

Bree McCoy Harlan

My name is Bree Harlan. I was born and raised on the south coast of Big Sur at Lucia where my family has lived for the last 150 years. I raised my own two daughters here and have lived and worked up and down the coast for my whole life. I speak Spanish, French and Italian in addition to English, raise chickens, goats, peacocks, and bees and am an avid gardener. I prefer flowers but I grow vegetables too. I'm a self-taught carpenter, electrician, and plumber. During the frequent winter road closures, I have acted as de facto USPS/UPS/Fed Ex driver, picking up mail and packages in Monterey and driving the long way round to deliver mail and packages. I am also a registered nurse although I do not work in the medical field. I have served as the South Coast representative for the last 2 years.
