TOTAL		\$400,000

A. Community Outreach, Inclusion, and Advocacy for Early Childhood Investments

OVERVIEW: This investment of \$103,000 will deepen and broaden the community outreach, inclusion, and advocacy work of the countywide strategic framework for early childhood development.

Objective: Increase engagement of community, business and systems leaders in finding solutions and advocating for public and private investments in early childhood development.

This strategy cuts across, and accelerates, all other strategies of the framework, which includes improving outcomes in mental health, home visiting, care coordination and navigation, access to child care, family friendly business, playgroups and parent education, capacity building for all types of caregivers (formal and informal) and more.

SUCCESS CRITERIA: More jurisdictions will allocate funding and implement policies that support the unique needs of early childhood development for families in Monterey County. More community members will be equipped to effectively engage in public policies to advocate for early childhood development. A broader representation of the Monterey County population and their unique needs will be included in advocacy efforts.

B. Career Pathways in Early Childhood Education

CBN / F5MC Bright Beginnings Early Childhood - Strategic Framework Initiative
 Term: Upon execution to June 30, 2024
 NTE: \$400,000

SUMMARY: This investment of \$160,000 will support a comprehensive career pathway program for early educators, aligned with the countywide strategic framework for early childhood development.

Objective: Increase the number of students earning credentials in early care and education (ECE) for licensed child care, by aiding the student supports that reduce barriers to entry into the career pathway (e.g., ECE Apprenticeship Program).

Investment in local career pathways for early child care and education teachers is necessary due to early educator attrition from COVID burn-out, and early educator movement to the school system that offer higher wages (i.e., due to expansion of transitional kindergarten and school-based preschools for 3 to 4-year-old children). This attrition further compounds long-existing early education teacher shortage, and limits supply of child care.

SUCCESS CRITERIA: More students enter and complete the early education career pathway and are ready to enter the workforce upon graduation.

ITEM 3 - Project Details for Career Pathways in Early Childhood Education

Item	Deliverable(s)	Timeline	Est. Cost
1) Program coordination & implementation support to improve matriculation and completion of ECE Apprenticeship, including recruitment support.	Project management protocols. Recruitment strategies and implementation (e.g., job fairs, outreach to schools, etc.).	Dec 31, 2023 & Jun 30, 2024	\$80,000

Career Pathways in Early Childhood Education TOTAL			\$160,000

C. Informal Child Caregiver Network

SUMMARY: This investment of \$137,000 will support strategic priorities of the Informal Child Caregiver Network, which is aligned with the countywide strategic framework for early childhood development.

Objective: Increase access to capacity building opportunities for informal child caregivers (e.g., learning community, training, reflective practice, playgroups) through the Informal Child Caregiver Network.

The Informal Child Caregiver Network includes multiple agencies that support the capacity building of informal child caregivers. Over the last year, this network has developed a strategic plan to define a shared vision and set of strategies to support informal caregivers in providing quality care to young children.

SUCCESS CRITERIA: More informal caregivers have access to capacity building opportunities, and more children are receiving enhanced informal child care to support their success in life and school.
