EXECUTIVE SUMMARY

The County of Monterey (County) is an Equal Employment Opportunity Employer and is committed to provide equal employment and promotional opportunities to all County employees and applicants for employment. The County of Monterey believes in treating all people with respect and dignity. We strive to foster a supportive working environment that celebrates the diverse county in which we live. The purpose of the Equal Opportunity Plan (EOP) is to commit the County to a program that makes equal employment opportunity a reality for all County employees and qualified job applicants.

The EOP provides the framework for the County policy of equal employment opportunity. The EOP is a coordinated program of policies, practices, procedures, and initiatives to ensure equal employment opportunity principles are ingrained in the County's recruitment, retention, selection, and advancement practices, as well as into all other aspects of the County's employment environment. These practices are applied without regard to race, color, national origin, religion, sex, gender identity, pregnancy, physical or mental disability, medical conditions (cancer-related or genetic characteristics), genetic information, ancestry, marital status, age (40 or older), sexual orientation, veterans, service in the military or any other characteristic protected by state and federal law.

The County, as a federal contractor, is required by Executive Order 11246, as amended, and its implementing regulations, found at 41CFR, Part 60-2, to implement an annual plan. The Equal Opportunity Office has developed the 2012 - 2014 EOP in conformance with the requirements and intentions of these governing authorities, as well as Section 402 of the Vietnam Era Veterans Readjustment Assistance Act of 1974, Section 4212 and Section 503 of the Rehabilitation Act of 1973 as amended. The purpose of the 2012 - 2014 Plan is to promulgate employment policies and practices regarding nondiscrimination and to promote affirmative action for minorities, women, individuals with disabilities and covered veterans. Because the County has \$50,000 or more in annual contracts with the federal government and employs 50 or more employees, we are required to prepare annual written EOP's for minorities and women, for covered veterans, and for persons with disabilities for the County-wide and for each County department. Failure to comply with these laws and their implementing regulations, which are enforced by the Office of Federal Contract Compliance Programs (OFCCP), can result in debarment of the County from future contracts and subcontracts.

In compliance with Title VII of the Civil Rights Act, the County has developed this EOP in accordance with and in reliance upon the EEOC's Guidelines on Affirmative Action, Title 29 Code of Federal Regulations, Part 1608.

The Plan presents a utilization analysis comparing the representation of minorities and women in the County workforce (excluding Department Heads, & Appointed Elected Officials) with their estimated labor market availability. Analyses of applicant flow, hires, promotions, and terminations were conducted by job group to determine if there were any selection disparities in personnel activity for women, minorities and/or individual ethnic minority categories through examination of transaction data that occurred during the period of January 1, 2012 through December 31, 2012.

Annual placement goals have been established and additional objectives of the Plan to ensure equal employment opportunity are stated in the plan. The County has a firm commitment to attract a broad and diverse pool of qualified applicants, including minorities and women, to the County's workforce. In addition, the Equal Opportunity Office has reviewed employment policies to assure that non-discrimination and equal opportunity obligations are being met.

Part II addresses the County's equal opportunity plan for individuals with disabilities and covered veterans.

During the upcoming year, the Equal Opportunity Office will work closely with the County Administrative Officer and the Director of Human Resources to provide ongoing evaluation of the County's employment practices and policies that support the goals of the plan.

The Plan is available for review in the Equal Opportunity Office. The Plan is also located on the Equal Opportunity Office website at <http://www.co.monterey.ca.us/eqopp/equal-opp-plan>.

INTRODUCTION

STATEMENT OF PURPOSE FOR PARTS I AND II

This EOP has been designed to bring qualified women, members of minority groups, covered veterans, and persons with disabilities into all levels and segments of the County's workforce in proportion to their representation in the qualified relevant labor market.

The EOP, therefore, is a detailed, results-oriented set of procedures which, when carried out, results in full compliance with equal employment opportunity requirements through the equal treatment of all people.

The manner in which this is to be accomplished becomes technical and somewhat complicated. There are several reasons for this. First, the County is subject to and must address a variety of State and Federal laws and guidelines dealing with equal employment opportunity and affirmative action. These guidelines and requirements are in themselves somewhat technical and complex. In addition, relevant court decisions, which are often useful in interpreting, but sometimes conflicting with these requirements and guidelines, must be taken into account when developing and implementing the EOP. Furthermore, in determining the County's current equal employment opportunity and affirmative action position and its desired future achievements, numbers, percentages, statistics, and numerous calculations and computations must come into play.

The technical, legal, and mathematical aspects of the Equal Opportunity Plan all have one common purpose: to allow us to properly identify three key concepts:

1. Where we stand now;
2. Where we must go; and
3. How best to get there.

These three concepts are the Equal Opportunity Plan.

MONTEREY COUNTY VALUES

MISSION STATEMENT

“The Mission of Monterey County is to Excel at providing Quality Services for the benefit of all Monterey County residents while developing, maintaining, and enhancing the resources of the region.”

REPORTING PERIOD

This EOP is designed to cover the following reporting period: January 1, 2012 through December 31, 2014.

APPLICABLE AFFIRMATIVE ACTION LAWS AND REGULATIONS

The County's EOP for minorities and women (Part I) has been prepared according to Executive Order No. 11246, as amended, and Title 41, Code of Federal Regulations, Part 60-1 (Equal Employment Opportunity Duties of Government Contractors), Part 60-2 (Affirmative Action Programs of Government Non-Construction Contractors; also known as "Revised Order No. 4"), and Part 60-20 (Sex Discrimination Guidelines for Government Contractors).

The County has developed separately an Equal Opportunity Plan for covered veterans and persons with disabilities (Part II) prepared in accordance with the Rehabilitation Act of 1973, Section 503, as amended and Title 41, Code of Federal Regulations, Part 60-741 (Affirmative Action Program for Handicapped Persons), the Vietnam Era Veterans' Readjustment Assistance Act of 1974, Section 4212, as amended, and Title 41 Code of Federal Regulations, Part 60-250 (Affirmative Action Program for Disabled Veterans and Other Veterans).

The Veterans Employment Opportunities Act of 1998 (VEOA), Public Law 105-339, effective October 31, 1998, increased the threshold for coverage under VEVRAA from a contract of \$10,000, or more to a contract of \$25,000 or more; extended the law's protections to "veterans who served on active duty during a war or in a campaign for which a campaign badge was authorized; and, provides temporary (up to one year) protection to veterans who do not have a service connected disability, did not see action in a foreign war and did not serve during the Vietnam era.

The Jobs for Veterans Act (JFVA), Public Law 107-288, effective December 1, 2003, increased the threshold for coverage under 38 U.S.C. §4212 from \$25,000 to \$100,000; grants VEVRAA protection to those veterans who, while serving on active duty in the Armed Forces, participated in a United States military operation for which an Armed Forces service medal was awarded pursuant to Executive Order 12985 (62 Fed. Reg. 1209); changes the definition of "recently separated veteran" to include "any veteran during the three-year period beginning on the date of such veteran's discharge or release from active duty"; changes "Special Disabled Veterans" to "Disabled Veterans," expanding the coverage to conform to 38 U.S.C. § 4211 (3); and, following publication of the final regulations, requires contractors to post job listings with their local employment service delivery system.

PROTECTED GROUPS

Coverage under affirmative action laws and regulations applies to:

Women and minorities who are recognized as belonging to or identifying with the following race or ethnic groups: Blacks/African Americans, Hispanics/Latinos, Asians/Pacific Islanders, and Native Americans (American Indians/Alaskan Natives).

Disabled veterans: veterans entitled to compensation for a disability rated at 30 percent or more, or rated at 10 or 20 percent in the case of a veteran who has been determined under section 3106 of Title 38 to have a serious employment disability, or a person who was discharged or released from active duty because of a service-connected disability.

Recently separated veterans: any veteran currently within three-year of discharge or release from active duty.

Veterans who received an “Armed Forces Medal.”

An individual with a disability: a person who has a physical or mental impairment that limits one or more of his/her major life activities; (2) has a record of such impairment, or (3) is regarded as having such impairment.

CHAPTER 1: ORGANIZATIONAL PROFILE

41 C.F.R. § 60-2.11

The Organizational Profile is a detailed chart of the County's organizational structure. For each County department, the profile includes the following:

- The name of the department (and divisions, if applicable,) and the job title, race and gender of the unit supervisor.
- The total number of male and female incumbents and the total number of male and female incumbents in each of the following groups: African Americans (AA), Asians (A) / Pacific Islanders (PI), Native Americans (American Indians or Alaskan Natives) , Hispanics (H), and White (W) other than Hispanics.

See Exhibit 1

Workforce Analysis

The County conducted a workforce analysis to identify employees by gender and race/ethnicity in each job title. The data was collected from payroll records dated December 28, 2012.

Job titles are listed by organizational unit. Job titles are listed from lowest to highest paid. The list includes all job titles, including departmental supervision, exempt, and nonexempt titles. For each job title, the lower threshold of the salary range is provided.

For each job title, the County identified the total number of employees, the number of male and female employees, the total number of minority employees, the male and female minority employees, the total number of White, African American, Hispanic, Asian / Pacific Islander, Native Americans (American Indian or Alaskan Native) employees, and the male and female employees within each of these race/ethnic groups.

The County carefully analyzed the workforce analysis to identify apparent underutilization such as concentrations or segregation of minorities or women by organizational unit, job, or pay. Underutilization if any, are identified in Chapter 6: Identification of Problem Areas; programs to correct underutilization are identified in Chapter 7: Action-Oriented Programs.

See Exhibit 2

Lines of Progression

There are no formal lines of progression in this Plan. To the extent that there is a usual promotional sequence, it is taken into account in establishing feeder Job Groups in the Availability Analysis. A feeder Job Group is one from which an employee could be promoted, transferred, or trained into another job group being analyzed for internal availability data.

**CHAPTER 2: JOB GROUP ANALYSIS AND
PLACEMENT OF INCUMBENTS IN JOB GROUPS
41 C.F.R. § 60-2.12, 41 C.F.R. § 60-2.13**

The workforce analysis was conducted individually for every job title, after it was completed, job titles were grouped for the comparison of incumbency to availability and for setting goals. There are three reasons for grouping jobs titles: (1) similar wages, (2) similar job duties and responsibilities; and (3) similar opportunities for training, promotion, transfer and other employment benefits. This is the most critical guideline in creating job groups. Above all, the job titles placed into a job group must be more similar or related to each other than the job titles in other job groups.

Many job titles are so similar in job function that handling them individually in the EOP is not necessary. Grouping together these very similar titles is appropriate for the comparison of incumbency to availability. For many job titles, the availability data that can be collected is limited, and the same data must be used for several related jobs. Therefore, grouping these related titles together is logical. Also, many job titles have so few incumbents in them that identifying disparities between incumbency and availability by job title is meaningless—as underutilization would be identified in terms of fractions of people. By grouping several similar titles and increasing the number of employees involved, a meaningful comparison can be conducted; any identified underutilizations are more likely to be described in terms of whole people. Consequently, goals established to correct underutilization are also more likely to be in terms of whole people.

Job groups must have enough incumbents to permit meaningful comparisons of incumbency to availability and goal setting. Ideally, if a job group is identified as containing underutilization, it should be large enough that a goal of a least one whole person can be established. No minimum size has been established for this purpose, however, since it is dependent not only on the size of the job group, but also on the size of the availability percentage and the number of minorities or women already employed in the job group.

The County did not combine job titles with different content, wages, or opportunities if doing so would have obscured underutilization (e.g., job groups which combine jobs in which minorities or women are concentrated with jobs in which they are underrepresented).

Exhibit 3 includes the job group analysis summary followed by the job group analysis.

CHAPTER 3: DETERMINING AVAILABILITY
41 C.F.R. § 60-2.14

"Availability" is an estimate of the proportion of each gender and race/ethnic group available and qualified for employment at the County for a given job group in the relevant labor market during the life of the EOP. Availability indicates the approximate level at which each gender and race/ethnic group could reasonably be expected to be represented in a job group if the County's employment decisions are being made without regard to gender, race, or ethnic origin.

Availability estimates, therefore, are a way of translating equal employment opportunity into concrete numerical terms. Correct comparisons of incumbency to availability, attainable goals, and increases in employment for underrepresented groups depend on competent and accurate availability analyses. With valid availability data, we can compare the percentages of those who could reasonably be expected to be employed versus our current employment (from the workforce analysis), identify areas of underutilization to establish goals to achieve parity.

Steps in Comparison of Incumbency to Availability

Identify Availability Factors

The following availability factors are required of federal government contractors for consideration when developing availability estimates for each job group:

1. External Factor: The external requisite skills data comes from the 2010 Census of Population.
 - a. Local labor area: County of Monterey, California – 100%
 - b. Reasonable labor area: State of California – 100%
2. Internal Factor: The percentage of minorities or women among those promotable, transferable, and trainable within the County. See Exhibit 5 Internal Availability.

Assign Internal and External Factor Weights: Weights were assigned to each factor for each job group. A combination of historical data and experience were used to determine the weights. Weights were not assigned in an effort to hide or reduce problem areas.

Identify Final Availability: Weights were multiplied by the component-specific data to produce weighted data for each component. Weighted data for each component was summed. This produced a final availability estimate for each gender and race/ethnic group, as well as for minorities in the aggregate.

Exhibit 4 includes the Final Availability Analysis for each job group.

CHAPTER 4: COMPARING INCUMBENCY TO AVAILABILITY AND PLACEMENT GOALS

41 C.F.R. § 60-2.15, 41 C.F.R. § 60-2.16

The County has established a percentage annual placement goal whenever it found that minority or female representation within a job group was less than would reasonably be expected given their availability. In each case, the goal was set at the availability figure derived for women and/or minorities, as appropriate for that job group. These goals take into account the availability of basically qualified persons in the relevant labor area. They also take into account anticipated employment opportunities with our organization. The County believes these goals are attainable. These goals will be reached primarily through recruiting and advertising to increase the pool of qualified minority and female applicants and through implementation of our action-oriented programs (see Chapter 7). Selections will occur only from among qualified applicants. Goals do not require the hiring of persons when there are no vacancies or the hiring of a person who is less likely to do well on the job ("less qualified") over a person more likely to do well on the job ("better qualified"), under valid selection procedures. Goals do not require that the County hire a specified number of minorities or women.

Goals are not rigid and inflexible quotas which must be met, but are instead targets reasonably attainable by means of applying every good faith effort to make all aspects of the entire EOP work. A goal is a guideline which the County can measure progress in remedying identified underutilization in the County's workforce. By setting realistic goals, based on expected vacancies and anticipated availability of skills within the relevant labor area, and using a job-related selection system, the County should be able to meet the goals, assuming we conduct effective recruitment and advertising efforts to ensure an adequate pool of qualified minority and/or female qualified applicants from which to make selections.

In each of the 20 job groups of the County (i.e. Job Group 01 - Management II, Job Group 02 - Management I, Job Group 03 - Professionals Administration, Job Group 04 - Professional Attorneys, Job Group 05 - Human Services, Job Group 06 - Land Use, Job Group 07 - Health Administration, Job Group 08 - Health Ancillary, Job Group 09 - Health Doctors, Job Group 10 - Health Nurses, Job Group 11 - Law Enforcement II, Job Group 12 - Law Enforcement I, Job Group 13 - Paraprofessional Technicians II, Job Group 14 - Paraprofessional Technicians I, Job Group 15 - Skilled Craft II, Job Group 16 - Skilled Craft I, Job Group 17 - Office Clerical II, Job Group 18 - Office Clerical I, Job Group 19 - Service Maintenance II, Job Group 20 - Service Maintenance I) placement goals have been established and are listed in Exhibit 6.

In establishing goals, the County considered the results which could reasonably be expected from putting forth every good faith effort to make our overall EOP work. (In philosophy, the concept of good faith denotes sincere, honest intention, regardless of the outcome of an action.) We involved human resources staff and department heads in the goal-setting process. Goals were not established that would exclude any gender or race/ethnic group. Once final availability estimates were made for each job group, the County compared the percentage of incumbents in each job group to their corresponding availability. A comparison was made between the percentage employed as of December 28, 2012 and that group's final availability.

Exhibit 6 includes the Comparison of Incumbency to Availability and Placement Goals reports.

CHAPTER 5: DESIGNATION OF RESPONSIBILITY
41 C.F.R. § 60-2.17(a)

As part of its efforts to ensure equal employment opportunity to all individuals, the County has designated specific responsibilities to various staff to ensure the EOP focuses on all components of the employment system.

Human Resources

The Director of Human Resources has the principal responsibility of developing and maintaining the County's personnel system including recruitment, selection, classification, testing, and compensation programs, and for ensuring that these systems are adhered to in accordance with federal and state mandates. Additionally, Department Heads are responsible for:

1. Employees

All County employees are responsible for creating and maintaining a work environment that is conducive to achieving equal employment opportunities and that is free of any form of discrimination or harassment and being aware of and understanding the County's policies and procedures that prohibit discrimination in the workplace.

CHAPTER 6: IDENTIFICATION OF PROBLEM AREAS

41 C.F.R. § 60-2.17(b)

On an annual basis, information pertaining to recruitment and selection practices, transfer and promotion practices, termination practices, and personnel actions (i.e. an analysis of applicant flow, new hires, promotions, reclassifications and separations) is reviewed to identify potential underutilization within the County. The Equal Opportunity Officer, Director of Human Resources and appropriate management personnel will be advised of potential underutilization and specific objectives recommended to address and remedy them as needed.

The County used the Any Difference rule to identify underutilization. The Any Difference Rule is defined as; underutilization exists if there is any difference between the availability of minorities or women, compared to their percentages in the County's actual workforce availability.

The County has identified job groups in which underutilization for women and minorities exist. Underutilization is defined as "having fewer minorities and/or females in a particular job group that would be reasonably expected by their availability in the relevant job market". The County is underutilized for minorities in 4 of the 20 Job Groups. They are Job Group 01 - Management II, Job Group 03 - Professional-Administration Job Group 11 - Law Enforcement II and Job Group 15 - Skilled Craft II. This report can be found in Exhibit 6. For women the County is underutilized in 10 of the 20 Job Groups. They are Job Group 01 - Management II, Job Group 02 - Management I, Job Group 06 - Professionals Land Use, Job Group 10 - Professional – Health, Nurses, Job Group 11 - Law Enforcement II, Job Group 12 - Law Enforcement I, Job Group 13 - Paraprofessionals- Tech II, Job Group 15 - Skilled Craft II and Job Group 16 - Skilled Craft I, Job Group 19 - Service Maintenance II. This report can be found in Exhibit 6.

In each case where potential underutilization has been identified, affirmative steps, as appropriate, will be taken consistent with the action-oriented programs described in Chapter 7 of this Plan.

Areas of underutilization will be analyzed by the Equal Opportunity Officer each year and will be communicated annually to the Human Resources Department. The information will be shared with departments to encourage them to consider a diverse pool of candidates during the screening and referral process.

41 C.F.R. § 60-2.17(b)(1): Workforce by Organizational Unit and Job Group

An analysis of minority and female distribution within each organizational unit was accomplished by a thorough investigation of the Workforce analysis. Exhibit 2 includes the Workforce Analysis by organizational unit.

An analysis of minority and female utilization within each job group was accomplished by a thorough investigation of the Comparison of Incumbency to Availability and Placement Goals reports. See Exhibit 6 for a copy of the Comparison of Incumbency to Availability reports for each job group.

41 C.F.R. § 60-2.17(b)(2): Personnel Activity

Applicant flow, hires, promotions, and terminations were analyzed by job group. An analysis of selection disparities in personnel activity between men/women and whites/minorities was accomplished by a thorough examination of transaction data. In order to avoid meaningless results, Impact Ratio Analyses were conducted only if there are at least 5+ transactions that occurred in a job group. Exhibit 7 includes the Personnel Transaction reports for each job group.

CHAPTER 7: ACTION-ORIENTED PROGRAMS
41 C.F.R. § 60-2.17(c)

The County tailors our action-oriented programs each year to ensure they are specific to the problem identified. Corrective actions were taken only when the underutilization equaled at least one whole person.

Action-Oriented Program:

The Action-Oriented Program is designed to address the underutilization of women and minorities are listed below. These Action-Oriented Programs will be carried-out throughout the EOP year. The Equal Opportunity Officer, with the help of the County Administrative Officer, Director of Human Resources, Department Heads and managers, will be responsible in ensuring that the following are implemented.

13. Where underutilization is present, departments shall explore the potential use of the trainee status prior to conducting recruitment to determine if it would be expected to produce a more diverse candidate pool. The use of the trainee status shall be in compliance with the elements outlined in the County's Personnel Policies and Practices Resolution.
14. List with the California Employment Development Department all job openings of three days or more.

Whenever the County applies physical or mental qualification standards, in the selection of applicants or employees, Human Resources will conduct a review of the class specification to be certain that the qualification standards are job-related and consistent with business necessity.
2. Human Resources will ensure that job classifications are continually reviewed to determine the knowledge, skills, abilities, and other requirements are current. Job classifications will not contain any requirements that would result in discrimination based on race, color, religion, sex, age, national origin, disability, veteran status, or other characteristics protected by law.

The County suspended its program as a cost reduction measure. However, the County is committed to re-establishing the program or an effective alternative when financially

feasible.

Separations and Terminations

1. Departments will use the County's Progressive Discipline Model before terminating employees, where appropriate. All employees are made aware of the County's discipline process. CHAPTER 8: INTERNAL AUDIT AND REPORTING

41 C.F.R. § 60-2.17(d)

The purpose of the internal audit and reporting system is to measure results by assessing the effectiveness of the efforts undertaken to achieve the County's goals and objectives. The maintenance of records on applicants, employees, personnel actions, and programmatic activities is necessary for this assessment.

Inherent in the EOP is the need for periodic self-assessment of underutilization, corrective action taken, and progress made. Self-evaluation requires complex record keeping systems on applicants, employees, and components of the EOP itself. Periodic reports from supervisors, department managers, and other relevant persons are required.

The objective of all record keeping systems to be implemented is to assess the results of past actions, trends, the appropriateness of goals and objectives, the appropriateness and relevancy of identified solutions to problems, and the adequacy of the Plan as a whole. In addition, a further objective is to identify the proper corrective actions to be made to all components.

In order to fully achieve the objectives of such a record keeping system, the results of it must lead to follow-up through feedback to managers, supervisors, and staff, through reallocation of resources, through modifications to plans and the record keeping system itself, through appropriate recognition of personal achievements as well as punitive actions for discriminatory acts. For any identified deficiencies, appropriate corrective action will be identified and implemented.

The records that are maintained are the basis for updating the EOP, including revising the availability data and establishing annual numerical goals. The internal audit and reporting system is used as the basis for evaluating systemic, results-oriented programs and affirmative action efforts.

The County's auditing and reporting system periodically measures the effectiveness of its total equal employment opportunity program. The Equal Opportunity Officer:

1. Monitors records of all personnel activity, including referrals, placements, transfers, promotions, terminations, and compensation, at all levels to ensure the non-discriminatory policy is carried out;
2. Requires internal reporting on a scheduled basis as to the degree to which equal employment opportunity and organizational objectives are attained;
3. Reviews report results with all levels of management; and
4. Advises top management of program effectiveness and submit recommendations to improve unsatisfactory performance.

In order to audit the effectiveness and EOP, the following steps will be taken:

1. The Equal Opportunity Officer in conjunction with the Director of Human Resources will monitor records of all personnel activity, including but not limited to applicant flow, hires, transfers, promotions, terminations, layoffs and compensation to ensure the County's non-discriminatory policies are carried out.

The Director of Human Resources shall submit data, by County department and County-wide, to the Equal Opportunity Officer for review, including but not limited to the following:

- a. **Applicant Flow** - Reports that document the number of applicants for employment, interviewees, and new hires to assess overall applicant pool diversity by gender and ethnicity and to assess overall equity of the employment decisions in the recruitment and selection process
 - b. **Recruitment and Selection** - Reports that contain applicant data in selection decisions, including copies of recruitment plans that document special activities designed to increase the representation of women and minorities in the applicant pool
 - c. **Periodic Review** - Periodically, the Director of Human Resources and the Equal Opportunity Officer shall review and may jointly adjust the job groupings, to assure that groupings and job categories are in line with, and appropriate to, the criteria, goals and objectives specified in this Plan
 - d. **Promotions and Demotions** - Reports that contain data on promotions into and demotions out of job groups by gender and ethnicity
 - e. **Separations** - Reports that contain data on separations, by type, and by gender and ethnicity
 - f. **Corrective Actions** - Reports that contain data on corrective actions other than terminations by gender and ethnicity
2. The Equal Opportunity Officer will advise Department Heads (Elected and Appointed) of program effectiveness and submit recommendations to improve unsatisfactory performance, where needed.
 - a. Copies shall be furnished to the County Administrative Officer and the Director of Human Resources.
 3. Non-Statistical Objectives. Progress in non-statistical aspects of the EOP, such as policy dissemination, training in equal opportunity policies and procedures, and corrective action, will be summarized and reviewed on a semiannual basis by the Equal Opportunity Officer and the Director of Human Resources.
 4. Meetings and Reports.

a. Every County Department will annually submit to the Equal Opportunity Office their Department's Equal Opportunity Plan. The Plan shall include the following:

- Department's Equal Opportunity Policy Statement – The policy statement should outline the department's commitment to the principles of equal employment opportunity. The policy statement should also prescribe procedures for employees and applicants for employment to redress complaints of discrimination.

- Analysis of Progress – The analysis of progress is a comparison of incumbency to placement goals as provided in the County's Equal Opportunity Plan.

- Discrimination Complaints Filed – Number of discrimination complaints filed in the department for the prior year.

The report shall be augmented by their recommendations as well as those of the Equal Opportunity Advisory Commission and interested citizens groups, addressing underutilization. This report shall be submitted to the County Administrative Officer and County Board of Supervisors as soon as practicable of

each year.

- d. Upon its review, and after consideration of the comments and/or recommendations made, the Board of Supervisors may in its discretion require that the EOP's goals and objectives, as well as the annual Department Equal Opportunity plans be reviewed and/or revised in accordance with particular priorities set by the Board of Supervisors, or to deal appropriately with identified underutilization in the County's EOP's progress. The Board shall consider the fiscal implications of any such action.

Each Department Head is required to submit a annual report to the Equal Opportunity Officer using a format disseminated by the Equal Opportunity Office. The Equal Opportunity Officer advises appointing authorities of program effectiveness and recommends improvements at least once annually.

It is the policy of the County of Monterey to provide equal employment opportunity and advancement to disabled veterans, other veterans, and persons with disabilities at all levels of employment, including the executive level. The Equal Opportunity and Non-Discrimination Policy is in Exhibit 8. The County of Monterey does not and will not discriminate against any applicant or employee because he or she is a disabled veteran, other veterans, or because of a physical or mental disability in regard to any position for which the applicant or employee is qualified. "Covered Veterans" includes veterans with disabilities, recently separated veterans, Vietnam era veterans, veterans who served on active duty in the U.S. Military, Ground, Naval or Air Services during a war or campaign or expedition for which a campaign badge has authorized, or Armed Forces service medal veterans.

In addition, the County of Monterey is committed to a policy of taking affirmative steps to employ and advance in employment qualified disabled veterans, other veterans, and individuals with disabilities. Such affirmative steps shall apply to all employment practices, including, but not limited to hiring, promotion, demotion or transfer, recruitment, recruitment advertising, layoff or termination, compensation and selection for training. Employment decisions shall be based on merit, qualifications and abilities to perform the essential functions of the position and the feasibility of any necessary job accommodation. The County of Monterey will make every effort to provide reasonable accommodations to any physical and mental limitations of individuals with disabilities and to disabled veterans. The Equal Opportunity for Persons with Disabilities and Reasonable Accommodation Policy is in Exhibit 9.

The County of Monterey makes every effort to engage in an interactive process and to provide reasonable accommodations to any physical and mental limitations of individuals with disabilities and to disabled veterans. In addition, the County has a policy to ensure that covered veterans and employees with disabilities are not harassed.

Our obligations in this area stem from not only adherence to various state and federal regulations, but also from our commitment as an employer in this community to provide job opportunities to disabled veterans, other veterans, and persons with disabilities.

CHAPTER B: REVIEW OF PERSONNEL PROCESSES
41 C.F.R. §§ 60-250.44(b); 60-741.44(b)

To ensure that all personnel activities are conducted in a job-related manner which provides and promotes equal employment opportunity for all known covered veterans and employees and applicants with disabilities, reviews are periodically made of the County's examination and selection methods to identify barriers to employment, training, and promotion.

- 1) The County of Monterey periodically conducts a review of its employment processes to insure thorough and systematic consideration of the job qualifications of known covered veteran applicants and employees and applicants and employees with disabilities for job vacancies filled either by external hiring or internal promotions/transfers, as well as for all training opportunities available. In order to determine whether an individual is qualified for a particular job, a close examination of the content of the job is made, as well as a review of the job qualifications of known disabled veterans, other veterans, and individuals with disabilities, both applicants and employees. In determining the qualifications of a covered veteran, consideration is given only to that portion of the military record, including discharge papers, relevant to the job qualifications for which the veteran is being considered.

- 2) The County ensures that its personnel processes do not stereotype disabled persons or other veterans in a manner which limits their access to jobs for which they are qualified.

CHAPTER C: PHYSICAL AND MENTAL QUALIFICATIONS

Schedule for Review: Any previously reviewed classification will be reviewed again if there is a change in working conditions which affects the job's physical or mental requirements (e.g., new requirements, new equipment, etc.)

**CHAPTER D: REASONABLE ACCOMMODATION TO PHYSICAL AND MENTAL
LIMITATIONS**

41 C.F.R §§ 60-250.44(d); 60-741.44(d)

The County will make every effort to provide reasonable accommodations to physical and mental limitations of applicants and employees with disabilities or who are disabled veterans unless it can demonstrate that the accommodations would impose an undue hardship on the operation of business. The County will confidentially review performance issues of employees with known disabilities to determine whether a reasonable accommodation is needed when: 1) the employee is having significant difficulty with job performance, and 2) it is reasonable to conclude that the problem is related to the known disability. The Equal Opportunity for Persons with Disabilities and Reasonable Accommodation Policy is in Exhibit 9.
