

Monterey County Agriculture Community

*Maintaining the Safety & Health
of our Workers & Community*

2.23.21

Being Prepared

- *Ag Businesses commitment to keep employees safe:*
 - Neighbor & Community Members
 - Economics
 - Labor shortage
 - Can't afford to lose workers
- *Spring 2020:*
 - First Countywide Advisory for Agricultural Worker Protection in State (and maybe County)
- *Ongoing updates*
- *Recent updates:*
 - Testing Addendum

Testing Addendum

CDC recommendations to *Testing Approaches*:

- Initial testing of all workers before entering a workplace
- Periodic testing of workers at regular intervals
- Targeted testing of new workers or those returning from a prolonged absence such as medical leave, furlough, or working in another location
- Some combination of approaches

How Workers Get Tested

- State Sponsored Sites
- Private Employer Sponsored
 - On-Site Testing
 - Bulk-Purchase and Agreements with local health clinics
- COVID-19 Information and Resources:
 - [MontereyFrontlineCovidVaccine.com](https://montereyfrontlinecovidvaccine.com)
 - Industry Webinar (March 3):
 - Vaccines, Testing, Educational Resources
