The Assembly and Senate both passed this bill with bi-partisan support on August 31, 2018. It is currently on the Governor's desk for signature and it is anticipated he will sign it. If adopted, the bill authorizes CalRecycle to adopt regulations for the administration of the bill's provisions, with an effective date of no later than January 1, 2021, and would authorize the state board to adopt regulations for the administration of the portions of these provisions for which it has been given responsibilities.</p> <p>SB 212 will:</p> <ul style="list-style-type: none"> • Establish comprehensive, producer-funded take-back programs to provide safe and convenient disposal options for home-generated pharmaceutical drugs and sharps waste. • Get excess drugs out of people's homes, preventing accidental poisonings and abuse, which fuel the opioid epidemic. • Protect solid waste, parks, hotel, wastewater, sanitation, and other workers, river and beach clean-up volunteers, and the public from needle stick injuries. • Preempt future local ordinances to ensure consistency and predictability for manufacturers. 10	2018.16	6/26/2018	Alejo	County Counsel/Auditor-Controller	McKee/Miller	8/28/2018	<p>Update County Travel Policy by County Counsel in coordination with the Auditor-Controller's Office.</p>	<p>Monterey County's travel policy managed by the Auditor-Controller has not been updated in many years and today, it does not compare with current market prices or organizational procedures and may exceed legal requirements. The current policy creates barriers for county staff to be able to effectively represent county business at conferences, trainings or in litigation. This policy also conflicts with another travel policy found in the Personnel Policies and Practices Resolution (PPPR). This referral seeks to update the policies to account for inconsistencies, business needs, efficiency, market prices, whether government rates are available or whether the discounted lodging rooms were secured by conference organizers, such as the California State Association of Counties. This lack in clarity in the existing policy is costing unnecessary staff time and an update would modernize our policy with current standards. The new policy should meet Federal and State law while supporting business efficiency. It is anticipated a report will be provided by November 2018 8/28/18.</p>	Pending
