SUMMARY:

Over the last five (5) years, the County of Monterey's Resource Management Agency (RMA) has established several on-call agreements by prequalifying professional firms in specialized fields. The purpose of having on-call consultants is to expedite the procurement process when needing specialized expertise from a professional firm when County staff lacks the expertise or when the volume of work exceeds RMA's capacity. These on-call agreements are utilized across the RMA, and at times used by other County Departments, for specialized expertise in professional architectural design services and construction management for specific facility and capital projects.

DISCUSSION:

Kasavan Architects, Inc. was selected for its expertise and capabilities necessary to provide on-call services under \$100,000 for architectural and engineering design services for various projects located in Monterey County, California under a competitive selection process in accordance with County

policies under Request for Qualifications (RFQ) #10455.

The RMA has identified a need for Kasavan Architects, Inc. to continue to provide services associated with on-call architectural and engineering design services to assist Architectural Services staff in areas related to professional design services related to capital projects.

Amendment No. 2 to the Agreement between the County and Kasavan Architects, Inc. will update the Fee Schedule; increase the not to exceed amount of \$100,000 by \$100,000 for a total amount not to exceed \$200,000; and extend the expiration date from March 7, 2018 for one (1) additional year through March 7, 2019.

Attachment D provides a summary of the Agreement to date. Attachment E provides a summary of the annual expenditures and ending balance (as of September 26, 2017) of the Agreement to date.
