

Mr. Paul Greenway
Director
Public Works Department
County of Monterey
168 W. Alisal Street Fl. 2
Salinas, CA 93901

May 9, 2013

Dear Mr. Greenway,

The Steering Committee of the Toro Area Sewer Coalition has reviewed the draft report by Kari Wagoner of the Wallace Group regarding the feasibility of establishing public sewer service in the California Utilities Service area. The committee gave input to Ms. Wagoner and accepts the basic conclusions and data presented in the draft report.

We appreciate the time that you and your staff at the Public Works Department have put into this matter. If there is a planned date for its presentation to the Board of Supervisors we would like to be informed of the date.

Sincerely,

Philip Moore
Toro Area Sewer Coalition.
