Re: Oaks Subdivision

Dear Mr. Mack,

As requested, California-American Water Company ("CAW") is providing combined annual water usage data for the four water meters that the company has installed in the Oaks Subdivision. A total of four CAW water meters have been installed. Three of these meters are for single family residences, and one is for irrigation of the common entrance to the subdivision.

Year	Combined Usage (1000G)
2008 (May – December)	156.75
2009	272.19
2010	510.78
2011	785.42
2012	727.05
2013 (January – October)	691.12

Please let me know if CAW can provide any further assistance.

Sincerely,

Andrew W. Homer
