- a) The Contract Representatives during the Term shall be identified in all Contracts.
- b) Subject to the terms of the Contract, each Party may modify the Contract Contacts by providing written notice to the other Party identifying the new Contract Contacts.
- c) Contractor shall act as the single point of contact and responsible party for all services offered under this Contract. This includes all elements of service; ordering; provisioning; maintenance; and trouble reporting. Contractor will also act as the single point of contact in coordinating all entities required in the Contract to meet the State's need for service. Contractor shall act as the single point of contact and responsible party for services obtained from its subcontractors and affiliates that are offered to the State or any authorized user of this Contract.
- d) Whenever any notice or demand is to be given to the State or from the State, the notice shall be in writing and addressed to the applicable party at the address described in Section 3.a above, or such subsequent address of a party provided to the other party via a written notice in accordance with this paragraph. - b) If this Contract results from a solicitation other than described in Section 4.a., above, Contractor's quotation or proposal is deemed a firm offer and this Contract document is the State's acceptance of that offer.

5. COMPLETE INTEGRATION

This Contract, including any documents incorporated herein by express reference, is intended to be a complete integration and there are no prior, contemporaneous, different, or additional agreements pertaining to the subject matter of the Contract.

6. SEVERABILITY

Contractor and the State agree that if any term or provision of this Contract is found to be illegal or unenforceable, such term or provision shall be deemed stricken and the remainder of the Contract shall remain in full force and effect. Either party having knowledge of such term or provision shall promptly inform the other of the presumed non-applicability of such provision.

7. INDEPENDENT CONTRACTOR

Contractor and the agents and employees of Contractor, in the performance of this Contract, shall act in an independent capacity and not as officers or employees or agents of the State. Contractor, not the State, has the right, power, authority and duty to supervise and direct the activities of the agents and employees of Contractor and to compensate such agents and employees for any work performed by them on the behalf of the State pursuant to this Contract. Contractor, and not the State, shall be responsible and therefore solely liable for all acts and omissions of the agents and employees of Contractor.

8. SUBCONTRACTING

The primary contractor may enter into any subcontract(s) relating to the performance of the Agreement or any part thereof. The Primary Contractor's use of subcontracts shall not in any way relieve the Primary Contractor of its responsibility for the professional and technical accuracy, adequacy, and timeliness of the work to be performed under the Agreement. The primary contractor shall be and remain liable for the performance of the work in accordance with the Agreement, as well as for any damages to the State caused by the negligent performance or non-performance of primary contractor's subcontractor(s).

9. APPLICABLE LAW

- a) This Contract and performance under it shall be governed by and interpreted in accordance with the applicable laws of the State of California, including applicable state and federal statutes such as the Communications Act of 1934, as amended, (including but not limited to the Telecommunications Act of 1996 and subsequent Acts) and the Public Utility Code as interpreted and applied, as well as regulatory rules, regulations and decisions by the California Public Utilities Commission ("CPUC") and the Federal Communications Commission, without giving effect to the principles thereof relating to conflicts of laws. To the extent services in this Contract are subject to the jurisdiction of the CPUC, the services and this Contract will be subject to modification from time to time as the CPUC may so order in the exercise of their lawful jurisdiction. The United Nations Convention on Contracts for the International Sale of Goods shall not apply to this Contract. Each party irrevocably agrees that any legal action, suit or proceeding brought by it in any way arising out of this Contract must be brought solely and exclusively in Sacramento, California, and each party irrevocably submits to the sole and exclusive jurisdiction of the courts in Sacramento County, Sacramento California, in person,

generally and unconditionally with respect to any action, suit or proceeding brought by it or against it by the other party.

- b) Contractor, in conducting its business as required by the Contract (including the Solicitation) and agreed to in the Proposal, shall comply with the Communications Act of 1934, as amended (including, but not limited to, the Telecommunications Act of 1996 and subsequent Acts), and as interpreted and applied by the applicable regulatory authorities and courts.

10. COMPLIANCE WITH STATUTES AND REGULATIONS

- a) Contractor represents warrants and certifies that in the performance of this Contract, it will comply with all applicable laws, statutes, rules, regulations and orders of the United States and the State of California and agrees to indemnify the State against any loss, cost, damage or liability by reason of the Contractor's violation of this provision.
- b) In the event that any term or action required in this Contract requires a regulatory filing, Contractor shall make such filing and such action and/or term shall, to the extent applicable, be made effective pursuant to the rules of the FCC and the CPUC. To the extent applicable, Contractor shall make the appropriate FCC filing in a timely manner with the rates being effective consistent with FCC requirements. Under the CPUC, terms are effective immediately upon signature by the parties; provided, however, that, to the extent applicable, Contractor is obligated to and shall make a formal filing with the CPUC in a timely manner and shall provide the State with written notice that such filing has been made.
- c) In addition to the foregoing, Contractor shall, after execution of this Contract, make all necessary regulatory filings which shall include the rates and charges for Service and any terms and conditions that affect the rates and charges paid by any Customer.
- d) Should the filings described herein not adequately address an issue or fail to address an essential fact, Contractor's tariffs or published service guides (or other published corporate pricing if Contractor is not required to file tariffs), if applicable, shall be utilized as a basis for providing continuity of Service, and Service offerings, pending subsequent mutual agreement and modification of this Contract by the parties; provided, however, if the parties are unable to reach such mutual agreement within a reasonable period of time and good faith effort, then the State may take action pursuant to the terms and conditions of this Contract, including but not limited to terminating the affected Service(s) without penalty.

11. CONTRACTOR'S POWER AND AUTHORITY

The Contractor warrants that it has full power and authority to grant the rights herein granted and will hold the State harmless from and against any loss, cost, liability, and expense (including reasonable attorney fees) arising out of any breach of this warranty. Further, Contractor avers that it will not enter into any arrangement with any third party which might abridge any rights of the State under this Contract.

- a) The State will notify Contractor of any such claim in writing and tender the defense thereof within a reasonable time; and
- b) Contractor will have sole control of the defense of any action on such claim and all negotiations for its settlement or compromise; provided that when substantial principles of government or public law are involved, when litigation might create precedent affecting future State operations or liability, or when involvement of the State is otherwise mandated by law, i. the State may participate in such action at its own expense with respect to attorneys' fees and costs (but not liability); ii. the State will have the right to approve or disapprove any settlement or compromise, which approval will not unreasonably be withheld or delayed; and iii. the State will reasonably cooperate in the defense and in any related settlement negotiations.

12. ASSIGNMENT

This Contract shall not be assignable by the Contractor in whole or in part without the written consent of the State. For the purpose of this paragraph, State will not unreasonably prohibit Contractor from freely assigning its right to payment, provided that Contractor remains responsible for its obligations hereunder.

13. WAIVER OF RIGHTS

Any action or inaction by the State or the failure of the State on any occasion, to enforce any right or provision of the Contract, shall not be construed to be a waiver by the State of its rights hereunder and shall not prevent the State from enforcing such provision or right on any future occasion. The rights and remedies of the State herein are cumulative and are in addition to any other rights or remedies that the State may have at law or in equity.

14. ORDER OF PRECEDENCE

In the event of any inconsistency between the articles, attachments, specifications or provisions which constitute this Contract, unless otherwise stated, the following order of precedence shall apply:

- a) These General Provisions - Telecommunications and any amendments thereto, including all of the attachments (unless otherwise specified in the contract whereas replacing allowable paragraphs shall take precedence over these General Provision).
- b) Contract Forms and any amendments thereto, including all of the attachments
- c) Statement of Work (SOW) including any Special Terms and Conditions to be included in individual Contracts
The specifications and requirements contained in the solicitation documentation (i.e. RFQP, RFP, IFB) and the Contractor's response to meet the specifications and requirements in the solicitation as stated in their Proposal. (The parties acknowledge and agree that silence in the Proposal with respect to a particular solicitation specification or requirement equals consent by Contractor.)

- d) All other documents incorporated in the Contract by reference.
- e) All regulatory filings made pursuant to the terms and conditions of this Contract.

15. PACKING AND SHIPMENT

- a) All Goods are to be packed in suitable containers for protection in shipment and storage, and in accordance with applicable specifications. 16. TRANSPORTATION COSTS AND OTHER FEES OR EXPENSES

No charge for delivery, drayage, express, parcel post, packing, cartage, insurance, license fees, permits, cost of bonds, or for any other purpose will be paid by the State unless expressly included and itemized in the Contract.

- b) If "prepay and add" is selected, supporting freight bills are required when over \$50, unless an exact freight charge is approved by the Transportation Management Unit within the Department of General Services and a waiver is granted.
- c) On "F.O.B. Shipping Point" transactions, should any shipments under the Contract be received by the State in a damaged condition and any related freight loss and damage claims filed against the carrier or carriers be wholly or partially declined by the carrier or carriers with the inference that damage was the result of the act of the shipper such as inadequate packaging or loading or some inherent defect in the equipment and/or material, Contractor, on request of the State, shall at Contractor's own expense assist the State in establishing carrier liability by supplying evidence that the equipment and/or material was properly constructed, manufactured, packaged, and secured to withstand normal transportation conditions.

17. DELIVERY

Contractor shall strictly adhere to the delivery and completion schedules specified in this Contract subject to Section 39 (CONTRACT MODIFICATION). Time, if stated as a number of days, shall mean calendar days unless otherwise specified. The quantities specified herein are the only quantities required. If Contractor delivers in excess of the quantities or services specified herein, the State shall not be required to make any payment for the excess deliverables, requirements, or services, and may return them to Contractor at Contractor's expense or utilize any other rights available to the State at law or in equity.

18. SUBSTITUTIONS

Substitution of deliverables, requirements, and services may not be tendered without five (5) days advance written consent of the State. Contractor shall not use any specification in lieu of those contained in the Contract without written consent of the State.

19. SERVICE INTERRUPTIONS

The Contractor's liability for Service interruptions, if any, shall be limited to credit out of allowances provided for in the agreement or Service Level Agreement (SLA) including any applicable tariffs incorporated.

20. CUSTOMER IN USE REQUIREMENTS

- a) The purpose of the Customer In-use requirement is to allow time for the Contractor to correct defects that could prevent new goods or services from performing correctly in support of State programs.
- b) The State requires that each service, equipment, and software component proposed as part of a solution must have been installed and in production to one or more commercial or government accounts in the same or substantially same configuration provided, to paying customers external to the Contractors organization, for at least six (6) months prior to the Installation Date set forth in the applicable Statement of Work or Work Order.
- c) The State has the option at any time to request from the Contractor supporting evidence of compliance to the Customer In-Use requirements.

21. INSPECTION, ACCEPTANCE AND REJECTION

Unless otherwise specified in the Contract:

- a) Contractor and its subcontractors will provide and maintain a quality assurance system acceptable to the State covering deliverables, requirements, and services under this Contract and will tender to the State only those deliverables, requirements, and services that have been inspected and found to conform to this Contract's requirements. Contractor will keep records evidencing inspections and their result, and will make these records available to the State during Contract performance and for three years after final

payment. Contractor shall permit the State to review procedures, practices, processes, and related documents to determine the acceptability of Contractor's quality assurance system or other similar business practices directly related to performance of the Contract.

- b) All deliverables, requirements, and services may be subject to inspection and test by the State or its authorized representatives.
- c) Contractor and its subcontractors shall provide all reasonable facilities for the safety and convenience of inspectors at no additional cost to the State. - e) The State shall give written notice of rejection of deliverables delivered or services performed hereunder within thirty (30) days after receipt of such deliverables or performance of such services. Such notice of rejection will state the respects in which the deliverables, requirements, or services do not substantially conform to their specifications and/or requirements. If the State does not provide such notice of rejection within thirty (30) days of delivery, such deliverables, requirements, and services will be deemed to have been accepted. Acceptance shall not be construed to waive any warranty rights that the State might have at law or by express reservation in this Contract with respect to any nonconformity.

22. WARRANTY

For the purposes of RFQP 14-001, this provision is being moved from Phase 1 to be incorporated as Special Terms and Conditions in Phase 2 procurements.

23. SAFETY AND ACCIDENT PREVENTION

In performing work under this Contract on State premises, Contractor shall conform to any specific safety requirements contained in the Contract and as required by law or regulation or any State rules applicable to such premises. Contractor's equipment, software, systems and services provided under this Contract shall comply with applicable laws and Contractor shall be responsible for any acts or omissions of agents or employees of Contractor in contravention of such laws. Contractor shall take any additional precautions as the State may reasonably require for safety and accident prevention purposes, including receipt of prescribed training prior to entering certain State premises. Upon request by the Buyer, the Contractor may be required to have the State shown as an "additional insured" on selected policies.

25. TERMINATION FOR NON-APPROPRIATION OF FUNDS

- a) If the Term of this Contract extends into fiscal years subsequent to that in which it is approved, such continuation of the Contract is contingent on the appropriation of funds for such purpose by the Legislature. If funds to effect such continued payment are not appropriated, Contractor agrees to take back any affected deliverables furnished under this Contract, terminate any services supplied to the State under this Contract, and relieve the State of any further obligation therefore.
- b) STATE AGREES THAT IF PARAGRAPH a) ABOVE IS INVOKED, DELIVERABLES SHALL BE RETURNED TO THE CONTRACTOR IN SUBSTANTIALLY THE SAME CONDITION IN WHICH DELIVERED TO THE STATE, SUBJECT TO NORMAL WEAR AND TEAR. STATE FURTHER AGREES TO PAY FOR PACKING, CRATING, TRANSPORTATION TO CONTRACTOR'S NEAREST FACILITY AND FOR REIMBURSEMENT TO THE CONTRACTOR FOR EXPENSES INCURRED FOR THEIR ASSISTANCE IN SUCH PACKING AND CRATING.

26. TERMINATION FOR THE CONVENIENCE OF THE STATE

- a) The State may terminate performance of work under this Contract for its convenience in whole or, from time to time, in part, if the Deputy Director, Department of Technology, Telecommunications Procurement Division, or designee, determines that a termination is in the State's interest. The Deputy Director, Department of Technology, Telecommunications Procurement Division, or designee, shall terminate by delivering to Contractor a Notice of Termination specifying the extent of termination and the effective date thereof.
- b) After receipt of a Notice of Termination for Convenience, and except as directed by the State, Contractor shall immediately proceed with the following obligations, as applicable, regardless of any delay in determining or adjusting any amounts due under this clause. Contractor shall:

Contractor shall submit a final termination settlement proposal within ninety (90) calendar days from the effective date of termination.

27. TERMINATION FOR DEFAULT

- a) The State may, subject to Section 28 (FORCE MAJEURE) and to subsection d) below, by written notice of default to the Contractor, terminate this Contract in whole or in part if Contractor fails to:
 - i. Deliver the deliverables or perform the services within the time specified in the Contract or any amendment thereto;
 - ii. Make progress, so that the lack of progress endangers performance of this Contract; or
 - iii. Perform in accordance with any of the other provisions of this Contract.
- b) The State's right to terminate this Contract under sub-section a) above, may be exercised if the failure constitutes a material breach of this Contract and if the Contractor does not cure such failure within the time frame stated in the State's cure notice, which in no event will be less than fifteen (15) days, unless the Statement of Work calls for a shorter period.
- c) If the State terminates this Contract in whole or in part pursuant to this Section, it may acquire under terms and in the manner the Buyer considers appropriate, Deliverables or services similar to those terminated, and the Contractor will be liable to the State for any excess costs for those Deliverables and services, including without limitation costs third party vendors charge for Manufacturing Materials (but subject to the clause entitled "Limitation of Liability"). However, the Contractor shall continue the work not terminated.

Upon direction of the Buyer, the Contractor shall also protect and preserve property in its possession in which the State has an interest.

- e) The State shall pay Contract price for completed Deliverables delivered and accepted. Unless the Statement of Work calls for different procedures or requires no-charge delivery of materials, the Contractor and Buyer shall attempt to agree on the amount of payment for Manufacturing Materials and other materials delivered and accepted by the State for the protection and preservation of the property; provided that where the Contractor has billed the State for any such materials, no additional charge will apply. Failure to agree will constitute a dispute under the Disputes clause. The State may withhold from these amounts any sum it determines to be necessary to protect the State against loss because of outstanding liens or claims of former lien holders.
- f) If, after termination, it is determined by a final ruling in accordance with the Disputes Clause that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the State.
- g) The rights and remedies of the State in this clause are in addition to any other rights and remedies provided by law or under this Contract, and are subject to the clause titled "Limitation of Liability."

Examples of such causes include, but are not limited to: a) Acts of God or of the public enemy, and b) Acts of the federal or State government in either its sovereign or contractual capacity. If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either, the Contractor shall not be liable for any excess costs for failure to perform.

- b) In addition to any other rights and remedies the State may have, the State may require Contractor, at Contractor's expense, to ship deliverables via air freight or expedited routing to avoid or minimize actual or potential delay if the delay is the fault of Contractor.
- c) In the event of the termination of this Contract, either in whole or in part, by reason of default or breach by Contractor, any loss or damage sustained by the State in procuring

any items or services which Contractor agreed to supply shall be borne and paid for by Contractor, subject to the Limitation of Liability included in this Contract.

- c) The State agrees that it will take appropriate action by instruction, agreement or otherwise with its employees or other persons permitted access to Contractor furnished licensed software and other proprietary data to satisfy its obligations under this Contract

with respect to use, copying, modification, protection and security of proprietary software and other proprietary data.

43. PATENT, COPYRIGHT AND TRADE SECRET INDEMNITY

- a) Contractor will indemnify, defend, and save harmless the State, its officers, agents and employees, from any and all third party claims, costs (including without limitation reasonable attorneys' fees), and losses for infringement or violation of any U.S. Intellectual Property Right by any product, service provided hereunder. With respect to claims arising from computer Hardware or software manufactured by a third party and sold by Contractor as a reseller, Contractor will pass through to the State such indemnity rights as it receives from such third party ("Third Party Obligation") and will cooperate in enforcing them; provided that if the third party manufacturer fails to honor the Third Party Obligation, Contractor will provide the State with indemnity protection equal to that called for by the Third Party Obligation, but in no event greater than that called for in the first sentence of this Section 43a. The provisions of the preceding sentence apply only to third party computer Hardware or software sold as a distinct unit and accepted by the State. Unless a Third Party Obligation provides otherwise, the defense and payment obligations set forth in this Section 43a. will be conditional upon the following:
 - i. The State will notify Contractor of any such claim in writing and tender the defense thereof within a reasonable time; and
 - ii. Contractor will have sole control of the defense of any action on such claim and all negotiations for its settlement or compromise; provided that (i) when substantial principles of government or public law are involved, when litigation might create precedent affecting future State operations or liability, or when involvement of the State is otherwise mandated by law, the State may participate in such action at its own expense with respect to attorneys' fees and costs (but not liability); (ii) the State will have the right to approve or disapprove any settlement or compromise, which approval will not unreasonably be withheld or delayed; and
 - iii. The State will reasonably cooperate in the defense and in any related settlement negotiations.
- b) Contractor may be required to furnish a bond to the State against any and all loss, damage, costs, expenses, claims and liability for patent, copyright and trade secret infringement.
- c) Should the deliverables or software, or the operation thereof, become, or in Contractor's opinion are likely to become, the subject of a claim of infringement or violation of a U.S. Intellectual Property Right, the State shall permit the Contractor, at its option and expense either to procure for the State the right to continue using the deliverables or software, or to replace or modify the same so that they become non-infringing. If none of these options can reasonably be taken, or if the use of such deliverables or software by the State shall be prevented by injunction, the Contractor agrees to take back such deliverables or software and make every reasonable effort to assist the State in

procuring substitute deliverables or software. If in the sole opinion of the State, the return of such infringing deliverables or software makes the retention of other deliverables or software acquired from the Contractor under this Contract impractical, the State shall then have the option of terminating such Contracts, or applicable portions thereof, without penalty or termination charge. The Contractor agrees to take back such deliverables or software and refund any sums the State has paid Contractor less any reasonable amount for use or damage.

- d) The Contractor shall have no liability to the State under any provision of this clause with respect to any claim of patent, copyright or trade secret infringement is which based upon:
 - i. The combination or utilization of deliverables furnished hereunder with equipment or devices not made or furnished by the Contractor; or,
 - ii. The operation of equipment furnished by the Contractor under the control of any operating software other than, or in addition to, the current version of Contractor-supplied operating software; or
 - iii. The modification by the State of the equipment furnished hereunder or of the software; or
 - iv. The combination or utilization of software furnished hereunder with non-Contractor supplied software.
- e) Contractor certifies that it has appropriate systems and controls in place to ensure that State funds will not be used in the performance of this Contract for the acquisition, operation, hardware, or maintenance of computer software in violation of copyright laws.

44. EXAMINATION AND AUDIT

Unless otherwise specified in the Contract:

- a) Without limiting any examination or audit rights, or other rights of the State set forth in the Contract, Contractor agrees that the State, or its designated representative, shall have the right, at any tier or level, to audit, review and copy any records and supporting documentation pertaining to performance of and invoicing under this Contract and to audit the practices and facilities used by Contractor to provide the services and related operational matters. Contractor agrees to maintain such records for possible audit for a minimum of four (4) years after final payment and five (5) years for Federal Universal Service Fund ("E-rate") funded projects, unless a longer period of records retention is stipulated or required by law. Contractor agrees to allow the auditor(s) access to such records and facilities during normal business hours and to allow interviews of any employees or others who might reasonably have information related to such records. The State agrees to take all reasonable steps to ensure that such information is not disclosed to third parties, subject to the California Public Records Act.

For avoidance of doubt, audits may include those conducted by personnel of the State, or its designated representative, in performance of Contract oversight responsibilities in

reviewing invoices, monthly fiscal management and/or other required reports, as well as the application of service taxes, fees, surcharges and surcredits on invoices.

If an audit reveals that Contractor has overcharged the State or Agency for Service(s) during the period to which the audit relates, then Contractor shall promptly refund such overcharges to the State or Agency as appropriate, and, if the amount of the overcharge (offset by any undercharges revealed by such audit) is more than five percent (5%) of Contractor's charges to the State or Agency for such Service(s) for such period, the reasonable cost of such audit (including any imputed costs of State for audits performed by the State itself) shall be borne by Contractor.

If any audit reveals an inadequacy or insufficiency of Contractor's performance, including performance in connection with any security obligations of Contractor as set forth in this Contract, Contractor shall promptly develop and provide to the State, for approval, a reasonable and detailed corrective action plan and promptly thereafter implement such plan in accordance with its terms. In addition, the cost of such audit, and subsequent related audits or audit activity, shall be borne by Contractor in the event that: (i) the State specifically identifies a particular deficiency with respect to Contractor's performance of any particular Service; and (ii) Contractor either denies or fails to cure such identified deficiency within thirty (30) calendar days. Further, Contractor agrees to include an equivalent right of the State to audit records and facilities and interview staff in any subcontract related to performance of and invoicing under this Contract.

- b) Notwithstanding anything to the contrary in Section 43e), the State or any auditing body or its designated representative, agrees that it will not exercise the audit rights described in Section 43e) above for purposes of conducting an enterprise-wide audit of Contractor's performance under this Contract (i.e., Contractor's performance hereunder with respect to all issued Ordering Documents) more than once per calendar year, however, any follow-up reviews or other investigations related to an audit initiated under this Section 43e) may be conducted at any time and from time to time.
- c) Where Contractor conducts an internal audit of Contractor's performance under this Contract which shows any significant failures by Contractor to meet its obligations hereunder, Contractor shall provide to the State a written summary describing in reasonable detail such findings of such internal audit. If Contractor determines at any time that it has overcharged any Customer, then Contractor shall promptly provide to the applicable Customer a credit equal to the amount of such overcharge plus interest from the date of Contractor's receipt of such overcharge at a rate which is consistent with the rate provided in the California Prompt Payment Act, Government Code Section 927 et seq.
- d) Contractor agrees that (i) the State or its delegate will have the right to obtain, copy and review all billing records of public or local government entities purchasing under this Contract, provided that notice of such rights is included within the Authorization to Order (ATO) Under State Contract used by non-State Agencies purchasing under the Contract; and (ii) the State may forward audit results showing call rate discrepancies to the CPUC.

45. CONTINUING STANDARDS OF PERFORMANCE FOR CONTRACTOR SERVICES**a) Applicability**

Contractor agrees that subsequent to completion of the successful performance period and acceptance of the services by the State, Contractor will comply with the availability and/or performance requirements and criteria established in this Contract throughout the full Term, including any extensions. If the State determines, after at least six (6) months experience with the measurement method prescribed below, that the methods and procedures should be modified to more accurately identify material System deficiencies, an appropriate Contract amendment shall be negotiated and upon agreement executed to effect such modification.

b) Causes and Effects of Contractor Service Malfunctions

- i. The State recognizes that equipment Failures do occur, and that software is not infallible. Moreover, the State concedes that conditions external to equipment may cause it to fail, particularly environmental conditions, that are outside the equipment design operating parameters. The State agrees, therefore, that unsatisfactory Contractor Service performance which is outside the control of Contractor or Contractor Personnel will not be considered in a determination of the level of performance.
- ii. In the event Contractor's Service failure or unsatisfactory performance is a result of factors external to the Contract, Contractor agrees to make appropriate recommendations to the State in order that such external factors may be corrected to preclude future problems of a similar nature. Within five (5) business days after such failure occurs, Contractor shall meet and confer with the State regarding appropriate next steps, which may include preparation, for the State's review, comment and approval, of a milestone-based action plan making such recommendations and corrections described in the preceding sentence.
- iii. In the event that the precise cause of a failure cannot be readily determined, both the State and Contractor shall continue to research the situation until the probable cause has been identified or until agreement is reached that the probable cause cannot be identified. Within five (5) business days after such failure occurs (or such other timeframe specified in the solicitation), Contractor shall meet and confer with the State regarding appropriate next steps, which may include preparation, for the State's review, comment and approval, of a milestone-based action plan for researching the probable cause of the failure.

c) Levels of Performance Required

Contractor shall perform the deliverables, requirements, and the services at the levels of quality, completeness, accuracy, timeliness, responsiveness and efficiency that are consistent with the accepted industry standards or service level agreements applicable to the performance of such deliverables and the services or, if higher, the levels of the same received by the State prior to the Effective Date and as set out in applicable service performance exhibits or the Statement of Work, agreed upon by the parties and

incorporated into the Contract. Without limiting the foregoing or other obligations of Contractor, for those deliverables, requirements, and services for which the Statement of Work specifies a particular service level, Contractor shall provide all deliverables, requirements, and services at levels at least in accordance with such service levels.

d) Remedies for Unacceptable Levels of Performance

If a Contractor deliverable, Requirement, or Service does not meet the minimum level of performance as set forth in the Statement of Work, the remedy or process for correction set forth in the Statement of Work will be followed by the parties. If the specific deliverable or Service has no remedy or process for correction set forth in the Statement of Work, State shall promptly notify Contractor in writing of such unacceptable performance and the impact on the State, and Contractor shall promptly initiate action to remedy the unsatisfactory performance. Contractor shall, at its option, take one or more of the following actions to correct the situation:

- i. Provide on-site Contractor personnel for analysis of the problem;
- ii. Replace the faulty equipment, deliverable or Service;
- iii. Provide substitute equipment, deliverable or Service satisfactory to the State;
- iv. Modify the equipment, deliverable or Service; or
- v. Take any other action with which the State concurs.

If Contractor fails to correct an unacceptable level of performance with respect to any equipment, deliverable, or Service to the requirements of the Contract of the State during the thirty (30) calendar days following receipt of written notice from the State (or such other timeframe specified in the Contract), the State and Contractor can mutually agree to extend the time to a specified date. If Contractor fails to correct the situation to the satisfaction of the State by the end of the specified time period, then, without limiting any other remedy specified in the Contract, the State may (i) secure replacement equipment, deliverables, requirements, or services with Contractor responsible for payment of Costs to Cover, and/or (ii) terminate that portion of the Contract relating to the deficient equipment, deliverable, Requirement, or Service. The above-described remedies are not intended to constrain either party from any other action mutually agreed to by Contractor and the State as being more appropriate or to limit any of the State's other rights and remedies under this Contract, at law or in equity, including the application of Section 59 (Performance Deficiency Charges) or the exercise of Section 60 (Set-Off Rights).

e) Replacement or Substitution of equipment by Contractor

If Contractor, in an attempt to improve the level of performance, replaces or substitutes equipment or Service that meets all of the Contract requirements, such replacement or substitution shall be at no cost to the State.

f) Review of Performance

Contractor's performance will be periodically evaluated in accordance with the service levels for each Service delivered throughout the term of this Contract. In accordance with the California Government Code, Contractor performance evaluation will be completed within the guidelines of the State Administrative Manual, Section 1283.

46. DISPUTES

Unless otherwise specified in the Contract:

- a) The parties shall deal in good faith and attempt to resolve potential disputes informally. All disputes, for which California law (e.g., the California Prompt Payment Act) does not otherwise specify a dispute resolution process, shall immediately be brought to the attention of the parties' respective project managers. If the dispute persists, and the project managers are not able to agree on a resolution to any particular issue within ten (10) calendar days after the dispute initially became known to each party, then either party may submit the dispute to a State Contract Contact for resolution. This Contract Contact will convene with the respective leadership group in person or by telephone within three (3) business days after the dispute is submitted to the Contract Contact. If the dispute persists, and the leadership group is not able to agree on a resolution to any particular issue within ten (10) calendar days after the dispute was initially submitted to the leadership group, then Contractor shall submit the dispute to an executive committee consisting of the State's project manager and representatives of the State's executive management, a representative of TPD, and Contractor's project manager and designated senior representatives of Contractor for resolution. This executive committee will convene in person or by telephone within three (3) Business Days after the dispute is submitted to the executive committee. If the dispute persists and the executive committee is not able to agree on a resolution to any particular issue within ten (10) calendar days after the dispute was initially submitted to the executive committee, then Contractor shall submit to the Deputy Director, TPD, or designee a written demand for a final decision regarding the disposition of any dispute between the parties arising under, related to or involving this Contract, unless the State, on its own initiative, has already rendered such a final decision. Contractor's written demand shall be fully supported by factual information, and if such demand involves a cost adjustment to the Contract, Contractor shall include with the demand a written statement signed by an authorized person indicating that the demand is made in good faith, that the supporting data are accurate and complete and that the amount requested accurately reflects the Contract adjustment for which Contractor believes the State is liable. At the State's sole discretion, the State may direct the Contractor to escalate the dispute directly to the Deputy Director for final resolution.
- b) Pending the final resolution of any dispute arising under, related to or involving this Contract, for which California law (e.g., the California Prompt Payment Act) does not otherwise specify a dispute resolution process, both parties agree to diligently proceed with the performance of this Contract, including State's payment for and Contractor's delivery of goods or providing of services in accordance with this Contract. The failure to diligently proceed in accordance with this Contract shall be considered a material breach of this Contract.

- c) Any final decision of the State shall be expressly identified as such in writing, and shall be signed by the Deputy Director, TPD, or designee. The State's final decision shall be conclusive and binding regarding the dispute unless Contractor commences an action in a court of competent jurisdiction to contest such decision within ninety (90) days following the date of the final decision or one (1) year following the accrual of the cause of action, whichever is later.

47. STOP WORK

- a) Notwithstanding anything to the contrary contained herein, and even if any dispute arises between the parties and regardless of whether or not it requires at any time the use of the dispute resolution procedures described above, in no event nor for any reason shall Contractor interrupt the provision of services to the State or any obligations related to Disentanglement under Section 81, disable any equipment or software used to provide services, or perform any other action that prevents, impedes, or reduces in any way the provision of services or the State's ability to conduct its activities (other than minimal, routine interruptions necessary in order for Contractor to provide the services), unless: (i) authority to do so is granted by the State or conferred by a court of competent jurisdiction; or (ii) the Term of this Contract has been terminated or has expired pursuant to Section 26 (TERMINATION FOR THE CONVENIENCE OF THE STATE) or Section 27 (TERMINATION FOR DEFAULT) and a Disentanglement has occurred in accordance with Section 81.
- b) Without limiting the generality of Section 47.a, the State may, at any time, by written Stop Work Order to Contractor, require Contractor to stop all, or any part, of the work called for by this Contract for a period of ninety (90) days after the Stop Work Order is delivered to Contractor, and for any further period to which the parties may agree. The Stop Work Order shall be specifically identified as such and shall indicate it is issued under this clause. Upon receipt of the Stop Work Order, Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the Stop Work Order during the period of work stoppage. Within a period of ninety (90) days after a Stop Work Order is delivered to Contractor, or within any extension of that period to which the parties shall have agreed, the State shall either:
 - i. Cancel the Stop Work Order; or
 - ii. Terminate the work covered by the Stop Work Order as provided for in the termination for default or the termination for convenience clause of this Contract.
- c) If a Stop Work Order issued under this clause is canceled or the period of the Stop Work Order or any extension thereof expires, Contractor shall resume work. The State shall make an equitable adjustment in the delivery schedule, this Contract price, or both, and this Contract shall be modified, in writing, accordingly, if:
 - i. The Stop Work Order results in an increase in the time required for, or in Contractor's cost properly allocable to the performance of any part of this Contract; and

- ii. Contractor asserts its right to an equitable adjustment within thirty (30) days after the end of the period of work stoppage; provided, that if the State decides the facts justify the action, the State may receive and act upon a proposal submitted at any time before final payment under this Contract.
- d) If a Stop Work Order is not canceled and the work covered by the Stop Work Order is terminated in accordance with the provision entitled Termination for the Convenience of the State, the State shall allow reasonable costs resulting from the Stop Work Order in arriving at the termination settlement.
