CC: Melanie Beretti, HCD Housing and Special Programs Services Manager

Subject: Agenda Item No. 9 – Fort Ord Resource Management Plan and Funding

Staff has provided a report and attachments to the Board of Supervisors (Board) for the October 5, 2021 Board of Supervisors hearing.

The report provides an update on the County's process into the County Habitat Resource Management Plan (RMP), discusses the funding related to the Monterey Peninsula College and requests Board input on the Public Participation Plan. In the report, staff states the County has met with the California Department of Fish and Wildlife (CDFW). However, staff would like to correct this statement as the kick-off meeting that occurred between the County and its consultant only included the U.S. Fish and Wildlife (USFW) and the Bureau of Land Management. As the County continues to have meetings with stakeholders, the community and other agencies, CDFW will be included as a part of those efforts.
