Re: Application for Alternate Board Seat for SVBGSA

Reasons for Serving as Alternate for Environmental Caucus Seat on SVBGSA board:

I am applying to be an alternate for the environmental caucus seat. My nomination has been approved by the members of the Environmental Caucus. My advocacy for healthy local watersheds and urban and regional planning are very congruent with developing a sustainable ground water plan for the Salinas Valley. I am also on the board of the Communities for Sustainable Monterey County (CSMC) whose mission is to advocate for transitioning to sustainable practices in our governments and in our communities. Working on developing a sustainable ground water plan fits with our mission. I will also represent the interest of the environmental groups who make up the environmental caucus, who also see the need for sustainable use of our limited ground water.

My degrees in geology, urban and regional planning, and as a retired licensed waste water treatment plant operator, give me the tools necessary to understand the science used for creating a sustainable ground water plan. Training in arbitration, volunteer work as director of the Santa Rita and Bolsa Knolls Watershed Group, and serving on the board of CSMC give me insights into the process of consensus building among competing stakeholders.
