RE: PROJECT APPLICATION FOR THE CAL FIRE CALIFORNIA CLIMATE INVESTMENTS (CCI) FIRE PREVENTION (FP) GRANTS

Dear Applicant:

The Department of Forestry and Fire Protection (CAL FIRE) is pleased to inform you that your application for the grant project entitled **Reducing Fuel Load to Manage Wildfire Risk at Jacks Peak County Park, Monterey, California (17-FP-BEU-0147)** has been selected for funding.

You will receive the full agreement with instructions via email by late September 2018. All documents must be returned to CAL FIRE no later than November 30, 2018. Failure to return documents by this date may result in loss of funding. It is important that you do not start on your grant project until you have received a confirmation that your grant agreement has been fully executed.

Additionally, you are required to complete the Fire Prevention Grants Grantee Worksheet for CalMAPPER Entry found on our website in the CALMAPPER section (http://calfire.ca.gov/fire_prevention/firepreventiongrants). Once completed, please provide to your CAL FIRE Unit contact found below. You may also need to provide information to CAL FIRE Fire Resource and Assessment Program (FRAP) staff so they can complete emissions calculations for your project per the required Quantification Methodology. FRAP staff will reach out to the contact named in the Agreement.

We look forward to working with you on your grant project. If you have any additional questions, please contact **Jonathan Pangburn** at **(831) 333-2600** or **Jonathan.Pangburn@fire.ca.gov**.

Sincerely,
