If funds from local, state and federal sources are not obtained and continued at a level sufficient to allow for the County's purchase of the indicated quantity of services, then the County may give written notice of this fact to CONTRACTOR, and the obligations of the parties under this Agreement shall terminate immediately, or on such date thereafter, as the County may specify in its notice, unless in the meanwhile the parties enter into a written amendment modifying this Agreement.

8.0 INDEMNIFICATION.

CONTRACTOR shall at all times during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County, annual certificates to County's Contract Administrator and County's Contracts/Purchasing Division. If the certificate is not received by the expiration date, County shall notify CONTRACTOR and CONTRACTOR shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. A. SCOPE OF SERVICES

First 5 Monterey County (F5MC) "CONTRACTOR" shall provide services and staff, and otherwise do all things necessary for or incidental to the performance of work, as set forth below.

BACKGROUND

The County of Monterey through its legislative platform and budget allocations is very supportive of the development of an Early Childhood Development Initiative (ECDI) in Monterey County.

Early Childhood Development has been identified by both the Board of Supervisors and the Monterey County Children's Council as critical for the economic and social success of our county. Investments in quality early childhood development programs bring returns of 10-17% to the economy in increased income and tax revenues and reductions in remedial programs and justice system expenditures. California State Association of Counties (CSAC) has also recognized the critical importance of early childhood prevention programs and has named 2013 as the Year of the Child. This expenditure will provide support for prevention (upstream) programs for children and families.

The Board of Supervisors identified Early Childhood Development as a priority in the Monterey County Legislative Program 2013-2014. The Monterey County Children's Council developed an Early Childhood Development Initiative using the Collective Impact model where cross-sector organizations work together to identify common goals, strategies and measurements to make the needed changes in a community. Phase 1 of the Initiative included researching and identifying common goals. The common goals and geographic priority areas were selected by May of 2013. Outreach and education materials as well as research for a common data base and evaluation system still need to be completed as part of Phase 1. Phase 2 is collaborating with cross-sector and cross geographic organizations to identify common strategies and approaches that can be used county-wide. Phase 3 is working at a community level with selected communities to identify local assets, gaps and priorities and to begin intentional implementation of programs aimed at reducing disparities and providing children with the opportunities they need to succeed in school and life.

The vision and mission of F5MC is closely aligned with that of ECDI and F5MC will serve as an effective co-manager and organizer for the Initiative.
