1. To the extent possible, the Government shall design the *Project* in accordance with the Project Management Plan for the *Project* developed and updated as required by the Government after consultation with the Non-Federal Sponsors.

2. To the extent possible, the Government shall afford the Non-Federal Sponsors the opportunity to review and comment on the solicitations for all contracts, including relevant scopes of work, prior to the Government’s issuance of such solicitations. To the extent possible, the Government shall afford the Non-Federal Sponsors the opportunity to review and comment on all proposed contract modifications, including change orders. In any instance where providing the Non-Federal Sponsors with notification of a contract modification is not possible prior to execution of the contract modification, the Government shall provide such notification in writing at the earliest date possible. To the extent possible, the Government also shall afford the Non-Federal Sponsors the opportunity to review and comment on all contract claims prior to resolution thereof. The Government shall consider in good faith the comments of the Non-Federal Sponsors, but the contents of solicitations, award of contracts or commencement of design using the Government’s own forces, execution of contract modifications, resolution of contract claims, and performance of all work on the *Project* shall be exclusively within the control of the Government.

3. At the time the U.S. Army Engineer, San Francisco District (hereinafter the “District Engineer”) furnishes the contractor with the Government’s Written Notice of Acceptance of Completed Work for each contract awarded by the Government for the *Project*, the District Engineer shall furnish a copy thereof to the Non-Federal Sponsors.

4. The Government shall afford the Non-Federal Sponsors the opportunity to review and comment on all design products that are developed by contract or by Government personnel during the *period of design*. The Government shall consider in good faith the comments of the Non-Federal Sponsors, but the final approval of all design products shall be exclusively within the control of the Government.

5. As of the effective date of this Agreement, approximately \$8,125,000 of Federal funds for design have been made available for the *Project*. The Government makes no commitment to request Congress to provide additional Federal funds for the *Project*. Further, the Government's financial participation in the *Project* is limited to the Federal funds that the Government makes available to the *Project*.

B. The Non-Federal Sponsors shall contribute up to 25 percent of *total design costs* in accordance with the provisions of this paragraph.

1. The Non-Federal Sponsors shall provide a lump sum of \$600,000, and may provide additional funds, in accordance with the provisions of Article IV.B. of this Agreement.

2. The Government, subject to the availability of funds, shall refund or reimburse to the Non-Federal Sponsors any contributions in excess of 25 percent of *total design costs* if the Government determines at any time that the collective value of the following contributions has exceeded 25 percent of *total design costs*: (a) the funds provided under paragraph B.1. of this Article; and (b) the value of the Non-Federal Sponsors' contributions under Article III and Article VII of this Agreement.

C. Upon conclusion of the *period of design*, the Government shall conduct an accounting, in accordance with Article IV.C. of this Agreement, and furnish the results to the Non-Federal Sponsors.

D. The Non-Federal Sponsors shall not use *Federal program funds* to meet any of its obligations for the *Project* under this Agreement unless the Federal agency providing the Federal portion of such funds verifies in writing that expenditure of such funds for such purpose is expressly authorized by Federal law.

E. The Non-Federal Sponsors may request the Government to perform or provide, on behalf of the Non-Federal Sponsors, one or more of the services (hereinafter the "additional work") described in this paragraph. Such requests shall be in writing and shall describe the additional work requested to be performed or provided. If in its sole discretion the Government elects to perform or provide the requested additional work or any portion thereof, it shall so notify the Non-Federal Sponsors in a writing that sets forth any applicable terms and conditions, which must be consistent with this Agreement. In the event of conflict between such a writing and this Agreement, this Agreement shall control. The Non-Federal Sponsors shall be solely responsible for all costs of the additional work performed or provided by the Government under this paragraph and shall pay all such costs in accordance with Article IV.D. of this Agreement.

1. Inclusion of *betterments* in the design of the *Project*. In the event the Government elects to include any such *betterments*, the Government shall allocate the costs of designing the features of the *Project* that include *betterments* between *total design costs* and the costs of the additional work.

2. Preparation of a floodplain management plan, required by Section 402 of the Water Resources Development Act of 1986, as amended (33 U.S.C. 701b-12), in connection with design of the flood or hurricane damage reduction features of the *Project*.

F. If the Government and the non-Federal interests enter into a Project Cooperation Agreement for construction of the *Project*, or a separable element thereof, the Government, in accordance with the provisions of this paragraph, shall include the amount of *total design costs* in total project costs for the *Project*, or separable element thereof. Further, the Government, in accordance with the provisions of this paragraph, shall afford credit toward the non-Federal interests' share of total project costs for the *Project*, or separable element thereof, for the Non-Federal Sponsors' contributions toward *total design costs* under this Agreement.

1. If the Government and the non-Federal interests enter into a Project Cooperation Agreement for construction of the entire *Project*, the Government shall include the amount of *total design costs* in total project costs for the *Project*. Further, the Government shall afford credit toward the non-Federal interests' share of total project costs for the Non-Federal Sponsors' contributions toward *total design costs*, including any excess amount determined in accordance with Article IV.C.2. or Article IV.D.3.b. of this Agreement that was not refunded or reimbursed by the Government.

2. If the Government and the non-Federal interests enter into a Project Cooperation Agreement for construction of a separable element of the *Project*, the Government shall determine the portion of *total design costs* that are allocable to such separable element and include such amount in total project costs for such separable element. Further, the Government shall determine the amount of the Non-Federal Sponsors' contributions toward *total design costs*, including any excess amount determined in accordance with Article IV.C.2. or Article IV.D.3.b. of this Agreement that was not refunded or reimbursed by the Government, that are allocable or attributable to such separable element and shall afford credit for such amount toward the non-Federal interests' share of total project costs of such separable element.

3. If the Government and the non-Federal interests do not enter into a Project Cooperation Agreement for construction of the *Project* or a separable element thereof, the Government shall not be obligated to refund or reimburse the Non-Federal Sponsors, in whole or in part, for the Non-Federal Sponsors' lump sum contribution of *total design costs*. Further, refund or reimbursement by the Government for any excess amount determined in accordance with Article IV.C.2. or Article IV.D.3.b. of this Agreement is subject to the availability of funds.

4. Notwithstanding any other provision of Article II.F. of this Agreement, any amount credited for the value of the Non-Federal Sponsors' contributions toward *total design costs* provided in accordance with Articles III and VII of this Agreement shall not be applied

toward the 5 percent cash share required by Section 103(a)(1) (A) of the Water Resources Development Act of 1986, Public Law 99-662, as amended (33 U.S.C. 2213(a)(1)(A)).

G. This Agreement shall not be construed as obligating either party to seek funds for, or to participate in, construction or implementation of the *Project* or a separable element thereof or as relieving the Non-Federal Sponsors of any future obligation under the terms of any Project Cooperation Agreement.

### ARTICLE III - DESIGN COORDINATION TEAM

A. To provide for consistent and effective communication, the Non-Federal Sponsors and the Government, not later than 30 calendar days after the effective date of this Agreement, shall appoint named senior representatives to a Design Coordination Team. Thereafter, the Design Coordination Team shall meet regularly until the end of the *period of design*. The Government's Project Manager and a counterpart named by the Non-Federal Sponsors shall co-chair the Design Coordination Team.

B. The Government's Project Manager and the Non-Federal Sponsors' counterpart shall keep the Design Coordination Team informed of the progress of design and of significant pending issues and actions, and shall seek the views of the Design Coordination Team on matters that the Design Coordination Team generally oversees.

C. Until the end of the *period of design*, the Design Coordination Team shall generally oversee the *Project*, including matters related to: design; completion of all necessary environmental coordination and documentation; scheduling of reports and work products; plans and specifications; real property and relocation requirements for construction of the *Project*; design contract awards and modifications; design contract costs; the Government's cost projections; anticipated requirements and needed capabilities for performance of operation, maintenance, repair, rehabilitation, and replacement of the *Project* including issuance of permits; and other matters related to the *Project*. This oversight of the *Project* shall be consistent with a project management plan developed by the Government after consultation with the Non-Federal Sponsors.

D. The Design Coordination Team may make recommendations to the District Engineer on matters related to the *Project* that the Design Coordination Team generally oversees, including suggestions to avoid potential sources of dispute. The Government in good faith shall consider the recommendations of the Design Coordination Team. The Government, having the legal authority and responsibility for design of the *Project*, has the discretion to accept or reject, in whole or in part, the Design Coordination Team's recommendations.

E. The Non-Federal Sponsors' costs of participation in the Design Coordination Team shall be included in *total design costs* and shared in accordance with the provisions of this Agreement, subject to an audit in accordance with Article VII.C. of this Agreement to determine reasonableness, allocability, and allowability of such costs. The Government's costs of participation in the Design Coordination Team shall be included in *total design costs* and shared in accordance with the provisions of this Agreement.

## ARTICLE IV - METHOD OF PAYMENT

A. In accordance with the provisions of this paragraph, the Government shall maintain current records and provide to the Non-Federal Sponsor current projections of costs, financial obligations, and the contributions provided by the parties.

1. As of the effective date of this Agreement, *total design costs* are projected to be \$13,260,000; the Non-Federal Sponsors' contribution of funds required by Article II.B.1. of this Agreement is projected to be \$600,000; of which Monterey County is providing \$200,000 and Santa Cruz is providing \$400,000. The Government's total financial obligations to be incurred for additional work and the Non-Federal Sponsor's contribution of funds for such costs are required by Article II.E. of this Agreement are projected to be \$0.00. These amounts and percentage are estimates subject to adjustment by the Government, after consultation with the Non-Federal Sponsors, and are not to be construed as the total financial responsibilities of the Government and the Non-Federal Sponsors.

2. By September 2007 and by each quarterly anniversary thereof until the conclusion of the *period of design* and resolution of all relevant claims and appeals, the Government shall provide the Non-Federal Sponsors with a report setting forth all contributions provided to date and the current projections of the following: *total design costs*; the Non-Federal Sponsors' total contribution of funds required by Article II.B.1. of this Agreement and the Government's total financial obligations to be incurred for additional work and the Non-Federal Sponsors' contribution of funds for such costs required by Article II.E. of this Agreement.

B. The Non-Federal Sponsors shall provide the contribution of funds pursuant to Article II.B. of this Agreement in accordance with the provisions of this paragraph.

1. Not later than 30 calendar days after the effective date of this Agreement, the Non-Federal Sponsors shall provide to the Government the sum specified in Article II.B.1. of this Agreement by delivering a check payable to "FAO, USAED, San Francisco District" to the District Engineer, or verifying to the satisfaction of the Government that the Non-Federal Sponsors have deposited such required funds in an escrow or other account acceptable to the Government, with interest accruing to the Non-Federal Sponsors, or by presenting the Government with an irrevocable letter of credit acceptable to the Government for such required funds, or by providing an Electronic Funds Transfer of such required funds in accordance with procedures established by the Government. Pursuant to Article II.B.1 of this Agreement, the Non-Federal Sponsors may provide additional funds by delivering a check payable to "FAO, USAED, San Francisco District" to the District Engineer, or verifying to the satisfaction of the Government that the Non-Federal Sponsors have deposited such required funds in an escrow or other account acceptable to the Government, with interest accruing to the Non-Federal Sponsors, or by presenting the Government with an irrevocable letter of credit acceptable to the Government for such required funds, or by providing an Electronic Funds Transfer of such required funds in accordance with procedures established by the Government.

2. The Government shall draw from the funds provided by the Non-Federal Sponsors such sums as the Government deems necessary to cover the *financial obligations for design* as *financial obligations for design* are incurred.

C. Upon conclusion of the *period of design* and resolution of all relevant claims and appeals, the Government shall conduct a final accounting and furnish the Non-Federal Sponsors with written notice of the results of such final accounting. If outstanding relevant claims and appeals prevent a final accounting from being conducted in a timely manner, the Government shall conduct an interim accounting and furnish the Non-Federal Sponsors with written notice of the results of such interim accounting. Once all outstanding relevant claims and appeals are resolved, the Government shall amend the interim accounting to complete the final accounting and furnish the Non-Federal Sponsors with written notice of the results of such final accounting.

1. The interim or final accounting, as applicable, shall determine *total design costs*. In addition, the interim or final accounting, as applicable, shall determine each party's required share thereof, and each party's total contributions thereto as of the date of such accounting.

2. Should the interim or final accounting, show that the total contributions provided by the Non-Federal Sponsors for *total design costs* exceed 25 percent of *total design costs*, the Government, subject to the availability of funds, shall refund or reimburse the excess amount to the Non-Federal Sponsors within 90 calendar days of the date of completion of such accounting. In the event the Non-Federal Sponsors are due a refund or reimbursement and funds are not available to refund or reimburse the excess amount to the Non-Federal Sponsors, the Government shall seek such appropriations as are necessary to make the refund or reimbursement. If such appropriations are not received or, if the Non-Federal Sponsors requests that the Government not refund or reimburse the excess amount to the Non-Federal Sponsors, the Government shall apply the excess amount toward the share of total project costs for the *Project* that is required of the non-Federal interest executing a Project Cooperation Agreement or agreements for the *Project* or separable element thereof in accordance with Article II.F. of this Agreement.

D. The Non-Federal Sponsors shall provide the contribution of funds required by Article II.E. of this Agreement for additional work in accordance with the provisions of this paragraph.

1. Not less than 30 calendar days prior to the scheduled date for the first financial obligation for additional work, the Government shall notify the Non-Federal Sponsors in writing of such scheduled date and of the full amount of funds the Government determines to be required from the Non-Federal Sponsors to cover the costs of the additional work. No later than 30 calendar days prior to the Government incurring any financial obligation for additional work, the Non-Federal Sponsors shall provide the Government with the full amount of the funds required to cover the costs of such additional work through any of the payment mechanisms specified in paragraph B.1. of this Article.

2. The Government shall draw from the funds provided by the Non-Federal Sponsors such sums as the Government deems necessary to cover the Government's financial

obligations for such additional work as they are incurred. If at any time the Government determines that the Non-Federal Sponsors must provide additional funds to pay for such additional work, the Government shall notify the Non-Federal Sponsors in writing of the additional funds required and provide an explanation of why additional funds are required. Within 30 calendar days from receipt of such notice, the Non-Federal Sponsors shall provide the Government with the full amount of such additional required funds through any of the payment mechanisms specified in paragraph B.1. of this Article.

3. At the time the Government conducts the interim or final accounting, as applicable, the Government shall conduct an accounting of the Government's financial obligations for additional work incurred and furnish the Non-Federal Sponsors with written notice of the results of such accounting. If outstanding relevant claims and appeals prevent a final accounting of additional work from being conducted in a timely manner, the Government shall conduct an interim accounting of additional work and furnish the Non-Federal Sponsors with written notice of the results of such interim accounting. Once all outstanding relevant claims and appeals are resolved, the Government shall amend the interim accounting of additional work to complete the final accounting of additional work and furnish the Non-Federal Sponsors with written notice of the results of such final accounting. Such interim or final accounting, as applicable, shall determine the Government's total financial obligations for additional work and the Non-Federal Sponsors' contribution of funds provided thereto as of the date of such accounting.

a. Should the interim or final accounting, as applicable, show that the total obligations for additional work exceed the total contribution of funds provided by the Non-Federal Sponsors for such additional work, the Non-Federal Sponsors, no later than 90 calendar days after receipt of written notice from the Government, shall make a payment to the Government in an amount equal to the difference by delivering a check payable to "FAO, USAED, San Francisco District" to the District Engineer or by providing an Electronic Funds Transfer in accordance with procedures established by the Government.

b. Should the interim or final accounting, as applicable, show that the total contribution of funds provided by the Non-Federal Sponsors for additional work exceeds the total obligations for such additional work, the Government, subject to the availability of funds, shall refund the excess amount to the Non-Federal Sponsors within 90 calendar days of the date of completion of such accounting. In the event the Non-Federal Sponsors is due a refund and funds are not available to refund the excess amount to the Non-Federal Sponsors, the Government shall seek such appropriations as are necessary to make the refund. If such appropriations are not received or, if the Non-Federal Sponsors request that the Government not refund the excess amount to the Non-Federal Sponsors, the Government shall apply the excess amount toward the share of total project costs for the *Project* that is required of the non-Federal interest executing a Project Cooperation Agreement or agreements for the *Project* or separable element thereof in accordance with Article II.F. of this Agreement.

## ARTICLE V – DISPUTE RESOLUTION

As a condition precedent to a party bringing any suit for breach of this Agreement, that party must first notify the other party in writing of the nature of the purported breach and seek in good faith to resolve the dispute through negotiation. If the parties cannot resolve the dispute through negotiation, they may agree to a mutually acceptable method of non-binding alternative dispute resolution with a qualified third party acceptable to both parties. Each party shall pay an equal share of any costs for the services provided by such a third party as such costs are incurred. The existence of a dispute shall not excuse the parties from performance pursuant to this Agreement.

## ARTICLE VI – HOLD AND SAVE

The Non-Federal Sponsors shall hold and save the Government free from all damages arising from design of the *Project* and design of any additional work pursuant to Article II.E. of this Agreement, except for damages due to the fault or negligence of the Government or its contractors.

## ARTICLE VII - MAINTENANCE OF RECORDS AND AUDIT

A. Not later than 60 calendar days after the effective date of this Agreement, the Government and the Non-Federal Sponsors shall develop procedures for keeping books, records, documents, or other evidence pertaining to costs and expenses incurred pursuant to this Agreement. These procedures shall incorporate, and apply as appropriate, the standards for financial management systems set forth in the Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments at 32 C.F.R. Section 33.20. The Government and the Non-Federal Sponsors shall maintain such books, records, documents, or other evidence in accordance with these procedures and for a minimum of three years after completion of the accounting for which such books, records, documents, or other evidence were required. To the extent permitted under applicable Federal laws and regulations, the Government and the Non-Federal Sponsors shall each allow the other to inspect such books, records, documents, or other evidence.

B. In accordance with 32 C.F.R. Section 33.26, the Non-Federal Sponsors are responsible for complying with the Single Audit Act Amendments of 1996 (31 U.S.C. 7501-7507), as implemented by Office of Management and Budget (OMB) Circular No. A-133 and Department of Defense Directive 7600.10. Upon request of the Non-Federal Sponsors and to the extent permitted under applicable Federal laws and regulations, the Government shall provide to the Non-Federal Sponsors and independent auditors any information necessary to enable an audit of the Non-Federal Sponsors' activities under this Agreement. The costs of any non-Federal audits performed in accordance with this paragraph shall be allocated in accordance with the provisions of OMB Circulars A-87 and A-133, and such costs as are allocated to the *Project* shall be included in *total design costs* and shared in accordance with the provisions of this Agreement.

C. In accordance with 31 U.S.C. 7503, the Government may conduct audits in addition to any audit that the Non-Federal Sponsors are required to conduct under the Single Audit Act

Amendments of 1996. Any such Government audits shall be conducted in accordance with Government Auditing Standards and the cost principles in OMB Circular No. A-87 and other applicable cost principles and regulations. The costs of Government audits performed in accordance with this paragraph shall be included in *total design costs* and shared in accordance with the provisions of this Agreement.

## ARTICLE VIII - FEDERAL AND STATE LAWS

In the exercise of their respective rights and obligations under this Agreement, the Non-Federal Sponsors and the Government shall comply with all applicable Federal and State laws and regulations, including, but not limited to: Section 601 of the Civil Rights Act of 1964, Public Law 88-352 (42 U.S.C. 2000d) and Department of Defense Directive 5500.11 issued pursuant thereto and Army Regulation 600-7, entitled "Nondiscrimination on the Basis of Handicap in Programs and Activities Assisted or Conducted by the Department of the Army".

## ARTICLE IX - RELATIONSHIP OF PARTIES

A. In the exercise of their respective rights and obligations under this Agreement, the Government and the Non-Federal Sponsors each act in an independent capacity, and neither is to be considered the officer, agent, or employee of the other.

B. In the exercise of its rights and obligations under this Agreement, neither party shall provide, without the consent of the other party, any contractor with a release that waives or purports to waive any rights the other party may have to seek relief or redress against that contractor either pursuant to any cause of action that the other party may have or for violation of any law.

## ARTICLE X - TERMINATION OR SUSPENSION

A. If at any time the Non-Federal Sponsors fail to fulfill their obligations under this Agreement, the Assistant Secretary of the Army (Civil Works) shall terminate this Agreement or suspend future performance under this Agreement unless he determines that continuation of design of the *Project* is in the interest of the United States or is necessary in order to satisfy agreements with any other non-Federal interests in connection with the *Project*.

B. In the event the Government projects that the amount of Federal funds the Government will make available to the *Project* through the then-current *fiscal year*, or the amount of Federal funds the Government will make available for the *Project* through the upcoming *fiscal year*, is not sufficient to meet the Federal share of *total design costs* that the Government projects to be incurred through the then-current or upcoming *fiscal year*, as applicable, the Government shall notify the Non-Federal Sponsors in writing of such insufficiency of funds and of the date the Government projects that the Federal funds that will have been made available to the *Project* will be exhausted. Upon the exhaustion of Federal funds made available by the Government to the *Project*, future performance under this Agreement shall be suspended. Such suspension shall remain in effect until such time that the

Government notifies the Non-Federal Sponsors in writing that sufficient Federal funds are available to meet the Federal share of *total design costs* the Government projects to be incurred through the then-current or upcoming *fiscal year*, or the Government or the Non-Federal Sponsors elect to terminate this Agreement.

C. In the event the Government determines that modifications to the *Project* are required and that additional authorization by Congress will be required before the Government may construct such modifications, the Government shall notify the Non-Federal Sponsors in writing of such determinations and shall terminate this Agreement.

D. In the event that this Agreement is terminated pursuant to this Article, both parties shall conclude their activities relating to the *Project* and conduct an accounting in accordance with Article IV.C. of this Agreement. To provide for this eventuality, the Government may reserve a percentage of total Federal funds made available for the *Project* and an equal percentage of the total funds contributed by the Non-Federal Sponsors in accordance with Article II.B.1. of this Agreement as a contingency to pay costs of termination, including any costs of resolution of contract claims and contract modifications.

E. Any termination of this Agreement or suspension of future performance under this Agreement in accordance with this Article shall not relieve the parties of liability for any obligation previously incurred. Any delinquent payment owed by the Non-Federal Sponsors shall be charged interest at a rate, to be determined by the Secretary of the Treasury, equal to 150 per centum of the average bond equivalent rate of the 13 week Treasury bills auctioned immediately prior to the date on which such payment became delinquent, or auctioned immediately prior to the beginning of each additional 3 month period if the period of delinquency exceeds 3 months.
