**ORDINANCE NO. \_\_\_\_\_**

**AN ORDINANCE OF THE COUNTY OF MONTEREY, STATE OF CALIFORNIA,  
AMENDING TITLE 20 (COASTAL ZONING) OF THE MONTEREY COUNTY CODE  
RELATING TO CANNABIS USES**

**County Counsel Summary**

*This ordinance amends Title 20 (coastal zoning) of the Monterey County Code to regulate commercial cannabis activities in the coastal unincorporated area of Monterey County consistent with state law. This ordinance establishes certain specified commercial cannabis activities, including cultivation within greenhouses and industrial buildings as well as manufacturing, testing, retail, delivery, and distribution as a use allowed subject to a Coastal Development Permit in each case within the specified zoning districts. These zoning districts include the Coastal General Commercial, Moss Landing Commercial, Agricultural Industrial, Light Industrial, Heavy Industrial, Agricultural Conservation, and Coastal Agricultural Preserve with allowance of the particular use within each zoning district dependent on factors specified by the ordinance. This ordinance also defines terms and adds Chapter 20.67 to the Monterey County Code to establish regulations governing the issuance of coastal development permits for commercial cannabis activities. This ordinance also amends the Monterey County Coastal Implementation Plan Part 2, Regulations for Development in the North County Land Use Plan Area, to specify that commercial cannabis activities may be permitted at the former Kaiser National Refractories site notwithstanding the coastal dependent land use designation for the site.*

The Board of Supervisors of the County of Monterey ordains as follows:

**SECTION 1. Findings and Declarations**

A. Pursuant to Article XI, section 7 of the California Constitution, the County of Monterey may adopt and enforce ordinances and regulations not in conflict with general laws to protect and promote the public health, safety, and welfare of its citizens.

B. The federal Controlled Substances Act (21 U.S.C. §§ 801, et seq.) prohibits, except for certain research purposes, the possession, distribution, and manufacture of cannabis, and there is no medical necessity exception to prosecution and conviction under the Controlled Substances Act.

C. The federal government has issued guidelines for states and local governments that have enacted laws authorizing cannabis related conduct, requiring them to implement strong and effective regulatory and enforcement systems that will address the threat that cannabis activity could pose to public safety, public health, and other law enforcement interests.

D. On November 5, 1996, California voters approved Proposition 215, the Compassionate Use Act of 1996 (Health & Safety Code § 11362.5, “CUA”), an initiative that exempted certain patients and their primary caregivers from criminal liability under state law for the possession and cultivation of cannabis for medical purposes. One of the stated purposes of the CUA is to ensure that seriously ill Californians have the right to obtain and use cannabis for medical purposes where that medical use has been recommended by a physician.

E. On January 1, 2004, Senate Bill 420, the Medical Marijuana Program Act (Health & Safety Code §§ 11362.7-11362.83, “MMP”), became law to clarify the scope of the CUA and to facilitate the prompt identification of qualified patients and their primary caregivers.

F. On October 9, 2015, the State enacted the Medical Marijuana Regulation and Safety Act (former Business & Professions Code §§ 19300, *et seq.*; “MMRSA”). MMRSA created a state licensing program for commercial medical cannabis activities.

G. On July 12, 2016, the Monterey County Board of Supervisors adopted inland zoning regulations establishing criteria for issuing local land use permits pursuant to the MMRSA (Ordinance Number 5270, amending sections of Title 21 and adding Chapter 21.67 to Monterey County Code), and on July 19, 2016 the Monterey County Board adopted regulations establishing criteria for issuing local business permits pursuant to the MMRSA (Ordinance Numbers 5272 and 5273, (codified at Monterey County Code Chapters 7.90 and 7.95). These ordinances were to become operative only if the Board of Supervisors submitted a County tax on commercial medical cannabis activities to the voters, the voters approved the tax, and the tax was certified by the County pursuant to Section 15372 of the California Elections Code. On November 8, 2016, the tax measure was submitted to the voters, and the voters approved the tax (Measure Y – codified at Monterey County Code Chapter 7.100). On December 13, 2016, the tax was certified pursuant to Section 15372 of the Elections Code, and Ordinance Numbers 5270, 5272, and 5273 became operative. Chapter 21.67 provided a one year amortization period for commercial medical cannabis activities that were legally established prior to August 12, 2016 to obtain all required County permits, licenses, and entitlements, or to terminate their operations. This one year amortization period ended on August 12, 2017.

H. Also on July 12, 2016, the Monterey County Board of Supervisors adopted a resolution of intent to adopt coastal zoning regulations to establish criteria for local land use permits pursuant to MMRSA. These regulations were sent to the California Coastal Commission for certification, but the County has since withdrawn the regulations because of discussions with Coastal Commission staff on revisions and recent changes to state law. This ordinance is to update these previous regulations, and add adult-use commercial activities as a permitted use.

I. On November 8, 2016, by statewide initiative the voters enacted the Adult use of Marijuana Act (“AUMA”). AUMA created a state licensing program for commercial adult-use cannabis activities.

J. On June 27, 2017, the State enacted the Medicinal and Adult-Use of Cannabis Regulatory and Safety Act (Business & Professions Code §§ 26000, *et seq.*; “MAUCRSA”),

which combined MMRSA and AUMA into a single State licensing scheme for both medicinal and adult-use cannabis. MAUCRSA allows counties and cities to maintain local regulatory authority over commercial cannabis activities. The state will not issue a state license without first receiving authorization from the applicable local jurisdiction.

K. It is the intent of the County of Monterey to have a strong and effective regulatory and enforcement system with regard to cannabis that addresses threats to public safety, health and other law enforcement interests through robust controls and procedures that are effective in practice, and that comply with state law and federal guidelines.

L. This draft ordinance provides regulations for the local permitting of commercial cannabis operations under specified conditions in the coastal ~~areas~~-zone of the unincorporated areas of the County.

M. This ordinance, together with the ordinances amending Chapters 7.90 and 7.02 to the Monterey County Code requiring a Commercial Cannabis Business Permit and a Business License, are intended to establish criteria for issuing local permits pursuant to the MAUCRSA and to establish an effective regulatory and enforcement system consistent with the guidance issued by the United States Department of Justice.

State law further punishes one who maintains a place for the purpose of unlawfully selling, using or furnishing, or who knowingly makes available a place for storing, manufacturing, or distributing cannabis.~~

~~E.—On November 5, 1996, California voters approved Proposition 215, the Compassionate Use Act of 1996 (Health & Safety Code § 11362.5, “CUA”), an initiative that exempted certain patients and their primary caregivers from criminal liability under state law for the possession and cultivation of cannabis for medical purposes. ~~F. — On January 1, 2004, Senate Bill 420, the Medical Marijuana Program Act (Health & Safety Code §§ 11362.7-11362.83, “MMP”), became law to clarify the scope of the CUA and to facilitate the prompt identification of qualified patients and their primary caregivers.~~

~~G. — On October 9, 2015, the State enacted the Medical Marijuana Regulation and Safety Act (Business & Professions Code §§ 19300, *et seq.*; the “MMRSA”). ~~L. — This ordinance, together with such other ordinances as the County may adopt, is intended to establish criteria for issuing local permits pursuant to the MMRSA and to establish an effective regulatory and enforcement system consistent with the guidance issued by the United States Department of Justice.~~

~~M. — Commercial medical cannabis cultivation is considered an agricultural use. Section 30241 requires the maintenance of the maximum amount of prime agricultural land to assure the protection of the areas’ agricultural economy. Conservation of viable agricultural lands is specifically emphasized in the North County Land Use Plan (Section 4.3.1.F). Medical cannabis cultivation can add to the agricultural economy in the Monterey County Coastal areas.~~

N. The County intends to carry out the amendments in a manner fully in conformity with the Coastal Act.

O. This ordinance amends the Monterey County Coastal Implementation Plan, which is part of the County’s Local Coastal Program. Pursuant to the Coastal Act, the County may

~~P. —The County intends that Interim Ordinance No. 5254, as extended and amended by Interim Ordinance No. 5256 and 5265 shall remain in effect until such time as new regulations become operative in the coastal unincorporated areas of the County, or until the Interim Ordinance expires.~~
