ASSESSMENTS AND WATER DELIVERY CHARGES FOR ZONE 2B AND
ASSESSMENTS FOR ZONE ZONES 2Y and 2Z**

**FOR THE CASTROVILLE SEAWATER INTRUSION PROJECT AND THE SALINAS
VALLEY RECLAMATION PROJECT**

NOTICE IS HEREBY GIVEN that the Board of Directors of the Monterey County Water Resources Agency recommends the establishment of the following Zone 2B assessments with no rate increases in Zones 2Y and 2Z for Fiscal Year 2016-2017 to be levied on all property in the categories described below located in the zones in support of the Castroville Seawater Intrusion Project and the Salinas Valley Reclamation Project.

The dividing line between north valley and south valley, for the purposes of determining assessments for irrigated agricultural uses, generally follows the centerlines of Gloria Road, U.S. Highway 101, and the Gonzales River Road, between the eastern and western boundaries of Zone 2A, and is more particularly described in Resolution No. 92-364, adopted by the Board of Supervisors on July 21, 1992. A map of the dividing line is on file in the office of the Clerk to the Board of Supervisors.

NOTICE IS FURTHER GIVEN that the Board of Supervisors will conduct a hearing at 1:30 PM on June 7, 2016 at the regular meeting place of the Board of Supervisors of the Monterey County Water Resources Agency, Board of Supervisors Chambers, 168 West Alisal St, Salinas, California, at which time the Board shall hear and consider all objections and protests, if any, to said assessments and water delivery charges; and may revise, change, reduce or modify any assessment or water delivery charge over and above the charges stated. All interested persons may appear and object to, or protest, any of said assessments and/or water delivery charges.
