AGRICULTURAL BUFFER EASEMENT DEED

THIS AGRICULTURAL BUFFER EASEMENT DEED is made by and
between **Scheid Vineyards California, Inc.**, ("Grantors") to the **Ag Land Trust**, a
California nonprofit public benefit corporation and to the **County of Monterey**, a
political subdivision of the State of California (Collectively, "Grantees") on the last date
opposite the respective signatures below, with reference to the following facts and
circumstances:

RECITALS:

- A. Grantors are the owners in fee simple of that certain real property situated in
the County of Monterey, State of California, as described in **Exhibit A**,
attached hereto (the Property) and incorporated by this reference.
- B. Grantors and Grantees wish to preserve and conserve for the public benefit the
agricultural capability/suitability of the surrounding agricultural uses.
- C. Grantors are willing and able to grant to Grantees a 70-foot agricultural buffer
easement over and across the Property (east property line, APN 221-011-070

and 221-011-071) as shown on **Exhibit B** attached hereto and incorporated by this reference.

- D. The purpose and intent of this grant of easement to Grantees is to keep and maintain a 70-foot buffer as described in **Exhibit B** as an agricultural buffer easement to protect agriculture from impacts of incompatible development and to mitigate against the effects of agricultural operations on the proposed uses within the Annexed Lands, and to utilize buffer easement in a manner consistent with the protection and preservation of agricultural land adjacent to territory to be annexed to the City of Greenfield. The sole purpose of this buffer easement is to restrict the uses to which the Buffer Easement Property may be put so that the surrounding agricultural property may be kept in agricultural use with as little conflict as possible with uses on the adjacent annexed and developed property, without limiting or restricting the future agricultural use of the surrounding agricultural property as may otherwise be allowed while the property remains under County of Monterey land use jurisdiction.
- E. This agricultural buffer easement shall be interpreted and applied consistent with the 2013 Greater Greenfield Memorandum of Agreement (MOA), adopted by the City, County, and LAFCO, which provides that City growth through 2050 shall not include the area west of Highway 101 and south of Espinosa Road and the area east of Highway 101 and south of Elm Avenue (excluding the area west of the approximate extension of Third Street).

F. Grantor and Grantees have executed this Easement in accordance with the Local Agency Formation Commission (LAFCO) Resolution No. 17-12 adopted by LAFCO of Monterey County on October 23, 2017, making determinations and approving a reorganization involving annexation of approximately 290 acres (“Annexed Lands”) to the City of Greenfield and detachment of the same lands from the Greenfield Fire Protection District and the Resource Conservation District of Monterey County.

NOW, THEREFORE, for the reasons set forth above and in consideration of their mutual promises and covenants, terms and conditions, and restrictions contained herein, Grantors do hereby voluntarily grant and convey to Grantees and Grantees hereby accept a 70-foot wide agricultural buffer easement over and across the southerly portion of the property, as described in **Exhibit A**, attached hereto, and shown on **Exhibit B** (“the Buffer Easement Property”). To that end, and for the purposes of accomplishing the express intent of the parties, Grantors covenant on behalf of themselves, their heirs successors, and assigns, with Grantees, their successors and assigns, to do and refrain from doing severally and collectively upon the easement property the acts mentioned below.

1. RESTRICTION ON BUFFER EASEMENT AREA. No improvements, buildings, or any other type of structures inconsistent with the use of the Buffer Easement Property as an agricultural buffer, shall be erected, constructed or placed nor permitted to be erected, constructed, or placed, on the Buffer Easement Property, subject to the following provisions:

a. Requirements.

1. That a fence or wall at least four (4) feet in height for the purpose of preventing trespassing shall be constructed at the cost of the Grantor, or successor and assigns, within the agricultural buffer easement, to be maintained or replaced in perpetuity by the Grantor or successor and assigns for as long as the agricultural conservation easement on adjacent property remains in force.
The fence or wall shall be constructed within the buffer zone adjacent to each phase of development and shall be in place prior to or at the time of occupancy of any buildings in the development phase adjacent to the Buffer Easement Property.
The City of Greenfield is responsible for enforcing public safety within the buffer zone.
2. That the Grantor or successor and assigns shall be responsible for maintenance, upkeep, and replacement of the required uses and allowed uses that may be placed on the Buffer Easement Property.
3. The Grantors and/or their Successors and/or Assigns shall work cooperatively with the City of Greenfield to establish a Landscaping and Lighting District to maintain the buffer zone.
4. The Buffer Easement Property shall be maintained in such a condition and manner that it may be used and preserved for agricultural buffer purposes.

b. Allowed uses.

1. Public streets or roadways may be allowed within the Buffer Easement Property.
2. Trails and other connecting pathways for pedestrians, non-motorized vehicles and maintenance vehicles as consistent with City of Greenfield ordinances.
3. Landscaping subject to the following provisions:
 - a. Street trees, lawns, low growing shrubbery and other landscaping plantings shall be allowed in any area of the Buffer Easement Property. No planting should include any noxious weed species or other plants that are otherwise harmful to agriculture. Consultation with the Monterey County Agricultural Commissioner is required before finalizing plant selections within the buffer zone.
 - b. Earthen berms may be allowed.
 - c. Irrigation systems to serve the allowed landscaping may be allowed.
 - d. Allowable landscaping shall be approved by the City of Greenfield.
4. One (1) maximum 15' x 15' buffer maintenance equipment storage building may be allowed. Storage building use shall be limited to the storage of equipment used for buffer maintenance.

5. Parallel parking (8-Ft) lanes along shall be allowed.
6. Street improvements including streets, pathways, sidewalks, planters, street lights, curbs, gutters, signage, and paving shall be allowed in the Buffer Easement Property. Such improvements shall comply with the City of Greenfield Standards and Ordinances.

c. Municipal uses.

1. Any easement or construction necessary for sanitary sewer, storm sewers, holding, detention and retention basins, water pumping, storage and distribution, gas, electric, phone, data and other similar facilities and connections to the City of Greenfield's Wastewater Treatment Plant shall be allowed.
2. No services, municipal or otherwise, shall be extended through and beyond the Buffer Easement to any territory from the City of Greenfield beyond the Buffer Easement Property without the prior written consent of Grantor and Grantees or their respective Successors or Assigns.

d. Uses not allowed.

1. No use of the Buffer Easement Property which will or does materially alter the use and preservation of the property for agricultural buffer easement purposes shall be done or suffered. In the event that the Parties are unable to agree on what constitutes a material alteration of the property for its use and

preservation for agricultural buffer easement purposes, the Parties shall submit any such dispute to a non-binding mediation in accordance with the provisions of California Civil Code Section §1115 *et seq.*

2. No other uses except those enumerated and specifically allowed or required above shall be allowed without the prior written consent of Grantor and Grantees or their respective Successors or Assigns.

2. RIGHT OF ENTRY. With reasonable advance written notice to Grantors, Grantees, at Grantees' risk, may enter upon the Buffer Easement Property for the purpose of inspecting for violations of the stated purposes, terms, conditions, restrictions or covenants of this easement.

3. ENFORCEMENT. The stated purposes, terms, conditions, restrictions and covenants set forth herein and each and all of them may be specifically enforced or enjoined by proceedings in the Superior Court of the State of California, County of Monterey. Should Grantees believe Grantor is in violation of this easement, Grantees shall notify Grantors, in writing, of Grantees' findings and give Grantor at least thirty (30) days in which to respond or correct said violation before initiating legal action.

4. NO TRESPASS. The grant of this agricultural buffer easement does not authorize and is not to be construed as authorizing the public or any member thereof to trespass upon or use all or any portion of the Buffer Easement Property or as granting to the public or any member thereof any tangible rights in or to the Buffer Easement

Property or the right to go upon or use or utilize the Buffer Easement Property in any manner whatsoever.

5. RESERVATION OF USE. Grantors reserve the right to use the Buffer Easement Property as specified in the Restrictions of Buffer Easement Area enumerated above. Should any public jurisdictions with authority be more restrictive in their zoning and other laws, rules and regulations, they shall prevail. Grantors reserve the right to continue commercial agricultural production uses within the buffer easement property prior to conversion of the property to urban uses.

6. TRANSFER OF EASEMENT. Grantees shall not assign nor transfer this agricultural buffer easement to a third party without prior written notice to Grantor, or Grantors successor in interest, lessee, or assignee. Grantees may transfer Grantees' respective interest in the agricultural buffer easement to a third party without Grantor's permission, so long as the third party is qualified to hold easements pursuant to California Civil Code Section 815.3. Grantor shall be responsible for notifying Grantees, or any successor in interest, or assignee, of any transfer of property interest in accordance with Paragraph 7 below.

7. TRANSFER OF PROPERTY INTEREST. Grantor may transfer, encumber, and/or lease the Buffer Easement Property to any third party without Grantees' respective permission; however, the document of conveyance, lease, or encumbrance shall expressly incorporate by reference this agricultural buffer easement. Failure of Grantor to do so shall not impair the validity of this agricultural buffer easement or limit its enforceability in any way. Grantor shall notify Grantees of any transfer of ownership.

8. CONDEMNATION. In the event the Buffer Easement Property or some portion thereof during the term of this easement is sought to be condemned for public use, the easement and each and every term, condition, restriction and covenant contained herein shall terminate as of the time of filing of the complaint in condemnation as to that portion of the agricultural buffer easement property sought to be taken for public use only, but shall remain in effect relative to all other portions of the Buffer Easement Property. In the event of condemnation, no City services shall be extended beyond the Buffer Easement Property. Grantors, their successors and assigns, shall be entitled to such compensation as they would have been entitled had the Buffer Easement Property not been burdened by this easement; provided, however, that each and every stated term, condition, restriction, and covenant of this easement shall be observed by Grantors, their successors or assigns, during the pendency of such action and provided further that in the event such action is abandoned prior to the recordation of a final order of condemnation relative to the Buffer Easement Property or some portion thereof or the Buffer Easement Property or some portion thereof is not actually acquired for a public use, the Buffer Easement Property shall, at the time of such abandonment, or at the time it is determined that such property shall not be taken for public use, once again be subject to this easement and to each and every stated purpose, term, condition, restriction and covenant of this easement.

9. AMENDMENT. This agricultural buffer easement shall not be rescinded, altered, amended, or abandoned in whole or in part as to the Buffer Easement Property or any portion thereof or as to any term, condition, restriction, or covenant of this buffer

easement without the prior written consent of Grantor and Grantees or their respective Successors or Assigns.

10. ENFORCEABLE RESTRICTION. This agricultural buffer easement and each and every term, condition, restriction and covenant contained herein is intended for the benefit of the public and constitutes an enforceable restriction and shall bind Grantor and its successors and assigns and each and all of them and is intended to run with the land.

11. NO SUBORDINATION. This easement shall be the senior encumbrance on the Buffer Easement Property and shall not be subordinated.

12. INDEMNIFICATION. Grantors agree to hold Grantees harmless against, and to indemnify it for, any liability resulting from injury to persons or damage to property arising out of any act or omission with respect to the use of the Buffer Easement Property, lawful or otherwise, by Grantors, except for injury or damage proximately caused by the negligent or intentional acts of Grantees or its agents or third parties. Grantees agree to hold Grantors harmless against, and to indemnify it for, any liability resulting from injury to persons or damage to property arising out of any act or omission with respect to the use of the Buffer Easement Property, lawful or otherwise, by Grantees, except for injury or damage proximately caused by the negligent or intentional acts of Grantors or their agents or third parties. Grantor and Grantees are not to be held responsible nor liable for the unauthorized actions of others over which Grantor and Grantees have no control.

13. NOTICES. Any notice required under this easement must be in writing, and may be given either personally, by facsimile, by registered or certified mail, return receipt

TEMPORARY AGRICULTURAL BUFFER EASEMENT DEED

THIS TEMPORARY AGRICULTURAL BUFFER EASEMENT DEED

is made by and between **Scheid Vineyards California, Inc.**, ("Grantors") to the **Ag Land Trust**, a California nonprofit public benefit corporation and to the **City of Greenfield**, a political subdivision of the State of California (Collectively, "Grantees") on the last date opposite the respective signatures below, with reference to the following facts and circumstances:

RECITALS:

- A. Grantors are the owners in fee simple of that certain real property situated in the County of Monterey, State of California, as described in **Exhibit A**, attached hereto (the Property) and incorporated by this reference.
- B. Grantors and Grantees wish to preserve and conserve for the public benefit the agricultural capability/suitability of the surrounding agricultural uses.
- C. Grantors are willing and able to grant to Grantees a 70-foot agricultural buffer easement over and across the Property (west property line, APN 221-011-068) as shown on **Exhibit B** attached hereto and incorporated by this reference.

- D. The purpose and intent of this grant of easement to Grantees is to keep and maintain a temporary 70-foot buffer as described in **Exhibit B** as an agricultural buffer easement to protect agriculture from impacts of incompatible development and to mitigate against the effects of agricultural operations on the proposed uses within the Annexed Lands, and to utilize buffer easement in a manner consistent with the protection and preservation of agricultural land adjacent to territory to be annexed to the City of Greenfield. The sole purpose of this buffer easement is to restrict the uses to which the Buffer Easement Property may be put so that the surrounding agricultural property may be kept in agricultural use with as little conflict as possible with uses on the adjacent annexed and developed property until such time as the temporary easement is terminated.
- E. This agricultural buffer easement shall be interpreted and applied consistent with the 2013 Greenfield Memorandum of Agreement (MOA), adopted by the City, County, and LAFCO, which provides that City growth through 2050 shall not include the area west of Highway 101 and south of Espinosa Road and the area east of Highway 101 and south of Elm Avenue (excluding the area west of the approximate extension of Third Street).
- F. Grantor and Grantees have executed this Easement in accordance with the Local Agency Formation Commission (LAFCO) Resolution No. 17-12 adopted by LAFCO of Monterey County on October 23, 2017, making determinations and approving a reorganization involving annexation of approximately 290 acres ("Annexed Lands") to the City of Greenfield and

detachment of the same lands from the Greenfield Fire Protection District and the Resource Conservation District of Monterey County.

NOW, THEREFORE, for the reasons set forth above and in consideration of their mutual promises and covenants, terms and conditions, and restrictions contained herein, Grantors do hereby voluntarily grant and convey to Grantees and Grantees hereby accept a 70-foot wide agricultural buffer easement over and across the westerly portion of the property, as described in **Exhibit A**, attached hereto, and shown on **Exhibit B** (“the Buffer Easement Property”). To that end, and for the purposes of accomplishing the express intent of the parties, Grantors covenant on behalf of themselves, their heirs successors, and assigns, with Grantees, their successors and assigns, to do and refrain from doing severally and collectively upon the easement property the acts mentioned below until such time as the temporary easement is terminated or otherwise extinguished in accordance with the provisions contained herein.

1. RESTRICTION ON BUFFER EASEMENT AREA. No improvements, buildings, or any other type of structures inconsistent with the use of the Buffer Easement Property as an agricultural buffer, shall be erected, constructed or placed nor permitted to be erected, constructed, or placed, on the Buffer Easement Property, subject to the following provisions:

a. Requirements.

1. That a fence or wall at least four (4) feet in height for the purpose of preventing trespassing shall be constructed at the cost of the Grantor, or successor and assigns, within the agricultural buffer easement, to be maintained or replaced in perpetuity by the

Grantor or successor and assigns for as long as the agricultural conservation easement on adjacent property remains in force.

The fence or wall shall be constructed within the buffer zone adjacent to each phase of development and shall be in place prior to or at the time of occupancy of any buildings in the development phase adjacent to the Buffer Easement Property.

The City of Greenfield is responsible for enforcing public safety within the buffer zone.

2. That the Grantor or successor and assigns shall be responsible for maintenance, upkeep, and replacement of the required uses and allowed uses that may be placed on the Buffer Easement Property.
3. The Grantors and/or their Successors and/or Assigns shall work cooperatively with the City of Greenfield to establish a Landscaping and Lighting District to maintain the buffer zone.
4. The Buffer Easement Property shall be maintained in such a condition and manner that it may be used and preserved for agricultural buffer purposes.

b. Allowed uses.

1. Public streets or roadways may be allowed within the Buffer Easement Property.

2. Trails and other connecting pathways for pedestrians, non-motorized vehicles and maintenance vehicles as consistent with City of Greenfield ordinances.
3. Landscaping subject to the following provisions:
 - a. Street trees, lawns, low growing shrubbery and other landscaping plantings shall be allowed in any area of the Buffer Easement Property. No planting should include any noxious weed species or other plants that are otherwise harmful to agriculture. Consultation with the Monterey County Agricultural Commissioner is required before finalizing plant selections within the buffer zone.
 - b. Earthen berms may be allowed.
 - c. Irrigation systems to serve the allowed landscaping may be allowed.
 - d. Allowable landscaping shall be approved by the City of Greenfield.
4. One (1) maximum 15' x 15' buffer maintenance equipment storage building may be allowed. Storage building use shall be limited to the storage of equipment used for buffer maintenance.
5. Parallel parking (8-Ft) lanes shall be allowed.
6. Street improvements including streets, pathways, sidewalks, planters, street lights, curbs, gutters, signage, and paving shall be

allowed in the Buffer Easement Property. Such improvements shall comply with the City of Greenfield Standards and Ordinances.

c. Municipal uses.

1. Any easement or construction necessary for sanitary sewer, storm sewers, holding, detention and retention basins, water pumping, storage and distribution, gas, electric, phone, data and other similar facilities and connections to the City of Greenfield's Wastewater Treatment Plant shall be allowed.

d. Uses not allowed.

1. No use of the Buffer Easement Property which will or does materially alter the use and preservation of the property for agricultural buffer easement purposes shall be done or suffered. In the event that the Parties are unable to agree on what constitutes a material alteration of the property for its use and preservation for agricultural buffer easement purposes, the Parties shall submit any such dispute to a non-binding mediation in accordance with the provisions of California Civil Code Section §1115 *et seq.*
2. No other uses except those enumerated and specifically allowed or required above shall be allowed without the prior written consent of Grantor and Grantees or their respective Successors or Assigns.

2. RIGHT OF ENTRY. With reasonable advance written notice to Grantors, Grantees, at Grantees' risk, may enter upon the Buffer Easement Property for the purpose of inspecting for violations of the stated purposes, terms, conditions, restrictions or covenants of this easement.

3. ENFORCEMENT. The stated purposes, terms, conditions, restrictions and covenants set forth herein and each and all of them may be specifically enforced or enjoined by proceedings in the Superior Court of the State of California, County of Monterey. Should Grantees believe Grantor is in violation of this easement, Grantees shall notify Grantors, in writing, of Grantees' findings and give Grantor at least thirty (30) days in which to respond or correct said violation before initiating legal action.

4. NO TRESPASS. The grant of this agricultural buffer easement does not authorize and is not to be construed as authorizing the public or any member thereof to trespass upon or use all or any portion of the Buffer Easement Property or as granting to the public or any member thereof any tangible rights in or to the Buffer Easement Property or the right to go upon or use or utilize the Buffer Easement Property in any manner whatsoever.

5. RESERVATION OF USE. Grantors reserve the right to use the Buffer Easement Property as specified in the Restrictions of Buffer Easement Area enumerated above. Should any public jurisdictions with authority be more restrictive in their zoning and other laws, rules and regulations, they shall prevail. Grantors reserve the right to continue commercial agricultural production uses within the buffer easement property prior to conversion of the property to urban uses.

6. TRANSFER OF EASEMENT. Grantees shall not assign nor transfer this agricultural buffer easement to a third party without prior written notice to Grantor, or Grantors successor in interest, lessee, or assignee. Grantees may transfer Grantees' respective interest in the agricultural buffer easement to a third party without Grantor's permission, so long as the third party is qualified to hold easements pursuant to California Civil Code Section 815.3. Grantor shall be responsible for notifying Grantees, or any successor in interest, or assignee, of any transfer of property interest in accordance with Paragraph 7 below.

7. TRANSFER OF PROPERTY INTEREST. Grantor may transfer, encumber, and/or lease the Buffer Easement Property to any third party without Grantees' respective permission; however, the document of conveyance, lease, or encumbrance shall expressly incorporate by reference this agricultural buffer easement. Failure of Grantor to do so shall not impair the validity of this agricultural buffer easement or limit its enforceability in any way. Grantor shall notify Grantees of any transfer of ownership.

8. TERMINATION OF EASEMENT. Upon such time as the adjacent agricultural land to the west of the Property is annexed to the City of Greenfield, the grant of temporary agricultural buffer easement contained herein shall be terminated and the easement immediately extinguished, and each and every term, condition, restriction and covenant contained herein shall terminate.

9. CONDEMNATION. In the event the Buffer Easement Property or some portion thereof during the term of this easement is sought to be condemned for public use, the easement and each and every term, condition, restriction and covenant contained herein shall terminate as of the time of filing of the complaint in condemnation as to that

portion of the agricultural buffer easement property sought to be taken for public use only, but shall remain in effect relative to all other portions of the Buffer Easement Property. In the event of condemnation, no City services shall be extended beyond the Buffer Easement Property. Grantors, their successors and assigns, shall be entitled to such compensation as they would have been entitled had the Buffer Easement Property not been burdened by this easement; provided, however, that each and every stated term, condition, restriction, and covenant of this easement shall be observed by Grantors, their successors or assigns, during the pendency of such action and provided further that in the event such action is abandoned prior to the recordation of a final order of condemnation relative to the Buffer Easement Property or some portion thereof or the Buffer Easement Property or some portion thereof is not actually acquired for a public use, the Buffer Easement Property shall, at the time of such abandonment, or at the time it is determined that such property shall not be taken for public use, once again be subject to this easement and to each and every stated purpose, term, condition, restriction and covenant of this easement.

10. AMENDMENT. The provisions of Paragraph 8 of this Agreement notwithstanding, this agricultural buffer easement shall not be rescinded, altered, amended, or abandoned in whole or in part as to the Buffer Easement Property or any portion thereof or as to any term, condition, restriction, or covenant of this buffer easement without the prior written consent of Grantor and Grantees or their respective Successors or Assigns.

11. ENFORCEABLE RESTRICTION. This temporary agricultural buffer easement and each and every term, condition, restriction and covenant contained herein is

intended for the benefit of the public and constitutes an enforceable restriction during the life of the easement and shall bind Grantor and its successors and assigns and each and all of them and is intended to run with the land until such time as it is terminated or otherwise extinguished in accordance with Paragraph 8, above, or by mutual agreement of the Parties.

12. NO SUBORDINATION. This easement shall be the senior encumbrance on the Buffer Easement Property and shall not be subordinated.

13. INDEMNIFICATION. Grantors agree to hold Grantees harmless against, and to indemnify it for, any liability resulting from injury to persons or damage to property arising out of any act or omission with respect to the use of the Buffer Easement Property, lawful or otherwise, by Grantors, except for injury or damage proximately caused by the negligent or intentional acts of Grantees or its agents or third parties. Grantees agree to hold Grantors harmless against, and to indemnify it for, any liability resulting from injury to persons or damage to property arising out of any act or omission with respect to the use of the Buffer Easement Property, lawful or otherwise, by Grantees, except for injury or damage proximately caused by the negligent or intentional acts of Grantors or their agents or third parties. Grantor and Grantees are not to be held responsible nor liable for the unauthorized actions of others over which Grantor and Grantees have no control.

14. NOTICES. Any notice required under this easement must be in writing, and may be given either personally, by facsimile, by registered or certified mail, return receipt requested, or by overnight mail through United Parcel Service, Federal Express or the United States Postal Service. AGRICULTURAL BUFFER EASEMENT DEED

THIS MOVEABLE/"ROLLING" AGRICULTURAL BUFFER

EASEMENT DEED is made by and between **Scheid Vineyards California, Inc.**,
("Grantors") and the **Ag Land Trust**, a California nonprofit public benefit corporation
and to the **County of Monterey**, a political subdivision of the State of California
(Collectively, "Grantees") on the last date opposite the respective signatures below, with
reference to the following facts and circumstances:

RECITALS:

- A. Grantors are the owners in fee simple of that certain real property situated in
the County of Monterey, State of California, as described in **Exhibit A**,
attached hereto (the Property) and incorporated by this reference.
- B. Grantors and Grantees wish to preserve and conserve for the public benefit the
agricultural capability/suitability of the surrounding agricultural uses.
- C. Grantors are willing and able to grant to Grantees a 180-foot agricultural
buffer easement over and across the Property (south property line, APN 221-

011-068) as shown on **Exhibit B** attached hereto and incorporated by this reference.

- D. The purpose and intent of this grant of easement to Grantees is to keep and maintain a 180-foot buffer as described in **Exhibit B** as an agricultural buffer easement to protect agriculture from impacts of incompatible development and to mitigate against the effects of agricultural operations on the proposed uses within the Annexed Lands, and to utilize buffer easement in a manner consistent with the protection and preservation of agricultural land adjacent to territory to be annexed to the City of Greenfield. The sole purpose of this buffer easement is to restrict the uses to which the Buffer Easement Property may be put so that the surrounding agricultural property may be kept in agricultural use with as little conflict as possible with uses on the adjacent annexed and developed property, without limiting or restricting the future agricultural use of the surrounding agricultural property as may otherwise be allowed while the property remains under County of Monterey land use jurisdiction.
- E. This agricultural buffer easement shall be interpreted and applied consistent with the 2013 Greater Greenfield Memorandum of Agreement (MOA), adopted by the City, County, and LAFCO, which provides that City growth through 2050 shall not include the area west of Highway 101 and south of Espinosa Road and the area east of Highway 101 and south of Elm Avenue (excluding the area west of the approximate extension of Third Street). **The parties to this easement agree that their collective intent is to remove the**

easement from its current location and place it into effect on other lands to the south as future annexations are finalized, although in no event should annexation be anticipated to occur further south than the Growth Area Boundary line as shown on the Greenfield MOA Exhibit B, dated June 4, 2013 (i.e. south of Espinosa Road).

- F. Grantor and Grantees have executed this Easement in accordance with the Local Agency Formation Commission (LAFCO) Resolution No. 17-12 adopted by LAFCO of Monterey County on October 23, 2017, making determinations and approving a reorganization involving annexation of approximately 290 acres (“Annexed Lands”) to the City of Greenfield and detachment of the same lands from the Greenfield Fire Protection District and the Resource Conservation District of Monterey County.

NOW, THEREFORE, for the reasons set forth above and in consideration of their mutual promises and covenants, terms and conditions, and restrictions contained herein, Grantors do hereby voluntarily grant and convey in perpetuity to Grantees and Grantees hereby accept a 180-foot wide moveable/rolling agricultural buffer easement over and across the southerly portion of the property, as described in **Exhibit A**, attached hereto, and shown on **Exhibit B** (“the Buffer Easement Property”). To that end, and for the purposes of accomplishing the express intent of the parties, Grantors covenant on behalf of themselves, their heirs successors, and assigns, with Grantees, their successors and assigns, to do and refrain from doing severally and collectively upon the easement property the acts mentioned below.

1. RESTRICTION ON BUFFER EASEMENT AREA. No improvements, buildings, or any other type of structures inconsistent with the use of the Buffer Easement Property as an agricultural buffer, shall be erected, constructed or placed nor permitted to be erected, constructed, or placed, on the Buffer Easement Property, subject to the following provisions:

a. Requirements.

1. That a fence or wall at least four (4) feet in height for the purpose of preventing trespassing shall be constructed at the cost of the Grantor, or successor and assigns, within the agricultural buffer easement, to be maintained or replaced in perpetuity by the Grantor or successor and assigns for as long as the agricultural conservation easement on adjacent property remains in force.

The fence or wall shall be constructed within the buffer zone adjacent to each phase of development and shall be in place prior to or at the time of occupancy of any buildings in the development phase adjacent to the Buffer Easement Property.

The City of Greenfield is responsible for enforcing public safety within the buffer zone.
2. That the Grantor or successor and assigns shall be responsible for maintenance, upkeep, and replacement of the required uses and allowed uses that may be placed on the Buffer Easement Property.

3. The Grantors and/or their Successors and/or Assigns shall work cooperatively with the City of Greenfield to establish a Landscaping and Lighting District to maintain the buffer zone.
4. The Buffer Easement Property shall be maintained in such a condition and manner that it may be used and preserved for agricultural buffer purposes.

b. Allowed uses.

1. Public streets or roadways may be allowed within the Buffer Easement Property.
2. Trails and other connecting pathways for pedestrians, non-motorized vehicles and maintenance vehicles as consistent with City of Greenfield ordinances.
3. Landscaping subject to the following provisions:
 - a. Street trees, lawns, low growing shrubbery and other landscaping plantings shall be allowed in any area of the Buffer Easement Property. No planting should include any noxious weed species or other plants that are otherwise harmful to agriculture. Consultation with the Monterey County Agricultural Commissioner is required before finalizing plant selections within the buffer zone.
 - b. Earthen berms may be allowed.

- c. Irrigation systems to serve the allowed landscaping may be allowed.
 - d. Allowable landscaping shall be approved by the City of Greenfield.
- 4. One (1) maximum 15' x 15' buffer maintenance equipment storage building may be allowed. Storage building use shall be limited to the storage of equipment used for buffer maintenance.
 - 5. Parallel parking (8-Ft) lanes along Second Street and C Street shall be allowed.
 - 6. Street improvements including streets, pathways, sidewalks, planters, street lights, curbs, gutters, signage, and paving shall be allowed in the Buffer Easement Property. Such improvements shall comply with the City of Greenfield Standards and Ordinances.

c. Municipal uses.

- 1. Any easement or construction necessary for sanitary sewer, storm sewers, holding, detention and retention basins, water pumping, storage and distribution, gas, electric, phone, data and other similar facilities and connections to the City of Greenfield's Wastewater Treatment Plant shall be allowed.
- 2. No services, municipal or otherwise, shall be extended through and beyond the Buffer Easement to any territory from the City of Greenfield beyond the Buffer Easement Property without the

prior written consent of Grantor and Grantees or their respective
Successors or Assigns.

d. Uses not allowed.

1. No use of the Buffer Easement Property which will or does materially alter the use and preservation of the property for agricultural buffer easement purposes shall be done or suffered.

In the event that the Parties are unable to agree on what constitutes a material alteration of the property for its use and preservation for agricultural buffer easement purposes, the Parties shall submit any such dispute to a non-binding mediation in accordance with the provisions of California Civil Code Section §1115 *et seq.*

2. No other uses except those enumerated and specifically allowed or required above shall be allowed without the prior written consent of Grantor and Grantees or their respective Successors or Assigns.

2. RIGHT OF ENTRY. With reasonable advance written notice to Grantors, Grantees, at Grantees' risk, may enter upon the Buffer Easement Property for the purpose of inspecting for violations of the stated purposes, terms, conditions, restrictions or covenants of this easement.

3. ENFORCEMENT. The stated purposes, terms, conditions, restrictions and covenants set forth herein and each and all of them may be specifically enforced or enjoined by proceedings in the Superior Court of the State of California, County of

Monterey. Should Grantees believe Grantor is in violation of this easement, Grantees shall notify Grantors, in writing, of Grantees' findings and give Grantor at least thirty (30) days in which to respond or correct said violation before initiating legal action.

4. NO TRESPASS. The grant of this agricultural buffer easement does not authorize and is not to be construed as authorizing the public or any member thereof to trespass upon or use all or any portion of the Buffer Easement Property or as granting to the public or any member thereof any tangible rights in or to the Buffer Easement Property or the right to go upon or use or utilize the Buffer Easement Property in any manner whatsoever.

5. RESERVATION OF USE. Grantors reserve the right to use the Buffer Easement Property as specified in the Restrictions of Buffer Easement Area enumerated above. Should any public jurisdictions with authority be more restrictive in their zoning and other laws, rules and regulations, they shall prevail. Grantors reserve the right to continue commercial agricultural production uses within the buffer easement property prior to conversion of the property to urban uses.

6. TRANSFER OF EASEMENT. Grantees shall not assign nor transfer this agricultural buffer easement to a third party without prior written notice to Grantor, or Grantors successor in interest, lessee, or assignee. Grantees may transfer Grantees' respective interest in the agricultural buffer easement to a third party without Grantor's permission, so long as the third party is qualified to hold easements pursuant to California Civil Code Section 815.3. Grantor shall be responsible for notifying Grantees, or any successor in interest, or assignee, of any transfer of property interest in accordance with Paragraph 7 below.

7. TRANSFER OF PROPERTY INTEREST. Grantor may transfer, encumber, and/or lease the Buffer Easement Property to any third party without Grantees' respective permission; however, the document of conveyance, lease, or encumbrance shall expressly incorporate by reference this agricultural buffer easement. Failure of Grantor to do so shall not impair the validity of this agricultural buffer easement or limit its enforceability in any way. Grantor shall notify Grantees of any transfer of ownership.

8. CONDEMNATION. In the event the Buffer Easement Property or some portion thereof during the term of this easement is sought to be condemned for public use, the easement and each and every term, condition, restriction and covenant contained herein shall terminate as of the time of filing of the complaint in condemnation as to that portion of the agricultural buffer easement property sought to be taken for public use only, but shall remain in effect relative to all other portions of the Buffer Easement Property. In the event of condemnation, no City services shall be extended beyond the Buffer Easement Property. Grantors, their successors and assigns, shall be entitled to such compensation as they would have been entitled had the Buffer Easement Property not been burdened by this easement; provided, however, that each and every stated term, condition, restriction, and covenant of this easement shall be observed by Grantors, their successors or assigns, during the pendency of such action and provided further that in the event such action is abandoned prior to the recordation of a final order of condemnation relative to the Buffer Easement Property or some portion thereof or the Buffer Easement Property or some portion thereof is not actually acquired for a public use, the Buffer Easement Property shall, at the time of such abandonment, or at the time it is determined that such property shall not be taken for public use, once again be subject to this

easement and to each and every stated purpose, term, condition, restriction and covenant of this easement.

9. AMENDMENT. This agricultural buffer easement shall not be rescinded, altered, amended, or abandoned in whole or in part as to the Buffer Easement Property or any portion thereof or as to any term, condition, restriction, or covenant of this buffer easement without the prior written consent of Grantor and Grantees or their respective Successors or Assigns.

10. ENFORCEABLE RESTRICTION. This agricultural buffer easement and each and every term, condition, restriction and covenant contained herein is intended for the benefit of the public and constitutes an enforceable restriction and shall bind Grantor and its successors and assigns and each and all of them and is intended to run with the land.

11. NO SUBORDINATION. This easement shall be the senior encumbrance on the Buffer Easement Property and shall not be subordinated.

12. INDEMNIFICATION. Grantors agree to hold Grantees harmless against, and to indemnify it for, any liability resulting from injury to persons or damage to property arising out of any act or omission with respect to the use of the Buffer Easement Property, lawful or otherwise, by Grantors, except for injury or damage proximately caused by the negligent or intentional acts of Grantees or its agents or third parties. Grantees agree to hold Grantors harmless against, and to indemnify it for, any liability resulting from injury to persons or damage to property arising out of any act or omission with respect to the use of the Buffer Easement Property, lawful or otherwise, by Grantees, except for injury or damage proximately caused by the negligent or intentional

acts of Grantors or their agents or third parties. Grantor and Grantees are not to be held responsible nor liable for the unauthorized actions of others over which Grantor and Grantees have no control.

13. NOTICES. Any notice required under this easement must be in writing, and may be given either personally, by facsimile, by registered or certified mail, return receipt requested, or by overnight mail through United Parcel Service, Federal Express or the United States Postal Service. If by facsimile, a notice shall be deemed to have been given and received at the time and date the facsimile is received at the number provided below. AGRICULTURAL BUFFER EASEMENT DEED

THIS AGRICULTURAL BUFFER EASEMENT DEED is made by and between **Patricia A. Hearne**, Trustee of the 1999 Hearne Family Trust Dated May 8, 1999, **Dennis J. Hearne and Sharon E. Hearne**, Trustees of the Dennis J. and Sharon E. Hearne 1995 Revocable Family Trust Dated October 13, 1995, **Patricia E. Hearne**, Trustee of the Francis J. and Patricia E. Hearne and Kate Hearne**, Trustees of the Timothy M. and Kate Hearne 1995 Revocable Family Trust Dated November 27, 1995 ("Grantors") to the **Ag Land Trust**, a California nonprofit public benefit corporation and to the **County of Monterey**, a political subdivision of the State of California (Collectively, "Grantees") on the last date opposite the respective signatures below, with reference to the following facts and circumstances:

RECITALS:

- A. Grantors are the owners in fee simple of that certain real property situated in the County of Monterey, State of California, as described in **Exhibit A**, attached hereto (the Property) and incorporated by this reference.

- B. Grantors and Grantees wish to preserve and conserve for the public benefit the agricultural capability/suitability of the surrounding agricultural uses.
- C. Grantors are willing and able to grant to Grantees a 1-foot agricultural buffer easement over and across the Property (southeast property line, APN 221-011-018) as shown on **Exhibit B** attached hereto and incorporated by this reference.
- D. The purpose and intent of this grant of easement to Grantees is to keep and maintain a 1-foot buffer as described in **Exhibit B** as an agricultural buffer easement to protect agriculture from impacts of incompatible development and to mitigate against the effects of agricultural operations on the proposed uses within the Annexed Lands, and to utilize buffer easement in a manner consistent with the protection and preservation of agricultural land adjacent to territory to be annexed to the City of Greenfield. The sole purpose of this buffer easement is to restrict the uses to which the Buffer Easement Property may be put so that the surrounding agricultural property may be kept in agricultural use with as little conflict as possible with uses on the adjacent annexed and developed property, without limiting or restricting the future agricultural use of the surrounding agricultural property as may otherwise be allowed while the property remains under County of Monterey land use jurisdiction.
- E. This agricultural buffer easement shall be interpreted and applied consistent with the 2013 Greater Greenfield Memorandum of Agreement (MOA), adopted by the City, County, and LAFCO, which provides that City growth

through 2050 shall not include the area west of Highway 101 and south of Espinosa Road and the area east of Highway 101 and south of Elm Avenue (excluding the area west of the approximate extension of Third Street).

- F. Grantor and Grantees have executed this Easement in accordance with the Local Agency Formation Commission (LAFCO) Resolution No. 17-12 adopted by LAFCO of Monterey County on October 23, 2017, making determinations and approving a reorganization involving annexation of approximately 290 acres (“Annexed Lands”) to the City of Greenfield and detachment of the same lands from the Greenfield Fire Protection District and the Resource Conservation District of Monterey County.

NOW, THEREFORE, for the reasons set forth above and in consideration of their mutual promises and covenants, terms and conditions, and restrictions contained herein, Grantors do hereby voluntarily grant and convey in perpetuity to Grantees and Grantees hereby accept a 1-foot wide permanent agricultural buffer easement over and across the southerly portion of the property as described in **Exhibit A**, attached hereto, and shown on **Exhibit B** (“the Buffer Easement Property”). To that end, and for the purposes of accomplishing the express intent of the parties, Grantors covenant on behalf of themselves, their heirs successors, and assigns, with Grantees, their successors and assigns, to do and refrain from doing severally and collectively upon the easement property the acts mentioned below.

1. RESTRICTION ON BUFFER EASEMENT AREA. No improvements, buildings, or any other type of structures inconsistent with the use of the Buffer Easement Property as an agricultural buffer, shall be erected, constructed or placed nor permitted to

be erected, constructed, or placed, on the Buffer Easement Property, subject to the following provisions:

a. Requirements.

1. That a fence or wall at least four (4) feet in height for the purpose of preventing trespassing shall be constructed at the cost of the Grantor, or successor and assigns, within the agricultural buffer easement, to be maintained or replaced in perpetuity by the Grantor or successor and assigns for as long as the agricultural conservation easement on adjacent property remains in force.

The fence or wall shall be constructed within the buffer zone adjacent to each phase of development and shall be in place prior to or at the time of occupancy of any buildings in the development phase adjacent to the Buffer Easement Property.

The City of Greenfield is responsible for enforcing public safety within the buffer zone.
2. That the Grantor or successor and assigns shall be responsible for maintenance, upkeep, and replacement of the required uses and allowed uses that may be placed on the Buffer Easement Property.
3. The Grantors and/or their Successors and/or Assigns shall work cooperatively with the City of Greenfield to establish a Landscaping and Lighting District to maintain the buffer zone.

4. The Buffer Easement Property shall be maintained in such a condition and manner that it may be used and preserved for agricultural buffer purposes.

b. Allowed uses.

1. Public streets or roadways may be allowed within the Buffer Easement Property.
2. Trails and other connecting pathways for pedestrians, non-motorized vehicles and maintenance vehicles as consistent with City of Greenfield ordinances.
3. Landscaping subject to the following provisions:
 - a. Street trees, lawns, low growing shrubbery and other landscaping plantings shall be allowed in any area of the Buffer Easement Property. No planting should include any noxious weed species or other plants that are otherwise harmful to agriculture. Consultation with the Monterey County Agricultural Commissioner is required before finalizing plant selections within the buffer zone.
 - b. Earthen berms may be allowed.
 - c. Irrigation systems to serve the allowed landscaping may be allowed.
 - d. Allowable landscaping shall be approved by the City of Greenfield.

4. One (1) maximum 15' x 15' buffer maintenance equipment storage building may be allowed. Storage building use shall be limited to the storage of equipment used for buffer maintenance.
5. Parallel parking (8-Ft) lanes along shall be allowed.
6. Street improvements including streets, pathways, sidewalks, planters, street lights, curbs, gutters, signage, and paving shall be allowed in the Buffer Easement Property. Such improvements shall comply with the City of Greenfield Standards and Ordinances.

c. Municipal uses.

1. Any easement or construction necessary for sanitary sewer, storm sewers, holding, detention and retention basins, water pumping, storage and distribution, gas, electric, phone, data and other similar facilities and connections to the City of Greenfield's Wastewater Treatment Plant shall be allowed.
2. No services, municipal or otherwise, shall be extended through and beyond the Buffer Easement to any territory from the City of Greenfield beyond the Buffer Easement Property without the prior written consent of Grantor and Grantees or their respective Successors or Assigns.

d. Uses not allowed.

1. No use of the Buffer Easement Property which will or does materially alter the use and preservation of the property for agricultural buffer easement purposes shall be done or suffered. In the event that the Parties are unable to agree on what constitutes a material alteration of the property for its use and preservation for agricultural buffer easement purposes, the Parties shall submit any such dispute to a non-binding mediation in accordance with the provisions of California Civil Code Section §1115 *et seq.*
2. No other uses except those enumerated and specifically allowed or required above shall be allowed without the prior written consent of Grantor and Grantees or their respective Successors or Assigns.

2. RIGHT OF ENTRY. With reasonable advance written notice to Grantors, Grantees, at Grantees' risk, may enter upon the Buffer Easement Property for the purpose of inspecting for violations of the stated purposes, terms, conditions, restrictions or covenants of this easement.

3. ENFORCEMENT. The stated purposes, terms, conditions, restrictions and covenants set forth herein and each and all of them may be specifically enforced or enjoined by proceedings in the Superior Court of the State of California, County of Monterey. Should Grantees believe Grantor is in violation of this easement, Grantees

shall notify Grantors, in writing, of Grantees' findings and give Grantor at least thirty (30) days in which to respond or correct said violation before initiating legal action.

4. NO TRESPASS. The grant of this agricultural buffer easement does not authorize and is not to be construed as authorizing the public or any member thereof to trespass upon or use all or any portion of the Buffer Easement Property or as granting to the public or any member thereof any tangible rights in or to the Buffer Easement Property or the right to go upon or use or utilize the Buffer Easement Property in any manner whatsoever.

5. RESERVATION OF USE. Grantors reserve the right to use the Buffer Easement Property as specified in the Restrictions of Buffer Easement Area enumerated above. Should any public jurisdictions with authority be more restrictive in their zoning and other laws, rules and regulations, they shall prevail. Grantors reserve the right to continue commercial agricultural production uses within the buffer easement property prior to conversion of the property to urban uses.

6. TRANSFER OF EASEMENT. Grantees shall not assign nor transfer this agricultural buffer easement to a third party without prior written notice to Grantor, or Grantors successor in interest, lessee, or assignee. Grantees may transfer Grantees' respective interest in the agricultural buffer easement to a third party without Grantor's permission, so long as the third party is qualified to hold easements pursuant to California Civil Code Section 815.3. Grantor shall be responsible for notifying Grantees, or any successor in interest, or assignee, of any transfer of property interest in accordance with Paragraph 7 below.

7. TRANSFER OF PROPERTY INTEREST. Grantor may transfer, encumber, and/or lease the Buffer Easement Property to any third party without Grantees' respective permission; however, the document of conveyance, lease, or encumbrance shall expressly incorporate by reference this agricultural buffer easement. Failure of Grantor to do so shall not impair the validity of this agricultural buffer easement or limit its enforceability in any way. Grantor shall notify Grantees of any transfer of ownership.

8. CONDEMNATION. In the event the Buffer Easement Property or some portion thereof during the term of this easement is sought to be condemned for public use, the easement and each and every term, condition, restriction and covenant contained herein shall terminate as of the time of filing of the complaint in condemnation as to that portion of the agricultural buffer easement property sought to be taken for public use only, but shall remain in effect relative to all other portions of the Buffer Easement Property. In the event of condemnation, no City services shall be extended beyond the Buffer Easement Property. Grantors, their successors and assigns, shall be entitled to such compensation as they would have been entitled had the Buffer Easement Property not been burdened by this easement; provided, however, that each and every stated term, condition, restriction, and covenant of this easement shall be observed by Grantors, their successors or assigns, during the pendency of such action and provided further that in the event such action is abandoned prior to the recordation of a final order of condemnation relative to the Buffer Easement Property or some portion thereof or the Buffer Easement Property or some portion thereof is not actually acquired for a public use, the Buffer Easement Property shall, at the time of such abandonment, or at the time it is determined that such property shall not be taken for public use, once again be subject to this

easement and to each and every stated purpose, term, condition, restriction and covenant of this easement.

9. AMENDMENT. This agricultural buffer easement shall not be rescinded, altered, amended, or abandoned in whole or in part as to the Buffer Easement Property or any portion thereof or as to any term, condition, restriction, or covenant of this buffer easement without the prior written consent of Grantor and Grantees or their respective Successors or Assigns.

10. ENFORCEABLE RESTRICTION. This agricultural buffer easement and each and every term, condition, restriction and covenant contained herein is intended for the benefit of the public and constitutes an enforceable restriction and shall bind Grantor and its successors and assigns and each and all of them and is intended to run with the land.

11. NO SUBORDINATION. This easement shall be the senior encumbrance on the Buffer Easement Property and shall not be subordinated.

12. INDEMNIFICATION. Grantors agree to hold Grantees harmless against, and to indemnify it for, any liability resulting from injury to persons or damage to property arising out of any act or omission with respect to the use of the Buffer Easement Property, lawful or otherwise, by Grantors, except for injury or damage proximately caused by the negligent or intentional acts of Grantees or its agents or third parties. Grantees agree to hold Grantors harmless against, and to indemnify it for, any liability resulting from injury to persons or damage to property arising out of any act or omission with respect to the use of the Buffer Easement Property, lawful or otherwise, by Grantees, except for injury or damage proximately caused by the negligent or intentional

acts of Grantors or their agents or third parties. Grantor and Grantees are not to be held responsible nor liable for the unauthorized actions of others over which Grantor and Grantees have no control.
