

# Exhibit D

This page intentionally left blank.

## Big Sur MW Repeater

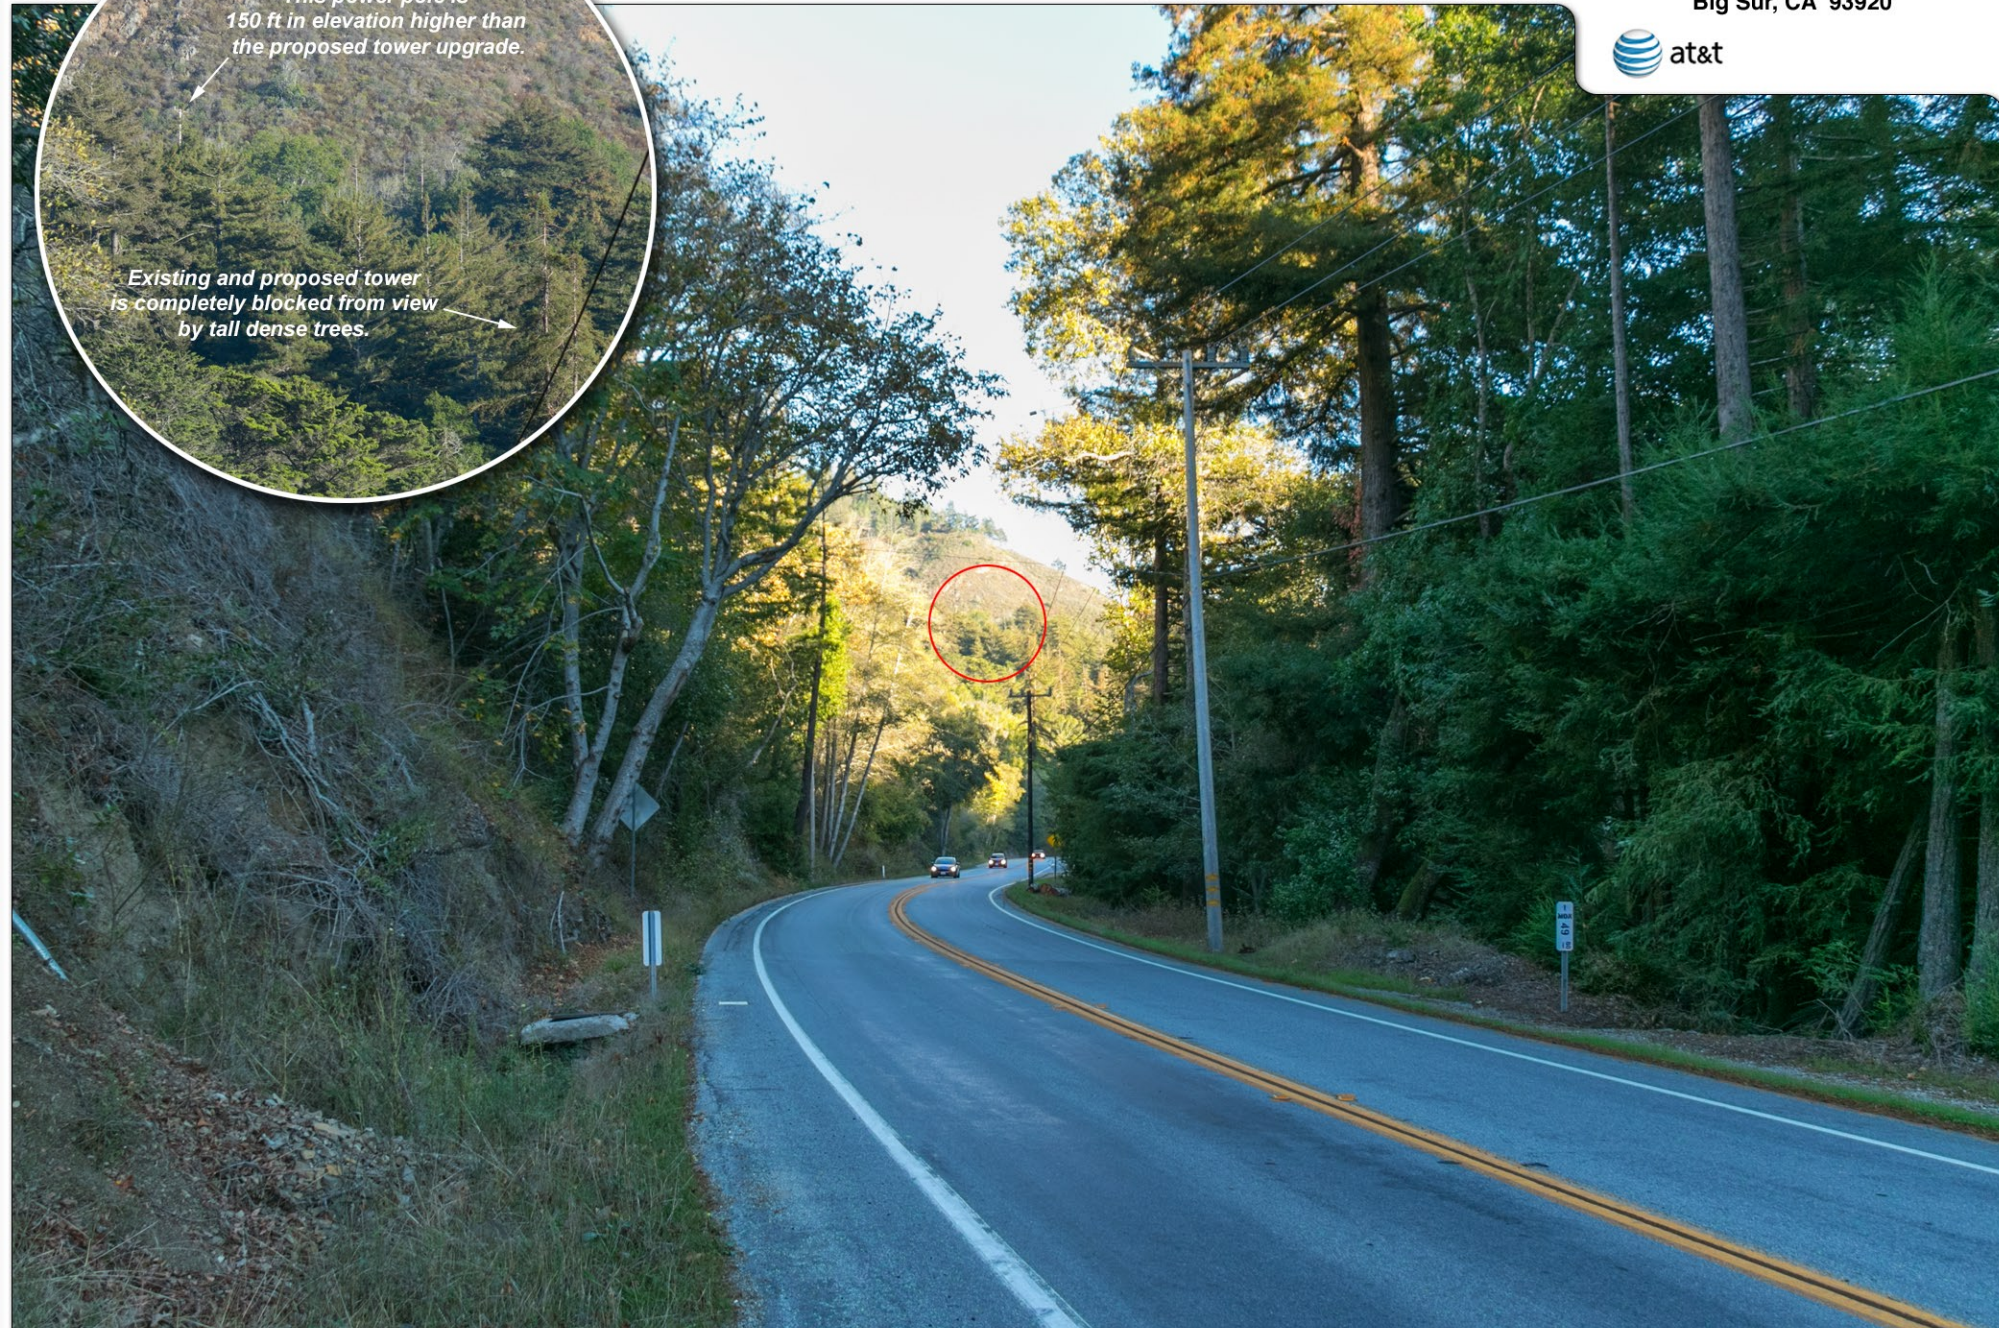

47000 Highway 1  
Big Sur, CA 93920

Photosimulation of the view looking south along Hwy 1.

*This power pole is  
150 ft in elevation higher than  
the proposed tower upgrade.*

*Existing and proposed tower  
is completely blocked from view  
by tall dense trees.*

## Big Sur MW Repeater

47000 Highway 1  
Big Sur, CA 93920

Photosimulation of the view looking east from Clear Ridge Road, beyond a locked gate.

# Photosimulation of the view looking north from in front of the Big Sur Library.

## Big Sur MW Repeater

47000 Highway 1  
Big Sur, CA 93920

*Proposed tower extension,  
not visible because of terrain  
and vegetation blocking the view.*

# Photosimulation of the view looking east from the nearest clearing along Hwy 1.

*Existing tower and power pole  
not visible because of dense trees.*

*Proposed tower extension not visible.*

*Please note that this viewpoint was selected because  
in preliminary analysis it was determined that this location  
provided the highest probability of being able to see the site.  
However, upon visiting the site it was determined that  
the tower will not be visible from any point along Hwy 1.*
