General Fund Revenue Trend

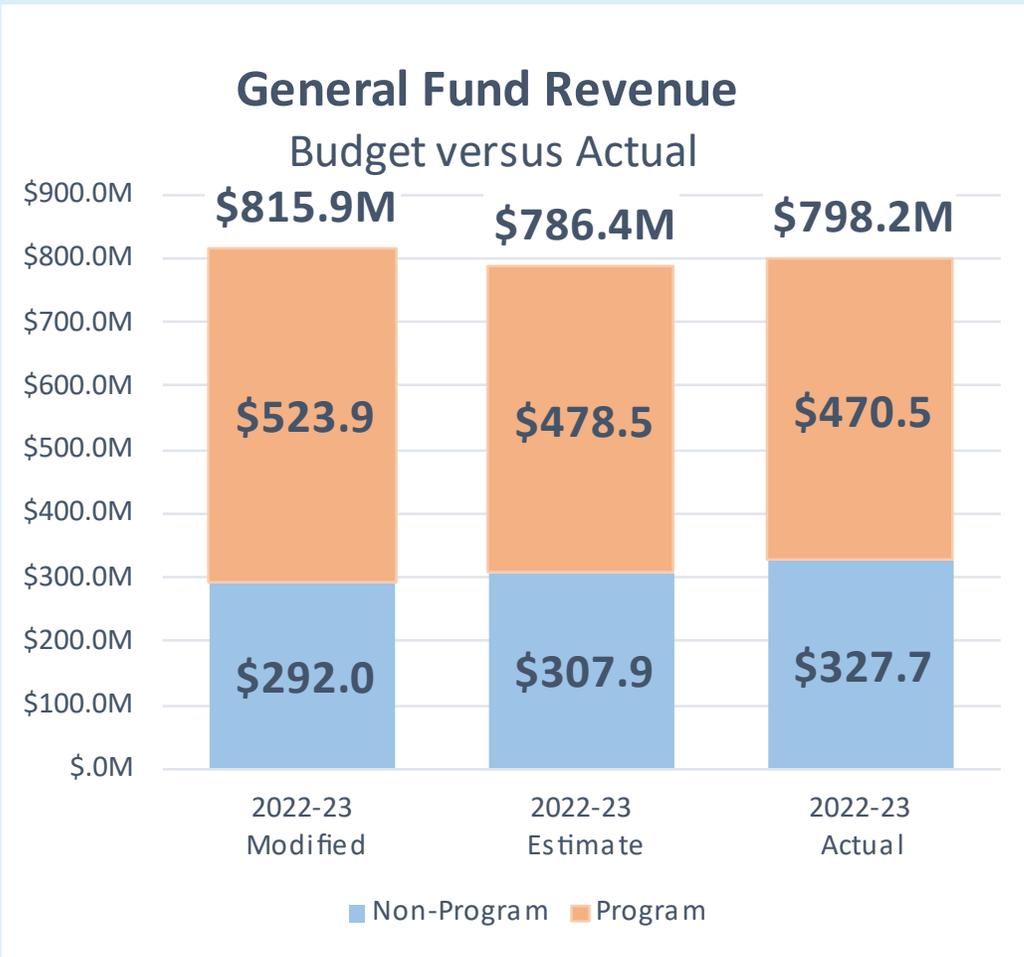

Revenues increased \$27.4 million compared to the prior year

Non-Discretionary revenue grew \$22.4

Discretionary revenue grew by \$5 million, most of the growth is attributed to property taxes.

Revenue Performance FY 2022-23

Revenues were \$17.7 million below budget

Discretionary revenue performed well

- Property taxes \$9.6 million higher than budget
- Transient occupancy tax (TOT) exceeded the budget by \$10.2 million, but were lower than the prior year
- Investment income was \$5 million over budget
- State provided \$9.4 million for winter storm response

Program revenue \$53.5 million below budget

- Vacancies in revenue generating positions
- Federal revenue not received during the accrual period

Discretionary Non-Program Revenue (1)

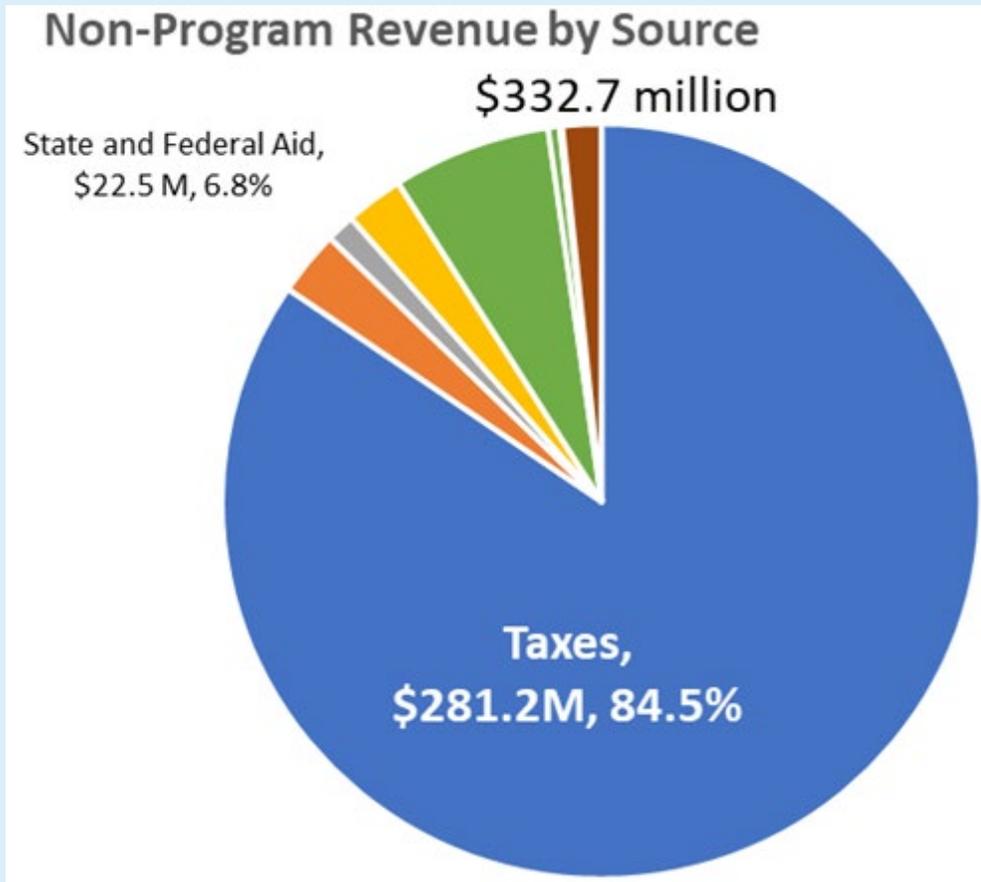

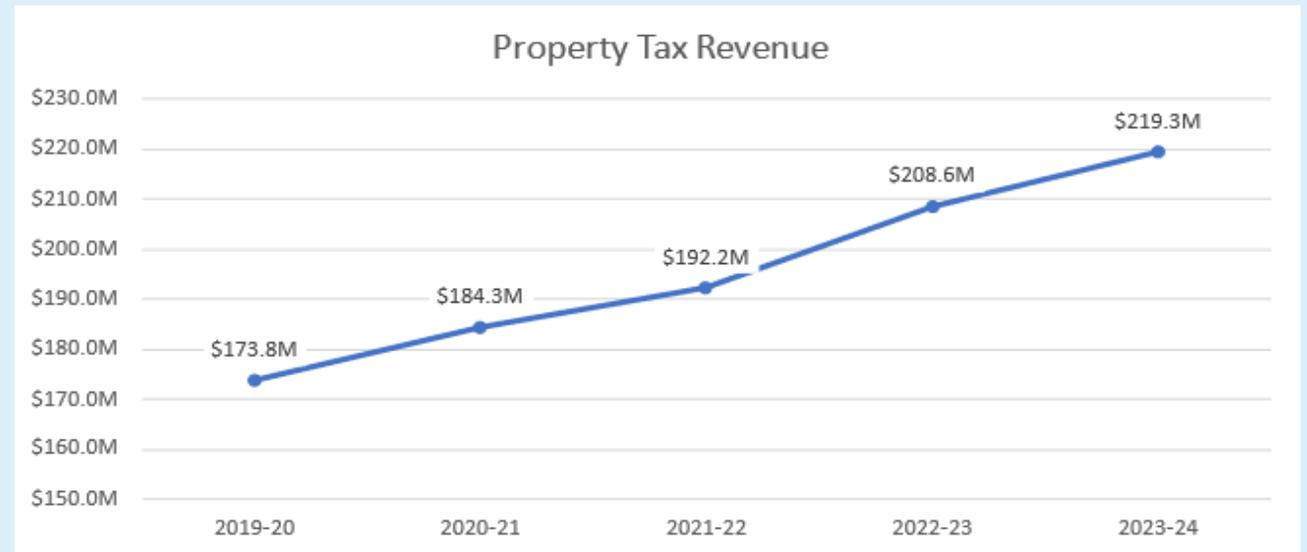

Figure 2: Other revenue sources in the chart: Licenses, Permits & Franchises (2.8%), Revenue from Use of Money and Property (2.5%), Miscellaneous Revenues (1.6%), Fines, Forfeitures & Penalties (1.2%), Charges for Services (0.5%), and Other Financing Sources (0.1%).

Majority of discretionary revenues are derived from property taxes

While property values and taxes continued to grow (\$10.7 million from prior year), the rate of growth was lower than the prior fiscal year.

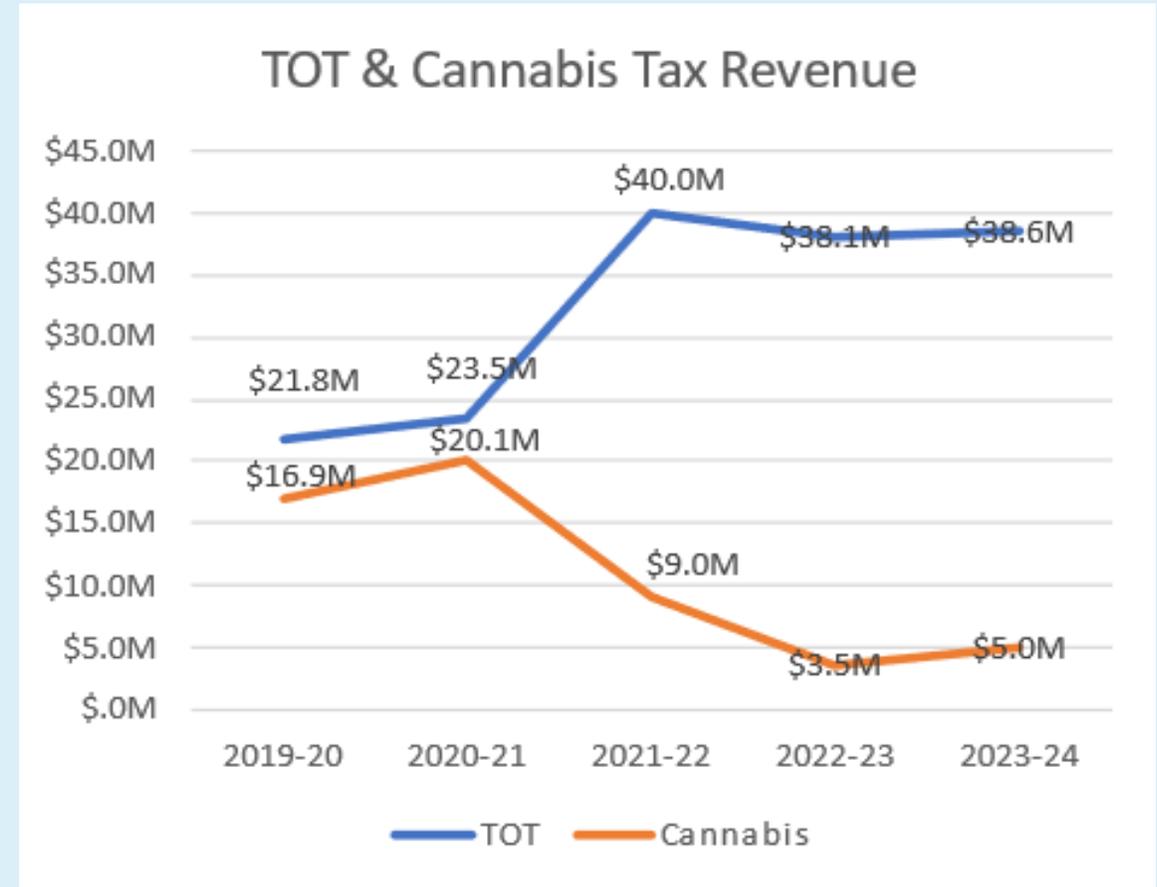

Discretionary Non-Program Revenue (2)

TOT and Cannabis revenues declined

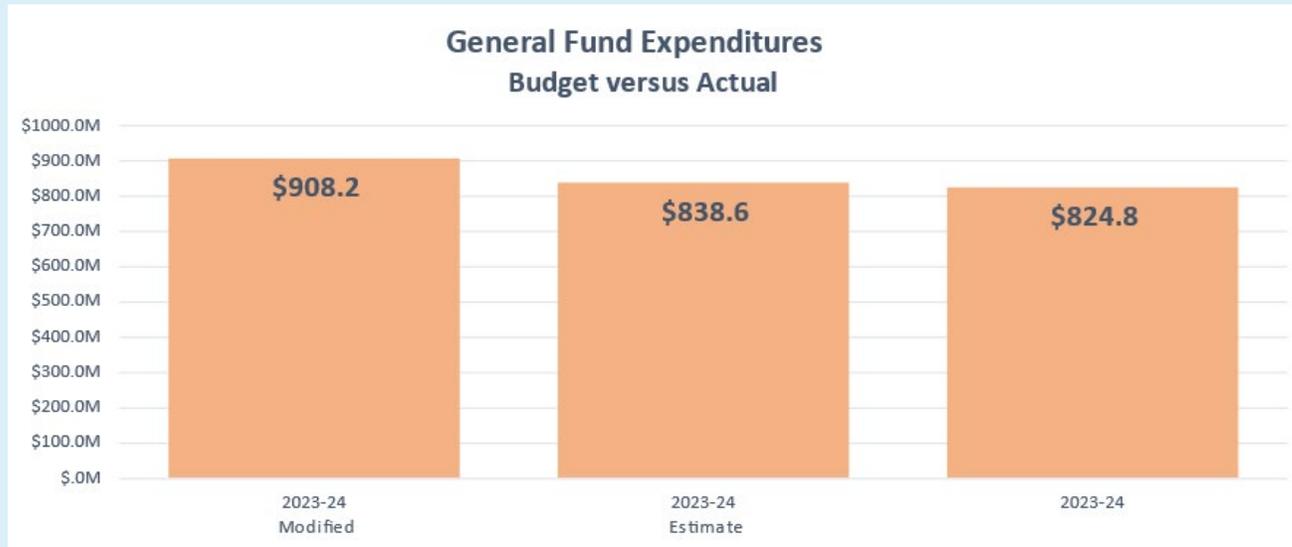

TOT grew to \$38.6 million from the prior fiscal year but has not regained the highest level seen in FY 2021-22.

Cannabis revenue increased from \$3.5 million to \$5 million, but part of that increase is due to the payment of revenue from a prior year by some industry members

General Fund Expenditures

Expenditures were lower than budget by \$83.4 million, mostly due to vacancies

Departments with highest vacancy and related program savings:

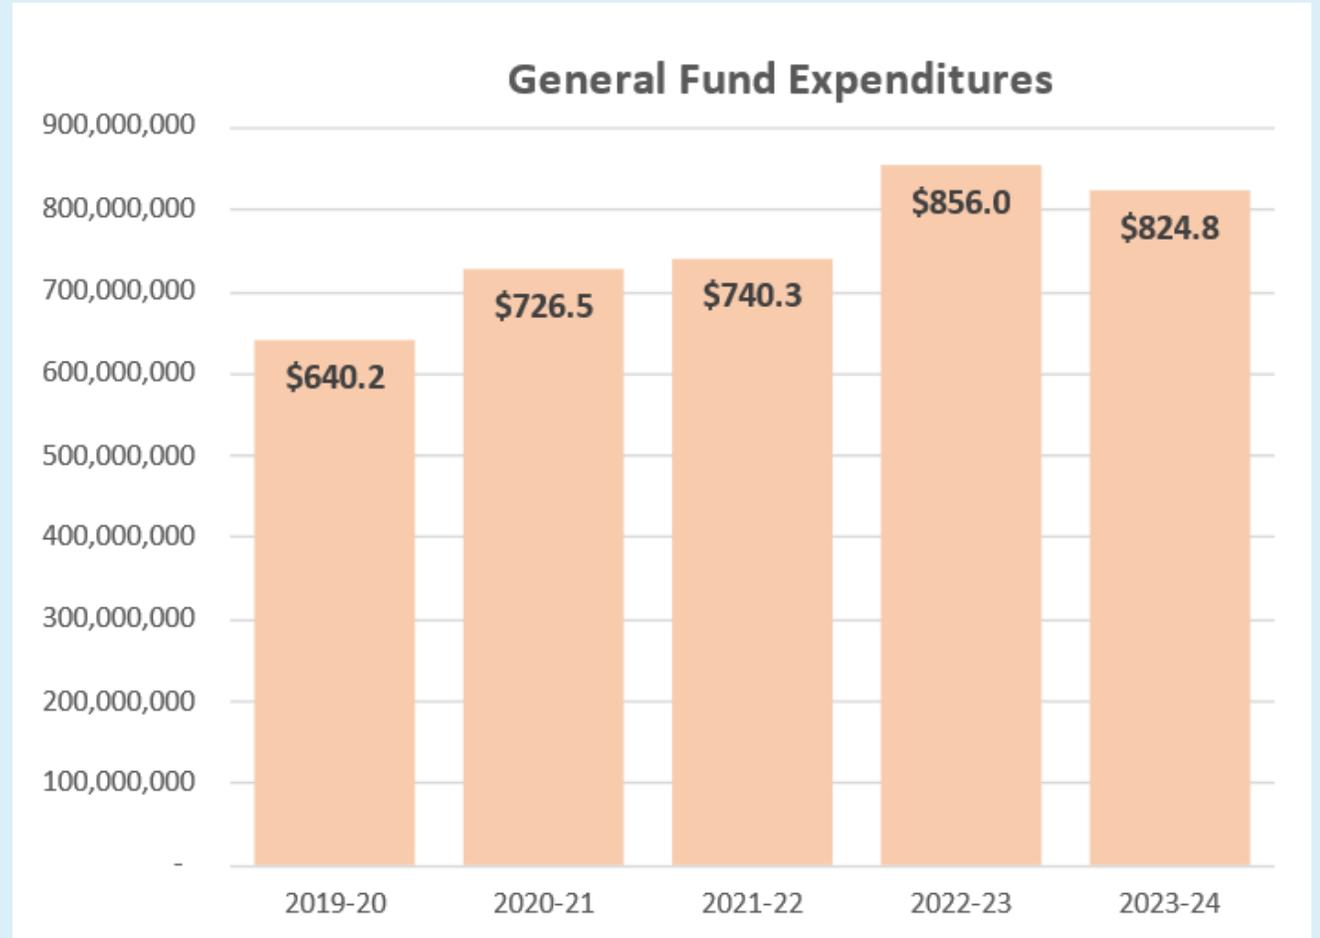

- \$22.1 million Health
- \$13 million Social Services
- \$4.8 million Probation
- \$4.8 million Public Works

General Fund Expenditure Trend

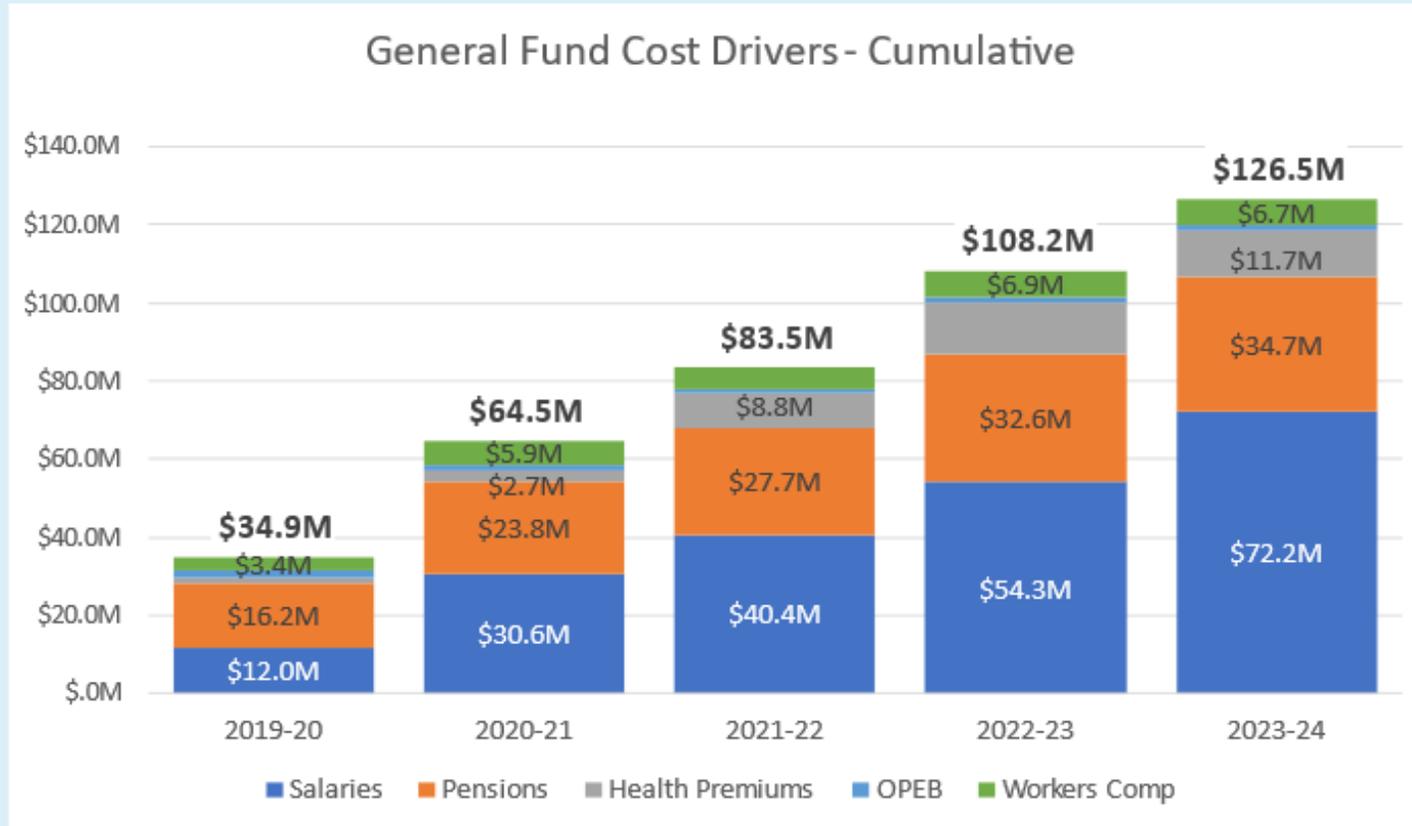

Expenditures decreased \$31.2 million compared to the prior year

The main reason for the decrease is the transfers out to other funds decreased. When one-time transfers (\$78.3 million) are excluded some important trends are evident:

- Salaries and benefit costs are \$18.7 million higher than the prior year. This trend continues from prior years, and it is unsustainable.
- Positions increased by 67 FTE in FY 2023-24

General Fund Cost Drivers

Over the past five years, major cost drivers have grown \$126.5 million on a cumulative basis

Major cost drivers include:

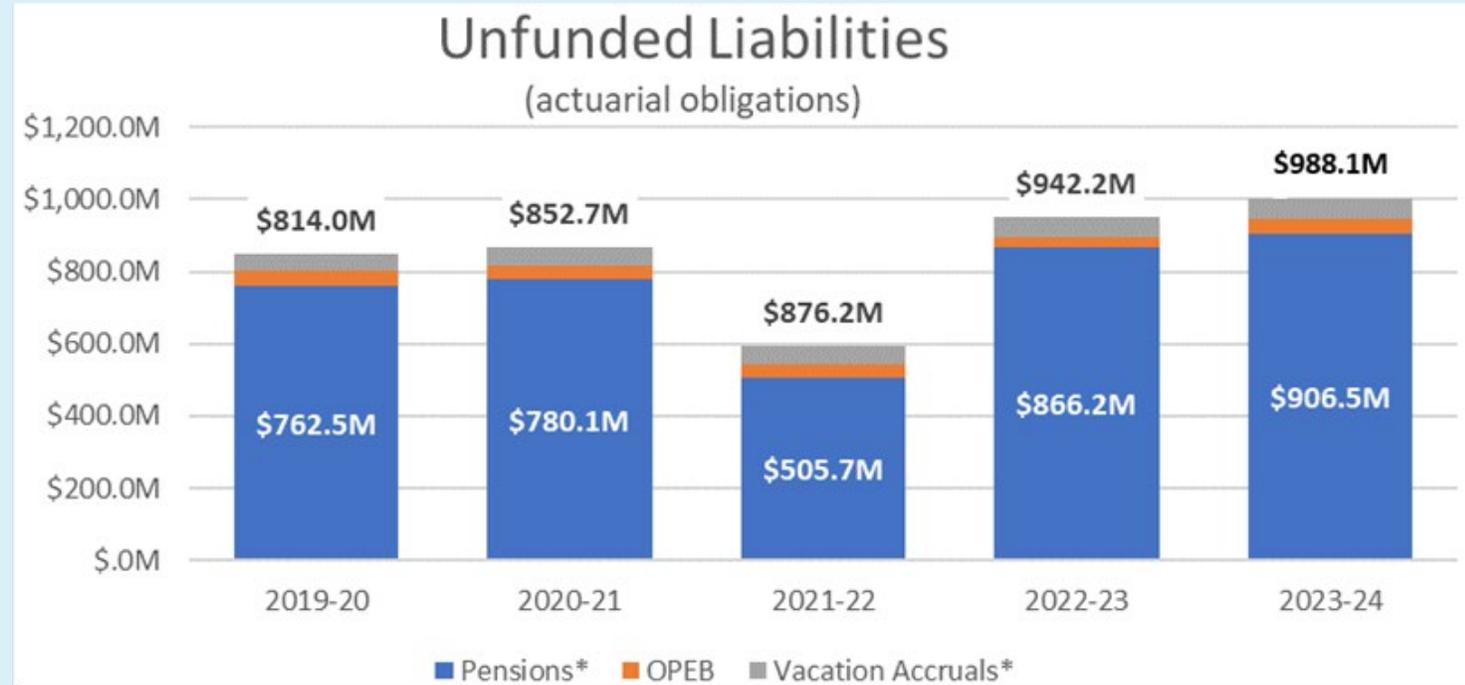

- \$72.2 million in salaries
- \$34.7 million pension contributions
- \$11.7 million healthcare premiums
- \$6.7 million workers' compensation

Unfunded Liabilities

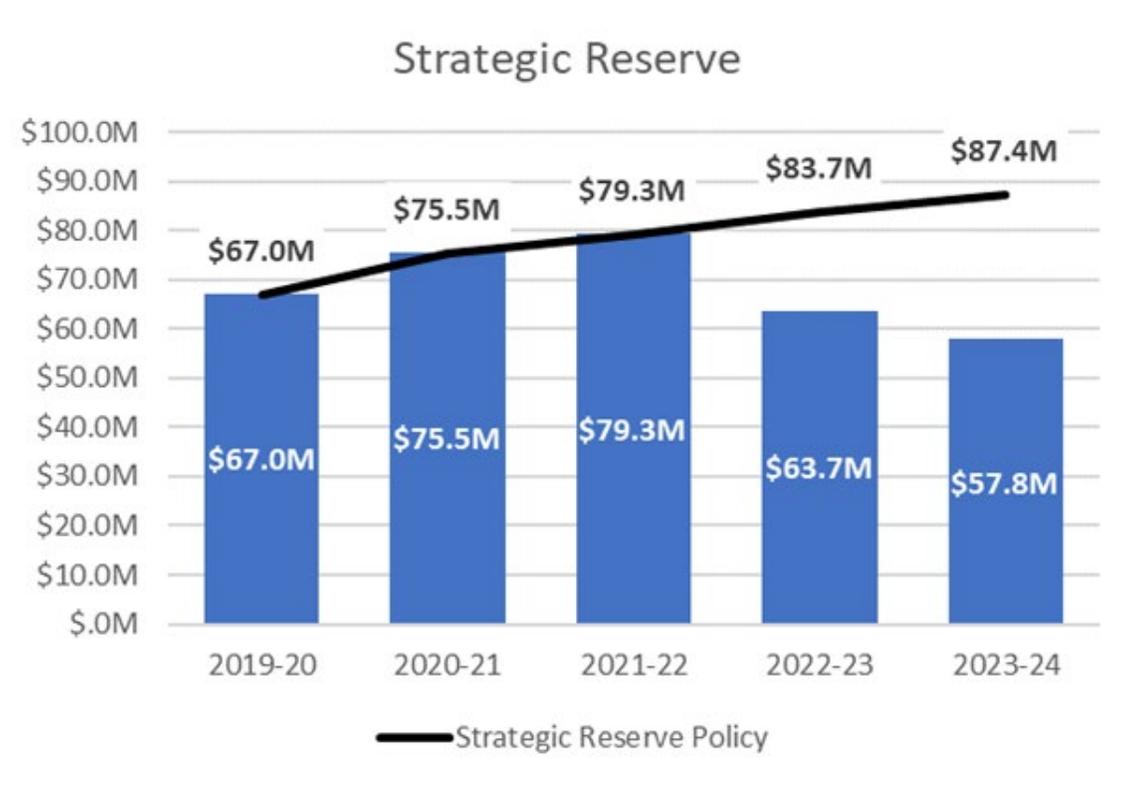

Actuarial obligations grew by \$45.9 million overall

Unfunded employee pension benefits are the largest liability at \$906.5 million

- Increase of \$40.3 million
- Impacts of lower discount rate on unfunded liability to continue FY25
- The discount rate was lowered to 6.8% in 2021 and remains at that level

Strategic Reserve

The Strategic Reserve declined by \$5.9 million due to \$25 million needed to recover from local emergencies but was replenished by \$19.1 million after the end of a favorable fiscal year. This amount represents 6.6% of general fund estimated revenues. The Board’s target per County policy is 10%.

Per County Policy, amounts taken from the Strategic Reserve must be replenished within five years. Based on the table below, \$21.5 million must be returned by CY 2029. This report recommends replenishing \$10 million of the \$21.5 million outstanding.

Fiscal Year	CY 2023	CY2024
Reserve Used	\$52.1 M	\$23.9 M
Replenished	\$52.1 M	\$2.3 M
Outstanding	\$ -	\$ 21.5 M

Looking Ahead - Challenges

- Throughout the pandemic and inflationary environment, the County was able to sustain service levels due to the Board's prudent financial policies and management
- Unprecedented levels of federal aid have infused the County's budget over the last three fiscal years.
 - These revenues are now exhausted;
- The State anticipates ongoing revenues to decline
- At the same time, these pressures have impacted recruitment and wages, affecting County operations.
- The County continues to face a reduction of its strategic reserves to respond to local emergencies.
