

**PLANNING COMMISSION
COUNTY OF MONTEREY, STATE OF CALIFORNIA**

RESOLUTION NO. 05050

A. P. # 131-054-001-000

In the matter of the application of
S&S Land Development Company (PLN030510)

FINDINGS & DECISION

to allow a Combined Development Permit in accordance with Chapter 20.82 (Combined Development Permits) of the Monterey County Code, consisting of a Coastal Development Permit to allow vehicle dismantling and parts sales within Dolan Industrial Park (Parcel A/S& Land Development); and a General Development Plan including connection to a water system. The previous permit (PC94223) expired on June 14, 2000. The site is located at 516-C Dolan Road, Moss Landing, on Via Tanques Road off of Dolan Road and westerly of State Highway 1, North County area, Coastal Zone. The project came on regularly for hearing before the Planning Commission on September 14, 2005.

Said Planning Commission, having considered the application and the evidence presented relating thereto,

1. **FINDING: CONSISTENCY:** The Project, as conditioned is consistent with applicable plans and policies, the North County Land Use Plan, Coastal Implementation Plan (Part 2), Part 6 of the Coastal Implementation Plan, and the Monterey County Zoning Ordinance (Title 20).
EVIDENCE: (a) Plan Conformance. PBI staff has reviewed the project as contained in the application and accompanying materials for consistency with the North County Land Use Plan, Coastal Implementation Plan (Part 2), and the Monterey County Zoning Ordinance (Title 20). County staff determined that the project is consistent with these policies and standards as they apply to light industrial and vehicle dismantling facilities. Staff notes are provided in Project File PLN030510.
(b) Site Visit. Project planner conducted an on-site inspection on April 19, 2004, April 30, 2004, June 1, 2004, and May 17, 2005 to verify that the project on the subject parcel conforms to the plans listed above.
(c) Land Use. The project for vehicle dismantling is an allowed use, in accordance with Section 20.26.060.KK for other industrial uses. The vehicle dismantling operations are similar in character, intensity, and density as other allowed uses including contractors yards, welding shops, storage yards, auto repair facilities, and retail sales. The use is consistent with the North County Land Use Plan which designates the site as a Special Treatment Area that "*is not intended to prohibit the wrecking yards from continued operation.*" It specifies that renewal of the use permits for auto dismantling "*will be based on the merits of the specific proposal and feasible mitigation measures to offset any adverse impacts of continued operation.*" Appropriate conditions and mitigation measures have been incorporated. The use is also compatible with the intent of the zoning designation "*to protect nearby residential, commercial, and industrial uses from undue hazards, noise, and other disturbances.*"

Exhibit H

This page intentionally left blank.

(d) Zoning Consistency. The parcel is designated Light Industrial, Coastal Zone ("LI (CZ)"), pursuant to the Board of Supervisors Resolution 92-248 – June 9, 1992 acknowledging receipt of the California Coastal Commission Certification of Amendments to the Local Coastal Program for PC-6607 which changed the land use and zoning designation from Agricultural Conservation to Light Industrial. The project is in compliance with Site Development Standards for a Light Industrial District in accordance with Section 20.26.070.

(e) Land Use Advisory Committee (LUAC). The North County Coastal Land Use Advisory Committee reviewed the project on April 19, 2004 and recommended approval by a vote of 5 to 0. The LUAC included several recommended conditions relating to the water system, visual issues, potential contaminants which have been incorporated and/or addressed in the permit conditions and discussed below. LUAC meeting minutes dated April 19, 2004.

- Water System. The LUAC recommended one complete water system to serve all four parcels as directed by the Fire District. Staff has determined in consultation with the local Fire District that installation of two separate water systems as proposed allows for backup systems and is acceptable provided they are designed to allow for mutual connections in the event of an emergency. This requirement has been incorporated as a condition.

- Trees. The LUAC recommended planting trees around the perimeter of the yards. This requirement has been incorporated as mitigation.

- Stacking. The LUAC recommended that the cars should not be stacked higher than the height of the fence. This requirement has been incorporated as mitigation.

- Roadway. The LUAC recommended that the entire roadway should be studied and effects of pollutants in runoff be considered. Proposed access road improvements will pave the entire length of the road with gravel base rock used for parking. The project has been evaluated by the Department of Public Works and the Water Resources Agency which have determined that drainage facilities are not required for the road. The project will not increase or substantially alter existing conditions and runoff is currently addressed in the overall stormwater plan and intercepted for pollutants. Mitigation includes inspections and monitoring to ensure that the drainage facilities are functioning properly.

- Disposal of Contaminants. The LUAC recommended that all contaminants be stored and disposed of properly. Mitigation measures include best management practices regarding the dismantling and storage of materials and contaminants to minimize potential adverse effects. Facilities are inspected by the local Fire District and the Division of Environmental Health to ensure compliance.

- Illegal Housing. The LUAC recommended that any illegal housing on the property be removed. The property is subject to County regulations. The owner would need to remove any unpermitted structures on the property or obtain the necessary permits.

(f) The application, plans, and support materials submitted by the project applicant to the Monterey County Planning and Building Inspection Department for the proposed development, found in Project File PLN030510.

2. **FINDING: SITE SUITABILITY:** The site is suitable for the use proposed.
- EVIDENCE:** (a) The project has been reviewed for suitability by Planning and Building Inspection Department, Public Works Department, Water Resources Agency, Environmental Health Division, Parks Department, North County Fire Protection District, Sheriff's Office, and Agricultural Commission. All applicable conditions recommended have been incorporated.
- (b) Technical information by outside biological, archaeological, and geotechnical consultants indicate that there are no physical or environmental constraints such as environmentally sensitive habitats or similar areas that would indicate the site is not suitable for the use proposed. Agency staff concurs. Materials in Project File PLN030510 include:
- Biological Report prepared by Jud Vandevere dated March 24, 2004
 - Field Review of Drainage System prepared by Ken Tunstall dated March 24, 2004.
- (c) The project is located on a developed site and a previous cultural resources survey prepared by Archaeological Consulting dated September 15, 1994 found no evidence of cultural resources on the property.
- (d) Staff conducted an on-site visit on April 19, 2004, April 30, 2004, June 1, 2004, and May 17, 2005 to verify that the site is suitable for this use.
- (e) No public facilities are necessary for the project.
3. **FINDING: CEQA (Mitigated Negative Declaration):** On the basis of the whole record before the Planning Commission there is no substantial evidence that the proposed project as designed and mitigated will have a significant effect on the environment. The mitigated negative declaration reflects the independent judgment and analysis of the County.
- EVIDENCE:** (a) The Monterey County Planning and Building Inspection Department prepared an Initial Study pursuant to CEQA. The Initial Study provides substantial evidence based upon the record as a whole, that the project would not have a significant effect on the environment. Staff accordingly prepared a mitigated negative declaration. The Initial Study is on file in the offices of the Planning and Building Inspection Department and is hereby incorporated by reference. (PLN030510).
- (b) Evidence that has been received and considered includes:
- The application and materials in project file number PLN030510.
 - Initial Study/Mitigated Negative Declaration prepared by Eric Lee for project file PLN030510, dated June 1, 2005.
 - Biological Report prepared by Jud Vandevere dated March 24, 2004 found no significant or sensitive biological resources on the property.
 - Staff site visits on April 19, 2004, April 30, 2004, June 1, 2004, and May 17, 2005.
 - Staff report that reflects the County's independent judgment.
- (c) These reports are on file in the offices of PBI (File Reference No. PLN030510) and are incorporated by reference herein.

(d) The Initial Study addresses potential environmental impacts of the proposed project and includes mitigation measures that reduce the impacts to a less than significant level. Impacts and mitigation measures are summarized below:

- Aesthetics. The dismantling facilities are visible from public viewing areas with potential impacts to scenic and visual resources. Mitigation to reduce visibility and glare includes planting and maintaining trees along the perimeter, limiting the height of stacked vehicles, painting any new structures an appropriate earthtone color, and grading Yards #1 and #2 to reduce the exposed slope.
- Hazards/Hazardous Materials. The project for a vehicle dismantling facility handles and disposes of potentially hazardous chemicals and materials which can cause adverse impacts if not properly handled. Mitigation to address potential hazards includes implementing best management practices and installing a water system for fire suppression
- Hydrology/Water. The project is located adjacent to environmentally sensitive wetlands and sloughs. Runoff from the project site has the potential to impact the sensitive habitat. A comprehensive stormwater management system was previously required and installed. Further mitigation includes continuing inspections and maintenance on the system and updating the stormwater plan to address changes from grading activities, erosion and sedimentation issues, and runoff from the proposed new yards.
- Transportation/Traffic. The project has not resulted in substantial increases in traffic generation since the projects were last permitted and analyzed. However, due to changed circumstances, a general increase in traffic levels, and lack of maintenance, certain road and traffic improvements have been identified as necessary. Mitigation includes traffic and sight distance improvements at the intersection of Dolan Road and Via Tanques, and improvements to the access road for circulation and parking.

(d) The mitigated negative declaration was circulated for public review from June 6, 2005 to July 5, 2005. The County has considered the comments received during the public review period, and they do not alter the conclusions in the Initial Study. Comments are summarized and addressed below:

- The Public Utilities Commission commented on safety issues related to the Union Pacific rail line adjacent to the property. Staff has determined that project design and fencing addresses these issues.

4. **FINDING:** **EXISTING VIOLATIONS:** The subject property is not in compliance with all rules and regulations pertaining to zoning uses, subdivision and any other applicable provisions of the County's zoning ordinance and actions shall be implemented to require immediate cessation of operations and the removal of all materials and infrastructure that supports those operations.

EVIDENCE: (a) A zoning violation (CE020297) currently exists on the subject property for the dismantling activities which are operating without a valid use permit. The previous permit PC94223 expired in 2000. The applicant was allowed to continue operations as an existing use provided a new permit was obtained. Approval of the subject permit (PLN030510) and compliance with the conditions will clear the violation.

(b) Application, plans and materials in Project File PLN030510.

(c) Staff site visits on April 19, 2004, April 30, 2004, June 1, 2004, and May 17, 2005.

5. **FINDING:** **PUBLIC ACCESS:** The project is in conformance with the public access and public recreation policies of the Coastal Act and Local Coastal Program, and does not interfere with any form of historic public use or trust rights (see §20.70.050.B.4). No access is required as part of the project as no substantial adverse impact on access, either individually or cumulatively, as described in Section 20.70.050.B.4.c of the Monterey County Coastal Implementation Plan, can be demonstrated.

EVIDENCE: (a) The subject property is not described as an area where the Local Coastal Program requires access.

(b) The subject property is not indicated as part of any designated trails or shoreline access as shown in Figures 6, the Shoreline Access/Trails Map, of the North County Land Use Plan.

(c) No evidence or documentation has been submitted or found showing the existence of historic public use or trust rights over this property.

(d) Staff site visit on April 19, 2004, April 30, 2004 and June 1, 2004.

6. **FINDING:** **HEALTH AND SAFETY:** The establishment, maintenance or operation of the project applied for will not under the circumstances of this particular case, be detrimental to the health, safety, peace, morals, comfort, and general welfare of persons residing or working in the neighborhood of such proposed use, or be detrimental or injurious to property and improvements in the neighborhood or to the general welfare of the County.

EVIDENCE: (a) The project was reviewed by Planning and Building Inspection Department, Public Works Department, Water Resources Agency, Environmental Health Division, Parks Department, North County Fire Protection District, Sheriff's Office, and Agricultural Commission. The respective departments and agencies have recommended conditions, where appropriate, to ensure that the project will not have an adverse effect on the health, safety, and welfare of persons either residing or working in the neighborhood. The applicant has agreed to these conditions as evidenced by the application and accompanying materials and conditions.

7. **FINDING:** **APPEALABILITY:** The project is appealable to the Board of Supervisors and California Coastal Commission.

EVIDENCE: (a) Section 20.86.030.A of the Monterey County Coastal Implementation Plan, Part 1 (Board of Supervisors).

(b) Section 20.86.080.A.3 of the Monterey County Coastal Implementation Plan, Part 1 (Coastal Commission). Development that is permitted as a conditional use is appealable to the Coastal Commission. The dismantling operation is a conditional use which requires a coastal development permit.

DECISION

It is the decision of the Planning Commission that said application for a Combined Development Permit be granted as shown on the attached sketch and subject to the attached conditions.

PASSED AND ADOPTED this 14th day of September 2005, by the following vote:

AYES: Errea, Hawkins, Parsons, Padilla, Vandever, Salazar, Rochester, Wilmot, Diehl
NOES: None
ABSENT: Sanchez

DALE ELLIS, SECRETARY

COPY OF THIS DECISION MAILED TO APPLICANT ON **OCT 7 2005**

THIS APPLICATION IS APPEALABLE TO THE BOARD OF SUPERVISORS. IF ANYONE WISHES TO APPEAL THIS DECISION, AN APPEAL FORM MUST BE COMPLETED AND SUBMITTED TO THE CLERK OF THE BOARD OF SUPERVISORS ALONG WITH THE APPROPRIATE FILING FEE ON OR BEFORE **OCT 17 2005**

THIS APPLICATION IS ALSO APPEALABLE TO THE COASTAL COMMISSION. UPON RECEIPT OF NOTIFICATION OF THE DECISION BY THE BOARD OF SUPERVISORS, THE COMMISSION ESTABLISHES A 10 WORKING DAY APPEAL PERIOD. AN APPEAL FORM MUST BE FILED WITH THE COASTAL COMMISSION. FOR FURTHER INFORMATION, CONTACT THE COASTAL COMMISSION AT (831) 427-4863 OR AT 725 FRONT STREET, SUITE 300, SANTA CRUZ, CA

This decision, if this is the final administrative decision, is subject to judicial review pursuant to California Code of Civil Procedure Sections 1094.5 and 1094.6. Any Petition for Writ of Mandate must be filed with the Court no later than the 90th day following the date on which this decision becomes final.

NOTES

1. You will need a building permit and must comply with the Monterey County Building Ordinance in every respect.

Additionally, the Zoning Ordinance provides that no building permit shall be issued, nor any use conducted, otherwise than in accordance with the conditions and terms of the permit granted or until ten days after the mailing of notice of the granting of the permit by the appropriate authority, or after granting of the permit by the Board of Supervisors in the event of appeal.

Do not start any construction or occupy any building until you have obtained the necessary permits and use clearances from the Monterey County Planning and Building Inspection Department office in Marina.

2. This permit expires 2 years after the above date of granting thereof unless construction or use is started within this period.

Permit Mit Cond. No.	Conditions of Approval and/or Mitigation Measures and Responsible Land Use Department	Compliance or Monitoring Actions to be performed. Where applicable, a certified professional is required for action to be accepted.	Responsible Party for Compliance	Timing	Verification of Compliance (name/date)
1	<p>SPECIFIC USES ONLY</p> <p><i>This is a Combined Development Permit for Parcel B consisting of: a Coastal Development Permit to allow vehicle dismantling and retail sales; and General Development Plan. The project is located at 516-D Dolan Road, Castroville (131-054-002-000), on Via Tanques Road north of Dolan Road, North County Area, Coastal Zone.</i></p> <p><i>This permit was approved in accordance with County ordinances and land use regulations subject to the following terms and conditions. Neither the uses nor the construction allowed by this permit shall commence unless and until all of the conditions of this permit are met to the satisfaction of the Director of Planning and Building Inspection. Any use or construction not in substantial conformance with the terms and conditions of this permit is a violation of County regulations and may result in modification or revocation of this permit and subsequent legal action. No use or construction other than that specified by this permit is allowed unless additional permits are approved by the appropriate authorities. (Planning and Building Inspection)</i></p>	Adhere to conditions and uses specified in the permit.	Owner/ Applicant	Ongoing unless otherwise stated	

Permit Cond. No.	Conditions of Approval and/or Mitigation Measures and Responsible Land Use Department	Compliance or Monitoring Actions to be performed. Where applicable, a certified professional is required for action to be accepted.	Responsible Party for Compliance	Timing	Verification of Compliance (name/date)
2	<p>NOTICE-PERMIT APPROVAL & EXPIRATION</p> <p>The applicant shall record a notice which states: "A permit (Resolution 05050) was approved by the Planning Commission for Assessor's Parcel Number 131-054-004-000 on September 14, 2005. The permit was granted subject to 36 conditions of approval which run with the land. This permit expires ten (10) years from the date of approval on September 14, 2015. The owner shall obtain a <u>renewal</u> new use permit prior to expiration in order to continue operations. A copy of the permit is on file with the Monterey County Planning and Building Inspection Department." Proof of recordation of this notice shall be furnished to the Director of Planning and Building Inspection prior to issuance of building permits or commencement of the use. (Planning and Building Inspection)</p>	Proof of recordation of this notice shall be furnished to PBI.	Owner/ Applicant	Within one (1) month of permit approval	
3	<p>PBD016 - INDEMNIFICATION</p> <p>The property owner agrees as a condition and in consideration of the approval of this discretionary development permit that it will, pursuant to agreement and/or statutory provisions as applicable, including but not limited to Government Code Section 66474.9, defend, indemnify and hold harmless the County of Monterey or its agents, officers and employees from any claim, action or proceeding against the County or its agents, officers or employees to attack, set aside, void or annul this approval, which action is brought within the time period provided for under law, including but not limited to, Government Code Section 66499.37, as applicable. The property owner will reimburse the county for any court costs and attorney's fees which the County may be required by a court to pay as a result of such action. County may, at its sole discretion, participate in the defense of such action; but such</p>	Proof of recordation of the Indemnification Agreement, as outlined, shall be submitted to PBI.	Owner/ Applicant	Upon demand of County Counsel or concurrent with the issuance of building permits, use of the property, filing of the final map, which-ever occurs first and as applicable	

Permit Cond. No.	Mit ig. No.	Conditions of Approval and/or Mitigation Measures and Responsible Land Use Department	Compliance or Monitoring Actions to be performed. 		participation shall not relieve applicant of his obligations under this condition. An agreement to this effect shall be recorded upon demand of County Counsel or concurrent with the issuance of building permits, use of the property, filing of the final map, whichever occurs first and as applicable. The County shall promptly notify the property owner of any such claim, action or proceeding and the County shall cooperate fully in the defense thereof. If the County fails to promptly notify the property owner of any such claim, action or proceeding or fails to cooperate fully in the defense thereof, the property owner shall not thereafter be responsible to defend, indemnify or hold the county harmless. (Planning and Building Inspection)				
4		PBD012 - FISH AND GAME FEE-NEG DEC/EIR Pursuant to the State Public Resources Code, State Fish and Game Code, and California Code of Regulations, the applicant shall pay a fee, to be collected by the County, within five (5) calendar days of project approval – prior to filing of the Notice of Determination. This fee shall be paid on or before the filing of the Notice of Determination. Proof of payment shall be furnished by the applicant to the Director of Planning and Building Inspection prior to the recordation of the tentative map, the commencement of the use, or the issuance of building and/or grading permits, whichever occurs first. The project shall not be operative, vested or final until the filing fees are paid. (Planning and Building Inspection)	Proof of payment shall be furnished by the applicant to the Director of Planning and Building Inspection prior to the recordation of the tentative map, the commencement of the use, or the issuance of building and/or grading permits, whichever occurs first.	Owner/ Applicant	Prior to the recordation of the tentative map, the start of the use or the issuance of building and grading permits.	

Permit Cond. No.	Mit ig. No.	Conditions of Approval and/or Mitigation Measures and Responsible Land Use Department	Compliance or Monitoring Actions to be performed. Where applicable, a certified professional is required for action to be accepted.	Responsible Party for Compliance	Timing	Verification of Compliance (name/date)
5		PBD022 - MITIGATION MONITORING PROGRAM The applicant shall enter into an agreement with the County to implement a Mitigation Monitoring and/or Reporting Plan in accordance with Section 21081.6 of the California Public Resources Code and Section 15097 of Title 14, Chapter 3 of the California Code of Regulations. Compliance with the fee schedule adopted by the Board of Supervisors for mitigation monitoring shall be required and payment made to the County of Monterey at the time the property owner submits the signed mitigation monitoring agreement. (Planning and Building Inspection)	1) Enter into agreement with the County to implement a Mitigation Monitoring Program. 2) Fees shall be submitted at the time the property owner submits the signed mitigation monitoring agreement.	Owner/ Applicant	Within 60 days after project approval or prior to issuance of grading and building permits, which-ever occurs first.	
6		PBD021 - LIGHTING - EXTERIOR LIGHTING PLAN All exterior lighting shall be unobtrusive, harmonious with the local area, and constructed or located so that only the intended area is illuminated and off-site glare is fully controlled. The applicant shall submit 3 copies of an exterior lighting plan which shall indicate the location, type, and wattage of all light fixtures and include catalog sheets for each fixture. The exterior lighting plan shall be subject to approval by the Director of Planning and Building Inspection, prior to the issuance of building permits. (Planning and Building Inspection)	Submit three (3) sets of the exterior lighting plan.	Owner/ Applicant	Ongoing prior to installation of exterior lighting	
7		PERFORMANCE SECURITY (Non-Standard) The owner shall provide a performance security to the County for the total amount of estimated improvements and maintenance related to the water system installation, road and traffic improvements, and landscaping pursuant to related conditions contained in this permit to the Director of Planning and Building Inspection for review and approval.	Submit the performance security to PBI.	Owner/ Applicant	Within two (2) months <u>At the time of permit approval</u>	

Permit Mit Cond. ig. No.	Conditions of Approval and/or Mitigation Measures and Responsible Land Use Department	Compliance or Monitoring Actions to be performed. Where applicable, a certified professional is required for action to be accepted.	Responsible Party for Compliance	Timing	Verification of Compliance (name/date)
	(Planning and Building Inspection)				
8	PBD032(A) - TREE PROTECTION Trees which are located close to grading activities shall be protected from inadvertent damage from construction equipment by wrapping trunks with protective materials, avoiding fill of any type against the base of the trunks and avoiding an increase in soil depth at the feeding zone or drip line of the retained trees. Said protection shall be demonstrated prior to issuance of building permits subject to the approval of the Director of Planning and Building Inspection. (Planning and Building Inspection)	Submit evidence of tree protection to PBI for review and approval.	Owner/ Applicant	Prior to issuance of grading and building permits	
9	PUBLIC SAFETY AND SECURITY GUIDELINES (Non-Standard) Within nine (9) months of permit approval and prior to occupancy of any new structures, the applicant shall comply with the Monterey County <u>Public Safety and Security Guidelines</u> to the satisfaction of the Monterey County Sheriff's Office. (Planning and Building Inspection & Sheriff's Office)	Submit documentation of compliance from the Sheriff's Office to the Director of PBI for review and approval.	Owner/ Applicant	Within nine (9) months of permit approval and/or prior to occupancy	
10	PROPERTY ABANDONMENT (Non-Standard) In the event that the vehicle dismantling use of the property is abandoned or that the use permit is revoked, the owner shall clean up and restore the site to the satisfaction of Monterey County and reimburse the County for any costs incurred or damages suffered as a result of the clean up. (Planning and Building Inspection)	Clean up and restore site.	Owner/ Applicant	In the event of use abandonment or permit revocation restore within six (6) months	
11	NO SALES OUTSIDE OF YARDS (Non-Standard) No storage or sales of vehicles or parts are allowed outside of the fenced yard areas. (Planning and Building Inspection)	Adhere to condition	Owner/ Yard Operator	Ongoing	

Permit Cond. No.	Mit ig. No.	Conditions of Approval and/or Mitigation Measures and Responsible Land Use Department	Compliance or Monitoring Actions to be performed. Where applicable, a certified professional is required for action to be accepted.	Responsible Party for Compliance	Timing	Verification of Compliance (name/date)
12		PBD030 - STOP WORK - RESOURCES FOUND If, during the course of construction, cultural, archaeological, historical or paleontological resources are uncovered at the site (surface or subsurface resources) work shall be halted immediately within 50 meters (165 feet) of the find until a qualified professional archaeologist can evaluate it. The Monterey County Planning and Building Inspection Department and a qualified archaeologist (i.e., an archaeologist registered with the Society of Professional Archaeologists) shall be immediately contacted by the responsible individual present on-site. When contacted, the project planner and the archaeologist shall immediately visit the site to determine the extent of the resources and to develop proper mitigation measures required for the discovery. (Planning and Building Inspection)	Stop work within 50 meters (165 feet) of uncovered resource and contact the Monterey County Planning and Building Inspection Department and a qualified archaeologist immediately if cultural, archaeological, historical or paleontological resources are uncovered. When contacted, the project planner and the archaeologist shall immediately visit the site to determine the extent of the resources and to develop proper mitigation measures required for the discovery.	Owner/ Applicant/ Archaeologist	Ongoing	
13		PBD014 - GRADING-WINTER RESTRICTION - No land clearing or grading shall occur on the subject parcel between October 15 and April 15 unless authorized by the Director of Planning and Building Inspection. (Planning and Building Inspection)	None	Owner/ Applicant	Ongoing	
14		YARD OPERATIONS (Non-Std.) It is the responsibility of the property owner to make sure that all operators are aware of these conditions of approval and to ensure that operations are in compliance with these conditions of approval. (Planning and Building Inspection Department)	Adhere to condition.	Owner/ Applicant/ Operator	Ongoing	
15		PERMIT REVOCATION (Non-Std) Failure of the owner to comply with any condition of the subject permit (PLN030510) shall result in the revocation of the permit pursuant to Section 20.82.060 and continued operations shall be considered a violation and public nuisance, pursuant to Section 20.90. The	Comply with permit conditions.	Owner/ Applicant	Ongoing	

Permit Cond. No.	Mit ig. No.	Conditions of Approval and/or Mitigation Measures and Responsible Land Use Department	Compliance or Monitoring Actions to be performed. Where applicable, a certified professional is required for action to be accepted.	Responsible Party for Compliance	Timing	Verification of Compliance (name/date)
		owner shall pay reasonable compensation to the County for any related costs incurred or damages suffered as a result of the violation. Revocation of the subject permit shall also result in revocation of all related operating permits, including but not limited to the Environmental Health Hazardous Materials Permit. (Planning and Building Inspection)				
16		PERMIT EXPIRATION (Non-Std) The subject permit shall be granted for a time period of 10 years, to expire on July 13, 2015. In order to continue operations the owners shall apply for a renewal permit one year prior to expiration and use all due diligence to obtain the permit. (Planning and Building Inspection)	Apply for and obtain renewal permits.	Owner/ Applicant	July 13, 2014 - One year prior to permit expiration	
17		DRAINAGE PLAN (Non-Standard) The applicant shall provide the Water Resources Agency a drainage plan prepared by a registered civil engineer addressing on-site and off-site impacts, and which incorporates the recommendations included in Tunstall Engineering Consultants' Field Review of Drainage System, dated March 15, 2004, or as updated. Drainage improvements shall be constructed in accordance with plans approved by the Water Resources Agency. (Water Resources Agency)	Submit 3 copies of the drainage plan to the Water Resources Agency for review and approval.	Owner/ Applicant/ Engineer	Within 3 months of permit approval	
18		COMPLETION CERTIFICATION (Non-Standard) The applicant shall provide the Water Resources Agency certification from a registered civil engineer that drainage improvements have been constructed in accordance with approved plans. (Water Resources Agency)	Submit a letter to the Water Resources Agency, prepared by a registered civil engineer, certifying compliance with approved drainage plan.	Owner/ Applicant/ Engineer	Within 6 months of permit approval	
19		OTHER AGENCY PERMITS (Non-Standard) The applicant shall provide certification to the Water Resources Agency that applications have been	Submit a letter and any associated permits to the Water Resources Agency for review and approval.	Owner/ Applicant	Within 3 months of permit approval	

Permit Cond. No.	Mitig. No.	Conditions of Approval and/or Mitigation Measures and Responsible Land Use Department	Compliance or Monitoring Actions to be performed. Where applicable, a certified professional is required for action to be accepted.	Responsible Party for Compliance	Timing	Verification of Compliance (name/date)
		submitted for all required local, State, and Federal permits. The Agencies include, but are not limited to, the California Department of Fish & Game, California Regional Water Quality Control Board, Division of Safety of Dams, and the Army Corps of Engineers. (Water Resources Agency)				
20		SEPTIC SYSTEM (Non-Standard) As necessary, submit plans for review and approval showing the location and design of the proposed septic system(s) meeting the standards found in Chapter 15.20 of the Monterey County Code (Septic Ordinance) and "Prohibitions", Central Coast Basin Plan, RWQCB. (Environmental Health)	Division of Environmental Health must approve plans. Applicant shall obtain a permit to install the septic system.	CA Licensed Engineer /Owner/ Applicant/Operator	Within 45 days At the time of approval of the Use Permit.	
21		SEPTIC SYSTEM (Non-Standard) As necessary, construct the septic system(s) under permit from the Division of Environmental Health, meeting the standards found in Chapter 15.20 of the Monterey County Code (Septic Ordinance) and "Prohibitions", Central Coast Basin Plan, RWQCB. (Environmental Health)	Division of Environmental Health must approve plans. Applicant shall obtain a permit to install the septic system(s) and pay all associated fees.	CA Licensed Engineer /Owner/ Applicant/Operator	Within 45 days of DEH review and approval of the septic system design.	
22		HAZARDOUS MATERIALS (Non-Standard) Comply with Title 19 of the California Code of Regulations and Chapter 6.95 of the California Health and Safety Code (Hazardous Material Registration and Business Response Plans) as approved by the Director of Environmental Health. (Environmental Health)	Contact the Hazardous Materials Program of the Division of Environmental Health.	Owner/ Applicant/Operator	Continuous	
23		HAZARDOUS WASTE (Non-Standard) Comply with Title 22, Division 4.5 of the California Code of Regulations and Chapter 6.50 of the California Health and Safety Code (Hazardous Waste Control) as approved by the Director of	Contact the Hazardous Materials Program of the Division of Environmental Health.	Owner/ Applicant/Operator	Continuous	

Permit Cond. No.	Mitig. No.	Conditions of Approval and/or Mitigation Measures and Responsible Land Use Department	Compliance or Monitoring Actions to be performed. Where applicable, a certified professional is required for action to be accepted.	Responsible Party for Compliance	Timing	Verification of Compliance (name/date)
		Environmental Health. (Environmental Health)				
24		WATER SYSTEM (Non-Standard) Obtain a new or amended water system permit from the Division of Environmental Health consistent with Mitigation Measure #5 and accompanying monitoring actions. (Environmental Health)	Submit necessary application, reports and testing results to EH for review and approval. <u>Construct water system in accordance with plans approved by EH.</u>	CA Licensed Engineer /Owner/ Applicant	Within 6 months of approval of the Use Permit	
25		WATER SYSTEM (Non-Standard) Design the water system improvements to meet the standards as found in Chapter 15.04 of the Monterey County Code, and Titles 17 and 22 of the California Code of Regulations. Submit engineered plans for the water system improvements and any associated fees to the Director of Environmental Health for review and approval prior to installing (or bonding) the improvements consistent with Mitigation Measure #5 and accompanying monitoring actions. . . (Environmental Health)	Submit engineered plans for the water system improvements and any associated fees to EH for review and approval prior to installing (or bonding) the improvements.	CA Licensed Engineer /Owner/ Applicant	Within 1 month At the time of approval of the Use Permit	
26		ABANDONED WELLS (Non-Standard) Destroy the existing abandoned well(s), as necessary, according to the standards found in State of California Bulletin 74 and all its supplements, and Chapter 15.08 of the Monterey County Code. The well shall not be considered abandoned if satisfactory evidence is provided that the well is functional, is used on a regular basis, and does not act as a conduit for contamination of groundwater. (Environmental Health)	Prior to destruction, a permit for the destruction of the well(s) shall be obtained by a CA licensed well contractor from the Division of Environmental Health. After destruction submit the Well Completion Report to the Division of Environmental Health	CA C57 Licensed Contractor /Owner/ Applicant	Within 6 months of approval of the Use Permit	
27	1	Mitigation Measure #1 (Screening): In order to minimize impacts to scenic vistas, to reduce off-site glare and to maintain the visual quality of the site, each dismantling facilities on each parcel shall be screened from public view. Each owner/applicant shall implement measures including but not limited to the following screening measures for their respective	<u>Monitoring Action #1A:</u> Within one (1) month of permit approval, the owners of Parcel A and Parcel D shall submit a screening/landscaping plan for their respective parcels to the Director of Planning and Building Inspection for review and approval. The plan shall screen the	Owner/ Applicant/ Landscape Architect or Designer	Within one (1) month of permit approval

PLANNING COMMISSION
COUNTY OF MONTEREY, STATE OF CALIFORNIA

RESOLUTION NO. 05048

A. P. # 131-054-002-000

In the matter of the application of
Pick-N-Pull San Jose Auto (PLN030498)

FINDINGS & DECISION

to allow a Combined Development Permit in accordance with Chapter 20.82 (Combined Development Permits) of the Monterey County Code, consisting of a Coastal Development Permit to allow vehicle dismantling and parts sales within the Dolan Industrial Park (Parcel B/Pick-N-Pull); and General Development Plan including drainage improvements and a water system connection. The previous permit (PC94195) expired on June 14, 2000. The project is located at 516-D Dolan Road, Castroville, on Via Tanques Road north of Dolan Road, North County area, Coastal Zone. The project came on regularly for hearing before the Planning Commission on September 14, 2005.

Said Planning Commission, having considered the application and the evidence presented relating thereto,

1. **FINDING: CONSISTENCY:** The Project, as conditioned is consistent with applicable plans and policies, the North County Land Use Plan, Coastal Implementation Plan (Part 2), Part 6 of the Coastal Implementation Plan, and the Monterey County Zoning Ordinance (Title 20).
EVIDENCE: (a) Plan Conformance. PBI staff has reviewed the project as contained in the application and accompanying materials for consistency with the North County Land Use Plan, Coastal Implementation Plan (Part 2), and the Monterey County Zoning Ordinance (Title 20). County staff determined that the project is consistent with these policies and standards as they apply to light industrial and vehicle dismantling facilities. Staff notes are provided in Project File PLN030498.
(b) Site Visit. Project planner conducted an on-site inspection on April 19, 2004, April 30, 2004, June 1, 2004, and May 17, 2005 to verify that the project on the subject parcel conforms to the plans listed above.
(c) Land Use. The project for vehicle dismantling is an allowed use, in accordance with Section 20.26.060.KK for other industrial uses. The vehicle dismantling operations are similar in character, intensity, and density as other allowed uses including contractors yards, welding shops, storage yards, auto repair facilities, and retail sales. The use is consistent with the North County Land Use Plan which designates the site as a Special Treatment Area that *"is not intended to prohibit the wrecking yards from continued operation."* It specifies that renewal of the use permits for auto dismantling *"will be based on the merits of the specific proposal and feasible mitigation measures to offset any adverse impacts of continued operation."* Appropriate conditions and mitigation measures have been incorporated. The use is also compatible with the intent of the zoning designation *"to protect nearby residential, commercial, and industrial uses from undue hazards, noise, and other disturbances."*

(d) Zoning Consistency. The parcel is designated Light Industrial, Coastal Zone ("LI (CZ)"), pursuant to the Board of Supervisors Resolution 92-248 – June 9, 1992 acknowledging receipt of the California Coastal Commission Certification of Amendments to the Local Coastal Program for PC-6607 which changed the land use and zoning designation from Agricultural Conservation to Light Industrial. The project is in compliance with Site Development Standards for a Light Industrial District in accordance with Section 20.26.070.

(e) Land Use Advisory Committee (LUAC). The North County Coastal Land Use Advisory Committee reviewed the project on April 19, 2004 and recommended approval by a vote of 5 to 0. The LUAC included several recommended conditions relating to the water system, visual issues, potential contaminants which have been incorporated and/or addressed in the permit conditions and discussed below. LUAC meeting minutes dated April 19, 2004.

- Water System. The LUAC recommended one complete water system to serve all four parcels as directed by the Fire District. Staff has determined in consultation with the local Fire District that installation of two separate water systems as proposed allows for backup systems and is acceptable provided they are designed to allow for mutual connections in the event of an emergency. This requirement has been incorporated as a condition.

- Trees. The LUAC recommended planting trees around the perimeter of the yards. This requirement has been incorporated as mitigation.

- Stacking. The LUAC recommended that the cars should not be stacked higher than the height of the fence. This requirement has been incorporated as mitigation.

- Roadway. The LUAC recommended that the entire roadway should be studied and effects of pollutants in runoff be considered. Proposed access road improvements will pave the entire length of the road with gravel base rock used for parking. The project has been evaluated by the Department of Public Works and the Water Resources Agency which have determined that drainage facilities are not required for the road. The project will not increase or substantially alter existing conditions and runoff is currently addressed in the overall stormwater plan and intercepted for pollutants. Mitigation includes inspections and monitoring to ensure that the drainage facilities are functioning properly.

- Disposal of Contaminants. The LUAC recommended that all contaminants be stored and disposed of properly. Mitigation measures include best management practices regarding the dismantling and storage of materials and contaminants to minimize potential adverse effects. Facilities are inspected by the local Fire District and the Division of Environmental Health to ensure compliance.

- Illegal Housing. The LUAC recommended that any illegal housing on the property be removed. The property is subject to County regulations. The owner would need to remove any unpermitted structures on the property or obtain the necessary permits.

(f) The application, plans, and support materials submitted by the project applicant to the Monterey County Planning and Building Inspection Department for the proposed development, found in Project File PLN030498.

2. **FINDING:** **SITE SUITABILITY:** The site is suitable for the use proposed.
- EVIDENCE:** (a) The project has been reviewed for suitability by Planning and Building Inspection Department, Public Works Department, Water Resources Agency, Environmental Health Division, Parks Department, North County Fire Protection District, Sheriff's Office, and Agricultural Commission. All applicable conditions recommended have been incorporated.
- (b) Technical information by outside biological, archaeological, and geotechnical consultants indicate that there are no physical or environmental constraints such as environmentally sensitive habitats or similar areas that would indicate the site is not suitable for the use proposed. Agency staff concurs. Materials in Project File PLN030498 include:
- Biological Report prepared by Jud Vandever dated March 12, 2004
 - Field Review of Drainage System prepared by Ken Tunstall dated (March 23, 2004.
- (c) The project is located on a developed site and a previous cultural resources survey prepared by Archaeological Consulting dated September 15, 1994 found no evidence of cultural resources on the property.
- (d) Staff conducted an on-site visit on April 19, 2004, April 30, 2004, June 1, 2004, and May 17, 2005 to verify that the site is suitable for this use.
- (e) No public facilities are necessary for the project.

3. **FINDING** **CEQA (Mitigated Negative Declaration):** On the basis of the whole record before the Planning Commission there is no substantial evidence that the proposed project as designed and mitigated will have a significant effect on the environment. The mitigated negative declaration reflects the independent judgment and analysis of the County.
- EVIDENCE:** (a) The Monterey County Planning and Building Inspection Department prepared an Initial Study pursuant to CEQA. The Initial Study provides substantial evidence based upon the record as a whole, that the project would not have a significant effect on the environment. Staff accordingly prepared a mitigated negative declaration. The Initial Study is on file in the offices of the Planning and Building Inspection Department and is hereby incorporated by reference. (PLN030498).
- (b) Evidence that has been received and considered includes:
- The application and materials in project file number PLN030498.
 - Initial Study/Mitigated Negative Declaration prepared by Eric Lee for project file PLN030498, dated June 1, 2005.
 - Biological Report prepared by Jud Vandever dated March 12, 2004 found no significant or sensitive biological resources on the property.
 - Staff site visits on April 19, 2004, April 30, 2004, June 1, 2004, and May 17, 2005.
 - Staff report that reflects the County's independent judgment.
- (c) These reports are on file in the offices of PBI (File Reference No. PLN030498) and are incorporated by reference herein.

(d) The Initial Study addresses potential environmental impacts of the proposed project and includes mitigation measures that reduce the impacts to a less than significant level. Impacts and mitigation measures are summarized below:

- Aesthetics. The dismantling facilities are visible from public viewing areas with potential impacts to scenic and visual resources. Mitigation to reduce visibility and glare includes planting and maintaining trees along the perimeter, limiting the height of stacked vehicles, painting any new structures an appropriate earthtone color, and grading Yards #1 and #2 to reduce the exposed slope.
- Hazards/Hazardous Materials. The project for a vehicle dismantling facility handles and disposes of potentially hazardous chemicals and materials which can cause adverse impacts if not properly handled. Mitigation to address potential hazards includes implementing best management practices and installing a water system for fire suppression
- Hydrology/Water. The project is located adjacent to environmentally sensitive wetlands and sloughs. Runoff from the project site has the potential to impact the sensitive habitat. A comprehensive stormwater management system was previously required and installed. Further mitigation includes continuing inspections and maintenance on the system and updating the stormwater plan to address changes from grading activities, erosion and sedimentation issues, and runoff from the proposed new yards.
- Transportation/Traffic. The project has not resulted in substantial increases in traffic generation since the projects were last permitted and analyzed. However, due to changed circumstances, a general increase in traffic levels, and lack of maintenance, certain road and traffic improvements have been identified as necessary. Mitigation includes traffic and sight distance improvements at the intersection of Dolan Road and Via Tanques, and improvements to the access road for circulation and parking.

(e) The mitigated negative declaration was circulated for public review from June 6, 2005 to July 5, 2005. The County has considered the comments received during the public review period, and they do not alter the conclusions in the Initial Study. Comments are summarized and addressed below:

- The Public Utilities Commission commented on safety issues related to the Union Pacific rail line adjacent to the property. Staff has determined that project design and fencing addresses these issues.

4. **FINDING** **EXISTING VIOLATIONS:** The subject property is not in compliance with all rules and regulations pertaining to zoning uses, subdivision and any other applicable provisions of the County's zoning ordinance and actions shall be implemented to require immediate cessation of operations and the removal of all materials and infrastructure that supports those operations.

EVIDENCE: (a) A zoning violation (CE020300) currently exists on the subject property for the dismantling activities which are operating without a valid use permit. The previous permit (PC94195) expired in 2000. The applicant was allowed to continue operations as an existing use provided a new permit was obtained. Approval of the subject permit (PLN030498) and compliance with the conditions will clear the violation.

(b) Application, plans and materials in Project File PLN030498.

(c) Staff site visits on April 19, 2004, April 30, 2004, June 1, 2004, and May 17, 2005.

5. **FINDING:** **PUBLIC ACCESS:** The project is in conformance with the public access and public recreation policies of the Coastal Act and Local Coastal Program, and does not interfere with any form of historic public use or trust rights (see §20.70.050.B.4). No access is required as part of the project as no substantial adverse impact on access, either individually or cumulatively, as described in Section 20.70.050.B.4.c of the Monterey County Coastal Implementation Plan, can be demonstrated.

EVIDENCE: (a) The subject property is not described as an area where the Local Coastal Program requires access.
(b) The subject property is not indicated as part of any designated trails or shoreline access as shown in Figures 6, the Shoreline Access/Trails Map, of the North County Land Use Plan.
(c) No evidence or documentation has been submitted or found showing the existence of historic public use or trust rights over this property.
(d) Staff site visit on April 19, 2004, April 30, 2004 and June 1, 2004.

6. **FINDING** **HEALTH AND SAFETY:** The establishment, maintenance or operation of the project applied for will not under the circumstances of this particular case, be detrimental to the health, safety, peace, morals, comfort, and general welfare of persons residing or working in the neighborhood of such proposed use, or be detrimental or injurious to property and improvements in the neighborhood or to the general welfare of the County.

EVIDENCE: (a) The project was reviewed by Planning and Building Inspection Department, Public Works Department, Water Resources Agency, Environmental Health Division, Parks Department, North County Fire Protection District, Sheriff's Office, and Agricultural Commission. The respective departments and agencies have recommended conditions, where appropriate, to ensure that the project will not have an adverse effect on the health, safety, and welfare of persons either residing or working in the neighborhood. The applicant has agreed to these conditions as evidenced by the application and accompanying materials and conditions.

7. **FINDING** **APPEALABILITY:** The project is appealable to the Board of Supervisors and California Coastal Commission.

EVIDENCE: (a) Section 20.86.030.A of the Monterey County Coastal Implementation Plan, Part 1 (Board of Supervisors).
(b) Section 20.86.080.A.3 of the Monterey County Coastal Implementation Plan, Part 1 (Coastal Commission). Development that is permitted as a conditional use is appealable to the Coastal Commission. The dismantling operation is a conditional use which requires a coastal development permit.

DECISION

It is the decision of the Planning Commission that said application for a Combined Development Permit be granted as shown on the attached sketch and subject to the attached conditions.

PASSED AND ADOPTED this 14th day of September 2005, by the following vote:

AYES: Errea, Hawkins, Parsons, Padilla, Vandever, Salazar, Rochester, Wilmot, Diehl
NOES: None
ABSENT: Sanchez

DALE ELLIS, SECRETARY

COPY OF THIS DECISION MAILED TO APPLICANT ON **OCT 7 2005**

THIS APPLICATION IS APPEALABLE TO THE BOARD OF SUPERVISORS. IF ANYONE WISHES TO APPEAL THIS DECISION, AN APPEAL FORM MUST BE COMPLETED AND SUBMITTED TO THE CLERK OF THE BOARD OF SUPERVISORS ALONG WITH THE APPROPRIATE FILING FEE ON OR BEFORE **OCT 17 2005**

THIS APPLICATION IS ALSO APPEALABLE TO THE COASTAL COMMISSION. UPON RECEIPT OF NOTIFICATION OF THE DECISION BY THE BOARD OF SUPERVISORS, THE COMMISSION ESTABLISHES A 10 WORKING DAY APPEAL PERIOD. AN APPEAL FORM MUST BE FILED WITH THE COASTAL COMMISSION. FOR FURTHER INFORMATION, CONTACT THE COASTAL COMMISSION AT (831) 427-4863 OR AT 725 FRONT STREET, SUITE 300, SANTA CRUZ, CA

This decision, if this is the final administrative decision, is subject to judicial review pursuant to California Code of Civil Procedure Sections 1094.5 and 1094.6. Any Petition for Writ of Mandate must be filed with the Court no later than the 90th day following the date on which this decision becomes final.

NOTES

1. You will need a building permit and must comply with the Monterey County Building Ordinance in every respect.

Additionally, the Zoning Ordinance provides that no building permit shall be issued, nor any use conducted, otherwise than in accordance with the conditions and terms of the permit granted or until ten days after the mailing of notice of the granting of the permit by the appropriate authority, or after granting of the permit by the Board of Supervisors in the event of appeal.

Do not start any construction or occupy any building until you have obtained the necessary permits and use clearances from the Monterey County Planning and Building Inspection Department office in Marina.

2. This permit expires 2 years after the above date of granting thereof unless construction or use is started within this period.

Permit Mitig. No.	Conditions of Approval and/or Mitigation Measures and Responsible Land Use Department	Compliance or Monitoring Actions to be performed. Where applicable, a certified professional is required for action to be accepted.	Responsible Party for Compliance	Timing	Verification of Compliance (name/date)
1	<p>SPECIFIC USES ONLY</p> <p>This is a Combined Development Permit for Parcel B consisting of: a Coastal Development Permit to allow vehicle dismantling and retail sales; and General Development Plan. The project is located at 516-D Dolan Road, Castroville (131-054-001-000), on Via Tanques Road north of Dolan Road, North County Area, Coastal Zone.</p> <p>This permit was approved in accordance with County ordinances and land use regulations subject to the following terms and conditions. Neither the uses nor the construction allowed by this permit shall commence unless and until all of the conditions of this permit are met to the satisfaction of the Director of Planning and Building Inspection. Any use or construction not in substantial conformance with the terms and conditions of this permit is a violation of County regulations and may result in modification or revocation of this permit and subsequent legal action. No use or construction other than that specified by this permit is allowed unless additional permits are approved by the appropriate authorities. (Planning and Building Inspection)</p>	Adhere to conditions and uses specified in the permit.	Owner/Applicant	Ongoing unless otherwise stated	
2	<p>NOTICE-PERMIT APPROVAL & EXPIRATION</p> <p>The applicant shall record a notice which states: "A permit (Resolution 05048) was approved by the Planning Commission for Assessor's Parcel Number 131-054-001-000 on September 14, 2005. The permit was granted subject to 36 conditions of approval which run with the land. This permit expires ten (10) years from the date of approval on September 14, 2015. The</p>	Proof of recordation of this notice shall be furnished to PBI.	Owner/Applicant	Within one (1) month of permit approval	

Permit Cond. No.	Mit. No.	Conditions of Approval and/or Mitigation Measures and Responsible Land Use Department	Compliance or Monitoring Actions to be performed. Where applicable, a certified professional is required for action to be accepted.	Responsible Party for Compliance	Timing	Verification of Compliance (name/date)
		owner shall obtain a renewal new use permit prior to expiration in order to continue operations. A copy of the permit is on file with the Monterey County Planning and Building Inspection Department." Proof of recordation of this notice shall be furnished to the Director of Planning and Building Inspection prior to issuance of building permits or commencement of the use. (Planning and Building Inspection)				
3		<p>PBD016 - INDEMNIFICATION</p> <p>The property owner agrees as a condition and in consideration of the approval of this discretionary development permit that it will, pursuant to agreement and/or statutory provisions as applicable, including but not limited to Government Code Section 66474.9, defend, indemnify and hold harmless the County of Monterey or its agents, officers and employees from any claim, action or proceeding against the County or its agents, officers or employees to attack, set aside, void or annul this approval, which action is brought within the time period provided for under law, including but not limited to, Government Code Section 66499.37, as applicable. The property owner will reimburse the county for any court costs and attorney's fees which the County may be required by a court to pay as a result of such action. County may, at its sole discretion, participate in the defense of such action; but such participation shall not relieve applicant of his obligations under this condition. An agreement to this effect shall be recorded upon demand of County Counsel or concurrent with the issuance of building permits, use of the property, filing of the final map, whichever occurs first and as applicable. The County shall promptly notify the property owner of any such claim, action or proceeding and the County shall cooperate fully in the defense thereof. If the County fails to promptly notify the property owner of any such</p>	Proof of recordation of the Indemnification Agreement, as outlined, shall be submitted to PBI.	Owner/Applicant	Upon demand of County Counsel or concurrent with the issuance of building permits, use of the property, filing of the final map, which-ever occurs first and as applicable	

Permit Cond. No.	Mitig. No.	Conditions of Approval and/or Mitigation Measures and Responsible Land Use Department	Compliance or Monitoring Actions to be performed. 		claim, action or proceeding or fails to cooperate fully in the defense thereof, the property owner shall not thereafter be responsible to defend, indemnify or hold the county harmless. (Planning and Building Inspection)				
4		PBD012 - FISH AND GAME FEE-NEG DEC/EIR Pursuant to the State Public Resources Code, State Fish and Game Code, and California Code of Regulations, the applicant shall pay a fee, to be collected by the County, within five (5) calendar days of project approval – prior to filing of the Notice of Determination. This fee shall be paid on or before the filing of the Notice of Determination. Proof of payment shall be furnished by the applicant to the Director of Planning and Building Inspection prior to the recordation of the tentative map, the commencement of the use, or the issuance of building and/or grading permits, whichever occurs first.	Proof of payment shall be furnished by the applicant to the Director of Planning and Building Inspection prior to the recordation of the tentative map, the commencement of the use, or the issuance of building and/or grading permits, whichever occurs first.	Owner/ Applicant	Prior to the record-ation of the tent-ative map, the start of the use or the issuance of build-ing and grading permits.	
5		PBD022 - MITIGATION MONITORING PROGRAM The applicant shall enter into an agreement with the County to implement a Mitigation Monitoring and/or Reporting Plan in accordance with Section 21081.6 of the California Public Resources Code and Section 15097 of Title 14, Chapter 3 of the California Code of Regulations. Compliance with the fee schedule adopted by the Board of Supervisors for mitigation monitoring shall be required and payment made to the County of Monterey at the time the property owner submits the signed mitigation monitoring agreement. (Planning and Building Inspection)	1) Enter into agreement with the County to implement a Mitigation Monitoring Program. 2) Fees shall be submitted at the time the property owner submits the signed mitigation monitoring agreement.	Owner/ Applicant	Within 60 days after project approval or prior to issu-ance of grading and building permits, which-ever occurs first.	

Permit Cond. No.	Mitig. No.	Conditions of Approval and/or Mitigation Measures and Responsible Land Use Department	Compliance or Monitoring Actions to be performed. Where applicable, a certified professional is required for action to be accepted.	Responsible Party for Compliance	Timing	Verification of Compliance (name/date)
6		PBD021 – LIGHTING – EXTERIOR LIGHTING PLAN All exterior lighting shall be unobtrusive, harmonious with the local area, and constructed or located so that only the intended area is illuminated and off-site glare is fully controlled. The applicant shall submit 3 copies of an exterior lighting plan which shall indicate the location, type, and wattage of all light fixtures and include catalog sheets for each fixture. The exterior lighting plan shall be subject to approval by the Director of Planning and Building Inspection, prior to the issuance of building permits. (Planning and Building Inspection)	Submit three (3) sets of the exterior lighting plan.	Owner/ Applicant	Ongoing prior to installation of exterior lighting	
7		PERFORMANCE SECURITY (Non-Standard) The owner shall provide a performance security to the County for the total amount of estimated improvements and maintenance related to the water system installation, road and traffic improvements, and landscaping pursuant to related conditions contained in this permit to the Director of Planning and Building Inspection for review and approval. (Planning and Building Inspection)	Submit the performance security to PBI.	Owner/ Applicant	Within two (2) months At the time of permit approval	
8		PBD032(A) - TREE PROTECTION Trees which are located close to grading activities shall be protected from inadvertent damage from construction equipment by wrapping trunks with protective materials, avoiding fill of any type against the base of the trunks and avoiding an increase in soil depth at the feeding zone or drip line of the retained trees. Said protection shall be demonstrated prior to issuance of building permits subject to the approval of the Director of Planning and Building Inspection. (Planning and Building Inspection)	Submit evidence of tree protection to PBI for review and approval.	Owner/ Applicant	Prior to issuance of grading and building permits	

Permit Contd. No.	Mit ig. No.	Conditions of Approval and/or Mitigation Measures and Responsible Land Use Department	Compliance or Monitoring Actions to be performed. Where applicable, a certified professional is required for action to be accepted.	Responsible Party for Compliance	Timing	Verification of Compliance (name/date)
9		PUBLIC SAFETY AND SECURITY GUIDELINES (Non-Standard) Within nine (9) months of permit approval and prior to occupancy of any new structures, the applicant shall comply with the Monterey County <u>Public Safety and Security Guidelines</u> to the satisfaction of the Monterey County Sheriff's Office. (Planning and Building Inspection & Sheriff's Office)	Submit documentation of compliance from the Sheriff's Office to the Director of PBI for review and approval.	Owner/ Applicant	Within nine (9) months of permit approval and/or prior to occupancy	
10		PROPERTY ABANDONMENT (Non-Standard) In the event that the vehicle dismantling use of the property is abandoned or that the use permit is revoked, the owner shall clean up and restore the site to the satisfaction of Monterey County and reimburse the County for any costs incurred or damages suffered as a result of the clean up. (Planning and Building Inspection)	Clean up and restore site.	Owner/ Applicant	In the event of use abandonment or permit revocation restore within six (6) months	
11		NO SALES OUTSIDE OF YARDS (Non-Standard) No storage or sales of vehicles or parts are allowed outside of the fenced yard areas. (Planning and Building Inspection)	Adhere to condition	Owner/ Yard Operator	Ongoing	
12		PBD030 - STOP WORK - RESOURCES FOUND If, during the course of construction, cultural, archaeological, historical or paleontological resources are uncovered at the site (surface or subsurface resources) work shall be halted immediately within 50 meters (165 feet) of the find until a qualified professional archaeologist can evaluate it. The Monterey County Planning and Building Inspection Department and a qualified archaeologist (i.e., an archaeologist registered with the Society of Professional Archaeologists) shall be immediately contacted by the responsible individual present on-site. When contacted, the project planner and the archaeologist shall immediately visit the site to determine the extent of the	Stop work within 50 meters (165 feet) of uncovered resource and contact the Monterey County Planning and Building Inspection Department and a qualified archaeologist immediately if cultural, archaeological, historical or paleontological resources are uncovered. When contacted, the project planner and the archaeologist shall immediately visit the site to determine the extent of the resources and to develop proper mitigation measures required for the discovery.	Owner/ Applicant/ Archaeologist	Ongoing	

Permit Cond. No.	Mit. No.	Conditions of Approval and/or Mitigation Measures and Responsible Land Use Department Inspection)	Compliance or Monitoring Actions to be performed. Where applicable, a certified professional is required for action to be accepted.	Responsible Party for Compliance	Timing	Verification of Compliance (name/date)
		resources and to develop proper mitigation measures required for the discovery. (Planning and Building Inspection)				
13		PBD014 - GRADING-WINTER RESTRICTION No land clearing or grading shall occur on the subject parcel between October 15 and April 15 unless authorized by the Director of Planning and Building Inspection. (Planning and Building Inspection)	None	Owner/ Applicant	Ongoing	
14		YARD OPERATIONS (Non-Std.) It is the responsibility of the property owner to make sure that all operators are aware of these conditions of approval and to ensure that operations are in compliance with these conditions of approval. (Planning and Building Inspection Department)	Adhere to condition.	Owner/ Applicant/ Operator	Ongoing	
15		PERMIT REVOCATION (Non-Std) Failure of the owner to comply with any condition of the subject permit (PLN030498) shall result in the revocation of the permit pursuant to Section 20.82.060 and continued operations shall be considered a violation and public nuisance, pursuant to Section 20.90. The owner shall pay reasonable compensation to the County for any related costs incurred or damages suffered as a result of the violation. Revocation of the subject permit shall also result in revocation of all related operating permits, including but not limited to the Environmental Health Hazardous Materials Permit. (Planning and Building Inspection)	Comply with permit conditions.	Owner/ Applicant	Ongoing	

Permit Cond. No.	Mit ig. No.	Conditions of Approval and/or Mitigation Measures and Responsible Land Use Department	Compliance or Monitoring Actions to be performed. Where applicable, a certified professional is required for action to be accepted.	Responsible Party for Compliance	Timing	Verification of Compliance (name/date)
16		PERMIT EXPIRATION (Non-Std) The subject permit shall be granted for a time period of 10 years, to expire on July 13, 2015. In order to continue operations the owners shall apply for a renewal permit one year prior to expiration and use all due diligence to obtain the permit. (Planning and Building Inspection)	Apply for and obtain renewal permits.	Owner/ Applicant	July 13, 2014 - One year prior to permit expiration	
17		DRAINAGE PLAN (Non-Standard) The applicant shall provide the Water Resources Agency a drainage plan prepared by a registered civil engineer addressing on-site and off-site impacts, and which incorporates the recommendations included in Tunstall Engineering Consultants' Field Review of Drainage System, dated March 15, 2004, or as updated. Drainage improvements shall be constructed in accordance with plans approved by the Water Resources Agency. (Water Resources Agency)	Submit 3 copies of the drainage plan to the Water Resources Agency for review and approval.	Owner/ Applicant/ Engineer	Within 3 months of permit approval	
18		COMPLETION CERTIFICATION (Non-Standard) The applicant shall provide the Water Resources Agency certification from a registered civil engineer that drainage improvements have been constructed in accordance with approved plans. (Water Resources Agency)	Submit a letter to the Water Resources Agency, prepared by a registered civil engineer, certifying compliance with approved drainage plan.	Owner/ Applicant/ Engineer	Within 6 months of permit approval	
19		OTHER AGENCY PERMITS (Non-Standard) The applicant shall provide certification to the Water Resources Agency that applications have been submitted for all required local, State, and Federal permits. The Agencies include, but are not limited to, the California Department of Fish & Game, California Regional Water Quality Control Board, Division of Safety of Dams, and the Army Corps of Engineers. (Water Resources Agency)	Submit a letter and any associated permits to the Water Resources Agency for review and approval.	Owner/ Applicant	Within 3 months of permit approval	

Permit Cond. No.	Mitig. No.	Conditions of Approval and/or Mitigation Measures and Responsible Land Use Department	Compliance or Monitoring Actions to be performed. Where applicable, a certified professional is required for action to be accepted.	Responsible Party for Compliance	Timing	Verification of Compliance (name/date)
20		SEPTIC SYSTEM (Non-Standard) As necessary, submit plans for review and approval showing the location and design of the proposed septic system(s) meeting the standards found in Chapter 15.20 of the Monterey County Code (Septic Ordinance) and "Prohibitions", Central Coast Basin Plan, RWQCB. (Environmental Health)	Division of Environmental Health must approve plans. Applicant shall obtain a permit to install the septic system.	CA Licensed Engineer /Owner/ Applicant/Operator	Within 45 days At the time of approval of the Use Permit.	
21		SEPTIC SYSTEM (Non-Standard) As necessary, construct the septic system(s) under permit from the Division of Environmental Health, meeting the standards found in Chapter 15.20 of the Monterey County Code (Septic Ordinance) and "Prohibitions", Central Coast Basin Plan, RWQCB. (Environmental Health)	Division of Environmental Health must approve plans. Applicant shall obtain a permit to install the septic system(s) and pay all associated fees.	CA Licensed Engineer /Owner/ Applicant/Operator	Within 45 days of DEH review and approval of the septic system design.	
22		HAZARDOUS MATERIALS (Non-Standard) Comply with Title 19 of the California Code of Regulations and Chapter 6.95 of the California Health and Safety Code (Hazardous Material Registration and Business Response Plans) as approved by the Director of Environmental Health. (Environmental Health)	Contact the Hazardous Materials Program of the Division of Environmental Health.	Owner/ Applicant/Operator	Continuous	
23		HAZARDOUS WASTE (Non-Standard) Comply with Title 22, Division 4.5 of the California Code of Regulations and Chapter 6.50 of the California Health and Safety Code (Hazardous Waste Control) as approved by the Director of Environmental Health. (Environmental Health)	Contact the Hazardous Materials Program of the Division of Environmental Health.	Owner/ Applicant/Operator	Continuous	
24		WATER SYSTEM (Non-Standard) Obtain a new or amended water system permit from the Division of Environmental Health consistent with Mitigation Measure #5 and accompanying monitoring actions. (Environmental Health)	Submit necessary application, reports and testing results to EH for review and approval. <u>Construct water system in accordance with plans approved by EH.</u>	CA Licensed Engineer /Owner/ Applicant	Within 6 months of approval of the Use Permit	

Permit Cond. No.	Mitig. No.	Conditions of Approval and/or Mitigation Measures and Responsible Land Use Department	Compliance or Monitoring Actions to be performed. Where applicable, a certified professional is required for action to be accepted.	Responsible Party for Compliance	Timing	Verification of Compliance (name/date)
25		WATER SYSTEM (Non-Standard) Design the water system improvements to meet the standards as found in Chapter 15.04 of the Monterey County Code, and Titles 17 and 22 of the California Code of Regulations. Submit engineered plans for the water system improvements and any associated fees to the Director of Environmental Health for review and approval prior to installing (or bonding) the improvements consistent with Mitigation Measure #5 and accompanying monitoring actions. (Environmental Health)	Submit engineered plans for the water system improvements and any associated fees to EH for review and approval prior to installing (or bonding) the improvements.	CA Licensed Engineer /Owner/ Applicant	Within 1 month At the time of approval of the Use Permit	
26		ABANDONED WELLS (Non-Standard) Destroy the existing abandoned well(s), as necessary, according to the standards found in State of California Bulletin 74 and all its supplements, and Chapter 15.08 of the Monterey County Code. The well shall not be considered abandoned if satisfactory evidence is provided that the well is functional, is used on a regular basis, and does not act as a conduit for contamination of groundwater. (Environmental Health)	Prior to destruction, a permit for the destruction of the well(s) shall be obtained by a CA licensed well contractor from the Division of Environmental Health. After destruction submit the Well Completion Report to the Division of Environmental Health	CA C57 Licensed Contractor /Owner/ Applicant	Within 6 months of approval of the Use Permit	
27	1	Mitigation Measure #1 (Screening): In order to minimize impacts to scenic vistas, to reduce off-site glare and to maintain the visual quality of the site, each dismantling facilities on each parcel shall be screened from public view. Each owner/applicant shall implement measures including but not limited to the following screening measures for their respective parcel within six (6) months of permit approval. The owners shall provide the necessary financial guarantees to the County of Monterey to ensure completion of the work. <ul style="list-style-type: none"> For Parcel A, the applicant shall plant and maintain a solid row of trees along the entire northern and eastern perimeters of the property. Trees shall also be planted along 	<u>Monitoring Action #1A:</u> Within one (1) month of permit approval, the owners of Parcel A and Parcel D shall submit a screening/landscaping plan for their respective parcels to the Director of Planning and Building Inspection for review and approval. The plan shall screen the dismantling facilities on each parcel to the satisfaction of the Director of Planning and Building Inspection. The screening/landscaping plan shall be prepared by a qualified landscape designer/architect and shall include verification by a qualified landscape designer/architect that the landscaping plan	Owner/ Applicant/ Landscape Architect or Designer	Within one (1) month of permit approval	

Permit Cond. No.	Mit ig. No.	Conditions of Approval and/or Mitigation Measures and Responsible Land Use Department	Compliance or Monitoring Actions to be performed. Where applicable, a certified professional is required for action to be accepted.	Responsible Party for Compliance	Timing	Verification of Compliance (name/date)
		<p>the exposed western side fronting on the access road to screen the fence from the point where Parcel A extends northwards beyond Parcel B. In the event that trees cannot be planted to screen the west-facing fence along the access road, the fence shall be painted a neutral earlthone color.</p> <ul style="list-style-type: none"> For Parcel B and Parcel C, the applicant shall maintain the existing row of perimeter trees and fill in any gaps in the treeline. For Parcel D, the applicant shall plant a solid row of trees consistent with the Landscape and Fencing Plan prepared by Funstall Engineering around the entire outside perimeter of Yards 1 to 6. In addition, the applicant shall plant a row of trees along the border between Yard 6 and Yard 2. The water tanks shall also be fully screened. Newly planted trees shall consist of appropriate drought-tolerant California native trees, a minimum of 5 gallons in size. They shall be irrigated or watered as needed until established. All existing and planted trees, including the existing cypress trees lining the access road, and other screening vegetation shall be maintained in a healthy growing condition. Fallen, removed, or unhealthy trees shall be replaced to fill in any gaps or openings in the treeline, as needed or as determined necessary by the Director of Planning and Building Inspection. Replacement shall occur within one (1) month of the tree loss and shall consist of the same tree species as those being replaced or as otherwise approved by the Director of Planning and 	<p>meets County requirements for the use of native, drought-tolerant species. The plan shall show the location of the screening trees and vegetation. The plan shall be in sufficient detail to identify the location, species, and size of the proposed landscaping materials, irrigation schedule, and shall be accompanied by a nursery or contractor's estimate of the cost of installation of the plan and ongoing maintenance.</p> <p><u>Monitoring Action #1B:</u> Within two (2) months of permit approval, each owner (Parcel A, B, C, and D) shall provide a performance security to meet the screening and landscaping costs for installation, ongoing maintenance, and replacement of trees for their respective parcels to the Director of Planning and Building Inspection for review and approval. The submittal of the security shall be accompanied by a qualified consultant's estimate of the cost of the installation, replacement, and maintenance subject to review and approval by the Director of Planning and Building Inspection. The amount shall be 100% of the estimated cost for Faithful Performance and 50% of the estimated cost for Labor and Material. The owner may offer to provide this performance security entirely through an irrevocable letter of credit or by a combination of an irrevocable letter of credit and a performance bond. If an owner chooses to offer a performance bond to meet a portion of this requirement, it must provide at least fifty percent (50%) of the required performance security in the form of</p>	Owner/ Applicant	Within two (2) months of permit approval

A map of the Project Site area. The map shows a network of roads and a river. Highway 20 runs horizontally across the top. Highway 100 runs vertically through the center. Highway 101 runs horizontally across the bottom. Road 100 runs diagonally from the bottom left towards the center. The Project Site is marked with a star at the intersection of Highway 20 and Highway 100. A north arrow is in the top left corner. The map is labeled with 'PROJECT SITE', 'HIGHWAY 20', 'HIGHWAY 100', 'HIGHWAY 101', and 'ROAD 100'.

**PLANNING COMMISSION
COUNTY OF MONTEREY, STATE OF CALIFORNIA**

RESOLUTION NO. 05049

A. P. # 131-054-003-000

In the matter of the application of
Gerald & Deborah Cutler (PLN030501)

FINDINGS & DECISION

to allow a Combined Development Permit in accordance with Chapter 20.82 (Combined Development Permits) of the Monterey County Code, consisting of a Coastal Development Permit to allow vehicle dismantling and parts sales within the Dolan Industrial Park (Parcel C/Cutler); and a General Development Plan including improvements to install a well, a water system, a 212,000 gallon water tank, pressure tank, booster pump, and drainage improvements. The previous permit (PC94210) expired on June 14, 2000. The project is located at 516-E Dolan Road, Castroville, on Via Tanques Road off of Dolan Road, North County area, Coastal Zone. The project came on regularly for hearing before the planning commission on September 14, 2005.

Said Planning Commission, having considered the application and the evidence presented relating thereto,

1. **FINDING: CONSISTENCY:** The Project, as conditioned is consistent with applicable plans and policies, the North County Land Use Plan, Coastal Implementation Plan (Part 2), Part 6 of the Coastal Implementation Plan, and the Monterey County Zoning Ordinance (Title 20).
EVIDENCE: (a) Plan Conformance. PBI staff has reviewed the project as contained in the application and accompanying materials for consistency with the North County Land Use Plan, Coastal Implementation Plan (Part 2), and the Monterey County Zoning Ordinance (Title 20). County staff determined that the project is consistent with these policies and standards as they apply to light industrial and vehicle dismantling facilities. Staff notes are provided in Project File PLN030501.
(b) Site Visit. Project planner conducted an on-site inspection on April 19, 2004, April 30, 2004, June 1, 2004, and May 17, 2005 to verify that the project on the subject parcel conforms to the plans listed above.
(c) Land Use. The project for vehicle dismantling is an allowed use, in accordance with Section 20.26.060.KK for other industrial uses. The vehicle dismantling operations are similar in character, intensity, and density as other allowed uses including contractors yards, welding shops, storage yards, auto repair facilities, and retail sales. The use is consistent with the North County Land Use Plan which designates the site as a Special Treatment Area that *"is not intended to prohibit the wrecking yards from continued operation."* It specifies that renewal of the use permits for auto dismantling *"will be based on the merits of the specific proposal and feasible mitigation measures to offset any adverse impacts of continued operation."* Appropriate conditions and mitigation measures have been incorporated. The use is also compatible with the intent of the zoning designation *"to protect nearby residential, commercial, and industrial uses from undue hazards, noise, and other disturbances."*

(d) Zoning Consistency. The parcel is designated Light Industrial, Coastal Zone ("LI (CZ)"), pursuant to the Board of Supervisors Resolution 92-248 – June 9, 1992 acknowledging receipt of the California Coastal Commission Certification of Amendments to the Local Coastal Program for PC-6607 which changed the land use and zoning designation from Agricultural Conservation to Light Industrial. The project is in compliance with Site Development Standards for a Light Industrial District in accordance with Section 20.26.070

(e) Land Use Advisory Committee (LUAC). The North County Coastal Land Use Advisory Committee reviewed the project on April 19, 2004 and recommended approval by a vote of 5 to 0. The LUAC included several recommended conditions relating to the water system, visual issues, potential contaminants which have been incorporated and/or addressed in the permit conditions and discussed below. LUAC meeting minutes dated April 19, 2004.

- Water System. The LUAC recommended one complete water system to serve all four parcels as directed by the Fire District. Staff has determined in consultation with the local Fire District that installation of two separate water systems as proposed allows for backup systems and is acceptable provided they are designed to allow for mutual connections in the event of an emergency. This requirement has been incorporated as a condition.

- Trees. The LUAC recommended planting trees around the perimeter of the yards. This requirement has been incorporated as mitigation.

- Stacking. The LUAC recommended that the cars should not be stacked higher than the height of the fence. This requirement has been incorporated as mitigation.

- Roadway. The LUAC recommended that the entire roadway should be studied and effects of pollutants in runoff be considered. Proposed access road improvements will pave the entire length of the road with gravel base rock used for parking. The project has been evaluated by the Department of Public Works and the Water Resources Agency which have determined that drainage facilities are not required for the road. The project will not increase or substantially alter existing conditions and runoff is currently addressed in the overall stormwater plan and intercepted for pollutants. Mitigation includes inspections and monitoring to ensure that the drainage facilities are functioning properly.

- Disposal of Contaminants. The LUAC recommended that all contaminants be stored and disposed of properly. Mitigation measures include best management practices regarding the dismantling and storage of materials and contaminants to minimize potential adverse effects. Facilities are inspected by the local Fire District and the Division of Environmental Health to ensure compliance.

- Illegal Housing. The LUAC recommended that any illegal housing on the property be removed. The property is subject to County regulations. The owner would need to remove any unpermitted structures on the property or obtain the necessary permits.

(f) The application, plans, and support materials submitted by the project applicant to the Monterey County Planning and Building Inspection Department for the proposed development, found in Project File PLN030501.

2. **FINDING: SITE SUITABILITY:** The site is suitable for the use proposed.

EVIDENCE: (a) The project has been reviewed for suitability by Planning and Building Inspection Department, Public Works Department, Water Resources Agency, Environmental Health Division, Parks Department, North County Fire Protection District, Sheriff's Office, and Agricultural Commission. All applicable conditions recommended have been incorporated.

(b) Technical information by outside biological, archaeological, and geotechnical consultants indicate that there are no physical or environmental constraints such as environmentally sensitive habitats or similar areas that would indicate the site is not suitable for the use proposed. Agency staff concurs. Materials are in Project File PLN030501 including:

- Biological Report prepared by Jud Vandever dated March 12, 2004
- Field Review of Drainage System prepared by Ken Tunstall dated March 17, 2004
- The project is located on a developed site and a previous cultural resources survey prepared by Archaeological Consulting dated September 15, 1994 found no evidence of cultural resources on the property.

(c) Staff conducted an on-site visit on April 19, 2004, April 30, 2004, June 1, 2004, and May 17, 2005 to verify that the site is suitable for this use.

(d) No public facilities are necessary for the project.

3. **FINDING: CEQA (Mitigated Negative Declaration):** On the basis of the whole record before the Planning Commission there is no substantial evidence that the proposed project as designed and mitigated will have a significant effect on the environment. The mitigated negative declaration reflects the independent judgment and analysis of the County.

EVIDENCE: (a) The Monterey County Planning and Building Inspection Department prepared an Initial Study pursuant to CEQA. The Initial Study provides substantial evidence based upon the record as a whole, that the project would not have a significant effect on the environment. Staff accordingly prepared a mitigated negative declaration. The Initial Study is on file in the offices of the Planning and Building Inspection Department and is hereby incorporated by reference. (PLN030501).

(b) Evidence that has been received and considered includes:

- The application and materials in project file number PLN030501.
- Initial Study/Mitigated Negative Declaration prepared by Eric Lee for project file PLN030501, dated June 1, 2005.
- Biological Report prepared by Jud Vandever dated March 12, 2004
- Staff site visits on April 19, 2004, April 30, 2004, June 1, 2004, and May 17, 2005.
- Staff report that reflects the County's independent judgment.

(c) These reports are on file in the offices of PBI (File Reference No. PLN030501) and are incorporated by reference herein.

(d) The Initial Study addresses potential environmental impacts of the proposed project and includes mitigation measures that reduce the impacts to a less than significant level. Impacts and mitigation measures are summarized below:

- Aesthetics. The dismantling facilities are visible from public viewing areas with potential impacts to scenic and visual resources. Mitigation to reduce visibility and glare includes planting and maintaining trees along the perimeter, limiting the height of stacked vehicles, painting any new structures an appropriate earthtone color, and grading Yards #1 and #2 to reduce the exposed slope.
 - Hazards/Hazardous Materials. The project for a vehicle dismantling facility handles and disposes of potentially hazardous chemicals and materials which can cause adverse impacts if not properly handled. Mitigation to address potential hazards includes implementing best management practices and installing a water system for fire suppression
 - Hydrology/Water. The project is located adjacent to environmentally sensitive wetlands and sloughs. Runoff from the project site has the potential to impact the sensitive habitat. A comprehensive stormwater management system was previously required and installed. Further mitigation includes continuing inspections and maintenance on the system and updating the stormwater plan to address changes from grading activities, erosion and sedimentation issues, and runoff from the proposed new yards.
 - Transportation/Traffic. The project has not resulted in substantial increases in traffic generation since the projects were last permitted and analyzed. However, due to changed circumstances, a general increase in traffic levels, and lack of maintenance, certain road and traffic improvements have been identified as necessary. Mitigation includes traffic and sight distance improvements at the intersection of Dolan Road and Via Tanques, and improvements to the access road for circulation and parking.
- (e) The mitigated negative declaration was circulated for public review from June 6, 2005 to July 5, 2005. The County has considered the comments received during the public review period, and they do not alter the conclusions in the Initial Study. Comments are summarized and addressed below:
- The Public Utilities Commission commented on safety issues related to the Union Pacific rail line adjacent to the property. Staff has determined that project design and fencing addresses these issues.

4. **FINDING:** **EXISTING VIOLATIONS:** The subject property is not in compliance with all rules and regulations pertaining to zoning uses, subdivision and any other applicable provisions of the County's zoning ordinance and actions shall be implemented to require immediate cessation of operations and the removal of all materials and infrastructure that supports those operations.

EVIDENCE: (a) A zoning violation (CE020301/Parcel C) currently exists on the subject property for the dismantling activities which are operating without a valid use permit. The previous permit ((PC94210/Parcel C) expired in 2000. The applicant was allowed to continue operations as an existing use provided a new permit was obtained. Approval of the subject permit (PLN030501) and compliance with the conditions will clear the violation.

(b) Application, plans and materials in Project File PLN030501.

(c) Staff site visits on April 19, 2004, April 30, 2004, June 1, 2004, and May 17, 2005.

5. **FINDING: PUBLIC ACCESS:** The project is in conformance with the public access and public recreation policies of the Coastal Act and Local Coastal Program, and does not interfere with any form of historic public use or trust rights (see §20.70.050.B.4). No access is required as part of the project as no substantial adverse impact on access, either individually or cumulatively, as described in Section 20.70.050.B.4.c of the Monterey County Coastal Implementation Plan, can be demonstrated.
- EVIDENCE:** (a) The subject property is not described as an area where the Local Coastal Program requires access.
- (b) The subject property is not indicated as part of any designated trails or shoreline access as shown in Figures 6, the Shoreline Access/Trails Map, of the North County Land Use Plan.
- (c) No evidence or documentation has been submitted or found showing the existence of historic public use or trust rights over this property.
- (d) Staff site visit on April 19, 2004, April 30, 2004, and June 1, 2004.
6. **FINDING: HEALTH AND SAFETY:** The establishment, maintenance or operation of the project applied for will not under the circumstances of this particular case, be detrimental to the health, safety, peace, morals, comfort, and general welfare of persons residing or working in the neighborhood of such proposed use, or be detrimental or injurious to property and improvements in the neighborhood or to the general welfare of the County.
- EVIDENCE:** (a) The project was reviewed by Planning and Building Inspection Department, Public Works Department, Water Resources Agency, Environmental Health Division, Parks Department, North County Fire Protection District, Sheriff's Office, and Agricultural Commission. The respective departments and agencies have recommended conditions, where appropriate, to ensure that the project will not have an adverse effect on the health, safety, and welfare of persons either residing or working in the neighborhood. The applicant has agreed to these conditions as evidenced by the application and accompanying materials and conditions.
7. **FINDING: APPEALABILITY:** The project is appealable to the Board of Supervisors and California Coastal Commission.
- EVIDENCE:** (a) Section 20.86.030.A of the Monterey County Coastal Implementation Plan, Part 1 (Board of Supervisors).
- (b) Section 20.86.080.A.3 of the Monterey County Coastal Implementation Plan, Part 1 (Coastal Commission). Development that is permitted as a conditional use is appealable to the Coastal Commission. The dismantling operation is a conditional use which requires a coastal development permit.

DECISION

It is the decision of the Planning Commission that said application for a Combined Development Permit be granted as shown on the attached sketch and subject to the attached conditions.

PASSED AND ADOPTED this 14th day of September 2005, by the following vote:

AYES: Errea, Hawkins, Parsons, Padilla, Vandevere, Salazar, Rochester, Wilmot, Diehl
NOES: None
ABSENT: Sanchez

DALE ELLIS, SECRETARY

COPY OF THIS DECISION MAILED TO APPLICANT ON **OCT 7 2005**

THIS APPLICATION IS APPEALABLE TO THE BOARD OF SUPERVISORS. IF ANYONE WISHES TO APPEAL THIS DECISION, AN APPEAL FORM MUST BE COMPLETED AND SUBMITTED TO THE CLERK OF THE BOARD OF SUPERVISORS ALONG WITH THE APPROPRIATE FILING FEE ON OR BEFORE **OCT 17 2005**

THIS APPLICATION IS ALSO APPEALABLE TO THE COASTAL COMMISSION. UPON RECEIPT OF NOTIFICATION OF THE DECISION BY THE BOARD OF SUPERVISORS, THE COMMISSION ESTABLISHES A 10 WORKING DAY APPEAL PERIOD. AN APPEAL FORM MUST BE FILED WITH THE COASTAL COMMISSION. FOR FURTHER INFORMATION, CONTACT THE COASTAL COMMISSION AT (831) 427-4863 OR AT 725 FRONT STREET, SUITE 300, SANTA CRUZ, CA

This decision, if this is the final administrative decision, is subject to judicial review pursuant to California Code of Civil Procedure Sections 1094.5 and 1094.6. Any Petition for Writ of Mandate must be filed with the Court no later than the 90th day following the date on which this decision becomes final.

NOTES

1. You will need a building permit and must comply with the Monterey County Building Ordinance in every respect.

Additionally, the Zoning Ordinance provides that no building permit shall be issued, nor any use conducted, otherwise than in accordance with the conditions and terms of the permit granted or until ten days after the mailing of notice of the granting of the permit by the appropriate authority, or after granting of the permit by the Board of Supervisors in the event of appeal.

Do not start any construction or occupy any building until you have obtained the necessary permits and use clearances from the Monterey County Planning and Building Inspection Department office in Marina.

2. This permit expires 2 years after the above date of granting thereof unless construction or use is started within this period.

**Monitoring or Reporting refers to projects with an EIR or adopted Mitigated Negative Declaration per Section 21081.6 of the Public Resources Code.*

Permit Cond. No.	Mit ig. No.	Conditions of Approval and/or Mitigation Measures and Responsible Land Use Department	Compliance or Monitoring Actions to be performed. Where applicable, a certified professional is required for action to be accepted.	Responsible Party for Compliance	Timing	Verification of Compliance (name/date)
1		SPECIFIC USES ONLY This Combined Development Permit for Parcel C consisting of: a Coastal Development Permit to allow vehicle dismantling and retail sales; and a General Development Plan including improvements to install a well, a water system for fire suppression and domestic use, a 212,000 gallon water tank, a 5,000 gallon water tank, pressure tank, booster pump. The project is located at 516 Dolan Road, Castroville (131-054-002-000), on Via Tanques Road north of Dolan Road, North County Area, Coastal Zone. This permit was approved in accordance with County ordinances and land use regulations subject to the following terms and conditions. Neither the uses nor the construction allowed by this permit shall commence unless and until all of the conditions of this permit are met to the satisfaction of the Director of Planning and Building Inspection. Any use or construction not in substantial conformance with the terms and conditions of this permit is a violation of County regulations and may result in modification or revocation of this permit and subsequent legal action. No use or construction other than that specified by this permit is allowed unless additional permits are approved by the appropriate authorities. (Planning and Building Inspection)	Adhere to conditions and uses specified in the permit.	Owner/ Applicant	Ongoing unless otherwise stated	
2		NOTICE-PERMIT APPROVAL & EXPIRATION The applicant shall record a notice which states: "A permit (Resolution 05049) was approved by the Planning Commission for Assessor's Parcel Number <u>131-054-002-000</u> on September 14, 2005. The permit	Proof of recordation of this notice shall be furnished to PBI.	Owner/ Applicant	Within one (1) month of permit approval

		was granted subject to 36 conditions of approval which run with the land. This permit expires ten (10) years from the date of approval on September 14, 2015. The owner shall obtain a <u>renewal</u> new use permit prior to expiration in order to continue operations. A copy of the permit is on file with the Monterey County Planning and Building Inspection Department." Proof of recordation of this notice shall be furnished to the Director of Planning and Building Inspection prior to issuance of building permits or commencement of the use. (Planning and Building Inspection)				
3		PBD016 - INDEMNIFICATION The property owner agrees as a condition and in consideration of the approval of this discretionary development permit that it will, pursuant to agreement and/or statutory provisions as applicable, including but not limited to Government Code Section 66474.9, defend, indemnify and hold harmless the County of Monterey or its agents, officers and employees from any claim, action or proceeding against the County or its agents, officers or employees to attack, set aside, void or annul this approval, which action is brought within the time period provided for under law, including but not limited to, Government Code Section 66499.37, as applicable. The property owner will reimburse the county for any court costs and attorney's fees which the County may be required by a court to pay as a result of such action. County may, at its sole discretion, participate in the defense of such action; but such participation shall not relieve applicant of his obligations under this condition. An agreement to this effect shall be recorded upon demand of County Counsel or concurrent with the issuance of building	Proof of recordation of the Indemnification Agreement, as outlined, shall be submitted to PBI.	Owner/ Applicant	Upon demand of County Counsel or concurrent with the issuance of building permits, use of the property, filing of the final map, which-ever occurs first and as applicable	

<i>Permit Cond. No.</i>	<i>Mit ig. No.</i>	<i>Conditions of Approval and/or Mitigation Measures and Responsible Land Use Department</i>	<i>Compliance or Monitoring Actions to be performed. 		Regulations. Compliance with the fee schedule adopted by the Board of Supervisors for mitigation monitoring shall be required and payment made to the County of Monterey at the time the property owner submits the signed mitigation monitoring agreement. (Planning and Building Inspection)	agreement.		permits, whichever occurs first.	
6		PBD021 – LIGHTING – EXTERIOR LIGHTING PLAN All exterior lighting shall be unobtrusive, harmonious with the local area, and constructed or located so that only the intended area is illuminated and off-site glare is fully controlled. The applicant shall submit 3 copies of an exterior lighting plan which shall indicate the location, type, and wattage of all light fixtures and include catalog sheets for each fixture. The exterior lighting plan shall be subject to approval by the Director of Planning and Building Inspection, prior to the issuance of building permits. (Planning and Building Inspection)	Submit three (3) sets of the exterior lighting plan.	Owner/ Applicant	Ongoing prior to installation of exterior lighting	
7		PERFORMANCE SECURITY (Non-Standard) The owner shall provide a performance security to the County for the total amount of estimated improvements and maintenance related to the water system installation, road and traffic improvements, and landscaping pursuant to related conditions <u>contained in this permit</u> to the Director of Planning and Building Inspection for review and approval. (Planning and Building Inspection)	Submit the performance security to PBI.	Owner/ Applicant	Within two (2) months <u>At the time</u> of permit approval	

<i>Permit Cond. No.</i>	<i>Mit ig. No.</i>	<i>Conditions of Approval and/or Mitigation Measures and Responsible Land Use Department</i>	<i>Compliance or Monitoring Actions to be performed. Where applicable, a certified professional is required for action to be accepted.</i>	<i>Responsible Party for Compliance</i>	<i>Timing</i>	<i>Verification of Compliance (name/date)</i>
8		PBD032(A) - TREE PROTECTION Trees which are located close to grading activities shall be protected from inadvertent damage from construction equipment by wrapping trunks with protective materials, avoiding fill of any type against the base of the trunks and avoiding an increase in soil depth at the feeding zone or drip line of the retained trees. Said protection shall be demonstrated prior to issuance of building permits subject to the approval of the Director of Planning and Building Inspection. (Planning and Building Inspection)	Submit evidence of tree protection to PBI for review and approval.	Owner/ Applicant	Prior to issuance of grading and building permits	
9		PUBLIC SAFETY AND SECURITY GUIDELINES (Non-Standard) Within nine (9) months of permit approval and prior to occupancy of any new structures, the applicant shall comply with the Monterey County <u>Public Safety and Security Guidelines</u> to the satisfaction of the Monterey County Sheriff's Office. (Planning and Building Inspection & Sheriff's Office)	Submit documentation of compliance from the Sheriff's Office to the Director of PBI for review and approval.	Owner/ Applicant	Within nine (9) months of permit approval and/or prior to occupancy	
10		PROPERTY ABANDONMENT (Non-Standard) In the event that the vehicle dismantling use of the property is abandoned or that the use permit is revoked, the owner shall clean up and restore the site to the satisfaction of Monterey County and reimburse the County for any costs incurred or damages suffered as a result of the clean up. (Planning and Building Inspection)	Clean up and restore site.	Owner/ Applicant	In the event of use abandonment or permit revocation restore within six (6) months	
11		NO SALES OUTSIDE OF YARDS (Non-Standard) No storage or sales of vehicles or parts are allowed outside of the fenced yard areas. (Planning and Building Inspection)	Adhere to condition	Owner/ Yard Operator	Ongoing	

<i>Permit Cond. No.</i>	<i>Mit ig. No.</i>	<i>Conditions of Approval and/or Mitigation Measures and Responsible Land Use Department</i>	<i>Compliance or Monitoring Actions to be performed. Where applicable, a certified professional is required for action to be accepted.</i>	<i>Responsible Party for Compliance</i>	<i>Timing</i>	<i>Verification of Compliance (name/date)</i>
12		PBD030 - STOP WORK - RESOURCES FOUND If, during the course of construction, cultural, archaeological, historical or paleontological resources are uncovered at the site (surface or subsurface resources) work shall be halted immediately within 50 meters (165 feet) of the find until a qualified professional archaeologist can evaluate it. The Monterey County Planning and Building Inspection Department and a qualified archaeologist (i.e., an archaeologist registered with the Society of Professional Archaeologists) shall be immediately contacted by the responsible individual present on-site. When contacted, the project planner and the archaeologist shall immediately visit the site to determine the extent of the resources and to develop proper mitigation measures required for the discovery. (Planning and Building Inspection)	Stop work within 50 meters (165 feet) of uncovered resource and contact the Monterey County Planning and Building Inspection Department and a qualified archaeologist immediately if cultural, archaeological, historical, or paleontological resources are uncovered. When contacted, the project planner and the archaeologist shall immediately visit the site to determine the extent of the resources and to develop proper mitigation measures required for the discovery.	Owner/ Applicant/ Archaeologist	Ongoing	
13		PBD014 - GRADING-WINTER RESTRICTION No land clearing or grading shall occur on the subject parcel between October 15 and April 15 unless authorized by the Director of Planning and Building Inspection. (Planning and Building Inspection)	None	Owner/ Applicant	Ongoing	
14		YARD OPERATIONS (Non- Std.) It is the responsibility of the property owner to make sure that all operators are aware of these conditions of approval and to ensure that operations are in compliance with these conditions of approval. (Planning and Building Inspection Department)	Adhere to condition.	Owner/ Applicant/ Operator	Ongoing	

<i>Permit Cond. No.</i>	<i>Mit ig. No.</i>	<i>Conditions of Approval and/or Mitigation Measures and Responsible Land Use Department</i>	<i>Compliance or Monitoring Actions to be performed. Where applicable, a certified professional is required for action to be accepted.</i>	<i>Responsible Party for Compliance</i>	<i>Timing</i>	<i>Verification of Compliance (name/date)</i>
15		PERMIT REVOCATION (Non-Std) Failure of the owner to comply with any condition of the subject permit (PLN030501) shall result in the revocation of the permit pursuant to Section 20.82.060 and continued operations shall be considered a violation and public nuisance, pursuant to Section 20.90. The owner shall pay reasonable compensation to the County for any related costs incurred or damages suffered as a result of the violation. Revocation of the subject permit shall also result in revocation of all related operating permits, including but not limited to the Environmental Health Hazardous Materials Permit. (Planning and Building Inspection)	Comply with permit conditions.	Owner/ Applicant	Ongoing	
16		PERMIT EXPIRATION (Non-Std) The subject permit shall be granted for a time period of 10 years, to expire on July 13, 2015. In order to continue operations the owners shall apply for a renewal permit one year prior to expiration and use all due diligence to obtain the permit. (Planning and Building Inspection)	Apply for and obtain renewal permits.	Owner/ Applicant	July 13, 2014 - One year prior to permit expiration	
17		DRAINAGE PLAN (Non-Standard) The applicant shall provide the Water Resources Agency a drainage plan prepared by a registered civil engineer addressing on-site and off-site impacts, and which incorporates the recommendations included in Tunstall Engineering Consultants' Field Review of Drainage System, dated March 15, 2004, or as updated. Drainage improvements shall be constructed in accordance with plans approved by the Water Resources Agency. (Water Resources Agency)	Submit 3 copies of the drainage plan to the Water Resources Agency for review and approval.	Owner/ Applicant/ Engineer	Within 3 months of permit approval	

<i>Permit Cond. No.</i>	<i>Mit ig. No.</i>	<i>Conditions of Approval and/or Mitigation Measures and Responsible Land Use Department</i>	<i>Compliance or Monitoring Actions to be performed. Where applicable, a certified professional is required for action to be accepted.</i>	<i>Responsible Party for Compliance</i>	<i>Timing</i>	<i>Verification of Compliance (name/date)</i>
18		COMPLETION CERTIFICATION (Non-Standard) The applicant shall provide the Water Resources Agency certification from a registered civil engineer that drainage improvements have been constructed in accordance with approved plans. (Water Resources Agency)	Submit a letter to the Water Resources Agency, prepared by a registered civil engineer, certifying compliance with approved drainage plan.	Owner/ Applicant/ Engineer	Within 6 months of permit approval	
19		OTHER AGENCY PERMITS (Non-Standard) The applicant shall provide certification to the Water Resources Agency that applications have been submitted for all required local, State, and Federal permits. The Agencies include, but are not limited to, the California Department of Fish & Game, California Regional Water Quality Control Board, Division of Safety of Dams, and the Army Corps of Engineers. (Water Resources Agency)	Submit a letter and any associated permits to the Water Resources Agency for review and approval.	Owner/ Applicant	Within 3 months of permit approval	
20		SEPTIC SYSTEM (Non-Standard) As necessary, submit plans for review and approval showing the location and design of the proposed septic system(s) meeting the standards found in Chapter 15.20 of the Monterey County Code (Septic Ordinance) and "Prohibitions", Central Coast Basin Plan, RWQCB. (Environmental Health)	Division of Environmental Health must approve plans. Applicant shall obtain a permit to install the septic system.	CA Licensed Engineer /Owner/ Applicant/Operato r	Within 45 days <u>At the time of</u> approval of the Use Permit.	
21		SEPTIC SYSTEM (Non-Standard) As necessary, construct the septic system(s) under permit from the Division of Environmental Health, meeting the standards found in Chapter 15.20 of the Monterey County Code (Septic Ordinance) and "Prohibitions", Central Coast Basin Plan, RWQCB. (Environmental Health)	Division of Environmental Health must approve plans. Applicant shall obtain a permit to install the septic system(s) and pay all associated fees.	CA Licensed Engineer /Owner/ Applicant/Operato r	Within 45 days of DEH review and approval of the septic system design.	

Permit Cond. No.	Mit ig. No.	Conditions of Approval and/or Mitigation Measures and Responsible Land Use Department	Compliance or Monitoring Actions to be performed. Where applicable, a certified professional is required for action to be accepted.	Responsible Party for Compliance	Timing	Verification of Compliance (name/date)
22		HAZARDOUS MATERIALS (Non-Standard) Comply with Title 19 of the California Code of Regulations and Chapter 6.95 of the California Health and Safety Code (Hazardous Material Registration and Business Response Plans) as approved by the Director of Environmental Health. (Environmental Health)	Contact the Hazardous Materials Program of the Division of Environmental Health.	Owner/ Applicant/Operator	Continuous	
23		HAZARDOUS WASTE (Non-Standard) Comply with Title 22, Division 4.5 of the California Code of Regulations and Chapter 6.50 of the California Health and Safety Code (Hazardous Waste Control) as approved by the Director of Environmental Health. (Environmental Health)	Contact the Hazardous Materials Program of the Division of Environmental Health.	Owner/ Applicant/Operator	Continuous	
24		WATER SYSTEM (Non-Standard) Obtain a new or amended water system permit from the Division of Environmental Health consistent with Mitigation Measure #5 and accompanying monitoring actions. (Environmental Health)	Submit necessary application, reports, and testing results to EH for review and approval. <u>Construct water system in accordance with plans approved by EH.</u>	CA Licensed Engineer /Owner/ Applicant	Within 6 months of approval of the Use Permit	
25		WATER SYSTEM (Non-Standard) Design the water system improvements to meet the standards as found in Chapter 15.04 of the Monterey County Code, and Titles 17 and 22 of the California Code of Regulations. Submit engineered plans for the water system improvements and any associated fees to the Director of Environmental Health for review and approval prior to installing (or bonding) the improvements consistent with Mitigation Measure #5 and accompanying monitoring actions. (Environmental Health)	Submit engineered plans for the water system improvements and any associated fees to EH for review and approval prior to installing (or bonding) the improvements.	CA Licensed Engineer /Owner/ Applicant	<u>Within 1 month</u> <u>At the time of</u> approval of the Use Permit	

Permit Cond. No.	Mitig. No.	Conditions of Approval and/or Mitigation Measures and Responsible Land Use Department	Compliance or Monitoring Actions to be performed. Where applicable, a certified professional is required for action to be accepted.	Responsible Party for Compliance	Timing	Verification of Compliance (name/date)
26		ABANDONED WELLS (Non-Standard) Destroy the existing abandoned well(s), as necessary, according to the standards found in State of California Bulletin 74 and all its supplements, and Chapter 15.08 of the Monterey County Code. The well shall not be considered abandoned if satisfactory evidence is provided that the well is functional, is used on a regular basis, and does not act as a conduit for contamination of groundwater. (Environmental Health)	Prior to destruction, a permit for the destruction of the well(s) shall be obtained by a CA licensed well contractor from the Division of Environmental Health. After destruction submit the Well Completion Report to the Division of Environmental Health	CA C57 Licensed Contractor /Owner/ Applicant	Within 6 months of approval of the Use Permit	
27	1	Mitigation Measure #1 (Screening): In order to minimize impacts to scenic vistas, to reduce off-site glare and to maintain the visual quality of the site, each dismantling facilities on each parcel shall be screened from public view. Each owner/applicant shall implement measures including but not limited to the following screening measures for their respective parcel within six (6) months of permit approval. The owners shall provide the necessary financial guarantees to the County of Monterey to ensure completion of the work. <ul style="list-style-type: none"> For Parcel A, the applicant shall plant and maintain a solid row of trees along the entire northern and eastern perimeters of the property. Trees shall also be planted along the exposed western side fronting on the access road to screen the fence from the point where Parcel A extends northwards beyond Parcel B. In the event that trees cannot be planted to screen the west-facing fence along the access road, the fence shall be painted a neutral earthtone color. For Parcel B and Parcel C, the applicant 	Monitoring Action #1A: Within one (1) month of permit approval, the owners of Parcel A and Parcel D shall submit a screening/landscaping plan for their respective parcels to the Director of Planning and Building Inspection for review and approval. The plan shall screen the dismantling facilities on each parcel to the satisfaction of the Director of Planning and Building Inspection. The screening/landscaping plan shall be prepared by a qualified landscape designer/architect and shall include verification by a qualified landscape designer/architect that the landscaping plan meets County requirements for the use of native, drought-tolerant species. The plan shall show the location of the screening trees and vegetation. The plan shall be in sufficient detail to identify the location, species, and size of the proposed landscaping materials, irrigation schedule, and shall be accompanied by a nursery or contractor's	Owner/ Applicant/ Landscape Architect or Designer	Within one (1) month of permit approval	

Permit Cond. No.	Mit ig. No.	Conditions of Approval and/or Mitigation Measures and Responsible Land Use Department	Compliance or Monitoring Actions to be performed.
