EXHIBIT A - SCOPE OF SERVICES/PAYMENT PROVISIONS

**To Agreement by and between
County of Monterey, hereinafter referred to as “County”
and
Biggs Cardosa Associates, Inc., hereinafter referred to as “CONTRACTOR”**

A. SCOPE OF SERVICES

A.1 CONTRACTOR shall provide services and staff, and otherwise do all things necessary for or incidental to the performance of work, as set forth below:

CONTRACTOR shall provide construction management services for the replacement of the Hartnell Road Bridge Replacement Project. The Project consists of replacing the existing bridge with a two (2)-lane cast-in-place reinforced concrete double-box culvert. The new bridge would be approximately sixty-three feet (63') long and forty-three feet (43') wide, with two (2) twelve feet (12') travel lanes and two (2) unstriped eight feet (8') shoulders that meet American Association of State Highway and Transportation Officials (AASHTO) minimum lane and shoulder width standards. The roadway profile of the bridge would be raised by two (2) point two (2) feet (2.2') in order to match the roadway improvements described below. The new bridge structure would be skewed at an approximate angle of forty-five (45) degrees to the roadway in order to facilitate the flow of Alisal Creek. Wingwalls would also be constructed to direct the flow through the culvert.

The Scope of Services for the Project includes, but is not limited to, Resident Engineer, Structures Representative, certified special inspectors (welding, post-tensioning, concrete, masonry, etc.), Stormwater Pollution Prevention Plan (SWPPP) Compliance Inspector, Labor Compliance Officer, Claims Specialist, Field Surveyor, Environmental Permit Compliance Construction Monitoring Specialists, Geotechnical Engineer/Inspector (as needed), etc. CONTRACTOR is comprised of the specialists noted above to ensure proper quality assurance for the project, and supplement the County as needed on each task order.

CONTRACTOR's work plan for each task order for the project generally conforms to the Caltrans construction management procedures and guidelines outlined in the Caltrans Local Assistance Procedures Manual (LAPM) and Caltrans Construction Records and Procedures Manual. The Scope of Services will consist of Preconstruction Services as outlined in Task 1, Construction Management/Oversight and Quality Assurance/Quality Control as outlined in Task 2, and Post Construction Services as outlined in Task 3.

CONTRACTOR's construction management services shall include but not be limited to the following services and requirements for the County as follows:

Task 1 – Preconstruction Services

a. Plans, Specification, and Permit Review: CONTRACTOR shall conduct a thorough review of the contract plans, specifications, engineers estimate and quantities, permits, agreements, easements, environmental documents, pertinent reports, and studies to ensure that all stakeholders' interests are incorporated into the work plan and schedule. All environmental documents and permits will be identified and reviewed to ensure that staff is fully familiar with the mitigation and regulatory agency requirements of the project to be able to monitor subcontractors' compliance throughout the construction. A comprehensive schedule of all

EXHIBIT A - SCOPE OF SERVICES/PAYMENT PROVISIONS

mitigation and permit requirements will be developed and included in the project master schedule as milestones. Special focus will be given to the final Plans, Specifications and Estimate (PS&E) construction documents for their overall constructability and to any anomalies that could lead to potential claims that may arise during the course of construction stemming from potential issues or ideas that have not been reviewed during the design phase. A list of all the submittals required by the CONTRACTOR shall be prepared by CONTRACTOR to assist the County in monitoring the submittals. The list will be used to coordinate and track submittals and will be distributed on a weekly basis to all pertinent parties either at CONTRACTOR meetings or through electronic mailing.

b. Resident Engineer (RE) File Review: CONTRACTOR shall review the RE's file to become familiar with key elements and issues of the project. The core management team will meet with County representatives and the Design Consultant to discuss key project features, establish lines of communication, review permits, review applicable County local ordinances and review contract administration procedures. This meeting will help brief CONTRACTOR's key personnel on the scope of the project, contract PS&E, Permits, Licenses, Agreements and Certifications (PLAC) requirements, anticipated construction schedule, traffic control measures, environmental mitigation measures, project objectives, project constraints and project funding.

The Traffic Plan and control procedures will be reviewed by CONTRACTOR. The continuous and safe movement of traffic through the project corridor and adjacent connecting roads during construction for both AM and PM traffic should be incorporated into any staging efforts. This effort should also include assessment of any haul and delivery routes, maintaining emergency vehicle access at all times, ingress/egress to the project, pedestrian travel, detours, or delays that may affect public or business safety and convenience. Safe and continuous travel through the affected corridor(s) must be assured at all times, taking into consideration a wide variety of factors and users: commuters, seasonal variations, delivery schedules, any business access, and adjacent residential flows. Traffic flows of adjacent local streets for vehicular travel will be monitored continuously over the course of construction and adjustments made as necessary in order to minimize or avoid localized impacts.

In addition, CONTRACTOR can meet with stakeholders near the project that will be affected by construction activities. Although Hartnell Road is classified as a local collector road that provides direct access to Highway 101, the purpose of this type of meeting would be to discuss anticipated construction operations and understand potential impacts to the area, as well as to develop any needed public outreach strategies that will inform the local community to minimize impact on residences and any businesses alike.

c. Bid Support: If requested, CONTRACTOR can assist the County's staff during the construction bidding phase by reviewing and commenting on bidder inquiries, addendums and bids received, and provide the County's staff with written recommendations.

d. Construction Administration and Control Procedures: CONTRACTOR shall establish the proposed contract administration and record keeping procedures to be used during construction. These procedures will be developed into a project specific Construction Manual and submitted to the County for review and approval by the County's Project Manager (PM) and Project Engineer (PE). The Construction Manual will detail how CONTRACTOR shall administer the construction of the project including outlining the proposed lines of communication, establishing CONTRACTOR Requests for Information (RFI), submittal and claim protocol, identifying regulatory monitoring needs, providing the required inspection and

EXHIBIT A - SCOPE OF SERVICES/PAYMENT PROVISIONS

materials testing protocol (as requested by the County) and establishing record keeping forms and checklists. All record keeping documents will be written to coincide with the standard guidelines established by the Caltrans Construction Procedures and Records Manual and the Caltrans LAPM. CONTRACTOR shall integrate their Construction Manual with the County's relevant reference material to create one (1) manual to be followed by all parties throughout the project.

CONTRACTOR shall develop and maintain a Quality Control (QC) program throughout the progress of the project which shall include the observation and monitoring of the work in compliance with the approved plans and specifications. CONTRACTOR shall be fully apprised of the project construction documents. Also, included will be the oversight of all project submittals and long-lead items to ensure that they are furnished in a timely manner and per schedule. Materials testing (as requested by the County) and inspection quality assurance would also be a function of this task item for full project compliance. Our QC plan will be submitted for the County's approval prior to the start of the construction work as part of our project specific Construction Manual.

Prior to breaking ground, CONTRACTOR's field staff, using digital equipment, will photograph, video, and make notes of the entire project including surrounding properties to develop an "existing" condition record. This will be done in conjunction with the County, CONTRACTOR, and local property owners. The complete photographic record will be maintained by the County in safe keeping with copies kept by the County's PM and one (1) set provided to CONTRACTOR. CONTRACTOR'S field staff will also take daily digital photos. The entire project will have photos and video taken weekly.

e. Preconstruction Conference: CONTRACTOR shall organize a preconstruction meeting with the County's PM, Construction Contractor who is awarded the construction contract, their subcontractors, the Design Engineer of Record, representatives of affected agencies such as Caltrans, California Emergency Management Agency (Cal EMA), the local police and fire department representatives, permitting agencies, third party utility companies, and other interested parties to discuss the project and the work involved. The meeting is intended to introduce the staff of each organization that will be involved in the project, establish administrative matters including lines of communication, project expectations, permit and local ordinance requirements, the submittal review and approval process, RFI and Contract Change Order (CCO) protocol, quality assurance/quality control implementation, CONTRACTOR's payment application, labor compliance requirements, Disadvantaged Business Enterprise (DBE) utilization, safety, including job site and public safety, rules for visitors to the project site, accident prevention, emergency response, traffic control, storm water pollution prevention, construction schedule and working days, and to answer questions from the Construction Contractor and other interested parties, and address issues that need to be resolved prior to construction mobilization. Weekly construction progress meetings will be scheduled, and the CONTRACTOR's progress payment review/approval process can be discussed.

Other discussion topics shall include the importance of timely submittals and reviews, project construction safety, procedures for protests, access for nearby businesses, as well as community safety, noise levels and general concerns related to construction. The meeting can also facilitate a general overview of the construction documents by the Design Engineer including special design features that may relate to materials, construction staking, first order of work items, and stage construction.

EXHIBIT A - SCOPE OF SERVICES/PAYMENT PROVISIONS

In order to promote a good “partnering” relationship with the Construction Contractor, CONTRACTOR shall review the construction documents, coordinate with the County PM, and then furnish Construction Contractor with a copy of the project submittal list. This list will help Construction Contractor to immediately focus and prioritize critical path submittals and start the construction project on the right foot.

f. Cost Reduction Incentive Proposals: CONTRACTOR shall assist the County in evaluating Cost Reduction Incentive Proposals (CRIP) submitted by the Construction Contractor. Before the CONTRACTOR prepares a CRIP, CONTRACTOR would meet with the Construction Contractor, subcontractors and County to discuss the proposal concept, project impacts, permit issues, overall proposal merits, and review times required by agencies with review jurisdiction. CONTRACTOR shall ensure that the CRIP does not impair the project’s essential functions or characteristics including service life, operation economy, maintenance ease, desired appearance, and the design and safety of the project. The amount of this forfeiture shall be determined by the Labor Commissioner and shall be based on consideration of mistake, inadvertence, or neglect of the CONTRACTOR or Subcontractor in failing to pay the correct rate of prevailing wages, or the previous record of the CONTRACTOR or Subcontractor in meeting their respective prevailing wage obligations, or the willful failure by the CONTRACTOR or Subcontractor to pay the correct rates of prevailing wages. A mistake, inadvertence, or neglect in failing to pay the correct rates of prevailing wages is not excusable if the CONTRACTOR or Subcontractor had knowledge of the obligations under the Labor Code. The CONTRACTOR is responsible for paying the appropriate rate, including any escalations that take place during the term of the AGREEMENT.

In addition to the penalty and pursuant to Labor Code §1775, the difference between the prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the prevailing wage rate shall be paid to each worker by the CONTRACTOR or Subcontractor.

4. If a worker employed by a Subcontractor on a public works project is not paid the general prevailing per diem wages by the Subcontractor, the prime CONTRACTOR of the project is not liable for the penalties described above unless the prime CONTRACTOR had knowledge of that failure of the Subcontractor to pay the specified prevailing rate of wages to those workers or

5. Pursuant to Labor Code §1775, COUNTY shall notify the CONTRACTOR on a public works project within fifteen (15) calendar days of receipt of a complaint that a Subcontractor has failed to pay workers the general prevailing rate of per diem wages.

6. If COUNTY determines that employees of a Subcontractor were not paid the general prevailing rate of per diem wages and if COUNTY did not retain sufficient money under the contract to pay those employees the balance of wages owed under the general prevailing rate of per diem wages, the CONTRACTOR shall withhold an amount of moneys due the Subcontractor sufficient to pay those employees the general prevailing rate of per diem wages if requested by COUNTY.

- B. This contract is valid and enforceable only if sufficient funds are made available to COUNTY for the purpose of this contract. In addition, this contract is subject to any additional restrictions, limitations, conditions, or any statute enacted by the Congress, State Legislature, or COUNTY governing board that may affect the provisions, terms, or funding of this contract in any manner.
- C. It is mutually agreed that if sufficient funds are not appropriated, this contract may be amended to reflect any reduction in funds.

**EXHIBIT B – FEDERAL PROVISIONS
CALTRANS LOCAL ASSISTANCE PROCEDURES MANUAL**

- D. COUNTY has the option to terminate the contract under the 30-day termination clause pursuant to Article VI, or by mutual agreement to amend the contract to reflect any reduction of funds.

Article XIX Change in Terms

- A. This contract may be amended or modified only by mutual written agreement of the parties.
- B. CONTRACTOR shall only commence work covered by an amendment after the amendment is executed and notification to proceed has been provided by COUNTY's Contract Administrator.
- C. There shall be no change in CONTRACTOR's Project Manager or members of the project team, as listed in the approved Cost Proposal, which is a part of this contract without prior written approval by COUNTY's Contract Administrator.

Article XX Disadvantaged Business Enterprises (DBE) Participation

- A. CONTRACTOR, subrecipient (COUNTY), or Subcontractor shall take necessary and reasonable steps to ensure that DBEs have opportunities to participate in the contract (49 CFR 26). To ensure equal participation of DBEs provided in 49 CFR 26.5, The COUNTY shows a contract goal for DBEs. CONTRACTOR shall make work available to DBEs and select work parts consistent with available DBE Subcontractors and suppliers.

CONTRACTOR shall meet the DBE goal shown elsewhere in these special provisions or demonstrate that they made adequate good faith efforts to meet this goal. It is CONTRACTOR's responsibility to verify that the DBE firm is certified as DBE at date of proposal opening and document the record by printing out the California Unified Certification Program (CUCP) data for each DBE firm. A list of DBEs certified by the CUCP can be found [here](#).

All DBE participation will count toward the California Department of Transportation's federally mandated statewide overall DBE goal. Credit for materials or supplies CONTRACTOR purchases from DBEs counts towards the goal in the following manner:

- 100 percent counts if the materials or supplies are obtained from a DBE manufacturer.
- 60 percent counts if the materials or supplies are purchased from a DBE regular dealer.
- Only fees, commissions, and charges for assistance in the procurement and delivery of materials or supplies count if obtained from a DBE that is neither a manufacturer nor regular dealer. 49CFR26.55 defines "manufacturer" and "regular dealer."

This contract is subject to 49 CFR, Part 26 entitled "Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs". Contractors who enter into a federally funded agreement will assist the COUNTY in a good faith effort to achieve California's statewide overall DBE goal.

- B. The goal for DBE participation for this contract is 7%. Participation by DBE contractor or subcontractors shall be in accordance with information contained in Exhibit 10-02: Consultant Contract DBE Commitment attached hereto and incorporated as part of the

**EXHIBIT B – FEDERAL PROVISIONS
CALTRANS LOCAL ASSISTANCE PROCEDURES MANUAL**

Contract. If a DBE subcontractor is unable to perform, CONTRACTOR must make a good faith effort to replace him/her with another DBE subcontractor, if the goal is not otherwise met.

C. CONTRACTOR can meet the DBE participation goal by either documenting commitments to DBEs to meet the contract goal, or by documenting adequate good faith efforts to meet the contract goal. An adequate good faith effort means that the CONTRACTOR must show that it took all necessary and reasonable steps to achieve a DBE goal that, by their scope, intensity, and appropriateness to the objective, could reasonably be expected to meet the DBE goal. If CONTRACTOR has not met the DBE goal, complete and submit Exhibit 15-H: DBE Information – Good Faith Efforts to document efforts to meet the goal. Refer to 49 CFR Part 26 for guidance regarding evaluation of good faith efforts to meet the DBE goal.

D. Contract Assurance Under 49 CFR 26.13(b)

CONTRACTOR, subrecipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. CONTRACTOR shall carry out applicable requirements of 49 CFR 26 in the award and administration of federal aid contracts.

Failure by CONTRACTOR to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:

- (1) Withholding monthly progress payments;
- (2) Assessing sanctions;
- (3) Liquidated damages; and/or
- (4) Disqualifying the CONTRACTOR from future proposing as non-responsible

E. Termination and Substitution of DBE Subcontractors

CONTRACTOR shall utilize the specific DBEs listed to perform the work and supply the materials for which each is listed unless CONTRACTOR or DBE Subcontractor obtains the COUNTY's written consent. CONTRACTOR shall not terminate or substitute a listed DBE for convenience and perform the work with their own forces or obtain materials from other sources without authorization from the COUNTY. Unless the COUNTY's consent is provided, the CONTRACTOR shall not be entitled to any payment for work or material unless it is performed or supplied by the listed DBE on the Exhibit 10-02 Consultant Contract DBE Commitment form, included in the Bid.

The COUNTY authorizes a request to use other forces or sources of materials if CONTRACTOR shows any of the following justifications:

1. Listed DBE fails or refuses to execute a written contract based on plans and specifications for the project.

**EXHIBIT B – FEDERAL PROVISIONS
CALTRANS LOCAL ASSISTANCE PROCEDURES MANUAL**

2. The COUNTY stipulated that a bond is a condition of executing the subcontract and the listed DBE fails to meet the COUNTY's bond requirements.
3. Work requires a contractor's license and listed DBE does not have a valid license under Contractors License Law.
4. Listed DBE fails or refuses to perform the work or furnish the listed materials (failing or refusing to perform is not an allowable reason to remove a DBE if the failure or refusal is a result of bad faith or discrimination).
5. Listed DBE's work is unsatisfactory and not in compliance with the contract.
6. Listed DBE is ineligible to work on the project because of suspension or debarment.
7. Listed DBE becomes bankrupt or insolvent.
8. Listed DBE voluntarily withdraws with written notice from the AGREEMENT.
9. Listed DBE is ineligible to receive credit for the type of work required.
10. Listed DBE owner dies or becomes disabled resulting in the inability to perform the work on the AGREEMENT
11. The COUNTY determines other documented good cause.

CONTRACTOR shall notify the original DBE of the intent to use other forces or material sources and provide the reasons and provide the DBE with 5 days to respond to the notice and advise CONTRACTOR and the COUNTY of the reasons why the use of other forces or sources of materials should not occur. CONTRACTOR's request to use other forces or material sources must include:

1. One or more of the reasons listed in the preceding paragraph.
2. Notices from CONTRACTOR to the DBE regarding the request.
3. Notices from the DBEs to CONTRACTOR regarding the request.

If a listed DBE is terminated or substituted, CONTRACTOR must make good faith efforts to find another DBE to substitute for the original DBE. The substitute DBE must perform at least the same amount of work as the original DBE under the contract to the extent needed to meet or exceed the DBE goal.

F. Commitment and Utilization

The COUNTY's DBE program must include a monitoring and enforcement mechanism to ensure that DBE commitments reconcile to DBE utilization. The COUNTY shall request CONTRACTOR to:

1. Notify the COUNTY's contract administrator or designated representative of any changes to its anticipated DBE participation
2. Provide this notification before starting the affected work
3. Maintain records including:
 - Name and business address of each 1st-tier Subcontractor
 - Name and business address of each DBE Subcontractor, DBE vendor, and DBE trucking company, regardless of tier
 - Date of payment and total amount paid to each business (see Exhibit 9-F *Monthly Disadvantaged Business Enterprise Payment*)

If CONTRACTOR is a DBE CONTRACTOR, they shall include the date of work performed by their own forces and the corresponding value of the work.

EXHIBIT B – FEDERAL PROVISIONS
CALTRANS LOCAL ASSISTANCE PROCEDURES MANUAL

If a DBE is decertified before completing its work, the DBE must notify CONTRACTOR in writing of the decertification date. If a business becomes a certified DBE before completing its work, the business must notify CONTRACTOR in writing of the certification date. CONTRACTOR shall submit the notifications to the COUNTY. On work completion, CONTRACTOR shall complete a Disadvantaged Business Enterprises (DBE) Certification Status Change, Exhibit 17-O, form and submit the form to the COUNTY within 30 days of contract acceptance.

Upon work completion, CONTRACTOR shall complete Exhibit 17-F Final Report – Utilization of Disadvantaged Business Enterprises (DBE), First-Tier Subcontractors and submit it to the COUNTY within 90 days of contract acceptance. The COUNTY will withhold \$10,000 until the form is submitted. The COUNTY will release the withhold upon submission of the completed form.

In the COUNTY's reports of DBE participation to Caltrans, the COUNTY must display both commitments and attainments.

- G. A DBE is only eligible to be counted toward the contract goal if it performs a Commercially Useful Function (CUF) on the contract. CUF must be evaluated on an agreement by agreement basis. A DBE performs a CUF when it is responsible for execution of the work of the contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a CUF, the DBE must also be responsible with respect to materials and supplies used on the contract, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether a DBE is performing a CUF, evaluate the amount of work subcontracted, industry practices, whether the amount the firm is to be paid under the contract is commensurate with the work it is actually performing, and other relevant factors.
- H. A DBE does not perform a CUF if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of DBE participation. In determining whether a DBE is such an extra participant, examine similar transactions, particularly those in which DBEs do not participate.
- I. If a DBE does not perform or exercise responsibility for at least thirty percent (30%) of the total cost of its contract with its own work force, or the DBE subcontracts a greater portion of the work of the contract than would be expected on the basis of normal industry practice for the type of work involved, it will be presumed that it is not performing a CUF.
- J. CONTRACTOR shall maintain records of materials purchased or supplied from all subcontracts entered into with certified DBEs. The records shall show the name and business address of each DBE or vendor and the total dollar amount actually paid each DBE or vendor, regardless of tier. The records shall show the date of payment and the total dollar figure paid to all firms. DBE contractors shall also show the date of work performed by their own forces along with the corresponding dollar value of the work.
- K. If a DBE subcontractor is decertified during the life of the contract, the decertified subcontractor shall notify CONTRACTOR in writing with the date of decertification. If a subcontractor becomes a certified DBE during the life of the Contract, the subcontractor shall notify CONTRACTOR in writing with the date of certification. Any changes should be reported to COUNTY's Contract Administrator within thirty (30) calendar days.

**EXHIBIT B – FEDERAL PROVISIONS
CALTRANS LOCAL ASSISTANCE PROCEDURES MANUAL**

- L. After submitting an invoice for reimbursement that includes a payment to a DBE, but no later than the 10th of the following month, the prime contractor/consultant shall complete and email the Exhibit 9- F: Disadvantaged Business Enterprise Running Tally of Payments to business.support.unit@dot.ca.gov with a copy to the Agency.

- M. Any subcontract entered into as a result of this contract shall contain all of the provisions of this section.

Article XXI Contingent Fee

The selected option below applies to this contract:

Option 1 – For contracts without PS&E submittal

Any dispute, other than audit, concerning a question of fact arising under this contract that is not disposed of by agreement shall be decided by a committee consisting of COUNTY’s Contract Administrator and Assistant Director of PWFP, who may consider written or verbal information submitted by CONTRACTOR.

- B. Not later than thirty (30) calendar days after completion of all work under the contract, CONTRACTOR may request review by COUNTY Governing Board of unresolved claims or disputes, other than audit. The request for review will be submitted in writing.

- C. Neither the pendency of a dispute, nor its consideration by the committee will excuse CONTRACTOR from full and timely performance in accordance with the terms of this contract.

Option 2 – For contracts requiring PS&E submittal, replace paragraph B above with the following:

- B. Not later than thirty (30) calendar days after completion of all deliverables necessary to complete the plans, specifications and estimate, CONTRACTOR may request review by COUNTY Governing Board of unresolved claims or disputes, other than audit. Notice to Proposers DBE Information (Exhibit 10-1)

The following will be issued to the short list/pool of qualified firms at the time when the County will request for proposals for specific projects.

The Agency has established a DBE goal for this Contract of 7%.

1. TERMS AS USED IN THIS DOCUMENT

- The term “Disadvantaged Business Enterprise” or “DBE” means a for-profit small business concern owned and controlled by a socially and economically disadvantaged person(s) as defined in Title 49, Code of Federal Regulations (CFR), Part 26.5.
- The term “Agreement” also means “Contract.”
- Agency also means the local entity entering this contract with the Contractor or Consultant.
- The term “Small Business” or “SB” is as defined in 49 CFR 26.65.

2. AUTHORITY AND RESPONSIBILITY

- A. DBEs and other small businesses are strongly encouraged to participate in the performance of Contracts financed in whole or in part with federal funds (See 49 CFR 26, “Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs”). The Contractor must ensure that DBEs and other small businesses have the opportunity to participate in the performance of the work that is the subject of this solicitation and should take all necessary and reasonable steps for this assurance. The proposer must not discriminate on the basis of race, color, national origin, or sex in the award and performance of subcontracts.
- B. Proposers are encouraged to use services offered by financial institutions owned and controlled by DBEs.

**EXHIBIT B – FEDERAL PROVISIONS
CALTRANS LOCAL ASSISTANCE PROCEDURES MANUAL**

3. SUBMISSION OF DBE INFORMATION

If there is a DBE goal on the contract, Exhibit 10-01 *Consultant Proposal DBE Commitment* must be included in the Request for Proposal. In order for a proposer to be considered responsible and responsive, the proposer must make good faith efforts to meet the goal established for the contract. If the goal is not met, the proposer must document adequate good faith efforts. All DBE participation will be counted towards the contract goal; therefore, all DBE participation shall be collected and reported.

Exhibit 10-02 *Consultant Contract DBE Information* must be included with the Request for Proposal. Even if no DBE participation will be reported, the successful proposer must execute and return the form.

4. DBE PARTICIPATION GENERAL INFORMATION

It is the proposer's responsibility to be fully informed regarding the requirements of 49 CFR, Part 26, and the Department's DBE program developed pursuant to the regulations. Particular attention is directed to the following:

- A. A DBE must be a small business firm defined pursuant to 13 CFR 121 and be certified through the California Unified Certification Program (CUCP).
- B. A certified DBE may participate as a prime consultant, subconsultant, joint venture partner, as a vendor of material or supplies, or as a trucking company.
- C. A DBE proposer not proposing as a joint venture with a non-DBE, will be required to document one or a combination of the following:
 - 1. The proposer is a DBE and will meet the goal by performing work with its own forces.
 - 2. The proposer will meet the goal through work performed by DBE subconsultants, suppliers or trucking companies.
 - 3. The proposer, prior to proposing, made adequate good faith efforts to meet the goal.
- D. A DBE joint venture partner must be responsible for specific contract items of work or clearly defined portions thereof. Responsibility means actually performing, managing, and supervising the work with its own forces. The DBE joint venture partner must share in the capital contribution, control, management, risks and profits of the joint venture commensurate with its ownership interest.
- E. A DBE must perform a commercially useful function pursuant to 49 CFR 26.55, that is, a DBE firm must be responsible for the execution of a distinct element of the work and must carry out its responsibility by actually performing, managing and supervising the work.
- F. The proposer shall list only one subconsultant for each portion of work as defined in their proposal and all DBE subconsultants should be listed in the bid/cost proposal list of subconsultants.

**EXHIBIT B – FEDERAL PROVISIONS
CALTRANS LOCAL ASSISTANCE PROCEDURES MANUAL**

G. A prime consultant who is a certified DBE is eligible to claim all of the work in the Contract toward the DBE participation except that portion of the work to be performed by non-DBE subconsultants.

6. MATERIALS OR SUPPLIES PURCHASED FROM DBE'S COUNT TOWARDS THE DBE GOAL UNDER THE FOLLOWING CONDITIONS

A. If the materials or supplies are obtained from a DBE manufacturer, count 100 percent of the cost of the materials or supplies. A DBE manufacturer is a firm that operates or maintains a factory, or establishment that produces on the premises the materials, supplies, articles, or equipment required under the Contract and of the general character described by the specifications.

B. If the materials or supplies purchased from a DBE regular dealer, count 60 percent of the cost of the materials or supplies. A DBE regular dealer is a firm that owns, operates or maintains a store, warehouse, or other establishment in which the materials, supplies, articles or equipment of the general character described by the specifications and required under the Contract are bought, kept in stock, and regularly sold or leased to the public in the usual course of business. To be a DBE regular dealer, the firm must be an established, regular business that engages, as its principal business and under its own name, in the purchase and sale or lease of the products in question. A person may be a DBE regular dealer in such bulk items as petroleum products, steel, cement, gravel, stone or asphalt without owning, operating or maintaining a place of business provided in this section.

C. If the person both owns and operates distribution equipment for the products, any supplementing of regular dealers' own distribution equipment shall be, by a long-term lease agreement and not an ad hoc or Agreement-by-Agreement basis. Packagers, brokers, manufacturers' representatives, or other persons who arrange or expedite transactions are not DBE regular dealers within the meaning of this section.

D. Materials or supplies purchased from a DBE, which is neither a manufacturer nor a regular dealer, will be limited to the entire amount of fees or commissions charged for assistance in the procurement of the materials and supplies, or fees or transportation charges for the delivery of materials or supplies required on the job site, provided the fees are reasonable and not excessive

8. INDEMNIFICATION.

8.01 For purposes of the following indemnification provisions (“Indemnification Agreement”), “design professional” has the same meaning as set forth in California Civil Code section 2782.8. If any term, provision or application of this Indemnification Agreement is found to be invalid, in violation of public policy or unenforceable to any extent, such finding shall not invalidate any other term or provision of this Indemnification Agreement and such other terms and provisions shall continue in full force and effect. If there is any conflict between the terms, provisions or application of this Indemnification Agreement and the provisions of California Civil Code Sections 2782 or 2782.8, the broadest indemnity protection for COUNTY under this Indemnity Agreement that is permitted by law shall be provided by CONTRACTOR.

8.02 Indemnification for Design Professional Services Claims:

CONTRACTOR shall indemnify, defend and hold harmless COUNTY, its governing board, directors, officers, employees, and agents against any claims that arise out of, or pertain to, or relate to the negligence, recklessness, or willful misconduct of CONTRACTOR, its employees, subcontractors, and agents in the performance of design professional services under this Agreement, excepting only liability arising from the sole negligence, active negligence or willful misconduct of COUNTY, or defect in a design furnished by COUNTY, but in no event shall the amount of such CONTRACTOR’s liability exceed such CONTRACTOR’s proportionate percentage of fault as determined by a court, arbitrator or mediator, or as set out in a settlement agreement. In the event one (1) or more defendants to any action involving such claim or claims against COUNTY is unable to pay its share of defense costs due to bankruptcy or dissolution of the business, such CONTRACTOR shall meet and confer with the other parties to such action regarding unpaid defense costs.

8.03 Indemnification for All Other Claims or Loss:

For any claim, loss, injury, damage, expense or liability other than claims arising out of CONTRACTOR’s performance of design professional services under this Agreement, CONTRACTOR shall indemnify, defend and hold harmless COUNTY, its governing board, directors, officers, employees, and agents against any claim for loss, injury, damage, expense or liability resulting from or alleging injury to or death of any person or loss of use of or damage to property, arising from or related to the performance of services under this Agreement by CONTRACTOR, its employees, subcontractors or agents, excepting only liability arising from the sole negligence, active negligence or willful misconduct of COUNTY, or defect in a design furnished by COUNTY.

11. NON-DISCRIMINATION. During the performance of this Agreement, CONTRACTOR, and its subcontractors, shall not unlawfully discriminate against any person because of race, religious creed, color, sex, national origin, ancestry, physical disability, mental disability, medical condition, marital status, age (over 40), sexual orientation, or any other characteristic set forth in California Government code § 12940(a), either in CONTRACTOR's employment practices or in the furnishing of services to recipients. CONTRACTOR shall ensure that the evaluation and treatment of its employees and applicants for employment and all persons receiving and requesting services are free of such discrimination. CONTRACTOR and any subcontractor shall, in the performance of this Agreement, fully comply with all federal, state, and local laws and regulations which prohibit discrimination. The provision of services primarily or exclusively to such target population as may be designated in this Agreement shall not be deemed to be prohibited discrimination.

16. COMPLIANCE WITH APPLICABLE LAWS

16.01 CONTRACTOR shall keep itself informed of and in compliance with all federal, state and local laws, ordinances, regulations, and orders including but not limited to all state and federal tax laws that may affect in any manner the Project or the performance of the Services or those engaged to perform Services under this Agreement as well as any privacy laws including, if applicable, Health Insurance Portability and Accountability Act (HIPAA). CONTRACTOR shall procure all permits and licenses, pay all charges and fees, and give all notices required by law in the performance of the Services.

16.02 CONTRACTOR shall report immediately to County's Contracts/Purchasing Officer, in writing, any discrepancy or inconsistency it discovers in the laws, ordinances, regulations, orders, and/or guidelines in relation to the Project of the performance of the Services.

16.03 All documentation prepared by CONTRACTOR shall provide for a completed project that conforms to all applicable codes, rules, regulations, and guidelines that are in force at the time such documentation is prepared.

17.01 The parties to this Agreement consent to the use of electronic signatures via DocuSign to execute this Agreement.
