8. If any term, provision, or application of this Indemnification Agreement is found to be invalid, in violation of public policy or unenforceable to any extent, such finding shall not invalidate any other term or provision of this Indemnification Agreement and such other terms and provisions shall continue in full force and effect. If there is any conflict between the terms, provisions or application of this Indemnification Agreement and the provisions of California Civil Code sections 2782 or 2782.8, the broadest indemnity protection for County under this Indemnity Agreement that is permitted by law shall be provided by CONTRACTOR.

8.02 Indemnification for Design Professional Services Claims: CONTRACTOR shall indemnify, defend and hold harmless the County, its governing board, directors, officers, employees, and agents against any claims that arise out of, or pertain to, or relate to the negligence, recklessness, or willful misconduct of the CONTRACTOR, its employees, subcontractors, and agents in the performance of design professional services under this Agreement, excepting only liability arising from the sole negligence, active negligence or willful misconduct of the County, or defect in a design furnished by the County, but in no event shall the amount of such CONTRACTOR's liability exceed such CONTRACTOR's proportionate percentage of fault as determined by a court, arbitrator or mediator, or as set out in a settlement agreement. In the event one (1) or more defendants to any action involving such claim or claims against the County is unable to pay its share of defense costs due to bankruptcy or dissolution of the business, such CONTRACTOR shall meet and confer with the other parties to such action regarding unpaid defense costs.

8.03 Indemnification for All Other Claims or Loss: For any claim, loss, injury, damage, expense or liability other than claims arising out of CONTRACTOR's performance of design professional services under this Agreement, CONTRACTOR shall indemnify, defend and hold harmless the County, its governing board, directors, officers, employees, and agents against any claim for loss, injury, damage, expense or liability resulting from or alleging injury to or death of any person or loss of use of or damage to property, arising from or related to the performance of services under this Agreement by CONTRACTOR, its employees, subcontractors or agents, excepting only liability arising from the sole negligence, active negligence or willful misconduct of the County, or defect in a design furnished by the County.

9. INSURANCE.

9.01 Evidence of Coverage: Prior to commencement of this Agreement, the Contractor shall provide a "Certificate of Insurance" certifying that coverage as required herein has been obtained. Individual endorsements executed by the insurance carrier shall accompany the certificate. In addition, the CONTRACTOR, upon request, shall provide a certified copy of the policy or policies.

This verification of coverage shall be sent to the County's Contracts/Purchasing Division, unless otherwise directed. The CONTRACTOR shall not receive a "Notice to Proceed" with the work under this Agreement until it has obtained all insurance required and such insurance has been approved by the County. This approval of insurance shall neither relieve nor decrease the liability of the CONTRACTOR.

9.02 Qualifying Insurers: All coverages, except surety, shall be issued by companies which hold a current policy holder's alphabetic and financial size category rating of not less than A VII, according to the current A.M. Best's Key Rating Guide or a company of equal financial stability that is approved by the County's Purchasing Agent.

9.03 Insurance Coverage Requirements: Without limiting CONTRACTOR's duty to indemnify, CONTRACTOR shall maintain in effect throughout the term of this Agreement a policy or policies of insurance with the following minimum limits of liability:

Commercial General Liability Insurance: Including but not limited to premises and operations, including coverage for Bodily Injury and Property Damage, Personal Injury, Contractual Liability, Broad form Property Damage, Independent Contractors, Products and Completed Operations, with a combined single limit for Bodily Injury and Property Damage of not less than $1,000,000 per occurrence, and $2,000,000 in the aggregate.

(Note: Any proposed modifications to these general liability insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

Automobile Liability Coverage: Must include all motor vehicles, including scheduled, , non-owned, and hired vehicles, used in providing services under this Agreement, with a combined single limit for Bodily Injury and Property Damage of not less than $1,000,000 per occurrence.

(Note: Any proposed modifications to these auto insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

Workers' Compensation Insurance: If CONTRACTOR employs others in the performance of this Agreement, in accordance with California Labor Code section 3700 and with Employer's Liability limits not less than $1,000,000 each person, $1,000,000 each accident and $1,000,000 each disease.

(Note: Any proposed modifications to these workers' compensation insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

Professional Liability Insurance: If required for the professional services being provided (e.g., those persons authorized by a license to engage in a business or profession regulated by the California Business and Professions Code), in the amount of not less than $1,000,000 per claim and $2,000,000 in the aggregate, to cover liability for malpractice or errors or omissions made in the course of rendering professional services. If professional liability insurance is written on a "claims-made" basis rather than an occurrence basis, the CONTRACTOR shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage ("tail coverage") with the same liability limits. Any such tail coverage shall continue for at least three (3) years following the expiration or earlier termination of this Agreement.

(Note: Professional liability insurance coverage is required if the contractor is providing a professional service regulated by the state. Examples of service providers regulated by the state are insurance agents, professional architects and engineers, doctors, certified public accountants, lawyers, etc. However, other professional contractors, such as computer or software designers, technology services, and service providers such as claims administrators, should also have professional liability. If in doubt, consult with your risk or contract manager.)

If the contractor maintains broader coverage and/or higher limits than the minimums shown above, the County requires and shall be entitled to the broader coverage and/or higher limits maintained by the contractor.

9.04 Other Requirements: All insurance required by this Agreement shall be with a company acceptable to the County and issued and executed by an admitted insurer authorized to transact insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three (3) years following the date CONTRACTOR completes its performance of services under this Agreement.

Each liability policy shall provide that the County shall be given notice in writing at least thirty (30) days in advance of any endorsed reduction in coverage or limit, cancelation, or intended non-renewal thereof. Each policy shall provide coverage for CONTRACTOR and additional insureds with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

Additional Insured Status: The County of Monterey, its officers, officials, employees, agents, and volunteers are to be covered as additional insureds on the auto liability policy for liability arising out of automobiles owned, leased, hired or borrowed by or on behalf of the CONTRACTOR. Auto liability coverage shall be provided in the form of an endorsement to the CONTRACTOR's insurance.

The County of Monterey, its officers, officials, employees, agents, and volunteers are to be covered as additional insureds on the commercial general liability policy with respect to liability arising out of work or operations performed by or on behalf of the CONTRACTOR including materials, parts, or equipment furnished in connection with such work or operations. General liability coverage shall be provided in the form of an endorsement to the CONTRACTOR's insurance (at least as broad as ISO Form CG 20 10 11 85 or if not available, through the addition of both CG 20 10, CG 20 26, CG 20 33, or CG 20 38, and CG 20 37 if a later edition is used).

Primary Coverage: For any claims related to this contract, the CONTRACTOR's insurance coverage shall be primary and non-contributory and at least as broad as ISO CG 20 01 04 13 as respects the County, its officers, officials, employees, agents, and volunteers. Any insurance or self-insurance maintained by the County, its officers, officials, employees, agents, or volunteers shall be excess of the CONTRACTOR's insurance and shall not contribute with it. This requirement shall also apply to any Excess or Umbrella liability policies.

Workers' Compensation Waiver of Subrogation: The workers' compensation policy required hereunder shall be endorsed to state that the workers' compensation carrier waives its right of subrogation against County, its officers, officials, employees, agents, or volunteers, which might arise by reason of payment under such policy in connection with performance under this Agreement by CONTRACTOR. Should CONTRACTOR be self-insured for workers' compensation, CONTRACTOR hereby agrees to waive its right of subrogation against County, its officers, officials, employees, agents, or volunteers.

Prior to the execution of this Agreement by the County, CONTRACTOR shall file certificates of insurance and endorsements with the County's Contract Administrator and County's Contracts/Purchasing Division, showing that the CONTRACTOR has in effect the insurance required by this Agreement. The CONTRACTOR shall file a new or amended certificate of

Docusign Envelope ID: 5A2B1CF3-3273-4BE2-AA45-73A61D2F72A4

insurance within five (5) calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect. CONTRACTOR shall always during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County annual certificates to the County's Contract Administrator and the County's Contracts/Purchasing Division. If the certificate is not received by the expiration date, the County shall notify the CONTRACTOR and CONTRACTOR shall have five (5) calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance is a default of this Agreement, which entitles the County, at its sole discretion, to terminate this Agreement immediately.

10. RECORDS AND CONFIDENTIALITY.

10.01 Confidentiality. CONTRACTOR and its officers, employees, agents, and subcontractors shall comply with any and all federal, state, and local laws which provide for the confidentiality of records and other information. CONTRACTOR shall not disclose any confidential records or other confidential information received from the County or prepared in connection with the performance of this Agreement, unless the County specifically permits CONTRACTOR to disclose such records or information. CONTRACTOR shall promptly transmit to the County any and all requests for disclosure of any such confidential records or information. CONTRACTOR shall not use any confidential information gained by CONTRACTOR in the performance of this Agreement except for the sole purpose of carrying out CONTRACTOR's obligations under this Agreement.

10.02 County Records. When this Agreement expires or terminates, CONTRACTOR shall return to the County any County records which CONTRACTOR used or received from County to perform services under this Agreement.

10.03 Maintenance of Records. CONTRACTOR shall prepare, maintain, and preserve all reports and records that may be required by federal, state, and County rules and regulations related to services performed under this Agreement. CONTRACTOR shall maintain such records for a period of at least three (3) years after receipt of final payment under this Agreement. If any litigation, claim, negotiation, audit exception, or other action relating to this Agreement is pending at the end of the three- (3-) year period, then CONTRACTOR shall retain said records until such action is resolved.

10.04 Access to and Audit of Records. The County shall have the right to examine, monitor, and audit all records, documents, conditions, and activities of the CONTRACTOR and its subcontractors related to services provided under this Agreement. Pursuant to Government Code section 8546.7, if this Agreement involves the expenditure of public funds in excess of $10,000, the parties to this Agreement may be subject, at the request of the County or as part of any audit of the County, to the examination and audit of the State Auditor pertaining to matters connected with the performance of this Agreement for a period of three (3) years after final payment under the Agreement.

CONTRACTOR shall not publish any such material without the prior written approval of the County.

CONTRACTOR shall ensure that the evaluation and treatment of its employees and applicants for employment and all persons receiving and requesting services are free of such discrimination. CONTRACTOR and any subcontractor shall, in the performance of this Agreement, fully comply with all federal, state, and local laws and regulations which prohibit discrimination. The provision of services primarily or exclusively to such target population as may be designated in this Agreement shall not be deemed to be prohibited discrimination.

Board Report

Item No.65

Board of Supervisors
Chambers
168 W. Alisal St., 1st Floor
Salinas, CA 93901

March 10, 2026

Introduced: 1/22/2026

Current Status: Public Works, Facilities & Parks - Consent

Version: 1

Matter Type: BoS Resolution

Authorize and direct the Auditor-Controller to amend the Fiscal Year 2025-26 Adopted Budget for County Service Area 9-Oak Park, Fund 052, Appropriation Unit PFP008, increasing appropriations by $92,309 funded by unassigned fund balance (052-3101) to fund drainage system maintenance (4/5th vote required).

RECOMMENDATION:
It is recommended that the Board of Supervisors authorize and direct the Auditor-Controller to amend the Fiscal Year 2025-26 Adopted Budget for County Service Area 9-Oak Park, Fund 052, Appropriation Unit PFP008, increasing appropriations by $92,309 funded by unassigned fund balance (052-3101) to fund drainage system maintenance (4/5th vote required).

SUMMARY:
County Service Area 9-Oak Park (CSA 9) is a non-contiguous district with three maintenance areas located just outside the City of Salinas boundary that includes Bolsa Knolls/Rogge Commons; County Club Meadows subdivision, north of Salinas along San Juan Grade Road; and Rosehart Industrial Park, south of Salinas along Potter Road. Storm drain maintenance and street lighting are the active services in the CSA. Regular storm drain maintenance is essential to ensure the safe and efficient conveyance of stormwater, protect public infrastructure, and reduce the risk of flooding.

DISCUSSION:
The Santa Rita Creek (also known as Little Bear Creek) sub-watershed drains through the Bolsa Knolls/Rogge subdivision, passing through numerous culverts, channels, and ditches before emptying into Santa Rita Creek within the City of Salinas. Periodically, it is necessary for Special Districts to perform drainage maintenance of the culverts to allow for the free flow of stormwater in the County-maintained culvert areas. Regular storm drainage maintenance is essential to ensure the safe and efficient conveyance of stormwater, protect public infrastructure, and reduce the risk of flooding.

FINANCING:
The recommended action will increase appropriations for the Fiscal Year 2025-26 Adopted Budget for CSA 9, Fund 052, Appropriation Unit PFP008, from $147,520 to $239,829, an increase of $92,309. The increase will be funded by the CSA's unassigned fund balance (052-3101). The beginning FY 2025-26 Fund Balance of $482,886 is estimated to be reduced to $319,704 by the end of the fiscal year. There is not an impact to the General Fund.

BOARD OF SUPERVISORS STRATEGIC PLAN GOALS:
Regular drainage system maintenance meets strategic initiatives for Infrastructure by developing a sustainable infrastructure that improves the quality of life for County residents and supports economic development results.

Board Report

Legistar File Number: RES 26-030

March 10, 2026

Introduced: 2/17/2026

Current Status: Public Works, Facilities & Parks - Consent

Version: 1

Matter Type: BoS Resolution

Public hearing to consider adopting a resolution to:
a. Find that modification to the Public Works' fees is statutorily exempt from the California Environmental Quality Act (CEQA) pursuant to Section 15273 of the CEQA Guidelines; and
b. Amend the Monterey County Fee Resolution, Article X - Public Works to adjust fees.

RECOMMENDATION:

It is recommended that the Board of Supervisors adopt a resolution to:
a. Find that modification to the Public Works' fees is statutorily exempt from the California Environmental Quality Act (CEQA) pursuant to Section 15273 of the CEQA Guidelines; and
b. Amend the Monterey County Fee Resolution, Article X - Public Works to adjust fees.

SUMMARY:

Fees for department services are set forth in "articles" of the Monterey County Fee Resolution. Article X of the Monterey County Fee Resolution defines fees for services provided by the Public Works Division of the Department of Public Works, Facilities, and Parks (PWFP). These fees are for services which include certain mandated duties, special services requested by the public, and services in support of land-use permits and entitlements. With limited exceptions, the recommended adjustments result in no net change to fees when aligned with the recently amended Article IX-Land Use adopted by the Board on February 3, 2026.

DISCUSSION:

On June 22, 2021, following the separation of the Resource Management Agency into PWFP and Housing and Community Development Department (HCD), the Board of Supervisors adopted Resolution No. 21-169, which retitled Article X defining Public Works fees for certain services. The 2020 separation of the departments had effectively split staffing and certain mandated duties of the Office of the County Surveyor (CSO), which is housed within PWFP. PWFP (Article X) and HCD (Article IX) each contained a corresponding portion of the fees for these split duties.

In 2024, PWFP and HCD made a staffing adjustment that effectively united the staffing of the CSO. Consequently, splitting the fees is no longer necessary and the former HCD fee component should be integrated into PWFP fees. The proposed fees also contain a mechanism that allows PWFP to directly charge HCD permit deposits for services performed on permits with HCD deposits.

Line items for previously included services, now fully performed by HCD staff, have been deleted from the proposed amended Article. With limited exceptions, no net changes are being made by the proposed amendment to Article X when aligned with the recently amended Article IX-Land Use, adopted by the Board on February 3, 2026.

In January 2026, staff conducted a fee audit and found that the no-net-change fees within the proposed amended Article X are being properly implemented and supported by staff time.

FINANCING:
Sufficient appropriations are available in the adopted Fiscal Year (FY) 2025-26 Road Fund budget, Fund 002, Appropriation Unit PFP004, to finance the staff time to perform this work. The objective of the proposed changes to existing fee articles is to make appropriate adjustments and provide full cost recovery for all categories.

BOARD OF SUPERVISORS STRATEGIC PLAN GOALS:
The requested actions support the Board of Supervisors' Strategic Plan Goals by promoting fiscal responsibility and efficient, effective County operations while offering excellent customer service to the public.

Consequently, splitting the fees is no longer necessary and the former HCD fee component should be integrated into PWFP fees. The proposed fees also contain a mechanism that allows PWFP to directly charge HCD permit deposits for services performed on permits with HCD deposits.

Line items for previously included services, now fully performed by HCD staff, have been deleted from the proposed amended Article. With limited exceptions, no net changes are being made by the proposed amendment to Article X when aligned with the recently amended Article IX-Land Use, adopted by the Board on February 3, 2026.

In January 2026, staff conducted a fee audit and found that the no-net-change fees within the proposed amended Article X are being properly implemented and supported by staff time.

FINANCING:
Sufficient appropriations are available in the adopted Fiscal Year (FY) 2025-26 Road Fund budget, Fund 002, Appropriation Unit PFP004, to finance the staff time to perform this work. The objective of the proposed changes to existing fee articles is to make appropriate adjustments and provide full cost recovery for all categories.

BOARD OF SUPERVISORS STRATEGIC PLAN GOALS:
The requested actions support the Board of Supervisors' Strategic Plan Goals by promoting fiscal responsibility and efficient, effective County operations while offering excellent customer service to the public.

Resolution No. 26- _____

Resolution Amending the Monterey County Fee Resolution relating to Fee Articles for processing applications for land-use permits and entitlements, effective May 10, 2026, as follows:

a. Find that modification of permit fees is statutorily exempt from the California Environmental Quality Act (CEQA) pursuant to Section 15273 of the CEQA Guidelines; and

b. Amend the Monterey County Fee Resolution, Article X – Public Works to adjust fees.

This resolution is made with reference to the following facts:

1. State law allows the County, after noticed public hearing, to adopt a resolution to adopt new fees or increase existing fees for services rendered, provided the fees do not exceed the estimated reasonable cost of providing the service for which the fee is charged.

2. Section 1.40.010 of Chapter 1.40 of the Monterey County Code provides that all fees, penalties, refunds, reimbursements, and charges of any kind collected by the County may be specified in the Monterey County Fee Resolution.

3. Federal, state, and local laws and regulations mandate that the County provide certain services. Periodically, fees for these services are amended to recover at least a portion of the costs to provide these services.

4. The Public Works Division of the Department of Public Works, Facilities, and Parks is proposing adjustments to fees as a result of the consolidation of staffing from the Housing and Community Development Department (HCD), together with an elimination of certain fees for services now fully rendered by HCD staff.

5. The land use fee adjustments made by this resolution are to recover staff costs of processing applications for land use for permits and entitlements and associated planning, monitoring, and enforcement activities performed by HCD. The increased

fees do not exceed estimated reasonable or actual costs of performing the services, processing land-use applications and entitlements, and associated permitting, monitoring, and enforcement activities. Any adjustments to the fees reflect no more than the actual costs of the services or benefits received by the payor. To the extent that the fees do not result in full cost recovery, the shortfall may impact the County General Fund.

6. The fees for services provided by the Public Works Division of the Department of Public Works, Facilities, and Parks are in **Article X** of the Monterey County Fee Resolution Fee Articles. Said **Article X** was last updated in 2021 (Resolution 21-169).

7. These fees are not a "tax" and are exempt from voter approval under section 1(e) (1)-(3), (5) and (6) of Article XIII C of the California Constitution (Proposition 26, excepting from the definition of "tax" charges imposed for specific benefit conferred/privilege/service or product, and/or reasonable regulatory costs to local government for issuing permits and the administrative enforcement thereof, fines and penalties and charges for violation of law, and property development charges). These fees are imposed for a specific government service provided directly to the applicant that is not provided to those not charged, are imposed for the reasonable regulatory costs to the County for issuing permits for property development and the administrative enforcement thereof, and do not exceed the reasonable costs to the County of providing these services.

8. This action to modify land use fees is not a project under the California Environmental Quality Act (CEQA) because it is a governmental funding mechanism which does not involve any commitment to any specific project which may result in a potentially significant physical impact on the environment. (CEQA Guidelines section 15378(b)(4).)

9. Said amendments to the Public Works fees shall take effect no sooner than 60 days following adoption of the amendment.

10. A notice of this matter was provided by publication of notice in a newspaper of general circulation in the County and distribution of notice to interested persons, and all testimony from staff and the public has been heard and considered.

NOW, THEREFORE, BE IT RESOLVED THAT the Board of Supervisors of the County of Monterey does hereby:

1. Certify that the foregoing recitals are true and correct.

2. Amend the Monterey County Fee Resolution, to take effect May 10, 2026, relating to fees for services provided by Public Works, as follows:

a. Find that modification of permit fees is statutorily exempt from the California Environmental Quality Act (CEQA) pursuant to Section 15273 of the CEQA Guidelines; and
b. Amend Article X-Public Works to make adjustments to fees.

Article X-Public Works, as amended herein, are attached hereto and incorporated herein by reference.

Tasks pursuant to Title 14, Monterey County Code.

Description		***Amount***	***Unit/Time***
1.	Hourly (estimated based on project specific need)	$175.00	Hourly

Notes:

[1] Unless otherwise noted, Public Works fees are based on an hourly rate of $175.00 (in FY 2019-20), representing a weighted blend of the fully burdened labor rate for the Director, Chief of Surveys, Senior Civil Engineer, and support staff. A flat fee is based on the estimated reasonable cost, averaged across all applications, of processing the

permit/entitlement for which the fee is charged. On matters for which a deposit is required, fees will be based on actual time multiplied by the hourly rate representing actual hours worked by Public Works staff. The applicant is required to pay the indicated deposit and will be billed subsequently if the deposit is insufficient to cover actual processing time. On deposit matters, applicant and Public Works may elect, on a case-by-case basis, to agree to a different deposit amount based on the estimated actual cost of processing a specific application.

[2] "Extraordinary development applications" are those applications which will require staff time well beyond the typical application, as determined by the Director of Planning. These applications may include, by way of example and without limitation, applications for large scale development involving multiple discretionary entitlements, significant technical review by other land use agencies, and/or an anticipated lengthy time frame for processing because of their scope and complexity. Consistent with these criteria, any project requiring the preparation of an EIR shall qualify as an extraordinary development application. The amount paid to the County for staff costs. The County may utilize a consultant, whose expenses shall be fully funded by the project applicant as identified in the Funding Agreement between the County and the Applicant.

[3] The deposit paid to the County for staff costs as identified in the Funding or Reimbursement Agreement between the County and the Applicant. Staff costs shall be reimbursed as part of an Extraordinary Development Application as noted in #3 above.

[4] Per Section 8773.2 of the State of California Business and Professions Code, fees for Corner Records are based on recording fees of the County Recorder. Corner Record fees may be adjusted to reflect adjustments in Recorder's fees and/or Statecode.

[5] These fees shall apply only to projects where mitigation measures or conditions are required for project approval by the Public Works division of Public Works, Facilities and Parks Department.

These fees shall apply to any permit approved after the effective date of this article that incorporates mitigation measures, such as permits that required adoption of a Mitigated Negative Declaration, certification of an EIR, or carryover of mitigation measures from a previously adopted/certified environmental document. Projects approved after the effective date of this article with mitigation measures shall be subject to the mitigation monitoringfees set forth in this Article. Projects approved prior to the effective date of this article with mitigation measures shall be subject to the mitigation monitoring fees set forth in the County Fee Resolution that was in effect on the project approval date.

The condition compliance fee shall be collected after project approval and after all administrative appeals have been exhausted, based on the fee in effect at the time of collection, to cover the cost of staff time monitoring condition compliance. For projects requiring maps, map checking will be included with condition compliance. If the permit incorporates mitigation measures, such as permits that required adoption of a Mitigated Negative Declaration, certification of an EIR, or carryover of mitigation measures from a previously adopted/certified environmental document, the condition compliance fees are based on actualtime spent on monitoring condition compliance and require a deposit. Additionally, project applications whose application fees were based on actual time, rather than flat fee, will continue to be subject to fees based on actual time for condition compliance, and the County may require an additional deposit for condition compliance. For

all other projects, the fee for condition compliance is as indicated in the fee schedule.

6 Public Works - Encroachment fees represent a weighted blend of the fully burdened labor rate for the Chief of Surveys, Senior Civil Engineer, and support staff. On matters for which a deposit is required, applicant and Public Works may elect, on a case-by-case basis, to agree to a deposit amount based on the estimated actual cost of processing a specific application.

SUMMARY:

The San Ardo Community and School Connections Through Active Transportation Project (Project) is intended to enhance safety and connect the San Ardo Community with safe pedestrian facilities to encourage active transportation. Staff have prepared the Plans and Special Provisions for the Project. Adopting the Plans and Special Provisions and authorizing the Public Works, Facilities and Parks Department (PWFP) to advertise the San Ardo Sidewalk Project, Project No. 1178, will allow PWFP to solicit construction bids and proceed with the construction phase of the Project. PWFP will return to the Board to award the Project after bids have been opened, and the lowest responsible bidder has been determined.

DISCUSSION**:**
On June 14, 2022, the Board of Supervisors approved the submittal of a grant application to California Department of Transportation (CalTrans) for an Active Transportation Program (ATP) Grant. On June 2022, in collaboration with the County of Monterey Health Department, the County of Monterey Department of Public Works, Facilities and Parks (PWFP) submitted five (5) applications to Caltrans for ATP grant funds including infrastructure and non-infrastructure projects in San Ardo, Chualar, and Castroville. In December 2022, the California Transportation Commission approved three of the five PWFP projects to receive funding. These projects, in San Ardo, Chualar, and Castroville (ATP Projects), received funding totaling $16,260,000 from Caltrans.

The infrastructure portion of the San Ardo Community and School Connections Through Active

Transportation Project (Project) consists of constructing approximately 2,690 lineal feet of sidewalks along one side of three streets, installing curb ramps, curb and gutter, corresponding pavement markings, signage, and solar lighting and four pedestrian beacons (Rectangular Rapid Flashing Beacons, or RRFBs) at select locations to enhance safety and connect the San Ardo Community with safe pedestrian facilities to encourage active transportation.

The bid opening is set for April 16, 2026, at 3:30 p.m., in the Board of Supervisors Chambers, County Administration Building, County of Monterey, downtown Government Center Campus, located at 168 W. Alisal Street., First Floor, Salinas, California 93901. Project construction is scheduled to begin in June 2026.

In compliance with the California Environmental Quality Act (CEQA), the County of Monterey filed a Notice of Categorical Exemption per Article 19, California Code of Regulations (CCR), CEQA Guidelines Section 15301(c) - Class 1 - Existing Facilities (Existing highways and streets, sidewalks, gutters, bicycle and pedestrian trails, and similar facilities...) with the County Clerk and Governor's Office of Land Use and Climate Innovation on July 18, 2024.

OTHER AGENCY INVOLVEMENT:
The Office of the County Counsel-Risk Management, and Auditor-Controller have reviewed and approved the Special Provisions as to form, insurance and indemnification provisions, and fiscal provisions, respectively.

FINANCING:
The total estimated cost of the Project, including design engineering, environmental, right-of-way, and construction is $4,067,499. The County has secured Active Transportation Program (ATP) funding for the Project as outlined in Attachment B, Project Budget. The Project is largely funded by State ATP Funds in the amount of $3,448,000. The remaining $619,499 will be funded through Measure X and TOT local funds. The project has incurred costs of $480,850 for design engineering and environmental review funded from adopted FY 2025-2026 Road Fund 002. The adopted FY 2025-26 Road Fund 002, budget includes $2.8 million in appropriations to fund the construction of the Project.

The pending recommended budget for FY 2026-27 Road Fund 002, that will be presented to the Board of Supervisors this June for adoption, will include $786,649 to fund the remaining cost of this Project.

BOARD OF SUPERVISORS STRATEGIC PLAN GOALS:
The Project will construct sidewalks along one side of three streets, installing curb ramps, curb and gutter, corresponding pavement marking, signage, solar lighting and four beacons to enhance safety and connect the San Ardo Community with safe pedestrian facilities to encourage active transportation. The recommended action supports the following Board of Supervisors' Strategic Plan Goals:

X Well-Being and Quality of Life

During the progress of the work, if subsurface or latent physical conditions are encountered at the site differing materially from those indicated in the contract or if unknown physical conditions of an unusual nature, differing materially from those ordinarily encountered and generally recognized as inherent in the work provided for in the contract, are encountered at the site, the party discovering such conditions shall promptly notify the other party in writing of the specific differing conditions before the site is disturbed and before the affected work is performed.

2. Upon written notification, the engineer will investigate the conditions, and if it is determined that the conditions materially differ and cause an increase or decrease in the cost or time required for the performance of any work under the contract, an adjustment, excluding anticipated profits, will be made and the contract modified in writing accordingly. The engineer will notify the contractor of the determination whether or not an adjustment of the contract is warranted.

3. No contract adjustment which results in a benefit to the contractor will be allowed unless the contractor has provided the required written notice.

4. No contract adjustment will be allowed under this clause for any effects caused on unchanged work.

b. Suspensions of Work Ordered by the Engineer

1. If the performance of all or any portion of the work is suspended or delayed by the engineer in writing for an unreasonable period of time (not originally anticipated, customary, or inherent to the construction industry) and the contractor believes that additional compensation and/or contract time is due as a result of such suspension or delay, the contractor shall submit to the engineer in writing a request for adjustment within seven (7) calendar days of receipt of the notice to resume work. The request shall set forth the reasons and support for such adjustment.

2. Upon receipt, the engineer will evaluate the contractor's request. If the engineer agrees that the cost and/or time required for the performance of the contract has increased as a result of such suspension and the suspension was caused by conditions beyond the control of and not the fault of the contractor, its suppliers, or subcontractors at any approved tier, and not caused by weather, the engineer will make an adjustment (excluding profit) and modify the contract in writing accordingly. The contractor will be notified of the engineer's determination whether or not an adjustment of the contract is warranted.

3. No contract adjustment will be allowed unless the contractor has submitted the request for adjustment within the time prescribed.

4. No contract adjustment will be allowed under this clause to the extent that performance would have been suspended or delayed by any other cause, or for which an adjustment is provided or excluded under any other term or condition of this contract.

c. Significant Changes in the Character of Work

1. The engineer reserves the right to make, in writing, at any time during the work, such changes in quantities and such alterations in the work as are necessary to satisfactorily complete the project. Such changes in quantities and alterations shall not invalidate the contract nor release the surety, and the contractor agrees to perform the work as altered.

2. If the alterations or changes in quantities significantly change the character of the work under the contract, whether such alterations or changes are in themselves significant changes to the character of the work or by affecting other work cause such other work to become significantly different in character, an adjustment, excluding anticipated profit, will be made to the contract. The basis for the adjustment shall be agreed upon prior to the performance of the work. If a basis cannot be agreed upon, then an adjustment will be made either for or against the contractor in such amount as the engineer may determine to be fair and equitable.

3. If the alterations or changes in quantities do not significantly change the character of the work to be performed under the contract, the altered work will be paid for as provided elsewhere in the contract.

4. The term “significant change” shall be construed to apply only to the following circumstances:

   - When the character of the work as altered differs materially in kind or nature from that involved or included in the original proposed construction; or
   - When a major item of work, as defined elsewhere in the contract, is increased in excess of one hundred twenty five percent (125%) or decreased below seventy five percent (75%) of the original contract quantity, any allowance for an increase in quantity shall apply only to that portion in excess of one hundred twenty five percent (125%) of the original contract item quantity, or in case of a decrease below seventy five percent (75%), to the actual amount of work performed.

Replace section 6-1.03B with:

6-1.03B Submittals

6-1.03B(1) General

Not Used

6-1.03B(2) Work Plan

For local material, such as rock, gravel, earth, structure backfill, pervious backfill, imported borrow, and culvert bedding, obtained from a (1) noncommercial source, or (2) source not regulated under California jurisdiction, submit a local material plan for each material at least 60 days before placing the material. The local material plan must include:

1. Certification signed by you and an engineer who is registered as a civil engineer in the State or a professional geologist licensed as a professional geologist by the State stating:

   > I am aware local material from a noncommercial source or a source not regulated under CA jurisdiction must be sampled and analyzed for pH and lead and may require sampling and analysis under section 6-1.03B(3) for other constituents of concern based on the land use history. I am aware that local material sources must not contain ADL at concentrations greater than 80 mg/kg total lead or equal to or greater than 5 mg/L soluble lead as determined by the Waste Extraction Test (WET) Procedures, 22 CA Code of Regs § 66261.24(a)(2) App II. I am aware that a maximum quantity of material may be excavated at the site based on the minimum number of samples taken before excavating at the site under section 6-1.03B(3).

2. Land use history of the local material location and surrounding property
3. Sampling protocol
4. Number of samples per volume of local material
5. QA and QC requirements and procedures
6. Qualifications of sampling personnel
7. Stockpile history
8. Name and address of the analytical laboratory that will perform the chemical analyses
9. Analyses that will be performed for lead and pH
10. Other analyses that will be performed for possible hazardous constituents based on:
    - 10.1. Source property history
    - 10.2. Land use adjacent to source property
    - 10.3. Constituents of concern in the ground water basin where the job site is located

The plan must be sealed and signed by an engineer who is registered as a civil engineer in the State or a professional geologist licensed as a professional geologist by the State.

If the plan requires revisions, the Engineer provides comments. Submit a revised plan within 7 days of receiving comments. Allow 7 days for the review.

6-1.03B(3) Analytical Test Results

At least 15 days before placing local material, submit analytical test results for each local material obtained from a noncommercial source or a source not regulated under CA jurisdiction. The analytical test results must include:

1. Certification signed by an engineer who is registered as a civil engineer in the State or a professional geologist licensed as a professional geologist by the State stating:

Docusign Envelope ID: 4E700D4A-1798-403F-B98B-1B8ED193C7AC

The analytical testing described in the local material plan has been performed. I performed a statistical analysis of the test results using the US EPA's ProUCL software with the applicable 95 percent upper confidence limit. I certify that the material from the local material source is suitable for unrestricted use at the job site, it has a pH above 5.0, does not contain soluble lead in concentrations equal to or greater than 5mg/l as determined by the Waste Extraction Test (WET) Procedures, 22 CA Code of Regs § 66261.24(a)(2) App II, does not contain lead in concentrations above 80 mg/kg total lead, is free from all other contaminants identified in the local material plan, and will comply with the job site's basin plan and water quality objectives of the RWQCB.

2. Chain of custody of samples
3. Analytical results no older than 1 year
4. Statistical analysis of the data using US EPA's ProUCL software with a 95 percent upper confidence limit
5. Comparison of sample results to hazardous waste concentration thresholds and the RWQCB's basin plan requirements and water quality objectives for the job site location

6-1.03B(4) Sample and Analysis

Sample and analyze local material from a (1) noncommercial source or (2) a source not regulated under CA jurisdiction:

1. Before bringing the local material to the job site
2. As described in the local material plan
3. Under US EPA Test Methods for Evaluating Solid Waste, Physical/Chemical Methods (SW-846)

The sample collection must be designed to generate a data set representative of the entire volume of proposed local material.

Before excavating at the (1) noncommercial material source or (2) a source not regulated under CA jurisdiction, collect the minimum number of samples and perform the minimum number of analytical tests for the corresponding maximum volume of local material as shown in the following table:

Minimum Number of Samples and Analytical Tests for Local Material

Maximum volume of imported borrow (cu yd)	Minimum number of samples and analytical tests
< 5,000	8
5,000–10,000	12 for the first 5,000 cu yd plus 1 for each additional 1,000 cu yd or portion thereof
10,000–20,000	17 for the first 10,000 cu yd plus 1 for each additional 2,500 cu yd or portion thereof
20,000-40,000	21 for the first 20,000 cu yd plus 1 for each additional 5,000 cu yd or portion thereof
40,000–80,000	25 for the first 40,000 cu yd plus 1 for each additional 10,000 cu yd or portion thereof
> 80,000	29 for the first 80,000 cu yd plus 1 for each additional 20,000 cu yd or portion thereof

Do not collect composite samples or mix individual samples to form a composite sample.

Analyze the samples using the US EPA's ProUCL software with a 95 percent upper confidence limit. All chemical analysis must be performed by a laboratory certified by the SWRCB's Environmental Laboratory Accreditation Program (ELAP).

The analytical test results must demonstrate that the local material:

1. Is not a hazardous waste
2. Has a pH above 5.0

Docusign Envelope ID: 4E700D4A-1798-403F-B98B-1B8ED193C7AC

3. Has an average total lead concentration, based upon the 95 percent upper confidence limit, at or below 80 mg/kg
4. Is free of possible contaminants identified in the local material plan
5. Complies with the RWQCB's basin plan for the job site location
6 Complies with the RWQCB's water quality objectives for the job site location

6-1.03C Local Material Management

Do not place local material until authorized.

If the Engineer determines the appearance, odor, or texture of any delivered local material suggests possible contamination, sample and analyze the material. The sampling and analysis is change order work unless (1) hazardous waste is discovered or (2) the analytical test results indicate the material does not comply with section 6-1.03B(3).

Dispose of noncompliant local material at an appropriately permitted CA Class I, CA Class II or CA Class III facility. You are the generator of noncompliant local materials.

7-1.02K(6)(F) GENERAL PREVAILING WAGE RATES:

Attention is directed to Section 7-1.02K(2), "Wages," of the Standard Specifications.

The general prevailing wage rates determined by the Director of Industrial Relations, for the County or Counties in which the work is to be done, are available on the Internet at: http://www.dir.ca.gov/dlsr/pwd/. These wage rates are not included in the Bid book for the project. Changes, if any, to the general prevailing wage rates will be available at the same location.

The general prevailing rates of per diem, holiday, and overtime wages for each craft, classification, or type of worker needed to execute the Contract are determined in accordance with Section 1770, et. seq., of the Labor Code; and the Contractor shall comply with all applicable sections thereof.

The Contractor shall post the prevailing wage rates at the job site or as directed by the Engineer.

For Federal minimum wage rates see the website http://www.dot.ca.gov/hq/esc/oe/federal-wages/.

If there is a difference between the minimum wage rates predetermined by the Secretary of Labor and the general prevailing wage rates determined by the Director of the California Department of Industrial Relations for similar classifications of labor, the Contractor and subcontractors shall pay not less than the higher wage rate. The Department will not accept lower State wage rates not specifically included in the Federal minimum wage determinations. This includes "helper" (or other classifications based on hours of experience) or any other classification not appearing in the Federal wage determinations. The contractor's insurer agrees to waive subrogation claims against the County of Monterey, their officers, agents, and employees.

Evidence of insurance (Contractual Liability insurance and Additional Insured Endorsement) in compliance with the requirements herein shall be furnished to the County of Monterey by the Contractor with the Certificate of Insurance in the form as approved by the County of Monterey. A copy of the approved certificate form may be obtained from the County of Monterey at the address to obtain bid packages as shown in the Notice to Bidders. Docusign Envelope ID: 4E700D4A-1798-403F-B98B-1B8ED193C7AC

The insurance shall be issued by a company or companies authorized to transact business in the State of California and shall have a rating of at least A- VII in accordance with the current Best's rating.

Insurance coverage in the minimum amounts set forth herein shall not be construed to relieve the Contractor for liability in excess of such coverage, nor shall it preclude the State of California or County of Monterey from taking such other actions as are available to them under any other provision of this contract (except retention of money due to the Contractor) or otherwise in law.

Nothing in the Contract is intended to create the public or any member thereof a third party beneficiary hereunder, nor is any term and condition or other provision of the contract intended to establish a standard of care owed to the public or any member thereof.

Prior to the execution of the Contract by the County, Contractor shall file certificates of insurance with the County Contracts/Purchasing Department and with the County Director of Public Works, showing that the Contractor has in effect the insurance required by this Contract. The Contractor shall file a new or amended certificate of insurance promptly after any change is made in any insurance policy that would alter the information of the certificate then on file. 2. Bids are required for the entire work. The undersigned understands that the quantities given are approximate only, being given as a basis for the comparison of Bids, and the County of Monterey does not, expressly or by implication, agree that the actual amount of work shall correspond therewith, but reserves the right to increase or decrease the amount of any portion of the work, or to omit portions of the work, as may be deemed necessary without claim for damage or loss of anticipated profit and that payment shall be made only on the basis of the actual quantities of work performed.

   The bidder shall set forth for each unit basis item of work a unit price and a total for the item, and for each lump sum item a total for the item, all in clearly legible figures in the respective spaces provided for that purpose. In the case of unit basis items, the amount set forth under the "Item Total" column shall be the product of the unit price bid and the estimated quantity for the item.

   The basis of award to the lowest responsive, responsible bidder will be the lowest BASE BID plus Bid ALTERNATIVE. In the event the lowest BASE BID + BID ALTERNATIVE offer exceeds the funds available, a single award will be made on the lowest BASE BID offer. All bid items in BASE BID and BID ALTERNATIVE must include equal unit prices.

   The bid submitted must not contain erasures, interlineations, or other corrections unless each such correction is suitably authenticated by affixing in the margin immediately opposite the correction the surname or surnames of the person or persons signing the bid, in the named person's own handwriting.

   In case of discrepancy between the unit price and the item total price set forth for the item, the unit price shall prevail; provided, however, if the amount set forth as the unit price is ambiguous, unintelligible or uncertain for any cause, or is omitted, the amount set forth in the "Item Total" column for the item shall prevail in accordance with the following:

   (1) As to lump sum items, the amount set forth in the "Item Total" column shall be the unit price.

   (2) As to unit basis items, the amount set forth in the "Item Total" column shall be divided by the estimated quantity for the item, and the price thus obtained shall be the unit price.

3. The undersigned has checked all of the above figures carefully and understands that the County of Monterey (also referred to herein as "Owner") will not be responsible for any errors and omissions on the part of the undersigned in making this bid.

   Symbols such as commas and dollar signs will be ignored and have no mathematical significance in establishing any unit price or item total or lump sums. Written unit prices, item totals and lump sums will be interpreted according to the number of digits and, if applicable, decimal placement. Cents symbols also have no significance in establishing any unit price or item total since all figures are assumed to be expressed in dollars and/or decimal fractions of a dollar.
   The foregoing provisions for the resolution of specific irregularities cannot be so comprehensive as to cover every omission, inconsistency, error or other irregularity which may occur in a bid. Any situation not specifically provided for will be determined in the discretion of the Owner, and that discretion will be exercised in the manner deemed by the Owner to best protect the

Docusign Envelope ID: 4E700D4A-1798-403F-B98B-1B8ED193C7AC

public interest in the prompt and economical completion of the work. The decision of the Owner respecting the amount of a bid, or the existence or treatment of an irregularity in a bid, shall be final.

4. It is understood that the Owner reserves the right to reject any and all bids or waive any irregularities or informalities in the bidding.

5. This bid shall remain valid and will not be withdrawn by the undersigned bidder for a period of ninety (90) days from the date prescribed for opening of this bid.

Authorize and direct the Auditor-Controller to amend the Fiscal Year 2025-26 Boronda County Sanitation District Adopted Budget, Fund 156, Appropriation Unit PFP049, to increase appropriations by $127,166 funded by unassigned fund balance (156-3101) to fund system improvements and maintenance, utility costs, Sewer System Management Plan Update, and Rate Study and Proposition 218 election to establish new sewer service rates (4/5 vote required).

RECOMMENDATION:

It is recommended that the Board of Supervisors:

Authorize and direct the Auditor-Controller to amend the Fiscal Year 2025-26 Boronda County Sanitation District Adopted Budget, Fund 156, Appropriation Unit PFP049, to increase appropriations by $127,166 funded by unassigned fund balance (156-3101) to fund system improvements and maintenance, utility costs, Sewer System Management Plan Update, and Rate Study and Proposition 218 election to establish new sewer service rates (4/5 vote required).

SUMMARY:

The Boronda County Sanitation District (BCSD) provides wastewater collection services to the community of Boronda. The operations and maintenance of the BCSD system must meet the regulatory requirements established under the State Water Resources Control Board (SWRCB) Order WQ 2022-0103-DWQ Statewide Waste Discharge Requirements General Order for Sanitary Sewer Systems. BCSD will incur costs greater than the amount budgeted in Fiscal Year (FY) 2025-26 due to the need to perform annual system cleaning and maintenance, equipment repairs and generator maintenance projects, completion of a SWRCB mandated Sewer System Management Plan Update, and completion of a Rate Study and Proposition 218 election to established new sewer rates. Increased expenditures are also anticipated for utility services.

DISCUSSION:

Maintenance and annual line cleaning are required to maintain the sewer system in proper working order, which results in the reduced occurrence of sewer spills and equipment failure. Annual cleaning reduces the buildup of fats, oils, grease, and other debris. It also helps to identify other problems that could potentially cause sewer line breaks and sewer spills. Lift station electrical repairs not previously budgeted have also been identified.

SWRCB Order WQ 2022-0103-DWQ requires completion of a Sewer System Management Plan Update to ensure the system is properly managed to reduce the risk of spills and provide effective cleanup and reporting measures. Additional funding is required for completion of this update.

BCSD sewer service rates are insufficient to meet the costs to operate and maintain the system. To establish new sewer rates for BCSD, an Engineer's Rate Study must be completed, a 45-day notice to property owners of record must be provided, and a noticed public hearing consisting of a Proposition 218 Protest Hearing must be conducted. It is anticipated that the Prop 218 hearing will be held prior to the end of the current fiscal year. If approved, new sewer rates will go into effect at the beginning of FY 2026-27. Additional costs to establish the new rates for compliance with Proposition 218, including the Engineer's rate study, legal support from the Office of the County Counsel, and additional staff time is anticipated. Finally, minor budget increases are also predicted for AT&T communication and PG&E utilities.

FINANCING:
If approved, the BCSD adopted budget for FY 2025-26 will be modified to increase appropriations by $127,166 to fund additional expenditures. The increased costs are proposed to be funded by BCSD unassigned fund balance of $129,963 which will reduce the fund balance to $1,933.

If the Rate Study and subsequent Proposition 218 election are not approved and implemented, the remaining minimum fund balance would provide little to no financial cushion to address ongoing operational needs or unforeseen costs.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:
The recommended action complies with the Board of Supervisors' Strategic Initiatives including sustainable infrastructure for the present and future and safe and resilient communities.

RECOMMENDATION:
It is recommended that the Board of Supervisors:
a. Approve the Monterey County Fish and Game Advisory Commission recommendation for Fiscal Year 2025-26 Fish and Game Propagation Grant Funds award;
b. Designate the grant applicants approved by the Board to receive the recommended funding award; and
c. Approve and authorize the Director of Public Works, Facilities and Parks or designee to execute required grant agreements with the applicants approved by the Board, to receive a Fiscal Year 2025-26 Fish and Game Propagation Grant Fund Program award and to disburse the funding awards as delineated in Exhibit 1.

SUMMARY:
The Monterey County Fish and Game Advisory Commission (Commission) annually releases a Request for Proposal, accepts proposals, and recommends applicants for grants related to preservation and propagation of fish and wildlife. The Commission is recommending 11 applicants receive a 2026 grant.

DISCUSSION:
California Fish and Game Code Section 13100 (Code) establishes that fish and wildlife propagation funds be expended for the protection, conservation, propagation, and preservation of fish and wildlife resources, under the direction of the Board of Supervisors, pursuant to the Fish and Game Code. Funds are received through various State of California Fish and Wildlife fines issued by Game Wardens, as well as court fees and case settlements. The Code defines the purposes for which a county may award fish and wildlife Propagation Grant Funds (PGF) (Attachment A). PGF funds are intended to provide financial resources to qualified agencies, organizations, groups, and individuals

working to protect, preserve, enhance, and promote fish and wildlife resources. County distribution of propagation funds is subject to State audit.

The Commission was formed on April 28, 1981, by the Board of Supervisors (Board) through Resolution #81-239 relative to the preservation and propagation of fish and wildlife, use of fish and game propagation funds, and investigate and evaluate proposals for projects intended to enhance and protect fish and wildlife (Attachment B). Board Resolution 81-239 requires all expenditures using these grant funds be approved by the Board.

The Department of Public Works, Facilities and Parks (PWFP) issued a solicitation for Fiscal Year (FY) 2025-26 PGF applications, with applications due on November 7, 2025. The solicitation was advertised in general-circulation newspapers throughout the County. The Commission received 12 applications in response to the solicitation, with grant requests totaling $72,499. The projects are summarized in Exhibit 1 to the draft Resolution (Exhibit 1).

On December 11, 2025, the Commission reviewed the FY 2025-26 PGF applications and compiled a funding recommendation for the Board. The Commission adjusted some applicant requests to fund allowable activities only or allocate the award amount to available funding. The FY 2025-26 grant project descriptions are attached (Attachment C).

The Commission budgeted $50,000 for the FY 2025-26 PGF. Following Board approval, awarded applicants will enter into a grant agreement with the County. Awarded applicants must submit a final report detailing how the funds were spent. The Commission funding recommendation totaled $50,000.

The Commission requested staff to prepare the report for Board approval, and to make funding award adjustments should funds not be awarded. Staff prepared a draft Resolution (Attachment D) to award $50,000 of the PGF to 11 of the twelve applicants for FY 2025-26 for the Board's consideration. The Commission's recommendation is detailed in Exhibit 1 to Attachment D.

PWFP requests that the Board approve the Commission recommendation for awards, adopt a resolution designating Board approval of the grant applicants and the funding as recommended, and approve and authorize the PWFP Director or designee to execute the grant agreements approved for FY 2025-26 PGF awards, and to disburse the funding awards set forth in Exhibit 1.

OTHER AGENCY INVOLVEMENT/COMMITTEE ACTIONS:
The Office of County Counsel reviewed for form and approved the process for consistency with Board Resolution 81-239 and the Code.

FINANCING:
The FY 2025-26 Adopted Budget for Fish and Game Fund 006, Appropriation Unit PFP059, includes $50,000 allocated for propagation grants. The Commission recommends a total grant award of $50,000 for 11 projects. If the recommended awards are approved by the Board, the projected FY 2025-26 ending fund balance will be $34,310.

BOARD OF SUPERVISORS STRATEGIC PLAN GOALS:
The recommendation supports the Board of Supervisors' Economic Development Strategic Initiatives. By funding qualified projects and programs designed to protect and improve ecological resources, the daily lives of Monterey County residents are enriched, and visitors are drawn to the area for recreation and sport activities, which in turn stimulates the local economy.

SUMMARY:
The Monterey County Fish and Game Advisory Commission (Commission) annually releases a Request for Proposal, accepts proposals, and recommends applicants for grants related to preservation and propagation of fish and wildlife. The Commission is recommending 11 applicants receive a 2026 grant.

The Commission budgeted $50,000 for the FY 2025-26 PGF. Following Board approval, awarded applicants will enter into a grant agreement with the County. Awarded applicants must submit a final report detailing how the funds were spent. The Commission funding recommendation totaled $50,000.

The Commission requested staff to prepare the report for Board approval, and to make funding award adjustments should funds not be awarded. Staff prepared a draft Resolution (Attachment D) to award $50,000 of the PGF to 11 of the twelve applicants for FY 2025-26 for the Board's consideration. The Commission's recommendation is detailed in Exhibit 1 to Attachment D.

PWFP requests that the Board approve the Commission recommendation for awards, adopt a resolution designating Board approval of the grant applicants and the funding as recommended, and approve and authorize the PWFP Director or designee to execute the grant agreements approved for FY 2025-26 PGF awards, and to disburse the funding awards set forth in Exhibit 1.

RECOMMENDATION:

It is recommended that the Board of Supervisors:
a. Approve and authorize the Chief Contracts and Procurement Officer or their designee to execute Amendment No. 2 to the Standard Agreement Multi-Year Agreement (MYA)*5965 between the County of Monterey and Quinn Company, dba Quinn Power Systems, with a term from August 15, 2021 to August 14, 2026, for preventative maintenance, and on-call repair and emergency work for County's backup generators, to increase the not to exceed amount by $50,000 for a total not to exceed amount of $350,000 and update provisions of the Agreement; and
b. Authorize the Chief Contracts and Procurement Officer or their designee to execute Amendment No. 2 to the Standard Agreement Multi-Year Agreement (MYA)*5965 with Quinn Company, dba Quinn Power Systems and future amendments to the Agreement where the amendments do not significantly alter the scope of work of the Agreement or increase the approved Agreement amount subject to prior review and approval as to form by the Office of the County Counsel-Risk Management, and review of fiscal provisions by the Auditor Controller's Office.

SUMMARY:

Public Works, Facilities and Parks (PWFP) manage the service Agreement with Quinn Company, dba Quinn Power Systems (Quinn Power) for preventative maintenance and on-call repair and emergency work of County's backup generators. An increase to the not to exceed amount of this Agreement is needed to allow for the continuation of these services.

The recommended actions would allow for the approval of the proposed Amendment No. 2 to Multi-Year Agreement (MYA)*5965 with Quinn Company, dba Quinn Power Systems (Quinn Power), with a term from August 15, 2021 to August 14, 2026, to increase the not to exceed amount by $50,000 and update various Provisions to allow for these continued services.

DISCUSSION:
The County maintains more than twenty (20) backup generators at its facilities, including radio tower sites, which are a critical part of maintaining County operations during power disruptions. These generators require routine preventative maintenance, as well as emergency work to address breakdowns in order to keep them in good working order. Staff have identified the need to increase the not to exceed amount by $50,000 and update provisions of the Agreement between the County and Quinn Power as to insurance, records and confidentiality, and compliance with applicable laws. The proposed Amendment allows the County to ensure continuing operations at County facilities during utility outages.
PWFP requests that the Board of Supervisors approve the proposed Amendment to the Quinn Power Agreement.

OTHER AGENCY INVOLVEMENT/COMMITTEE ACTIONS:
The Office of the County Counsel-Risk Management and Auditor-Controller's Office have reviewed and approved the proposed Amendment Agreement as to form and fiscal provisions, respectively.

FINANCING:
There is no minimum guaranteed work under this Agreement. Funding for individual work orders is verified within the approved budget allocations prior to commencement of work. The proposed not to exceed amount of $350,000 for Agreement MYA*5965 is intended to allow services to continue in future fiscal years. There are sufficient appropriations in the Public Works Facility Services (001-8552-PFP054) FY 2025-26 adopted budget to cover the increased not to exceed amount.

BOARD OF SUPERVISORS STRATEGIC PLAN GOALS:
The recommended actions support the Board of Supervisors' Strategic Plan Goals for Well-Being and Quality of Life, and Sustainable Infrastructure for the Present and Future by providing exceptional facilities for residents and maintaining and managing vital infrastructure assets efficiently which promotes an organization that practices efficient and effective resource management.

The recommended actions support the following Board of Supervisors' Strategic Plan Goals as indicated below:

X Sustainable Infrastructure for the Present and Future
___ Safe and Resilient Communities
___ Diverse and Thriving Economy

WHEREAS, additional funding is necessary to allow CONTRACTOR to continue to provide services under this Agreement;

WHEREAS, it is necessary to update provisions to the Agreement to allow CONTRACTOR to continue to provide services required under the Agreement; and

   The total amount payable by County to CONTRACTOR under this Agreement shall not exceed the sum of $350,000.

2. Amend Section 6.0, "Payment Conditions," to add the following and hereby incorporate the new language into the Agreement:

Qualifying Insurers:
All coverages, except surety, shall be issued by companies which hold a current policy holder's alphabetic and financial size category rating of not less than A VII, according to the current A.M. 4. Amend Section 9.03, "Insurance Coverage Requirements," to read as follows and hereby incorporate the new language into the Agreement:

Insurance Coverage Requirements: Without limiting CONTRACTOR's duty to indemnify, CONTRACTOR shall maintain in effect throughout the term of this Agreement a policy or policies of insurance with the following minimum limits of liability:

Commercial General Liability Insurance: including but not limited to premises and operations, including coverage for Bodily Injury and Property Damage, Personal Injury, Contractual Liability, Broad form Property Damage, Independent Contractors, Products and Completed Operations, with a combined single limit for Bodily Injury and Property Damage of not less than $1,000,000 per occurrence, and $2,000,000 in the aggregate.
(Note: any proposed modifications to these general liability insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

Auto Liability Coverage: must include motor vehicles, including scheduled, non-owned, and hired vehicles, used in providing services under this Agreement, with a combined single limit or Bodily Injury and Property Damage of not less than $1,000,000 per occurrence.

If professional liability insurance is written on a "claims-made" basis rather than an occurrence basis, the CONTRACTOR shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage ("tail coverage") with the same liability limits. Any such tail coverage shall continue for at least three years following the expiration or earlier termination of this Agreement.
(Note: Professional liability insurance coverage is required if the contractor is providing a professional service regulated by the state. Examples of service providers regulated by the state are

Docusign Envelope ID: 06696793-76C1-4837-8F47-627C2D994BB2

insurance agents, professional architects and engineers, doctors, certified public accountants, lawyers, etc. However, other professional Contractors, such as computer or software designers, technology services, and services providers such as claims administrators, should also have professional liability. If in doubt, consult with your risk or contract manager.)

If the contractor maintains broader coverage and/or higher limits than the minimums shown above, the County requires and shall be entitled to the broader coverage and/or higher limits maintained by the contractor.

5. Amend Section 9.04, "Other Insurance Requirements," to read as follows and hereby incorporate the new language into the Agreement:

Other Requirements:
All insurance required by this Agreement shall be with a company acceptable to the County and issued and executed by an admitted insurer authorized to transact Insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three years following the date CONTRACTOR completes its performance of services under this Agreement.

Each liability policy shall provide that the County shall be given notice in writing at least thirty days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for Contractor and additional insureds with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

Additional Insured Status:
The County of Monterey, its officers, officials, employees, agents, and volunteers are to be covered as additional insureds on the auto liability policy for liability arising out of automobiles owned, leased, hired or borrowed by or on behalf of the Contractor. Auto liability coverage shall be provided in the form of an endorsement to the CONTRACTOR'S insurance.

The County of Monterey, its officers, officials, employees, agents, and volunteers are to be covered as additional insureds on the commercial general liability policy with respect to liability arising out of work or operations performed by or on behalf of the CONTRACTOR including materials, parts, or equipment furnished in connection with such work or operations. General liability coverage shall be provided in the form of an endorsement to the CONTRACTOR'S insurance (at least as broad as ISO Form CG 20 10 11 85 or if not available, through the addition of both CG 20 10, CG 20 26, CG 20 33, or CG 20 38; and CG 20 37 if a later edition is used).

Primary Coverage:
For any claims related to this contract, the CONTRACTOR'S insurance coverage shall be primary and non-contributory and at least as broad as ISO CG 20 01 04 13 as respects the County, its officers, officials, employees, agents, and volunteers. Any insurance or self-insurance maintained by the County, its officers, officials, employees, agents, or volunteers shall be excess of the

Docusign Envelope ID: 06696793-76C1-4837-8F47-627C2D994BB2

CONTRACTOR'S insurance and shall not contribute with it. This requirement shall also apply to any Excess or Umbrella liability policies.

Workers' Compensation Waiver of Subrogation:
The workers' compensation policy required hereunder shall be endorsed to state that the workers' compensation carrier waives its right of subrogation against COUNTY, its officers, officials, employees, agents, or volunteers, which might arise by reason of payment under such policy in connection with performance under this Agreement by CONTRACTOR. Should CONTRACTOR be self-insured for workers' compensation, CONTRACTOR hereby agrees to waive its right of subrogation against COUNTY, its officers, officials, employees, agents, or volunteers.

Prior to the execution of this Agreement by the County, CONTRACTOR shall file certificates of insurance and endorsements with the County's contract administrator and County's Contracts/Purchasing Division, showing that the CONTRACTOR has in effect the insurance required by this Agreement. The CONTRACTOR shall file a new or amended certificate of insurance within five calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect. CONTRACTOR shall always during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County, annual certificates to County's Contract Administrator and County's Contracts/Purchasing Division. If the certificate is not received by the expiration date, County shall notify CONTRACTOR and CONTRACTOR shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance is a default of this Agreement, which entitles County, at its sole discretion, to terminate this Agreement immediately.

6. Amend Section 10, "Records and Confidentiality," to add the following and hereby incorporate the new language into the Agreement:

10.06 Format of Deliverables:
For this section, "Deliverables" shall mean all electronic documents CONTRACTOR provides to the County under this Agreement. CONTRACTOR shall ensure all Deliverables comply with the requirements of the Web Content Accessibility Guidelines ("WCAG") 2.1, pursuant to the Americans with Disabilities Act ("ADA"). CONTRACTOR bears the burden to deliver Deliverables, such as Adobe Acrobat Portable Document Format ("PDF") and Microsoft Office files, complying with WCAG 2.1. CONTRACTOR shall defend and indemnify the County against any breach of this Section. This Section shall survive the termination of this Agreement. Find more on Accessibility at this State website: https://webstandards.ca.gov/accessibility/.

7. Amend to add new Section 17, "Compliance with Applicable Laws," to read as follows and hereby incorporate into the Agreement:

17.01 CONTRACTOR shall keep informed of and in compliance with all federal, state, and local laws, ordinances, regulations, and orders, including but not limited to all state and federal tax laws that may affect in any manner the Project or the performance of the Services or those engaged to perform Services under this Agreement as well as any privacy laws

including, if applicable, Health Insurance Portability and Accountability Act (HIPAA). CONTRACTOR shall procure all permits and licenses, pay all charges and fees, and give all notices required by law in the performance of the Services.

17.02 CONTRACTOR shall report immediately to County's Contracts/Purchasing Officer, in writing, any discrepancy or inconsistency it discovers in the laws, ordinances, regulations, orders, and/or guidelines in relation to the Project of the performance of the Services.

17.03 All documentation prepared by CONTRACTOR shall provide for a completed project that conforms to all applicable codes, rules, regulations, and guidelines that are in force at the time such documentation is prepared.

8. Amend the first sentence in Paragraph B.1, "COMPENSATION/PAYMENT of the Exhibit A-2, "Scope of Services/Payment Provisions," to read as follows:

B.1 COMPENSATION/ PAYMENT

County shall pay an amount not to exceed $350,000 for the performance of <u>all things necessary</u> for or incidental to the performance of work as set forth in the Scope of Services.

9. All other terms and conditions of the Agreement as amended by Amendment No. 2, including all Exhibits thereto, remain unchanged and in full force and effect.

10. This Amendment No. 2 and all previous amendments shall be attached to the Agreement and incorporated therein as if fully set forth in the Agreement.

11. The recitals to this Amendment No. 2 are incorporated into the Agreement and this Amendment No. 2.

If professional liability insurance is written on a "claims-made" basis rather than an occurrence basis, the CONTRACTOR shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage ("tail coverage") with the same liability limits. Any such tail

coverage shall continue for at least three years following the expiration or earlier termination of this Agreement.

(Note: any proposed modifications to these insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

9.04 Other Requirements:

All insurance required by this Agreement shall be with a company acceptable to the County and issued and executed by an admitted insurer authorized to transact Insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three years following the date CONTRACTOR completes its performance of services under this Agreement.

Each liability policy shall provide that the County shall be given notice in writing at least thirty days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for Contractor and additional insureds with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

Commercial general liability and automobile liability policies shall provide an endorsement naming the County of Monterey, its officers, agents, and employees as Additional Insureds with respect to liability arising out of the CONTRACTOR'S work, including ongoing and completed operations, **and shall further provide that such insurance is primary insurance to any insurance or self-insurance maintained by the County and that the insurance of the Additional Insureds shall not be called upon to contribute to a loss covered by the CONTRACTOR'S insurance.** The required endorsement form for Commercial General Liability Additional Insured is ISO Form CG 20 10 11-85 or CG 20 10 10 01 in tandem with CG 20 37 10 01 (2000). The required endorsement form for Automobile Additional Insured endorsement is ISO Form CA 20 48 02 99.

Prior to the execution of this Agreement by the County, CONTRACTOR shall file certificates of insurance with the County's contract administrator and County's Contracts/Purchasing Division, showing that the CONTRACTOR has in effect the insurance required by this Agreement. The CONTRACTOR shall file a new or amended certificate of insurance within five calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect. CONTRACTOR shall always during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County, annual certificates to County's Contract Administrator and County's Contracts/Purchasing Division. If the certificate is not received by the expiration date, County shall notify CONTRACTOR and CONTRACTOR shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance is a default of

this Agreement, which entitles County, at its sole discretion, to terminate this Agreement immediately.

If any litigation, claim, negotiation, audit exception, or other action relating to this Agreement is pending at the end of the three-year period, then CONTRACTOR shall retain said records until such action is resolved.

10.4 **Access to and Audit of Records:** The County shall have the right to examine, monitor and audit all records, documents, conditions, and activities of the CONTRACTOR and its subcontractors related to services provided under this Agreement. Pursuant to Government Code section 8546.7, if this Agreement involves the expenditure of public funds in excess of $10,000, the parties to this Agreement may be subject, at the request of the County or as part of any audit of the County, to the examination and audit of the State Auditor pertaining to matters connected with the performance of this Agreement for a period of three years after final payment under the Agreement.

10.5 **Royalties and Inventions:** County shall have a royalty-free, exclusive and irrevocable license to reproduce, publish, and use, and authorize others to do so, all original computer programs, writings, sound recordings, pictorial reproductions, drawings, and other works of similar nature produced in the course of or under this Agreement. The provision of services primarily or exclusively to such target population as may be designated in this Agreement shall not be deemed to be prohibited discrimination.

12.0 COMPLIANCE WITH TERMS OF STATE OR FEDERAL GRANTS:

If this Agreement has been or will be funded with monies received by the County pursuant to a contract with the state or federal government in which the County is the grantee, CONTRACTOR will comply with all the provisions of said contract, to the extent applicable to CONTRACTOR as a subgrantee under said contract, and said provisions shall be deemed a part of this Agreement, as though fully set forth herein. Upon request, County will deliver a copy of said contract to CONTRACTOR, at no cost to CONTRACTOR.

13.0 COMPLIANCE WITH APPLICABLE LAWS:

13.1 CONTRACTOR shall keep itself informed of and in compliance with all federal, state, and local laws, ordinances, regulations, and orders, including but not limited to all state and federal tax laws that may affect in any manner the Project or the performance of the Services or those engaged to perform Services under this AGREEMENT as well as any privacy laws including, if applicable, HIPAA. 14.0 INDEPENDENT CONTRACTOR:

In the performance of work, duties, and obligations under this Agreement, CONTRACTOR is always acting and performing as an independent contractor and not as an employee of the County. No offer or obligation of permanent employment with the County or County department or agency is intended in any manner, and CONTRACTOR shall not become entitled by virtue of this Agreement to receive from County any form of employee benefits including but not limited to sick leave, vacation, retirement benefits, workers' compensation coverage, insurance or disability benefits. CONTRACTOR shall be solely liable for and obligated to pay directly all applicable taxes, including federal and state income taxes and social security, arising out of CONTRACTOR's performance of this Agreement. In connection therewith, CONTRACTOR shall defend, indemnify, and hold County harmless from any and all liability which County may incur because of CONTRACTOR's failure to pay such taxes.

Introduced: 8/10/2023 **Current Status:** Agenda Ready

Version: 1 **Matter Type:** General Agenda Item

a. Approve and authorize the Contracts/Purchasing Officer or her designee to execute all documents necessary for the implementation of the Transformative Climate Communities Grant Program award, retroactive to July 1, 2023, for a total term of July 1, 2023 to June 30, 2025.

RECOMMENDATION:

a. Approve and authorize the Contracts/Purchasing Officer or her designee to execute all documents necessary for the implementation of the Transformative Climate Communities Grant Program award retroactive to July 1, 2023, for a total term of July 1, 2023 to June 30, 2025.

SUMMARY:

Staff recommends that the Board of Supervisors authorize the execution of all documents needed to implement the Transformative Climate Communities Grant Program Award that was authorized by this Board on February 28, 2023. The grant agreement was executed by all parties on July 10, 2023, and the grant term is July 1, 2023 to June 30, 2025 as set by the grantor, the Strategic Growth Council of California.

DISCUSSION:

The State of California, Strategic Growth Council issued a Grant Application Guide on April 28, 2022, under the Transformative Climate Communities program. These funds are intended for local jurisdictions to fund ambitious measures to build climate adaptation and resilience through planning, research, capacity building, restoration, and sustainable infrastructure.

Staff recommends that the Board of Supervisors authorize the execution of all documents needed to implement the Transformative Climate Communities Grant Program Award that was authorized by this Board on February 28, 2023. The grant agreement was executed by all parties on July 10, 2023, and the grant term is July 1, 2023 to June 30, 2025 as set by the grantor, the Strategic Growth Council of California. To be consistent with the grant award agreement, staff will execute a retroactive agreement with the financing partner for this grant, Community Initiatives. This agreement, “Draft Standard Agreement Community Initiatives”, is attached to this Board report for illustration only, and is subject to review by County Counsel, Risk Management, and the Auditor’s Controllers Office. Community Initiatives is the financial partner who supports Regeneración, the County’s primary community partner in Pajaro working to implement this grant. Regeneración will identify stakeholders, conduct community outreach, and facilitate the formation of a Community Climate Coalition, which will be a compensated group of community leaders who will work with residents to co-design 3-5 climate action and adaptation projects to submit for a future Transformative Climate Communities Implementation grant.

DocuSign Envelope ID: 843E0347-4A17-4A54-906B-B14041B51B78

These projects will likely include electrification, transportation, affordable housing, food security, green spaces, and environmental health.

The Board of Supervisors authorized Staff to apply to this grant on June 21, 2022 and to accept the grant award on February 28, 2023; the Legistar file IDs for these actions are 22-621 and 23-166, respectively.

OTHER AGENCY INVOLVEMENT:
Sustainability Program staff are coordinating with the Long-Term Recovery Plan, Housing Community Development, Office of Emergency Services, and the Health Department to synergize the efforts of this grant.

FINANCING:
The total grant award is $299,113.97 to be disbursed during FY23/24 and FY24/25. There are no budgetary considerations for this report because they were addressed in Board Order A-16178 attached to this report.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:
Climate action planning is essential to the health and safety of the County's future.

1. The insurance afforded to such additional insured only applies to the extent permitted by law; and
2. If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

B. With respect to the insurance afforded to these additional insureds, the following is added to **Section III – Limits Of Insurance:**

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

1. Required by the contract or agreement; or
2. Available under the applicable Limits of Insurance shown in the Declarations; whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

ADDITIONAL INSURED PRIMARY AND NON-CONTRIBUTORY ENDORSEMENT FOR PUBLIC ENTITIES

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Name of Person or Organization:

A. Section II – WHO IS AN INSURED is amended to include:

4. Any public entity as an additional insured, and the officers, officials, employees, agents and/or volunteers of that public entity, as applicable, who may be named in the Schedule above, when you have agreed in a written contract or written agreement presently in effect or becoming effective during the term of this policy, that such public entity and/or its officers, officials, employees, agents and/or volunteers be added as an additional insured(s) on your policy, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

a. Your negligent acts or omissions; or
b. The negligent acts or omissions of those acting on your behalf;

in the performance of your ongoing operations.

No such public entity or individual is an additional insured for liability arising out of the sole negligence by that public entity or its designated individuals. The additional insured status will not be afforded with respect to liability arising out of or related to your activities as a real estate manager for that person or organization.

B. Section III – LIMITS OF INSURANCE is amended to include:

8. The limits of insurance applicable to the public entity and applicable individuals identified as an additional insured(s) pursuant to Provision A.4. above, are those specified in the written contract between you and that public entity, or the limits available under this policy, whichever are less. These limits are part of and not in addition to the limits of insurance under this policy.

C. With respect to the insurance provided to the additional insured(s), **Condition 4. Other Insurance of SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS** is replaced by the following:

4. Other Insurance

a. Primary Insurance

This insurance is primary if you have agreed in a written contract or written agreement:

(1) That this insurance be primary. If other insurance is also primary, we will share with all that other insurance as described in **c.** below; or

DocuSign Envelope ID: 843E0347-4A17-4A54-906B-B14041B51B78

(2) The coverage afforded by this insurance is primary and non-contributory with the additional insured(s)' own insurance.

Paragraphs (1) and (2) do not apply to other insurance to which the additional insured(s) has been added as an additional insured or to other insurance described in paragraph **b.** below.

b. Excess Insurance

This insurance is excess over:

1. Any of the other insurance, whether primary, excess, contingent or on any other basis:
   (a) That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";
   (b) That is fire, lightning, or explosion insurance for premises rented to you or temporarily occupied by you with permission of the owner;
   (c) That is insurance purchased by you to cover your liability as a tenant for "property damage" to premises temporarily occupied by you with permission of the owner; or
   (d) If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to Exclusion **g.** of **SECTION I – COVERAGE A – BODILY INJURY AND PROPERTY DAMAGE**.
   (e) Any other insurance available to an additional insured(s) under this Endorsement covering liability for damages which are subject to this endorsement and for which the additional insured(s) has been added as an additional insured by that other insurance.

(1) When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend the additional insured(s) against any "suit" if any other insurer has a duty to defend the additional insured(s) against that "suit". If no other insurer defends, we will undertake to do so, but we will be entitled to the additional insured(s)' rights against all those other insurers.

(2) When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:
   (a) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
   (b) The total of all deductible and self-insured amounts under all that other insurance.

(3) We will share the remaining loss, if any, with any other insurance that is not described in this **Excess Insurance** provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Methods of Sharing

If all of the other insurance available to the additional insured(s) permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any other the other insurance available to the additional insured(s) does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's share is based on the ratio of its applicable limit of insurance to the total applicable limits of insurance of all insurers.

Before the Board of Supervisors in and for the County of Monterey, State of California

Resolution No.: 22-233

A RESOLUTION OF THE COUNTY BOARD OF SUPERVISORS OF MONTEREY COUNTY AUTHORIZING APPLICATION FOR, AND RECEIPT OF, THE STRATEGIC GROWTH COUNCIL PLANNING GRANT FOR TRANSFORMATIVE CLIMATE COMMUNITIES.

WHEREAS, on April 28, 2022, Strategic Growth Council issued a Grant Application Guide, under the Transformative Climate Communities program with funding of up to $300,000 per applicant; and

WHEREAS, the Transformative Climate Communities grant would provide funding for local jurisdictions to fund ambitious measures to build climate adaptation and resilience through planning, research, capacity building, restoration, and sustainable infrastructure; and

WHEREAS, the purposes of the Transformative Climate Communities grant is to ensure that climate action investments provide direct benefits to neighborhood residents through robust community engagement and workforce development; and

Sections

1. Transformative Climate Communities Planning Grant Program Background

   The Transformative Climate Communities Program ("TCC Program") is part of the state's Climate Budget (Senate Bill 170), which funds ambitious measures to build climate adaptation and resilience through planning, research, capacity building, restoration, and sustainable infrastructure. The purpose of the Planning Grant is to help local jurisdictions develop strategies to reduce carbon emissions, improve air quality, and build resiliency in the face of a changing climate, with a focus on low-income and disadvantaged communities. Planning Grants are intended to prepare communities for future funding opportunities in programs that align with the TCC Program's objectives. A FY 2021-22 budget appropriation from the General Fund supports Round 4 of TCC.

   The authorization for this Grant Agreement is the Transformative Climate Communities Program statute (Public Resources Code, Sections 75240 – 75245). The TCC Program is administered by the California Strategic Growth Council (SGC) in partnership with the California Department of Conservation (Department). The Grant Agreement will be executed between the Monterey County, a political subdivision of the State of California (hereinafter Grantee) and the Strategic Growth Council (SGC), but the Grantee will work with the Department during grant implementation.

   The SGC and Grantee are collectively referred to as "Parties." "Co-applicants" identified in the TCC application are referred to as "Partners," but are not parties to this Grant Agreement.

2. Incorporation
   The performance of this grant must be conducted in accordance with this Grant Agreement, and the TCC Guidelines.

3. Grant Term

   The SGC released the final TCC Program Guidelines for this Grant Agreement on February 24, 2022. In accordance with the Guidelines, Grantee applied and on October 27, 2022, the SGC awarded a grant to fund the project described in the application, subject to any conditions contained within the Award Letter (Exhibit D). This will be referred to as the "Project" throughout this Grant Agreement.

   All work must be completed within two (2) years of executing the Grant Agreement.

4. Authorized Signatories

   The SGC Executive Director or designee is authorized to sign this Grant Agreement and related documents on behalf of the SGC.

   Grantee's Authorized Signatory or designee is authorized to sign this Grant Agreement and grant-related documents as shown in the Authorized Signatory Form (Attachment 1).

   Grantee must keep Authorized Signatory Form up to date. Within seven (7) working days of any change to the authorized signatory or to the delegated authorized

DocuSign Envelope ID: 843E0347-4A17-4A54-906B-B14041B51B78

signatory, Grantee shall notify the TCC Grant Manager in writing of the change. The written notice shall be sent as an electronic mail (email) attachment to be filed with the Grant Agreement.

5. Project Representatives

   The project representatives are the primary contacts for the Department, the SGC, and Grantee. The Department, the SGC, and Grantee must keep the Project Representatives Form (Attachment 2) up to date. Any changes to the Project Representatives by either Grantee, the SGC, or the Department shall be made by providing seven (7) working days advance written notice to the other party. The written notice shall be sent as an electronic mail (email) attachment to be filed with the Grant Agreement. Unless otherwise stated within this Grant Agreement, all correspondence and documents will be sent to the TCC Grant Manager as described in the Document Submission section.

6. Approval

   This Grant Agreement is of no force or effect until signed by both Parties. Grantee may not commence performance until such approval has been obtained.

7. Assignment

   This Grant Agreement is not assignable by Grantee, either in whole or in part, without the consent of the SGC in the form of an amendment.

8. Records Retention

   A. Grantee shall establish an official file containing adequate documentation of all actions taken with respect to the Project, including copies of the Grant Agreement, changes, amendments, letters, key email correspondence, financial records, and required reports for a minimum of four (4) years following the final payment of funds or until completion of any action and resolution of all issues which may arise as a result of an audit, whichever is later.

   B. Grantee shall adequately protect all records, physical and electronic, from loss, damage, or destruction during the four (4) year retention period.

9. Audit

   A. Grant funded projects are subject to audit by the State of California during the grant term and for up to four (4) years following the termination of the Grant Agreement. Grantee agrees that the SGC, Department of Finance, Bureau of State Audits, or their designated representative shall have the right to review and to copy any records and supporting documentation pertaining to the performance of this Grant Agreement. The audit may consist of examining and auditing pertinent books, documents, papers, and records including financial transactions and supporting documents, general accounting systems, internal controls, management practices, policies, and procedures pertaining to the performance of this Grant Agreement.

   B. At any time, the SGC, Department of Finance, Bureau of State Audits, or their designated representative may request to review Grantee's records to ensure proper grant management. Grantee shall be given advance notice when the grant-funded Project is selected for an audit or review by the SGC, Department

DocuSign Envelope ID: 843E0347-4A17-4A54-906B-B14041B51B78

of Finance, Bureau of State Audits, or their designated representative. Grantee agrees to allow the auditor(s) access to such records during normal Grantee business hours, and to allow interviews of any employees who have information related to such records. Further, Grantee agrees to include a similar right of the SGC to audit records and interview staff in any partnership agreement and subcontract related to performance of this Grant Agreement in accordance with Government Code section 8546.7. Grantee shall comply with the above and be aware of the penalties for violations of fraud and for obstruction of investigation as set forth in Public Contract Code section 10115.10.

C. Partners and subcontractors employed by the Grantee and paid with moneys under the terms of this Grant Agreement shall be responsible for maintaining accounting records as specified above.

10. Indemnification

Grantee agrees to indemnify, defend, and hold harmless the State of California, its officers, agents, and employees from any and all claims and losses accruing or resulting to any and all Grantees, partners, subcontractors, suppliers, laborers, and any other person, firm, or corporation furnishing or supplying work services, materials, or supplies in connection with the performance of this Grant Agreement, and from any and all claims and losses accruing or resulting to any person, firm, or corporation who may be injured or damaged by Grantee in the performance of this Grant Agreement.

11. Independent Grantee

Grantee, and the agents and employees of Grantee, in the performance of this Grant Agreement, shall act in an independent capacity and not as officers, employees, or agents of the SGC.

12. Non-Discrimination Clause

During the performance of this Grant Agreement, Grantee and its subcontractors shall not unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment because of race, color, ancestry, national origin, religion, creed, age (over 40), mental disability, physical disability, sex, gender (including pregnancy, childbirth, breastfeeding, or related medical conditions), sexual orientation, gender identity, gender expression, medical condition, genetic information, marital status, and military and veteran status. Grantee and subcontractors shall ensure that the evaluation and treatment of their employees and applicants for employment are free from such discrimination and harassment. Grantee and subcontractors shall comply with the provisions of the Fair Employment and Housing Act (Gov. Code §12990 (a-f)) and the applicable regulations promulgated thereunder (California Code of Regulations, Title 2, Div. 4.1, Ch. 5,). Those regulations are incorporated into this Grant Agreement by reference and made a part hereof as if set forth in full. Grantee and its subcontractors shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other Grant Agreement.

Grantee shall include the nondiscrimination and compliance provisions of this clause in all subcontracts to perform work under this Grant Agreement.

DocuSign Envelope ID: 843E0347-4A17-4A54-906B-B14041B51B78

13. Timeliness

    Time is of the essence in this Grant Agreement. The SGC and Grantee will work collaboratively to ensure this Grant Agreement is administered in a timely fashion.

14. Governing Law

    This Grant Agreement is governed by and shall be interpreted in accordance with the laws of the State of California.

15. Unenforceable Provision

    If any provision of this Grant Agreement is unenforceable or held to be unenforceable, then the Parties agree that all other provisions of this Grant Agreement have force and effect and shall not be affected thereby.

16. Compliance with Laws and Regulations

    By signing this Grant Agreement, Grantee certifies that it shall comply fully with all applicable federal, state, and local laws, ordinances, regulations, and permits and shall secure any new permits required by authorities having jurisdiction over the Project(s) and maintain all presently required permits. Grantee shall ensure that any applicable requirements of the California Environmental Quality Act are met in order to carry out the terms of this Grant Agreement.

17. Subcontractors

    The SGC's contractual relationship is with Grantee, and not any of its Partners or subcontractors. Grantee is entitled to make use of its own staff, Partners, and subcontractors, as identified in the Budget Detail Worksheet (Exhibit B) and will comply with all applicable laws and requirements for subcontracts that arise out of or in connection with this Grant Agreement. Grantee shall manage, monitor, and accept responsibility for the performance of its own staff, Partners, and subcontractors, and will conduct Project activities and services consistent with professional standards for the industry and type of work being performed under this Grant Agreement.

    Nothing contained in this Grant Agreement or otherwise, shall create any contractual relation between the SGC and any Partners or subcontractors, and no subcontract shall relieve Grantee of its responsibilities and obligations hereunder. Grantee agrees to be as fully responsible to the SGC for the acts and omissions of Partners and subcontractors and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by Grantee. Grantee's obligation to pay Partners and subcontractors is an independent obligation from the SGC's obligation to make payments to Grantee. As a result, the SGC shall have no obligation to pay or to enforce the payment of any moneys to any Partner or subcontractor.

18. No Third-Party Beneficiaries

    This Grant Agreement is not intended for the benefit of any person or entity other than the Parties, and no one other than the Parties themselves may enforce any of the rights or obligations created by this Grant Agreement.

20. Dispute Resolution

    A. Invoice Disputes

        i. In the event of an invoice dispute, the TCC Grant Manager will notify Grantee in writing within fifteen (15) working days of receipt of the disputed invoice.

        ii. During the dispute, both parties shall deal in good faith to resolve the dispute. Grantee shall continue to meet its responsibilities and obligations under the terms of this Grant Agreement.

        iii. If Grantee contests the decision made by the TCC Grant Manager, Grantee shall submit a written "Notice of Dispute" on official letterhead, according to Subsection C below.

    B. General Disputes

        i. In the event of a dispute unrelated to the dispute of an invoice, Grantee shall first attempt to resolve the dispute with the TCC Grant Manager.

        ii. Both parties shall deal in good faith and attempt to resolve the dispute informally.

        iii. Each party shall continue to meet its responsibilities and obligations under the terms of this Grant Agreement during a dispute.

        iv. If Grantee contests the decision made by the TCC Grant Manager, Grantee shall submit a written "Notice of Dispute" on official letterhead, according to Subsection C below.

    C. Contesting a Dispute Decision

        i. If Grantee contests a decision made by the TCC Grant Manager, Grantee may submit a written "Notice of Dispute" on official letterhead. The "Notice of Dispute" shall include:

            - The Grant Agreement number
            - A complete description of the basis for the dispute

B. Early Termination. Either Party may terminate this Grant Agreement upon thirty (30) days advance written notice by certified mail to the other Party. The notice shall specify the reason for early termination and may permit Grantee or the SGC to rectify any deficiency(ies) prior to the early termination date.

22. Waiver of Rights

A. Grantee waives any and all rights to any type of express or implied indemnity or right of contribution from the SGC, its officers, agents, or employees for any liability arising from, growing out of, or in any way connected with this Grant Agreement.
B. Grantee waives all claims and recourses against the SGC, including the right to contribution for loss or damage to persons or property arising from, growing out of, or in any way connected with or incident to this Grant Agreement, except claims arising from the gross negligence of the SGC, its officers, agents, and employees.

enact transformational change – all with data-driven milestones and measurable outcomes. Grantee may at times produce promotional materials that are primarily visual in nature, such as banners, signage, certain flyers, and sharable images for social media. RE: Award Notification – Transformative Climate Communities (TCC) Program, Round 4, Planning Grant Award, County of Monterey, "*Climate Prosperity for Pajaro Valley*"

Dear Ashley Paulsworth and partners,

The California Strategic Growth Council (SGC) is pleased to inform you that the Council approved a Transformative Climate Communities planning award of $299,113.97 to the County of Monterey for "*Climate Prosperity for Pajaro Valley*" at its October 27, 2022, meeting. Previously funded by California's Cap-and-Trade Program, Round 4 of TCC is funded by a FY 2021-2022 budget appropriation from the General Fund. This program funding empowers the communities most impacted by pollution to choose their own goals, strategies, and projects to reduce greenhouse gas emissions and local air pollution. SGC is committed to support community-led transformation and achieve equitable, resilient communities and landscapes for all Californians. Congratulations on your successful application.

This letter provides a conditional commitment of grant funds. TCC staff will initiate the Post-Award Consultation (PAC) process soon by scheduling a meeting with the Awardee and sending a review package including review checklists for planning activities. This process will involve addressing any outstanding issues identified by TCC staff, reviewers, and the interagency review panel, as well as finalizing the grant agreement. Grantees and Partners will need to work closely and collaboratively with TCC Staff to address all issues prior to grant execution. All requested documentation and changes should be finalized within three (3) months after the Council makes awards. Our partnering agency, the Department of Conservation (DOC), will lead the PAC process.

Following execution of the grant agreement, grant funds will be disbursed on a quarterly basis for eligible direct and indirect costs. All reimbursed costs must meet the requirements for reimbursable tasks outlined in the grant agreement. TCC has also been authorized for an Advance Pay Pilot program (AB 156) and will follow up on the terms for accessing advance pay once approved by Council. Please note that no funds will be reimbursed for costs and expenses incurred prior to grant agreement execution, with the exception of limited PAC costs for staff and materials in accordance with forthcoming guidance.

We look forward to our partnership in the coming years. If you have any questions, please contact Sophie Young, TCC Program Manager, at sophie.young@sgc.ca.gov.

Sincerely,

Lynn M. von Koch-Liebert

Publicity Requirements & Guidelines for TCC Grantees

SGC requires TCC grantees to acknowledge the California Strategic Growth Council and the California Department of Conservation (DOC) in all publications, websites, signage, invitations, and other media-related and public-out-reach products related to the TCC grant.

When using SGC's logo, use the color version only when the logo appears on a white background; on backgrounds of any other color, please use the white version of the logo.

LONG-FORM MATERIALS

Long-form written materials, such as reports, must include the following standard language about SGC, TCC, and DOC::

> *TThe California Strategic Growth Council's (SGC) Transformative Climate Communities Program (TCC) empowers the communities most impacted by pollution to choose their own goals, strategies, and projects to reduce greenhouse gas emissions and local air pollution. Administered in partnership with the California Department of Conservation, TCC funds community-led development and infrastructure projects that achieve major environmental, health, and economic benefits in California's most disadvantaged communities. For more information, visit sgc.ca.gov/programs/tcc/*

PRESS RELEASES, FLYERS, AND VISUAL MATERIALS

Any informational materials that do not qualify as long-form, but that include at least a paragraph of text, such as press releases, media advisories, short case studies, some flyers, etc., should include the following language:

LONG VERSION:

> *"[Project Name] is supported by California Strategic Growth Council's Transformative Climate Communities Program strengthening the economy, and improving public health and the environment – particularly in disadvantaged communities."*

SHORT VERSION:

> *"[Project Name] is supported by California Strategic Growth Council's Transformative Climate Communities Program."*

MOSTLY VISUAL:

Grantees may at times produce promotional materials that are primarily visual in nature, such as banners, signage, certain flyers, and sharable images for social media. In such cases, when including the boilerplate language acknowledging SGC support is not practical, grantees should instead include the official logos of SGC and DOC preceded by the words "Supported by."

DocuSign Envelope ID: 843E0347-4A17-4A54-906B-B14041B51B78

SIGNAGE

Grantees must post signs on project construction sites stating that SGC is providing financing through the TCC Program in an appropriate location(s), typeface and size conveying the following message:

> *[PROJECT NAME]*
>
> *THIS PROJECT HAS BEEN MADE POSSIBLE BY FINANCING FROM*
>
> *TRANSFORMATIVE CLIMATE COMMUNITIES PROGRAM*
>
> *THROUGH THE CALIFORNIA STRATEGIC GROWTH COUNCIL*

The sign should also include the SGC and DOC logos. Please refer to the "Publicity" section of the TCC Grant Agreement for specific, additional guidelines about signage.

MEDIA INQUIRIES

TCC Grantees must identify a point of contact for all press inquiries and communications needs related to the project and provide the name, phone number and email address of this individual to SGC. Grantees must also distribute a press release after grant decisions are made at SGC's Public Council Meeting and are encouraged to do so for other major milestones throughout the lifecycle of the grant. All press releases must be approved by SGC's Chief External Affairs Officer prior to distribution and SGC must be alerted and invited to participate in any and all press conferences related to the grant.

COMMUNICATIONS MATERIALS & PHOTOS

TCC grant recipients must prepare one or more two-to-four-page documents that provide a summary of the grant components and tell the story of the project development process and/or implementation. All such materials must be approved by SGC's Chief Communications Officer prior to distribution. SGC may display such materials on its website.

In addition, SGC requires TCC grantees to share between 8–24 high-resolution, color photos with SGC during the project period. These photos should include pictures of both people and the project. SGC reserves the right to use these photos across any and all of its communications platforms.

SOCIAL MEDIA

SGC encourages TCC grantees to use social media to share the process of creating and developing a TCC pro-posal as well as stages of the project's implementation. Grantees must tag @CalSGCand @CalConservation in all Tweets related to the TCC grant; tag California Strategic Growth Council and California Department of Conservation on LinkedIn; on Facebook and other platforms, please mention California Strategic Growth Council and California Department of Conservation.

Spread the Word

Here are a few effective ways to raise awareness around your important work. In every case, we recommend a clear, concise writing style that avoids technical terms and is easy for most readers to access. Be sure all of your communications comply with the Publicity Requirements and Guidelines on pages ____-____ of this kit.

CREATE A WEBSITE

One of the best ways to share the latest information about the progress of your TCC project is to compile everything the public needs to know into well-organized website. Your website should be simple and inviting, with sections explaining who you are, what the TCC program is, and why the project is important. Keeping the website updated with your latest accomplishments and steps taken to achieve your goals will keep members of your community enthusiastic and engaged. You can choose from dozens of inexpensive website templates, such as Wix, Square Space, and WordPress.

PRESS RELEASES & MEDIA ADVISORIES

If you're interested in getting mentioned by your local news outlets (newspapers, web-based news, radio, television), you've got to alert reporters, editors, hosts, news desks, and producers in your local media market. Here are a couple ways to get their attention (in both cases, include a contact name, title, phone number, and email at the top):

PRESS RELEASE

This is a narrative piece that tells the reader a story. Your best bet is to write it in the style of a story you'd read in the newspaper. Start with the most important part so that the reader knows immediately what you want to tell them about. From there, add details to flesh out the story (the amount of the grant, the number of affordable units, total emissions reductions), along with quotes from people who are engaged with your project – for example, representatives from partner organizations, residents who engaged in project design, and SGC's Executive Director. Some media outlets might publish your press release as is! Others will follow up with questions or to interview someone.

MEDIA ADVISORY

This is a short piece you send to reporters, editors, hosts, news desks, and producers when you want to invite them to attend and cover an event, such as a groundbreaking, ribbon-cutting, dedication, etc. Make sure you answer the most important questions (who/what/when/where/why/how) and emphasize what makes your story worthy of media attention – as well as what photo opportunities will be available at the event.

SOCIAL MEDIA

Numerous social media platforms support digital story-telling and promotion. Use your existing platforms to talk about your TCC project. We also encourage you to follow SGC on Twitter and LinkedIn so we can watch for and share your updates about your TCC project. Please see our social media section of this kit for more details.

BLOG POST

If you or any of your partners currently has an active blog, we encourage you to write a post highlighting the progress or impact of your TCC project. For example, ask a project partner to write a guest blog or sit with you for a Q&A to highlight some of the specific benefits of their programs, who is receiving those benefits, and how the community has been involved. After you've posted your blog, you can share it on your social media platforms!

DocuSign Envelope ID: 843E0347-4A17-4A54-906B-B14041B51B78

NEWSLETTER

If you or any of your TCC partners have a newsletter or listserv, please share your award announcement and other important milestones through that platform. Encourage community leaders and/or elected officials who work with you frequently to announce TCC milestones through their newsletters or listservs as well. Please contact us at SGC so we can share your important TCC milestones through our newsletter as well!

OP-ED OR LETTER TO THE EDITOR

Consider writing an op-ed or letter to the editor of your local newspaper to raise awareness of your new TCC award and the benefits it will bring to your community. A good approach is to acknowledge the various stakeholders involved in the planning process, name the specific benefits this project will bring to members of your community, and emphasize the place-based, community-driven approach to this project using TCC's model. An op-ed is typically around 600 words (it depends on the outlet) and you submit it to the Op-Ed Editor; it is best to reach out to this editor with an outline for your piece and ask if they're interested in running a developed piece from you. A letter-to-the-editor is short – usually under 200 words – and you just submit it directly to the letters section of the outlet.

DocuSign Envelope ID: 843E0347-4A17-4A54-906B-B14041B51B78

Events and Engagement

Events with community members, leaders, and elected officials can be a draw for the press, as well as for local residents, and are a great way to build excitement about your TCC project.

HOLD A PROJECT AREA TOUR AND RIBBON CUTTING CEREMONY

Invite project partners, elected officials, funders, and other stakeholders to speak at the event. SGC staff members and Council members try to be available to participate in these events. Invite local media to attend the event (see "Media Advisory" on page ____) and provide enough information that they'll be excited to cover it.

Do a press conference right before the ribbon cutting. Plan the message you want attendees to take away from the event, so you can craft speakers' dialogue around it. Generally, you want to agree in advance with your speakers about what angles they'll cover – that way, you can be sure all the important points get attention without too much repetition. Let speakers know how much time they have for their comments – typically 4-5 speakers giving comments for about 2 minutes each is plenty for a press conference. Leave time for questions at the end. You'll need a master of ceremonies who introduces each speaker, facilitates the Q&A, and keeps the program on-track. And an audio amplification system – a microphone and a speaker – is usually important, unless you are in a very quiet space.

Give yourself plenty of time to secure the location, publicize the event, invite press, gather equipment and any visual materials, and ensure spokespeople are fully prepared.

HOST COMMUNITY EVENTS

Organizing a fun kick-off meeting and other community events for stakeholders and the general public is a great way to raise awareness about your TCC award and get more people involved in the planning and implementation process. These kinds of events can help make sure everyone is on the same page and united in your mission, as well as enthusiastic about the tangible benefits your project will create.

REMEMBER

The SGC team is here to help! We love to work with grantees to brainstorm communication strategies. We can provide quotes from SGC leadership for your press releases and make leadership available for media interviews. We can coach you on how to pitch media, help you identify reporters, and help secure participation by State officials in your event. Contact SGC's Deputy Director of Communications and External Affairs, Emily Breslin, for support: emily.breslin@opr.ca.gov.

Social Media

Social media offers an array of powerful, free platforms that enable you to communicate about your TCC project to potentially large audiences.

FOLLOW US

The California Strategic Growth Council (@CalSGC) and the Department of Conservation (@CalConservation) post frequently on Twitter about the State's efforts to improve our environment and communities. SGC and DOC are also active on LinkedIn. We encourage you and your TCC partners to follow our accounts to stay up to date on the latest news on our policies and programs. If we tweet about TCC, or about anything else relevant or interesting to you, please 'like' and retweet us – sometimes it can even save you the trouble of crafting your own tweet.

TAG US

We love seeing grantees' progress from vision to reality. Please post updates and photos of project events or outcomes on social media, and make sure to tag us so that we can like, comment, and retweet to share your hard work with all of California.

TAG YOUR PARTNERS

Remember to include co-applicants and other key stakeholders and champions in social media posts about your TCC award. Tagging partners gives them the recognition they deserve while increasing the audience for your post.

USE HASHTAGS

Hashtags can be a very effective way to increase a post's visibility and response rate. It is best to use a few relevant hashtags, like #TransformativeClimateCommunities, #transit, #equity and #climatechange.

TAKE PICTURES

A social post with a great image attached is bound to get more traction than one without an image. Throughout every stage of the TCC process, be sure to encourage your team to bring their phones or even a nice camera and take a picture of their colleagues or work environment. Having a photobank of pictures can work wonders on your social media accounts, especially because you'll have the freedom to choose the highest quality or most interesting photos. Please see the Photo Tips section of this kit for more information.

SHORTEN THE MESSAGE

Given the character limit for tweets, you will need to pick and choose what information to include. Incorporate hashtags and tagging partners into your sentences, (see the sample posts below). Use commonly known abbreviations and conjunctions.

AMPLIFY THE VOICES OF COMMUNITY MEMBERS

Reach out to partners and community members for their videos, quotes, and pictures that share how your TCC project will affect their lives. These stories can increase your social media audience's enthusiasm for your project. Retweeting posts that residents and stakeholders create is another way to demonstrate TCC's impact.

DocuSign Envelope ID: 843E0347-4A17-4A54-906B-B14041B51B78

POST OFTEN

Interact with your audience as much as possible on all platforms. It is ideal to post between a few times a week and once or twice a day on social media. Brainstorm with your staff to come up with creative ways to keep the public informed and interested in your work. Then create a schedule and remain consistent.

MORE SOCIAL MEDIA TIPS

- Encourage audience engagement by posting questions.
- Use URL shortening tools from sites like bitly.com and tinyurl.com.
- Don't be afraid to use emojis.
- Encourage your colleagues and TCC partners to participate in social media conversations.
- Be visual! Use infographics instead of text when possible.
- Observe copyright laws.

Photo Tips

Consider pointers in this section when using photography to tell your project's story.

QUALITY

Use the highest quality camera you can access. Good news: many modern smartphones are usually sufficient, as long as your subject is in focus, well-lit, and the phone is turned sideways (landscape orientation – use this orientation for videos, too!). Photos on social media don't have to be as high quality as photos on your website or newsletter.

EVERYONE'S A PHOTOGRAPHER

Encourage your staff and partners to take photos whenever they have the chance, and to send them all to your organization's communications team. Designating someone who owns a nice camera to take photographs during events is always a good practice.

DON'T HAVE A GREAT PHOTO?

Services like Flickr, Pixabay, and Upsplash offer countless high-quality photos that you can download and use for free.

CONTENT

When possible, photos should be bright and colorful, without being too 'noisy,' blurry, or filtered. Candid photos of people working or interacting tend to be more unique and eye-catching than people smiling at the camera. Highlight interesting aspects of your project so your photo stands out.

REMEMBER

The picture is what draws people in to read the caption and learn about your work. Don't underestimate its importance!

STAY IN TOUCH!

SOLE SOURCE/SOLE BRAND JUSTIFICATION

OVERVIEW:

On rare occasions there may be a need to purchase goods or services from one vendor/contractor without going to formal bid or requesting competitive quotations. This is known as "Sole Source" purchasing. This document does not replace an Agreement.

"Sole Source" purchasing is authorized by Monterey County Code 2.32.040, Emergency Purchases, and by Monterey County Code 2.32.070, Competitive Bidding Not Required.

"Sole Source" purchasing may be necessary under certain circumstances such as an emergency wherein the department head or other County Official who is authorized to sign requisitions may purchase items for the continuance of the department function, or that items purchased are necessary for the preservation of life or property, and that no authorized purchasing department personnel are immediately available to make the purchase.

A sole source may be designated when it is apparent that a needed product or service is uniquely available from the source, or for all practical purposes, it is justifiably in the best interest of the County. The designation of a "Sole Source" supplier must be authorized by the County Purchasing Agent or Deputy-Purchasing Agent before the requirement for competitive quotations is waived.

In an effort to expedite sole source/brand requisition requests through Contracts/Purchasing, we would encourage you to review the criteria for Sole Source/Brand form herein. If you feel your request meets such criteria, follow the instructions in filling out the form, along with a Department Head signature approving the request on behalf of their department. If sole source/brand justification is warranted and accepted by Purchasing, the request shall be signed by the Contracts/Purchasing Officer (CPO).

This is an internal review process. Departments are requested to use discretion in their discussion with vendors so as not to compromise any competitive advantage the Buyer may utilize, regardless of the acceptance or rejection of the sole source/brand justification.

Contracts/Purchasing will advise you when a particular competitive review process may both serve the County better and/or be required by governing law.

The **JUSTIFICATION OF SOLE SOURCE/SOLE BRAND REQUEST** is **NOT** an agreement.

Docusign Envelope ID: 6790DF19-7EDE-409D-A308-2CF51C89BA74

PROCEDURE:

Sole source/brand purchasing is an exception to the normal procurement function and requires a detailed justification. In processing sole source/brand requests for supplies, services and/or equipment, Contracts/Purchasing adheres to and is governed by the principles set forth in both the Federal and State Laws governing public purchasing and the Public Contract Code, and by the adopted and approved County of Monterey Policies and Procedures.

If you are requesting a particular vendor, brand, or product, you must make this fact clear on your request. Such a request should not be made unless the request is reasonable and appropriately justified to meet legal requirements and can withstand a possible audit. The County requirements and the format for submitting such requests are contained herein.

The **JUSTIFICATION OF SOLE SOURCE/SOLE BRAND REQUEST** is **NOT** an agreement.

The following factors **DO NOT** apply to sole source/brand requests and should not be included in your sole source/brand justification. They will not be considered and only tend to confuse the evaluation process.

1. Personal preference for product or vendor
2. Cost, vendor performance, and local service (this may be considered an award factor in competitive bidding)
3. Features which exceed the minimum department requirements
4. Explanation for the actual need and basic use for the equipment, unless the information relates to a request for unique factors
5. A request for no substitution submitted without justification. This is a sole source/brand request requiring detailed justification including established sole source/brand criteria

Please make copies of the Criteria for Sole Source/Brand form for your future use.

JUSTIFICATION OF SOLE SOURCE/SOLE BRAND REQUEST

Date 7/1/26

1. Please indicate the following:

Procurement: ☐ Goods ☑ Services

Description of Item: Janitorial Services at the Carmel Valley Library

(Check One)

☐ Sole Source: Item is available from one source only. Item is a one-of-a kind and is not sold through distributors. Manufacturer is the exclusive distributor.

☐ Sole Brand: Various sources can supply the specified model and brand and competitive bids will be solicited for the requested brand only. Meets form, fit and function- nothing else will do.

Note: Sole Source/Sole Brand Requests are not maintained as a standing request. Each request is for a single one-time purchase only.

Sole Source/Sole Brand Request is not an Agreement.

2. Vendor Selection:

☐ Preferred Vendor ☑ Sole Source

Vendor Name: Branches Janitorial

Address: 218 Reindollar Ave Ste 5B City: Marina State: CA

Phone Number: (831) 384-2579 Fax: ( )

Contact Person: Samuel Branch Title: Owner

Federal Employer #:

Docusign Envelope ID: 6790DF19-7EDE-409D-A308-2CF51C89BA74

3. Provide a brief description of the goods/services to be purchased and why this purchase is being proposed under a sole source acquisition.

   a) Why were product and/or vendor chosen?

Taking a look at the new County CSA for janitorial services for the Carmel Valley Library, Branches came in at $400.00s per month then the lowest bid for that location. Branches has been cleaning the Carmel Valley Library for a few years and the staff are very happy with his work and how easy it is to work with them.

   b) What are the unique performance features of the product/brand requested that are not available in any other product/brand? For Services: what unique qualifications, rights, and licenses does the vendor possess to qualify as a sole source/brand request?

Branches Janitorial has come in at least $400.00 cheaper per month than all of the new County CSA's for janitorial services. Branches is the current janitor and the Carmel Valley staff are happy with the cleaning

   c) Why are these specific features/qualifications required?

Although I have had to find all new janitors for all library locations, Branches janitorial has maintained a great relationship with the Carmel Valley Library and his prices are far less per month.

   d) What other products/services have been examined and/or rejected?

When looking at the other 6 quotes for the current janitorial CSA branches continues to come in at hundreds of dollars cheaper then the other bids. He is also a local vendor and has done an amazing job keeping the branch clean.

   e) Why are other sources providing like goods or services unacceptable (please give a full meaningful explanation)?

Other vendors have come in way over price what Branches is currently asking per month. Anywhere from $400.00 to $1,735.00 over what Branches is currently asking.

Docusign Envelope ID: 6790DF19-7EDE-409D-A308-2CF51C89BA74

f) What are the unique performance features REQUIRED (not merely preferred), and how would your requirement be inhibited without this particular item or service?

Branches has been cleaning this library for a few years now and has a relationship with the library staff, and in turn is a County small business. Cost per month was a huge factor in asking for a sole source justification. Due to the budget contratints it would be good to be able to keep costs down with a local vendor who has already shown himself to be a value to the library.

g) Estimated Costs:

The quote is $1,075 / month which will come out to $12,900 per year

4. Is there an unusual or compelling urgency associated with this project?

☑ No

☐ Yes (Please describe)

Docusign Envelope ID: 6790DF19-7EDE-409D-A308-2CF51C89BA74

THE FOLLOWING TO BE COMPLETED BY THE REQUESTOR

I hereby certify that:

1. I am an approved department representative and am aware of the County's requirements for competitive bidding, as well as the criteria for justification for sole source/brand purchasing.
2. I have gathered the required technical information and have made a concentrated effort to review comparable and/or equal equipment.
3. The information contained herein is complete and accurate.
4. There is justification for sole source/brand purchasing noted above as it meets the County's criteria.
5. A sole source/brand purchase in this case would withstand a possible audit or a vendor's protest.

6.02 Negotiations for rate changes shall be commenced, by CONTRACTOR, a minimum of ninety days (90) prior to the expiration of the Agreement. Rate changes are not binding unless mutually agreed upon in writing by the County and the CONTRACTOR.

6.03 Invoice amounts shall be billed directly to the ordering department.

6.04 CONTRACTOR shall submit such invoice periodically or at the completion of services, but in any event, not later than 30 days after completion of services. The invoice shall set forth the amounts claimed by CONTRACTOR for the previous period, together with an itemized basis for the amounts claimed, and such other information pertinent to the invoice. The County shall certify the invoice, either in the requested amount or in such other amount as the County approves in conformity with this Agreement and shall promptly submit such invoice to the County Auditor-Controller for payment. The County Auditor-Controller shall pay the amount certified within 30 days of receiving the certified invoice.

6.05 CONTRACTOR shall not receive reimbursement for mileage or travel expenses unless set forth in this Agreement.

7.0 TERMINATION:

7.01 During the term of this Agreement, the County may terminate the Agreement for any reason by giving written notice of termination to the CONTRACTOR at least thirty (30) days prior to the effective date of termination. Such notice shall set forth the effective date of termination. In the event of such termination, the amount payable under this Agreement shall be reduced in proportion to the services provided prior to the date of termination.

Docusign Envelope ID: 8C510A0D-9C0F-4102-BE9F-A60A19FD1568

7.02 The County may cancel and terminate this Agreement for good cause effective immediately upon written notice to CONTRACTOR. "Good cause" includes the failure of CONTRACTOR to perform the required services at the time and in the manner provided under this Agreement. If County terminates this Agreement for good cause, the County may be relieved of the payment of any consideration to CONTRACTOR, and the County may proceed with the work in any manner, which County deems proper. The cost to the County shall be deducted from any sum due the CONTRACTOR under this Agreement.

7.03 The County's payments to CONTRACTOR under this Agreement are funded by local, state and federal governments. If funds from local, state and federal sources are not obtained and continued at a level sufficient to allow for the County's purchase of the indicated quantity of services, then the County may give written notice of this fact to CONTRACTOR, and the obligations of the parties under this Agreement shall terminate immediately, or on such date thereafter, as the County may specify in its notice, unless in the meanwhile the parties enter into a written amendment modifying this Agreement.

8.0 INDEMNIFICATION:

CONTRACTOR shall indemnify, defend, and hold harmless the County, its officers, agents, and employees, from and against any and all claims, liabilities, and losses whatsoever (including damages to property and injuries to or death of persons, court costs, and reasonable attorneys' fees) occurring or resulting to any and all persons, firms or corporations furnishing or supplying work, services, materials, or supplies in connection with the performance of this Agreement, and from any and all claims, liabilities, and losses occurring or resulting to any person, firm, or corporation for damage, injury, or death arising out of or connected with the CONTRACTOR's performance of this Agreement, unless such claims, liabilities, or losses arise out of the sole negligence or willful misconduct of the County. "CONTRACTOR's performance" includes CONTRACTOR's action or inaction and the action or inaction of CONTRACTOR's officers, employees, agents and subcontractors.

9.0 INSURANCE REQUIREMENTS:

9.01 **Evidence of Coverage:** Prior to commencement of this Agreement, the Contractor shall provide a "Certificate of Insurance" certifying that coverage as required herein has been obtained. Individual endorsements executed by the insurance carrier shall accompany the certificate. In addition, the Contractor upon request shall provide a certified copy of the policy or policies.

This verification of coverage shall be sent to the County's Contracts/Purchasing Department, unless otherwise directed. The Contractor shall not receive a "Notice to Proceed" with the work under this Agreement until it has obtained all insurance required and the County has approved such insurance. This approval of insurance shall neither relieve nor decrease the liability of the Contractor.

9.02 **Qualifying Insurers:** All coverages, except surety, shall be issued by companies which hold a current policy holder's alphabetic and financial size category rating of not less than A- VII, according to the current A.M. Best's Rating Guide or a company of equal financial stability that is approved by the County's Purchasing Agent.

9.03 **Insurance Coverage Requirements:** Without limiting CONTRACTOR's duty to

Docusign Envelope ID: 8C510A0D-9C0F-4102-BE9F-A60A19FD1568

indemnify, CONTRACTOR shall maintain in effect throughout the term of this Agreement a policy or policies of insurance with the following minimum limits of liability:

Commercial General Liability Insurance: including but not limited to premises and operations, including coverage for Bodily Injury and Property Damage, Personal Injury, Contractual Liability, Broad form Property Damage, Independent Contractors, Products and Completed Operations, with a combined single limit for Bodily Injury and Property Damage of not less than $1,000,000 per occurrence, and $2,000,000 in the aggregate.
(Note: any proposed modifications to these general liability insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

Auto Liability Coverage: must include motor vehicles, including scheduled, non-owned, and hired vehicles, used in providing services under this Agreement, with a combined single limit or Bodily Injury and Property Damage of not less than $1,000,000 per occurrence.
(Note: any proposed modifications to these auto insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

Workers' Compensation Insurance: if CONTRACTOR employs others in the performance of this Agreement, in accordance with California Labor Code section 3700 and with Employer's Liability limits not less than $1,000,000 each person, $1,000,000 each accident and $1,000,000 each disease.
(Note: any proposed modifications to these workers' compensation insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

Professional Liability Insurance: if required for the professional services being provided, (e.g., those persons authorized by a license to engage in a business or profession regulated by the California Business and Professions Code), in the amount of not less than $1,000,000 per claim and $2,000,000 in the aggregate, to cover liability for malpractice or errors or omissions made in the course of rendering professional services. If professional liability insurance is written on a "claims-made" basis rather than an occurrence basis, the CONTRACTOR shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage ("tail coverage") with the same liability limits. Any such tail coverage shall continue for at least three years following the expiration or earlier termination of this Agreement.
(Note: Professional liability insurance coverage is required if the contractor is providing a professional service regulated by the state. Examples of service providers regulated by the state are insurance agents, professional architects and engineers, doctors, certified public accountants, lawyers, etc. However, other professional Contractors, such as computer or software designers, technology services, and services providers such as claims administrators, should also have professional liability. If in doubt, consult with your risk or contract manager.)

If the contractor maintains broader coverage and/or higher limits than the minimums shown above, the County requires and shall be entitled to the broader coverage and/or higher limits maintained by the contractor.

9.04 **Other Requirements:**

All insurance required by this Agreement shall be with a company acceptable to the County and issued and executed by an admitted insurer authorized to transact Insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three years following the date CONTRACTOR completes its performance of services under this Agreement.

Each liability policy shall provide that the County shall be given notice in writing at least thirty days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for Contractor and additional insureds with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

Additional Insured Status:

The County of Monterey, its officers, officials, employees, agents, and volunteers are to be covered as additional insureds on the auto liability policy for liability arising out of automobiles owned, leased, hired or borrowed by or on behalf of the Contractor. Auto liability coverage shall be provided in the form of an endorsement to the CONTRACTOR'S insurance.

The County of Monterey, its officers, officials, employees, agents, and volunteers are to be covered as additional insureds on the commercial general liability policy with respect to liability arising out of work or operations performed by or on behalf of the CONTRACTOR including materials, parts, or equipment furnished in connection with such work or operations. General liability coverage shall be provided in the form of an endorsement to the CONTRACTOR'S insurance (at least as broad as ISO Form CG 20 10 11 85 or if not available, through the addition of both CG 20 10, CG 20 26, CG 20 33, or CG 20 38; and CG 20 37 if a later edition is used).

Primary Coverage:

For any claims related to this contract, the CONTRACTOR'S insurance coverage shall be primary and non-contributory and at least as broad as ISO CG 20 01 04 13 as respects the County, its officers, officials, employees, agents, and volunteers. Any insurance or self-insurance maintained by the County, its officers, officials, employees, agents, or volunteers shall be excess of the CONTRACTOR'S insurance and shall not contribute with it. This requirement shall also apply to any Excess or Umbrella liability policies.

Workers' Compensation Waiver of Subrogation:

The workers' compensation policy required hereunder shall be endorsed to state that the workers' compensation carrier waives its right of subrogation against COUNTY, its officers, officials, employees, agents, or volunteers, which might arise by reason of payment under such policy in connection with performance under this Agreement by CONTRACTOR. Should CONTRACTOR be self-insured for workers' compensation, CONTRACTOR hereby agrees to waive its right of subrogation against COUNTY, its officers, officials,

Docusign Envelope ID: 8C510A0D-9C0F-4102-BE9F-A60A19FD1568

employees, agents, or volunteers.

Prior to the execution of this Agreement by the County, CONTRACTOR shall file certificates of insurance and endorsements with the County's contract administrator and County's Contracts/Purchasing Division, showing that the CONTRACTOR has in effect the insurance required by this Agreement. The CONTRACTOR shall file a new or amended certificate of insurance within five calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect. CONTRACTOR shall always during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County, annual certificates to County's Contract Administrator and County's Contracts/Purchasing Division. If the certificate is not received by the expiration date, County shall notify CONTRACTOR and CONTRACTOR shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance is a default of this Agreement, which entitles County, at its sole discretion, to terminate this Agreement immediately.

10.0 RECORDS AND CONFIDENTIALITY:

10.01 **Confidentiality:** CONTRACTOR and its officers, employees, agents, and subcontractors shall comply with any and all federal, state, and local laws, which provide for the confidentiality of records and other information. CONTRACTOR shall not disclose any confidential records or other confidential information received from the County or prepared in connection with the performance of this Agreement, unless County specifically permits CONTRACTOR to disclose such records or information. CONTRACTOR shall promptly transmit to County any and all requests for disclosure of any such confidential records or information. Individual endorsements executed by the insurance carrier shall accompany the certificate. In addition, the Contractor upon request shall provide a certified copy of the policy or policies.

This verification of coverage shall be sent to the County's Contracts/Purchasing Department, unless otherwise directed. The Contractor shall not receive a "Notice to Proceed" with the work under this Agreement until it has obtained all insurance required and the County has approved such insurance. This approval of insurance shall neither relieve nor decrease the liability of the Contractor.

9.02 **Qualifying Insurers:** All coverages, except surety, shall be issued by companies which hold a current policy holder's alphabetic and financial size category rating of not less than A- VII, according to the current A.M. If professional liability insurance is written on a "claims-made" basis rather than an occurrence basis, the CONTRACTOR shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage ("tail coverage") with the same liability limits. Any such tail coverage shall continue for at least three years following the expiration or earlier termination of this Agreement.

The County of Monterey, its officers, officials, employees, agents, and volunteers are to be covered as additional insureds on the commercial general liability policy with respect to liability arising out of work or operations performed by or on behalf of the CONTRACTOR including materials, parts, or equipment furnished in connection with such work or operations. The CONTRACTOR shall file a new or amended certificate of insurance within five calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect. CONTRACTOR shall always during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County, annual certificates to County's Contract Administrator and County's Contracts/Purchasing Division. If the certificate is not received by the expiration date, County shall notify CONTRACTOR and CONTRACTOR shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance is a default of this Agreement, which entitles County, at its sole discretion, to terminate this Agreement immediately.

A.2 The CONTRACTOR will provide services and staff, and otherwise do all things necessary for or incidental to the performance of work, as set forth below:
Trainers will provide **Training of Trainers (TOT)** to up to ten (10) students with two (2) UCCI trainers in the five-day session as outlined below:

TRAINING OF TRAINERS (TOT)
One (1) EPICS Training of Trainer (TOT) In Person Session for up to ten (10) staff for one eight(8) day training that includes five (5) days classroom and three (3) days of observation. Included is also support during the newly trained trainers 5-months of follow up coaching for newly trained end users.

Dates and locations for TOT Sessions are to be determined based on availability of CONTRACTOR staff and County staff.

The EPICS TOT is a 5-day in person training followed by a 3-day in person observation of the training and random observation of the coaching process that prepares previously trained staff in EPICS to train other end users in the model. Alternatively, the **TOT** can be delivered across 10 half-day synchronous virtual sessions with trainers and 5 half-days of virtual observation as the new trainers train new end users. UCCI-approved Master Trainers provide the TOT training. The maximum number of TOT training participants is 10 individuals.
The training covers EPICS training and coaching logistics, content, and strategies. It also provides the opportunity for each participant to practice delivering training via teach backs and a live end-user session. Each participant is also responsible for coding audios and serving as an EPICS coach for a complete coaching sequence. The full training is designed to allow the participants to demonstrate the essential EPICS trainer lessons, during which Master Trainers measure participant ability to deliver the training. At the end of the TOT classroom training, participants will be administered a written examination. The exam tests on specific training content learned throughout the training, as well as the trainer's knowledge of EPICS, its application and follow-up coaching.
ToT Selection Criteria
To be eligible for this training, staff must have:
1) Trained in the model (attended the initial end user training delivered by UCCI-approved trainers)
2) Consistent use the model (submitted 5 audio sessions as part of the end user follow up coaching process)
3) Active participation in coaching sessions (attended and participated in coaching sessions as part of the end user follow up coaching process)
4) Final tape must be graded as "satisfactory" or higher in 85% of items
5) Interest in being a trainer

ToT Participant Selection Guidelines
In addition to attending the facilitator training and receiving EPICS certification from UCCI, individuals selected to attend TOT training should:

Docusign Envelope ID: 4D002E07-E8CD-409C-96FB-9DF931F9F4B8

1) Possess skill and comfort with public speaking, preferably with experience conducting training; Demonstrate a thorough understanding of the agency selected risk assessment;1
2) Value the use of the assessment;
3) Have a flexible schedule that allows for training time, supported by your organization;
4) Be a reliable and long-term employee within your agency; and
5) Express interest and enthusiasm in becoming a trainer.

ToT Participant Certification

Based upon training participation, training ratings and written examination scores, ToT participants will be classified into one of three categories: 1) Certified Lead Trainer; 2) Co-Trainer; or 3) Uncertified.

After completing the training and receiving acceptable scores on teach-backs, trainer delivery of the end user session, and the exam, as well as the coding of audios and coaching process, Certified Trainers may begin training EPICS. If a participant does not meet the expectations needed to be certified, the individual may be classified as a Co-Trainer. These individuals require additional practice delivering the material or learning the key concepts and must co-train with a Certified Trainer until deemed appropriate for certification by the Master Trainer and approved by UCCI (process and pricing to be determined on an individual basis).

Uncertified participants are individuals who are unable to successfully complete the training requirements. Cases are rare when an individual is appropriately selected for the training and then does not demonstrate the necessary skills for certification. However, if the Master Trainer, via objective evidence, determines a participant is unable to demonstrate the necessary trainer skills needed, the person will not be certified.

To be certified as either a Certified Lead Trainer or a Co-Trainer, ToT participants must:
1) Attend and fully participate in the entire in person or virtual ToT Training process;
2) Receive an acceptable rating score from the UCCI Master Trainer on their ability to effectively deliver the training material during the mock training;
3) Pass the written ToT examination
4) Fully participate in conducting an in person or virtual live end user EPICS training as observer by a UCCI Master Trainer;
5) Receive an acceptable rating score from the UCCI Master Trainer on their ability to effectively deliver the training material during the end user training;
6) Act as the lead coach on at least one coaching session; and
7) Code two audios with strong inter-rater agreement with UCCI.

Individuals certified as Trainers on this program are only permitted to train within the scope of their employment with the contracting agency. Individuals are not permitted to train outside of their employment or current relationship with the contracting agency, as an independent contractor or consultant, either for profit, or in any way that competes with the training offered by UCCI. Duties in the Event of Occurrence, Offense, Claim or Suit** under **SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITION**.

2. With respect to the insurance provided by this Endorsement, the following are added to paragraph **2. Exclusions** under **SECTION I - COVERAGE A - Bodily Injury and Property Damage Liability**:

This insurance does not apply to:

a. "Bodily injury" or "property damage" that occurs prior to your commencing operations at the location where such "bodily injury" or "property damage" occurs.

b. "Bodily injury," "property damage" or "personal and advertising injury" arising out of the rendering of, or failure to render, any professional architectural, engineering or surveying services, including:

(1) the preparing, approving, or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or

(2) supervisory, inspection, architectural or engineering activities.

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that Insured, if the "occurrence" which caused the "bodily injury" or "property damage," or the offense which caused the "personal and advertising injury," involved the rendering of, or failure to render, any professional architectural, engineering or surveying services.

c. "Bodily injury" or "property damage" occurring after:

(1) all work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed for or on behalf of the Additional Insured(s) at the location of the covered operations has been completed; or

(2) that portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

(2) you have agreed in writing in a contract or agreement that this insurance would be primary and would not seek contribution from any other insurance available to the Additional Insured.

b. The following is added to paragraph **b. Excess Insurance**:

When a written contract or written agreement, other than a premises lease, facilities rental contract or agreement, an equipment rental or lease contract or agreement or permit issued by a state or political subdivision between you and an additional insured does not require this insurance to be primary or primary and non-contributory, this insurance is excess over any other insurance for which the Additional Insured is designated as a named insured.

Regardless of the written agreement between you and an additional insured, this insurance is excess over any other insurance whether primary, excess, contingent or on any other basis for which the Additional Insured has been added as an additional insured on other policies.

These limits are inclusive of and not in addition to the Limits of Insurance available under this Policy.

T. Blanket Waiver of Transfer of Rights of Recovery Against Others to Us (Subrogation)

Under **SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS**, the following is added to Condition **8. Transfer of Rights of Recovery Against Others to Us**:

If required by a written contract or written agreement, we waive any right of recovery we may have against a person or organization because of payment we make for injury or damage arising out of your ongoing operations or "your work" done under a contract for that person or organization and included in the "products-completed operations hazard" provided that the injury or damage occurs subsequent to the execution of the written contract or written agreement.

U. Property Damage Extension with Voluntary Payments

1. The following is added to paragraph **1. Insuring Agreement** of **SECTION I - COVERAGE A - Bodily Injury and Property Damage Liability**:

At your request we will pay for "loss" to property of others caused by your business operations for which this Policy provides liability insurance. Such payment will be made without regard to your legal obligation to do so. The "loss" must occur during the policy period and must take place in the "coverage territory."

V. Who Is an Insured - Fellow Employee Extension - Management Employees

1. The following is added to paragraph **2.a.(1)** of **SECTION II - WHO IS AN INSURED**:

Paragraph **(a)** and **(b)** above do not apply to "bodily injury" or "personal and advertising injury" caused by an "employee" who is acting in a supervisory capacity for you. Supervisory capacity as used herein means the "employee's" job responsibilities assigned by you, including the direct supervision of other "employee" of yours. However, none of these "employees" are insureds for "bodily injury" or "personal and advertising injury" arising out of their willful conduct, which is defined as the purposeful or willful intent to cause "bodily injury" or "personal and advertising injury," caused in whole or in part by their intoxication by liquor or controlled substances.

This coverage is excess over any other valid and collectable insurance available to your "employee."

5.0 PERFORMANCE STANDARDS:

5.01 CONTRACTOR warrants that CONTRACTOR and CONTRACTOR's agents, employees, and subcontractors performing services under this Agreement are specially trained, experienced, competent, and appropriately licensed to perform the work and deliver the services required under this Agreement and are not employees of the County, or immediate family of an employee of the County.

5.02 CONTRACTOR, its agents, employees, and subcontractors shall perform all work in a safe and skillful manner and in compliance with all applicable laws and regulations. All work performed under this Agreement that is required by law to be performed or supervised by licensed personnel shall be performed in accordance with such licensing requirements.

7.02 The County may cancel and terminate this Agreement for good cause effective immediately upon written notice to CONTRACTOR. "Good cause" includes the failure of CONTRACTOR to perform the required services at the time and in the manner provided under this Agreement. If County terminates this Agreement for good cause, the County may be relieved of the payment of any consideration to CONTRACTOR, and the County may proceed with the work in any manner, which County deems proper. The cost to the County shall be deducted from any sum due the CONTRACTOR under this Agreement.

7.03 The County's payments to CONTRACTOR under this Agreement are funded by local, state and federal governments. If funds from local, state and federal sources are not obtained and continued at a level sufficient to allow for the County's purchase of the indicated quantity of services, then the County may give written notice of this fact to CONTRACTOR, and the obligations of the parties under this Agreement shall terminate immediately, or on such date thereafter, as the County may specify in its notice, unless in the meanwhile the parties enter into a written amendment modifying this Agreement.

"CONTRACTOR's performance" includes CONTRACTOR's action or inaction and the action or inaction of CONTRACTOR's officers, employees, agents and subcontractors.

9.0 INSURANCE REQUIREMENTS:

9.01 **Evidence of Coverage:** Prior to commencement of this Agreement, the Contractor shall provide a "Certificate of Insurance" certifying that coverage as required herein has been obtained. Individual endorsements executed by the insurance carrier shall accompany the certificate. In addition, the Contractor upon request shall provide a certified copy of the policy or policies.

This verification of coverage shall be sent to the County's Contracts/Purchasing Department, unless otherwise directed. The Contractor shall not receive a "Notice to Proceed" with the work under this Agreement until it has obtained all insurance required and the County has approved such insurance. This approval of insurance shall neither relieve nor decrease the liability of the Contractor.

9.02 **Qualifying Insurers:** All coverages, except surety, shall be issued by companies which hold a current policy holder's alphabetic and financial size category rating of not less than A- VII, according to the current A.M. (Note: any proposed modifications to these workers' compensation insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

Professional Liability Insurance: if required for the professional services being provided, (e.g., those persons authorized by a license to engage in a business or profession regulated by the California Business and Professions Code), in the amount of not less than $1,000,000 per claim and $2,000,000 in the aggregate, to cover liability for malpractice or errors or omissions made in the course of rendering professional services. If professional liability insurance is written on a "claims-made" basis rather than an occurrence basis, the CONTRACTOR shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage ("tail coverage") with the same liability limits. Any such tail coverage shall continue for at least three years following the expiration or earlier termination of this Agreement.
(Note: Professional liability insurance coverage is required if the contractor is providing a professional service regulated by the state. Examples of service providers regulated by the state are insurance agents, professional architects and engineers, doctors, certified public accountants, lawyers, etc. However, other professional Contractors, such as computer or software designers, technology services, and services providers such as claims administrators, should also have professional liability. 9.04 **Other Requirements:**

All insurance required by this Agreement shall be with a company acceptable to the County and issued and executed by an admitted insurer authorized to transact Insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three years following the date CONTRACTOR completes its performance of services under this Agreement.

Each liability policy shall provide that the County shall be given notice in writing at least thirty days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for Contractor and additional insureds with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

Additional Insured Status:

The County of Monterey, its officers, officials, employees, agents, and volunteers are to be covered as additional insureds on the auto liability policy for liability arising out of automobiles owned, leased, hired or borrowed by or on behalf of the Contractor. Auto liability coverage shall be provided in the form of an endorsement to the CONTRACTOR'S insurance.

The County of Monterey, its officers, officials, employees, agents, and volunteers are to be covered as additional insureds on the commercial general liability policy with respect to liability arising out of work or operations performed by or on behalf of the CONTRACTOR including materials, parts, or equipment furnished in connection with such work or operations. General liability coverage shall be provided in the form of an endorsement to the CONTRACTOR'S insurance (at least as broad as ISO Form CG 20 10 11 85 or if not available, through the addition of both CG 20 10, CG 20 26, CG 20 33, or CG 20 38; and CG 20 37 if a later edition is used).

Primary Coverage:

For any claims related to this contract, the CONTRACTOR'S insurance coverage shall be primary and non-contributory and at least as broad as ISO CG 20 01 04 13 as respects the County, its officers, officials, employees, agents, and volunteers. Any insurance or self-insurance maintained by the County, its officers, officials, employees, agents, or volunteers shall be excess of the CONTRACTOR'S insurance and shall not contribute with it. This requirement shall also apply to any Excess or Umbrella liability policies.

Workers' Compensation Waiver of Subrogation:

The workers' compensation policy required hereunder shall be endorsed to state that the workers' compensation carrier waives its right of subrogation against COUNTY, its officers, officials, employees, agents, or volunteers, which might arise by reason of payment under such policy in connection with performance under this Agreement by CONTRACTOR. Should CONTRACTOR be self-insured for workers' compensation, CONTRACTOR hereby agrees to waive its right of subrogation against COUNTY, its officers, officials,

Docusign Envelope ID: D4C7881F-E877-4584-8085-98A38DD07BF0

employees, agents, or volunteers.

Prior to the execution of this Agreement by the County, CONTRACTOR shall file certificates of insurance and endorsements with the County's contract administrator and County's Contracts/Purchasing Division, showing that the CONTRACTOR has in effect the insurance required by this Agreement. The CONTRACTOR shall file a new or amended certificate of insurance within five calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect. CONTRACTOR shall always during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County, annual certificates to County's Contract Administrator and County's Contracts/Purchasing Division. If the certificate is not received by the expiration date, County shall notify CONTRACTOR and CONTRACTOR shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance is a default of this Agreement, which entitles County, at its sole discretion, to terminate this Agreement immediately.

10.0 RECORDS AND CONFIDENTIALITY:

10.01 **Confidentiality:** CONTRACTOR and its officers, employees, agents, and subcontractors shall comply with any and all federal, state, and local laws, which provide for the confidentiality of records and other information. CONTRACTOR shall not disclose any confidential records or other confidential information received from the County or prepared in connection with the performance of this Agreement, unless County specifically permits CONTRACTOR to disclose such records or information. CONTRACTOR shall promptly transmit to County any and all requests for disclosure of any such confidential records or information. CONTRACTOR shall not use any confidential information gained by CONTRACTOR in the performance of this Agreement except for the sole purpose of carrying out CONTRACTOR's obligations under this Agreement.

10.02 **County Records:** When this Agreement expires or terminates, CONTRACTOR shall return to County any County records which CONTRACTOR used or received from County to perform services under this Agreement.

10.03 **Maintenance of Records:** CONTRACTOR shall prepare, maintain, and preserve all reports and records that may be required by federal, state, and County rules and regulations related to services performed under this Agreement. CONTRACTOR shall maintain such records for a period of at least three years after reciept of final payment under this Agreement. If any litigation, claim, negotiation, audit exception, or other action relating to this Agreement is pending at the end of the three-year period, then CONTRACTOR shall retain said records until such action is resolved.

10.04 **Access to and Audit of Records:** The County shall have the right to examine, monitor and audit all records, documents, conditions, and activities of the CONTRACTOR and its subcontractors related to services provided under this Agreement. Pursuant to Government Code section 8546.7, if this Agreement involves the expenditure of public funds in excess of $10,000, the parties to this Agreement may be subject, at the request of the County or as part of any audit of the County, to the examination and audit of the State Auditor pertaining

10.05 **Royalties and Inventions:** County shall have a royalty-free, exclusive and irrevocable license to reproduce, publish, and use, and authorize others to do so, all original computer programs, writings, sound recordings, pictorial reproductions, drawings, and other works of similar nature produced in the course of or under this Agreement. CONTRACTOR shall not publish any such material without the prior written approval of County.

10.06 **Format of Deliverables:** For this section, "Deliverables" shall mean all electronic documents CONTRACTOR provides to the County under this Agreement. CONTRACTOR shall ensure all Deliverables comply with the requirements of the Web Content Accessibility Guidelines ("WCAG") 2.1, pursuant to the Americans with Disabilities Act ("ADA"). CONTRACTOR bears the burden to deliver Deliverables, such as Adobe Acrobat Portable Document Format ("PDF") and Microsoft Office files, complying with WCAG 2.1. CONTRACTOR shall defend and indemnify the County against any breach of this Section. This Section shall survive the termination of this Agreement. Find more on Accessibility at this State website: https://webstandards.ca.gov/accessibility/.

11.0 NON-DISCRIMINATION:

11.01 During the performance of this Agreement, CONTRACTOR, and its subcontractors, shall not unlawfully discriminate against any person because of race, religious creed, color, sex, national origin, ancestry, physical disability, mental disability, medical condition, marital status, age (over 40), sexual orientation, or any other characteristic set forth in California Government code § 12940(a), either in CONTRACTOR's employment practices or in the furnishing of services to recipients. CONTRACTOR shall ensure that the evaluation and treatment of its employees and applicants for employment and all persons receiving and requesting services are free of such discrimination. CONTRACTOR and any subcontractor shall, in the performance of this Agreement, fully comply with all federal, state, and local laws and regulations which prohibit discrimination. II. CONFIDENTIALITY REQUIREMENTS

Docusign Envelope ID: D4C7881F-E877-4584-8085-98A38DD07BF0

(a) CONTRACTOR agrees:
(i) to use or disclose any Protected Health Information solely: (1) for meeting its obligations as set forth in any agreements between the Parties evidencing their business relationship or (2) as required by applicable law, rule or regulation, or by accrediting or credentialing organization to whom COUNTY is required to disclose such information, or as otherwise permitted under this Certification, or the underlying Agreement ,(if consistent with this Certification and the HIPAA Privacy Rule), or the HIPAA Privacy Rule, and (3) as would be permitted by the HIPAA Privacy Rule if such use or disclosure were made by COUNTY; and
(ii) at termination of the Agreement, (or any similar documentation of the business relationship of the Parties), or upon request of COUNTY, whichever occurs first, if feasible CONTRACTOR will return or destroy all Protected Health Information received from or created or received by CONTRACTOR on behalf of COUNTY that CONTRACTOR still maintains in any form, and retain no copies of such information, or if such return or destruction is not feasible, CONTRACTOR will extend the protections of this Agreement to the information and limit further uses and disclosures to those purposes that make the return or destruction of the information not feasible; and
(iii) to ensure that its agents, including a subcontractor(s), to whom it provides Protected Health Information received from or created by CONTRACTOR on behalf of COUNTY, agrees to the same restrictions and conditions that apply to CONTRACTOR with respect to such information. In addition, CONTRACTOR agrees to take reasonable steps to ensure that its employees' actions or omissions do not cause CONTRACTOR to breach the terms of the Agreement.

(b) Notwithstanding the prohibitions set forth in this Certification or the Agreement, CONTRACTOR may use and disclose Protected Health Information as follows:
(i) if necessary, for the proper management and administration of CONTRACTOR or to carry out the legal responsibilities of CONTRACTOR, provided that as to any such disclosure, the following requirements are met:
(A) the disclosure is required by law; or
(B) CONTRACTOR obtains reasonable assurances from the person to whom the information is disclosed that it will be held confidentially and used or further disclosed only as required by law, or for the purpose for which it was disclosed to the person, and the person notifies CONTRACTOR of any instances of which it is aware in which the confidentiality of the information has been breached;
(ii) for data aggregation services, if to be provided by CONTRACTOR for the health care operations of COUNTY pursuant to any agreements between the Parties evidencing their business relationship. For purposes of this Certification and the Agreement, data aggregation services means the combining of Protected Health Information by CONTRACTOR with the protected health information received by CONTRACTOR in its capacity as CONTRACTOR of another COUNTY, to permit data analyses that relate to the health care operations of the respective covered entities.

(c) CONTRACTOR will implement appropriate safeguards to prevent use or disclosure of Protected Health Information other than as permitted in this Certification. The Secretary of Health and Human Services shall have the right to audit CONTRACTOR's records and practices related to use and disclosure of Protected Health Information to ensure

Docusign Envelope ID: D4C7881F-E877-4584-8085-98A38DD07BF0

COUNTY's compliance with the terms of the HIPAA Privacy Rule. CONTRACTOR shall report to COUNTY any use or disclosure of Protected Health Information which is not in compliance with the terms of this Certification of which it becomes aware. In addition, CONTRACTOR agrees to mitigate, to the extent practicable, any harmful effect that is known to CONTRACTOR of a use or disclosure of Protected Health Information by CONTRACTOR in violation of the requirements of this Certification or the Agreement.

III. AVAILABILITY OF PHI

CONTRACTOR agrees to make available Protected Health Information to the extent and in the manner required by Section 164.524 of the HIPAA Privacy Rule. In addition, CONTRACTOR agrees to make Protected Health Information available for purposes of accounting of disclosures, as required by Section 164.528 of the HIPAA Privacy Rule.

IV. TERMINATION

Notwithstanding anything in this Certification or the Agreement to the contrary, COUNTY shall have the right to terminate the Agreement immediately if COUNTY determines that CONTRACTOR has violated any material term of this Certification and/or the Agreement. If COUNTY reasonably believes that CONTRACTOR will violate a material term of this Certification and/or the Agreement and, where practicable, COUNTY gives written notice to CONTRACTOR of such belief within a reasonable time after forming such belief, and CONTRACTOR fails to provide adequate written assurances to COUNTY that it will not breach the cited term of this Certification and/or the Agreement within a reasonable period of time given the specific circumstances, but in any event, before the threatened breach is to occur, then COUNTY shall have the right to terminate the Agreement immediately.

V. MISCELLANEOUS

Except as expressly stated herein or the HIPAA Privacy Rule, the parties to the Agreement do not intend to create any rights in any third parties. The obligations of CONTRACTOR under this Section shall survive the expiration, termination, or cancellation of this Certification and/or the Agreement, and/or the business relationship of the parties, and shall continue to bind CONTRACTOR, its agents, employees, contractors, successors, and assigns as set forth herein.

The parties agree that, in the event that any documentation of the arrangement pursuant to which CONTRACTOR provides services to COUNTY contains provisions relating to the use or disclosure of Protected Health Information which are more restrictive than the provisions of this Certification or the Agreement, the provisions of the more restrictive documentation will control. The provisions of this Certification and the Agreement are intended to establish the minimum requirements regarding CONTRACTOR's use and disclosure of Protected Health Information.

In the event that either party believes in good faith that any provision of this Certification and/or the Agreement fails to comply with the then current requirements of the HIPAA Privacy Rule, such party shall notify the other party in writing. For a period of up to thirty (30) days, the parties shall address in good faith such concern and amend the terms of this Certification and/or the Agreement, if necessary to bring it into compliance. If, after such thirty-day period, the Certification and/or the Agreement fails to

If CONTRACTOR is exempt from federal audit procedures under UNIFORM ADMINISTRATIVE REQUIREMENTS, COST PRINCIPLES, AND AUDIT REQUIREMENTS FOR FEDERAL AWARDS (Uniform Guidance), then payment for this audit shall be made by CONTRACTOR with resources other than grant funds, or those used for matching purposes. If CONTRACTOR is not exempt from federal audit procedures under the UNIFORM ADMINISTRATIVE REQUIREMENTS, COST PRINCIPLES, AND AUDIT REQUIREMENTS FOR FEDERAL AWARDS (Uniform Guidance), the cost of audits made in accordance with the provisions of this part are allowable charges to Federal awards. The charges may be considered a direct cost or an allocated indirect cost, as determined in accordance with the provisions of applicable Uniform Guidance cost principles, other applicable cost principles or regulations.

II. Contractor Records
Funds provided by COUNTY shall be accounted for separately in CONTRACTOR's books and records. CONTRACTOR shall keep a systematic accounting record of the receipt and disbursement of COUNTY funds. B. PERFORMANCE REPORTING

CONTRACTOR shall enter data monthly into the AAA GetCare System by the 10th day of the month following the month of service. Health Promotion is not a registered service but does require client estimate information.

CONTRACTOR shall provide a quarterly narrative report to County describing the progress of services by October 10, 2025, January 10, 2026, April 10, 2026 and July 10, 2026. The Narrative Report shall be in the form set forth in **Exhibit D-4**.

County has an expectation that a certain number of services are delivered within each reporting period. The benchmark is determined by dividing the service units into the number of months within the contract term. The County has expectations that CONTRACTOR will deliver the contracted service units within 20% of the benchmark.

If CONTRACTOR falls below the required benchmark percentage for two (2) consecutive quarters, and if requested by the County, CONTRACTOR will provide a corrective action plan to the AAA describing the reason for the occurrence and a plan to meet the benchmark.

C. MATCH REQUIREMENTS

Title III-D requires a local cash/in-kind match of 10.53%. The required match is calculated by taking the total program costs less program income, and non-matching contributions, multiplied by the matching requirement percentage. If in-kind match is applied, sub-contractor must provide written documentation explaining how the in-kind was determined and valued. Sub-contractor is required to maintain proper documentation supporting cash/ in-kind claimed and must be available upon request.

AMENDMENT NO. 1
TO THE
JOINT EXERCISE OF POWERS AGREEMENT
BY AND BETWEEN THE COUNTY OF MONTEREY
AND THE CITY OF SALINAS,
JOINT POWERS AUTHORITY:
"HITCHCOCK ROAD ANIMAL SERVICES AGENCY"

THIS AMENDMENT NO. 1 to the JOINT EXERCISE POWERS AGREEMENT (the Agreement), Resolution No. 22-500 is made by and between the County of Monterey (COUNTY/Lead Agency), a political subdivision of the State of California and City of Salinas (CITY), established as the Joint Powers Agency: Hitchcock Road Animal Services (JPA/Agency) with respect to the following.

WHEREAS, on December 26, 2022 the County of Monterey and the City of Salinas entered into a JOINT EXERCISE OF POWERS AGREEMENT (JPA AGREEMENT), Resolution No. 22-500 for the term January 1, 2023 and until terminated pursuant to Article IX of the JPA AGREEMENT, for the use of the Animal Services Center and the provision of other animal services; and

WHEREAS, on January 1, 2023, Hitchcock Road Animal Services Agency (HRAS) was established with the objective of merging the City of Salinas and the County of Monterey entities, for the betterment of all animals in our communities' requiring services, as well as the residents and taxpayers of both entities, with the ability to utilize shared equipment, resources, and personnel; and

WHEREAS, the COUNTY serves as the Administering Agency for HRAS under the Joint Powers Act, encompassing the contracting parties: County of Monterey and City of Salinas; and

WHEREAS, Article III, Section 3.9 of the Agreement requires that HRAS obtain sufficient insurance "to protect the Agency and its Member Agencies from claims for damages arising from the activities of the Agency, its Board of Directors, officers, and employees" by obtaining comprehensive general liability insurance as well as excess liability, worker's compensation insurance, and automobile insurance; and

WHEREAS, the COUNTY's role as Administering Agency includes providing staff and vehicles to HRAS, meaning that the COUNTY's insurance covers all such obligations besides comprehensive general liability insurance; and

WHEREAS, HRAS has been working to obtain comprehensive general liability insurance coverage. As part of that process, a potential carrier asked HRAS to amend the JPA Agreement to clarify insurance coverage responsibilities as between the JPA and the COUNTY as the Administering Agency. The Amendment removes extraneous insurance requirements from the JPA Agreement and confirms that the JPA's sole insurance obligation is to maintain comprehensive general liability coverage, consistent with current practice and insurer requirements. Other coverages required by the JPA Agreement are covered by the County. Approval by the COUNTY and CITY is required to finalize the amendment, which was previously approved by a 4/5 vote of the JPA Board on November 20, 2025. There are no

Docusign Envelope ID: 006DA6FC-A0C5-44BD-B721-0F5BCEF3BEDC

changes to the JPA AGREEMENT term of January 1, 2023 until mutually terminated.

NOW THEREFORE, HRAS hereby agree to amend the JPA AGREEMENT as follows:

1. **Section 3.9, "Indemnity and Insurance", Section 3.9, shall be amended and restated as follows,** "Section 3.9. Indemnity and Insurance. The Agency shall defend, indemnify, and hold harmless each Member Agency to this Agreement and its respective Board of Director members, officers, agents and employees, from all claims, losses, damages, costs, injury, and liability arising out of the Agency's performance of its obligations under this Agreement. The Executive Director shall obtain, and keep in place, a comprehensive general lability policy of insurance with coverage and a limit sufficient to protect the Agency and its Member Agencies from claims for damages arising from the activities of the Agency, its Board of Directors, officers, and employees. The Board of Directors shall, from time to time, set the appropriate level of coverage and shall determine whether additional insurance coverage is appropriate. Each Member Agency shall be named as an "additional insured" on each policy of insurance."

2. Except as provided herein, all remaining terms, conditions, and provisions of the JPA AGREEMENT are unchanged and unaffected by this AMENDMENT NO. 1 and shall continue in full forces and effect as set forth in the JPA AGREEMENT.

3. The recitals to this Amendment No. 1 are hereby incorporated by this reference.

4. A copy of the Amendment No. 1 shall be attached to the original JPA AGREEMENT executed by COUNTY on December 26, 2022

5. This Amendment No. 1 is effective upon execution

County shall have the right to select its legal counsel at Hospital's expense, subject to Hospital's approval, which shall not be unreasonably withheld. This indemnification obligation is not limited in any way by any limitation on the amount or type of damages or compensation payable to or for Hospital or its agents under workers' compensation acts, disability benefits acts, or other employee benefit acts.

Hospital shall file a new or amended certificate of insurance within five calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. If professional liability insurance is written on a "claims-made" basis rather than an occurrence basis, the CONTRACTOR shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage ("tail coverage") with the same liability limits. Any such tail coverage shall continue for at least three years following the expiration or earlier termination of this Agreement.
(Note: Professional liability insurance coverage is required if the contractor is providing a professional service regulated by the state. Examples of service providers regulated by the state are insurance agents, professional architects and engineers, doctors, certified public accountants, lawyers, etc. However, other professional Contractors, such as computer or software designers, technology services, and services providers such as claims administrators, should also have professional liability. General liability coverage shall be provided in the form of an endorsement to the CONTRACTOR'S insurance (at least as broad as ISO Form CG 20 10 11 85 or if not available, through the addition of both CG 20 10, CG 20 26, CG 20 33, or CG 20 38; and CG 20 37 if a later edition is used).

Primary Coverage:

For any claims related to this contract, the CONTRACTOR'S insurance coverage shall be primary and non-contributory and at least as broad as ISO CG 20 01 04 13 as respects the County, its officers, officials, employees, and volunteers. Any insurance or self-insurance maintained by the County, its officers, officials, employees, or volunteers shall be excess of the CONTRACTOR'S insurance and shall not contribute with it. This requirement shall also apply to any Excess or Umbrella liability policies.

Waiver of Subrogation:

CONTRACTOR hereby grants to County a waiver of any right to subrogation which any insurer of said CONTRACTOR may acquire against the County by virtue of the payment of any loss under such insurance. CONTRACTOR agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not the County has received a waiver of subrogation endorsement from the insurer.

Prior to the execution of this Agreement by the County, CONTRACTOR shall file certificates of insurance with the County's contract administrator and County's Contracts/Purchasing Division, showing that the CONTRACTOR has in effect the insurance required by this Agreement. The CONTRACTOR shall file a new or amended certificate of insurance within five calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect. CONTRACTOR shall always during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County, annual certificates to County's Contract Administrator and County's Contracts/Purchasing Division. If the certificate is not received by the expiration date, County shall notify CONTRACTOR and CONTRACTOR shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance is a default of this Agreement, which entitles County, at its sole discretion, to terminate this Agreement immediately.

10.0 RECORDS AND CONFIDENTIALITY:

10.1 **Confidentiality:** CONTRACTOR and its officers, employees, agents, and subcontractors shall comply with any and all federal, state, and local laws, which provide for the confidentiality of records and other information. CONTRACTOR shall not publish any such material without the prior written approval of County.

11.0 NON-DISCRIMINATION:

11.1 During the performance of this Agreement, CONTRACTOR, and its subcontractors, shall not unlawfully discriminate against any person because of race, religious creed, color, sex, national origin, ancestry, physical disability, mental disability, medical condition, marital status, age (over 40), sexual orientation, or any other characteristic set forth in California Government code § 12940(a), either in CONTRACTOR's employment practices or in the furnishing of services to recipients. CONTRACTOR shall ensure that the evaluation and treatment of its employees and applicants for employment and all persons receiving and requesting services are free of such discrimination. CONTRACTOR and any subcontractor shall, in the performance of this Agreement, fully comply with all federal, state, and local laws and regulations which prohibit discrimination. The provision of services primarily or exclusively to such target population as may be designated in this Agreement shall not be deemed to be prohibited discrimination.

12.0 COMPLIANCE WITH TERMS OF STATE OR FEDERAL GRANTS:

If this Agreement has been or will be funded with monies received by the County pursuant to a contract with the state or federal government in which the County is the grantee, CONTRACTOR will comply with all the provisions of said contract, to the extent applicable to CONTRACTOR as a subgrantee under said contract, and said provisions shall be deemed a part of this Agreement, as though fully set forth herein. Upon request, County will deliver a copy of said contract to CONTRACTOR, at no cost to CONTRACTOR.

14.0 INDEPENDENT CONTRACTOR:

In the performance of work, duties, and obligations under this Agreement, CONTRACTOR is always acting and performing as an independent contractor and not as an employee of the County. No offer or obligation of permanent employment with the County or County department or agency is intended in any manner, and CONTRACTOR shall not become entitled by virtue of this Agreement to receive from County any form of employee benefits including but not limited to sick leave, vacation, retirement benefits, workers' compensation coverage, insurance or disability benefits. CONTRACTOR shall be solely liable for and obligated to pay directly all applicable taxes, including federal and state income taxes and social security, arising out of CONTRACTOR's performance of this Agreement. Individual endorsements executed by the insurance carrier shall accompany the certificate. In addition, the Contractor upon request shall provide a certified copy of the policy or policies. This verification of coverage shall be sent to Hospital's Medical Staff Office, unless otherwise directed. This approval of insurance shall neither relieve nor decrease the liability of the Contractor.

All coverages except surety, shall be issued by companies which hold a current policy holder's alphabetic and financial size category rating of not less than A-VII, according to the current Best's Key Rating Guide or a company of equal financial stability that is approved by Hospital's Contracts/Purchasing Director.

If any professional liability insurance covering Contractor is procured on a "Claims Made" rather than "Occurrence" basis, then Contractor shall either continue such coverage or obtain extended reporting coverage (**"Tail Coverage"**), as appropriate, upon the occurrence of any of the following: (i) termination or expiration of this Agreement; (ii) change of coverage if such change shall result in a gap in coverage; or (iii) amendment, reduction or other material change in the then existing professional liability coverage of Contractor if such amendment, reduction or other material change will result in a gap in coverage. Any Tail Coverage shall have liability limits in the amount set forth above and shall in all events continue in existence until the greater of: (a) three (3) years or (b) the longest statute of limitations for professional and general liability for acts committed has expired. All insurance required by this Agreement shall be with a company acceptable to County and issued and executed by an admitted insurer authorized to transact insurance business in the State.

3.4 Other Insurance Requirements. All insurance required by this Agreement shall be with a company acceptable to Hospital and issued and executed by an admitted insurer authorized to transact insurance business in the State. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three (3) years following the date Contractor completes its performance of services under this Agreement.

Each liability policy shall provide that Hospital shall be given notice in writing at least thirty (30) days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for Contractor, and additional insured with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

Commercial general liability and automobile liability policies shall provide an endorsement naming the County of Monterey, its officers, agents, and employees as Additional Insureds with respect to liability arising out of the Contractor's work, including ongoing and completed operations, and shall further provide that such insurance is primary insurance to any insurance or self-insurance maintained by the County and that the insurance of the Additional Insureds shall not be called upon to contribute to a loss covered by the Contractor's insurance. Prior to the execution of this Agreement by Hospital, Contractor shall file certificates of insurance with Hospital's Medical Staff Office, showing that the Contractor has in effect the insurance required by this Agreement. The Contractor shall file a new or amended certificate of insurance within five (5) calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect.

Contractor shall at all times during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by Hospital, annual certificates to Hospital's Medical Staff Office. If the certificate is not received by the expiration date, Hospital shall notify Contractor and Contractor shall have five (5) calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by Contractor to maintain such insurance is a default of this Agreement, which entitles Hospital, at its sole discretion, to terminate the Agreement immediately.

3.5 Right to Offset Insurance Costs.

(a) In the event that Contractor does not purchase or otherwise have the liability insurance set forth in this Section at any time during the term of this Agreement, and without limiting any rights or remedies of County, County may at its option and within its sole discretion provide the liability insurance required by this Section and continue to pay the premiums therefor. If Contractor does not promptly reimburse all such amounts, then County shall have the right to withhold and offset the compensation due to Contractor under this Agreement, in addition to such other rights or privileges as County may have at law or in equity.

(b) The County's option to provide such insurance and to offset the compensation otherwise due to the Contractor shall also apply to the "Tail Coverage" referenced in Section 3.3, including for general liability if during the term of the Agreement such coverage has been written on a claims made basis, which is required to remain effective after the expiration or termination of this Agreement for any reason.

3.6 Indemnification.

(a) **Indemnification by Contractor.** Contractor shall indemnify, defend, and hold harmless County, its officers, agents, and employees, from and against any and all claims, liabilities, and losses whatsoever (including damages to property and injuries to or death of persons, court costs, and reasonable attorneys' fees) occurring or resulting to any and all persons, firms or corporations furnishing or supplying work, services, materials, or supplies in connection with the performance of this Agreement, and from any and all claims, liabilities, and losses occurring or resulting to any person, firm, or corporation for damage, injury, or death arising out of or connected with Contractor's performance of this Agreement, unless such claims, liabilities, or losses arise out of the sole negligence or willful misconduct of County. "Contractor's performance" includes Contractor's acts or omissions and the acts or omissions of Contractor's officers, employees, agents and subcontractors.

(b) **Indemnification by County.** County agrees to defend, indemnify, and hold harmless Contractor, to the extent permitted by applicable law, from and against any and all claims and losses whatsoever accruing or resulting to any person, firm or corporation for damages, injury or death arising out of or connected with any negligent act or omission or willful misconduct of County or any of its agents or employees.

3.7 Indemnification for Timely Payment of Tax Contributions. It is expressly agreed by the Parties hereto that no work, act, commission or omission of Contractor shall be construed to make or render Contractor the agent, employee or servant of County. Contractor agrees to indemnify, defend and hold harmless County and Hospital from and against any and all liability, loss, costs or obligations (including, without limitation, interest, penalties and attorney's fees in defending against the same) against County or Hospital based upon any claim that Contractor has failed to make proper and timely payment of any required tax contributions for itself, its employees, or its purported agents or independent contractors.

3.8 Hospital Services. Hospital shall retain professional and administrative responsibility for the operation of the Hospital and/or Clinic, as and to the extent required by Title 22, California Code of Regulations, Section 70713. Hospital's retention of such responsibility is not intended and shall not be construed to diminish, limit, alter or otherwise modify in any way the obligations of Contractor under this Agreement, including, without limitation, the obligations under the insurance and indemnification provisions set forth in this Article III.

3.9 Survival of Obligations. The Parties' obligations under this Article III shall survive the expiration or termination of this Agreement for any reason.

ARTICLE IV.
RELATIONSHIP BETWEEN THE PARTIES

4.1 Independent Contractor.

(a) Contractor is and shall at all times be an independent contractor with respect to Hospital in the performance of Contractor's obligations under this Agreement. Nothing in this Agreement shall be construed to create an employer/employee, joint venture, partnership, lease or landlord/tenant relationship between Hospital and Contractor. Contractor shall not hold himself or herself out as an officer, agent or employee of Hospital, and shall not incur any contractual or financial obligation on behalf of Hospital without Hospital's prior written consent.

(b) If the Internal Revenue Service (**"IRS"**) or any other governmental agency should inquire about, question or challenge the independent contractor status of Contractor with respect to County, the Parties hereto mutually agree that: (i) each shall inform the other Party hereto of such inquiry or challenge; and (ii) County and Contractor shall each have the right to participate in any discussion or negotiation occurring with the taxing agency, regardless of who initiated such discussions or negotiations. In the event the taxing agency concludes that an independent contractor relationship does not exist, County may terminate this Agreement effective immediately upon written notice. In the event of such termination, the Parties remain free to negotiate an employer/employee contract.

4.2 Limitation on Control. Hospital shall neither have nor exercise any control or direction over Contractor's professional medical judgment or the methods by which Contractor performs professional medical services; provided, however, that Contractor shall be subject to and shall at all times comply with the Protocols and the bylaws, guidelines, policies and rules applicable to other members of the Medical Staff.

4.3 Practice of Medicine. Contractor and Hospital acknowledge that Hospital is neither authorized nor qualified to engage in any activity which may be construed or deemed to constitute the practice of medicine. To the extent that any act or service required of, or reserved to, Hospital in this Agreement is construed or deemed to constitute the practice of medicine, the performance of such act or service by Hospital shall be deemed waived or unenforceable, unless this Agreement can be amended to comply with the law, in which case the Parties shall make such amendment.

4.4 No Benefit Contributions. Hospital shall have no obligation under this Agreement to compensate or pay applicable taxes for, or provide employee benefits of any kind (including contributions to government mandated, employment-related insurance and similar programs) to, or on behalf of, Contractor or any other person employed or retained by Contractor. Notwithstanding the foregoing, if Hospital determines or is advised that it is required by law to compensate or pay applicable taxes for, or provide employee benefits of any kind (including contributions to government mandated, employment-related insurance and similar programs) to, or on behalf of, Contractor or any other person employed or retained by Contractor, Contractor shall reimburse Hospital for any such expenditure within thirty (30) calendar days after being notified of such expenditure.

4.5 Referrals. Contractor shall be entitled to refer patients to any hospital or other health care facility or provider deemed by Contractor best qualified to deliver medical services to any particular patient; provided, however, that Contractor shall not refer any Hospital patient to any provider of health care services which Contractor knows or should have known is excluded or suspended from participation in, or sanctioned by, any state or Federal Health Care Program. Nothing in this Agreement or in any other written or oral agreement between Hospital and Contractor, nor any consideration offered or paid in connection with this Agreement, contemplates or requires the admission or referral of any patients or business to Hospital or any Affiliate. In the event that any governmental agency, any court or any other judicial body of competent jurisdiction, as applicable, issues an opinion, ruling or decision that any payment, fee or consideration provided for hereunder is made or given in return for patient referrals, either Party may at its option terminate this Agreement with three (3) days' notice to the other Party. Contractor's rights under this Agreement shall not be dependent in any way on the referral of patients or business to Hospital or any Affiliate by Contractor or any person employed or retained by Contractor.

4.6 Form 1099 or W-2. If required to do so under applicable law, Hospital shall issue an Internal Revenue Service Form 1099 or Form W-2 to Contractor.

4.7 Contractor Compensation Arrangements. Contractor represents and warrants to Hospital that the compensation paid or to be paid by Contractor to any physician is and will at all times be fair market value for services and items actually provided by such physician, not taking into account the value or volume of referrals or other business generated by such physician for Hospital or any Affiliate. Contractor further represents and warrants to Hospital that Contractor has and will at all times maintain a written agreement with each physician receiving compensation from Contractor.

4.8 Cooperation.

(a) The Parties recognize that, during the term of this Agreement and for an undetermined time period thereafter, certain risk management issues, legal issues, claims or actions may arise that involve or could potentially involve the Parties and their respective employees and agents. The Parties further recognize the importance of cooperating with each other in good faith when such issues, claims or actions arise, to the extent such cooperation does not violate any applicable laws, cause the breach of any duties created by any policies of insurance or programs of self-insurance, or otherwise compromise the confidentiality of

DocuSign Envelope ID: 4B462B60-F494-4EFE-B72D-F36F85D58DE2

communications or information regarding the issues, claims or actions. As such, the Parties hereby agree to cooperate in good faith, using their best efforts, to address such risk management and legal issues, claims, or actions.

(b) The Parties further agree that if a controversy, dispute, claim, action or lawsuit (each, an **"Action"**) arises with a third party wherein both the Parties are included as defendants, each Party shall promptly disclose to the other Party in writing the existence and continuing status of the Action and any negotiations relating thereto. Each Party shall make every reasonable attempt to include the other Party in any settlement offer or negotiations. In the event the other Party is not included in the settlement, the settling Party shall immediately disclose to the other Party in writing the acceptance of any settlement and terms relating thereto, if allowed by the settlement agreement.

(c) Contractor shall cooperate with the individual designated by Hospital to have principal responsibility for the administration and operation of the Hospital and/or Clinic. Such cooperation shall include supervision, selection, assignment, and evaluation of personnel; management and direction of equipment maintenance; development of budgets; and oversight of the acquisition of materials, supplies, and equipment.

(d) Contractor shall assist Hospital, as reasonably requested by Hospital, in Hospital's compliance with applicable laws and the standards, requirements, guidelines and recommendations of any governing or advisory body having authority to set standards relating to the operation of Hospital, or any nationally recognized accrediting organization that Hospital designates from time to time.

4.9 Contractor's Performance. County or Hospital, at its option and within its sole discretion, may seek evaluation of contractual performance by requesting input from Hospital's Medical Director/Chief Medical Officer and from other professionals within Hospital.

4.10 Right of Inspection. Upon reasonable prior written notice, Hospital and County officials and their designees may inspect the books and records of Contractor which are necessary to determine that work performed by Contractor to patients hereunder is in accord with the requirements of this Agreement. Such inspection shall be made in a manner so as not to disrupt the operations of Hospital or Contractor.

4.11 Access to and Audit of Records. Hospital shall have the right to examine, monitor and audit all records, documents, conditions, and activities of the Contractor and its subcontractors related to services provided under this Agreement. Pursuant to Government Code Section 8546.7, if this Agreement involves the expenditure of public funds in excess of Ten Thousand Dollars ($10,000), the Parties may be subject, at the request of Hospital or as part of any audit of Hospital, to the examination and audit of the State Auditor pertaining to matters connected with the performance of this Agreement for a period of three (3) years after final payment under the Agreement.

5.1 Term. This Agreement shall become effective on June 1, 2024 (the **"Effective Date"**), and shall continue until May 31, 2026 (the **"Expiration Date"**), subject to the termination provisions of this Agreement.

5.2 Termination by Hospital. Hospital shall have the right to terminate this Agreement upon the occurrence of any one or more of the following events:

(a) breach of this Agreement by Contractor where the breach is not cured within thirty (30) calendar days after Hospital gives written notice of the breach to Contractor;

(b) death or permanent disability of Contractor;

(c) Contractor's voluntary retirement from the practice of medicine;

Alternatively, County and Contractor may mutually agree to amend the Agreement in response to a reduction in Federal, State or local funding.

(a) During the term of this Agreement, Contractor may have access to and become acquainted with Trade Secrets and Confidential Information of Hospital. **"Trade Secrets"** includes information and data relating to payor contracts and accounts, clients, patients, patient groups, patient lists, billing practices and procedures, business techniques and methods, strategic plans, operations and related data. **"Confidential Information"** includes Trade Secrets and any information related to the past, current or proposed operations, business or strategic plans, financial statements or reports, technology or services of Hospital or any Affiliate that Hospital discloses or otherwise makes available in any manner to Contractor, or to which Contractor may gain access in the performance of the Services under this Agreement, or which Contractor knows or has reason to know is confidential information of Hospital or any Affiliate; whether such information is disclosed orally, visually or in writing, and whether or not bearing any legend or marking indicating that such information or data is confidential. By way of example, but not limitation, Confidential Information includes any and all know-how, processes, manuals, confidential reports, procedures and methods of Hospital, any Hospital patient's individually identifiable health information (as defined under HIPAA), and any information, records and proceedings of Hospital and/or Medical Staff committees, peer review bodies, quality committees and other committees or bodies charged with the evaluation and improvement of the quality of care. Confidential Information also includes proprietary or confidential information of any third party that may be in Hospital's or any Affiliate's possession.

(b) Confidential Information shall be and remain the sole property of Hospital, and shall, as applicable, be proprietary information protected under the Uniform Trade Secrets Act. Contractor shall not use any Confidential Information for any purpose not expressly permitted by this Agreement, or disclose any Confidential Information to any person or entity, without the prior written consent of Hospital. Contractor shall protect the Confidential Information from unauthorized use, access, or disclosure in the same manner as Contractor protects his or her own confidential or proprietary information of a similar nature and with no less than reasonable care. All documents that Contractor prepares, or Confidential Information that might be given to Contractor in the course of providing Services under this Agreement, are the exclusive property of Hospital, and, without the prior written consent of Hospital, shall not be removed from Hospital's premises.

(c) Contractor shall return to Hospital all Confidential Information and all copies thereof in Contractor's possession or control, and permanently erase all electronic copies of such Confidential Information, promptly upon the written request of Hospital, or the termination or expiration of this Agreement. Contractor shall not copy, duplicate or reproduce any Confidential Information without the prior written consent of Hospital.

(d) This Section shall survive the expiration or termination of this Agreement.

6.8 Disclosure of Interests. Contractor shall provide to Hospital, as requested by Hospital from time to time, information sufficient to disclose any ownership, investment or compensation interest or arrangement of Contractor, or any of Contractor's immediate family members, in any entity providing "designated health services" (as such term is defined in the Stark Law (42 U.S.C. Section 1395nn) and its regulations) or any other health care services. This Section shall not impose on Hospital any disclosure or reporting requirements or obligations imposed on Contractor under any governmental program or create an assumption of such disclosure obligations by Hospital. Contractor shall have the sole responsibility to fulfill any such federal and/or state reporting requirements or obligations.

6.9 Dispute Resolution. In the event of any dispute, controversy, claim or disagreement arising out of or related to this Agreement or the acts or omissions of the Parties with respect to this Agreement (each, a **"Dispute"**), the Parties shall resolve such Dispute as follows:

(a) **Meet and Confer.** The Parties shall, as soon as reasonably practicable, but in no case more than ten (10) days after one Party gives written notice of a Dispute to the other Party (the **"Dispute Notice"**), meet and confer in good faith regarding such Dispute at such time and place as mutually agreed upon by the Parties (the **"Meet and Confer"**). The obligation to conduct a Meet and Confer pursuant to this Section does not obligate either Party to agree to any compromise or resolution of the Dispute that such Party does not determine, in its sole and absolute discretion, to be a satisfactory resolution of the Dispute. The Meet and Confer shall be considered a settlement negotiation for the purpose of all applicable Laws protecting statements, disclosures or conduct in such context, and any offer in compromise or other statements or conduct made at or in connection with any Meet and Confer shall be protected under such Laws.

(b) **Arbitration.** If any Dispute is not resolved to the mutual satisfaction of the Parties within ten (10) business days after delivery of the Dispute Notice (or such other period as may be mutually agreed upon by the Parties in writing), the Parties shall submit such Dispute to arbitration conducted by Judicial Arbitration and Mediation Services, Inc. (**"JAMS"**), or other arbitration and/or mediation services company as agreed to by the Parties, in accordance with the following rules and procedures:

(i) Each Party may commence arbitration by giving written notice to the other Party demanding arbitration (the **"Arbitration Notice"**). The Arbitration Notice shall specify the Dispute, the particular claims and/or causes of actions alleged by the Party demanding arbitration, and the factual and legal basis in support of such claims and/or causes of action.

DocuSign Envelope ID: 4B462B60-F494-4EFE-B72D-F36F85D58DE2

(ii) The arbitration shall be conducted in the County in which the Hospital is located and in accordance with the commercial arbitration rules and procedures of JAMS (or other arbitration company as mutually agreed to by the Parties) to the extent such rules and procedures are not inconsistent with the provisions set forth in this Section. In the event of a conflict between any rules and/or procedures of JAMS (or other arbitration company as mutually agreed to by the Parties) and the rules and/or procedures set forth in this Section, the rules and/or procedures set forth in this Section shall govern.

(iii) The arbitration shall be conducted before a single impartial retired member of the JAMS panel of arbitrators (or panel of arbitrators from such other arbitration company as mutually agreed to by the Parties) covering the County in which the Hospital is located (the **"Panel"**). The Parties shall use their good faith efforts to agree upon a mutually acceptable arbitrator within thirty (30) days after delivery of the Arbitration Notice. If the Parties are unable to agree upon a mutually acceptable arbitrator within such time period, then each Party shall select one arbitrator from the Panel, and those arbitrators shall select a single impartial arbitrator from the Panel to serve as arbitrator of the Dispute.

(iv) The Parties expressly waive any right to any and all discovery in connection with the arbitration; provided, however, that each Party shall have the right to conduct no more than two (2) depositions and submit one set of interrogatories with a maximum of forty (40) questions, including subparts of such questions.

(v) The arbitration hearing shall commence within thirty (30) days after appointment of the arbitrator. The substantive internal law (and not the conflict of laws) of the State shall be applied by the arbitrator to the resolution of the Dispute, and the Evidence Code of the State shall apply to all testimony and documents submitted to the arbitrator. The arbitrator shall have no authority to amend or modify the limitation on the discovery rights of the Parties or any of the other rules and/or procedures set forth in this Section. As soon as reasonably practicable, but not later than thirty (30) days after the arbitration hearing is completed, the arbitrator shall arrive at a final decision, which shall be reduced to writing, signed by the arbitrator and mailed to each of the Parties and their respective legal counsel.

DocuSign Envelope ID: 4B462B60-F494-4EFE-B72D-F36F85D58DE2

(vi) Any Party may apply to a court of competent jurisdiction for entry and enforcement of judgment based on the arbitration award. The award of the arbitrator shall be final and binding upon the Parties without appeal or review except as permitted by the Arbitration Act of the State.

(vii) The fees and costs of JAMS (or other arbitration company as mutually agreed to by the Parties) and the arbitrator, including any costs and expenses incurred by the arbitrator in connection with the arbitration, shall be borne equally by the Parties, unless otherwise agreed to by the Parties.

(viii) Except as set forth in Section 6.9(b)(vii), each Party shall be responsible for the costs and expenses incurred by such Party in connection with the arbitration, including its own attorneys' fees and costs; provided, however, that the arbitrator shall require one Party to pay the costs and expenses of the prevailing Party, including attorneys' fees and costs and the fees and costs of experts and consultants, incurred in connection with the arbitration if the arbitrator determines that the claims and/or position of a Party were frivolous and without reasonable foundation.

(c) **Waiver of Injunctive or Similar Relief.** The Parties hereby waive the right to seek specific performance or any other form of injunctive or equitable relief or remedy arising out of any Dispute, except that such remedies may be utilized for purposes of enforcing this Section and sections governing Confidential Information, Compliance with HIPAA, Compliance with Laws and Accreditation and Compliance with Medicare Rules of this Agreement. Except as expressly provided herein, upon any determination by a court or by an arbitrator that a Party has breached this Agreement or improperly terminated this Agreement, the other Party shall accept monetary damages, if any, as full and complete relief and remedy, to the exclusion of specific performance or any other form of injunctive or equitable relief or remedy.

(d) **Injunctive or Similar Relief.** Notwithstanding anything to the contrary in this Section, the Parties reserve the right to seek specific performance or any other form of injunctive relief or remedy in any state or federal court located within the County in which the Hospital is located for purposes of enforcing this Section and sections governing Confidential Information, Compliance with HIPAA, Compliance with Laws and Accreditation and Compliance with Medicare Rules of this Agreement. Contractor hereby consents to the jurisdiction of any such court and to venue therein, waives any and all rights under the Laws of any other state to object to jurisdiction within the State, and consents to the service of process in any such action or proceeding, in addition to any other manner permitted by applicable Law, by compliance with the notices provision of this Agreement. The non-prevailing Party in any such action or proceeding shall pay to the prevailing Party reasonable fees and costs incurred in such action or proceeding, including attorneys' fees and costs and the fees and costs of experts and consultants. The prevailing Party shall be the Party who is entitled to recover its costs of suit (as determined by the court of competent jurisdiction), whether or not the action or proceeding proceeds to final judgment or award.

6.12 Force Majeure. Neither Party shall be liable for nonperformance or defective or late performance of any of its obligations under this Agreement to the extent and for such periods of time as such nonperformance, defective performance or late performance is due to reasons outside such Party's control, including acts of God, war (declared or undeclared), terrorism, action of any governmental authority, civil disturbances, riots, revolutions, vandalism, accidents, fire, floods, explosions, sabotage, nuclear incidents, lightning, weather, earthquakes, storms, sinkholes, epidemics, failure of transportation infrastructure, disruption of public utilities, supply chain interruptions, information systems interruptions or failures, breakdown of machinery or strikes (or similar nonperformance, defective performance or late performance of employees, suppliers or subcontractors); provided, however, that in any such event, each Party shall use its good faith efforts to perform its duties and obligations under this Agreement.

6.15 Litigation Consultation. Contractor shall not accept consulting assignments or otherwise contract, agree, or enter into any arrangement to provide expert testimony or evaluation on behalf of a plaintiff in connection with any claim against Hospital or any Affiliate named, or expected to be named as a defendant. Contractor shall not accept similar consulting assignments if (a) the defendants or anticipated defendants include a member of the medical staff of Hospital or any Affiliate, and (b) the matter relates to events that occurred at Hospital or any Affiliate; provided, however, the provisions of this Section shall not apply to situations in which Contractor served as a treating physician.

Contractor represents and warrants that the execution and delivery of this Agreement and the performance of his or her obligations hereunder do not and will not: (a) present a conflict of interest or materially interfere with the performance of Contractor's duties under any other agreement or arrangement; or (b) violate, conflict with, or result in a breach of any provision of, or constitute a default (or an event which, with notice and/or lapse of time, would constitute a default) under, terminate, accelerate the performance required by, or result in a right of termination or acceleration under any of the terms, conditions or provisions of any other agreement, indebtedness, note, bond, indenture, security or pledge agreement, license, franchise, permit, or other instrument or obligation to which Contractor is a party or by which Contractor is bound. Contractor shall immediately inform Hospital of any other agreements to which Contractor is a party that may present a conflict of interest or materially interfere with performance of Contractor's duties under this Agreement.

4.2 Termination. Either Covered Entity or Business Associate may terminate this Agreement and any related agreements if the terminating Party determines in good faith that the terminated Party has breached a material term of this Agreement; provided, however, that no Party may terminate this Agreement if the breaching Party cures such breach to the reasonable satisfaction of the terminating Party within thirty (30) days after the breaching Party's receipt of written notice of such breach.

4.3 Automatic Termination. This Agreement shall automatically terminate without any further action of the Parties upon the termination or expiration of Business Associate's provision of Services to Covered Entity.

4.4 Effect of Termination. Upon termination or expiration of this Agreement for any reason, Business Associate shall return all PHI pursuant to 45 C.F.R. § 164.504(e)(2)(ii)(I) if, and to the extent that, it is feasible to do so. Prior to doing so, Business Associate shall recover any PHI in the possession of its subcontractors or agents. In addition, Section 3.1(i) shall survive termination of this Agreement, provided that Covered Entity determines that the PHI being retained pursuant to Section 4.4 constitutes a Designated Record Set.

5.2 Amendments; Waiver. This Agreement may not be modified or amended, except in a writing duly signed by authorized representatives of the Parties. To the extent that any relevant provision of the HIPAA, HITECH or Red Flag Rules is materially amended in a manner that changes the obligations of Business Associates or Covered Entities, the Parties agree to negotiate in good faith appropriate amendment(s) to this Agreement to give effect to the revised obligations. Further, no provision of this Agreement shall be waived, except in a writing duly signed by authorized representatives of the Parties. A waiver with respect to one event shall not be construed as continuing, or as a bar to or waiver of any right or remedy as to subsequent events.

5.3 No Third Party Beneficiaries. Nothing express or implied in this Agreement is intended to confer, nor shall anything herein confer, upon any person other than the Parties and the respective successors or assigns of the Parties, any rights, remedies, obligations, or liabilities whatsoever.

AGREEMENT

THE PARTIES AGREE AS FOLLOWS:

ARTICLE I.
CONTRACTOR'S OBLIGATIONS

1.1 Professional Services.

(a) Contractor shall, through the services of Physician, provide Specialty medical care and treatment (the **"Professional Services"**) to Patients, upon the terms and subject to the conditions set forth in this Agreement.

(b) Contractor shall be available on an on-call basis to provide Specialty medical care and treatment to Patients (**"Coverage Services"**), along with other Panel Members, in a manner that is sufficient to ensure coverage of Hospital in the Specialty twenty-four (24) hours per day, seven (7) days a week, including all holidays, upon the terms and conditions set forth in this Agreement. For the avoidance of doubt, Contractor shall provide Coverage Services with other Panel Members, and nothing in this Agreement or in any other written or oral agreement between Hospital and Contractor contemplates or guarantees any minimum number of twenty-four (24) hour shifts (**"Shifts"**) of Coverage Services to be provided by Contractor,

(c) Contractor shall ensure that Physician provides timely initial follow-up care for all Hospital patients referred for care by the ED or attending physician. If Physician is the physician on-call at the time of the referral, Physician shall provide any necessary follow-up care for such patients regardless of the patient's ability to pay for services at the time of the first visit.

1.2 Teaching Services. Contractor shall, through the services of Physician, provide to Hospital those teaching services set forth in **Exhibit 1.2** (collectively, the **"Teaching Services"**). Contractor shall not be separately compensated for the provision of Teaching Services under this Agreement.

Physician shall use his or her

Docusign Envelope ID: 5FC4A10B-3233-460B-9BCC-AFE85BAD2F2E

best efforts to adjust such schedule of availability if reasonably requested by Hospital in order to meet Hospital's needs for the Services.

1.6 Absences. If Contractor or Physician is unable or reasonably expected to be unable to provide the Services for any reason for a period of greater than thirty (30) consecutive days or sixty (60) days in the aggregate over any three (3) month period, Contractor shall designate a qualified replacement to provide the Services on behalf of Contractor, subject to the prior written approval of Hospital. Contractor shall ensure that any such designated replacement meets any and all obligations and requirements of Contractor under this Agreement. If the length of Physician's absence is anticipated to be or actually is longer than sixty (60) calendar days, the person who provides the Services in Physician's absence shall execute a written acknowledgment in form and substance acceptable to Hospital agreeing to be bound by all terms of this Agreement. Such time sheets shall be on the then-current form provided by Hospital attached hereto as **Exhibit 1.7**. (a) Contractor shall ensure that Physician prepares complete, timely, accurate and legible medical and other records with respect to the services and treatment furnished to ED patients, in accordance with the Hospital Rules, federal and state laws and regulations, and standards and recommendations of such nationally recognized accrediting organization as Hospital designates from time to time. All such information and records relating to any ED patient shall be: (i) prepared on forms developed, provided or approved by Hospital; (ii) the sole property of Hospital; and (iii) maintained at Hospital in accordance with the terms of this Agreement and for so long as is required by applicable laws and regulations.

(b) Contractor shall maintain and upon request provide to ED patients, Hospital, and state and federal agencies, all financial books and records and medical records and charts as may be necessary for Contractor and/or Hospital to comply with applicable state, federal, and local laws and regulations and with contracts between Hospital and third party payors. Contractor shall cooperate with Hospital in completing such claim forms for ED patients as may be required by insurance carriers, health care service plans, governmental agencies, or other third party payors. Contractor shall retain all such records and information for at least ten (10) years following the expiration or termination of this Agreement. This Section 1.21(b) shall survive the expiration or termination of this Agreement.

1.22 Records Available to Contractor. Both during and after the term of this Agreement, Hospital shall permit Contractor and Contractor's agents to inspect and/or duplicate, at Contractor's sole cost and expense, any medical chart and record to the extent necessary to meet Contractor's professional responsibilities to patients, to assist in the defense of any malpractice or similar claim to which such chart or record may be pertinent, and/or to fulfill requirements pursuant to provider contracts to provide patient information; provided, however, such inspection or duplication is permitted and conducted in accordance with applicable legal requirements and pursuant to commonly accepted standards of patient confidentiality. Contractor shall be solely responsible for maintaining patient confidentiality with respect to any information which Contractor obtains pursuant to this Section.

2.2 Billing and Collection. Hospital shall have the sole and exclusive right to bill and collect for any and all Professional Services rendered to Patients by Contractor or Physician under this Agreement (the **"NMC Services"**). Hospital shall have the sole and exclusive right, title and interest in and to accounts receivable with respect to such NMC Services.

(a) **Assignment of Claims.** Contractor hereby assigns (or reassigns, as the case may be) to Hospital all claims, demands and rights of Contractor for any and all NMC Services rendered by Contractor pursuant to this Agreement. Contractor shall take such action and execute such documents (e.g., CMS Forms 855R and 855I), as may be reasonably necessary or appropriate to effectuate the assignment (or reassignment, as the case may be) to Hospital of all claims, demands and rights of Contractor for any and all NMC Services rendered by Contractor pursuant to this Agreement.

(b) **Cooperation with Billing and Collections.** Contractor shall cooperate with Hospital in the billing and collection of fees with respect to NMC Services rendered by Contractor. (c) **Hospital as Exclusive Source for Compensation for NMC Services.** Contractor shall seek and obtain compensation for the performance of NMC Services only from Hospital. Contractor shall not, bill, assess or charge any fee, assessment or charge of any type against any Hospital patient or any other person or entity for NMC Services rendered by Contractor pursuant to this Agreement. Contractor shall promptly deliver to Hospital any and all compensation, in whatever form, that is received by Contractor or Physician for NMC Services rendered by Contractor or Physician pursuant to this Agreement, including any amount received from any Managed Care Organization (as defined below) for NMC Services rendered by Contractor or Physician pursuant to this Agreement.

(d) **Joint and Several Liability**. Hospital and Contractor acknowledge that they will be jointly and severally liable for any Federal Health Care Program overpayments relating to claims with respect to NMC Services furnished by Contractor pursuant to this Agreement. The foregoing is not intended and shall not be construed to diminish, limit, alter or otherwise modify in any way the Parties' respective indemnification obligations under this Agreement.

(e) **Indemnification for Billing Information.** Contractor hereby agrees to indemnify County, Hospital, its officers, supervisors, trustees, employees and agents, from and against any and all liability, cost, loss, penalty or expense (including, without limitation, attorneys' fees and court costs) incurred by Hospital resulting from negligent acts or negligent omissions of Contractor which result in inaccurate and/or improper billing information furnished by Contractor and relied on by Hospital regarding Professional Services rendered by Contractor to Patients, to the extent such liability, cost, loss, penalty or expense exceeds the amount of payment or reimbursement actually received by Hospital for such services.

2.3 Third Party Payor Arrangements.

(a) Contractor shall cooperate in all reasonable respects necessary to facilitate Hospital's entry into or maintenance of any third party payor arrangements for the provision of services under Federal Health Care Programs or any other public or private health and/or hospital care programs, including insurance programs, self-funded employer health programs, health care service plans and preferred provider organizations.

(b) To enable Hospital or the Clinic to participate in any third party payor arrangement, Contractor shall, not more than ten (10) business days following Hospital's request:

ARTICLE III.
INSURANCE AND INDEMNITY

3.1 Evidence of Coverage. Prior to commencement of this Agreement, the Contractor shall provide a "Certificate of Insurance" certifying that coverage as required herein has been obtained. Individual endorsements executed by the insurance carrier shall accompany the certificate. In addition, the Contractor upon request shall provide a certified copy of the policy or policies. This verification of coverage shall be sent to Hospital's Medical Staff Office, unless otherwise directed. The Contractor shall not receive a "Notice to Proceed" with the work under this Agreement until it has obtained all insurance required and Hospital has approved such insurance. This approval of insurance shall neither relieve nor decrease the liability of the Contractor.

3.2 Qualifying Insurers. All coverages except surety, shall be issued by companies which hold a current policy holder's alphabetic and financial size category rating of not less than

Docusign Envelope ID: 5FC4A10B-3233-460B-9BCC-AFE85BAD2F2E

A-VII, according to the current Best's Key Rating Guide or a company of equal financial stability that is approved by Hospital's Contracts/Purchasing Director.

3.3 Insurance Coverage Requirements. Without limiting Contractor's or Physician's duty to indemnify, Contractor shall maintain in effect throughout the term of this Agreement, at Contractor's sole cost and expense, a policy or policies of insurance with the following minimum limits of liability:

(a) **Professional liability insurance**, covering Contractor and Physician with coverage of not less than One-Million Dollars ($1,000,000) per physician per occurrence and Three-Million Dollars ($3,000,000) per physician in the aggregate; or such other amount(s) of professional liability insurance as may be required by Article 2.2-1 of Hospital's Medical Staff Bylaws from time to time, to cover liability for malpractice and/or errors or omissions made in the course of rendering services under this Agreement. If any professional liability insurance covering Contractor and Physician is procured on a "Claims Made" rather than "Occurrence" basis, then Contractor and Physician shall either continue such coverage or obtain extended reporting coverage (**"Tail Coverage"**), as appropriate, upon the occurrence of any of the following: (i) termination or expiration of this Agreement; (ii) change of coverage if such change shall result in a gap in coverage; or (iii) amendment, reduction or other material change in the then existing professional liability coverage of Contractor if such amendment, reduction or other material change will result in a gap in coverage. Any Tail Coverage shall have liability limits in the amount set forth above and shall in all events continue in existence until the greater of: (a) three (3) years or (b) the longest statute of limitations for professional and general liability for acts committed has expired. All insurance required by this Agreement shall be with a company acceptable to County and issued and executed by an admitted insurer authorized to transact insurance business in the State.

(b) **Commercial general liability insurance**, including but not limited to premises and operations, including coverage for Bodily Injury and Property Damage, Personal Injury, Contractual Liability, Broad form Property Damage, Independent Contractors, Products and Completed Operations, with a combined single limit for Bodily Injury and Property Damage of not less than One Million Dollars ($1,000,000) per occurrence.

☐ Exemption/Modification (Justification attached; subject to approval).

(c) **Business automobile liability insurance**, covering all motor vehicles, including owned, leased, non-owned, and hired vehicles, used in providing services under this Agreement, with a combined single limit for Bodily Injury and Property Damage of not less than One Million Dollars ($1,000,000) per occurrence.

☐ Exemption/Modification (Justification attached; subject to approval).

(d) **Workers' Compensation Insurance**, if Contractor employs others in the performance of this Agreement, in accordance with California Labor Code Section 3700 and with Employer's Liability limits not less than One Million Dollars ($1,000,000) each person, One Million Dollars ($1,000,000) each accident and One Million Dollars ($1,000,000) each disease.

Docusign Envelope ID: 5FC4A10B-3233-460B-9BCC-AFE85BAD2F2E

☐ Exemption/Modification (Justification attached; subject to approval).

3.4 Other Insurance Requirements. All insurance required by this Agreement shall be with a company acceptable to Hospital and issued and executed by an admitted insurer authorized to transact insurance business in the State. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three (3) years following the date Contractor and Physician complete their performance of services under this Agreement.

Each liability policy shall provide that Hospital shall be given notice in writing at least thirty (30) days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for Contractor, Physician, and additional insured with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

Commercial general liability and automobile liability policies shall provide an endorsement naming the County of Monterey, its officers, agents, and employees as Additional Insureds with respect to liability arising out of the Contractor's work, including ongoing and completed operations, and shall further provide that such insurance is primary insurance to any insurance or self-insurance maintained by the County and that the insurance of the Additional Insureds shall not be called upon to contribute to a loss covered by the Contractor's insurance. The required endorsement from for Commercial General Liability Additional Insured is ISO Form CG 20 10 11-85 or CG 20 10 10 01 in tandem with CG 20 37 10 01 (2000). The required endorsement from for Automobile Additional Insured Endorsement is ISO Form CA 20 48 02 99.

Prior to the execution of this Agreement by Hospital, Contractor shall file certificates of insurance with Hospital's Medical Staff Office, showing that the Contractor has in effect the insurance required by this Agreement. The Contractor shall file a new or amended certificate of insurance within five (5) calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect.

Contractor and Physician shall at all times during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by Hospital, annual certificates to Hospital's Medical Staff Office. If the certificate is not received by the expiration date, Hospital shall notify Contractor and Contractor shall have five (5) calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by Contractor to maintain such insurance is a default of this Agreement, which entitles Hospital, at its sole discretion, to terminate the Agreement immediately.

3.5 Right to Offset Insurance Costs.

Docusign Envelope ID: 5FC4A10B-3233-460B-9BCC-AFE85BAD2F2E

(a) In the event that Contractor does not purchase or otherwise have the liability insurance set forth in this Section at any time during the term of this Agreement, and without limiting any rights or remedies of County, County may at its option and within its sole discretion provide the liability insurance required by this Section and continue to pay the premiums therefor. If Contractor does not promptly reimburse all such amounts, then County shall have the right to withhold and offset the compensation due to Contractor under this Agreement, in addition to such other rights or privileges as County may have at law or in equity.

(b) The County's option to provide such insurance and to offset the compensation otherwise due to the Contractor shall also apply to the "Tail Coverage" referenced in Section 3.3, including for general liability if during the term of the Agreement such coverage has been written on a claims made basis, which is required to remain effective after the expiration or termination of this Agreement for any reason.

3.6 Indemnification.

(a) **Indemnification by Contractor.** Contractor and Physician shall indemnify, defend, and hold harmless County, its officers, agents, and employees, from and against any and all claims, liabilities, and losses whatsoever (including damages to property and injuries to or death of persons, court costs, and reasonable attorneys' fees) occurring or resulting to any and all persons, firms or corporations furnishing or supplying work, services, materials, or supplies in connection with the performance of this Agreement, and from any and all claims, liabilities, and losses occurring or resulting to any person, firm, or corporation for damage, injury, or death arising out of or connected with Contractor's or Physician's performance of this Agreement, unless such claims, liabilities, or losses arise out of the sole negligence or willful misconduct of County. "Contractor's performance" includes Contractor's and Physician's acts or omissions and the acts or omissions of Contractor's officers, employees, agents and subcontractors.

(b) **Indemnification by County.** County agrees to defend, indemnify, and hold harmless Contractor and Physician, to the extent permitted by applicable law, from and against any and all claims and losses whatsoever accruing or resulting to any person, firm or corporation for damages, injury or death arising out of or connected with any negligent act or omission or willful misconduct of County or any of its agents or employees.

3.7 Indemnification for Timely Payment of Tax Contributions. It is expressly agreed by the Parties hereto that no work, act, commission or omission of Contractor or Physician shall be construed to make or render Contractor or Physician the agent, employee or servant of County. Contractor and Physician agrees to indemnify, defend and hold harmless County and Hospital from and against any and all liability, loss, costs or obligations (including, without limitation, interest, penalties and attorney's fees in defending against the same) against County or Hospital based upon any claim that Contractor has failed to make proper and timely payment of any required tax contributions for itself, its employees, or its purported agents or independent contractors.

3.8 Hospital Services. Hospital shall retain professional and administrative responsibility for the operation of the Hospital and/or Clinic, as and to the extent required by Title 22, California Code of Regulations, Section 70713. Hospital's retention of such responsibility is not intended and shall not be construed to diminish, limit, alter or otherwise modify in any way the obligations of Contractor under this Agreement, including, without limitation, the obligations under the insurance and indemnification provisions set forth in this Article III.

3.9 Survival of Obligations. The Parties' obligations under this Article III shall survive the expiration or termination of this Agreement for any reason.

ARTICLE IV.
RELATIONSHIP BETWEEN THE PARTIES

4.1 Independent Contractor.

(a) Contractor and Physician is and shall at all times be an independent contractor with respect to Hospital in the performance of Contractor's and Physician's obligations under this Agreement. Nothing in this Agreement shall be construed to create an employer/employee, joint venture, partnership, lease or landlord/tenant relationship between Hospital and Contractor or Hospital and Physician. Physician shall not hold himself or herself out as an officer, agent or employee of Hospital, and shall not incur any contractual or financial obligation on behalf of Hospital without Hospital's prior written consent.

(b) If the Internal Revenue Service (**"IRS"**) or any other governmental agency should inquire about, question or challenge the independent contractor status of Contractor or Physician with respect to County, the Parties hereto mutually agree that: (i) each shall inform the other Party hereto of such inquiry or challenge; and (ii) County and Contractor shall each have the right to participate in any discussion or negotiation occurring with the taxing agency, regardless of who initiated such discussions or negotiations. In the event the taxing agency concludes that an independent contractor relationship does not exist, County may terminate this Agreement effective immediately upon written notice. In the event of such termination, the Parties remain free to negotiate an employer/employee contract with Physician.

4.2 Limitation on Control. Hospital shall neither have nor exercise any control or direction over Contractor's or Physician's professional medical judgment or the methods by which Contractor or Physician performs professional medical services; provided, however, that Contractor and Physician shall be subject to and shall at all times comply with the Protocols and the bylaws, guidelines, policies and rules applicable to other members of the Medical Staff.

4.3 Practice of Medicine. Contractor and Hospital acknowledge that Hospital is neither authorized nor qualified to engage in any activity which may be construed or deemed to constitute the practice of medicine. To the extent that any act or service required of, or reserved to, Hospital in this Agreement is construed or deemed to constitute the practice of medicine, the performance of such act or service by Hospital shall be deemed waived or unenforceable, unless this Agreement can be amended to comply with the law, in which case the Parties shall make such amendment.

4.4 No Benefit Contributions. Hospital shall have no obligation under this Agreement to compensate or pay applicable taxes for, or provide employee benefits of any kind (including contributions to government mandated, employment-related insurance and similar programs) to, or on behalf of, Contractor or any other person employed or retained by Contractor. Notwithstanding the foregoing, if Hospital determines or is advised that it is required by law to compensate or pay applicable taxes for, or provide employee benefits of any kind (including contributions to government mandated, employment-related insurance and similar programs) to, or on behalf of, Contractor or any other person employed or retained by Contractor, Contractor shall reimburse Hospital for any such expenditure within thirty (30) calendar days after being notified of such expenditure.

4.5 Referrals. Contractor and Physician shall be entitled to refer patients to any hospital or other health care facility or provider deemed by Contractor or Physician best qualified to deliver medical services to any particular patient; provided; however, that neither Contractor nor Physician shall refer any Hospital patient to any provider or health care services which either Contractor or Physician knows or should have known is excluded or suspended from participation in, or sanctioned by, any Federal Health Care Program or state equivalent. Nothing in this Agreement or in any other written or oral agreement between Hospital and Contractor or Hospital and Physician, nor any consideration offered or paid in connection with this Agreement, contemplates or requires the admission or referral of any patients or business to Hospital or any Affiliate. In the event that any governmental agency, any court or any other judicial body of competent jurisdiction, as applicable, issues an opinion, ruling or decision that any payment, fee or consideration provided for hereunder is made or given in return for patient referrals, either Party may at its option terminate this Agreement with three (3) days' notice to the other Party. Contractor's rights under this Agreement shall not be dependent in any way on the referral of patients or business to Hospital or any Affiliate by Contractor, Physician or any person employed or retained by Contractor.

4.6 Form 1099 or W-2. If required to do so under applicable law, Hospital shall issue an Internal Revenue Service Form 1099 or Form W-2 to Contractor.

4.7 Contractor Compensation Arrangements. Contractor represents and warrants to Hospital that the compensation paid or to be paid by Contractor to any physician is and will at all times be fair market value for services and items actually provided by such physician, not taking into account the value or volume of referrals or other business generated by such physician for Hospital or any Affiliate. Contractor further represents and warrants to Hospital that Contractor has and will at all times maintain a written agreement with each physician receiving compensation from Contractor.

4.8 Cooperation.

(a) The Parties recognize that, during the term of this Agreement and for an undetermined time period thereafter, certain risk management issues, legal issues, claims or actions may arise that involve or could potentially involve the Parties and their respective employees and agents. The Parties further recognize the importance of cooperating with each other in good faith when such issues, claims or actions arise, to the extent such cooperation does not violate any applicable laws, cause the breach of any duties created by any policies of

Docusign Envelope ID: 5FC4A10B-3233-460B-9BCC-AFE85BAD2F2E

insurance or programs of self-insurance, or otherwise compromise the confidentiality of communications or information regarding the issues, claims or actions. As such, the Parties hereby agree to cooperate in good faith, using their best efforts, to address such risk management and legal issues, claims, or actions.

(b) The Parties further agree that if a controversy, dispute, claim, action or lawsuit (each, an **"Action"**) arises with a third party wherein both the Parties are included as defendants, each Party shall promptly disclose to the other Party in writing the existence and continuing status of the Action and any negotiations relating thereto. Each Party shall make every reasonable attempt to include the other Party in any settlement offer or negotiations. In the event the other Party is not included in the settlement, the settling Party shall immediately disclose to the other Party in writing the acceptance of any settlement and terms relating thereto, if allowed by the settlement agreement.

(c) Contractor shall cooperate with the individual designated by Hospital to have principal responsibility for the administration and operation of the Hospital and/or Clinic. Such cooperation shall include supervision, selection, assignment, and evaluation of personnel; management and direction of equipment maintenance; development of budgets; and oversight of the acquisition of materials, supplies, and equipment.

(d) Contractor shall assist Hospital, as reasonably requested by Hospital, in Hospital's compliance with applicable laws and the standards, requirements, guidelines and recommendations of any governing or advisory body having authority to set standards relating to the operation of Hospital, or any nationally recognized accrediting organization that Hospital designates from time to time.

4.9 Contractor's Performance. County or Hospital, at its option and within its sole discretion, may seek evaluation of contractual performance by requesting input from Hospital's Medical Director/Chief Medical Officer and from other professionals within Hospital.

4.10 Right of Inspection. Upon reasonable prior written notice, Hospital and County officials and their designees may inspect the books and records of Contractor which are necessary to determine that work performed by Contractor or Physician to patients hereunder is in accord with the requirements of this Agreement. Such inspection shall be made in a manner so as not to disrupt the operations of Hospital or Contractor.

4.11 Access to and Audit of Records. Hospital shall have the right to examine, monitor and audit all records, documents, conditions, and activities of the Contractor and its subcontractors related to services provided under this Agreement. Pursuant to Government Code Section 8546.7, if this Agreement involves the expenditure of public funds in excess of Ten Thousand Dollars ($10,000), the Parties may be subject, at the request of Hospital or as part of any audit of Hospital, to the examination and audit of the State Auditor pertaining to matters connected with the performance of this Agreement for a period of three (3) years after final payment under the Agreement.

5.2 Termination by Hospital. Hospital shall have the right to terminate this Agreement upon the occurrence of any one or more of the following events:

(b) death or permanent disability of Physician;

ARTICLE VI.
GENERAL PROVISIONS

6.1 Amendment. This Agreement may be modified or amended only by mutual written agreement of the Parties. Any such modification or amendment must be in writing, dated and signed by the Parties and attached to this Agreement.

6.2 Assignment. This Agreement is entered into by Hospital in reliance on the professional and administrative skills of Contractor. Contractor shall be solely responsible for providing the Services and otherwise fulfilling the terms of this Agreement, except as specifically set forth in this Agreement. Except for assignment by Hospital to an entity owned, controlled by, or under common control with Hospital, neither Party may assign any interest or obligation under this Agreement without the other Party's prior written consent. Subject to the foregoing, this Agreement shall be binding on and shall inure to the benefit of the Parties and their respective successors and assigns.

6.3 Compliance with HIPAA. Contractor and Physician shall comply with the obligations under the Health Insurance Portability and Accountability Act of 1996 (42 U.S.C. § 1320d et seq.), as amended by the Health Information Technology for Economic and Clinical Health Act of 2009, and all rules and regulations promulgated thereunder (collectively, **"HIPAA,"** the obligations collectively referred to herein as **"HIPAA Obligations"**), as set forth in **Exhibit 6.3**. The HIPAA Obligations shall survive the expiration or termination of this Agreement for any reason.

6.4 Compliance with Laws and Accreditation. Contractor and Physician shall comply with all applicable laws, ordinances, codes and regulations of federal, state and local governments (collectively, **"Laws"**) applicable to Contractor and Physician, the provision of the Services, or the obligations of Contractor and Physician under this Agreement, including without limitation laws that require Contractor or Physician to disclose any economic interest or relationship with Hospital, the Emergency Medical Treatment and Active Labor Act and the rules and regulations thereunder (**"EMTALA"**), and California Health and Safety Code Section 1317 and the rules and regulations thereunder (**"Health and Safety Code §1317"**). Contractor shall perform and handle all patient transfers and reports in accordance with applicable Laws, including EMTALA, and Health and Safety Code §1317. Contractor and Physician shall take actions necessary to ensure that the Hospital and/or Clinic are operated in accordance with: all requirements of a nationally recognized accrediting organization that Hospital designates from time to time, all applicable licensing requirements, and all other relevant requirements promulgated by any federal, state or local agency.

6.5 Compliance with Medicare Rules. To the extent required by law or regulation, Contractor shall make available, upon written request from Hospital, the Secretary of Health and Human Services, the Comptroller General of the United States, or any other duly authorized agent or representative, a copy of this Agreement and Contractor's books, documents and records. Contractor shall preserve and make available such books, documents and records for a period of ten (10) years after the end of the term of this Agreement, or the length of time required by state or federal law. If Contractor is requested to disclose books, documents or records pursuant to this Section for any purpose, Contractor shall notify Hospital of the nature and scope

Docusign Envelope ID: 5FC4A10B-3233-460B-9BCC-AFE85BAD2F2E

of such request, and Contractor shall make available, upon written request of Hospital, all such books, documents or records. Contractor shall indemnify and hold harmless Hospital if any amount of reimbursement is denied or disallowed because of Contractor's failure to comply with the obligations set forth in this Section. Such indemnity shall include, but not be limited to, the amount of reimbursement denied, plus any interest, penalties and legal costs. This Section shall survive the expiration or termination for any reason of this Agreement.

If Contractor carries out any of the duties of the contract through a subcontract, with a value or cost of Ten Thousand Dollars ($10,000) or more over a twelve (12) month period, with a related organization, such subcontract shall contain a clause to the effect that until the expiration of ten (10) years after the furnishing of such Services pursuant to such subcontract, the related organization shall make available, upon written request by the Secretary, or upon request by the Comptroller General, or any of their duly authorized representatives, the subcontract and books, documents and records of such organization that are necessary to verify the nature and extent of such costs.

6.6 Confidential Information.

(a) During the term of this Agreement, Contractor and Physician may have access to and become acquainted with Trade Secrets and Confidential Information of Hospital. **"Trade Secrets"** includes information and data relating to payor contracts and accounts, clients, patients, patient groups, patient lists, billing practices and procedures, business techniques and methods, strategic plans, operations and related data. **"Confidential Information"** includes Trade Secrets and any information related to the past, current or proposed operations, business or strategic plans, financial statements or reports, technology or services of Hospital or any Affiliate that Hospital discloses or otherwise makes available in any manner to Contractor or Physician, or to which Contractor or Physician may gain access in the performance of the Services under this Agreement, or which Contractor or Physician knows or has reason to know is confidential information of Hospital or any Affiliate; whether such information is disclosed orally, visually or in writing, and whether or not bearing any legend or marking indicating that such information or data is confidential. By way of example, but not limitation, Confidential Information includes any and all know-how, processes, manuals, confidential reports, procedures and methods of Hospital, any Hospital patient's individually identifiable health information (as defined under HIPAA), and any information, records and proceedings of Hospital and/or Medical Staff committees, peer review bodies, quality committees and other committees or bodies charged with the evaluation and improvement of the quality of care. Confidential Information also includes proprietary or confidential information of any third party that may be in Hospital's or any Affiliate's possession.

(b) Confidential Information shall be and remain the sole property of Hospital, and shall, as applicable, be proprietary information protected under the Uniform Trade Secrets Act. Neither Contractor nor Physician shall use any Confidential Information for any purpose not expressly permitted by this Agreement, or disclose any Confidential Information to any person or entity, without the prior written consent of Hospital. Contractor and Physician shall protect the Confidential Information from unauthorized use, access, or disclosure in the same manner as Contractor and Physician protects his, her, or its own confidential or proprietary information of a similar nature and with no less than reasonable care. All documents that

Docusign Envelope ID: 5FC4A10B-3233-460B-9BCC-AFE85BAD2F2E

Contractor and Physician prepare, or Confidential Information that might be given to Contractor in the course of providing Services under this Agreement, are the exclusive property of Hospital, and, without the prior written consent of Hospital, shall not be removed from Hospital's premises.

(c) Contractor and Physician shall return to Hospital all Confidential Information and all copies thereof in Contractor's and Physician's possession or control, and permanently erase all electronic copies of such Confidential Information, promptly upon the written request of Hospital, or the termination or expiration of this Agreement. Neither Contractor nor Physician shall copy, duplicate or reproduce any Confidential Information without the prior written consent of Hospital.

(d) This Section shall survive the expiration or termination of this Agreement.

6.7 Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be deemed to be an original, but all of which together shall constitute one and the same instrument.

6.8 Disclosure of Interests. Contractor or Physician shall provide to Hospital, as requested by Hospital from time to time, information sufficient to disclose any ownership, investment or compensation interest or arrangement of Contractor, or any of Contractor's or Physician's immediate family members, in any entity providing "designated health services" (as such term is defined in the Stark Law (42 U.S.C. Section 1395nn) and its regulations) or any other health care services. This Section shall not impose on Hospital any disclosure or reporting requirements or obligations imposed on Contractor or Physician under any governmental program or create an assumption of such disclosure obligations by Hospital. Contractor and Physician shall have the sole responsibility to fulfill any such federal and/or state reporting requirements or obligations.

6.9 Dispute Resolution. In the event of any dispute, controversy, claim or disagreement arising out of or related to this Agreement or the acts or omissions of the Parties with respect to this Agreement (each, a **"Dispute"**), the Parties shall resolve such Dispute as follows:

(a) **Meet and Confer.** The Parties shall, as soon as reasonably practicable, but in no case more than ten (10) days after one Party gives written notice of a Dispute to the other Party (the **"Dispute Notice"**), meet and confer in good faith regarding such Dispute at such time and place as mutually agreed upon by the Parties (the **"Meet and Confer"**). The obligation to conduct a Meet and Confer pursuant to this Section does not obligate either Party to agree to any compromise or resolution of the Dispute that such Party does not determine, in its sole and absolute discretion, to be a satisfactory resolution of the Dispute. The Meet and Confer shall be considered a settlement negotiation for the purpose of all applicable Laws protecting statements, disclosures or conduct in such context, and any offer in compromise or other statements or conduct made at or in connection with any Meet and Confer shall be protected under such Laws.

(b) **Arbitration.** If any Dispute is not resolved to the mutual satisfaction of the Parties within ten (10) business days after delivery of the Dispute Notice (or such other

Docusign Envelope ID: 5FC4A10B-3233-460B-9BCC-AFE85BAD2F2E

period as may be mutually agreed upon by the Parties in writing), the Parties shall submit such Dispute to arbitration conducted by Judicial Arbitration and Mediation Services, Inc. (**"JAMS"**), or other arbitration and/or mediation services company as agreed to by the Parties, in accordance with the following rules and procedures:

(i) Each Party may commence arbitration by giving written notice to the other Party demanding arbitration (the **"Arbitration Notice"**). The Arbitration Notice shall specify the Dispute, the particular claims and/or causes of actions alleged by the Party demanding arbitration, and the factual and legal basis in support of such claims and/or causes of action.

(ii) The arbitration shall be conducted in the County in which the Hospital is located and in accordance with the commercial arbitration rules and procedures of JAMS (or other arbitration company as mutually agreed to by the Parties) to the extent such rules and procedures are not inconsistent with the provisions set forth in this Section. In the event of a conflict between any rules and/or procedures of JAMS (or other arbitration company as mutually agreed to by the Parties) and the rules and/or procedures set forth in this Section, the rules and/or procedures set forth in this Section shall govern.

(iii) The arbitration shall be conducted before a single impartial retired member of the JAMS panel of arbitrators (or panel of arbitrators from such other arbitration company as mutually agreed to by the Parties) covering the County in which the Hospital is located (the **"Panel"**). The Parties shall use their good faith efforts to agree upon a mutually acceptable arbitrator within thirty (30) days after delivery of the Arbitration Notice. If the Parties are unable to agree upon a mutually acceptable arbitrator within such time period, then each Party shall select one arbitrator from the Panel, and those arbitrators shall select a single impartial arbitrator from the Panel to serve as arbitrator of the Dispute.

(iv) The Parties expressly waive any right to any and all discovery in connection with the arbitration; provided, however, that each Party shall have the right to conduct no more than two (2) depositions and submit one set of interrogatories with a maximum of forty (40) questions, including subparts of such questions.

(v) The arbitration hearing shall commence within thirty (30) days after appointment of the arbitrator. The substantive internal law (and not the conflict of laws) of the State shall be applied by the arbitrator to the resolution of the Dispute, and the Evidence Code of the State shall apply to all testimony and documents submitted to the arbitrator. The arbitrator shall have no authority to amend or

Docusign Envelope ID: 5FC4A10B-3233-460B-9BCC-AFE85BAD2F2E

modify the limitation on the discovery rights of the Parties or any of the other rules and/or procedures set forth in this Section. As soon as reasonably practicable, but not later than thirty (30) days after the arbitration hearing is completed, the arbitrator shall arrive at a final decision, which shall be reduced to writing, signed by the arbitrator and mailed to each of the Parties and their respective legal counsel.

(vi) Any Party may apply to a court of competent jurisdiction for entry and enforcement of judgment based on the arbitration award. The award of the arbitrator shall be final and binding upon the Parties without appeal or review except as permitted by the Arbitration Act of the State.

(vii) The fees and costs of JAMS (or other arbitration company as mutually agreed to by the Parties) and the arbitrator, including any costs and expenses incurred by the arbitrator in connection with the arbitration, shall be borne equally by the Parties, unless otherwise agreed to by the Parties.

(viii) Except as set forth in Section 6.9(b)(vii), each Party shall be responsible for the costs and expenses incurred by such Party in connection with the arbitration, including its own attorneys' fees and costs; provided, however, that the arbitrator shall require one Party to pay the costs and expenses of the prevailing Party, including attorneys' fees and costs and the fees and costs of experts and consultants, incurred in connection with the arbitration if the arbitrator determines that the claims and/or position of a Party were frivolous and without reasonable foundation.

(c) **Waiver of Injunctive or Similar Relief.** The Parties hereby waive the right to seek specific performance or any other form of injunctive or equitable relief or remedy arising out of any Dispute, except that such remedies may be utilized for purposes of enforcing this Section and sections governing Confidential Information, Compliance with HIPAA, Compliance with Laws and Accreditation and Compliance with Medicare Rules of this Agreement. Except as expressly provided herein, upon any determination by a court or by an arbitrator that a Party has breached this Agreement or improperly terminated this Agreement, the other Party shall accept monetary damages, if any, as full and complete relief and remedy, to the exclusion of specific performance or any other form of injunctive or equitable relief or remedy.

(d) **Injunctive or Similar Relief.** Notwithstanding anything to the contrary in this Section, the Parties reserve the right to seek specific performance or any other form of injunctive relief or remedy in any state or federal court located within the County in which the Hospital is located for purposes of enforcing this Section and sections governing Confidential Information, Compliance with HIPAA, Compliance with Laws and Accreditation and Compliance with Medicare Rules of this Agreement. Contractor hereby consents to the jurisdiction of any such court and to venue therein, waives any and all rights under the Laws of

Docusign Envelope ID: 5FC4A10B-3233-460B-9BCC-AFE85BAD2F2E

any other state to object to jurisdiction within the State, and consents to the service of process in any such action or proceeding, in addition to any other manner permitted by applicable Law, by compliance with the notices provision of this Agreement. The non-prevailing Party in any such action or proceeding shall pay to the prevailing Party reasonable fees and costs incurred in such action or proceeding, including attorneys' fees and costs and the fees and costs of experts and consultants. The prevailing Party shall be the Party who is entitled to recover its costs of suit (as determined by the court of competent jurisdiction), whether or not the action or proceeding proceeds to final judgment or award.

(e) **Survival.** This Section shall survive the expiration or termination of this Agreement.

6.10 Entire Agreement. This Agreement is the entire understanding and agreement of the Parties regarding its subject matter, and supersedes any prior oral or written agreements, representations, understandings or discussions between the Parties. No other understanding between the Parties shall be binding on them unless set forth in writing, signed and attached to this Agreement.

6.11 Exhibits. The attached exhibits, together with all documents incorporated by reference in the exhibits, form an integral part of this Agreement and are incorporated by reference into this Agreement, wherever reference is made to them to the same extent as if they were set out in full at the point at which such reference is made.

6.12 Force Majeure. Neither Party shall be liable for nonperformance or defective or late performance of any of its obligations under this Agreement to the extent and for such periods of time as such nonperformance, defective performance or late performance is due to reasons outside such Party's control, including acts of God, war (declared or undeclared), terrorism, action of any governmental authority, civil disturbances, riots, revolutions, vandalism, accidents, fire, floods, explosions, sabotage, nuclear incidents, lightning, weather, earthquakes, storms, sinkholes, epidemics, failure of transportation infrastructure, disruption of public utilities, supply chain interruptions, information systems interruptions or failures, breakdown of machinery or strikes (or similar nonperformance, defective performance or late performance of employees, suppliers or subcontractors); provided, however, that in any such event, each Party shall use its good faith efforts to perform its duties and obligations under this Agreement.

6.13 Governing Law. This Agreement shall be construed in accordance with and governed by the laws of the State.

6.14 Headings. The headings in this Agreement are intended solely for convenience of reference and shall be given no effect in the construction or interpretation of this Agreement.

6.15 Litigation Consultation. Contractor shall ensure that Physician does not accept consulting assignments or otherwise contract, agree, or enter into any arrangement to provide expert testimony or evaluation on behalf of a plaintiff in connection with any claim against Hospital or any Affiliate named, or expected to be named as a defendant. Contractor shall ensure that Physician does not accept similar consulting assignments if (a) the defendants or anticipated defendants include a member of the medical staff of Hospital or any Affiliate, and (b) the matter

relates to events that occurred at Hospital or any Affiliate; provided, however, the provisions of this Section shall not apply to situations in which Physician served as a treating physician.

6.16 Master List. The Parties acknowledge and agree that this Agreement, together with any other contracts between Hospital and Contractor, will be included on the master list of physician contracts maintained by Hospital.

6.17 Meaning of Certain Words. Wherever the context may require, any pronouns used in this Agreement shall include the corresponding masculine, feminine, or neuter forms, and the singular form of nouns shall include the plural and vice versa. Unless otherwise specified: (i) "days" shall be considered "calendar days;" (ii) "months" shall be considered "calendar months;" and (iii) "including" means "including, without limitation" in this Agreement and its exhibits and attachments.

6.18 No Conflicting Obligations. Contractor represents and warrants that the execution and delivery of this Agreement and the performance of its obligations hereunder do not and will not: (a) present a conflict of interest or materially interfere with the performance of Contractor's duties under any other agreement or arrangement; or (b) violate, conflict with, or result in a breach of any provision of, or constitute a default (or an event which, with notice and/or lapse of time, would constitute a default) under, terminate, accelerate the performance required by, or result in a right of termination or acceleration under any of the terms, conditions or provisions of any other agreement, indebtedness, note, bond, indenture, security or pledge agreement, license, franchise, permit, or other instrument or obligation to which Contractor is a party or by which Contractor is bound. Contractor shall immediately inform Hospital of any other agreements to which Contractor is a party that may present a conflict of interest or materially interfere with performance of Contractor's or Physician's duties under this Agreement.

6.19 No Third Party Beneficiary Rights. The Parties do not intend to confer and this Agreement shall not be construed to confer any rights or benefits to any person, firm, group, corporation or entity other than the Parties.

All notices or communications required or permitted under this Agreement shall be given in writing and delivered personally or sent by United States registered or certified mail with postage prepaid and return receipt requested or by overnight delivery service (e.g., Federal Express, DHL). AGREEMENT

THE PARTIES AGREE AS FOLLOWS:

ARTICLE I.
CONTRACTOR'S OBLIGATIONS

1.1 Professional Services.

(a) Contractor shall, through the services of Physician, provide Specialty medical care and treatment (the **"Professional Services"**) to Patients, upon the terms and subject to the conditions set forth in this Agreement.

(b) Contractor shall be available on an on-call basis to provide Specialty medical care and treatment to Patients (**"Coverage Services"**), along with other Panel Members, in a manner that is sufficient to ensure coverage of Hospital in the Specialty twenty-four (24) hours per day, seven (7) days a week, including all holidays, upon the terms and conditions set forth in this Agreement. For the avoidance of doubt, Contractor shall provide Coverage Services with other Panel Members, and nothing in this Agreement or in any other written or oral agreement between Hospital and Contractor contemplates or guarantees any minimum number of twenty-four (24) hour shifts (**"Shifts"**) of Coverage Services to be provided by Contractor,

(c) Contractor shall ensure that Physician provides timely initial follow-up care for all Hospital patients referred for care by the ED or attending physician. If Physician is the physician on-call at the time of the referral, Physician shall provide any necessary follow-up care for such patients regardless of the patient's ability to pay for services at the time of the first visit.

1.2 Teaching Services. Contractor shall, through the services of Physician, provide to Hospital those teaching services set forth in **Exhibit 1.2** (collectively, the **"Teaching Services"**). Contractor shall not be separately compensated for the provision of Teaching Services under this Agreement.

1.3 Additional Services. Contractor shall, through the services of Physician, provide to Hospital those additional services set forth in **Exhibit 1.3** (the **"Additional Services"**), upon the terms and subject to the conditions set forth in this Agreement. The Professional Services, Teaching Services, Coverage Services and Additional Services are sometimes referred to collectively in this Agreement as the **"Services."**

1.4 Time Commitment. Contractor shall allocate time among the Professional Services, Teaching Services, Coverage Services and Additional Services as reasonably requested by Hospital from time to time.

1.5 Availability. Contractor shall ensure that Physician shall be available to provide the Services on a twenty-four (24) hour per day, seven (7) day per week basis. On or before the first (1st) day of each month, Contractor shall inform Hospital of Physician's schedule of availability to perform the Services during the following month. Physician shall use his or her

Docusign Envelope ID: B2B5ED3A-1144-4DD6-A654-E2F56B03F4FE

best efforts to adjust such schedule of availability if reasonably requested by Hospital in order to meet Hospital's needs for the Services.

1.6 Absences. If Contractor or Physician is unable or reasonably expected to be unable to provide the Services for any reason for a period of greater than thirty (30) consecutive days or sixty (60) days in the aggregate over any three (3) month period, Contractor shall designate a qualified replacement to provide the Services on behalf of Contractor, subject to the prior written approval of Hospital. Contractor shall ensure that any such designated replacement meets any and all obligations and requirements of Contractor under this Agreement. If the length of Physician's absence is anticipated to be or actually is longer than sixty (60) calendar days, the person who provides the Services in Physician's absence shall execute a written acknowledgment in form and substance acceptable to Hospital agreeing to be bound by all terms of this Agreement. Except in the event of absence due to illness or disability, Hospital shall have the right to approve the length of Physician's absence, and any unapproved absence shall constitute a breach of this Agreement.

1.7 Time Reports. Contractor shall maintain and submit to Hospital monthly time sheets that provide a true and accurate accounting of Physician's time spent on a daily basis providing the Services. Such time sheets shall be on the then-current form provided by Hospital attached hereto as **Exhibit 1.7**. Contractor shall submit all such time sheets to Hospital no later than the tenth (10th) day of each month for Services provided during the immediately preceding month.

1.8 Medical Staff. Physician shall be a member in good standing and active on the Hospital's medical staff (the **"Medical Staff"**) and have and maintain all clinical privileges at Hospital necessary for the performance of Physician's obligations under this Agreement. If, as of the Effective Date (as defined in Section 5.1), Physician is not a member in good standing or active on the Medical Staff or does not hold all clinical privileges at Hospital necessary for the performance of Physician's obligations hereunder, Physician shall have a reasonable amount of time, which in no event shall exceed sixty (60) calendar days from the Effective Date, to obtain such membership and/or clinical privileges; provided, however, that Physician diligently pursues such membership and/or clinical privileges in accordance with the normal procedures set forth in the Medical Staff bylaws; and provided, however, that, at all times, Physician has been granted privileges to perform the Services. Physician may obtain and maintain medical staff privileges at any other hospital or health care facility at Physician's sole expense.

1.9 Professional Qualifications. Physician shall have and maintain an unrestricted license to practice medicine in the State. Physician shall be board certified in the Specialty by the applicable medical specialty board approved by the American Board of Medical Specialties. Physician shall have and maintain a valid and unrestricted United States Drug Enforcement Administration (**"DEA"**) registration.

1.10 Review of Office of the Inspector General ("OIG") Medicare Compliance Bulletins. The OIG from time-to-time issues Medicare compliance alert bulletins. To the extent applicable to Contractor's performance under this Agreement, Contractor and Physician shall undertake to review, be familiar with and comply with all applicable requirements of such OIG compliance bulletins.

1.12 Code of Conduct. Contractor hereby acknowledges receipt of Hospital's Code of Conduct which is attached to this Agreement as **Exhibit 1.12** (the **"Code"**), and agrees that Contractor and Physician have been given ample opportunity to read, review and understand the Code. With respect to Contractor's and Physician's business dealings with Hospital and their performance of the Services described in this Agreement, neither Contractor nor Physician shall act in any manner which conflicts with or violates the Code, nor cause another person to act in any manner which conflicts with or violates the Code. Contractor and Physician shall comply with the Code as it relates to their business relationship with Hospital or any Affiliate, subsidiaries, employees, agents, servants, officers, directors, contractors and suppliers of every kind.

1.13 Continuing Medical Education. Contractor shall ensure that Physician participates in continuing medical education as necessary to maintain licensure, professional competence and skills commensurate with the standards of the medical community and as otherwise required by the medical profession.

1.14 Use of Space. Contractor and Physician shall use Hospital's premises and space solely and exclusively for the provision of the Services, except in an emergency or with Hospital's prior written consent.

1.15 Notification of Certain Events. Contractor shall notify Hospital in writing within twenty-four (24) hours after the occurrence of any one or more of the following events:

1.19 Compliance with Grant Terms. If this Agreement has been or will be funded with monies received by Hospital or County pursuant to a contract with the state or federal government or private entity in which Hospital or County is the grantee, Contractor and Physician shall comply with all the provisions of said contract, and said provisions shall be deemed a part of this Agreement, as though fully set forth herein. 1.21 Medical Records and Claims.

(a) Contractor shall ensure that Physician prepares complete, timely, accurate and legible medical and other records with respect to the services and treatment furnished to ED patients, in accordance with the Hospital Rules, federal and state laws and regulations, and standards and recommendations of such nationally recognized accrediting organization as Hospital designates from time to time. All such information and records relating to any ED patient shall be: (i) prepared on forms developed, provided or approved by Hospital; (ii) the sole property of Hospital; and (iii) maintained at Hospital in accordance with the terms of this Agreement and for so long as is required by applicable laws and regulations.

(b) Contractor shall maintain and upon request provide to ED patients, Hospital, and state and federal agencies, all financial books and records and medical records and charts as may be necessary for Contractor and/or Hospital to comply with applicable state, federal, and local laws and regulations and with contracts between Hospital and third party payors. Contractor shall cooperate with Hospital in completing such claim forms for ED patients as may be required by insurance carriers, health care service plans, governmental agencies, or other third party payors. Contractor shall retain all such records and information for at least ten (10) years following the expiration or termination of this Agreement. This Section 1.21(b) shall survive the expiration or termination of this Agreement.

1.22 Records Available to Contractor. Both during and after the term of this Agreement, Hospital shall permit Contractor and Contractor's agents to inspect and/or duplicate, at Contractor's sole cost and expense, any medical chart and record to the extent necessary to meet Contractor's professional responsibilities to patients, to assist in the defense of any malpractice or similar claim to which such chart or record may be pertinent, and/or to fulfill requirements pursuant to provider contracts to provide patient information; provided, however, such inspection or duplication is permitted and conducted in accordance with applicable legal requirements and pursuant to commonly accepted standards of patient confidentiality. Contractor shall be solely responsible for maintaining patient confidentiality with respect to any information which Contractor obtains pursuant to this Section.

1.23 Response Times. Contractor shall ensure that Physician responds in person to a request for an emergency evaluation by the attending physician or the ED physician within a response time frame as required by the patient's medical condition and in accordance with Hospital Rules. Hospital shall have the sole and exclusive right, title and interest in and to accounts receivable with respect to such NMC Services.

(a) **Assignment of Claims.** Contractor hereby assigns (or reassigns, as the case may be) to Hospital all claims, demands and rights of Contractor for any and all NMC Services rendered by Contractor pursuant to this Agreement. Contractor shall take such action and execute such documents (e.g., CMS Forms 855R and 855I), as may be reasonably necessary or appropriate to effectuate the assignment (or reassignment, as the case may be) to Hospital of all claims, demands and rights of Contractor for any and all NMC Services rendered by Contractor pursuant to this Agreement.

(b) **Cooperation with Billing and Collections.** Contractor shall cooperate with Hospital in the billing and collection of fees with respect to NMC Services rendered by Contractor. (c) **Hospital as Exclusive Source for Compensation for NMC Services.** Contractor shall seek and obtain compensation for the performance of NMC Services only from Hospital. Contractor shall not, bill, assess or charge any fee, assessment or charge of any type against any Hospital patient or any other person or entity for NMC Services rendered by Contractor pursuant to this Agreement. (d) **Joint and Several Liability**. Hospital and Contractor acknowledge that they will be jointly and severally liable for any Federal Health Care Program overpayments relating to claims with respect to NMC Services furnished by Contractor pursuant to this Agreement. The foregoing is not intended and shall not be construed to diminish, limit, alter or otherwise modify in any way the Parties' respective indemnification obligations under this Agreement.

(e) **Indemnification for Billing Information.** Contractor hereby agrees to indemnify County, Hospital, its officers, supervisors, trustees, employees and agents, from and against any and all liability, cost, loss, penalty or expense (including, without limitation, attorneys' fees and court costs) incurred by Hospital resulting from negligent acts or negligent omissions of Contractor which result in inaccurate and/or improper billing information furnished by Contractor and relied on by Hospital regarding Professional Services rendered by Contractor to Patients, to the extent such liability, cost, loss, penalty or expense exceeds the amount of payment or reimbursement actually received by Hospital for such services.

ARTICLE III.
INSURANCE AND INDEMNITY

3.1 Evidence of Coverage. Prior to commencement of this Agreement, the Contractor shall provide a "Certificate of Insurance" certifying that coverage as required herein has been obtained. Individual endorsements executed by the insurance carrier shall accompany the certificate. In addition, the Contractor upon request shall provide a certified copy of the policy or policies. This verification of coverage shall be sent to Hospital's Medical Staff Office, unless otherwise directed. The Contractor shall not receive a "Notice to Proceed" with the work under this Agreement until it has obtained all insurance required and Hospital has approved such insurance. This approval of insurance shall neither relieve nor decrease the liability of the Contractor.

3.2 Qualifying Insurers. All coverages except surety, shall be issued by companies which hold a current policy holder's alphabetic and financial size category rating of not less than

Docusign Envelope ID: B2B5ED3A-1144-4DD6-A654-E2F56B03F4FE

A-VII, according to the current Best's Key Rating Guide or a company of equal financial stability that is approved by Hospital's Contracts/Purchasing Director.

3.3 Insurance Coverage Requirements. Without limiting Contractor's or Physician's duty to indemnify, Contractor shall maintain in effect throughout the term of this Agreement, at Contractor's sole cost and expense, a policy or policies of insurance with the following minimum limits of liability:

(a) **Professional liability insurance**, covering Contractor and Physician with coverage of not less than One-Million Dollars ($1,000,000) per physician per occurrence and Three-Million Dollars ($3,000,000) per physician in the aggregate; or such other amount(s) of professional liability insurance as may be required by Article 2.2-1 of Hospital's Medical Staff Bylaws from time to time, to cover liability for malpractice and/or errors or omissions made in the course of rendering services under this Agreement. If any professional liability insurance covering Contractor and Physician is procured on a "Claims Made" rather than "Occurrence" basis, then Contractor and Physician shall either continue such coverage or obtain extended reporting coverage (**"Tail Coverage"**), as appropriate, upon the occurrence of any of the following: (i) termination or expiration of this Agreement; (ii) change of coverage if such change shall result in a gap in coverage; or (iii) amendment, reduction or other material change in the then existing professional liability coverage of Contractor if such amendment, reduction or other material change will result in a gap in coverage. Any Tail Coverage shall have liability limits in the amount set forth above and shall in all events continue in existence until the greater of: (a) three (3) years or (b) the longest statute of limitations for professional and general liability for acts committed has expired. All insurance required by this Agreement shall be with a company acceptable to County and issued and executed by an admitted insurer authorized to transact insurance business in the State.

(b) **Commercial general liability insurance**, including but not limited to premises and operations, including coverage for Bodily Injury and Property Damage, Personal Injury, Contractual Liability, Broad form Property Damage, Independent Contractors, Products and Completed Operations, with a combined single limit for Bodily Injury and Property Damage of not less than One Million Dollars ($1,000,000) per occurrence.

☐ Exemption/Modification (Justification attached; subject to approval).

(c) **Business automobile liability insurance**, covering all motor vehicles, including owned, leased, non-owned, and hired vehicles, used in providing services under this Agreement, with a combined single limit for Bodily Injury and Property Damage of not less than One Million Dollars ($1,000,000) per occurrence.

☐ Exemption/Modification (Justification attached; subject to approval).

(d) **Workers' Compensation Insurance**, if Contractor employs others in the performance of this Agreement, in accordance with California Labor Code Section 3700 and with Employer's Liability limits not less than One Million Dollars ($1,000,000) each person, One Million Dollars ($1,000,000) each accident and One Million Dollars ($1,000,000) each disease.

Docusign Envelope ID: B2B5ED3A-1144-4DD6-A654-E2F56B03F4FE

☐ Exemption/Modification (Justification attached; subject to approval).

3.4 Other Insurance Requirements. All insurance required by this Agreement shall be with a company acceptable to Hospital and issued and executed by an admitted insurer authorized to transact insurance business in the State. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three (3) years following the date Contractor and Physician complete their performance of services under this Agreement.

Each liability policy shall provide that Hospital shall be given notice in writing at least thirty (30) days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for Contractor, Physician, and additional insured with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

Commercial general liability and automobile liability policies shall provide an endorsement naming the County of Monterey, its officers, agents, and employees as Additional Insureds with respect to liability arising out of the Contractor's work, including ongoing and completed operations, and shall further provide that such insurance is primary insurance to any insurance or self-insurance maintained by the County and that the insurance of the Additional Insureds shall not be called upon to contribute to a loss covered by the Contractor's insurance. The required endorsement from for Commercial General Liability Additional Insured is ISO Form CG 20 10 11-85 or CG 20 10 10 01 in tandem with CG 20 37 10 01 (2000). The required endorsement from for Automobile Additional Insured Endorsement is ISO Form CA 20 48 02 99.

Prior to the execution of this Agreement by Hospital, Contractor shall file certificates of insurance with Hospital's Medical Staff Office, showing that the Contractor has in effect the insurance required by this Agreement. The Contractor shall file a new or amended certificate of insurance within five (5) calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect.

Contractor and Physician shall at all times during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by Hospital, annual certificates to Hospital's Medical Staff Office. If the certificate is not received by the expiration date, Hospital shall notify Contractor and Contractor shall have five (5) calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by Contractor to maintain such insurance is a default of this Agreement, which entitles Hospital, at its sole discretion, to terminate the Agreement immediately.

3.5 Right to Offset Insurance Costs.

Docusign Envelope ID: B2B5ED3A-1144-4DD6-A654-E2F56B03F4FE

(a) In the event that Contractor does not purchase or otherwise have the liability insurance set forth in this Section at any time during the term of this Agreement, and without limiting any rights or remedies of County, County may at its option and within its sole discretion provide the liability insurance required by this Section and continue to pay the premiums therefor. If Contractor does not promptly reimburse all such amounts, then County shall have the right to withhold and offset the compensation due to Contractor under this Agreement, in addition to such other rights or privileges as County may have at law or in equity.

(b) The County's option to provide such insurance and to offset the compensation otherwise due to the Contractor shall also apply to the "Tail Coverage" referenced in Section 3.3, including for general liability if during the term of the Agreement such coverage has been written on a claims made basis, which is required to remain effective after the expiration or termination of this Agreement for any reason.

3.6 Indemnification.

(a) **Indemnification by Contractor.** Contractor and Physician shall indemnify, defend, and hold harmless County, its officers, agents, and employees, from and against any and all claims, liabilities, and losses whatsoever (including damages to property and injuries to or death of persons, court costs, and reasonable attorneys' fees) occurring or resulting to any and all persons, firms or corporations furnishing or supplying work, services, materials, or supplies in connection with the performance of this Agreement, and from any and all claims, liabilities, and losses occurring or resulting to any person, firm, or corporation for damage, injury, or death arising out of or connected with Contractor's or Physician's performance of this Agreement, unless such claims, liabilities, or losses arise out of the sole negligence or willful misconduct of County. "Contractor's performance" includes Contractor's and Physician's acts or omissions and the acts or omissions of Contractor's officers, employees, agents and subcontractors.

(b) **Indemnification by County.** County agrees to defend, indemnify, and hold harmless Contractor and Physician, to the extent permitted by applicable law, from and against any and all claims and losses whatsoever accruing or resulting to any person, firm or corporation for damages, injury or death arising out of or connected with any negligent act or omission or willful misconduct of County or any of its agents or employees.

3.7 Indemnification for Timely Payment of Tax Contributions. It is expressly agreed by the Parties hereto that no work, act, commission or omission of Contractor or Physician shall be construed to make or render Contractor or Physician the agent, employee or servant of County. Contractor and Physician agrees to indemnify, defend and hold harmless County and Hospital from and against any and all liability, loss, costs or obligations (including, without limitation, interest, penalties and attorney's fees in defending against the same) against County or Hospital based upon any claim that Contractor has failed to make proper and timely payment of any required tax contributions for itself, its employees, or its purported agents or independent contractors.

3.8 Hospital Services. Hospital shall retain professional and administrative responsibility for the operation of the Hospital and/or Clinic, as and to the extent required by Title 22, California Code of Regulations, Section 70713. Hospital's retention of such responsibility is not intended and shall not be construed to diminish, limit, alter or otherwise modify in any way the obligations of Contractor under this Agreement, including, without limitation, the obligations under the insurance and indemnification provisions set forth in this Article III.

3.9 Survival of Obligations. The Parties' obligations under this Article III shall survive the expiration or termination of this Agreement for any reason.

ARTICLE IV.
RELATIONSHIP BETWEEN THE PARTIES

4.1 Independent Contractor.

(a) Contractor and Physician is and shall at all times be an independent contractor with respect to Hospital in the performance of Contractor's and Physician's obligations under this Agreement. Nothing in this Agreement shall be construed to create an employer/employee, joint venture, partnership, lease or landlord/tenant relationship between Hospital and Contractor or Hospital and Physician. Physician shall not hold himself or herself out as an officer, agent or employee of Hospital, and shall not incur any contractual or financial obligation on behalf of Hospital without Hospital's prior written consent.

(b) If the Internal Revenue Service (**"IRS"**) or any other governmental agency should inquire about, question or challenge the independent contractor status of Contractor or Physician with respect to County, the Parties hereto mutually agree that: (i) each shall inform the other Party hereto of such inquiry or challenge; and (ii) County and Contractor shall each have the right to participate in any discussion or negotiation occurring with the taxing agency, regardless of who initiated such discussions or negotiations. In the event the taxing agency concludes that an independent contractor relationship does not exist, County may terminate this Agreement effective immediately upon written notice. In the event of such termination, the Parties remain free to negotiate an employer/employee contract with Physician.

4.2 Limitation on Control. Hospital shall neither have nor exercise any control or direction over Contractor's or Physician's professional medical judgment or the methods by which Contractor or Physician performs professional medical services; provided, however, that Contractor and Physician shall be subject to and shall at all times comply with the Protocols and the bylaws, guidelines, policies and rules applicable to other members of the Medical Staff.

4.3 Practice of Medicine. Contractor and Hospital acknowledge that Hospital is neither authorized nor qualified to engage in any activity which may be construed or deemed to constitute the practice of medicine. To the extent that any act or service required of, or reserved to, Hospital in this Agreement is construed or deemed to constitute the practice of medicine, the performance of such act or service by Hospital shall be deemed waived or unenforceable, unless this Agreement can be amended to comply with the law, in which case the Parties shall make such amendment.

4.4 No Benefit Contributions. Hospital shall have no obligation under this Agreement to compensate or pay applicable taxes for, or provide employee benefits of any kind (including contributions to government mandated, employment-related insurance and similar programs) to, or on behalf of, Contractor or any other person employed or retained by Contractor. Notwithstanding the foregoing, if Hospital determines or is advised that it is required by law to compensate or pay applicable taxes for, or provide employee benefits of any kind (including contributions to government mandated, employment-related insurance and similar programs) to, or on behalf of, Contractor or any other person employed or retained by Contractor, Contractor shall reimburse Hospital for any such expenditure within thirty (30) calendar days after being notified of such expenditure.

4.5 Referrals. Contractor and Physician shall be entitled to refer patients to any hospital or other health care facility or provider deemed by Contractor or Physician best qualified to deliver medical services to any particular patient; provided; however, that neither Contractor nor Physician shall refer any Hospital patient to any provider or health care services which either Contractor or Physician knows or should have known is excluded or suspended from participation in, or sanctioned by, any Federal Health Care Program or state equivalent. Nothing in this Agreement or in any other written or oral agreement between Hospital and Contractor or Hospital and Physician, nor any consideration offered or paid in connection with this Agreement, contemplates or requires the admission or referral of any patients or business to Hospital or any Affiliate. In the event that any governmental agency, any court or any other judicial body of competent jurisdiction, as applicable, issues an opinion, ruling or decision that any payment, fee or consideration provided for hereunder is made or given in return for patient referrals, either Party may at its option terminate this Agreement with three (3) days' notice to the other Party. Contractor's rights under this Agreement shall not be dependent in any way on the referral of patients or business to Hospital or any Affiliate by Contractor, Physician or any person employed or retained by Contractor.

4.6 Form 1099 or W-2. If required to do so under applicable law, Hospital shall issue an Internal Revenue Service Form 1099 or Form W-2 to Contractor.

4.7 Contractor Compensation Arrangements. Contractor represents and warrants to Hospital that the compensation paid or to be paid by Contractor to any physician is and will at all times be fair market value for services and items actually provided by such physician, not taking into account the value or volume of referrals or other business generated by such physician for Hospital or any Affiliate. Contractor further represents and warrants to Hospital that Contractor has and will at all times maintain a written agreement with each physician receiving compensation from Contractor.

4.8 Cooperation.

(a) The Parties recognize that, during the term of this Agreement and for an undetermined time period thereafter, certain risk management issues, legal issues, claims or actions may arise that involve or could potentially involve the Parties and their respective employees and agents. The Parties further recognize the importance of cooperating with each other in good faith when such issues, claims or actions arise, to the extent such cooperation does not violate any applicable laws, cause the breach of any duties created by any policies of

Docusign Envelope ID: B2B5ED3A-1144-4DD6-A654-E2F56B03F4FE

insurance or programs of self-insurance, or otherwise compromise the confidentiality of communications or information regarding the issues, claims or actions. As such, the Parties hereby agree to cooperate in good faith, using their best efforts, to address such risk management and legal issues, claims, or actions.

(b) The Parties further agree that if a controversy, dispute, claim, action or lawsuit (each, an **"Action"**) arises with a third party wherein both the Parties are included as defendants, each Party shall promptly disclose to the other Party in writing the existence and continuing status of the Action and any negotiations relating thereto. Each Party shall make every reasonable attempt to include the other Party in any settlement offer or negotiations. In the event the other Party is not included in the settlement, the settling Party shall immediately disclose to the other Party in writing the acceptance of any settlement and terms relating thereto, if allowed by the settlement agreement.

(c) Contractor shall cooperate with the individual designated by Hospital to have principal responsibility for the administration and operation of the Hospital and/or Clinic. Such cooperation shall include supervision, selection, assignment, and evaluation of personnel; management and direction of equipment maintenance; development of budgets; and oversight of the acquisition of materials, supplies, and equipment.

(d) Contractor shall assist Hospital, as reasonably requested by Hospital, in Hospital's compliance with applicable laws and the standards, requirements, guidelines and recommendations of any governing or advisory body having authority to set standards relating to the operation of Hospital, or any nationally recognized accrediting organization that Hospital designates from time to time.

4.9 Contractor's Performance. County or Hospital, at its option and within its sole discretion, may seek evaluation of contractual performance by requesting input from Hospital's Medical Director/Chief Medical Officer and from other professionals within Hospital.

4.10 Right of Inspection. Upon reasonable prior written notice, Hospital and County officials and their designees may inspect the books and records of Contractor which are necessary to determine that work performed by Contractor or Physician to patients hereunder is in accord with the requirements of this Agreement. Such inspection shall be made in a manner so as not to disrupt the operations of Hospital or Contractor.

4.11 Access to and Audit of Records. Hospital shall have the right to examine, monitor and audit all records, documents, conditions, and activities of the Contractor and its subcontractors related to services provided under this Agreement. Pursuant to Government Code Section 8546.7, if this Agreement involves the expenditure of public funds in excess of Ten Thousand Dollars ($10,000), the Parties may be subject, at the request of Hospital or as part of any audit of Hospital, to the examination and audit of the State Auditor pertaining to matters connected with the performance of this Agreement for a period of three (3) years after final payment under the Agreement.

ARTICLE VI.
GENERAL PROVISIONS

6.1 Amendment. This Agreement may be modified or amended only by mutual written agreement of the Parties. Any such modification or amendment must be in writing, dated and signed by the Parties and attached to this Agreement.

6.2 Assignment. This Agreement is entered into by Hospital in reliance on the professional and administrative skills of Contractor. Contractor shall be solely responsible for providing the Services and otherwise fulfilling the terms of this Agreement, except as specifically set forth in this Agreement. Except for assignment by Hospital to an entity owned, controlled by, or under common control with Hospital, neither Party may assign any interest or obligation under this Agreement without the other Party's prior written consent. Subject to the foregoing, this Agreement shall be binding on and shall inure to the benefit of the Parties and their respective successors and assigns.

Contractor and Physician shall comply with the obligations under the Health Insurance Portability and Accountability Act of 1996 (42 U.S.C. § 1320d et seq.), as amended by the Health Information Technology for Economic and Clinical Health Act of 2009, and all rules and regulations promulgated thereunder (collectively, **"HIPAA,"** the obligations collectively referred to herein as **"HIPAA Obligations"**), as set forth in **Exhibit 6.3**. The HIPAA Obligations shall survive the expiration or termination of this Agreement for any reason.

6.4 Compliance with Laws and Accreditation. Contractor and Physician shall comply with all applicable laws, ordinances, codes and regulations of federal, state and local governments (collectively, **"Laws"**) applicable to Contractor and Physician, the provision of the Services, or the obligations of Contractor and Physician under this Agreement, including without limitation laws that require Contractor or Physician to disclose any economic interest or relationship with Hospital, the Emergency Medical Treatment and Active Labor Act and the rules and regulations thereunder (**"EMTALA"**), and California Health and Safety Code Section 1317 and the rules and regulations thereunder (**"Health and Safety Code §1317"**). Contractor shall perform and handle all patient transfers and reports in accordance with applicable Laws, including EMTALA, and Health and Safety Code §1317. Contractor and Physician shall take actions necessary to ensure that the Hospital and/or Clinic are operated in accordance with: all requirements of a nationally recognized accrediting organization that Hospital designates from time to time, all applicable licensing requirements, and all other relevant requirements promulgated by any federal, state or local agency.

6.5 Compliance with Medicare Rules. To the extent required by law or regulation, Contractor shall make available, upon written request from Hospital, the Secretary of Health and Human Services, the Comptroller General of the United States, or any other duly authorized agent or representative, a copy of this Agreement and Contractor's books, documents and records. Contractor shall preserve and make available such books, documents and records for a period of ten (10) years after the end of the term of this Agreement, or the length of time required by state or federal law. If Contractor is requested to disclose books, documents or records pursuant to this Section for any purpose, Contractor shall notify Hospital of the nature and scope

Docusign Envelope ID: B2B5ED3A-1144-4DD6-A654-E2F56B03F4FE

of such request, and Contractor shall make available, upon written request of Hospital, all such books, documents or records. Contractor shall indemnify and hold harmless Hospital if any amount of reimbursement is denied or disallowed because of Contractor's failure to comply with the obligations set forth in this Section. Such indemnity shall include, but not be limited to, the amount of reimbursement denied, plus any interest, penalties and legal costs. This Section shall survive the expiration or termination for any reason of this Agreement.

If Contractor carries out any of the duties of the contract through a subcontract, with a value or cost of Ten Thousand Dollars ($10,000) or more over a twelve (12) month period, with a related organization, such subcontract shall contain a clause to the effect that until the expiration of ten (10) years after the furnishing of such Services pursuant to such subcontract, the related organization shall make available, upon written request by the Secretary, or upon request by the Comptroller General, or any of their duly authorized representatives, the subcontract and books, documents and records of such organization that are necessary to verify the nature and extent of such costs.

6.6 Confidential Information.

(a) During the term of this Agreement, Contractor and Physician may have access to and become acquainted with Trade Secrets and Confidential Information of Hospital. **"Trade Secrets"** includes information and data relating to payor contracts and accounts, clients, patients, patient groups, patient lists, billing practices and procedures, business techniques and methods, strategic plans, operations and related data. **"Confidential Information"** includes Trade Secrets and any information related to the past, current or proposed operations, business or strategic plans, financial statements or reports, technology or services of Hospital or any Affiliate that Hospital discloses or otherwise makes available in any manner to Contractor or Physician, or to which Contractor or Physician may gain access in the performance of the Services under this Agreement, or which Contractor or Physician knows or has reason to know is confidential information of Hospital or any Affiliate; whether such information is disclosed orally, visually or in writing, and whether or not bearing any legend or marking indicating that such information or data is confidential. By way of example, but not limitation, Confidential Information includes any and all know-how, processes, manuals, confidential reports, procedures and methods of Hospital, any Hospital patient's individually identifiable health information (as defined under HIPAA), and any information, records and proceedings of Hospital and/or Medical Staff committees, peer review bodies, quality committees and other committees or bodies charged with the evaluation and improvement of the quality of care. Confidential Information also includes proprietary or confidential information of any third party that may be in Hospital's or any Affiliate's possession.

(b) Confidential Information shall be and remain the sole property of Hospital, and shall, as applicable, be proprietary information protected under the Uniform Trade Secrets Act. Neither Contractor nor Physician shall use any Confidential Information for any purpose not expressly permitted by this Agreement, or disclose any Confidential Information to any person or entity, without the prior written consent of Hospital. Contractor and Physician shall protect the Confidential Information from unauthorized use, access, or disclosure in the same manner as Contractor and Physician protects his, her, or its own confidential or proprietary information of a similar nature and with no less than reasonable care. All documents that

Docusign Envelope ID: B2B5ED3A-1144-4DD6-A654-E2F56B03F4FE

Contractor and Physician prepare, or Confidential Information that might be given to Contractor in the course of providing Services under this Agreement, are the exclusive property of Hospital, and, without the prior written consent of Hospital, shall not be removed from Hospital's premises.

(c) Contractor and Physician shall return to Hospital all Confidential Information and all copies thereof in Contractor's and Physician's possession or control, and permanently erase all electronic copies of such Confidential Information, promptly upon the written request of Hospital, or the termination or expiration of this Agreement. Neither Contractor nor Physician shall copy, duplicate or reproduce any Confidential Information without the prior written consent of Hospital.

(d) This Section shall survive the expiration or termination of this Agreement.

6.7 Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be deemed to be an original, but all of which together shall constitute one and the same instrument.

6.8 Disclosure of Interests. Contractor or Physician shall provide to Hospital, as requested by Hospital from time to time, information sufficient to disclose any ownership, investment or compensation interest or arrangement of Contractor, or any of Contractor's or Physician's immediate family members, in any entity providing "designated health services" (as such term is defined in the Stark Law (42 U.S.C. Section 1395nn) and its regulations) or any other health care services. This Section shall not impose on Hospital any disclosure or reporting requirements or obligations imposed on Contractor or Physician under any governmental program or create an assumption of such disclosure obligations by Hospital. Contractor and Physician shall have the sole responsibility to fulfill any such federal and/or state reporting requirements or obligations.

6.9 Dispute Resolution. In the event of any dispute, controversy, claim or disagreement arising out of or related to this Agreement or the acts or omissions of the Parties with respect to this Agreement (each, a **"Dispute"**), the Parties shall resolve such Dispute as follows:

(a) **Meet and Confer.** The Parties shall, as soon as reasonably practicable, but in no case more than ten (10) days after one Party gives written notice of a Dispute to the other Party (the **"Dispute Notice"**), meet and confer in good faith regarding such Dispute at such time and place as mutually agreed upon by the Parties (the **"Meet and Confer"**). The obligation to conduct a Meet and Confer pursuant to this Section does not obligate either Party to agree to any compromise or resolution of the Dispute that such Party does not determine, in its sole and absolute discretion, to be a satisfactory resolution of the Dispute. The Meet and Confer shall be considered a settlement negotiation for the purpose of all applicable Laws protecting statements, disclosures or conduct in such context, and any offer in compromise or other statements or conduct made at or in connection with any Meet and Confer shall be protected under such Laws.

(b) **Arbitration.** If any Dispute is not resolved to the mutual satisfaction of the Parties within ten (10) business days after delivery of the Dispute Notice (or such other

Docusign Envelope ID: B2B5ED3A-1144-4DD6-A654-E2F56B03F4FE

period as may be mutually agreed upon by the Parties in writing), the Parties shall submit such Dispute to arbitration conducted by Judicial Arbitration and Mediation Services, Inc. (**"JAMS"**), or other arbitration and/or mediation services company as agreed to by the Parties, in accordance with the following rules and procedures:

(i) Each Party may commence arbitration by giving written notice to the other Party demanding arbitration (the **"Arbitration Notice"**). The Arbitration Notice shall specify the Dispute, the particular claims and/or causes of actions alleged by the Party demanding arbitration, and the factual and legal basis in support of such claims and/or causes of action.

(ii) The arbitration shall be conducted in the County in which the Hospital is located and in accordance with the commercial arbitration rules and procedures of JAMS (or other arbitration company as mutually agreed to by the Parties) to the extent such rules and procedures are not inconsistent with the provisions set forth in this Section. In the event of a conflict between any rules and/or procedures of JAMS (or other arbitration company as mutually agreed to by the Parties) and the rules and/or procedures set forth in this Section, the rules and/or procedures set forth in this Section shall govern.

(iii) The arbitration shall be conducted before a single impartial retired member of the JAMS panel of arbitrators (or panel of arbitrators from such other arbitration company as mutually agreed to by the Parties) covering the County in which the Hospital is located (the **"Panel"**). The Parties shall use their good faith efforts to agree upon a mutually acceptable arbitrator within thirty (30) days after delivery of the Arbitration Notice. If the Parties are unable to agree upon a mutually acceptable arbitrator within such time period, then each Party shall select one arbitrator from the Panel, and those arbitrators shall select a single impartial arbitrator from the Panel to serve as arbitrator of the Dispute.

(iv) The Parties expressly waive any right to any and all discovery in connection with the arbitration; provided, however, that each Party shall have the right to conduct no more than two (2) depositions and submit one set of interrogatories with a maximum of forty (40) questions, including subparts of such questions.

(v) The arbitration hearing shall commence within thirty (30) days after appointment of the arbitrator. The substantive internal law (and not the conflict of laws) of the State shall be applied by the arbitrator to the resolution of the Dispute, and the Evidence Code of the State shall apply to all testimony and documents submitted to the arbitrator. The arbitrator shall have no authority to amend or

Docusign Envelope ID: B2B5ED3A-1144-4DD6-A654-E2F56B03F4FE

modify the limitation on the discovery rights of the Parties or any of the other rules and/or procedures set forth in this Section. As soon as reasonably practicable, but not later than thirty (30) days after the arbitration hearing is completed, the arbitrator shall arrive at a final decision, which shall be reduced to writing, signed by the arbitrator and mailed to each of the Parties and their respective legal counsel.

(vi) Any Party may apply to a court of competent jurisdiction for entry and enforcement of judgment based on the arbitration award. The award of the arbitrator shall be final and binding upon the Parties without appeal or review except as permitted by the Arbitration Act of the State.

(vii) The fees and costs of JAMS (or other arbitration company as mutually agreed to by the Parties) and the arbitrator, including any costs and expenses incurred by the arbitrator in connection with the arbitration, shall be borne equally by the Parties, unless otherwise agreed to by the Parties.

(viii) Except as set forth in Section 6.9(b)(vii), each Party shall be responsible for the costs and expenses incurred by such Party in connection with the arbitration, including its own attorneys' fees and costs; provided, however, that the arbitrator shall require one Party to pay the costs and expenses of the prevailing Party, including attorneys' fees and costs and the fees and costs of experts and consultants, incurred in connection with the arbitration if the arbitrator determines that the claims and/or position of a Party were frivolous and without reasonable foundation.

(c) **Waiver of Injunctive or Similar Relief.** The Parties hereby waive the right to seek specific performance or any other form of injunctive or equitable relief or remedy arising out of any Dispute, except that such remedies may be utilized for purposes of enforcing this Section and sections governing Confidential Information, Compliance with HIPAA, Compliance with Laws and Accreditation and Compliance with Medicare Rules of this Agreement. Except as expressly provided herein, upon any determination by a court or by an arbitrator that a Party has breached this Agreement or improperly terminated this Agreement, the other Party shall accept monetary damages, if any, as full and complete relief and remedy, to the exclusion of specific performance or any other form of injunctive or equitable relief or remedy.

(d) **Injunctive or Similar Relief.** Notwithstanding anything to the contrary in this Section, the Parties reserve the right to seek specific performance or any other form of injunctive relief or remedy in any state or federal court located within the County in which the Hospital is located for purposes of enforcing this Section and sections governing Confidential Information, Compliance with HIPAA, Compliance with Laws and Accreditation and Compliance with Medicare Rules of this Agreement. Contractor hereby consents to the jurisdiction of any such court and to venue therein, waives any and all rights under the Laws of

Docusign Envelope ID: B2B5ED3A-1144-4DD6-A654-E2F56B03F4FE

any other state to object to jurisdiction within the State, and consents to the service of process in any such action or proceeding, in addition to any other manner permitted by applicable Law, by compliance with the notices provision of this Agreement. The non-prevailing Party in any such action or proceeding shall pay to the prevailing Party reasonable fees and costs incurred in such action or proceeding, including attorneys' fees and costs and the fees and costs of experts and consultants. The prevailing Party shall be the Party who is entitled to recover its costs of suit (as determined by the court of competent jurisdiction), whether or not the action or proceeding proceeds to final judgment or award.

(e) **Survival.** This Section shall survive the expiration or termination of this Agreement.

6.10 Entire Agreement. This Agreement is the entire understanding and agreement of the Parties regarding its subject matter, and supersedes any prior oral or written agreements, representations, understandings or discussions between the Parties. No other understanding between the Parties shall be binding on them unless set forth in writing, signed and attached to this Agreement.

6.11 Exhibits. The attached exhibits, together with all documents incorporated by reference in the exhibits, form an integral part of this Agreement and are incorporated by reference into this Agreement, wherever reference is made to them to the same extent as if they were set out in full at the point at which such reference is made.

6.12 Force Majeure. Neither Party shall be liable for nonperformance or defective or late performance of any of its obligations under this Agreement to the extent and for such periods of time as such nonperformance, defective performance or late performance is due to reasons outside such Party's control, including acts of God, war (declared or undeclared), terrorism, action of any governmental authority, civil disturbances, riots, revolutions, vandalism, accidents, fire, floods, explosions, sabotage, nuclear incidents, lightning, weather, earthquakes, storms, sinkholes, epidemics, failure of transportation infrastructure, disruption of public utilities, supply chain interruptions, information systems interruptions or failures, breakdown of machinery or strikes (or similar nonperformance, defective performance or late performance of employees, suppliers or subcontractors); provided, however, that in any such event, each Party shall use its good faith efforts to perform its duties and obligations under this Agreement.

6.13 Governing Law. This Agreement shall be construed in accordance with and governed by the laws of the State.

6.14 Headings. The headings in this Agreement are intended solely for convenience of reference and shall be given no effect in the construction or interpretation of this Agreement.

6.15 Litigation Consultation. Contractor shall ensure that Physician does not accept consulting assignments or otherwise contract, agree, or enter into any arrangement to provide expert testimony or evaluation on behalf of a plaintiff in connection with any claim against Hospital or any Affiliate named, or expected to be named as a defendant. Contractor shall ensure that Physician does not accept similar consulting assignments if (a) the defendants or anticipated defendants include a member of the medical staff of Hospital or any Affiliate, and (b) the matter

relates to events that occurred at Hospital or any Affiliate; provided, however, the provisions of this Section shall not apply to situations in which Physician served as a treating physician.

6.16 Master List. The Parties acknowledge and agree that this Agreement, together with any other contracts between Hospital and Contractor, will be included on the master list of physician contracts maintained by Hospital.

6.17 Meaning of Certain Words. Wherever the context may require, any pronouns used in this Agreement shall include the corresponding masculine, feminine, or neuter forms, and the singular form of nouns shall include the plural and vice versa. Unless otherwise specified: (i) "days" shall be considered "calendar days;" (ii) "months" shall be considered "calendar months;" and (iii) "including" means "including, without limitation" in this Agreement and its exhibits and attachments.

6.18 No Conflicting Obligations. Contractor represents and warrants that the execution and delivery of this Agreement and the performance of its obligations hereunder do not and will not: (a) present a conflict of interest or materially interfere with the performance of Contractor's duties under any other agreement or arrangement; or (b) violate, conflict with, or result in a breach of any provision of, or constitute a default (or an event which, with notice and/or lapse of time, would constitute a default) under, terminate, accelerate the performance required by, or result in a right of termination or acceleration under any of the terms, conditions or provisions of any other agreement, indebtedness, note, bond, indenture, security or pledge agreement, license, franchise, permit, or other instrument or obligation to which Contractor is a party or by which Contractor is bound. Contractor shall immediately inform Hospital of any other agreements to which Contractor is a party that may present a conflict of interest or materially interfere with performance of Contractor's or Physician's duties under this Agreement.

6.19 No Third Party Beneficiary Rights. The Parties do not intend to confer and this Agreement shall not be construed to confer any rights or benefits to any person, firm, group, corporation or entity other than the Parties.

6.20 Notices. All notices or communications required or permitted under this Agreement shall be given in writing and delivered personally or sent by United States registered or certified mail with postage prepaid and return receipt requested or by overnight delivery service (e.g., Federal Express, DHL). To the extent that any relevant provision of the HIPAA, HITECH or Red Flag Rules is materially amended in a manner that changes the obligations of Business Associates or Covered Entities, the Parties agree to negotiate in good faith appropriate amendment(s) to this Agreement to give effect to the revised obligations. Further, no provision of this Agreement shall be waived, except in a writing duly signed by authorized representatives of the Parties. A waiver with respect to one event shall not be construed as continuing, or as a bar to or waiver of any right or remedy as to subsequent events.

5.3 No Third Party Beneficiaries. Nothing express or implied in this Agreement is intended to confer, nor shall anything herein confer, upon any person other than the Parties and the respective successors or assigns of the Parties, any rights, remedies, obligations, or liabilities whatsoever.
