

Monterey County Free Libraries
Serving the County for over 100 years
with the support of the

Board of Supervisors
and
the Community

The library supports the Board's
commitment to early childhood development
and investment in the future of the County

MCFL brings services across the County but is increasingly challenged to do so effectively

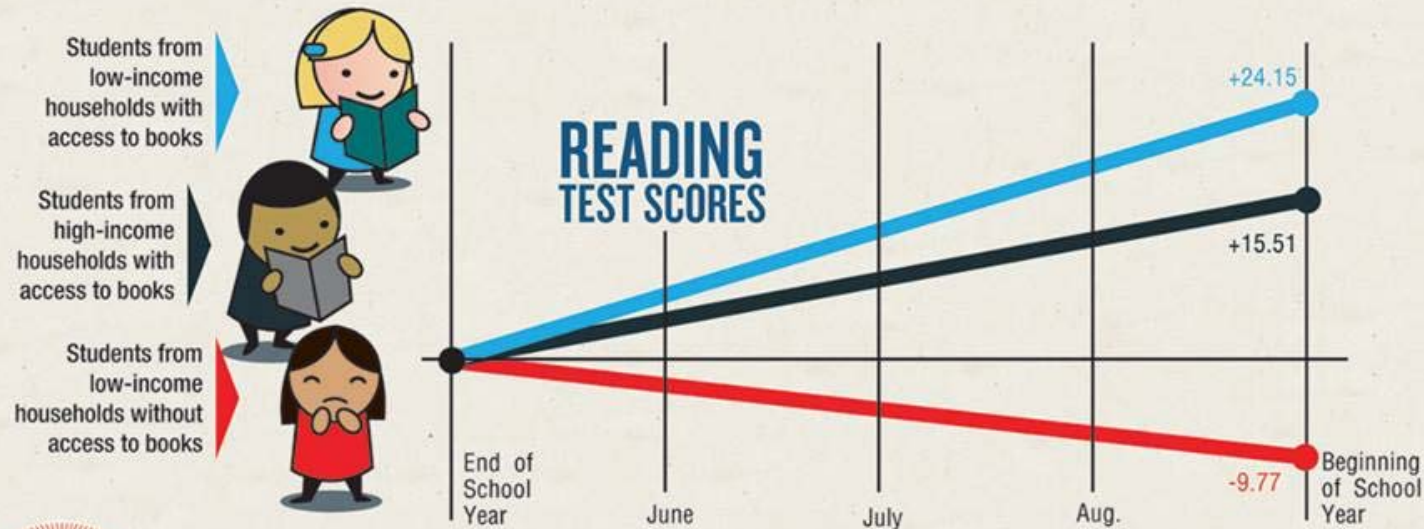

MCFL is preparing a strong and capable workforce through programs like: Homework Help, Makerspaces , Virtual Reality 3-D centers, and lending of Telescopes & Wi-Fi hotspots, . All funded primarily through grants and donations.

Our commitment to reading and literacy remain strong.

The library will be continuing to look for opportunities for additional funding by working with community partners, and applying for grants. And looking at possible stable revenue sources like sales tax measures, etc.
