SECTION 6. TECHNOLOGY FEE

Technology Surcharge Fee: All RMA-Planning fees for the processing of land use permits and entitlements and related fees as set forth in Article IX of the Monterey County Master Fee resolution for period of July 1, 2008 through June 30, 2016 shall include an additional four percent surcharge for the purchase and maintenance of information system technologies.

SECTION 7. RECORDATION FEE

The applicant for a discretionary land use development permit, use permit, construction permit, Williamson Act agreement, Mills Act contract, lot line adjustment, and/or any procedure that requires processing through RMA-Planning and includes recording/filing of a document with the Monterey County Recorder shall, in addition to the payment of any and all other County and/or RMA-Planning fees, be required to pay any and all

applicable standard recording/filing fees no later than the time of the recording/filing of that document. The payment of the applicable recording/filing fee shall be required whether or not the document is processed on behalf of the applicant by an employee of the County of Monterey (e.g., RMA-Planning staff or Clerk of the Board) or is processed by the applicant. Failure to ensure full payment of such recording/filing fee by the time of the recording/filing shall be grounds for rejection of the recording/filing of that document with no liability to the County.

Notes:

- 1) RMA-Planning fees are based on an hourly rate of \$175.20 (in FY 2015-16), representing a weighted blend of the fully burdened labor rate for the Director, Assistant Director, Planning Services Manager, Project Planner, and support staff. A flat fee is based on the estimated reasonable cost, averaged across all applications, of processing the permit/entitlement for which the fee is charged. On matters for which a deposit is required, fees will be based on actual time in quarter hour (.25) increments multiplied by the hourly rate representing actual hours worked by the project planner and other staff. The applicant is required to pay the indicated deposit and will be billed subsequently if the deposit is insufficient to cover actual processing time. On deposit matters, applicant and Director of Planning may elect, on a case-by-case basis, to agree to a different deposit amount based on the estimated actual cost of processing a specific application.
- 2) Fees for Combined Development Permits under Chapter 21.76 of Title 21 and Chapter 20.70 of Title 20 shall be 85% of the total combined permit fees.
- 3) In the coastal zone, the appeal fee applies only to appeals of permits that are not appealable to the California Coastal Commission such as Administrative Permits, Design Approvals, Variances and Tree Removal Permits in certain coastal areas. The appeal fee does not apply to appeals of Coastal Development Permits that are appealable to the Coastal Commission. The Appeal Fee is based upon the fee adopted by the Board of Supervisors on May 7, 2013 which sets the fee substantially lower than the actual cost. The Appeal Fee is subsidized by the County General Fund.
- 4) "Extraordinary development applications" are those applications which will require staff time well beyond the typical application, as determined by the Director of Planning. These applications may include, by way of example and without limitation, applications for large scale development involving multiple discretionary entitlements, significant technical review by other land use agencies, and/or an anticipated lengthy time frame for processing because of their scope and complexity. Consistent with these criteria, any project requiring the preparation of an EIR shall qualify as an extraordinary development application. The amount paid to the County is for staff costs. The County may utilize a consultant, whose expenses shall be fully funded by the project applicant.
- 5) Fees collected for application appointments (Section 2.A.2) and Development Review Conferences (Section 2.A.7) shall be credited against any subsequent discretionary permit, except design approval, provided the discretionary permit application is made within 6 months of the application appointment.
- 6) This fee shall not apply to an application for the first Building Permit following approval of a discretionary planning entitlement, except Design Approvals.
- 7) A General Plan Implementation fee of 3% of the total permit fee charged to the applicant is required for all permits covered under this article except for the following: Application Requests, Appeals, Appeals of Administrative Determinations, Appeals of Fee Determinations, and Landscape Review.

- 8) **RESERVED.**
- 9) The deposit paid to the County for staff costs as identified in the Funding or Reimbursement Agreement between the County and the Applicant. Staff costs shall be reimbursed as part of an Extraordinary Development Application as noted in #4 above.
- 10) Projects approved after the effective date of this article with mitigation measures shall be subject to the mitigation monitoring fees set forth in this Article. Projects approved prior to the effective date of this article with mitigation measures shall be subject to the mitigation monitoring fees set forth in the County Fee Resolution that was in effect on the project approval date.
- 11) Unless a "deposit" is indicated, the fee is a flat fee based on the estimated reasonable cost, averaged across all applications, of processing the permit/entitlement/activity for which the fee is charged. For certain matters, a "deposit" is indicated because the cost of processing varies widely depending on the particular application. Where a "deposit" is indicated, the fee will be based on actual cost, measured by actual time spent on a particular application in quarter hour (.25) increments. Applicant is required to pay the deposit, which is based on an estimate of minimum cost, and to increase the deposit if, in the course of processing the application, County determines that the deposit is insufficient to cover actual processing time. The fee will be calculated at full cost recovery when the project is complete.
- 12) A Technology fee of 4% of the planning permit fee is required for all permits covered under this article except for the following: Application Requests, Appeals, Appeals of Administrative Determinations, Appeals of Fee Determinations, and Landscape Review. This fee begins July 1, 2008 and will only be in effect until June 30, 2016.
- 13) Fees collected for parcel legality determinations (Section 1.B.9) shall be credited against any subsequent Certificate of Compliance application for the same requested property (same legal description).
- 14) These fees shall apply, in lieu of other condition compliance fees set forth in this Article, to any permit approved after the effective date of this article that incorporates mitigation measures, such as permits that required adoption of a Mitigated Negative Declaration, certification of an EIR, or carryover of mitigation measures from a previously adopted/certified environmental document. If these fees apply, the other condition compliance fees set forth in this Article do not apply. Projects approved after the effective date of this article with mitigation measures shall be subject to the mitigation monitoring fees set forth in this Article. Projects approved prior to the effective date of this article with mitigation measures shall be subject to the mitigation monitoring fees set forth in the County Fee Resolution that was in effect on the project approval date.

Notes:

¹ Unless otherwise noted, RMA-Public Works fees are based on an hourly rate of \$186.00 (in FY 2013-14), representing a weighted blend of the fully burdened labor rate for the Director, Assistant Director, Community Development staff, and support staff. A flat fee is based on the estimated reasonable cost, averaged across all applications, of processing the permit/entitlement for which the fee is charged. On matters for which a deposit is required, fees will be based on actual time multiplied by the hourly rate representing actual hours worked by Public Works staff. The applicant is required to pay the indicated deposit and will be billed subsequently if the deposit is insufficient to cover actual processing time. On

deposit matters, applicant and RMA-Public Works may elect, on a case-by-case basis, to agree to a different deposit amount based on the estimated actual cost of processing a specific application.

- ² In the coastal zone, the appeal fee applies only to appeals of permits that are not appealable to the California Coastal Commission such as Administrative Permits, Design Approvals, Variances and Tree Removal Permits in certain coastal areas. The appeal fee does not apply to appeals of Coastal Development Permits that are appealable to the Coastal Commission.
- ³ “Extraordinary development applications” are those applications which will require staff time well beyond the typical application, as determined by the Director of Planning. These applications may include, by way of example and without limitation, applications for large scale development involving multiple discretionary entitlements, significant technical review by other land use agencies, and/or an anticipated lengthy time frame for processing because of their scope and complexity. Consistent with these criteria, any project requiring the preparation of an EIR shall qualify as an extraordinary development application. The amount paid to the County for staff costs. The County may utilize a consultant, whose expenses shall be fully funded by the project applicant as identified in the Funding Agreement between the County and the Applicant.
- ⁴ The deposit paid to the County for staff costs as identified in the Funding or Reimbursement Agreement between the County and the Applicant. Staff costs shall be reimbursed as part of an Extraordinary Development Application as noted in #3 above.
- ⁵ These fees shall apply, in lieu of other condition compliance fees set forth in this Article, to any permit approved after the effective date of this article that incorporates mitigation measures, such as permits that required adoption of a Mitigated Negative Declaration, certification of an EIR, or carryover of mitigation measures from a previously adopted/certified environmental document. If these fees apply, the other condition compliance fees set forth in this Article do not apply. Projects approved after the effective date of this article with mitigation measures shall be subject to the mitigation monitoring fees set forth in this Article. Projects approved prior to the effective date of this article with mitigation measures shall be subject to the mitigation monitoring fees set forth in the County Fee Resolution that was in effect on the project approval date.
- ⁶ Fees collected for Development Review Conferences (Section 2) shall be credited against any subsequent discretionary permit, except design approval, provided the discretionary permit application is made within 6 months of the application appointment.
- ⁷ Per Section 8773.2 of the State of California Business and Professions Code, fees for Corner Records are based on recording fees of the County Recorder. Corner Record fees may be adjusted to reflect adjustments in Recorder’s fees and/or State code.
- ⁸ The condition compliance fee shall be collected after project approval and after all administrative appeals have been exhausted, based on the fee in effect at the time of collection, to cover the cost of staff time monitoring condition compliance. For projects requiring maps, map checking will be included with condition compliance. If the permit incorporates mitigation measures, such as permits that required adoption of a Mitigated Negative Declaration, certification of an EIR, or carryover of mitigation measures from a previously adopted/certified environmental document, the condition compliance fees that apply are the fees set forth under the category “Mitigation Monitoring and Condition Compliance for Projects with Mitigation Measures.” Those fees are based on actual time

spent on monitoring condition compliance and require a deposit. Additionally, project applications whose application fees were based on actual time, rather than flat fee, will continue to be subject to fees based on actual time for condition compliance, and the County may require an additional deposit for condition compliance. For all other projects, the fee for condition compliance is as indicated in the fee schedule. Where the applicable condition compliance fee is a flat fee, it is based on the estimated reasonable cost of staff time for monitoring condition compliance. Because such flat fees represent an average across all similar permits, such flat fee shall be required of all permits having at least one condition of approval, regardless of the total number of conditions and regardless of the land use department or agency that originated the condition.

- 9 RMA-Public Works - Encroachment fees represent a weighted blend of the fully burdened labor rate for Community Development staff, Encroachment inspectors and staff, and support staff. A flat fee is based on the estimated reasonable cost, averaged across all applications, of processing the permit and inspecting the work for which the fee is charged. On matters for which a deposit is required, applicant and RMA-Public Works may elect, on a case-by-case basis, to agree to a deposit amount based on the estimated actual cost of processing a specific application.
- 10 Minimum Application Fee is \$300.00 per sign. If more than one sign is requested, additional staff time will be required for processing, and additional fees will be required as determined by the Director of Public Works.

**ARTICLE XVII
COUNTY COUNSEL FEES**

(Per Resolution No. 08-132, adopted April 22, 2008 by the Monterey County Board of Supervisors, Resolution No. 13-143, adopted May 7, 2013 by the Monterey County Board of Supervisors, Resolution No. 14-0421, adopted February 25, 2014 by the Monterey County Board of Supervisors, and Resolution No. 15-XXX adopted _____, 2015 by the Monterey County Board of Supervisors)

SECTION 1. LAND USE FEES.

A. Fees for Processing Various Land Use Permits Established in Monterey County Code, Title 20 (Coastal Implementation Plan) and Title 21 (Non-coastal Zoning Ordinance) and Related Planning Services (Government Code §§ 65104, 65909.5, 66014)

<u>DESCRIPTION</u>	<u>AMOUNT</u> ¹	<u>UNIT/TIME</u>
Administrative Permit—General		
1. Application fee	\$159.00	Each
2. Condition Compliance fee	\$53.00	Permit
Administrative Permit—Signs	\$159.00	Each

¹ Unless noted otherwise, County Counsel fees are based on an hourly rate of \$212.00, representing a weighted blend, rounded to the nearest dollar, of the fully burdened labor rate for the Senior Deputy County Counsel and Deputy County Counsel IV, Step 7 job classifications as of July 1, 2015. Where indicated in this Article, fees have been separated into an application fee and a condition compliance fee. Unless a “deposit” is indicated, the application fee is a fixed, one-time fee based on the estimated reasonable cost, averaged across all applications, of processing the permit/entitlement for which the fee is charged. On matters for which a deposit is required, fees will be based on actual time multiplied by the hourly fully burdened labor rate of the individual providing the service; applicant is required to pay the indicated deposit and will be billed subsequently if the deposit is insufficient to cover actual processing time. The deposit for County Counsel time on such matters shall generally be the deposit required on Extraordinary Development Applications; however, on deposit matters, applicant and County Counsel may elect, on a case-by-case basis, to agree to a different deposit amount based on the estimated actual cost of processing a specific application. County Counsel time providing advice to the Board of Supervisors and Planning Commission or prosecuting or defending litigation is not incorporated into the fee calculations.

The condition compliance fee shall be collected after project approval and after all administrative appeals have been exhausted, based on the fee in effect at the time of collection, to cover the cost of staff time monitoring condition compliance. If the permit incorporates mitigation measures, such as permits that required adoption of a Mitigated Negative Declaration, certification of an EIR, or carryover of mitigation measures from a previously adopted/certified environmental document, the condition compliance fees that apply are the fees set forth under the category “Mitigation Monitoring and Condition Compliance For Projects with Mitigation Measures.” Those fees are based on actual time spent on monitoring condition compliance and require a deposit. Additionally, project applications whose application fees were based on actual time, rather than flat fee, will continue to be subject to fees based on actual time for condition compliance, and the County may require an additional deposit for condition compliance. For all other projects, the fee for condition compliance is as indicated in the fee schedule. Where the applicable condition compliance fee is a flat fee, it is based on the estimated reasonable cost of staff time for monitoring condition compliance. Because such flat fees represent an average across all similar permits, such flat fee shall be required of all permits having at least one condition of approval, regardless of the total number of conditions and regardless of the land use department or agency that originated the condition.

² The appeal fee applies to appeals of decisions or project applications in the non-coastal areas of the County. In the coastal zone, the appeal fee applies only to appeals of permits that are not appealable to the California Coastal Commission such as most Administrative Permits, Design Approvals, Variances, and Use Permits for Tree Removal in certain coastal areas. County Counsel’s appeal fee is based upon the fee adopted by the Board of Supervisors on May 7, 2013, rounded down, which sets the fee substantially lower than actual cost. The appeal fee is subsidized by the County General Fund..

³ This appeal fee applies to appeals of administrative interpretations of the zoning or subdivision ordinance, regardless of planning area. County Counsel’s appeal fee is based upon the fee adopted by the Board of Supervisors on May 7, 2013, rounded down, which sets the fee substantially lower than actual cost. The appeal fee is subsidized by the County General Fund..

⁴ This appeal fee is based upon the fee adopted by the Board of Supervisors on May 7, 2013, rounded down, which sets the fee substantially lower than actual cost. The appeal fee is subsidized by the County General Fund.

<u>DESCRIPTION</u>	<u>AMOUNT</u>	<u>UNIT/TIME</u>
1. Code Enforcement Activities	\$164.00	Hour

Notes:

- 1) RMA-Environmental Services fees are based on an hourly rate of \$164.00, representing a weighted blend of the fully burdened labor rate for a Senior Water Resources Hydrologist, Civil Engineer, Water Resources Hydrologist, and Grading Inspector. The application and condition compliance fees are included in the total. A flat fee is based on the estimated reasonable cost, averaged across all applications, of processing the permit/entitlement for which the fee is charged. On matters for which a deposit is required, fees will be based on actual time in quarter hour (.25) increments multiplied by the hourly rate representing actual hours worked by staff. The applicant is required to pay the indicated deposit and will be billed subsequently if the deposit is insufficient to cover actual processing time. On deposit matters, applicant and Director of Planning may elect, on a case-by-case basis, to agree to a different deposit amount based on the estimated actual cost of processing a specific application. Some fees have been rounded to the nearest dollar.
- 2) Fees for Combined Development Permits under Chapter 21.76 of Title 21 and Chapter 20.70 of Title 20 shall be 85% of the total combined permit application fees.
- 3) In the coastal zone, the appeal fee applies only to appeals of permits that are not appealable to the California Coastal Commission such as Administrative Permits, Design Approvals, Variances and Tree Removal Permits in certain coastal areas. The appeal fee does not apply to appeals of Coastal Development Permits that are appealable to the Coastal Commission.
- 4) "Extraordinary development applications" are those applications which will require staff time well beyond the typical application, as determined by the Director of Planning. These applications may include, by way of example and without limitation, applications for large scale development involving multiple discretionary entitlements, significant technical review by other land use agencies, and/or an anticipated lengthy time frame for processing because of their scope and complexity. Consistent with these criteria, any project requiring the preparation of an EIR shall qualify as an extraordinary development application. The amount paid to the County is for staff costs. The County may utilize a consultant, whose expenses shall be fully funded by the project applicant.
- 5) Fees collected for Development Review Conferences (Section 2.A.1) shall be credited against any subsequent discretionary permit, except design approval, provided the discretionary permit application is made within 6 months of the application appointment.
- 6) This fee shall be reduced by 50% for the first Building Permit and Grading Permit following approval of a discretionary planning entitlement.
- 7) Code Enforcement fees as land use fees will be credited back to RMA-Environmental Services when appropriate.
- 8) The deposit paid to the County for staff costs as identified in the Funding or Reimbursement Agreement between the County and the Applicant. Staff costs shall be reimbursed as part of an Extraordinary Development Application as noted in #4 above.
- 9) **RESERVED.**
- 10) Unless a "deposit" is indicated, the fee is a flat fee based on the estimated reasonable cost, averaged across all applications, of processing the permit/entitlement/activity for which the fee is charged. For certain matters, a "deposit" is indicated because the cost of

processing varies widely depending on the particular application. Where a "deposit" is indicated, the fee will be based on actual cost, measured by actual time spent on a particular application in quarter hour (.25) increments. Applicant is required to pay the deposit, which is based on an estimate of minimum cost, and to increase the deposit if, in the course of processing the application, County determines that the deposit is insufficient to cover actual processing time. The fee will be calculated at full cost recovery when the project is complete. Where there are conflicting deposit amounts, the lower deposit shall apply.

- 11) Building Permit applications that include minor land disturbance may not require an Erosion Control Plan. The fee covers staff time necessary to make the determination that a project is minor and an Erosion Control Plan is not required.
- 12) During the rainy season, October 15th through April 15th, active construction sites in the Carmel Bay Area of Special Biological Significance Watershed Protection Area are required to be inspected weekly. Applicants shall pay inspection fees upon receipt of an invoice from the County, which the County may require periodically during the course of the project. All outstanding inspection fees shall be paid prior to final inspection.
- 13) These fees shall apply, in lieu of other condition compliance fees set forth in this Article, to any permit approved after the effective date of this article that incorporates mitigation measures, such as permits that required adoption of a Mitigated Negative Declaration, certification of an EIR, or carryover of mitigation measures from a previously adopted/certified environmental document. If these fees apply, the other condition compliance fees set forth in this Article do not apply. Projects approved after the effective date of this article with mitigation measures shall be subject to the mitigation monitoring fees set forth in this Article. Projects approved prior to the effective date of this article with mitigation measures shall be subject to the mitigation monitoring fees set forth in the County Fee Resolution that was in effect on the project approval date.

County of Monterey, State of California**

Resolution No. 16-250

A Resolution of the Monterey County Board)
of Supervisors Amending Articles IX, XVII,)
and I.E of the Monterey County Fee)
Resolution to Establish New Fees.....)

WHEREAS, On July 19, 2016, the Monterey County Board of Supervisors adopted an ordinance adding Chapter 7.90 to the Monterey County Code.

WHEREAS, Chapter 7.90 requires commercial medical cannabis operations to obtain an annual permit to conduct commercial medical cannabis activities, including cultivation, dispensaries, manufacturing, testing, transportation, and distribution in accordance with state law.

WHEREAS, State law allows the County, after noticed public hearing, to adopt a resolution to adopt new fees or increase existing fees for processing permits and entitlements, provided the fees do not exceed the estimated reasonable cost of providing the service for which the fee is charged.

WHEREAS, Section 1.40.010 of Chapter 1.40 of the Monterey County Code provides that all fees, penalties, refunds, reimbursements, and charges of any kind collected by the County may be specified in the Monterey County Fee Resolution.

WHEREAS, The purpose of this action is to establish application fees for commercial cannabis permits as created by County ordinance. Per the proposed amendments to the Monterey County Fee Resolution, the commercial cannabis permit fee would be based on actual time spent by staff in the Resource Management Agency (RMA) –Planning, Environmental Health Bureau, and County Counsel processing applications for these permits and would require an upfront deposit.

WHEREAS, The fees established by this resolution cover a portion of the staff cost of processing applications for permits. The fees do not exceed the reasonable or actual costs of performing the services, processing permit applications and associated activities. Any and all newly established fees reflect no more than the actual cost of the service or benefit received by the payor. To the extent that the fees do not result in full cost recovery, the discount does not result in increased charges to other payors; the increased cost will be covered by an increased subsidy from the County General Fund.

WHEREAS, These fees are not a “tax” and are exempt from voter approval under section 1(e)(1)-(3),(5) and (6) of Article XIII C of the California Constitution (Proposition 26, excepting from the definition of “tax” charges imposed for specific benefit conferred/privilege/service or product, and/or reasonable regulatory costs to a local government for issuing permits and the administrative enforcement thereof, fines and penalties and charges for violation of law, and property development charges.) These fees are imposed for a specific government service provided directly to the applicant that is not provided to those not charged, are imposed for the reasonable regulatory costs to the County for issuing permits for property development and the administrative enforcement thereof, and do not exceed the reasonable costs to the County of providing these services.

WHEREAS, This action to modify fees is not a project under the California Environmental Quality Act because it is a governmental funding mechanism which does not involve any commitment to any specific project which may result in a potentially significant physical impact on the environment. (CEQA Guidelines section 15378(b)(4).)

WHEREAS, Said amendments to the fees shall take effect no sooner than 60 days following final action on the adoption of the amendments.

WHEREAS, The Board of Supervisors held a duly noticed public hearing on September 27, 2016 to consider these fee adjustments. Notice of this matter was provided by publication of notices in a newspaper of general circulation in the County and distribution of notice to interested persons, and all testimony from staff and the public has been heard and considered.

NOW, THEREFORE, BE IT RESOLVED by the Monterey County Board of Supervisors as follows:

- a. The foregoing recitals are true and correct.
- b. Articles IX (RMA-Planning), XVII (County Counsel), and I.E (Health Department) of the Monterey County Fee Resolution are hereby amended as shown in Exhibits 1, 2, and 3, attached hereto and incorporated herein by reference, to establish new fees for commercial cannabis permits.
- c. These amendments do not change the other fees set forth in Articles IX, XVII and I.E which remain in full force and effect.
- d. Said amendments to the Articles shall take effect on the sixty-first day following adoption.

PASSED AND ADOPTED upon motion of Supervisor Phillips, seconded by Supervisor Potter carried this 27th day of September 2016, by the following vote, to wit:

AYES: Supervisors Armenta, Phillips, Salinas, Parker and Potter
 NOES: None
 ABSENT: None

**Before the Board of Supervisors in and for the
County of Monterey, State of California**

Resolution No. 16-251

A Resolution of the Monterey County Board of Supervisors amending Article IX of the Monterey County Fee resolution to establish new fees.....)

WHEREAS, On July 19, 2016, the Monterey County Board of Supervisors adopted an ordinance adding Chapter 7.95 to the Monterey County Code.

WHEREAS, Chapter 7.95 requires individuals to obtain an annual personal medical cannabis permit for cultivation of one hundred square feet total canopy area or less of medical marijuana when such cultivation is by a qualified patient for personal medical use or by a primary caregiver exclusively for the personal medical use of no more than five qualified patients.

WHEREAS, State law allows the County, after noticed public hearing, to adopt a resolution to adopt new fees or increase existing fees for processing permits and entitlements, provided the fees do not exceed the estimated reasonable cost of providing the service for which the fee is charged.

WHEREAS, Section 1.40.010 of Chapter 1.40 of the Monterey County Code provides that all fees, penalties, refunds, reimbursements, and charges of any kind collected by the County may be specified in the Monterey County Fee Resolution.

WHEREAS, The purpose of this action is to establish application fees for personal cannabis permits, as created by County ordinance. Per the proposed amendments to the Monterey County Fee Resolution, the personal cannabis permit fee would require a flat fee, covering the estimated reasonable cost of Resource Management Agency (RMA)—Planning Department processing the permit. No fee for renewal is proposed, assuming no violations or change of ownership.

WHEREAS, The fee established by this resolution cover a portion of the staff cost of processing applications for permits. The fee does not exceed the reasonable or actual costs of performing the services, processing permit applications and associated activities. The newly established fee reflects no more than the actual cost of the service or benefit received by the payor. To the extent that the fee does not result in full cost recovery, the discount does not result in increased charges to other payors; the increased cost will be covered by an increased subsidy from the County General Fund.

WHEREAS, The fee is not a "tax" and is exempt from voter approval under section 1(e)(1)-(3),(5) and (6) of Article XIII C of the California Constitution (Proposition 26, excepting from the definition of "tax" charges imposed for specific benefit conferred/privilege/service or product, and/or reasonable regulatory costs to a local government for issuing permits and the administrative enforcement thereof, fines and penalties and charges for violation of law, and property development charges.) The fee is imposed for a specific government service provided directly to the applicant that is not provided to those not charged, is imposed for the reasonable regulatory costs to the County for issuing permits for property development and the administrative

enforcement thereof, and does not exceed the reasonable costs to the County of providing these services.

WHEREAS, This action to modify fees is not a project under the California Environmental Quality Act because it is a governmental funding mechanism which does not involve any commitment to any specific project which may result in a potentially significant physical impact on the environment. (CEQA Guidelines section 15378(b)(4).)

WHEREAS, Said amendment to the fees shall take effect no sooner than 60 days following final action on the adoption of the amendments.

WHEREAS, The Board of Supervisors held a duly noticed public hearing on September 27, 2016 to consider establishment of fees for commercial and personal marijuana permits. Notice of this matter was provided by publication of notices in a newspaper of general circulation in the County and distribution of notice to interested persons, and all testimony from staff and the public has been heard and considered. By separate vote on September 27, 2016, the Board of Supervisors amended Article I.E (Health Department), Article IX (RMA-Planning), and Article XVII (County Counsel) of the Monterey County Fee Resolution to establish fees for commercial marijuana permits.

NOW, THEREFORE, BE IT RESOLVED by the Monterey County Board of Supervisors as follows:

- a. The foregoing recitals are true and correct.
- b. Article IX (RMA-Planning of the Monterey County Fee Resolution is hereby amended as shown in Exhibits 1, attached hereto and incorporated herein by reference, to establish a new fee for personal cannabis permits.
- c. These amendments do not change the other fees set forth in Article IX, as previously adopted by the Board and as amended on September 27, 2016 by separate action, which remain in full force and effect.
- d. Said amendment to the Article shall take effect on the sixty-first day following adoption.

PASSED AND ADOPTED upon motion of Supervisor Phillips, seconded by Supervisor Salinas carried this 27th day of September 2016, by the following vote, to wit:

AYES: Supervisors Armenta, Phillips, Salinas and Potter
