SUMMARY/DISCUSSION:

The Parent Education Program supports and educates parents of at-risk children and families in crisis, with a goal of providing parents with new skills and tools to enable them to parent with love, commitment, and safety. CHS' Parent Education Program uses evidence based best practice curricula. This amendment adds the new Connect curriculum to the existing Parenting Education series of classes.

The Connect curriculum is a specialized, highly successful evidence based international program model which focuses on prevention and uses a trauma focused approach. It will be a supported resource for families referred for abuse/neglect allegations who were previously referred to existing community programs with long waiting lists. Trainers receive intensive training and more than a year of coaching. The Connect curriculum will be a valuable addition to services offered.

The Auditor-Controller and Purchasing have reviewed and approved this agreement. County Counsel has approved the agreement as to form.
