Together, a Healthy, Safe, Thriving Monterey County

"I'd like to see more connected neighborhoods – where neighbors know one another and look out for each other in their times of need."

"A police department that resembles the community they serve."

"Bilingual officers would be better able to prevent crimes."

"I want streets with good enough 'lighting' to walk in the evening and night."

"Healthy food is very expensive."

(I want a community where) "the community comes together with businesses and organizations to help build and keep parks clean and maintained for an invested sense of community, sense of safety."

"Start early with quality child care and preschool..... a child in preschool should not be there with 26 other kids".

"Public transportation does not accommodate the working families since it stops running at 7pm."

Community Priorities

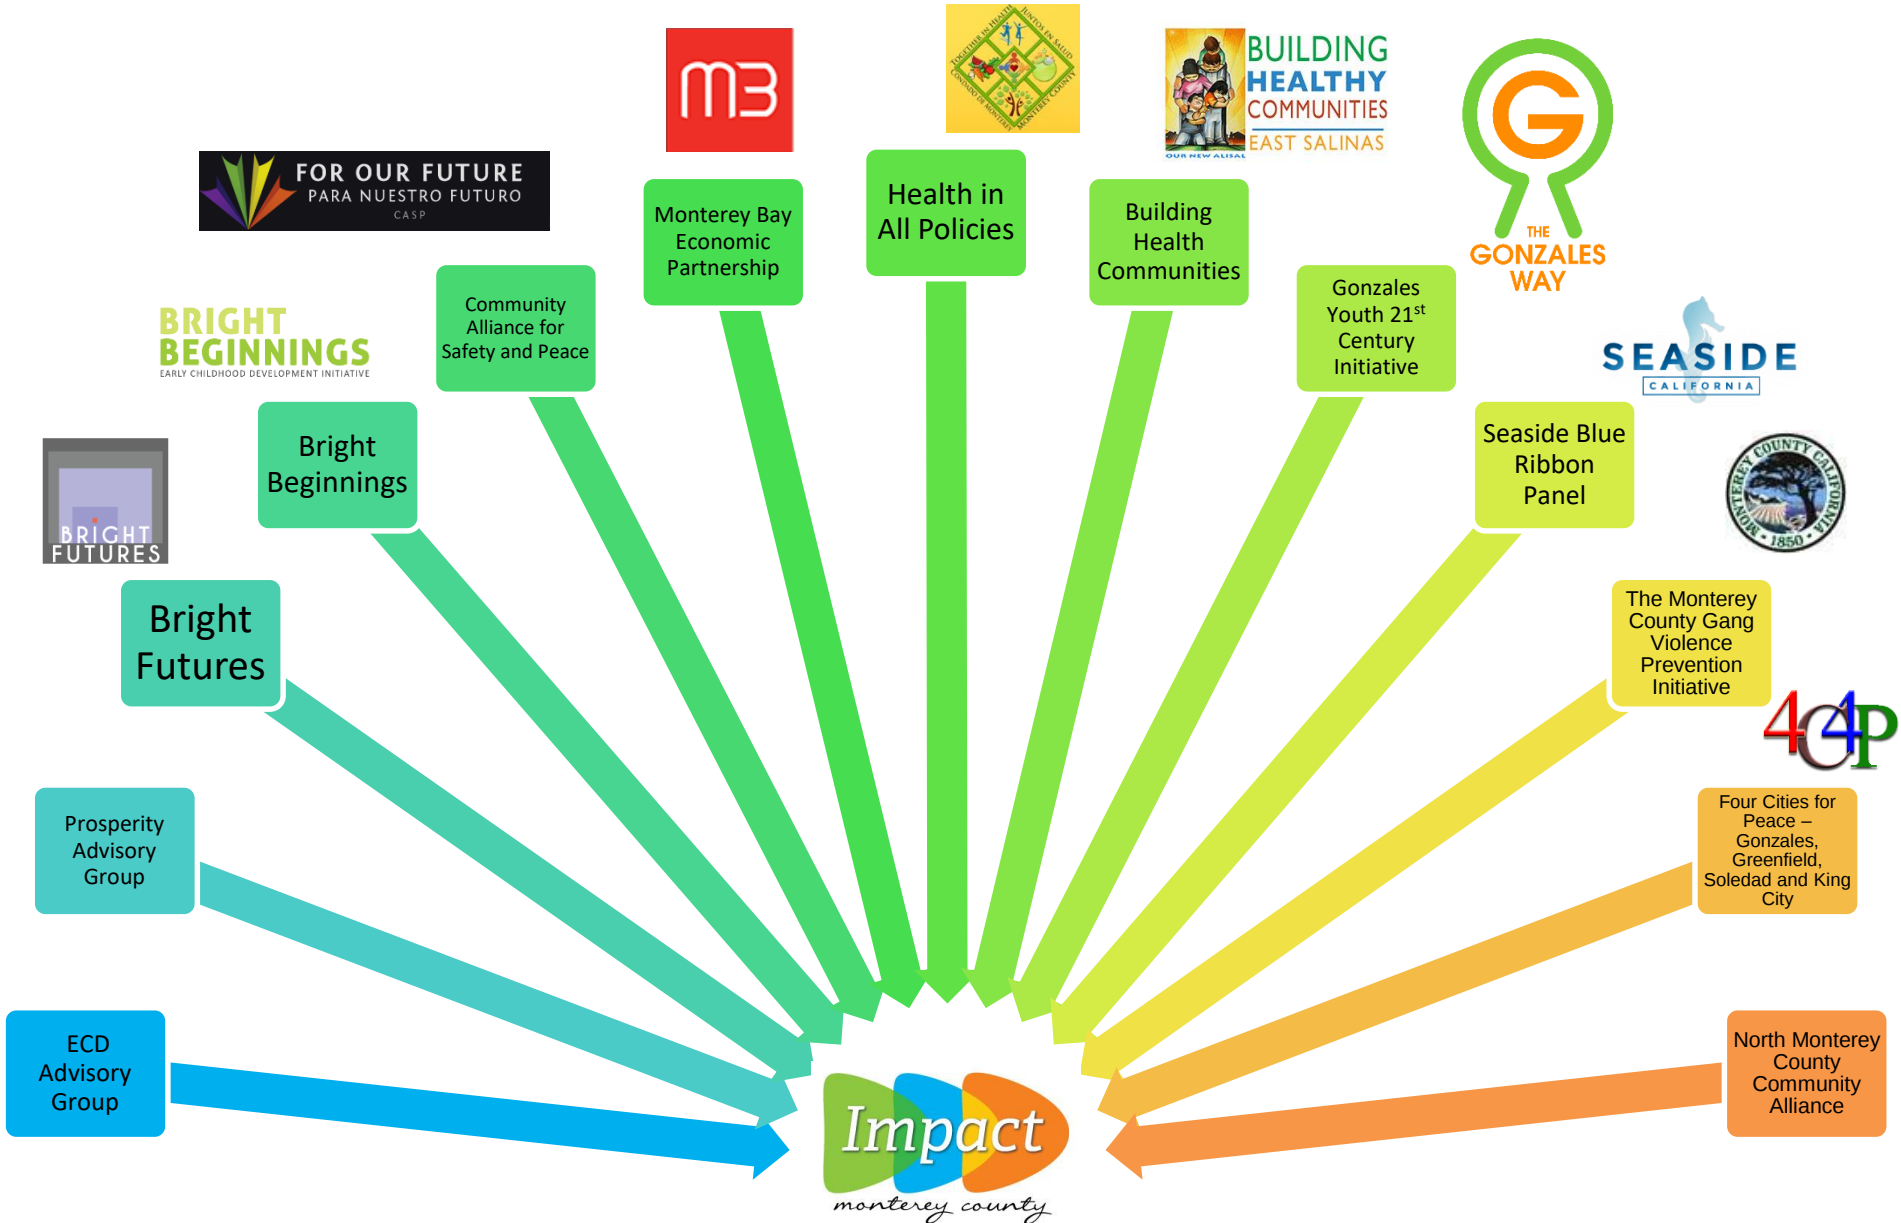

People are economically self-sufficient, with opportunities for more prosperity

People's educational achievement supports career aspirations and lifelong learning

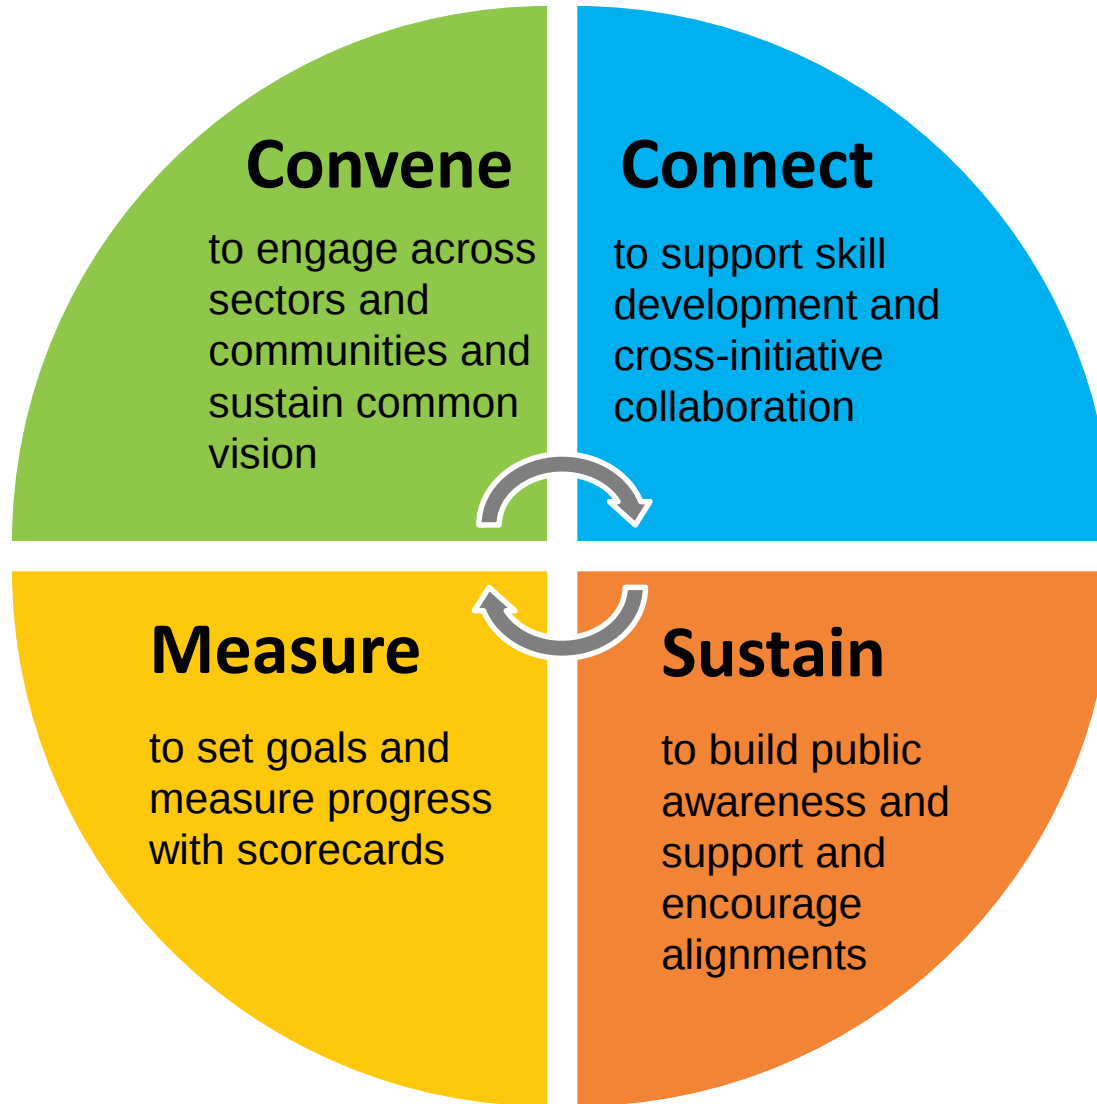

People are mentally and physically healthy

People are safe
