SUMMARY/DISCUSSION:

The Special Education Local Plan Area (SELPA) acknowledges that its member Local Education Agencies are mandated to provide students a free and appropriate public education (FAPE) including

mental health services. For several years, SELPA entered into an MOU with the County to deploy Psychiatric Social Workers (“Therapist”) to School Districts to provide an array of services, including individual and group counseling provided to a student; individual or group counseling provided to parents of special education students; consultation services offered to parents, students, teachers and other school personnel; and planning and implementing a program of psychological counseling for special education students and parents. In addition, the County provides services to SELPA that include Home Alternatives to Residential Treatment, Residential Monitoring, and Residential Searching and Securing. SELPA agrees to pay the non-Federal Financial Participation (FFP) portion of the mental health service since County is reimbursed FFP directly by Department of Health Care Services; and reimburse the full cost of the provision of HART, Residential Monitoring, and Residential Searching and Securing. The current MOU A-16948 between SELPA and the County will expire on June 30, 2025, and we are seeking to renew the MOU.

The MOU template provides for mutual indemnification and limitation of liability. The MOU template provides that both County and Districts must meet coverage limits for professional liability and commercial general liability (“CGL”), and additional insured endorsements for commercial general liability, which coverage limits are at or above the requirements for the County’s own service providers. The template further provides for the inclusion of professional liability and CGL coverage related to sexual misconduct.

This work supports one of the County of Monterey County Health Department 2025-2028 Strategic Plan Goal(s): 2. Provide Exceptional Person-Centered Care through Accessible, Community-Focused Health Services. It also supports one of the ten essential public health services, specifically: 7. Link people to needed personal health services and assure the provision of health care when otherwise unavailable.

OTHER AGENCY INVOLVEMENT:

The Office of County Counsel and Auditor-Controller have reviewed and approved this Agreement as to legal form and fiscal provisions, respectively. Risk Management has not approved this Agreement due to non-standard insurance provisions.

FINANCING:

The costs of this agreement are funded by Special Education Local Plan Area reimbursement (SELPA 100%). The associated revenue and expenditures are included in the Health Department’s Behavioral Health (HEA 012, Unit 8410) FY 2025-26 Requested Budget.
