WHEREAS, Section 2.68.060 of the Monterey County Code and Section 8630 of the Government Code empower the County Administrative Officer or his designee, or the Board of Supervisors if the Board of Supervisors is in session, to proclaim the existence of a Government Code Section 8558(c) local emergency when the County is affected by or likely to be affected by a public calamity; and

WHEREAS, the County Board of Supervisors does hereby find as follows:

1. Damages to infrastructure which has occurred from localized flooding, roadway slope erosion and embankment slip-outs, debris flows, landslides, and culvert failure affecting the safety of said roadways; obstruction of public roadways from storm water, storm debris and roadway failure; damage to storm drain infrastructure; and damage to public and private utilities and damage to public facilities and parks. Until action is taken to address these safety concerns, such damage will result in road closures, areas of isolation, loss of power and other critical infrastructure that will continue to impact public safety and repose;
2. That the foregoing conditions are or are likely to be beyond the control of the services, personnel, equipment, and facilities of the County of Monterey and require the combined forces of other political subdivisions, including but not limited to state and federal assistance to combat;
3. That the aforesaid conditions of extreme peril warrant and necessitated the proclamation of the existence of a local emergency and immediate action by the County Administrative Officer was necessary to mitigate the effects of the local emergency;
4. On February 15, 2017, pursuant to County Code, the County Administrative Officer signed an emergency proclamation to initiate the protective/responsive process;

5. Since February 7 through 20, 2017, the conditions warranting and necessitating a proclamation of the existence of a local emergency have not been resolved and immediate action continues to be necessary to mitigate the effects of the local emergency;
6. Such occurrences have resulted in landslides that have damaged the Pfeiffer Canyon Bridge causing significant structural deficit;
7. The emergency will not permit a delay resulting from a competitive solicitation for bids;
8. Emergency conditions continue to exist, necessitating ratification of this Proclamation of a Local Emergency.

NOW, THEREFORE, BE IT RESOLVED, by the Board of Supervisors in and for the County of Monterey as follows:

1. The above recitals are true and correct.
2. The need for continuing the local emergency has been reviewed on this date, and the Board finds that the need exists.
3. A local emergency as defined in Government Section 8558c and Public Contract Code Section 1102 is hereby proclaimed to still exist in Monterey County due to significant rainfall causing damage to local infrastructure and private property.

5. During the existence of said local emergency, the powers, functions, and duties of the County Administrative Officer, the Director of Public Works and Facilities, and the General Manager of the Water Resources Agency shall be those prescribed in State and local law in order to mitigate the effects of the local emergency.

7. That a copy of this proclamation be forwarded to the Director of the California Governor's Office of Emergency Services (director Cal OES), requesting that the Director Cal OES find this proclamation acceptable in accordance with State law and forward the Proclamation to the Governor of the State of California for consideration and action on Monterey County's requests that:
 - 7.1 The Governor of California proclaim a State of Emergency in Monterey County.

Contracts for this work may be executed without prior Board approval of the plans, specifications, and working details, without giving notice for bids to let contracts provided such action does not affect the County's eligibility for state and federal funds.
