

**Before the Board of Supervisors in and for the
County of Monterey, State of California**

Resolution No: 08 – 195

- a. A Resolution of the Monterey County Board of Supervisors)
confirming final Written Report of Service Charges to be levied)
in County Service Area No. 1 – Carmel Point; and)
- b. Levying service charges in County Service Area No. 1 – Carmel)
Point for street lighting services to be provided in FY 2008-09.)

WHEREAS:

- A. California County Service Area Law, Government Code Section 25210.1, et seq., authorizes the establishment of County Service Areas (CSAs) for the provision of extended services, including street lighting services, and Government Code Section 25210.77a sets forth procedures for the levy and collection of service charges to pay for the provision of such extended services. Pursuant to said law, Monterey County has established County Service Area No. 1 (CSA 1) – Carmel Point to provide and pay for extended street lighting services and other extended services in that CSA.
- B. To implement the foregoing provisions of the Government Code, Chapter 15.28 of the Monterey County Code provides for the collection of service charges for extended street lighting services and other extended services in CSAs and establishes the procedures to be followed in levying the service charges. Pursuant to said provisions, the County has, in the past, levied service charges to fund the extended services provided in CSA 1 and proposes to continue to levy such service charges.
- C. Pursuant to Monterey County Code, Sections 15.28.040 and 15.28.050, a Written Report of Service Charges for FY 2008-09 has been prepared by the Public Works Director and filed with the Clerk of the Board of Supervisors, setting forth a description of each Assessor's Parcel of real property receiving extended street lighting services and other extended services, the basic rate for the service charge to be levied in CSA 1, and the estimated amount of the CSA 1 service charge for each Assessor's Parcel for the fiscal year. Said report is based upon the Monterey County Assessment Roll for FY 2008-09, which roll will not become final until after the assessments proposed herein are finally approved.
- D. Pursuant to Monterey County Code Section 15.28.070, the matter of adoption of CSA 1 service charges came on regularly for hearing on June 24, 2008, the time and place fixed for said hearing. All written protests and other written communications were presented to the Board of Supervisors at said hearing, all persons desiring to be heard were given an opportunity to present testimony to the Board, and the Board heard and considered the evidence presented to it.
- E. Based on the evidence before the Board, the Board finds that the service charges proposed to be imposed herein are apportioned by a formula or method, which fairly distributes the

charges among all Assessors' parcels subject to the charges in proportion to the estimated benefits to be received by each such parcel from the extended street lighting services and other extended services.

F. On November 5, 1996, the voters of the State of California passed Proposition 218, which added Articles 13C and 13D to the California Constitution. Article 13D enacts rules that are applicable to the imposition of service charges. The Board finds that this Resolution imposes service charges by extending charges that existed before the passage of Proposition 218 and that the charges imposed herein are properly imposed under California Constitution, Article 13D, Section 6(b), as follows:

1. Revenues derived from the service charges imposed herein will be used solely to provide street lighting services.
2. Revenues derived from the service charges imposed herein will not exceed the funds required to provide the property-related service.
3. Revenues derived from the service charges imposed herein will not be used for any other purpose other than that for which the service charges are imposed.
4. The amount of the service charge imposed upon any parcel as an incident of property ownership will not exceed the proportional cost of the service attributable to the parcel.
5. The service for which the charges are imposed herein will be used by, or be immediately available to, the owner of each property subject to the charge.
6. The charges imposed herein will not be used for any general government services (including, but not limited to, police, fire, ambulance, or library services) where the service is available to the public at large in substantially the same manner as it is to property owners.

G. Charges were imposed in this CSA for FY 2007-08 for the same purposes as are specified herein for FY 2008-09, and the charges imposed herein for FY 2008-09 do not exceed the charges imposed for FY 2007-08.

H. The Board further finds that because the charges imposed herein are existing charges which are being extended without increase over the charges in existence prior to the passage of Proposition 218, these charges are exempt from the notice, protest, and election requirements specified in the California Constitution, Article 13D, Sections 6(a) and 6(c).

WHEREAS:

- A. California County Service Area Law, Government Code Section 25210.1, et seq., authorizes the establishment of County Service Areas (CSAs) for the provision of extended services, including parkway maintenance, street lighting, street maintenance, and surface water disposal services, and Government Code Section 25210.77a sets forth procedures for the levy and collection of service charges to pay for the provision of such extended services. Pursuant to said law, Monterey County has established County Service Area No. 15 (CSA 15) - Serra Village/Toro Park/Adjacent Annexed Areas to provide and pay for extended parkway maintenance, street lighting, street maintenance, storm drain maintenance, surface water disposal services, and other extended services in that CSA.
- B. To implement the foregoing provisions of the Government Code, Chapter 15.28 of the Monterey County Code provides for the collection of service charges for extended parkway maintenance, street lighting, street maintenance, storm drain maintenance, surface water disposal services, and other extended services in CSAs and establishes the procedures to be followed in levying the service charges. Pursuant to said provisions, the County has, in the past, levied service charges to fund the extended services provided in CSA 15 and proposes to continue to levy such service charges.
- C. Pursuant to Monterey County Code, Sections 15.28.040 and 15.28.050, a Written Report of Service Charges for FY 2008-09 has been prepared by the Director of Public Works and filed with the Clerk of the Board of Supervisors, setting forth a description of each Assessor's Parcel of real property receiving extended parkway maintenance, street lighting, street maintenance, storm drain maintenance, surface water disposal services, and other extended services, the basic rate for the service charge to be levied in CSA 15, and the estimated amount of the CSA 15 service charge for each Assessor's Parcel for the fiscal year. Said report is based upon the Monterey County Assessment Roll for FY 2008-09, which roll will not become final until after the assessments proposed herein are finally approved.

- D. Pursuant to Monterey County Code Section 15.28.070, on June 24, 2008, the matter of adoption of CSA 15 service charges came on regularly for hearing, at the time and place fixed for said hearing. - A. California County Service Area Law, Government Code Section 25210.1, et seq., authorizes the establishment of County Service Areas (CSAs) for the provision of extended services, including parkway maintenance, street lighting, street maintenance, storm drain maintenance, and surface water disposal services, and Government Code Section 25210.77a sets forth procedures for the levy and collection of service charges to pay for the provision of such extended services. Pursuant to said law, Monterey County has established County Service Area No. 23 (CSA 23) – Carmel Rancho Subdivision to provide and pay for extended parkway maintenance, street lighting, street maintenance, storm drain maintenance, surface water disposal services, and other extended services in that CSA.
- B. To implement the foregoing provisions of the Government Code, Chapter 15.28 of the Monterey County Code provides for the collection of service charges for extended parkway maintenance, street lighting, street maintenance, storm drain maintenance, surface water disposal and other extended services in CSAs and establishes the procedures to be followed in levying the service charges. Pursuant to said provisions, the County has, in the past, levied service charges to fund the extended services provided in CSA 23 and proposes to continue to levy such service charges.
- C. Pursuant to Monterey County Code, Sections 15.28.040 and 15.28.050, a Written Report of Service Charges for FY 2008-09 has been prepared by the Director of Public Works and filed with the Clerk of the Board of Supervisors, setting forth a description of each Assessor's Parcel of real property receiving extended parkway maintenance, street lighting, street maintenance, storm drain maintenance, surface water disposal services, and other extended services, the basic rate for the service charge to be levied in CSA 23, and the estimated amount of the CSA 23 service charge for each Assessor's Parcel for the fiscal year. Said report is based upon the Monterey County Assessment Roll for FY 2008-09, which roll will not become final until after the assessments proposed herein are finally approved.

- D. Pursuant to Monterey County Code Section 15.28.070, on June 24, 2008, the matter of adoption of CSA 38 service charges came on regularly for hearing, at the time and place fixed for said hearing. All written protests and other written communications were presented to the Board of Supervisors at said hearing, all persons desiring to be heard were given an opportunity to present testimony to the Board, and the Board heard and considered the evidence presented to it.
- E. Based on the evidence before the Board, the Board finds that the service charges proposed to be imposed herein are apportioned by a formula or method which fairly distributes the charges among all Assessors' parcels subject to the charges in proportion to the estimated benefits to be received by each such parcel from the extended parkway maintenance, street lighting, street maintenance, storm drain maintenance, and surface water disposal services.
- F. On November 5, 1996, the voters of the State of California passed Proposition 218, which added Articles 13C and 13D to the California Constitution. Article 13D enacts rules that are applicable to the imposition of service charges. The Board finds that this resolution imposes service charges by extending charges that existed before the passage of Proposition 218 and that the charges imposed herein are properly imposed under California Constitution, Article 13D, Section 6(b), as follows:
1. Revenues derived from the service charges imposed herein will be used solely to provide one or more property-related services, namely parkway maintenance, street lighting, street maintenance, storm drain maintenance, and surface water disposal services.
 2. Revenues derived from the service charges imposed herein will not exceed the funds required to provide the property-related services.
 3. Revenues derived from the service charges imposed herein will not be used for any other purpose other than that for which the service charges are imposed.
 4. The amount of the service charges imposed herein upon any parcel does not exceed the proportional cost of the services attributable to that parcel.
 5. The service for which the charges are imposed herein will be used by, or be immediately available to, the owner of each property subject to the charge.
 6. The charges imposed herein will not be used for any general governmental services (including, but not limited to, police, fire, ambulance, or library services) where the service is available to the public at large in substantially the same manner as it is to property owners.

Resolution Levying Service Charges CSA 23 – Carmel Rancho Subdivision

June 24, 2008

G. Charges were imposed in this CSA for FY 2007-08 for the same purposes as are specified herein for FY 2008-09, and the charges imposed herein for FY 2008-09 do not exceed the charges imposed for FY 2007-08.

H. The Board further finds that because the charges imposed herein are existing charges which are being extended without increase over the charges in existence prior to the passage of Proposition 218, these charges are exempt from the notice, protest, and election requirements specified in the California Constitution, Article 13D, Sections 6(a) and 6(c).

NOW, THEREFORE, BE IT RESOLVED BY THE MONTEREY COUNTY BOARD OF SUPERVISORS AS FOLLOWS:

1. The Written Report filed herein for CSA 23 – Carmel Rancho Subdivision is hereby confirmed as the final report, with the following changes:

None, except only for such changes to such report as shall be made by the Director of Public Works, as made necessary to bring the report into conformity with the changes to the Monterey County Assessment Roll, prior to the moment at which the Monterey County Assessment Roll for FY 2008-09 becomes final.

2. The estimated service charges set forth in the Written Report confirmed hereinabove are hereby levied in CSA 23 for FY 2008-09, with the following changes:

None, except for changes made necessary by changes to the final report as specified in paragraph 1, above.

WHEREAS:

- A. California County Service Area Law, Government Code Section 25210.1, et seq., authorizes the establishment of County Service Areas (CSAs) for the provision of extended services, including storm drain maintenance, and surface water disposal services, and Government Code Section 25210.77a sets forth procedures for the levy and collection of service charges to pay for the provision of such extended services. Pursuant to said law, Monterey County has established County Service Area No. 30 (CSA 30) – Rancho Mar Monte 1, 2, and 3 to provide and pay for extended storm drain maintenance, surface water disposal services, and other extended services in that CSA.
- B. To implement the foregoing provisions of the Government Code, Chapter 15.28 of the Monterey County Code provides for the collection of service charges for extended storm drain maintenance, surface water disposal services, and other extended services in CSAs and establishes the procedures to be followed in levying the service charges. Pursuant to said provisions, the County has, in the past, levied service charges to fund the extended services provided in CSA 30 and proposes to continue to levy such service charges.
- C. Pursuant to Monterey County Code, Sections 15.28.040 and 15.28.050, a Written Report of Service Charges for FY 2008-09 has been prepared by the Director of Public Works and filed with the Clerk of the Board of Supervisors, setting forth a description of each Assessor's Parcel of real property receiving extended storm drain maintenance, surface water disposal services, and other extended services, the basic rate for the service charge to be levied in CSA 30, and the estimated amount of the CSA 30 service charge for each Assessor's Parcel for the fiscal year. Said report is based upon the Monterey County Assessment Roll for FY 2008-09, which roll will not become final until after the assessments proposed herein are finally approved.

Annette D'Adamo, Interim Clerk of the Board of Supervisors
County of Monterey, State of California

By P. P. [Signature] Deputy

**Before the Board of Supervisors in and for the
County of Monterey, State of California**

Resolution No: 08 – 203

- a. A Resolution of the Monterey County Board of Supervisors)
confirming final Written Report of Service Charges to be)
levied in County Service Area No. 31 - Aromas Hills)
Subdivision; and)
- b. Levying service charges in County Service Area No. 31 –)
Aromas Hills Subdivision for storm drain maintenance, and)
surface water disposal services to be provided in FY 2008-09.)

WHEREAS:

- A. California County Service Area Law, Government Code Section 25210.1, et seq., authorizes the establishment of County Service Areas (CSAs) for the provision of extended services, including storm drain maintenance, and surface water disposal services, and Government Code Section 25210.77a sets forth procedures for the levy and collection of service charges to pay for the provision of such extended services. Pursuant to said law, Monterey County has established County Service Area No. 31 (CSA 31) – Aromas Hill Subdivision to provide and pay for extended storm drain maintenance, surface water disposal services, and other extended services in that CSA.
- B. To implement the foregoing provisions of the Government Code, Chapter 15.28 of the Monterey County Code provides for the collection of service charges for extended storm drain maintenance, surface water disposal services, and other extended services in CSAs and establishes the procedures to be followed in levying the service charges. Pursuant to said provisions, the County has, in the past, levied service charges to fund the extended services provided in CSA 31 and proposes to continue to levy such service charges.
- C. Pursuant to Monterey County Code, Sections 15.28.040 and 15.28.050, a Written Report of Service Charges for FY 2008-09 has been prepared by the Director of Public Works and filed with the Clerk of the Board of Supervisors, setting forth a description of each Assessor's Parcel of real property receiving storm drain maintenance, and surface water disposal services and other extended services, the basic rate for the service charge to be levied in CSA 31, and the estimated amount of the CSA 31 service charge for each Assessor's Parcel for the fiscal year. Said report is based upon the Monterey County Assessment Roll for FY 2008-09, which roll will not become final until after the assessments proposed herein are finally approved.
- D. Pursuant to Monterey County Code, Section 15.28.070, on June 24, 2008, the matter of adoption of CSA 31 service charges came on regularly for hearing, at the time and place fixed for said hearing. All written protests and other written communications were presented to the Board of Supervisors at said hearing, all persons desiring to be heard were given an

opportunity to present testimony to the Board, and the Board heard and considered the evidence presented to it.

- E. Based on the evidence before the Board, the Board finds that the service charges proposed to be imposed herein are apportioned by a formula or method which fairly distributes the charges among all Assessors' parcels subject to the charges in proportion to the estimated benefits to be received by each such parcel from the extended storm drain maintenance, surface water disposal services, and other extended services.

- F. On November 5, 1996, the voters of the State of California passed Proposition 218, which added Articles 13C and 13D to the California Constitution. Article 13D enacts rules that are applicable to the imposition of service charges. The Board finds that this resolution imposes service charges by extending charges that existed before the passage of Proposition 218 and that the charges imposed herein are properly imposed under California Constitution, Article 13D, Section 6(b), as follows:
 - 1. Revenues derived from the service charges imposed herein will be used solely to provide one or more property-related services, namely storm drain maintenance, and surface water disposal services.
 - 2. Revenues derived from the service charges imposed herein will not exceed the funds required to provide the property-related services.
 - 3. Revenues derived from the service charges imposed herein will not be used for any other purpose other than that for which the service charges are imposed
 - 4. The amount of the service charges imposed herein upon any parcel does not exceed the proportional cost of the services attributable to that parcel.
 - 5. The service for which the charges are imposed herein will be used by, or be immediately available to, the owner of each property subject to the charge.
 - 6. The charges imposed herein will not be used for any general governmental services (including, but not limited to, police, fire, ambulance, or library services) where the service is available to the public at large in substantially the same manner as it is to property owners.

- G. Charges were imposed in this CSA for FY 2007-08 for the same purposes as are specified herein for FY 2008-09, and the charges imposed herein for FY 2008-09 do not exceed the charges imposed for FY 2007-08.

- H. The Board further finds that because the charges imposed herein are existing charges which are being extended without increase over the charges in existence prior to the passage of Proposition 218, these charges are exempt from the notice, protest, and election requirements specified in the California Constitution, Article 13D, Section 6(a) and 6(c).

NOW, THEREFORE, BE IT RESOLVED BY THE MONTEREY COUNTY BOARD OF SUPERVISORS AS FOLLOWS:

1. The Written Report filed herein for CSA 31 – Aromas Hills Subdivision is hereby confirmed as the final report, with the following changes:

None, except only for such changes to such report as shall be made by the Director of Public Works, as made necessary to bring the report into conformity with the changes to the Monterey County Assessment Roll, prior to the moment at which the Monterey County Assessment Roll for FY 2008-09 becomes final.

2. The estimated service charges set forth in the Written Report confirmed hereinabove are hereby levied in CSA 31 for FY 2008-09, with the following changes:

None, except for changes made necessary by changes to the final report as specified in paragraph 1, above.

I, Annette D'Adamo, Interim Clerk of the Board of Supervisors of the County of Monterey, State of California, hereby certify that the foregoing is a true copy of an original order of said Board of Supervisors duly made and entered in the minutes thereof of Minute Book 74 for the meeting on June 24, 2008.

Dated: June 25, 2008

Annette D'Adamo, Interim Clerk of the Board of Supervisors
County of Monterey, State of California

By 
Deputy

**Before the Board of Supervisors in and for the
County of Monterey, State of California**

Resolution No: 08 – 204

- a. A Resolution of the Monterey County Board of Supervisors)
confirming final Written Report of Service Charges to be)
levied in County Service Area No. 32 - Green Valley Acres)
and Moon Subdivision; and)
- b. Levying service charges in County Service Area No. 32 -)
Green Valley Acres and Moon Subdivision for street lighting,)
storm drain maintenance, and surface water disposal services)
to be provided in FY 2008-09.)

WHEREAS:

- A. California County Service Area Law, Government Code Section 25210.1, et seq., authorizes the establishment of County Service Areas (CSAs) for the provision of extended services, including street lighting, storm drain maintenance, and surface water disposal services, and Government Code, Section 25210.77a sets forth procedures for the levy and collection of service charges to pay for the provision of such extended services. Pursuant to said law, Monterey County has established County Service Area No. 32 (CSA 32) – Green Valley Acres and Moon Subdivision to provide and pay for extended street lighting, storm drain maintenance, surface water disposal services, and other extended services in that CSA.
- B. To implement the foregoing provisions of the Government Code, Chapter 15.28 of the Monterey County Code provides for the collection of service charges for extended street lighting, storm drain maintenance, surface water disposal services, and other extended services in CSAs and establishes the procedures to be followed in levying the service charges. Pursuant to said provisions, the County has, in the past, levied service charges to fund the extended services provided in CSA 32 and proposes to continue to levy such service charges.
- C. Pursuant to Monterey County Code, Sections 15.28.040 and 15.28.050, a Written Report of Service Charges for FY 2008-09 has been prepared by the Director of Public Works and filed with the Clerk of the Board of Supervisors, setting forth a description of each Assessor's Parcel of real property receiving extended street lighting, storm drain maintenance, surface water disposal services, and other extended services, the basic rate for the service charge to be levied in CSA 32, and the estimated amount of the CSA 32 service charge for each Assessor's Parcel for the fiscal year. Said report is based upon the Monterey County Assessment Roll for FY 2008-09, which roll will not become final until after the assessments proposed herein are finally approved.
- D. Pursuant to Monterey County Code, Section 15.28.070, on June 24, 2008, the matter of adoption of CSA 32 service charges came on regularly for hearing, at the time and place fixed for said hearing. All written protests and other written communications were presented

to the Board of Supervisors at said hearing, all persons desiring to be heard were given an opportunity to present testimony to the Board, and the Board heard and considered the evidence presented to it.

- E. Based on the evidence before the Board, the Board finds that the service charges proposed to be imposed herein are apportioned by a formula or method which fairly distributes the charges among all Assessors' parcels subject to the charges in proportion to the estimated benefits to be received by each such parcel from the extended street lighting, storm drain maintenance, surface water disposal services, and other extended services.
- F. On November 5, 1996, the voters of the State of California passed Proposition 218, which added Articles 13C and 13D to the California Constitution. Article 13D enacts rules that are applicable to the imposition of service charges. The Board finds that this resolution imposes service charges by extending charges that existed before the passage of Proposition 218 and that the charges imposed herein are properly imposed under California Constitution, Article 13D, Section 6(b), as follows:
1. Revenues derived from the service charges imposed herein will be used solely to provide one or more property-related services, namely street lighting, storm drain maintenance, and surface water disposal services.
 2. Revenues derived from the service charges imposed herein will not exceed the funds required to provide the property-related services.
 3. Revenues derived from the service charges imposed herein will not be used for any other purpose other than that for which the service charges are imposed.
 4. The amount of the service charges imposed herein upon any parcel does not exceed the proportional cost of the services attributable to that parcel.
 5. The service for which the charges are imposed herein will be used by, or be immediately available to, the owner of each property subject to the charge.
 6. The charges imposed herein will not be used for any general governmental services (including, but not limited to, police, fire, ambulance, or library services) where the service is available to the public at large in substantially the same manner as it is to property owners.
- G. Charges were imposed in this CSA for FY 2007-08 for the same purposes as are specified herein for FY 2008-09, and the charges imposed herein for FY 2008-09 do not exceed the charges imposed for FY 2007-08.
- H. The Board further finds that because the charges imposed herein are existing charges which Proposition 218, these charges are exempt from the notice, protest, and election requirements specified in the California Constitution, Article 13D, Section 6(a) and 6(c).

WHEREAS:

A. California County Service Area Law, Government Code Section 25210.1, et seq., authorizes the establishment of County Service Areas (CSAs) for the provision of extended services, including street lighting services, and Government Code Section 25210.77a sets forth procedures for the levy and collection of service charges to pay for the provision of such extended services, and Government Code Section 25210.8 provides for the establishment of zones in a CSA, within which service charges may vary with the extent of benefit to each zone or with the availability of other funds within a zone. Pursuant to said law, Monterey County has established County Service Area No. 41 (CSA 41) – Gabilan Acres and Boronda to provide and pay for extended street lighting services and other extended services in that CSA, and has established within CSA 41 the following zones to provide and pay for some or all such services in those zones:

Gabilan Acres
Boronda

- B. To implement the foregoing provisions of the Government Code, Chapter 15.28 of the Monterey County Code provides for the collection of service charges for extended street lighting and other extended services in that CSA and establishes the procedures to be followed in levying the service charges. Pursuant to said provisions, the County has, in the past, levied service charges to fund the extended services provided in CSA 41 and proposes to continue to levy such service charges.
- C. Pursuant to Monterey County Code, Sections 15.28.040 and 15.28.050, a Written Report of Service Charges for FY 2008-09 has been prepared by the Public Works Director and filed with the Clerk of the Board of Supervisors, setting forth a description of each Assessor's Parcel of real property receiving the extended street lighting and other extended services, the basic rate for the service charge to be levied in CSA 41 and the zones within CSA 41, and the estimated amount of the overall CSA 41 service charge and the zone charge for each Assessor's Parcel for the fiscal year. Said report is based upon the Monterey County Assessment Roll for FY 2008-09, which roll will not become final until after the assessments proposed herein are finally approved.

All written protests and other written communications were presented to the Board of Supervisors at said hearing, all persons desiring to be heard were given an opportunity to present testimony to the Board, the Board heard and considered the evidence presented to it.
- E. Based on the evidence before the Board, the Board finds that the service charges proposed to be imposed herein are apportioned by a formula or method which fairly distributes the charges among all Assessors' parcels subject to the charges in proportion to the estimated benefits to be received by each such parcel from the extended street lighting services and other extended services.
- F. On November 5, 1996, the voters of the State of California passed Proposition 218, which added Articles 13C and 13D to the California Constitution. Article 13D enacts rules that are applicable to the imposition of service charges. The Board finds that this Resolution imposes service charges by extending charges that existed before the passage of Proposition 218 and that the charges imposed herein are properly imposed under California Constitution, Article 13D, Section 6(b), as follows:
1. Revenues derived from the service charges will not exceed the funds required to provide the property-related service.
 2. Revenues derived from the service charges will not be used for any purpose other than that for which the service charge was imposed, namely street lighting.
 3. Revenues derived from the service charges imposed herein will not be used for any other purpose other than that for which the service charges are imposed.
 4. The amount of the service charges imposed herein upon any parcel does not exceed the proportional cost of the services attributable to that parcel.
 5. The service for which the charges are imposed herein will be used by, or be immediately available to, the owner of each property subject to the charge.
 6. The charges imposed herein will not be used for any general governmental services (including, but not limited to, police, fire, ambulance, or library services) where the service is available to the public at large in substantially the same manner as it is to property owners.
- G. Charges were imposed in this CSA for FY 2007-08 for the same purposes as are specified herein for FY 2008-09, and the charges imposed herein for FY 2008-09 do not exceed the charges imposed for FY 2007-08.
- H. The Board further finds that because the charges imposed herein are existing charges which are being extended without increase over the charges in existence prior to the passage of

Proposition 218, these charges are exempt from the notice, protest, and election requirements specified in the California Constitution, Article 13D, Sections 6(a) and 6(c).

NOW, THEREFORE, BE IT RESOLVED BY THE MONTEREY COUNTY BOARD OF SUPERVISORS AS FOLLOWS:

1. The Written Report of Service Charges filed herein for CSA 41 – Gabilan Acres and Boronda is hereby confirmed as the final report, with the following changes:

None, except only for such changes to such report as shall be necessary to be made by the Public Works Director to bring the report into conformity with the changes to the Monterey County Assessment Roll prior to the moment at which the Monterey County Assessment Roll for FY 2008-09 becomes final.

2. The estimated service charges set forth in the Written Report of Service Charges confirmed hereinabove are hereby levied in CSA 41 and in the CSA 41 zones for FY 2008-09, with the following changes:

None, except for changes made necessary by changes to the final report as specified in paragraph 1, above.

services to be provided in FY 2008-09.)

WHEREAS:

- A. California County Service Area Law, Government Code Section 25210.1, et seq., authorizes the establishment of County Service Areas (CSAs) for the provision of extended services, including street lighting, storm drain maintenance, and surface water disposal services, and Government Code Section 25210.77a sets forth procedures for the levy and collection of service charges to pay for the provision of such extended services. Pursuant to said law, Monterey County has established County Service Area No. 44 (CSA 44) – Corral De Tierra Oaks 1, 2, and 3 to provide and pay for extended street lighting, storm drain maintenance, surface water disposal services, and other extended services in that CSA.
- B. To implement the foregoing provisions of the Government Code, Chapter 15.28, of the Monterey County Code provides for the collection of service charges for extended street lighting, storm drain maintenance, surface water disposal services, and other extended services in CSAs and establishes the procedures to be followed in levying the service charges. Pursuant to said provisions, the County has, in the past, levied service charges to fund the extended services provided in CSA 44 and proposes to continue to levy such service charges.
- C. Pursuant to Monterey County Code, Sections 15.28.040 and 15.28.050, a Written Report of Service Charges for FY 2008-09 has been prepared by the Director of Public Works and filed with the Clerk of the Board of Supervisors, setting forth a description of each Assessor's Parcel of real property receiving extended street lighting, storm drain maintenance, surface water disposal services, and other extended services, the basic rate for the service charge to be levied in CSA 44, and the estimated amount of the CSA 44 service charge for each Assessor's Parcel for the Fiscal Year. Said report is based upon the Monterey County Assessment Roll for FY 2008-09, which roll will not become final until after the assessments proposed herein are finally approved.
- D. Pursuant to Monterey County Code, Section 15.28.070, on June 24, 2008, the matter of adoption of CSA 44 service charges came on regularly for hearing, at the time and place fixed for said hearing. All written protests and other written communications were presented

to the Board of Supervisors at said hearing, all persons desiring to be heard were given an opportunity to present testimony to the Board, and the Board heard and considered the evidence presented to it.

- F. On November 5, 1996, the voters of the State of California passed Proposition 218, which added Articles 13C and 13D to the California Constitution. Article 13D enacts rules that are applicable to the imposition of service charges. The Board finds that this resolution imposes service charges by extending charges that existed before the passage of Proposition 218 and that the charges imposed herein are properly imposed under California Constitution, Article 13D, Section 6(b), as follows:
 - 1. Revenues derived from the service charges imposed herein will be used solely to provide one or more property-related services, namely street lighting, storm drain maintenance, and surface water disposal services.
 - 2. Revenues derived from the service charges imposed herein will not exceed the funds required to provide the property-related services.
 - 3. Revenues derived from the service charges imposed herein will not be used for any other purpose other than that for which the service charges are imposed
 - 4. The amount of the service charges imposed herein upon any parcel does not exceed the proportional cost of the services attributable to that parcel.
 - 5. The service for which the charges are imposed herein will be used by, or be immediately available to, the owner of each property subject to the charge.
 - 6. The charges imposed herein will not be used for any general governmental services (including, but not limited to, police, fire, ambulance, or library services) where the service is available to the public at large in substantially the same manner as it is to property owners.
- G. Charges were imposed in this CSA for FY 2007-08 for the same purposes as are specified herein for FY 2007-08, and the charges imposed herein for FY 2008-09 do not exceed the charges imposed for FY 2007-08.
- H. The Board further finds that because the charges imposed herein are existing charges which are being extended without increase over the charges in existence prior to the passage of

Proposition 218, these charges are exempt from the notice, protest, and election requirements specified in the California Constitution, Article 13D, Section 6(a) and 6(c).

NOW, THEREFORE, BE IT RESOLVED BY THE MONTEREY COUNTY BOARD OF SUPERVISORS AS FOLLOWS:

1. The Written Report filed herein for CSA 44 – Corral De Tierra Oaks 1, 2, and 3 is hereby confirmed as the final report, with the following changes:

None, except only for such changes to such report as shall be made by the Director of Public Works, as made necessary to bring the report into conformity with the changes to the Monterey County Assessment Roll, prior to the moment at which the Monterey County Assessment Roll for FY 2008-09 becomes final.

WHEREAS:

- A. California County Service Area Law, Government Code Section 25210.1, et seq., authorizes the establishment of County Service Areas (CSAs) for the provision of extended services, including storm drain maintenance, surface water disposal, levee maintenance and repair services, and Government Code Section 25210.77a sets forth procedures for the levy and collection of service charges to pay for the provision of such extended services, and Government Code Section 25210.8 provides for the establishment of zones in a CSA, within which service charges may vary with the extent of benefit to each zone or with the availability of other funds within a zone. Pursuant to said law, Monterey County has established County Service Area No. 50 (CSA 50) – Lower Carmel River to provide and pay for extended storm drain maintenance, surface water disposal, levee maintenance and repair services, and other extended services in that CSA and has established within CSA 50 the following zones to provide and pay for some or all such services in those zones:

Zone 1, Zone 2, Zone 3, Zone 4, Zone 5

- B. To implement the foregoing provisions of the Government Code, Chapter 15.28 of the Monterey County Code provides for the collection of service charges for extended storm drain maintenance, surface water disposal, levee maintenance and repair services, and other extended services in that CSA and establishes the procedures to be followed in levying the service charges. Pursuant to said provisions, the County has, in the past, levied service charges to fund the extended services provided in CSA 50 and proposes to continue to levy such service charges.
- C. Pursuant to Monterey County Code, Sections 15.28.040 and 15.28.050, a Written Report of Service Charges for FY 2008-09 has been prepared by the Public Works Director and filed with the Clerk of the Board of Supervisors, setting forth a description of each Assessor's Parcel of real property receiving the extended storm drain maintenance, surface water disposal, levee maintenance and repair services, and other extended services, the basic rate for the service charge to be levied in CSA 50 and the zones within CSA 50, and the estimated amount of the overall CSA 50 service charge and the zone charge for each Assessor's Parcel for the fiscal

year. Said report is based upon the Monterey County Assessment Roll for FY 2008-09, which roll will not become final until after the assessments proposed herein are finally approved.

- D. Pursuant to Monterey County Code Section 15.28.070, the matter of the adoption of CSA 50 service charges came on regularly for hearing on June 24, 2008, the time and place fixed for said hearing. All written protests and other written communications were presented to the Board of Supervisors at said meeting, all persons desiring to be heard were given an opportunity to present testimony to the Board, and the Board heard and considered the evidence presented to it.
- E. The Board finds that this Resolution imposes service charges by extending charges that existed before the passage of Proposition 218 and that the charges imposed herein are properly imposed under California Constitution, Article 13D, Section 6(b), as follows:
1. Revenues derived from the service charges shall not exceed the funds required to provide the property-related service.
 2. Revenues derived from the service charges shall not be used for any purpose other than that for which the service charge was imposed, namely storm drain maintenance, surface water disposal, levee maintenance and repair.
 3. The amount of the service charge imposed upon any parcel as an incident of property ownership shall not exceed the proportional cost of the service attributable to the parcel.
 4. The amount of the service charges imposed herein upon any parcel does not exceed the proportional cost of the services attributable to that parcel.
 5. The service for which the charges are imposed herein will be used by, or be immediately available to, the owner of each property subject to the charge.
 6. The charges imposed herein will not be used for any general governmental services (including, but not limited to, police, fire, ambulance, or library services) where the service is available to the public at large in substantially the same manner as it is to property owners.

 5. The service for which the charges are imposed herein will be used by, or be immediately available to, the owner of each property subject to the charge.
 6. The charges imposed herein will not be used for any general governmental services (including, but not limited to, police, fire, ambulance, or library services) where the service is available to the public at large in substantially the same manner as it is to property owners.
- G. Charges were imposed in this CSA for FY 2007-08 for the same purposes as are specified herein for FY 2008-09, and the charges imposed herein for FY 2008-09 do not exceed the charges imposed for FY 2007-08.
- H. The Board further finds that because the charges imposed herein are existing charges which are being extended without increase over the charges in existence prior to the passage of

Proposition 218, these charges are exempt from the notice, protest, and election requirements specified in the California Constitution, Article 13D, Section 6(a) and 6(c).

NOW, THEREFORE, BE IT RESOLVED BY THE MONTEREY COUNTY BOARD OF SUPERVISORS AS FOLLOWS:

1. The Written Report filed herein for CSA 51 – High Meadows No. 1 and 2 is hereby confirmed as the final report, with the following changes:

None, except only for such changes to such report as shall be made by the Director of Public Works, as made necessary to bring the report into conformity with the changes to the Monterey County Assessment Roll, prior to the moment at which the Monterey County Assessment Roll for FY 2008-09 becomes final.

2. The estimated service charges set forth in the Written Report confirmed hereinabove are hereby levied in CSA 51 for FY 2008-09, with the following changes:

None, except for changes made necessary by changes to the final report as specified in paragraph 1, above.

PASSED AND ADOPTED on this 24th day of June, 2008, upon motion of Supervisor Salinas, seconded by Supervisor Calcagno, by the following vote, to-wit:

AYES: Supervisors Armenta, Calcagno, Salinas, Mettee-McCutchon, Potter

I, Annette D'Adamo, Interim Clerk of the Board of Supervisors of the County of Monterey, State of California, hereby certify that the foregoing is a true copy of an original order of said Board of Supervisors duly made and entered in the minutes thereof of Minute Book 74 for the meeting on June 24, 2008.

**Before the Board of Supervisors in and for the
County of Monterey, State of California**

Resolution No: 08 – 216

- a. A Resolution of the Monterey County Board of Supervisors)
confirming final Written Report on Service Charges to be)
levied in County Service Area No. 53 - Arroyo Seco - Las)
Coches and Guidotti Annex; and)
- b. Levying service charges in County Service Area No. 53 -)
Arroyo Seco - Las Coches and Guidotti Annex for surface)
water disposal services to be provided in FY 2008-09.)

WHEREAS:

- A. County Service Area Law, California Government Code Section 25210.1, et seq., authorizes the establishment of County Service Areas (CSAs) for the provision of extended services, including surface water disposal services, and Government Code Section 25210.77a sets forth procedures for the levy and collection of service charges to pay for the provision of such extended services. Pursuant to said law, Monterey County has established County Service Area No. 53 (CSA 53) – Arroyo Seco – Las Coches and Guidotti Annex to provide and pay for extended surface water disposal services and other extended services in that CSA.
- B. To implement the foregoing provisions of the Government Code, Chapter 15.28 of the Monterey County Code provides for the collection of service charges for surface water disposal and other extended services in CSAs and establishes the procedures to be followed in levying the service charges. Pursuant to said provisions, the County has, in the past, levied service charges to fund the extended services provided in CSA 53 and proposes to continue to levy such service charges.
- C. Pursuant to Monterey County Code, Sections 15.28.040 and 15.28.050, a Written Report of Service Charges for FY 2008-09 has been prepared by the Director of Public Works and filed with the Clerk of the Board of Supervisors, setting forth a description of each Assessor's Parcel of real property receiving extended surface water disposal services and other extended services, the basic rate for the service charge to be levied in CSA 53, and the estimated amount of the CSA 53 service charge for each Assessor's Parcel for the Fiscal Year. Said report is based upon the Monterey County Assessment Roll for FY 2008-09, which roll will not become final until after the assessments proposed herein are finally approved.
- D. Pursuant to Monterey County Code, Section 15.28.070, on June 24, 2008, the matter of adoption of CSA 53 service charges came on regularly for hearing, at the time and place fixed for said hearing. All written protests and other written communications were presented to the Board of Supervisors at said hearing, all persons desiring to be heard were given an opportunity to present testimony to the Board, and the Board heard and considered the evidence presented to it.

- E. Based on the evidence before the Board, the Board finds that the service charges proposed to be imposed herein are apportioned by a formula or method, which fairly distributes the charges among all Assessors' parcels subject to the charges in proportion to the estimated benefits to be received by each such parcel from the extended surface water disposal services and other extended services.
- F. On November 5, 1996, the voters of the State of California passed Proposition 218, which added Articles 13C and 13D to the California Constitution. Article 13D enacts rules that are applicable to the imposition of service charges. The Board finds that this resolution imposes service charges by extending charges that existed before the passage of Proposition 218 and that the charges imposed herein are properly imposed under California Constitution, Article 13D, Section 6(b), as follows:
1. Revenues derived from the service charges imposed here in will be used solely to provide one or more property-related services, namely surface water disposal services.
 2. Revenues derived from the service charges imposed herein will not exceed the funds required to provide the property-related services.
 3. Revenues derived from the service charges imposed herein will not be used for any other purpose other than that for which the service charges are imposed.
 4. The amount of the service charges imposed herein upon any parcel does not exceed the proportional cost of the services attributable to that parcel.
 5. The service for which the charges are imposed herein will be used by, or be immediately available to, the owner of each property subject to the charge.
 6. The charges imposed herein will not be used for any general governmental services (including, but not limited to, police, fire, ambulance, or library services) where the service is available to the public at large in substantially the same manner as it is to property owners.
- G. Charges were imposed in this CSA for FY 2007-08 for the same purposes as are specified herein for FY 2008-09, and the charges imposed herein for FY 2008-09 do not exceed the charges imposed for FY 2007-08.
- H. The Board further finds that because the charges imposed herein are existing charges which are being extended without increase over the charges in existence prior to the passage of Proposition 218, these charges are exempt from the notice, protest, and election requirements specified in the California Constitution, Article 13D, Section 6(a) and 6(c).

NOW, THEREFORE, BE IT RESOLVED BY THE MONTEREY COUNTY BOARD OF SUPERVISORS AS FOLLOWS:

1. The Written Report filed herein for CSA 53 – Arroyo Seco – Las Coches and Guidotti Annex is hereby confirmed as the final report, with the following changes:

None, except only for such changes to such report as shall be made by the Director of Public Works, as made necessary to bring the report into conformity with the changes to the Monterey County Assessment Roll, prior to the moment at which the Monterey County Assessment Roll for FY 2008-09 becomes final.

2. The estimated service charges set forth in the Written Report confirmed hereinabove are hereby levied in CSA 53 for FY 2008-09, with the following changes:

None, except for changes made necessary by changes to the final report as specified in paragraph 1, above.

PASSED AND ADOPTED on this 24th day of June, 2008, upon motion of Supervisor Salinas, seconded by Supervisor Calcagno, by the following vote, to-wit:

AYES: Supervisors Armenta, Calcagno, Salinas, Mettee-McCutchon, Potter
NOES: None

WHEREAS:

- A. California County Service Area Law, Government Code Section 25210.1, et seq., authorizes the establishment of County Service Areas (CSAs) for the provision of extended services, including storm drain maintenance, and surface water disposal services, and Government Code, Section 25210.77a, sets forth procedures for the levy and collection of service charges to pay for the provision of such extended services. Pursuant to said law, Monterey County has established County Service Area No. 52 (CSA 52) – Carmel Valley Village to provide and pay for extended storm drain maintenance, surface water disposal services, and other extended services in that CSA.
- B. To implement the foregoing provisions of the Government Code, Chapter 15.28 of the Monterey County Code provides for the collection of service charges for extended storm drain maintenance, surface water disposal services, and other extended services in CSAs and establishes the procedures to be followed in levying the service charges. Pursuant to said provisions, the County has, in the past, levied service charges to fund the extended services provided in CSA 52 and proposes to continue to levy such service charges.
- C. Pursuant to Monterey County Code, Sections 15.28.040 and 15.28.050, a Written Report of Service Charges for FY 2008-09 has been prepared by the Director of Public Works and filed with the Clerk of the Board of Supervisors, setting forth a description of each Assessor's Parcel of real property receiving extended storm drain maintenance, surface water disposal services, and other extended services, the basic rate for the service charge to be levied in CSA 52, and the estimated amount of the CSA 52 service charge for each Assessor's Parcel for the Fiscal Year. Said report is based upon the Monterey County Assessment Roll for FY 2008-09, which roll will not become final until after the assessments proposed here in are finally approved.
- D. Pursuant to Monterey County Code, Section 15.28.070, on June 24, 2008, the matter of adoption of CSA 52 service charges came on regularly for hearing, at the time and place fixed for said hearing. All written protests and other written communications were presented to the Board of Supervisors at said hearing, all persons desiring to be heard were given an opportunity to present testimony to the Board, and the Board heard and considered the evidence presented to it.

- E. Based on the evidence before the Board, the Board finds that the service charges proposed to be imposed herein are apportioned by a formula or method which fairly distributes the charges among all Assessors' parcels subject to the charges in proportion to the estimated benefits to be received by each such parcel from the extended storm drain maintenance, surface water disposal services, and other extended services.
- F. On November 5, 1996, the voters of the State of California passed Proposition 218, which added Articles 13C and 13D to the California Constitution. Article 13D enacts rules that are applicable to the imposition of service charges. The Board finds that this resolution imposes service charges by extending charges that existed before the passage of Proposition 218 and that the charges imposed herein are properly imposed under California Constitution, Article 13D, Section 6(b), as follows:
1. Revenues derived from the service charges imposed here in will be used solely to provide one or more property-related services, namely storm drain maintenance, and surface water disposal services.
 2. Revenues derived from the service charges imposed herein will not exceed the funds required to provide the property-related services.
 3. Revenues derived from the service charges imposed herein will not be used for any other purpose other than that for which the service charges are imposed.
 4. The amount of the service charges imposed herein upon any parcel does not exceed the proportional cost of the services attributable to that parcel.
 5. The service for which the charges are imposed herein will be used by, or be immediately available to, the owner of each property subject to the charge.
 6. The charges imposed herein will not be used for any general governmental services (including, but not limited to, police, fire, ambulance, or library services) where the service is available to the public at large in substantially the same manner as it is to property owners.
- G. Charges were imposed in this CSA for FY 2007-08 for the same purposes as are specified herein for FY 2008-09, and the charges imposed herein for FY 2008-09 do not exceed the charges imposed for FY 2007-08.
- H. The Board further finds that because the charges imposed herein are existing charges which are being extended without increase over the charges in existence prior to the passage of Proposition 218, these charges are exempt from the notice, protest, and election requirements specified in the California Constitution, Article 13D, Sections 6(a) and 6(c).

- b. Levying service charges in County Service Area No. 56 – Del)
Mesa Carmel for street maintenance, storm drain maintenance,)
and surface water disposal services to be provided in FY 2008-09.)

WHEREAS:

- A. California County Service Area Law, Government Code Section 25210.1, et seq., authorizes the establishment of County Service Areas (CSAs) for the provision of extended services, including street maintenance, storm drain maintenance, and surface water disposal services, and Government Code Section 25210.77a sets forth procedures for the levy and collection of service charges to pay for the provision of such extended services. Pursuant to said law, Monterey County has established County Service Area No. 56 (CSA 56) – Del Mesa Carmel to provide and pay for extended street maintenance, storm drain maintenance, surface water disposal services, and other extended services in that CSA.
- B. To implement the foregoing provisions of the Government Code, Chapter 15.28 of the Monterey County Code provides for the collection of service charges for extended street maintenance, storm drain maintenance, surface water disposal services, and other extended services in CSAs and establishes the procedures to be followed in levying the service charges. Pursuant to said provisions, the County has, in the past, levied service charges to fund the extended services provided in CSA 56 and proposes to continue to levy such service charges.
- C. Pursuant to Monterey County Code, Sections 15.28.040 and 15.28.050, a Written Report of Service Charges for FY 2008-09 has been prepared by the Director of Public Works and filed with the Clerk of the Board of Supervisors, setting forth a description of each Assessor's Parcel of real property receiving extended street maintenance, storm drain maintenance, surface water disposal services, and other extended services, the basic rate for the service charge to be levied in CSA 56, and the estimated amount of the CSA 56 service charge for each Assessor's Parcel for the Fiscal Year. Said report is based upon the Monterey County Assessment Roll for FY 2008-09, which roll will not become final until after the assessments proposed herein are finally approved.
- D. Pursuant to Monterey County Code Section 15.28.070, on June 24, 2008, the matter of adoption of CSA 56 service charges came on regularly for hearing, at the time and place fixed for said hearing. All written protests and other written communications were presented to the Board of Supervisors at said hearing, all persons desiring to be heard were given an

opportunity to present testimony to the Board, and the Board heard and considered the evidence presented to it.

- E. Based on the evidence before the Board, the Board finds that the service charges proposed to be imposed herein are apportioned by a formula or method which fairly distributes the charges among all Assessors' parcels subject to the charges in proportion to the estimated benefits to be received by each such parcel from the extended street maintenance, storm drain maintenance, surface water disposal services, and other extended services.
- F. On November 5, 1996, the voters of the State of California passed Proposition 218, which added Articles 13C and 13D to the California Constitution. Article 13D enacts rules that are applicable to the imposition of service charges. The Board finds that this resolution imposes service charges by extending charges that existed before the passage of Proposition 218 and that the charges imposed herein are properly imposed under California Constitution, Article 13D, Section 6(b), as follows:
1. Revenues derived from the service charges imposed herein will be used solely to provide one or more property-related services, namely street maintenance, storm drain maintenance, and surface water disposal services.
 2. Revenues derived from the service charges imposed herein will not exceed the funds required to provide the property-related services.
 3. Revenues derived from the service charges imposed herein will not be used for any other purpose other than that for which the service charges are imposed.
 4. The amount of the service charges imposed herein upon any parcel does not exceed the proportional cost of the services attributable to that parcel.
 5. The service for which the charges are imposed herein will be used by, or be immediately available to, the owner of each property subject to the charge.
 6. The charges imposed herein will not be used for any general governmental services (including, but not limited to, police, fire, ambulance, or library services) where the service is available to the public at large in substantially the same manner as it is to property owners.
- G. Charges were imposed in this CSA for FY 2007-08 for the same purposes as are specified herein for FY 2008-09, and the charges imposed herein for FY 2008-09 do not exceed the charges imposed for FY 2007-08.
- H. The Board further finds that because the charges imposed herein are existing charges which are being extended without increase over the charges in existence prior to the passage of Proposition 218, these charges are exempt from the notice, protest, and election requirements specified in the California Constitution, Article 13D, Sections 6(a) and 6(c).

Resolution No: 08 – 219

- a. A Resolution of the Monterey County Board of Supervisors)
confirming final Written Report on Service Charges to be)
levied in County Service Area No. 58 – Vista Dorado)
Subdivision; and)
- b. Levying service charges in County Service Area No. 58 –)
Vista Dorado Subdivision for street lighting, storm drain)
maintenance, and surface water disposal services to be)
provided in FY 2008-09.)

WHEREAS:

- A. California County Service Area Law, Government Code Section 25210.1, et seq., authorizes the establishment of County Service Areas (CSAs) for the provision of extended services, including street lighting, street and sidewalk, storm drain maintenance, and surface water disposal services, and Government Code Section 25210.77a sets forth procedures for the levy and collection of service charges to pay for the provision of such extended services. Pursuant to said law, Monterey County has established County Service Area 58 (CSA 58) – Vista Dorado Subdivision to provide and pay for extended street lighting, storm drain maintenance, surface water disposal services, and other extended services in that CSA.
- B. To implement the foregoing provisions of the Government Code, Chapter 15.28 of the Monterey County Code provides for the collection of service charges for extended street lighting, storm drain maintenance, surface water disposal services, and other extended services in CSAs and establishes the procedures to be followed in levying the service charges. Pursuant to said provisions, the County has, in the past, levied service charges to fund the extended services provided in CSA 58 and proposes to continue to levy such service charges.
- C. Pursuant to Monterey County Code, Sections 15.28.040 and 15.28.050, a Written Report of Service Charges for FY 2008-09 has been prepared by the Director of Public Works and filed with the Clerk to the Board of Supervisors, setting forth a description of each Assessor's Parcel of real property receiving extended street lighting, street storm drain maintenance, surface water disposal services, and other extended services, the basic rate for the service charge to be levied in CSA 58, and the estimated amount of the CSA 58 service charge for each Assessor's Parcel for the fiscal year. Said report is based upon the Monterey County Assessment Roll for FY 2008-09, which roll will not become final until after the assessments proposed herein are finally approved.
- D. Pursuant to Monterey County Code Section 15.28.070, on June 24, 2008, the matter of adoption of CSA 58 service charges came on regularly for hearing, at the time and place fixed for said hearing. All written protests and other written communications were presented

to the Board of Supervisors at said hearing, all persons desiring to be heard were given an opportunity to present testimony to the Board, and the Board heard and considered the evidence presented to it.

- E. Based on the evidence before the Board, the Board finds that the service charges proposed to be imposed herein are apportioned by a formula or method which fairly distributes the charges among all Assessors' parcels subject to the charges in proportion to the estimated benefits to be received by each such parcel from the extended street lighting, storm drain maintenance, surface water disposal services, and other extended services.
- F. On November 5, 1996, the voters of the State of California passed Proposition 218, which added Articles 13C and 13D to the California Constitution. Article 13D enacts rules that are applicable to the imposition of service charges. The Board finds that this resolution imposes service charges by extending charges that existed before the passage of Proposition 218 and that the charges imposed herein are properly imposed under California Constitution, Article 13D, Section 6(b), as follows:
1. Revenues derived from the service charges imposed herein will be used solely to provide one or more property-related services, namely street lighting, storm drain maintenance, and surface water disposal services.
 2. Revenues derived from the service charges imposed herein will not exceed the funds required to provide the property-related services.
 3. Revenues derived from the service charges imposed herein will not be used for any other purpose other than that for which the service charges are imposed.
 4. The amount of the service charges imposed herein upon any parcel does not exceed the proportional cost of the services attributable to that parcel.
 5. The service for which the charges are imposed herein will be used by, or be immediately available to, the owner of each property subject to the charge.
 6. The charges imposed herein will not be used for any general governmental services (including, but not limited to, police, fire, ambulance, or library services) where the service is available to the public at large in substantially the same manner as it is to property owners.
- G. Charges were imposed in this CSA for FY 2007-08 for the same purposes as are specified herein for FY 2008-09, and the charges imposed herein for FY 2008-09 do not exceed the charges imposed for FY 2007-08.
- H. The Board further finds that because the charges imposed herein are existing charges which are being extended without increase over the charges in existence prior to the passage of

Proposition 218, these charges are exempt from the notice, protest, and election requirements specified in the California Constitution, Article 13D, Sections 6(a) and 6(c).

NOW, THEREFORE, BE IT RESOLVED BY THE MONTEREY COUNTY BOARD OF SUPERVISORS AS FOLLOWS:

1. The Written Report filed herein for CSA 58 – Vista Dorado Subdivision is hereby confirmed as the final report, with the following changes:

None, except only for such changes to such report as shall be made by the Director of Public Works, as made necessary to bring the report into conformity with the changes to the Monterey County Assessment Roll, prior to the moment at which the Monterey County Assessment Roll for FY 2008-09 becomes final.

2. The estimated service charges set forth in the Written Report confirmed hereinabove are hereby levied in CSA 58 for FY 2008-09, with the following changes:

None, except for changes made necessary by changes to the final report as specified in paragraph 1, above.

levied in County Service Area No. 62 - Rancho Mar Monte)
No. 14; and)
- b. Levying service charges in County Service Area No. 62 –)
Rancho Mar Monte No. 14 for storm drain maintenance, and)
surface water disposal services to be provided in FY 2008-09.)

WHEREAS:

- A. California County Service Area Law, Government Code Section 25210.1, et seq., authorizes the establishment of County Service Areas (CSAs) for the provision of extended services, including storm drain maintenance and surface water disposal services, and Government Code Section 25210.77a sets forth procedures for the levy and collection of service charges to pay for the provision of such extended services. Pursuant to said law, Monterey County has established County Service Area No. 62 (CSA 62) – Rancho Mar Monte No. 14 to provide and pay for extended storm drain maintenance, surface water disposal services, and other extended services in that CSA.
- B. To implement the foregoing provisions of the Government Code, Chapter 15.28 of the Monterey County Code provides for the collection of service charges for extended storm drain maintenance, surface water disposal services, and other extended services in CSAs and establishes the procedures to be followed in levying the service charges. Pursuant to said provisions, the County has, in the past, levied service charges to fund the extended services provided in CSA 62 and proposes to continue to levy such service charges.
- C. Pursuant to Monterey County Code, Sections 15.28.040 and 15.28.050, a Written Report of Service Charges for FY 2008-09 has been prepared by the Director of Public Works and filed with the Clerk of the Board of Supervisors, setting forth a description of each Assessor's Parcel of real property receiving extended storm drain maintenance, surface water disposal services, and other extended services, the basic rate for the service charge to be levied in CSA 62, and the estimated amount of the CSA 62 service charge for each Assessor's Parcel for the fiscal year. Said report is based upon the Monterey County Assessment Roll for FY 2008-09, which roll will not become final until after the assessments proposed herein are finally approved.
- D. Pursuant to Monterey County Code Section 15.28.070, on June 24, 2008, the matter of adoption of CSA 62 service charges came on regularly for hearing, at the time and place fixed for said hearing. All written protests and other written communications were presented to the Board of Supervisors at said hearing, all persons desiring to be heard were given an

opportunity to present testimony to the Board, and the Board heard and considered the evidence presented to it.

- E. Based on the evidence before the Board, the Board finds that the service charges proposed to be imposed herein are apportioned by a formula or method which fairly distributes the charges among all Assessors' parcels subject to the charges in proportion to the estimated benefits to be received by each such parcel from the extended storm drain maintenance, surface water disposal services, and other extended services.
- F. On November 5, 1996, the voters of the State of California passed Proposition 218, which added Articles 13C and 13D to the California Constitution. Article 13D enacts rules that are applicable to the imposition of service charges. The Board finds that this resolution imposes service charges by extending charges that existed before the passage of Proposition 218 and that the charges imposed herein are properly imposed under California Constitution, Article 13D, Section 6(b), as follows:
1. Revenues derived from the service charges imposed herein will be used solely to provide one or more property-related services, namely storm drain maintenance, and surface water disposal services.
 2. Revenues derived from the service charges imposed herein will not exceed the funds required to provide the property-related services.
 3. Revenues derived from the service charges imposed herein will not be used for any other purpose other than that for which the service charges are imposed.
 4. The amount of the service charges imposed herein upon any parcel does not exceed the proportional cost of the services attributable to that parcel.
 5. The service for which the charges are imposed herein will be used by, or be immediately available to, the owner of each property subject to the charge.
 6. The charges imposed herein will not be used for any general governmental services (including, but not limited to, police, fire, ambulance, or library services) where the service is available to the public at large in substantially the same manner as it is to property owners.
- G. Charges were imposed in this CSA for FY 2007-08 for the same purposes as are specified herein for FY 2008-09, and the charges imposed herein for FY 2008-09 do not exceed the charges imposed for FY 2007-08.
- H. The Board further finds that because the charges imposed herein are existing charges which are being extended without increase over the charges in existence prior to the passage of Proposition 218, these charges are exempt from the notice, protest, and election requirements specified in the California Constitution, Article 13D, Section 6(a) and 6(c).

NOW, THEREFORE, BE IT RESOLVED BY THE MONTEREY COUNTY BOARD OF SUPERVISORS AS FOLLOWS:

1. The Written Report filed herein for CSA 62 – Rancho Mar Monte No. 14 is hereby confirmed as the final report, with the following changes:

None, except only for such changes to such report as shall be made by the Director of Public Works, as made necessary to bring the report into conformity with the changes to the Monterey County Assessment Roll, prior to the moment at which the Monterey County Assessment Roll for FY 2008-09 becomes final.

2. The estimated service charges set forth in the Written Report confirmed hereinabove are hereby levied in CSA 62 for FY 2008-09, with the following changes:

None, except for changes made necessary by changes to the final report as specified in paragraph 1, above.

PASSED AND ADOPTED on this 24th day of June, 2008, upon motion of Supervisor Salinas, seconded by Supervisor Calcagno, by the following vote, to-wit:

Resolution No: 08 – 221

- a. A Resolution of the Monterey County Board of Supervisors)
confirming final Written Report of Service Charges to be levied in)
County Service Area No. 66 – Oak Tree Views Subdivision and Las)
Lomas; and)
- b. Levying service charges in County Service Area No. 66 – Oak Tree)
Views Subdivision and Las Lomas for park and recreation, street)
lighting, street sweeping, street maintenance, storm drain maintenance,)
and surface water disposal services to be provided in FY 2008-09.)

WHEREAS:

A. California County Service Area Law, Government Code Section 25210.1, et seq., authorizes the establishment of County Service Areas (CSAs) for the provision of extended services, including park and recreation, street lighting, street sweeping, street maintenance, storm drain maintenance, surface water disposal services, and Government Code Section 25210.77a sets forth procedures for the levy and collection of service charges to pay for the provision of such extended services, and Government Code Section 25210.8 provides for the establishment of zones in a CSA, within which service charges may vary with the extent of benefit to each zone or with the availability of other funds within a zone. Pursuant to said law, Monterey County has established County Service Area No. 66 (CSA 66) – Oak Tree Views Subdivision and Las Lomas to provide and pay for extended park and recreation, street lighting, street sweeping, street maintenance, storm drain maintenance, surface water disposal, and other extended services in that CSA and has established within CSA 66 the following zones to provide and pay for some or all such services in those zones:

Oak Tree Views Subdivision
Las Lomas

B. To implement the foregoing provisions of the Government Code, Chapter 15.28 of the Monterey County Code provides for the collection of service charges for extended park and recreation, street lighting, street sweeping, street maintenance, storm drain maintenance, surface water disposal, and other extended services in CSAs and establishes the procedures to be followed in levying the service charges. Pursuant to said provisions, the County has, in the past, levied service charges to fund the extended services provided in CSA 66 and proposes to continue to levy such service charges.

C. Pursuant to Monterey County Code, Sections 15.28.040 and 15.28.050, a Written Report of Service Charges for FY 2008-09 has been prepared by the Public Works Director and filed with the Clerk of the Board of Supervisors, setting forth a description of each Assessor's Parcel of real property receiving the extended park and recreation, street lighting, street sweeping, street maintenance, storm drain maintenance, surface water disposal, and other

extended services, the basic rate for the service charge to be levied in CSA 66 and the zones within CSA 66, and the estimated amount of the overall CSA 66 service charge and the zone charge for the fiscal year. Said report is based upon the Monterey County Assessment Roll for FY 2008-09, which roll will not become final until after the assessments proposed herein are finally approved.

- D. On September 9, 1997, the Monterey County Board of Supervisors approved an agreement with Oak Tree Views Subdivision. The agreement authorized CSA 66 to levy an annual fee or charge in an amount not to exceed \$1,000 per lot for provision of property-related services to the single-family residential lots within the Oak Tree Views Subdivision. The agreement was intended by the signatory parties to be the full and complete compliance with the procedures and limitations set forth in Proposition 218 and its implementing legislation with respect to the adoption, implementation, and imposition of fees and charges set forth in that agreement. That agreement allows CSA 66 to raise service charges to a level not to exceed \$1,000 (with provisions for increasing that maximum in accordance with the Consumer Price Index). The proposed service charges in FY 2008-09 for CSA 66 for the Oak Tree Views Subdivision do not exceed \$1,000.
- E. Pursuant to Monterey County Code Section 15.28.070, the matter of the adoption of CSA 66 service charges came on regularly for hearing on June 24, 2008, the time and place fixed for said hearing. All written protests and other written communications were presented to the Board of Supervisors at said meeting, all persons desiring to be heard were given an opportunity to present testimony to the Board, the Board heard and considered the evidence presented to it, and by resolution the Board confirmed the report, overruled all protests and approved the charges as proposed to be levied in CSA 66.
- F. Based on the evidence before the Board, the Board finds that the service charges proposed to be imposed herein are apportioned by a formula or method which fairly distributes the charges among all Assessors' parcels subject to the charges in proportion to the estimated benefits to be received by each such parcel from the extended park and recreation, street lighting, street sweeping, street maintenance, storm drain maintenance, surface water disposal, and other extended services.
- G. On November 5, 1996, the voters of the State of California passed Proposition 218, which added Articles 13C and 13D to the California Constitution. Article 13D enacts rules that are applicable to the imposition of service charges. The Board finds that this resolution imposes service charges that have been mutually agreed to by CSA 66 and Oak Tree Views Subdivision, and that the charges imposed herein are properly imposed under California Constitution, Article 13D, Section 6(b), as follows:
 - 1. Revenues derived from the service charges shall not exceed the funds required to provide the property-related service.
 - 2. Revenues derived from the service charges shall not be used for any purpose other than that for which the service charge was imposed, namely park and recreation, street

lighting, street sweeping, street maintenance, storm drain maintenance, and surface water disposal services.

3. The amount of the service charge imposed upon any parcel as an incident of property ownership shall not exceed the proportional cost of the service attributable to the parcel.
 4. The amount of the service charges imposed herein upon any parcel does not exceed the proportional cost of the services attributable to that parcel.
 5. The service for which the charges are imposed herein will be used by, or be immediately available to, the owner of each property subject to the charge.
 6. The charges imposed herein will not be used for any general governmental services (including, but not limited to, police, fire, ambulance, or library services) where the service is available to the public at large in substantially the same manner as it is to property owners.
- H. Charges were imposed in this CSA for FY 2007-08 for the same purposes as are specified herein for FY 2008-09, and the charges imposed herein for FY 2008-09 do not exceed the charges imposed for FY 2007-08.
- I. The Board further finds that because the charges imposed have been specifically authorized by agreement, these charges are exempt from the notice, protest, and election requirements specified in the California Constitution, Article 13D, Section 6(a) and 6(c).

NOW, THEREFORE, BE IT RESOLVED BY THE MONTEREY COUNTY BOARD OF SUPERVISORS AS FOLLOWS:

1. The Written Report of Service Charges filed herein for CSA 66 – Oak Tree Views Subdivision and Las Lomas is hereby confirmed as the final report, with the following changes:

None, except only for such changes to such report as shall be necessary to be made by the Public Works Director to bring the report into conformity with the changes to the Monterey County Assessment Roll prior to the moment at which the Monterey County Assessment Roll for FY 2008-09 becomes final.

2. The estimated service charges set forth in the Written Report of Service Charges confirmed hereinabove are hereby levied in CSA 66 and in the CSA 66 zones for FY 2008-09, with the following changes:

None, except for changes made necessary by changes to the final report as specified in paragraph 1, above.

- b. Levying service charges in County Service Area No. 72 – Las)
Palmas for storm drain Palmas for storm drain maintenance, and)
surface water disposal services to be provided in FY 2008-09.)

WHEREAS:

- A. California County Service Area Law, Government Code Section 25210.1, et seq., authorizes the establishment of County Service Areas (CSAs) for the provision of extended services, including storm drain maintenance, and surface water disposal services, and Government Code Section 25210.77a sets forth procedures for the levy and collection of service charges to pay for the provision of such extended services. Pursuant to said law, Monterey County has established County Service Area No. 72 (CSA 72) – Las Palmas to provide and pay for extended storm drain maintenance, surface water disposal services, and other extended services in that CSA.
- B. To implement the foregoing provisions of the Government Code, Chapter 15.28 of the Monterey County Code provides for the collection of service charges for extended storm drain maintenance, surface water disposal services, and other extended services in CSAs and establishes the procedures to be followed in levying the service charges. Pursuant to said provisions, the County has, in the past, levied service charges to fund the extended services provided in CSA 72 and proposes to continue to levy such service charges.
- C. Pursuant to Monterey County Code, Sections 15.28.040 and 15.28.050, a Written Report of Service Charges for FY 2008-09 has been prepared by the Director of Public Works and filed with the Clerk of the Board of Supervisors, setting forth a description of each Assessor's Parcel of real property receiving extended storm drain maintenance, surface water disposal services, and other extended services, the basic rate for the service charge to be levied in CSA 72, and the estimated amount of the CSA 72 service charge for each Assessor's Parcel for the fiscal year. Said report is based upon the Monterey County Assessment Roll for FY 2008-09, which roll will not become final until after the assessments proposed herein are finally approved.
- D. Pursuant to Monterey County Code, Section 15.28.070, on June 24, 2008, the matter of adoption of CSA 72 service charges came on regularly for hearing, at the time and place fixed for said hearing. All written protests and other written communications were presented to the Board of Supervisors at said hearing, all persons desiring to be heard were given an opportunity to present testimony to the Board, and the Board heard and considered the evidence presented to it.

- E. Based on the evidence before the Board, the Board finds that the service charges proposed to be imposed herein are apportioned by a formula or method which fairly distributes the charges among all Assessors' parcels subject to the charges in proportion to the estimated benefits to be received by each such parcel from the extended storm drain maintenance, surface water disposal services, and other extended services.
- F. On November 5, 1996, the voters of the State of California passed Proposition 218, which added Articles 13C and 13D to the California Constitution. Article 13D enacts rules that are applicable to the imposition of service charges. The Board finds that this resolution imposes service charges by extending charges that existed before the passage of Proposition 218 and that the charges imposed herein are properly imposed under California Constitution, Article 13D, Section 6(b), as follows:
1. Revenues derived from the service charges imposed herein will be used solely to provide one or more property-related services, namely storm drain maintenance, and surface water disposal services.
 2. Revenues derived from the service charges imposed herein will not exceed the funds required to provide the property-related services.
 3. Revenues derived from the service charges imposed herein will not be used for any other purpose other than that for which the service charges are imposed.
 4. The amount of the service charges imposed herein upon any parcel does not exceed the proportional cost of the services attributable to that parcel.
 5. The service for which the charges are imposed herein will be used by, or be immediately available to, the owner of each property subject to the charge.
 6. The charges imposed herein will not be used for any general governmental services (including, but not limited to, police, fire, ambulance, or library services) where the service is available to the public at large in substantially the same manner as it is to property owners.
- G. Charges were imposed in this CSA for FY 2007-08 for the same purposes as are specified herein for FY 2008-09, and the charges imposed herein for FY 2008-09 do not exceed the charges imposed for FY 2007-08.
- H. The Board further finds that because the charges imposed herein are existing charges which are being extended without increase over the charges in existence prior to the passage of Proposition 218, these charges are exempt from the notice, protest, and election requirements specified in the California Constitution, Article 13D, Section 6(a) and 6(c).

WHEREAS:

- A. California County Service Area Law, Government Code Section 25210.1, et seq., authorizes the establishment of County Service Areas (CSAs) for the provision of extended services, including street lighting, storm drain maintenance, surface water disposal services, and sewage disposal, and Government Code Section 25210.77a sets forth procedures for the levy and collection of service charges to pay for the provision of such extended services. Pursuant to said law, Monterey County has established County Service Area No. 75 (CSA 75) – Chualar to provide and pay for extended street lighting, storm drain maintenance, surface water disposal, sewage disposal services, and other extended services in that CSA.
- B. To implement the foregoing provisions of the Government Code, Chapter 15.28 of the Monterey County Code provides for the collection of service charges for extended street lighting, storm drain maintenance, surface water disposal, sewage disposal services, and other extended services in CSAs and establishes the procedures to be followed in levying the service charges. Pursuant to said provisions, the County has, in the past, levied service charges to fund the extended services provided in CSA 75 and proposes to continue to levy such service charges.
- C. Pursuant to Monterey County Code, Sections 15.28.040 and 15.28.050, a Written Report of Service Charges for FY 2008-09 has been prepared by the Director of Public Works and filed with the Clerk of the Board of Supervisors, setting forth a description of each Assessor's Parcel of real property receiving extended street lighting, storm drain maintenance, surface water disposal, sewage disposal services, and other extended services, the basic rate for the service charge to be levied in CSA 75, and the estimated amount of the CSA 75 service charge for each Assessor's Parcel for the fiscal year. Said report is based upon the Monterey County Assessment Roll for FY 2008-09, which roll will not become final until after the assessments proposed herein are finally approved.
- D. Pursuant to Monterey County Code, Section 15.28.070, on June 24, 2008, the matter of adoption of CSA 75 service charges came on regularly for hearing, at the time and place fixed for said hearing. All written protests and other written communications were presented to the Board of Supervisors at said hearing, all persons desiring to be heard were given an

opportunity to present testimony to the Board, and the Board heard and considered the evidence presented to it.

- E. Based on the evidence before the Board, the Board finds that the service charges proposed to be imposed herein are apportioned by a formula or method which fairly distributes the charges among all Assessors' parcels subject to the charges in proportion to the estimated benefits to be received by each such parcel from the extended street lighting, storm drain maintenance, surface water disposal, sewage disposal services, and other extended services.
- F. On November 5, 1996, the voters of the State of California passed Proposition 218, which added Articles 13C and 13D to the California Constitution. Article 13D enacts rules that are applicable to the imposition of service charges. The Board finds that this resolution imposes service charges by extending charges that existed before the passage of Proposition 218 and that the charges imposed herein are properly imposed under California Constitution, Article 13D, Section 6(b), as follows:
1. Revenues derived from the service charges imposed herein will be used solely to provide one or more property-related services, namely street lighting, storm drain maintenance, surface water disposal, and sewage disposal services.
 2. Revenues derived from the service charges imposed herein will not exceed the funds required to provide the property-related services.
 3. Revenues derived from the service charges imposed herein will not be used for any other purpose other than that for which the service charges are imposed.
 4. The amount of the service charges imposed herein upon any parcel does not exceed the proportional cost of the services attributable to that parcel.
 5. The service for which the charges are imposed herein will be used by, or be immediately available to, the owner of each property subject to the charge.
 6. The charges imposed herein will not be used for any general governmental services (including, but not limited to, police, fire, ambulance, or library services) where the service is available to the public at large in substantially the same manner as it is to property owners.
- G. Charges were imposed in this CSA for FY 2007-08 for the same purposes as are specified herein for FY 2008-09, and the charges imposed herein for FY 2008-09 do not exceed the charges imposed for FY 2007-08.
- H. The Board further finds that because the charges imposed herein are existing charges which are being extended without increase over the charges in existence prior to the passage of Proposition 218, these charges are exempt from the notice, protest, and election requirements specified in the California Constitution, Article 13D, Sections 6(a) and 6(c).

NOW, THEREFORE, BE IT RESOLVED BY THE MONTEREY COUNTY BOARD OF SUPERVISORS AS FOLLOWS:

1. The Written Report filed herein for CSA 75 – Chualar is hereby confirmed as the final report, with the following changes:

None, except only for such changes to such report as shall be made by the Director of Public Works, as made necessary to bring the report into conformity with the changes to the Monterey County Assessment Roll, prior to the moment at which the Monterey County Assessment Roll for FY 2008-09 becomes final.

2. The estimated service charges set forth in the Written Report confirmed hereinabove are hereby levied in CSA 75 for FY 2008-09, with the following changes:

None, except for changes made necessary by changes to the final report as specified in paragraph 1, above.

PASSED AND ADOPTED on this 24th day of June, 2008, upon motion of Supervisor Salinas, seconded by Supervisor Calcagno, by the following vote, to-wit:

AYES: Supervisors Armenta, Calcagno, Salinas, Mettee-McCutchon, Potter
