In the matter of the application of:

Jamke (Myrtakis) (PLN150609)

RESOLUTION NO. 16-027

Resolution by the Monterey County Zoning

Administrator:

- 1) Finding the project Categorical Exempt per CEQA Section 15301; and
- 2) Approving a Use Permit allowing a 600 square foot guesthouse in the second story of a previously permitted barn, based on the findings and evidence and subject to 5 conditions of approval (**Exhibit B**).
[22125 Parrott Ranch Road, Carmel Valley
(Assessor's Parcel Number 418-281-050-000,
Cachagua Area Plan)]

The Jamke (Myrtakis) application (PLN150609) came on for public hearing before the Monterey County Zoning Administrator on August 11, 2016. Having considered all the written and documentary evidence, the administrative record, the staff report, oral testimony, and other evidence presented, the Zoning Administrator finds and decides as follows:

FINDINGS

1. **FINDING:** **CONSISTENCY/SUITABILITY** – The Project, as conditioned, is consistent with the applicable plans and policies which designate this area as appropriate for development.
EVIDENCE:
 - a) During the course of review of this application, the project has been reviewed for consistency with the text, policies, and regulations in:
 - the 2010 Monterey County General Plan;
 - Cachagua Area Plan;
 - Monterey County Zoning Ordinance (Title 21);No conflicts were found to exist. No communications were received during the course of review of the project indicating any inconsistencies with the text, policies, and regulations in these documents.
 - b) The property is located at 22125 Parrott Ranch Road, Carmel Valley (Assessor's Parcel Number 418-281-050-000), Cachagua Area Plan. The parcel is zoned "RC/B-6" [Resource Conservation with a Building Site Zoning District Overlay], which allows for residential development that does not significantly affect the natural resources of the land. The B-6 overlay does not allow for subdividing the property, but does allow guesthouses. The project proposes to clear a code enforcement violation for conversion of the second story of a previously approved barn into a guesthouse.
 - c) Pursuant to 21.36.030 of Monterey County Code (Title 21, Zoning Regulations), guesthouses are an allowed use under the Resource Conservation district. However, a guesthouse height is limited to fifteen (15) feet and one story. Additions to height and placement of

guesthouses over a one-story structure may be considered by Use Permit when intended to provide for architectural consistency and compatibility with the main residence. The structure is visually consistent and compatible with the existing single family dwelling. These parcels in the Parrott Ranch subdivision are between 8 and 12 acres in size and are separated by a substantial amount of trees. There are no neighbor structures within close proximity that would be adversely affected by the second story guesthouse. Other than the fact that these are illegal additions, the conversion to a guesthouse is consistent with the required site development standards within the zoning regulations.

- d) A Design Approval (DA92341) was approved for a single family addition and a new barn on this site. The architectural plans approved for the barn are consistent with the configuration that exists today.
- e) Since the conversion was done on a second story, there is no land disturbance and therefore, no impacts to archaeological, biological resources or any tree removal. The project meets site development standards required of the zoning district in which it is located.
- f) The project has been reviewed for site suitability by the following departments and agencies: RMA- Planning, Cachagua Fire Protection District, RMA-Public Works, RMA-Environmental Services, Environmental Health Bureau, and Water Resources Agency. There has been no indication from these departments/agencies that the site is not suitable for the proposed development. Conditions recommended have been incorporated.
- g) The project planner conducted a site inspection on April 4, 2016, to verify that the project on the subject parcel conforms to the plans listed above.

2. **FINDING:** **HEALTH AND SAFETY** - The establishment, maintenance, and operation of the project applied for will not under the circumstances of this particular case be detrimental to the health, safety, peace, morals, comfort, and general welfare of persons residing or working in the neighborhood of such proposed use, or be detrimental or injurious to property and improvements in the neighborhood or to the general welfare of the County.

EVIDENCE: a) The project was reviewed by the RMA-Planning, Cachagua Fire Protection District, RMA-Public Works, RMA-Environmental Services, Environmental Health Bureau, and Water Resources Agency. The respective agencies have recommended conditions, where appropriate, to ensure that the project will not have an adverse effect on the health, safety, and welfare of persons either residing or working in the neighborhood.

b) The project was review by the Environmental Health Bureau and it was determined that the guesthouse will be served by a public sewer connection provided by Carmel Area Wastewater District (CAWD), and water will be provided by Cal-Am.

3. **FINDING:** **VIOLATION** - The subject property is in not compliance with all County Code rules and regulations pertaining to the County's Building Code or Zoning Ordinance. A violation exists on the property. The

approval of this permit will correct the violations and bring the property into compliance.

- EVIDENCE:**
- a) Staff reviewed Monterey County RMA - Planning and Building Services Department records and is aware of the violation existing on subject property.
 - b) Staff conducted a site inspection on April 4, 2016, and researched County records to assess if any violation exists on the subject property.
 - c) The proposed project corrects an existing code violation (13CE00143). A second story barn was converted to habitable space without the benefit of a permit. A Use Permit will allow for a guesthouse to remain on the second floor of the two story structure. The Use Permit was required to pay double the application fees as required by the Monterey County Code. The applicant will also be required to pay double fees for necessary building permits.

4. **FINDING:** **CEQA (Exempt):** - The project is categorically exempt from environmental review and no unusual circumstances were identified to exist for the proposed project.

- EVIDENCE:**
- d) California Environmental Quality Act (CEQA) Guidelines Section 15301, categorically exempts conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure.
 - e) There is an existing two story barn that was permitted in 1992. In 2013, it was reported that remodeling and improvements were being made to the second story. This will allow the second floor of a permitted structure to be used as a guesthouse.
 - f) No adverse environmental effects were identified during staff review of the development application during a site visit on April 4, 2016.
 - g) None of the exceptions under CEQA Guidelines Section 15300.2 apply to this project. The project does not involve a designated historical resource, a hazardous waste site, development located near or within view of a scenic highway, unusual circumstances that would result in a significant effect or development that would result in a cumulative significant impact. No land disturbance on this conversion.

5. **FINDING:** **APPEALABILITY** - The decision on this project may be appealed to the Board of Supervisors.

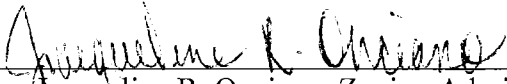

EVIDENCE: Section 20.86.030.A of the Monterey County Zoning Ordinance states that the proposed project is appealable to the Board of Supervisors.

DECISION

NOW, THEREFORE, based on the above findings and evidence, the Zoning Administrator does hereby:

- 1) Categorically Exempt per CEQA Section 15303; and
- 2) Approve an After the Fact Use Permit allowing a 600 square foot guesthouse in the second story of a previously permitted barn, based on the findings and evidence and subject to 5 conditions of approval (**Exhibit B**).
