

Appendix I – Memorandums of Understanding (MOU) One Stop Partners

Local Workforce Investment Boards are required to establish a Memorandum of Understanding (MOU) with each partner that provides services through the local America’s Job Center (formerly One-Stop) System. Complete the information below and attach a copy of each MOU with your local plan under this cover sheet.

The Memorandum of Understandings (MOU) entered into between the Monterey County One-Stop Delivery System / Monterey County Workforce Investment Area and the partner agencies are listed below. The original MOUs are on file at the MCWIB office.

The Monterey County Local Workforce Investment Area is in the process of updating its One-Stop partner MOUs to ensure they truly represent the collaboration and relationships developed between our One-Stop partners. We are asking that each agency review their respective MOUs entered into with the One-Stop Delivery System/Monterey County Workforce Investment Area to determine if their agency is performing the duties as specified in the MOU and to see if conditions have changed that require modifications.

Copies of all newly executed or modified MOUs will be sent to the State Board no later than October 1, 2013.
