Re: Unified Franchise Agreement Extension Negotiations

Dear Mr. Durham,

Based on the COVID-19 pandemic, USA Waste of California, Inc. (WM) feels it would be appropriate to extend the term of the Unified Franchise Agreement (UFA) by two months while we continue to negotiate an amended agreement. WM prepared and executed the attached Amendment to accomplish this. Please return a signed copy if it is acceptable.

WM is in the process of preparing information we discussed at our February 19 meeting, as well as that outlined in your March 2 letter. We hoped to provide this by early April, but COVID-19 has obviously diverted our attention. At this time, we expect to provide you with our written proposal around April 20.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Kristin Skromme'.
