1	2010.21	09.21/10	Armenta	MVAO RMA Social Services/Behavioral Health	Robinson Dixon	10/19/10	To assign a project team to work on feasibility study for a Veterans' Drop-In Center in Salinas.	<p>An update was provided to the Board on 11/24/10. The project team, as per last update, was assigned and is actively pursuing a site for the Drop-in Center (DIC) in Salinas. 9/27/11 - The California Department of Veterans Affairs (CDVA) Regional Collaborative Coordinator reports no State commitment has been made to date for sustained funding that would permit this project, though initial funding has been secured, to proceed successfully at this point. 9/04/12 - Efforts will continue to obtain funding necessary to make this a sustainable resource for our veterans. 12/06/12 - Preliminary discussions have commenced with Hartnell College and their newly expanded Veterans Center about the possibility of collaborating with Hartnell to incorporate a DIC within the Veterans Center. 2/13/13 - The veteran members and administrative staff of the Center were briefed on 1/30/13 on Monterey County Veterans Service Office activities, including Welcome Home Troops ceremony and this matter. Research on "stand alone" potential locations will proceed once sustained funding via the grant process is confirmed. 9/09/13 - On a smaller scale, we are continually working with Hartnell College to have a MVOA representative assist students (veterans) at Hartnell. Coordination between Berta Carbajal & the department are in the works for one day a month to start. Since the college has a veterans' center established, the next step would be to determine what services would be permitted to assist veterans. 9/24/13 - MVAO Service Representative(s) will be allowed to work with students on VA benefits issues. This is in effect on 9/26/13. Progress on the location for a DIC is moving forward slowly. The MVAO is continuing to work on a permanent DIC. 3/25/14 - Pilot site identified in Seaside in partnership with the Salvation Army (SA). MVAO & SA are working together to establish a Veterans DIC at the former teen center building owned by SA. Efforts are underway to identify funding and resource opportunities including opportunities through the California Department of Veterans and County partners. Alternate locations are still being considered and researched in Salinas & King City. MVAO, Facilities, and SA will be meeting on 4/30/14 to discuss potential leasing and terms.</p> <p>5/23/14 - SA is in receipt of the County Standard Lease Agreement for use of the former teen center and is currently evaluating. Requests to support mental health resources at the proposed DIC through State Proposition 63 funding have been submitted. In addition, the Behavioral Health Bureau has committed to matching any State Proposition 63 funding. Additional funding is pending FY 14/15 augmentation request. 6/25/14 - Following adoption of the budget, staff is in negotiation with the SA for the DIC space. Anticipated grand opening is November 2014. 7/09/14 - MVAO was recently awarded a \$25,000 grant under the Mental Health Services Act Prop. 63. Negotiations are ongoing with SA for the center. 10/27/14 - Lease negotiations with SA for the Veterans DIC are still underway. At the current time, staff are prudently planning for an opening celebration around Memorial Day 2015. 5/12/15 - Anticipate agreement signatures by 6/01/15 after minor language correction. Occupancy to occur soon after execution of agreement. 7/13/15 - Agreement to be finalized. Center to be open in the fall with an open house later this year. 10/07/15 - Waiting on approval from counsel on documents from SA for seismic certificate issue.</p>	Pending

3	2013.07	2/26/13	Calcagno	RMA-Public Works	Murdoch	3/26/13	Direct Public Works to collaborate with TAMC and Caltrans on a safety improvement project for Highway 101 and the intersection of Blackie Road in Prunedale. The Prunedale Improvement Project improvements created a dangerous intersection at Blackie Road for southbound vehicles on Highway 101 exiting onto Blackie Road because of the sharp angle of the road and the likelihood of vehicles, especially school buses, crossing the median into oncoming traffic.	A letter was sent to Caltrans noting a number of concerns including the Highway 101/Blackie Road intersection. This letter requested a meeting to discuss possible solutions and a meeting was held. RMA-Public Works received a letter from Caltrans. The written response from Caltrans concerning this issue states they will consider investigating the environmental processes needed to gain approval to modify this intersection after PIPP offsite mitigation work is completed. RMA-Public Works will consider not accepting this portion of Blackie Road from Caltrans until this issue is resolved. As requested by Supervisor Calcagno during a meeting on 10/07/13, this referral will remain pending until the improvements are made. July 2013	Pending
