

**NANCY J. SKAGER**

I have lived in Monterey County (Toro Park) 48 years and have raised two sons and worked the majority of the time as a MPUSD School Nurse (28 years). Upon retirement I worked part time for the VNA serving schools in County without school nurses as well as working in clinics giving immunizations.

Volunteer experience has been primarily with the Monterey Bay Aquarium for 14 years, Meals on Wheels and the Girl's Inc. organization. Several years ago I began serving on the CSA No. 15 Advisory Committee.

This is a wonderful place to live, work and volunteer and I would like to continue with ALL of the above!

I graduated from University of Nevada, Reno with a BS in Nursing. I also have my Master's degree from San Jose State University.
