RE: Request to be referred to a Public Hearing
Case: PLN170351
APN: 243-021-009

Dear Mrs. Oceano,

We, the undersigned neighbors of the property in question, hereby, would like to

- **REQUEST THIS CASE TO BE REFERRED TO A PUBLIC HEARING -**

because of the following reasons:

1. We have not received any notice on the above Design Approval
2. This case is part of an ongoing matter since June 2016, where our neighbors (Kathie Broderick and Don Barnes, owners of 27304 Highway 1, Carmel CA 93923) keep harassing and annoying us in several ways.
3. These facts are partially documented in your own (Monterey County) system. Please, see Document No: 2016079103 – Code Violation. (I attach a copy of that document for your convenience.)
4. We were aware that during an unpermitted, therefore, illegal construction of the fence by our neighbors, a “Stop Working” sign was posted by your Department. (Mr. Ramon Montano)
5. We just learnt that a Design Approval issued without our knowledge on the same project.
6. Obviously, this approval was done without considering the above facts and other serious considerations of alternation the characteristics of our historic property and the landscape itself.
7. Not mentioning, that the constriction has no functionality, other than annoying us. Therefore, it is concerned a “spite fence”, and that is a nuisance.
8. Finally, it seriously interferes with the property access and easements.

Yours truly,

Michael Kalman
