Was the Owner/Applicant Representative Present at Meeting? Yes No

PUBLIC COMMENT:

Also that future degn may molest her horse.
Tinker (neighbor): Her horse may be too close to Parcel #3. She is concerned the house will be too close to the ^{fence} line and that ^{the residents} they would be subject to flies and smell of horses.
Brian Finegan (attorney): The applicant wants to do a low intensity project choosing a well known architect to draw plans that and locate the houses to ^{be} suitable to public views.
Joel Panzer: Noted there are 25 oak trees being removed instead of 39 trees.

No other public comments

AREAS OF CONCERN (e.g. traffic, neighborhood compatibility, visual impact, etc.):

Riesman: He is concerned that Mrs Tinker has a valid point. It needs to be addressed in Parcel #3. He noted that the existing flagging is in full view of Highway 68 and from Laguna Seca Park.

Mr Smith asked Mrs Tinker for comments about Parcel #3 and to work with the developer.

Mrs Tinker had some suggestions about locating the house down slope on ^{the} South behind the trees ^{side}

Church: Parcel #3 is in full view of Hwy 68 to the south and in full view of Laguna Seca on north but the proposed envelope ^{can} be located south on the parcel.

could #3

Project: Warren Wayland Plan: 070366 24975 Poombo Road

Pagnillo: The road is only 30' wide ^{that} feeds into 2 parcels. It is not wide enough and there are not enough turnouts. This is the section that goes by Parcel #4 and on to #3.

Mrs. Tinker: It would be advantageous to have a developable area known to us in the parcel. (i.e. how much will be maintained in a natural state, how much or square footage that will be house) They are necessary and the LUAC wants to see this.

Pagnillo: Where is the water tank? The applicant said that it will be under ground and showed where. Mr Finegan said there are 2 wells.

Mrs. Smith: We want to know and that there be an assessment of the amount of water drawn out and flow so as not to deplete the aquifer. She wants the water works ^{works} ~~returned~~ ^{REVIEWED}.

Parcel #4: The LUAC does not have comments

Road B: Mrs. Smith: the road is graded up a drainage. Other options must be looked at. This from the junction to the hairpin turn. ~~There is no~~ This is a steep drainage. It must not interfere with the drainage.

Church: The hill side is way ^{too} steep for this road. The proposed site on Parcel #1 is in ~~I recommend that~~ full view of Hwy 68 to the south, it is in view of Mrs Tinker's property and the roof is on a ridge line. I recommend the home be located on the parcel ^{as} to avoid the road.

Parcel #2:

Church: As drawn, there is no place on the parcel that is not in full view of Hwy 68 in both directions from the beginning of the Wayland property to and past the adjoining parcel to the east - east to west it is poorly drawn.

RECOMMENDED CHANGES/CONDITIONS (e.g. reduce scale, relocate on property, reduce lighting, etc.):

Church: Keep the parcel lot lines of parcel #2^{to} that if ^{it} be extended into parcel 3 or 4 in such a way that a proposed building ^{can} be located out of view of Hwy 68 and Laguna Sea.

5:00 pm

Meet the areas of concern

- a) parcel #2 lines - adjustable for vision sightings
- b) road way and drainage - parcels 1 ~~and 2~~
- c) road width and lack of Turn onto parcels 3 & 4
- d) designated scenic easements

ADDITIONAL LUAC COMMENTS: None

RECOMMENDATION (e.g. recommend approval; recommend denial; recommend continuation):
