Upon consensus the Board:

- a. Received a presentation from Department of Emergency Management and partners, concerning the MOSS 300 site clean-up at the Moss Landing Battery Energy Storage System facility; and
- b. Provided direction to staff, as appropriate, in trying to make sure that the EPA is providing the information that's being requested, that the reports that are coming out are answering the questions, that are being asked by our residents, that the information is being translated in ways that are understandable, and consumable. Also, how are the resident's concerns being reconciled. Staff is to reach out to Dr. Aiello again for his data

PASSED AND ADOPTED on this 18<sup>th</sup> day of November 2025, by roll call vote:
