**SUMMARY/DISCUSSION:**

The California Department of Transportation (Caltrans) and the Federal Highway Administration, in cooperation with the Transportation Agency of Monterey County (TAMC) and Monterey County, propose to make safety and operational improvements along Highway 1 in northern Monterey County. The project would build an interchange at Salinas Road and make operational improvements to the highway between Jensen and Trafton Roads. New right-of-way has been purchased for the project and construction is expected to begin summer 2009. This Cooperative Agreement establishes the roles and responsibilities of the County and Caltrans during the construction of the project and the right-of-way relinquishment process. The project is fully funded through the State Transportation Improvement Program (STIP) and State Infrastructure Bonds.

**OTHER AGENCY INVOLVEMENT:**

County Counsel and the Caltrans Legal offices have reviewed and approved the Cooperative Agreement as to form.

**FINANCING:**

The project is funded through Caltrans and TAMC entirely by STIP and State bond funding. Approval to this Agreement will have no impact to the General Fund or the Road fund.
