RECITALS

WHEREAS, the Records Retention Schedule (hereafter "Schedule"), for the Emergency Communications Department attached hereto as Exhibit A and incorporated herein by reference, sets forth retention periods for the records of the Emergency Communications Department;

WHEREAS, California Government Code section 26201 provides that the Board of Supervisors may authorize at any time the destruction or disposition of any duplicate record, paper, or document, the original or permanent photographic reproduction of which is in the files of any officer or department of the County;

WHEREAS, California Government Code section 26202 provides that the Board of Supervisors may authorize the destruction or disposition of any record, paper or document which is more than two years old, which was prepared or received pursuant to state statute or county charter, and which is not expressly required by law to be filed and preserved if the board determines by four-fifths (4/5) vote that the retention of any such record, paper or document is no longer necessary or required for county purposes. Such records, papers or documents need not be photographed, reproduced or microfilmed prior to destruction and no copy thereof need be retained;

WHEREAS, California Government Code section 26205 provides that the Board of Supervisors may authorize the destruction of any record, paper, or document that is not expressly required by law to be filed and preserved if all of the following conditions are complied with:

(a) The record, paper, or document is photographed, micro-photographed, reproduced by electronically recorded video images on magnetic surfaces, recorded in the electronic data processing system, recorded on optical disk, or reproduced on film or any other medium that is a trusted system and that does not permit additions, deletions, or changes to the original document and is produced in compliance with Section 12168.7 for recording of permanent records or nonpermanent records.

(b) The device used to reproduce the record, paper, or document on film, optical disk, or any other medium is one that accurately reproduces the original thereof in all details and which does not permit additions, deletions, or changes to the original document images.

(c) The photographs, microphotographs, electronically recorded video images on magnetic surfaces, records in the electronic data processing system, records recorded on optical disk, or other reproductions on film or any other medium are placed in conveniently accessible files and provision is made for preserving, examining, and using the files;

WHEREAS, California Government Code section 26205.1 provides that the Board of Supervisors may adopt a resolution authorizing a county officer having custody of non-judicial public records, documents, instruments, books, and papers to destroy such records if the records prepared or received other than pursuant to a state statute or county charter and are not expressly required by law to be filed and preserved;

WHEREAS, Monterey County Board of Supervisors approved and adopted the County of Monterey Records Management Policy on July 1, 2014 which included a cross departmental records retention schedule;

WHEREAS, the retention periods set forth in the Schedule meet or exceed the retention periods required by state law;

WHEREAS, the Schedule is beneficial and serves the public welfare because it establishes uniform standards for management of records; saves office and storage space by allowing the destructions of records that are no longer necessary or required for County purposes; and protects and preserves records of legal, historical, research, and informational value for future reference; and

WHEREAS, the Board of Supervisors finds that the Emergency Communications Department records whose destruction is hereby authorized are records that meet one or more of the following criteria: are duplicates of original records kept by other agencies; are not records prepared or received pursuant to state law; are records for which any statutorily-required minimum retention period has been satisfied; are records not expressly required by law to be filed and preserved by the Emergency Communications Department; or are records that, if prepared or received pursuant to a state statute, are not expressly required by law to be filed and preserved and will no longer be necessary or required for County purposes after the retention period prescribed in the Schedule.
