Such notice of rejection will state the respects in which the Deliverables do not substantially conform to their specifications. If the State does not provide such notice of rejection within fifteen (15) days of delivery for purchases of Commercial Hardware or Commercial Software or thirty (30) days of delivery for all other purchases, such Deliverables and services will be deemed to have been accepted. Acceptance by the State will be final and irreversible, except as it relates to latent defects, fraud, and gross mistakes amounting to fraud. Acceptance shall not be construed to waive any warranty rights that the State might have at law or by express reservation in this Contract with respect to any nonconformity.
- f) Unless otherwise specified in the Statement of Work, title to Equipment shall remain with the Contractor and assigns, if any, until such time as successful acceptance testing has been achieved. Title to a special feature installed on a Machine and for which only a single installation charge was paid shall pass to the State at no additional charge, together with title to the Machine on which it was installed.

17. SAMPLES:

- a) Samples of items may be required by the State for inspection and specification testing and must be furnished free of expense to the State. The samples furnished must be identical in all respects to the products bid and/or specified in the Contract.
- b) Samples, if not destroyed by tests, may, upon request made at the time the sample is furnished, be returned at the Contractor's expense.

18. WARRANTY:

- a) Unless otherwise specified in the Statement of Work, the warranties in this subsection a) begin upon delivery of the goods or services in question and end one (1) year thereafter. The Contractor warrants that (i) Deliverables and services furnished hereunder will substantially conform to the requirements of this Contract (including without limitation all descriptions, specifications, and drawings identified in the Statement of Work), and (ii) the Deliverables will be free from material defects in materials and workmanship. Where the parties have agreed to design specifications (such as a Detailed Design Document) and incorporated the same or equivalent in the Statement of Work directly or by reference, the Contractor will warrant that its Deliverables provide all material functionality required thereby. In addition to the other warranties set forth herein, where the Contract calls for delivery of Commercial Software, the Contractor warrants that such Software will perform in accordance with its license and accompanying Documentation. The State's approval of designs or specifications furnished by Contractor, shall not relieve the Contractor of its obligations under this warranty.
- b) The Contractor warrants that Deliverables furnished hereunder (i) will be free, at the time of delivery, of harmful code (i.e. computer viruses, worms, trap doors, time bombs, disabling code, or any similar malicious mechanism designed to interfere with the intended operation of, or cause damage to, computers, data, or Software); and (ii) will not infringe or violate any U.S. Intellectual Property Right.

Without limiting the generality of the foregoing, if the State believes that harmful code may be present in any Commercial Software delivered hereunder, the Contractor will, upon the State's request, provide a new or clean install of the Software.

c) Unless otherwise specified in the Statement of Work:

- (i) The Contractor does not warrant that any Software provided hereunder is error-free or that it will run without immaterial interruption.
 - (ii) The Contractor does not warrant and will have no responsibility for a claim to the extent that it arises directly from (A) a modification made by the State, unless such modification is approved or directed by the Contractor, (B) use of Software in combination with or on products other than as specified by the Contractor, or (C) misuse by the State.
 - (iii) Where the Contractor resells Commercial Hardware or Commercial Software it purchased from a third party, Contractor, to the extent it is legally able to do so, will pass through any such third party warranties to the State and will reasonably cooperate in enforcing them. Such warranty pass-through will not relieve the Contractor from Contractor's warranty obligations set forth above.
- d) All warranties, including special warranties specified elsewhere herein, shall inure to the State, its successors, assigns, customer agencies, and governmental users of the Deliverables or services.
- e) Except as may be specifically provided in the Statement of Work or elsewhere in this Contract, for any breach of the warranties provided in this Section, the State's exclusive remedy and the Contractor's sole obligation will be limited to:
- (i) re-performance, repair, or replacement of the nonconforming Deliverable (including without limitation an infringing Deliverable) or service; or
 - (ii) should the State in its sole discretion consent, refund of all amounts paid by the State for the nonconforming Deliverable or service and payment to the State of any additional amounts necessary to equal the State's Cost to Cover. "Cost to Cover" means the cost, properly mitigated, of procuring Deliverables or services of equivalent capability, function, and performance. The payment obligation in subsection (e)(ii) above will not exceed the limits on the Contractor's liability set forth in the Section entitled "Limitation of Liability."
- f) EXCEPT FOR THE EXPRESS WARRANTIES SPECIFIED IN THIS SECTION, THE CONTRACTOR MAKES NO WARRANTIES EITHER EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

19. SAFETY AND ACCIDENT PREVENTION: In performing work under this Contract on State premises, the Contractor shall conform to any specific safety requirements contained in the Contract or as required by law or regulation. The Contractor shall take any additional precautions as the State may reasonably require for safety and accident prevention purposes. Any violation of such rules and requirements, unless promptly corrected, shall be grounds for termination of this Contract in accordance with the default provisions hereof.

20. INSURANCE: The Contractor shall maintain all commercial general liability insurance, workers' compensation insurance and any other insurance required under the Contract. The Contractor shall furnish insurance certificate(s) evidencing required insurance coverage acceptable to the State, including endorsements showing the State as an "additional insured" if required under the Contract. Any required endorsements requested by the State must be separately provided; merely referring to such coverage on the certificate(s) is insufficient for this purpose. When performing work on state owned or controlled property, Contractor shall provide a waiver of subrogation in favor of the State for its workers' compensation policy.

21. TERMINATION FOR NON-APPROPRIATION OF FUNDS:

GENERAL PROVISIONS -- INFORMATION TECHNOLOGY

- a) If the term of this Contract extends into fiscal years subsequent to that in which it is approved, such continuation of the Contract is contingent on the appropriation of funds for such purpose by the Legislature. If funds to effect such continued payment are not appropriated, the Contractor agrees to take back any affected Deliverables furnished under this Contract, terminate any services supplied to the State under this Contract, and relieve the State of any further obligation therefor.
- b) The State agrees that if it appears likely that subsection a) above will be invoked, the State and Contractor shall agree to take all reasonable steps to prioritize work and Deliverables and minimize the incurrence of costs prior to the expiration of funding for this Contract.
- c) THE STATE AGREES THAT IF PARAGRAPH a) ABOVE IS INVOKED, COMMERCIAL HARDWARE AND SOFTWARE THAT HAS NOT BEEN PAID FOR SHALL BE RETURNED TO THE CONTRACTOR IN SUBSTANTIALLY THE SAME CONDITION IN WHICH DELIVERED TO THE STATE, SUBJECT TO NORMAL WEAR AND TEAR. THE STATE FURTHER AGREES TO PAY FOR PACKING, CRATING, TRANSPORTATION TO THE CONTRACTOR'S NEAREST FACILITY AND FOR REIMBURSEMENT TO THE CONTRACTOR FOR EXPENSES INCURRED FOR THEIR ASSISTANCE IN SUCH PACKING AND CRATING.
22. TERMINATION FOR THE CONVENIENCE OF THE STATE:
- a) The State may terminate performance of work under this Contract for its convenience in whole or, from time to time, in part, if the Department of General Services, Deputy Director, Procurement Division, or designee, determines that a termination is in the State's interest. The Department of General Services, Deputy Director, Procurement Division, or designee, shall terminate by delivering to the Contractor a Notice of Termination specifying the extent of termination and the effective date thereof.
- b) After receipt of a Notice of Termination, and except as directed by the State, the Contractor shall immediately proceed with the following obligations, as applicable, regardless of any delay in determining or adjusting any amounts due under this clause. The Contractor shall:
- Stop work as specified in the Notice of Termination.
 - Place no further subcontracts for materials, services, or facilities, except as necessary to complete the continuing portion of the Contract.
 - Terminate all subcontracts to the extent they relate to the work terminated.
 - Settle all outstanding liabilities and termination settlement proposals arising from the termination of subcontracts;
- c) After termination, the Contractor shall submit a final termination settlement proposal to the State in the form and with the information prescribed by the State. The Contractor shall submit the proposal promptly, but no later than 90 days after the effective date of termination, unless a different time is provided in the Statement of Work or in the Notice of Termination.
- d) The Contractor and the State may agree upon the whole or any part of the amount to be paid as requested under subsection (c) above.
- e) Unless otherwise set forth in the Statement of Work, if the Contractor and the State fail to agree on the amount to be paid because of the termination for convenience, the State will pay the Contractor the following amounts; provided that in no event will total payments exceed the amount payable to the Contractor if the Contract had been fully performed:
- The Contract price for Deliverables or services accepted or retained by the State and not previously paid for, adjusted for any savings on freight and other charges; and
 - The total of:
 - The reasonable costs incurred in the performance of the work terminated, including initial costs and preparatory expenses allocable thereto, but excluding any cost attributable to Deliverables or services paid or to be paid;
- B) The reasonable cost of settling and paying termination settlement proposals under terminated subcontracts that are properly chargeable to the terminated portion of the Contract; and
- C) Reasonable storage, transportation, demobilization, unamortized overhead and capital costs, and other costs reasonably incurred by the Contractor in winding down and terminating its work.
- f) The Contractor will use generally accepted accounting principles, or accounting principles otherwise agreed to in writing by the parties, and sound business practices in determining all costs claimed, agreed to, or determined under this clause.
23. TERMINATION FOR DEFAULT:
- a) The State may, subject to the clause titled "Force Majeure" and to sub-section d) below, by written notice of default to the Contractor, terminate this Contract in whole or in part if the Contractor fails to:
- Deliver the Deliverables or perform the services within the time specified in the Contract or any amendment thereto;
 - Make progress, so that the lack of progress endangers performance of this Contract; or
 - Perform any of the other provisions of this Contract.
- b) The State's right to terminate this Contract under sub-section a) above, may be exercised only if the failure constitutes a material breach of this Contract and if the Contractor does not cure such failure within the time frame stated in the State's cure notice, which in no event will be less than fifteen (15) days, unless the Statement of Work calls for a different period.
- c) If the State terminates this Contract in whole or in part pursuant to this Section, it may acquire, under terms and in the manner the Buyer considers appropriate, Deliverables or services similar to those terminated, and the Contractor will be liable to the State for any excess costs for those Deliverables and services, including without limitation costs third party vendors charge for Manufacturing Materials (but subject to the clause entitled "Limitation of Liability"). However, the Contractor shall continue the work not terminated.
- d) If the Contract is terminated for default, the State may require the Contractor to transfer title, or in the case of licensed Software, license, and deliver to the State, as directed by the Buyer, any:
- completed Deliverables,
 - partially completed Deliverables, and,
 - subject to provisions of sub-section e) below, Manufacturing Materials related to the terminated portion of this Contract. Nothing in this sub-section d) will be construed to grant the State rights to Deliverables that it would not have received had this Contract been fully performed. Upon direction of the Buyer, the Contractor shall also protect and preserve property in its possession in which the State has an interest.
- e) The State shall pay Contract price for completed Deliverables delivered and accepted and items the State requires the Contractor to transfer under section (d) above. Unless the Statement of Work calls for different procedures or requires no-charge delivery of materials, the Contractor and Buyer shall attempt to agree on the amount of payment for Manufacturing Materials and other materials delivered and accepted by the State for the protection and preservation of the property; provided that where the Contractor has billed the State for any such materials, no additional charge will apply. Failure to agree will constitute a dispute under the Disputes clause. The State may withhold from these amounts any sum it determines to be necessary to protect the State against loss because of outstanding liens or claims of former lien holders.

GENERAL PROVISIONS - INFORMATION TECHNOLOGY

- f) If, after termination, it is determined by a final decision that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the State.
- g) Both parties, State and Contractor, upon any termination for default, have a duty to mitigate the damages suffered by it.
- h) The rights and remedies of the State in this clause are in addition to any other rights and remedies provided by law or under this Contract, and are subject to the clause titled "Limitation of Liability."
24. **FORCE MAJEURE:** Except for defaults of subcontractors at any tier, the Contractor shall not be liable for any excess costs if the failure to perform the Contract arises from causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include, but are not limited to:
- Acts of God or of the public enemy, and
 - Acts of the federal or State government in either its sovereign or contractual capacity.
- If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either, the Contractor shall not be liable for any excess costs for failure to perform.
25. **RIGHTS AND REMEDIES OF STATE FOR DEFAULT:**
- In the event any Deliverables furnished or services provided by the Contractor in the performance of the Contract should fail to conform to the requirements herein, or to the sample submitted by the Contractor, the State may reject the same, and it shall become the duty of the Contractor to reclaim and remove the item promptly or to correct the performance of services, without expenses to the State, and immediately replace all such rejected items with others conforming to the Contract.
 - In addition to any other rights and remedies the State may have, the State may require the Contractor, at Contractor's expense, to ship Deliverables via air freight or expedited routing to avoid or minimize actual or potential delay if the delay is the fault of the Contractor.
 - In the event of the termination of the Contract, either in whole or in part, by reason of default or breach by the Contractor, any loss or damage sustained by the State in procuring any items which the Contractor agreed to supply shall be borne and paid for by the Contractor (but subject to the clause entitled "Limitation of Liability").
 - The State reserves the right to offset the reasonable cost of all damages caused to the State against any outstanding invoices or amounts owed to the Contractor or to make a claim against the Contractor therefore.
26. **LIMITATION OF LIABILITY:**
- Except as may be otherwise approved by the Department of General Services Deputy Director, Procurement Division or their designee, Contractor's liability for damages to the State for any cause whatsoever, and regardless of the form of action, whether in Contract or in tort, shall be limited to the Purchase Price. For purposes of this sub-section a), "Purchase Price" will mean the aggregate Contract price; except that, with respect to a Contract under which multiple purchase orders will be issued (e.g., a Master Agreement or Multiple Award Schedule contract), "Purchase Price" will mean the total price of the purchase order for the Deliverable(s) or service(s) that gave rise to the loss, such that the Contractor will have a separate limitation of liability for each purchase order.
 - The foregoing limitation of liability shall not apply (i) to any liability under the General Provisions entitled "Compliance with Statutes and Regulations" (ii) to liability under the General Provisions, entitled "Patent, Copyright, and Trade Secret Indemnity" or to any other liability (including without limitation indemnification obligations) for infringement of third party intellectual property rights; (iii) to claims arising under provisions herein calling for indemnification for third party claims against the State for death, bodily injury to persons or damage to real or tangible personal property caused by the Contractor's negligence or willful misconduct; or (iv) to costs or attorney's fees that the State becomes entitled to recover as a prevailing party in any action.
- c) The State's liability for damages for any cause whatsoever, and regardless of the form of action, whether in Contract or in tort, shall be limited to the Purchase Price, as that term is defined in subsection a) above. Nothing herein shall be construed to waive or limit the State's sovereign immunity or any other immunity from suit provided by law.
- d) In no event will either the Contractor or the State be liable for consequential, incidental, indirect, special, or punitive damages, even if notification has been given as to the possibility of such damages, except (i) to the extent that the Contractor's liability for such damages is specifically set forth in the Statement of Work or (ii) to the extent that the Contractor's liability for such damages arises out of subsection b)(i), b)(ii), or b)(iv) above.
27. **CONTRACTOR'S LIABILITY FOR INJURY TO PERSONS OR DAMAGE TO PROPERTY:**
- The Contractor shall be liable for damages arising out of injury to the person and/or damage to the property of the State, employees of the State, persons designated by the State for training, or any other person(s) other than agents or employees of the Contractor, designated by the State for any purpose, prior to, during, or subsequent to delivery, installation, acceptance, and use of the Deliverables either at the Contractor's site or at the State's place of business, provided that the injury or damage was caused by the fault or negligence of the Contractor.
 - The Contractor shall not be liable for damages arising out of or caused by an alteration or an Attachment not made or installed by the Contractor, or for damage to alterations or Attachments that may result from the normal operation and maintenance of the Deliverables provided by the Contractor during the Contract.
28. **INDEMNIFICATION:** The Contractor agrees to indemnify, defend and save harmless the State, its officers, agents and employees from any and all third party claims, costs (including without limitation reasonable attorneys' fees), and losses due to the injury or death of any individual, or the loss or damage to any real or tangible personal property, resulting from the willful misconduct or negligent acts or omissions of the Contractor or any of its affiliates, agents, subcontractors, employees, suppliers, or laborers furnishing or supplying work, services, materials, or supplies in connection with the performance of this Contract. Such defense and payment will be conditional upon the following:
- The State will notify the Contractor of any such claim in writing and tender the defense thereof within a reasonable time; and
 - The Contractor will have sole control of the defense of any action on such claim and all negotiations for its settlement or compromise; provided that (i) when substantial principles of government or public law are involved, when litigation might create precedent affecting future State operations or liability, or when involvement of the State is otherwise mandated by law, the State may participate in such action at its own expense with respect to attorneys' fees and costs (but not liability); (ii) where a settlement would impose liability on the State, affect principles of California government or public law, or impact the authority of the State, the Department of General Services will have the right to approve or disapprove any settlement or compromise, which approval will not unreasonably be withheld or delayed; and (iii) the State will reasonably cooperate in the defense and in any related settlement negotiations.
29. **INVOICES:** Unless otherwise specified, invoices shall be sent to the address set forth herein. Invoices shall be submitted in triplicate and shall include the Contract number; release order number (if applicable); item number; unit price, extended item price and invoice total amount. State sales tax and/or use tax shall be itemized separately and added to each invoice as applicable.

GENERAL PROVISIONS – INFORMATION TECHNOLOGY

30. **REQUIRED PAYMENT DATE:** Payment will be made in accordance with the provisions of the California Prompt Payment Act, Government Code Section 927 et. seq. Unless expressly exempted by statute, the Act requires State agencies to pay properly submitted, undisputed invoices not more than 45 days after (i) the date of acceptance of Deliverables or performance of services; or (ii) receipt of an undisputed invoice, whichever is later.
31. **TAXES:** Unless otherwise required by law, the State of California is exempt from Federal excise taxes. The State will only pay for any State or local sales or use taxes on the services rendered or Goods supplied to the State pursuant to this Contract.
32. **NEWLY MANUFACTURED GOODS:** All Goods furnished under this Contract shall be newly manufactured Goods or certified as new and warranted as new by the manufacturer; used or reconditioned Goods are prohibited, unless otherwise specified.
33. **CONTRACT MODIFICATION:** No amendment or variation of the terms of this Contract shall be valid unless made in writing, signed by the parties and approved as required. No oral understanding or agreement not incorporated in the Contract is binding on any of the parties.
34. **CONFIDENTIALITY OF DATA:** All financial, statistical, personal, technical and other data and information relating to the State's operation which are designated confidential by the State and made available to the Contractor in order to carry out this Contract, or which become available to the Contractor in carrying out this Contract, shall be protected by the Contractor from unauthorized use and disclosure through the observance of the same or more effective procedural requirements as are applicable to the State. The identification of all such confidential data and information as well as the State's procedural requirements for protection of such data and information from unauthorized use and disclosure shall be provided by the State in writing to the Contractor. If the methods and procedures employed by the Contractor for the protection of the Contractor's data and information are deemed by the State to be adequate for the protection of the State's confidential information, such methods and procedures may be used, with the written consent of the State, to carry out the intent of this paragraph. The Contractor shall not be required under the provisions of this paragraph to keep confidential any data or information which is or becomes publicly available, is already rightfully in the Contractor's possession without obligation of confidentiality, is independently developed by the Contractor outside the scope of this Contract, or is rightfully obtained from third parties.
35. **NEWS RELEASES:** Unless otherwise exempted, news releases, endorsements, advertising, and social media content pertaining to this Contract shall not be made without prior written approval of the Department of General Services.
36. **DOCUMENTATION:**
- a) The Contractor agrees to provide to the State, at no charge, all Documentation as described within the Statement of Work, and updated versions thereof, which are necessary or useful to the State in its use of the Equipment or Software provided hereunder. The Contractor agrees to provide additional Documentation at prices not in excess of charges made by the Contractor to its other customers for similar Documentation.
 - b) If the Contractor is unable to perform maintenance or the State desires to perform its own maintenance on Equipment purchased under this Contract then upon written notice by the State the Contractor will provide at Contractor's then current rates and fees adequate and reasonable assistance including relevant Documentation to allow the State to maintain the Equipment based on the Contractor's methodology. The Contractor agrees that the State may reproduce such Documentation for its own use in maintaining the Equipment. If the Contractor is unable to perform maintenance, the Contractor agrees to license any other Contractor that the State may have hired to maintain the Equipment to use the above noted Documentation. The State agrees to include the Contractor's copyright notice on any such Documentation reproduced, in accordance with copyright instructions to be provided by the Contractor.
37. **RIGHTS IN WORK PRODUCT:**
- a) All inventions, discoveries, Intellectual property, technical communications and records originated or prepared by the Contractor pursuant to this Contract including papers, reports, charts, computer programs, and other Documentation or improvements thereto, and including the Contractor's administrative communications and records relating to this Contract (collectively, the "Work Product"), shall be the Contractor's exclusive property. The provisions of this sub-section a) may be revised in a Statement of Work.
 - b) Software and other materials developed or otherwise obtained by or for the Contractor or its affiliates independently of this Contract or applicable purchase order ("Pre-Existing Materials") do not constitute Work Product. If the Contractor creates derivative works of Pre-Existing Materials, the elements of such derivative works created pursuant to this Contract constitute Work Product, but other elements do not. Nothing in this Section 37 will be construed to interfere with the Contractor's or its affiliates' ownership of Pre-Existing Materials.
 - c) The State will have Government Purpose Rights to the Work Product as Deliverable or delivered to the State hereunder. "Government Purpose Rights" are the unlimited, irrevocable, worldwide, perpetual, royalty-free, non-exclusive rights and licenses to use, modify, reproduce, perform, release, display, create derivative works from, and disclose the Work Product. "Government Purpose Rights" also include the right to release or disclose the Work Product outside the State for any State government purpose and to authorize recipients to use, modify, reproduce, perform, release, display, create derivative works from, and disclose the Work Product for any State government purpose. Such recipients of the Work Product may include, without limitation, State Contractors, California local governments, the U.S. federal government, and the State and local governments of other states. "Government Purpose Rights" do not include any rights to use, modify, reproduce, perform, release, display, create derivative works from, or disclose the Work Product for any commercial purpose.
 - d) The ideas, concepts, know-how, or techniques relating to data processing, developed during the course of this Contract by the Contractor or jointly by the Contractor and the State may be used by either party without obligation of notice or accounting.
 - e) This Contract shall not preclude the Contractor from developing materials outside this Contract that are competitive, irrespective of their similarity to materials which might be delivered to the State pursuant to this Contract.
38. **SOFTWARE LICENSE:** Unless otherwise specified in the Statement of Work, the Contractor hereby grants to the State and the State accepts from the Contractor, subject to the terms and conditions of this Contract, a perpetual, irrevocable, royalty-free, non-exclusive, license to use the Software Products in this Contract (hereinafter referred to as "Software Products").
- a) The State may use the Software Products in the conduct of its own business, and any division thereof.
 - b) The license granted above authorizes the State to use the Software Products in machine-readable form on the Computer System located at the site(s) specified in the Statement of Work. Said Computer System and its associated units (collectively referred to as CPU) are as designated in the Statement of Work. If the designated CPU is inoperative due to malfunction, the license herein granted shall be temporarily extended to authorize the State to use the Software Products, in machine-readable form, on any other State CPU until the designated CPU is returned to operation.

GENERAL PROVISIONS - INFORMATION TECHNOLOGY

- c) By prior written notice, the State may redesignate the CPU in which the Software Products are to be used provided that the redesignated CPU is substantially similar in size and scale at no additional cost. The redesignation shall not be limited to the original site and will be effective upon the date specified in the notice of redesignation.
- d) Acceptance of Commercial Software (including third party Software) and Custom Software will be governed by the terms and conditions of this Contract.

39. PROTECTION OF PROPRIETARY SOFTWARE AND OTHER PROPRIETARY DATA:

- a) The State agrees that all material appropriately marked or identified in writing as proprietary, and furnished hereunder are provided for the State's exclusive use for the purposes of this Contract only. All such proprietary data shall remain the property of the Contractor. The State agrees to take all reasonable steps to insure that such proprietary data are not disclosed to others, without prior written consent of the Contractor, subject to the California Public Records Act.
- b) The State will insure, prior to disposing of any media, that any licensed materials contained thereon have been erased or otherwise destroyed.
- c) The State agrees that it will take appropriate action by instruction, agreement or otherwise with its employees or other persons permitted access to licensed software and other proprietary data to satisfy its obligations in this Contract with respect to use, copying, modification, protection and security of proprietary software and other proprietary data.

40. RIGHT TO COPY OR MODIFY:

- a) Any Software Product provided by the Contractor in machine-readable form may be copied, in whole or in part, in printed or machine-readable form for use by the State with the designated CPU, to perform one-time benchmark tests, for archival or emergency restart purposes, to replace a worn copy, to understand the contents of such machine-readable material, or to modify the Software Product as provided below; provided, however, that no more than the number of printed copies and machine-readable copies as specified in the Statement of Work will be in existence under this Contract at any time without prior written consent of the Contractor. Such consent shall not be unreasonably withheld by the Contractor. The original, and any copies of the Software Product, in whole or in part, which are made hereunder shall be the property of the Contractor.
- b) The State may modify any non-personal computer Software Product, in machine-readable form, for its own use and merge it into other program material. Any portion of the Software Product included in any merged program material shall be used only on the designated CPUs and shall be subject to the terms and conditions of the Contract.

41. FUTURE RELEASES: Unless otherwise specifically provided in this Contract, or the Statement of Work, if improved versions, e.g., patches, bug fixes, updates or releases, of any Software Product are developed by the contractor, and are made available to other licensees, they will be made available to the State at no additional cost only if such are made available to other licensees at no additional cost. If the Contractor offers new versions or upgrades to the Software Product, they shall be made available to the State at the State's option at a price no greater than the Contract price plus a price increase proportionate to the increase from the list price of the original version to that of the new version, if any. If the Software Product has no list price, such price increase will be proportionate to the increase in average price from the original to the new version, if any, as estimated by the Contractor in good faith.

42. ENCRYPTION/CPU ID AUTHORIZATION CODES:

- a) When Encryption/CPU Identification (ID) authorization codes are required to operate the Software Products, the

Contractor will provide all codes to the State with delivery of the Software.

- b) In case of an Inoperative CPU, the Contractor will provide a temporary encryption/CPU ID authorization code to the State for use on a temporarily authorized CPU until the designated CPU is returned to operation.
- c) When changes in designated CPUs occur, the State will notify the Contractor via telephone and/or facsimile/e-mail of such change. Upon receipt of such notice, the Contractor will issue via telephone and/or facsimile/e-mail to the State within 24 hours, a temporary encryption ID authorization code for use on the newly designated CPU until such time as permanent code is assigned.

43. PATENT, COPYRIGHT AND TRADE SECRET INDEMNITY:

- a) Contractor will indemnify, defend, and save harmless the State, its officers, agents, and employees, from any and all third party claims, costs (including without limitation reasonable attorneys' fees), and losses for infringement or violation of any U.S. Intellectual Property Right by any product or service provided hereunder. With respect to claims arising from computer Hardware or Software manufactured by a third party and sold by Contractor as a reseller, Contractor will pass through to the State such indemnity rights as it receives from such third party ("Third Party Obligation") and will cooperate in enforcing them; provided that if the third party manufacturer fails to honor the Third Party Obligation, Contractor will provide the State with indemnity protection equal to that called for by the Third Party Obligation, but in no event greater than that called for in the first sentence of this Section. The provisions of the preceding sentence apply only to third party computer Hardware or Software sold as a distinct unit and accepted by the State.

Unless a Third Party Obligation provides otherwise, the defense and payment obligations set forth in this Section will be conditional upon the following:

- (i) The State will notify the Contractor of any such claim in writing and tender the defense thereof within a reasonable time; and
- (ii) The Contractor will have sole control of the defense of any action on such claim and all negotiations for its settlement or compromise; provided that (a) when substantial principles of government or public law are involved, when litigation might create precedent affecting future State operations or liability, or when involvement of the State is otherwise mandated by law, the State may participate in such action at its own expense with respect to attorneys' fees and costs (but not liability); (b) where a settlement would impose liability on the State, affect principles of California government or public law, or impact the authority of the State, the Department of General Services will have the right to approve or disapprove any settlement or compromise, which approval will not unreasonably be withheld or delayed; and (c) the State will reasonably cooperate in the defense and in any related settlement negotiations.

- b) Should the Deliverables, or the operation thereof, become, or in the Contractor's opinion are likely to become, the subject of a claim of infringement or violation of a U.S. Intellectual Property Right, the State shall permit the Contractor, at its option and expense, either to procure for the State the right to continue using the Deliverables, or to replace or modify the same so that they become non-infringing. If none of these options can reasonably be taken, or if the use of such Deliverables by the State shall be prevented by injunction, the Contractor agrees to take back such Deliverables and make every reasonable effort to assist the State in procuring substitute Deliverables. If, in the sole opinion of the State, the return of such

GENERAL PROVISIONS - INFORMATION TECHNOLOGY

infringing Deliverables makes the retention of other Deliverables acquired from the Contractor under this Contract impractical, the State shall then have the option of terminating such Contracts, or applicable portions thereof, without penalty or termination charge. The Contractor agrees to take back such Deliverables and refund any sums the State has paid the Contractor less any reasonable amount for use or damage.

- c) The Contractor shall have no liability to the State under any provision of this clause with respect to any claim of patent, copyright or trade secret infringement which is based upon:
 - (i) The combination or utilization of Deliverables furnished hereunder with Equipment, Software or devices not made or furnished by the Contractor; or,
 - (ii) The operation of Equipment furnished by the Contractor under the control of any Operating Software other than, or in addition to, the current version of Contractor-supplied Operating Software; or
 - (iii) The modification initiated by the State, or a third party at the State's direction, of any Deliverable furnished hereunder; or
 - (iv) The combination or utilization of Software furnished hereunder with non-contractor supplied Software.
- d) The Contractor certifies that it has appropriate systems and controls in place to ensure that State funds will not be used in the performance of this Contract for the acquisition, operation or maintenance of computer Software in violation of copyright laws.

44. DISPUTES:

- a) The parties shall deal in good faith and attempt to resolve potential disputes informally. If the dispute persists, the Contractor shall submit to the contracting Department Director or designee a written demand for a final decision regarding the disposition of any dispute between the parties arising under, related to or involving this Contract. Contractor's written demand shall be fully supported by factual information, and if such demand involves a cost adjustment to the Contract, the Contractor shall include with the demand a written statement signed by an authorized person indicating that the demand is made in good faith, that the supporting data are accurate and complete and that the amount requested accurately reflects the Contract adjustment for which Contractor believes the State is liable.
