AOD Prevention Requirements

Prevention services will meet the definition of Primary Prevention as outlined below:

Primary Prevention (source: NNA Contract, Primary Prevention):

Strategies, programs and initiatives which reduce both direct and indirect adverse personal, social, health, and economic consequences resulting from problematic ATOD (alcohol, tobacco and other drug availability), manufacture, distribution, promotion, sales, and use. Primary prevention strategies are directed at individuals not identified to be in need of treatment.

Prevention will address the six CSAP strategies as they pertain to the Monterey County Four Year AOD Prevention Plan and provide primary prevention services as outlined in federal regulations:

Six CSAP Strategies

Based on the identified population, prevention funds are applied to services that offer sustainable results using the six prevention strategies established by the Center for Substance Abuse Prevention (CSAP). They are:

- **Information Dissemination Strategy - Service Code 12**

“This strategy provides awareness and knowledge of the nature and extent of alcohol, tobacco, and drug use, abuse, and addiction, and their effects on individuals, families, and communities. It also provides knowledge and awareness of available prevention programs and services. Information dissemination is characterized by one-way communication from the source to the audience, with limited contact between the two.” (CFR 96.125, p 514)

- **Education Strategy - Service Code 13**

“This strategy involves two-way communication and is distinguished from the Information Dissemination Strategy by the fact that interaction between the educator/facilitator and the participants is the basis of its activities. Activities under this strategy aim to affect critical life and social skills, including decision-making, refusal skills, critical analysis, and systemic judgement abilities.” (CFR 96.125, p 514)

- **Alternative Strategy - Service Code 14**

“This strategy provides for the participation of target populations in activities that exclude alcohol, tobacco, and other drug use. The assumption is that constructive and healthy activities offset the attraction to or otherwise meet the needs usually filled by alcohol, tobacco, and other drugs and would, therefore, minimize or remove the need to use these substances.” (CFR 96.125, p 514 & 515)

- **Problem Identification and Referral Strategy - Service Code 15**

“This strategy aims at identification of those individuals who have indulged in illegal/age-inappropriate use of tobacco or alcohol and those individuals who have indulged in the first use of illicit drugs and to assess if their behavior can be reversed through education. It should be noted, however, that this strategy does not include any activity designed to determine if a person is in need of treatment.” (CFR 96.125, p. 515)

- **Community-Based Process Strategy - Service Code 16**

“This strategy aims to enhance the ability of the community to more effectively provide prevention services for alcohol, tobacco, and drug abuse disorders. Activities in this strategy include organizing, planning, and enhancing the efficiency and effectiveness of services implementation, interagency collaboration, coalition building, and networking.” (CFR 96.125, p 515)

- **Environmental Strategy- Service Code 17**

“This strategy establishes or changes written and unwritten community standards, codes, and attitudes, thereby influencing incidence and prevalence of the use of alcohol, tobacco, and other drugs used in the general population. This strategy is divided into two subcategories to permit distinction between activities which center on legal and regulatory initiatives and those which relate to the service and action-oriented initiatives.” (CFR 96.125, p 515)

PROGRAM 12: Proposition 47- Sobering Center

Program Location
119 Capitol Street
Salinas, CA 93901
(831) ###-####

Program Narrative

Sobering Center Services shall be designed to administer to the participant's level of intoxication from alcohol and/or other drugs to achieve a safe and supportive short-stay service with qualified staff on site at all times. The Sobering Center is an intervention program which will include accommodations for non-English speakers, the elderly (over 55 years of age), and those with non-traditional gender identification. The total capacity of the facility is 10-12 adults. This is a voluntary 24/7 facility that will receive and release individuals via law enforcement. No walk-ins or unauthorized transport services to the Sobering Center will be allowed. Consumer stay will likely average 4-6 hours, but individuals stays may vary. While it is a goal of this program to eventually engage consumers in follow-up substance use or other necessary services and treatment, this program will be tailored to meet the inebriate's level of commitment to immediate services without an expectation of placement in follow-up treatment programs or additional services.

Program Description

The Contractor will have the primary responsibility for the program, facility, and the transport

component of the Sobering Center; this will include the majority of the staffing at the Sobering Center. This partnership, focusing on the safe delivery of Sobering Center Services, will require the Contractor to develop procedures and policies to ensure that safety of staff and consumers is the highest priority.

The transport component will include a departure van, eventually serving all communities within Monterey County. As this is a new service, a ramp-up approach will be implemented to insure safety of all concerned as well as to develop full and successful utilization of these new services. As the next phase of transport is implemented, law enforcement from several communities will drop “appropriate for services” consumers at the Sobering Center. The Contractor will be responsible for all departure transport services for all consumers leaving the Sobering Center. Consumers will be placed in follow-up services wherever possible, or returned to the community from which they came.

Target Population

All individuals will be eligible for services if they are adult (18 years and older), residents of Monterey County, have been found to need “a safe place to sleep it off” in the Sobering Center setting and have been appropriately screened as not needing a higher level of services for a particular inebriation episode.

There will be no priority service for any particular city or unincorporated area of Monterey County.

Service Objectives

The program will:

1. Provide structured Sobering Center services to “appropriate for services” consumers in Monterey County.
2. Provide “warm” referrals to appropriate, mental, behavioral health or substance abuse service providers.
3. Contactor will provide services to a minimum of 600 clients per year and a maximum of 1,800 per year.

Admission Criteria

All referred clients must meet the following additional admission criteria:

1. Be age of 18 and older;
2. Be primarily alcohol abuse referrals, including drunk in public and DUI first offenders; secondary use of other drugs will be considered,
3. Be referred by County Sherriff, City of Salinas and other local law enforcement jurisdictions as agreed to by MOU. No self-referrals.

Assessment and Referral

CONTRACTOR will work closely with law enforcement to assure prompt intake to the Sobering Center. Assessment after intake and before leaving the facility will be conducted. Anyone leaving before it is recommended by staff will be referred to law enforcement for noncompliance due to safety concerns. Referrals for mental, behavioral health or substance abuse services in writing to Client and County.

Intake Hours/Hours of Operation:

Intake and/or admission services are available 24 hours a day 7 days a week

H. **Time for Filing Final Claim**

CONTRACTOR's final claim for any payment under this contract must be filed not later than ninety (90) calendar days after the date on which this contract terminates. No claim submitted by CONTRACTOR after such time will be accepted or paid by COUNTY.

I. **Certification and Payment of Claim by COUNTY**

COUNTY shall promptly certify CONTRACTOR's claim either in the requested amount or in such other amount as COUNTY approves in conformity with this Agreement. COUNTY will compare the CONTRACTOR claimed amount against the COUNTY authorized amount by mode, service function, fund source and number of units of service. COUNTY shall then submit such certified claim to the COUNTY Auditor. The Auditor shall pay the claim in the amount certified by COUNTY within 30 days.

J. **Disputed Payment Amount**

If COUNTY certifies for payment a lesser amount than the amount requested, COUNTY shall immediately notify CONTRACTOR in writing of such certification and shall specify the reason for the modification. If CONTRACTOR desires to contest the certification, CONTRACTOR must submit a written notice of protest to COUNTY

within twenty (20) days after CONTRACTOR's receipt of the COUNTY's notice. The parties shall thereafter promptly meet to review the dispute and resolve it on a mutually acceptable basis. No court action may be taken on such dispute until the parties have met and attempted to resolve the dispute in person.
