Mr. David Chardavoyne, General Manager  
Monterey County Water Resources Agency  
Post Office Box 930  
Salinas, California 93902-0930

Nacimiento Dam, No. 1008  
San Luis Obispo County

San Antonio Dam, No. 1008-2  
Monterey County

Dear Mr. Chardavoyne:

As a result of the recent major incidents at Oroville Dam, which led to significant damage and erosion of the Service and Emergency Spillways, Governor Brown issued a plan to bolster the State's dam safety program. To strengthen the State's inspection program, the Governor has ordered detailed evaluations of dam appurtenant structures, such as spillways. This new review is being expedited for dams that have large spillways and structures similar to Oroville Dam. Based on this directive, the Division of Safety of Dams is immediately conducting detailed re-evaluations of large spillways at high-hazard dams.

We completed a reconnaissance-level assessment of the spillways at San Antonio Dam and Nacimiento Dam and have noted that the structures may have potential geologic, structural, or performance issues that could jeopardize their ability to safely pass a flood event. Therefore, we are requesting that you perform a comprehensive condition assessment of each spillway as soon as possible. These spillways may also require a site investigation to provide supporting information for completing this assessment.

Please submit a work plan for each dam by July 15, 2017, for our review and approval. The scope of a detailed condition assessment of each spillway should include an evaluation of the concrete lining, the existing drainage system, and any potential for slab undermining and hydraulic jacking. The scope of a site investigation should focus on identifying potential geologic hazards associated with each spillway, including characterization of the foundation materials underlying and adjacent to the spillway structures and their susceptibility to erosion and instability.

Mr. David Chardavoyne

MAY 12 2017

Page 2

Since the site conditions are different at each dam, my staff is available to discuss ways to expedite development of the required investigation. The site investigation and condition assessment report for each dam must be completed expeditiously. Additionally, any known damage to the spillways must be repaired prior to the next flood season.

If you have any questions or need additional information, please contact Design Engineer John Diefenthal at (916) 227-4638 or Project Engineer Daniel Meyersohn at (916) 227-4624.

Sincerely,

*Michael Waggoner* For

Sharon K. Tapia, Chief  
Division of Safety of Dams

Monterey Regional Water Pollution Control Agency  
5 Harris Court, Building D  
Monterey, CA 93940

**SUBJECT: Services at Water Resources Agency Facilities**

Dear Mr. Sciuto:

Monterey County Water Resources Agency (MCWRA) is in need of various technical services related to maintenance of MCWRA facilities, including but not limited to, Nacimiento Dam, San Antonio Dam, Nacimiento Hydroelectric Project, and Reclamation Ditch pump stations. As we have discussed, Monterey Regional Water Pollution Control Agency (MRWPCA) is willing to supply technical staff as available to work for MCWRA at facilities mentioned above at hourly rates described in the CSIP/SRDF operation budget.

Described below is MCWRA indemnification of MRWPCA for work performed at MCWRA facilities.

MCWRA shall indemnify, defend, and hold harmless MRWPCA, its officers, agents, and employees, from and against any and all suits, claims, liabilities, and losses whatsoever against MRWPCA (including damages to property and injuries to or death of persons, court costs, and reasonable attorneys' fees) occurring or resulting to any and all persons, firms or corporations furnishing or supplying work, services, materials, or supplies in connection with the performance of work for MCWRA facilities, and from any and all suits claims, liabilities, and losses occurring or resulting to any person, firm, or corporation for damage, injury, or death caused in whole or in part by any negligent act or omission of MCWRA, any contractor, subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, except where caused by the active negligence, sole negligence or willful misconduct of MRWPCA or any person or entity other than MCWRA.

Please contact me with any questions.

Sincerely,

A handwritten signature in black ink that reads "David E. Chardavoyne".

Salinas CA 93901

Dear Mr. Chardavoyne:

In accordance with Article II.C.1 of the Agreement between the Department of the Army and the Monterey County Water Resources Agency and Santa Cruz County Flood Control and Water Conservation District – Zone 7, for the General Reevaluation Report for Pajaro River, California (FCSA), on May 15, 2015, we request your non-federal cost share in the amount of \$73,630. The funding will be used to prepare Draft Feasibility Report/Environmental Impact Statement for public review.

Please make the requested payment via one of the four means described in the FCSA. If the Monterey County Water Resources Agency would like to make payment via check, please make it payable to "FAO, USACE San Francisco District, L3." The check should also include the following information: 1) Name of customer (Monterey County Water Resources Agency), 2) Cost Share Number (316), and 3) Debtor ID, and 4) the project name (Pajaro River, California).

The check should be mailed to:

Resource Management  
ATTN: Finance & Accounting Officer  
U.S. Army Corps of Engineers  
San Francisco District  
1455 Market Street  
San Francisco, CA 94103-1398

We would like to take this opportunity to encourage using Electronic Funds Transfer (EFT) or wire transfer as an alternative to sending a check. Electronic transfer significantly reduces our payment processing time, allowing us to meet contractual obligations in a timely manner and better maintain project schedules. Please contact our Finance & Accounting Officer at (415) 503-6935 to enable processing of EFT or wire transfer.

U.S. Army Corps of Engineers can receive funds via ACH/EFT using the following:

U.S. Army Corps of Engineers can receive funds via ACH/EFT using the following:

Bank Name: Cash Link-ACH Receiver  
Account Name: USACE Finance Center  
Bank ABA Number: 051036706  
Account Number: 220025  
Bank Address: Riverdale MD  
Account Type: Checking  
District: San Francisco District (L3)  
Cost Share Number: 316

U.S. Army Corps of Engineers can receive funds via Wire Transfer using the following:

Bank Name: Treas NYC/Funds Transfer Division  
Account Name: Treas NYC/CTR/BNF=/AC-00008736  
Bank ABA Number: 021030004  
Account Number: 00008736  
Bank Address: Federal Reserve Bank New York City, NY  
District: San Francisco District (L3)  
Cost Share Number: 316

When funds are being transferred electronically, please let our Finance & Accounting Officer know in advance so we can be on the lookout for the payment.

If you have questions, please contact Jaime O'Halloran at (415) 503-6738, or at [Jaime.L.O'Halloran@usace.army.mil](mailto:Jaime.L.O'Halloran@usace.army.mil). Thank you for your attention to this matter.

Sincerely,

Re: Appointment to the Monterey County Water Resources Agency Board of Directors

Dear Chair Hart, Mr. Chardavoyne and Ms. Henault,

On Tuesday, June 6, 2017, the Board of Supervisors of the Monterey County Water Resources Agency appointed Mayor Mike LeBarre (King City) to the Monterey County Water Resources Agency Board of Directors as the Monterey County City Selection Committee representative for an unexpired term ending December 31, 2017.

Contact information for Mayor Mike  
LeBarre is as follows:

City Manager/City Clerk Department  
212 So. Vanderhurst Avenue  
King City, California 93930  
(831) 385-3281 phone  
(831) 386-5935 fax  
[mlebarre@kingcity.com](mailto:mlebarre@kingcity.com)

If you need further assistance, do not hesitate to contact me at (831) 755-5066.

Best regards,

Gail T. Borkowski  
Clerk of the Board of Supervisors  
County of Monterey
