SUMMARY/DISCUSSION:

Contractor operates the CHERISH Receiving Center which provides a safe and nurturing environment for children 0-18 years of age who have been removed from their homes due to abuse, neglect, or a disruption in foster care placement. These children need a safe, comfortable place to stay until their home issues are resolved, or until they can be placed with a foster family. The Center offers this nurturing and supportive environment for children when they are first placed in protective custody. Children only stay at the CHERISH Receiving Center for a maximum of 23 hours while safety concerns are resolved or placements in foster care, or with relatives, are arranged.

The CHERISH Receiving Center provides a child-friendly, safe, home-like environment through the successful collaboration between Aspiranet and County's Family & Children's Services. The trained childcare staff cares for the immediate basic needs of each child such as bathing, providing clean clothes, lice treatments, meals and engagement in age-appropriate activities. Children also receive medical and behavioral health assessments that follow them when they leave the Center.

The Department of Social Services, in continuing its dedication to the children subjected to abuse and/or neglect, and in order to support those children through the trauma experienced through removal from their homes, seeks to continue services with Aspiranet for the operation of the CHERISH Receiving Center.

OTHER AGENCY INVOLVEMENT:

The Auditor-Controller and Purchasing have reviewed and approved this agreement. County Counsel has approved the agreement as to form.

FINANCING:

Funding for these services is provided with a combination of Federal revenues and Realignment funds. Sufficient appropriations and estimated revenues in SOCOO5 are included in the FY 2015-16 Adopted Budget. Approval of this action has no impact on the County General Fund.
