

PLACE ON BOARD LETTERHEAD

May 9, 2018

Michael Houlemard, Executive Director
Fort Ord Reuse Authority
920 2nd Avenue, Suite A
Marina, CA 93933

Subject: Increase prioritization of and commit to fully fund the Davis Road South of Blanco transportation improvement project

Dear Mr. Houlemard,

The Davis Road South of Blanco transportation improvement project is a top priority for the County of Monterey. This project will provide needed improvements including construction of the Davis Road bridge, road enhancements for part of the Regional Multi-Modal Corridor project, and intersection improvements at Davis Road and Reservation Road to mitigate for the East Garrison development. The County has completed an EIR and is in the process of finalizing the plans.

In consideration of FORA's Capital Improvement Program for fiscal year 2019-2020 (FY19-20) and uncertainty of future Fort Ord Community Facility District funding availability post-FORA's legislated sunset date of June 30, 2020, the County requests that FORA increase the prioritization of the Davis Road South of Blanco project in the FY19-20 Capital Improvement Program, and commit to fully funding its share of the project prior to FORA's sunset.

Thank you for your consideration.

Regards,

Luis A. Alejo, Chair
Monterey County Board of Supervisors
